Every Student Succeeds Act (ESSA)

- Consistent with the requirements outlined in the Every Student Succeeds Act (ESSA), the New York State Education Department (NYSED) has developed its online Consolidated Application to support the timely administration of ESSA-funded programs to LEAs across the state.

- The application remains streamlined to focus on the required assurances from Section 8306 of the ESSA, as well as programmatic and fiscal information that staff have determined is necessary to properly administer each program.

- The on-line platform dramatically improves NYSED’s capacity to collect and analyze district-provided data in a timely manner, and then utilize that data to provide targeted support to LEAs as part of shared continuous improvement efforts.

Title I - Distribution of Funds to Schools

- Information provided in earlier sections of the Title I portion of the application is used to determine the After Reserve per pupil amount. This figure may be used when allocating funds to individual schools within an LEA.

- In addition, for an LEA serving one or more attendance areas with a poverty rate less than 35%, an adjusted per pupil amount has been provided.
Title I - Distribution of Funds to Schools

- The application will auto-populate each school within an LEA. Applicants are asked to provide information for ALL schools, including the Title I status (Non-Title I, Targeted Assistance, or School-Wide Program).

- As school allocations are provided, the final chart of this section will show applicants the remaining balance to indicate that all funds have been assigned.

In the chart below, please provide the requested information for **ALL PUBLIC SCHOOLS** in the LEA individually, regardless of Title I status. If no funds are allocated to a school, please indicate this with a response of "0".
Title I - Distribution of Funds to Schools

- The Title I Fiscal Information section of the application includes a series of drop-down and/or short response questions designed to elicit information specific to the LEA/charter school and the method(s) used to distribute its Title I funds.
For some LEAs, a portion of Title I, Part A funds were generated to support *Neglected* facilities located within the district's boundaries.

If this is the case, the applicant should provide information for each facility, including a completed affirmation of consultation form.

In addition, LEAs should indicate whether formal agreements exist between the district and each of the facilities.

(Please Note - If an LEA has no *Neglected* facilities within its boundaries, please skip these questions and click on "Save" or "Save & Continue")
