Educator Evaluation Plan - Variance

Kenneth Slentz, Superintendent
Ballston Spa Central School District
70 Malta Ave.
Ballston Spa, NY 12020

Dear Superintendent Slentz:

Congratulations. I am pleased to inform you that your educator evaluation plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

NOTE:

Only documents that are incorporated by reference in your educator evaluation plan variance application have been reviewed and are considered as part of your approved educator evaluation plan variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your educator evaluation variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA’s evaluation system and differentiation among educators within each subcomponent and category of the evaluation system.

Your variance is approved for the 2021-22 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current plan as approved by the Commissioner.
**Educator Evaluation COVID-19 Variance (Education Law 3012-d)**

For guidance related to the Educator Evaluation variance, see NYSED Educator Evaluation Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Educator Evaluation plan requirements, while complying with the requirements of Education Law §3012-d.

This streamlined form is provided for a variance related only to the ongoing COVID crisis. Districts seeking approval of a variance for a “New and Innovative” Educator Evaluation plan should contact APPRVariance@nysed.gov.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA’s currently approved Educator Evaluation plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA’s Educator Evaluation plan during the approved term of the variance. In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d Educator Evaluation plan, the provisions of the approved variance will apply during the approved term of the variance.

**Variance Application Timeline**

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

**Variance Assurances**

Please check all of the boxes below

- Assure that the contents of this form are in compliance with Education Law Section 3012-d.
- Assure that a detailed version of the LEA’s variance is kept on file and that a copy of such variance will be provided to the Department upon request for review of compliance with Education Law Section 3012-d.
- Assure that this variance will be posted on the LEA's website, in addition to its current full Educator Evaluation plan, no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.
- Assure that it is understood that this LEA's variance will be posted in its entirety on the NYSED website following approval.

**Teacher Variance**

Please check the appropriate box below.

- Assure that any task not included in the following variance request(s) for teachers will be carried out in the manner described in the currently approved Educator Evaluation plan.

**Principal Variance**

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluation. Therefore, when completing a variance request for the evaluation of principals, the processes identified must be aligned to such requirements.

Please check the appropriate box below.

- Assure that any requested variance for principal evaluation is aligned to the requirements for teacher evaluation provided in Education Law Section 3012-d and that any task not included in the following variance request(s) for principals will be carried out in the manner described in the currently approved Educator Evaluation plan.
Required Student Performance Subcomponent

For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Education Law §3012-d requires that each teacher have a Student Learning Objective (SLO) consistent with a goal-setting process based on appropriate growth targets. The process must include, at a minimum, the following elements:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components),
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance),
- A method for converting student results to a score on a scale from 0-20,
- A scale for conversion of the score of 0 to 20 to a HEDI rating.

This requirement must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Request

LEAs may use this variance application to develop an SLO process for a teacher or group of teachers that differs from the process described in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.

Please make the appropriate selection below.

Measures of Student Growth

Describe the measure(s) that will be used to evaluate teachers for the required student performance subcomponent (e.g., the SLO goal setting process; SLO components).

The District will utilize a district wide measure which consists of the passing score of 65 on all Regents exams offered in the District. Once a total percentage of students meeting 65 is determined from those exams, that percentage will be viewed against the HEDI table to determine teacher scores.

Measures Assurance

Please check the box below.

☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
Evidence of Student Learning

Please identify any evidence of student learning to be used. A description of how growth will be measured through various forms of assessment should be included in the last section of this variance request.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.
> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the required student performance variance request.

The pandemic restrictions on school our school district which started in the 2019-2020 school year persisted and worsened during the 2020-21 school year where we were forced to reduce instructional and instructional support staff and where approximately 25% of our elementary students and 30% of our secondary students selected remote learning as their primary mode for receiving instruction despite the fact that not all of these students would log on or in some cases could log on each day for instruction. In addition to the loss of staff, significant restrictions on social distancing, masking, quarantines, and occasional closures of classrooms and/or buildings presented multiple challenges and disruptions to our day-to-day instruction and evaluations of student performance, particularly for students in K-8 who were utilizing iReady where testing procedures including testing windows were significantly impacted. During the 2021-22 School Year, many of these steps had to be continued, including realignment of staff, significant social distancing, masking requirements, quarantines, testing limitations, minimizing visitors to buildings and classrooms, and occasional delays and closures. Continuing the model for the 2021-2022 school year by utilizing all Regents exams which can be administered in as safe an environment as possible under the pandemic will allow the District to generate a student performance score for all educators, while helping to maintain the safety of students and staff.

Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures of student growth and/or evidence of student learning that will be used to evaluate educators.

The District will use a District-wide measure based on scores from all Regents assessments administered. The District will use the scores from all students who took all Regents assessments to determine the percentage of students who achieve a 65. Based on that percentage, a HEDI score will be determined based on the mandated HEDI scale.

