APPR Plan - Variance

James Franchini, Superintendent
Averill Park Central School District
146 Gettle Rd. ST 1
Averill Park, NY 12018

Dear Superintendent Franchini:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.

Annual Professional Performance Review Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's APPR plan during the approved term of the variance. **In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.**

Variance Application Timeline

Variance applications must be submitted to the Department by **December 1 of a school year** to be implemented in that school year.

Failure to submit a variance application using this form by the December 1 deadline will result in the LEA's implementing the procedures described in its currently approved Education Law §3012-d APPR plan for that school year.

Rating and Scoring of the Teacher Practice Rubric

Please describe the process for rating and scoring the chosen practice rubric.

Prior to APPR becoming law, our school district was utilizing the Danielson rubric for the purposes of improving teacher instruction. Needless to say, the district is very comfortable with using this tool as a method of supporting effective pedagogy and practice. However, in light of the different models that we are currently using and could potentially use throughout the school year, the rubric, in its entirety does not represent teaching and learning in this school year.

As a result, we would propose using the same rubric but with only a focus on nine components instead of the usual 24. Using a recent publication from the Danielson Group, we would propose the following components be used as they best represent the various models we currently utilize (in-person, hybrid and 100% virtual): 1b, 1e, 2a, 2c, 3b, 3c, 3d, 4a and 4c.

Additionally, we would be scoring holistically at the domain level. The components listed above will be rated and will be used to create the score at the domain level. For example, if a teacher receives a rating of Effective for component 3b and Highly Effective for components 3c and 3d, that teachers would be scored holistically as Highly Effective (4 points) for Domain 3. We want the focus of the evaluation to be on the rating of each of the components, not the score. To help ensure that, we would only be scoring, using the HEDI scale at each of the four domains.

Weighting of the Domains/Subcomponents of the Teacher Practice Rubric

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric.

In scoring at the domain level (see above), we would be weighting each domain as follows: The score at Domain 1 and 4 would count once while the score in Domains 2 and 3 would count twice.

Variance Details*Please read the questions below and answer each prompt in a concise manner.***Rationale****Please provide a rationale for this variance request.****> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.**

Like most schools in NYS, the current pandemic is a challenge for our district in many facets of our operations. Coupled with that was a budget reduction that forced us to reduce staffing for the current school year. As a result, the current process that our APPR plan uses would definitely add a strain to our district in a number of ways.

By reducing the number of required observations, we are giving our teachers and administrators probably the single most valuable asset of the 2020-21 school year back to them--time. More than ever, teachers are valuing the time that have available within the school day to allow them to prepare for models of instruction that continue to be new to them. The unknown when they instruct on a day to day basis is causing high levels of anxiety and stress. Giving them time back, no matter the amount, is signaling to them that we understand and are sympathetic to their anxieties. Not having to attend pre-observation meetings is a small way to provide additional time to the teachers.

We also feel with the reduction of the unannounced observation, we will be better equipped to handle the uncertainties of this school year. We don't know for sure what model of instruction we will be in at different points in the school year. Unannounced observations consequently provide many challenges. In most cases, our classrooms are not equipped to handle additional adults in the room while maintaining social distancing. While this can be pre-arranged with the teacher for an announced observation, it is far more difficult and stress-inducing when an administrator shows up on the door step. Additionally, our teachers that teach students that are 100% virtual offer little opportunity for unannounced observations because there is no simple way for an administrator to join a virtual class without the teacher knowing they are coming.

Finally, because of budget constraints, we were forced to eliminate one administrator from our staff this year. This has caused the observations that were done by that person to be absorbed by the team. In a normal year, we would divide this up and get the job done. This year, with all of the other responsibilities and arrival of new issues previously not seen in schools, the burden of that additional work is even greater. Alleviating unannounced observations from their task list would allow them to focus on the "new normals" they are all experiencing.

