

ACKNOWLEDGEMENTS

Numerous agencies and individuals were involved in the development of the 1990 and 1994 versions of this directory. The current revision of the **New York State Directory of Higher Education Services for College Students with Disabilities** was completed under the direction of two New York State Education Department Deputy Commissioners-Lawrence C. Gloeckler, Deputy Commissioner for VESID and Gerald W. Patton, Deputy Commissioner for the Office of Higher Education. Their appreciation goes to all of the SED professional and clerical staff who worked on this project, and to the professionals in the field who provided advice and updated information for the Directory. Special thanks is given to Chrystie Kenny and Kristen Strassner for their efforts in bringing this project to completion.