Use of the Optional Student Performance Subcomponent & Weighting
Please indicate if the Optional subcomponent will be used in the process included in this variance request by making the appropriate selection below.

☐ The optional subcomponent is not included in this variance; the required subcomponent will comprise 100% of the Student Performance category.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.
> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.

Adjustments in the organization due to COVID have altered teaching, administrative responsibilities and school systems and structures. Reducing the number of observations for all teachers would allow principals and instructional leaders more time in focused conversations and support around new teaching and learning environments. Instructional leaders will reallocate time to support all staff as they navigate the challenges of teaching during COVID. Teachers utilizing new methodologies for teaching as well as our new curriculum models need the non-evaluative environment in which to take risks and reflect on successes and challenges. This, in turn, lessens the pressure on teachers, lessens the COVID-related anxieties related to adults coming in and out of our classrooms, and increases the possibility of effective conversations for instructional improvement. As a result, we are confident that even with the removal of an unannounced observation for teachers that we will maintain if not improve our ability to provide effective feedback and see associated teacher growth.

Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.

The reduction of one observation will allow for a more structured focus on key instructional strategies and will provide a balance for teachers and administrators alike while also making for a more meaningful process. That is, the District is not seeking a hardship waiver to simply eliminate an observation, but is instead seeking a variance to improve practice in the context of the COVID-19 restrictions. Under the proposed process, teachers will be observed using the Danielson 2013 Rubric. Each element will then be weighted equally and averaged based upon a 1-4 scale and calculated for a final score using the ranges from our approved plan (H = 3.5 - 4.0, E = 2.5 - 3.49, D = 1.5 - 2.49, and I = 0 - 1.49). To maintain the integrity of the APPR process, should a teacher receive a score of ineffective or developing an additional observation is required regardless of probationary or tenure status.

Observation Assurances
Please check each of the boxes below as applicable to all teachers included in this teacher observation variance request.
- Assure that the process for assigning points for the Teacher Observation category will be consistent with the process described in the LEA's approved Educator Evaluation plan and/or this variance application and in compliance with Education Law Section 3012-d.
- Assure that once all observations are complete, the process for determining an overall Teacher Observation category score and rating will incorporate the evidence collected across all observations to produce an overall Teacher Observation category rating on a HEDI scale.
- Assure that it is possible for a teacher to obtain any number of points in the applicable scoring ranges, including zero, in each subcomponent.
Category and Overall Ratings
For guidance on Educator Evaluation scoring, see NYSED Educator Evaluation Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

These requirements must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Request
LEAs may use this variance application to define the HEDI ranges for the Student Performance and/or Teacher Observation category that is different than those included in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.

Please make the appropriate selection below.
- A variance is not requested for category ratings for teachers.
Additional Requirements for Teachers

For more information on the additional requirements for teachers, see NYSED Educator Evaluation Guidance.

Education Law §3012-d requires that a complete Educator Evaluation plan must include a process for teacher improvement plans, appeals, and evaluator training as determined by the Commissioner. The following minimum requirements under Education Law §3012-d are applicable to teachers:

- A form for development of a Teacher Improvement Plan,
- A timely and expeditious process for resolving educator’s appeals of Evaluation ratings,
- A process for training all evaluators of applicable educators.

These requirements must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Request

LEAs may use this variance application to develop a process for Teacher Improvement Plans, appeals and/or training in a manner that differs from the process described in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.

Choose the appropriate response below.

- A variance is not requested for teacher improvement plans, appeals, or training.
- The details of the variance request applicable to teacher improvement plans, appeals, and/or training is described in the subsequent section.
Required Student Performance Subcomponent

For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluations, including the required student performance subcomponent. Therefore, the required student performance subcomponent variance request for principals must be aligned to the teacher evaluation requirements.

This requirement must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Request

LEAs may use this variance application to develop a process to demonstrate student growth based on principal practice for a principal or group of principals that differs from the process described in the Commissioner’s regulations.

Any principals not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.

Choose the appropriate response below.

- [ ] A variance is not requested for the required student performance subcomponent for principals.
- [x] The details of the variance request for the required student performance subcomponent for principals is described in the subsequent section.

Measures of Student Growth

Describe the measure(s) that will be used to evaluate principals for the required student performance subcomponent (e.g., goal setting process; demonstration of student growth).

The District will utilize a district wide measure which consists of the passing score of 65 on all Regents exams offered in the District. Once a total percentage of students meeting 65 is determined from those exams, that percentage will be viewed against the HEDI table to determine teacher scores.

Measures Assurance

Please check the box below.

☐ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
Evidence of Student Learning

Please identify any evidence of student learning to be used. A description of how growth will be measured through various forms of assessment should be included in the last section of this variance request.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.
> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the required student performance variance request.