We feel confident that even without the independent evaluator unannounced observation, our process will continue to be effective through the use of the announced observation. That observation covers every component that is being observed by the independent evaluator already and includes a more thorough observation in terms of time spent in the classroom (60 minutes for 20-30 minutes) and depth (use of a post-observation conference not required in the unannounced).

Standards and Procedures

Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.

> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.

> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.

The uncertainty surrounding our current school year has forced us to scrutinize all that we are doing in our schools and classrooms. The APPR process that we are currently approved to deliver is not immune to this examination. The district continues to feel that the APPR process still provides us with an opportunity every year to have important conversations with our teaching staff about the effectiveness of their classroom instruction. However, our model of instruction has changed this year, and we feel it would be prudent to be more responsive to these changes using a revised procedure. While we don't propose any changes to the student performance portion of our APPR plan, we do feel that we need to revise our teacher observation category.

Our plan would be to continue to use the same rubric (Danielson 2013) we have been using, but to pare it down to make it more relevant for the models of teaching we are currently employing throughout the district. We have reviewed the 24 components in the rubric and using a recently released guide from the Danielson Group, have decided on 9 components that are suitable for any model of instruction that we may be using throughout our current school year. In paring the list from 24 to 9, we would also then be scoring at the domain level and not the component level of the rubric.

Additionally, we feel that the uncertain nature of our classroom instruction makes the announced observation more critical than ever. We have the ability this year, with the revised rubric, to really zero in on the effective instructional practices whether they are being used in a remote, hybrid or in-person model. The inconsistencies with space, location, time and model make the use of an unannounced observation less effective and therefore we are seeking to remove that as a requirement in our variance. Although we won't be using the independent evaluator in our observation for tenured teachers by removing the unannounced observation, we do expect to still be able to identify the strengths and weaknesses of our instructional practices because every component observed by the independent evaluator is also observed by the administrator in the announced observation. However, probationary teachers will be observed by the independent evaluator. While this will be unscored, it will be essential for providing additional feedback for our newest faculty. There is no component that will be left unobserved as a result of this variance.

Prior to starting the APPR process, we will be reviewing the nine components with every lead evaluator in the district to ensure there is consistency in how we are observing these components in the classroom regardless of the instructional model. We will be discussing the elements that support each component, how the teachers should be prioritizing their time to meet these elements and what strategies they can use in the classroom to provide effective instruction.

Rigor

Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.

> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.

> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.

By narrowing our focus within an observation to nine components, there will be a stronger focus on those aspects of instruction that are keenly attached to the various models of instruction we are using in our district. With a mix of in-person, hybrid and virtual all taking place simultaneously, there is much in our existing rubric that would have been inequitable for teachers to be evaluated on. We are confident that the nine we have chosen gives all teachers the same opportunity to demonstrate their effectiveness. Specifically, we have chosen to focus on nine components built around these three themes

- Knowing and Valuing Your Students
- Building Responsive Learning Environments
- Engaging Students in Learning

While the priorities and strategies that encompass the components that fall within each of these themes is geared towards learning models that presume some or all students not being taught in-person, we feel that these strategies are grounded in what makes up high-quality teaching regardless of the learning model.

We also anticipate that the time spent in the classroom (at least 60 minutes as per normal district practice under current plan) coupled with a highly-focused post-observation conference will allow for a rigorous process that will provide teachers and evaluators equal opportunities to share what made the lesson successful and highlight areas in need of improvement. Though it is only one observation, there should be no loss of rigor in how we are able to determine the effectiveness of our teaching practices. Areas of need as determined by the single observation will be discussed in the post-observation conference. Additionally, our more inexperienced non-tenured teaching staff will be observed twice to ensure that areas of growth are identified and confirmed by multiple observers. Through conversations between evaluators, use of prior year observation notes, and evaluator professional learning, we can expect our process to be able to identify and support teachers that may be struggling with effective instruction.

In general, we expect that our process will continue to provide a strong picture of our teachers instructional effectiveness. Through the use of a well-defined rubric, enhanced focus questions on their preparation and practice and meaningful dialogue with their administrators in a post-observation conference, we should continue to identify the strengths and needs of our teachers.

Professional Learning

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

> This description may include, but is not limited to, methodologies and procedures for:

- collecting information about educator effectiveness to inform professional learning,
- specific details regarding both the type(s) and extent of professional learning opportunities anticipated,
- processes for delivery of personalized learning opportunities, and
- use of data to measure the efficacy of such professional learning.

As stated above, we are focusing our evaluations around three themes that the nine components fit into. Even before considering this variance, we had taken steps to address these themes through mandatory professional learning. Every teacher participated in three workshops this summer that correlate to each of the themes: Social-Emotional Learning for our Remote and Hybrid Students; Instructional Design for the Hybrid and Remote Models; Feedback and Formative Assessment Using Digital Tools. These three workshops set the stage for preparing our teachers for the type of instruction they would be encountering upon their return to the classroom this fall. Coincidentally, they also support the three themes being addressed in this variance.

We anticipate being able to use the results from our early observations to begin identifying teachers that can become spotlights for strategies and pedagogical practice that support highly effective instruction. Our hope is to use those identified teachers at faculty meetings and workshops to highlight best practices that are occurring throughout the district. Additionally, using StaffTrac, our evaluation system, we should be able to identify trends among the evaluated components to determine which areas might require additional support through professional learning. Typically, as is the case in any year, a year-end review of trends in teacher evaluations should allow us to highlight areas across the district that demand more support in terms of professional learning. Areas of identification are flagged for inclusion in the district's annual professional development plan that is developed by a district-wide committee that identifies and supports professional development goals, objectives and action steps for the following year.

Effectiveness of Implementation

Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.

> This description may include, but is not limited to, processes and procedures for:

- collection and analysis of both short- and long-term data,
- the standard(s) used to measure the effectiveness of implementation, and
- how results will be used to inform future implementation.

Although this is only projected to be a one-year variance, we will follow the same procedures that we have always done with APPR in looking at the effectiveness of our implementation. We will utilize StaffTrac to collect all of our observation data and review with our administrative team to ensure that the implementation was effective, consistent and fair. We would like to see that the components being measured during this year of uncertainty were the correct ones to be used. Additionally, it will be critical to look at the nine components and have a larger discussion about their importance in instruction during "normal" times. The district envisions having formal and informal conversations among the administrative team to determine the effectiveness of this variance to our plan. These discussions will include a review of the components observed to ensure they capture the spirit of what we felt we witnessed in our classrooms. Additionally, we want to ensure that the comments raised in observation notes match the professional learning that is developed from our evaluation data. Finally, this discussion could become a spark for potential changes to our existing APPR plan, which is due to be negotiated and modified.

We believe strongly in the importance of the teacher observation portion of APPR. The conversations that an administrator can have with a teacher about instruction has the potential to be a strong influence on teacher improvement. It's a reflection of an understanding that the district has that teachers are working in very unique, unfamiliar environments that requires mountains of time and effort to be successful.

Category and Overall Ratings

For guidance on APPR scoring, see NYSED APPR Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

These requirements must be met through either the LEA's current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Revised

Dr. James Hoffman, Superintendent
Averill Park Central School District
146 Gettle Rd. ST 1
Averill Park, NY 12018

Dear Superintendent Hoffman:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

A handwritten signature in black ink that reads "MaryEllen Elia". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

NOTE:

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Annual Professional Performance Review - Education Law §3012-d

Task 1. School District Information - Tasks 1.1, 1.2

Page Last Modified: 06/17/2016

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances**Please check all of the boxes below**

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)

Page Last Modified: 06/17/2016

Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

STUDENT LEARNING OBJECTIVES: Courses without State Assessments or Regents Exams

For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

SLOs shall be used for the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

- District-determined assessments from list of State-approved 3rd party assessments; or
- State-approved district, regionally or BOCES-developed course-specific assessments; or
- School- or program-wide, group, team, or linked results; or
- District- or BOCES-wide results

Fill in the following, as applicable, for all other teachers in additional grades/subjects that have SLOs (you may combine into one course listing any groups of teachers for whom the measure and assessment(s) are the same including, for example, "All courses not named above"):

- **Column 1:** lowest grade that corresponds to the course
- **Column 2:** highest grade that corresponds to the course
- **Column 3:** subject of the course
- **Column 4:** measure used
- **Columns 5-6:** assessment(s) used

Follow the examples below to list other courses.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

Please check the boxes below.

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 2. Transition Student Performance - Required (Teachers) - Task 2 Alternate SLOs

Page Last Modified: 06/17/2016

Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses.

4.2) Assurances**Please check all of the boxes below.**

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/SubcomponentsFor guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.**Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).**

All observable subcomponents for the Danielson Rubric will be weighted equally and averaged. A 1-4 rating will be used for each subcomponent.

4.4) Calculating Observation Ratings**Assurances****Please check the boxes below.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please check the box below in the event that your district/BOCES is granted an annual Independent Evaluator Hardship Waiver by the Department.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 06/17/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Appeals Procedures For Teachers

The purpose of the APPR appeal process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. All tenured employees who meet the appeal process criteria identified below may use this appeal process. A teacher may not file multiple appeals regarding the same performance review or TIP. All grounds for appeal must be raised within one appeal, provided that the teacher knew or could have reasonably known the ground(s) existed at the time the appeal was initiated, in which instance a further appeal may be filed but only based upon such previously unknown ground(s).

Subject to Appeal Procedure

Any tenured unit member wishing to appeal an APPR rating of "ineffective" may challenge that APPR.

In accordance with Education Law §3012-d, an APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law §3020-a and §3020-b proceeding, or any locally negotiated procedure, until the appeal process is concluded.

Grounds for an Appeal

An appeal may be filed challenging the APPR based upon one or more of the following grounds:

1. The substance of the Annual Professional Performance Review;
2. The district's failure to adhere to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law §3012-d, regulations set by the Commissioner of Education, or any locally negotiated procedures.

Notification of the Appeal

In order to be timely, the notification of the APPR appeal shall be filed, in writing, within 15 school days after the teacher has received the APPR.

Notification of the appeal shall be provided to the superintendent of schools or his designee.

Decisions on Appeal

Step 1 – Conference with the supervising administrator.

The bargaining unit member shall upon request be entitled to an Association representative being present. The conference shall be an informal meeting wherein the authoring administrator and the employee are able to discuss the evaluation and the areas of dispute. Any documents or written materials that are specific to this appeal, which have not been previously shared, will be made available three (3) schooldays before this conference. The supervising administrator shall render a written decision within (3) school days of the informal conference. If the bargaining unit member is not satisfied with the outcome, he/she may proceed to the second step. The second step shall be initiated by the unit member notifying the Superintendent in writing, within five (5) school days of the receipt of the step 1 decision.

Step 2 – APPR Review Committee

The Committee make up shall be:

1. One tenured administrator, certified to conduct evaluations, appointed by the Superintendent or his/her designee. The administrator appointed shall not be the administrator who authored the evaluation.
2. One tenured teacher appointed by the President of the Association or his/her designee who may not be the appealing teacher.

The committee shall reach its finding within ten (10) school days using the consensus model. If consensus is not reached, the Committee shall write up the opposing viewpoints and submit the opposing viewpoints to the supervising administrator, the employee, the Association President, and the Superintendent. When consensus is not reached, or if the bargaining unit member is not satisfied with the outcome, he/she may proceed to the third step. The third step shall be initiated by the unit member notifying the Superintendent in writing, within five (5) school days of receipt of the Review Committee's written summary.

Step 3 - Labor-Management Panel

Appeals shall be decided in a final and binding manner, by a three member labor-management panel consisting of one representative designated by the association president or his designee, one member designated by the superintendent of schools or his designee and a third member from a pre-established list. The third panel member shall be determined by rotation from the pre-established list of 20 panelists. The pre-established list shall be formed by joint agreement of the Association and the school district. Such list shall be approved by the Association and the School District by September 1 of each year.

The selection of the panel shall be completed within (5) school days. The panel shall meet within (10) school days. The panel shall have its determination within (10) school days of its meeting to discuss and determine the appeal.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the appeal. The Labor-Management Panel shall have the authority to modify or affirm the rating.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The District will ensure that all Lead Evaluators/Evaluators/Independent Evaluators are properly trained and certified to complete an individual's performance review.

Evaluator training will occur regionally in cooperation with Questar III BOCES for a minimum of two hours per year. Training will be conducted by Questar personnel. The Board of Education will certify evaluators upon receipt of proper documentation that the individual has fully completed training.

Evaluators will be recertified on a periodic basis, to be determined by the District.

The District maintains a process for inter-rater reliability in accordance with NYSED guidances and protocols recommended in training for evaluators. These protocols include: data analysis; periodic comparisons of assessments; and calibration sessions across evaluators.

This training for Evaluators will include the elements consistent with the requirements of Regents Rules 30-3.10.

All professional staff subject to the district's APPR will be provided with an orientation and/or training on the evaluation system that will include: a review of the content and use of the evaluation system and the district's teacher practice rubric; all APPR forms; and the procedures to be followed consistent with the approved APPR plan. All training for current staff will be conducted prior to the implementation of the APPR process. Training for newly hired staff will be conducted and completed prior to the first observation.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below.

Please check all of the boxes below.

- ☒ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.

Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)

Page Last Modified: 06/17/2016

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- **Column 1: lowest grade** that corresponds to the building or program
- **Column 2: highest grade** that corresponds to the building or program
- **Column 3: assessment(s) used**

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) assessment(s)
Grades K-6 Building	K	6	NYS Grade 4 ELA, NYS Grade 5 ELA, NYS Grade 6 ELA, NYS Grade 4 Math, NYS Grade 5 Math, NYS Grade 6 Math
Grades 7-12 Building	7	12	All applicable Regents assessments which are used to generate the principal's State-provided growth score

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the

7.1) Assurances

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances

Please check all of the boxes below.

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

Page Last Modified: 06/17/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Appeal Process***Ratings That May Be Appealed***

Appeals of annual professional performance reviews may be brought for rating at the ineffective category, for tenured principals only.

Challenges in an appeal

Appeals are limited by Education Law §3012-d, as follows:

1. The substance of the annual professional performance review;
2. The school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews;
3. The adherence to the Commissioner's regulations, as applicable to such reviews;
4. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
5. The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan.

Prohibition against more than one appeal

A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

Burden of proof

The burden shall be on the employee to establish by the preponderance of the evidence that the rating given to the appellant was unjustified.

Time Frame for filing appeal

All appeals must be filed in writing to the Superintendent no later than 30 calendar days of the date when the principal receives their final and complete annual professional performance review. The act of mailing the appeal shall constitute filing.

If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with 15 days of issuance of such plan.

Receipt shall mean personal receipt of a final and full APPR document. An extension of the time in which to appeal the final APPR document or the principal improvement plan may be granted by the Superintendent upon written request, which shall not be unreasonably withheld.

The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Any additional documents or materials relevant to the appeal must be provided by the district upon written request for same. Negative inferences may be drawn from the failure of the district to provide the requested documents. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

Time frame for district response

Within 15 calendar days of receipt of an appeal, the Superintendent must submit a detailed written response to the appeal. The response must include all additional documents or written materials relevant to the point(s) of disagreement that support the district's response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the school district and all additional information submitted with the response, at the same time the school district files its response.

Decision-maker on appeal

A decision shall be rendered by an individual hearing officer chosen from the list of hearing officers approved mutually by the district and bargaining unit representing the principals. (*list to be provided by BOCES superintendent*) The hearing officer will be chosen within ten (10) calendar days.

The parties agree that:

1. The hearing officer shall hear appeals in a timely manner after the appeal is made, but in no event shall it be less than five (5) days or more than fifteen (15) calendar days after the hearing officer is selected.
2. The hearing shall be conducted in no more than one business day unless extenuating circumstances are present and the hearing officer agrees to a second day.
3. The parties shall have the ability to be represented by either legal counsel, union representative, or appear pro se;
4. The parties shall exchange documentary evidence and an anticipated witness list no less than five (5) business days before the scheduled hearing date;
5. The principal shall have the opportunity to present his/her case which may include the presentation of witnesses and/or affidavits in lieu of testimony, then the school district may refute the presentation, if the school district does present a case, the principal will have the right to present a rebuttal case.

Decision

A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the close of the hearing. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district

or BOCES' response to the appeal and additional documentary evidence submitted with such papers. Such decision shall be a final administrative decision.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained, the reviewer may set aside or modify a rating. A copy of the decision shall be provided to the principal and the district or BOCES representative.

Exclusivity of Section 3012-d Appeal Procedure

The 3012-d appeal procedure shall constitute the means for initiating, reviewing and resolving any and all challenges to a principal performance review and/or improvement plan. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.

OTHER

1. The district and bargaining unit agree that the BOCES superintendent will provide a list of hearing officers.
2. Appeals shall be assigned to hearing officers on a rotational basis.
3. The district and unit agree that hearing officers shall be paid no more than the BOCES current daily rate for hearing officers for the hearing date, analysis of documents, and production of the decision. This cost shall be the responsibility of the district.
4. An evaluation shall not be placed in a principal's personnel file until either the expiration of the thirty (30) day period in which to file an notice of appeal without action being taken by the principal or the conclusion of the appeal process described herein, whichever is later.

TEACHER IMPROVEMENT PLAN

Upon a rating of “developing” or “ineffective” through an annual professional performance review, the school district must develop and commence implementation of a teacher improvement plan (TIP) for such teacher.

Each plan shall be in place no later than ten (10) school days after teachers are required to report to the district the next school year.

An improvement plan defines specific standards-based goals that a teacher must make progress towards attaining within a specific time period, such as a 12-month period. The plan should include the identification of areas that need improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed (evidence), and, where appropriate, differentiated activities/resources to support improvement in these areas.

The plan should clearly describe the professional learning activities that the educator must complete. Ideally, this plan should be developed collaboratively with the teacher and the supervisor. The activities should be directly connected to the areas needing improvement. The artifacts that the teacher must produce that can serve as benchmarks of their improvement and as evidence of their improvement plan should be described, and could include items such as lessons, student work or unit plans. The supervisor must clearly state in the plan the additional support and assistance that the educator will receive. In the final stage of the improvement plan, the teacher should meet with his or her supervisor to review the plan alongside any artifacts and evidence from evaluations in order to provide a final, summative rating for the teacher.

AVERILL PARK TEACHER IMPROVEMENT PLAN OUTLINE

1. Upon receiving a rating of “ineffective” or “developing”, a teacher shall be provided with a TIP.
2. Each plan shall be in place as soon as practicable, but in no case later than ten (10) school days after the date on which teachers are required to report to the district for opening day of the school year.
3. The parties involved understand that the purpose of the TIP is the improvement of teaching practice and that it is not a disciplinary action.
4. Following the Teacher Improvement Plan Worksheet, the TIP shall clearly specify:
 - ☒ the area(s) in need of improvement
 - ☒ the performance goals, expectations, benchmarks, standards and timelines the teacher must meet in order to achieve an effective rating
 - ☒ how improvement will be measured and monitored, and provide for periodic reviews of progress
 - ☒ the appropriate differentiated professional development opportunities, materials, resources and supports the District will make available to assist the teacher including, where appropriate, the assignment of a mentor teacher
5. After the TIP is in place, the teacher, administrator, mentor (if assigned) and Association representative (if requested by the teacher) shall meet according to the schedule identified in the TIP, to assess the appropriateness and effectiveness of the TIP, for the purpose of assisting the teacher to achieve the goals set forth in the plan. Based on the outcome of such assessment, the TIP will be modified accordingly.