The pandemic restrictions on school our school district which started in the 2019-2020 school year persisted and worsened during the 2020-21 school year where we were forced to reduce instructional and instructional support staff and where approximately 25% of our elementary students and 30% of our secondary students selected remote learning as their primary mode for receiving instruction despite the fact that not all of these students would log on or in some cases could log on each day for instruction. In addition to the loss of staff, significant restrictions on social distancing, masking, quarantines, and occasional closures of classrooms and/or buildings presented multiple challenges and disruptions to our day-to-day instruction and evaluations of student performance, particularly for students in K-8 who were utilizing iReady where testing procedures including testing windows were significantly impacted. Moving to a model utilizing all Regents exams which can be administered in as safe an environment as possible under the pandemic will allow the District to generate a student performance score.

Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures of student growth and/or evidence of student learning that will be used to evaluate educators.

The District will use a District-wide measure for all principals based on scores from all Regents assessments administered. The District will use the scores from all students who took all Regents assessments to determine the percentage of students who achieve a 65. Based on that percentage, a HEDI score will be determined based on the required HEDI scale.

Ballston Spa, NY 12020

Dear Superintendent Dragone:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner’s Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia  
Commissioner

NOTE:
Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.
Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances

Please check all of the boxes below

☑️ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

☑️ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

☑️ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.

☑️ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

First-time submission under Education Law §3012-d
Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

☑ Assure that the growth score provided by NYSED will be used, where required.
☑ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
☑ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
☑ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.9) Regents Global Studies 1: Measure and Assessment(s) (Original)

Note: Additional high school social studies courses may be included in the “All Other Courses” section of this form (Task 2.10).

STUDENT LEARNING OBJECTIVES: Courses without State Assessments or Regents Exams

For guidance on SLOs, see NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

SLOs shall be used for the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

- District-determined assessments from list of State-approved 3rd party assessments; or
- State-approved district, regionally or BOCES-developed course-specific assessments; or
- School- or program-wide, group, team, or linked results; or

2.11) HEDI Scoring Bands

| Highly Effective | Effective | Developing | Ineffective |
|------------------|-----------|------------|-------------|-------------|
2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

Please check the boxes below.

☑ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
☑ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
☑ Assure that all growth targets are approved by the superintendent or another trained administrator.
☑ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
☑ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
☑ Assure that processes are in place for the superintendent to monitor SLOs.
☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

For guidance on the use of alternate SLOs during the transition period, see: https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 3) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

**4.2) Assurances**

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

**4.3) Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Teacher Observation category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.
Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

4.4) Calculating Observation Ratings

**Assurances**
Please check the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.

- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.
**Please also check the boxes below.**

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.

- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

4.5) Teacher Observation Subcomponent Weighting

Required Subcomponents:
- Observations by Principal(s) or Other Trained Administrators: At least 80% of the Teacher Observation category score
- Observations by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent:
- Observations by Trained Peer Observer(s): No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

* If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.

Please indicate the weighting of each subcomponent and be sure the total of the weights indicated equals 100%.

4.6) Assurances

Please check all of the boxes below.

☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.

☑ Assure that, if observations are being conducted by trained peer observer(s), these teacher(s) received an overall rating of Effective or Highly Effective in the previous school year.

☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness.

☑ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.

☑ Assure that independent evaluator(s) will be trained and selected by the district/BOCES.

☑ Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.

☑ Assure that at least one of the required observations will be unannounced.

5.3) Assurances

Please check all of the boxes below.

☑ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.

☑ Assure that it is possible to obtain a zero in each subcomponent.

☑ Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.

☑ Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same school district who have received Ineffective ratings under Education Law §3012-d in the year immediately prior to the school year in which the student is placed in the teacher's classroom unless the district has received a waiver from the Department.
6.1) Assurances: Teacher Improvement Plans

Please check all of the boxes below.

☑ Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

☑ Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

6.2) Attachment: Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES.

6.3) Assurance: Appeals

Please check the box below.

☑ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:

   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

**Section VI: Appeals**

**Right to Appeal**

A tenured teacher who earns a rating of developing or ineffective may appeal his/her annual professional performance review and the school district’s issuance and/or implementation of the improvement plan in accordance with the procedures and conditions set forth in this section. Such procedures and conditions constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher performance review and/or improvement plan.

**Scope of Performance Review Appeal**

1. A tenured teacher who receives a composite rating of developing or ineffective may appeal his/her annual professional performance review.

2. Pursuant to Education Law §3012-d and §30-3 of the Rules of the Board of Regents, a teacher may only challenge the following in an appeal: (1) the substance of the APPR; (2) the District’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures.

3. Within 10 business days of the determination of an appeal, if new information related to the same evaluation causes the teacher to desire an additional appeal pursuant to Education Law §3012-d and §30-3 of the Rules of the Board of Regents challenging (1) the substance of the APPR; (2) the District’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, the same process will be used to request the second appeal (see “Filing an Appeal”). Within three days the Assistant Superintendent for Human Resources and Professional Development will reconvene the same appeals board who considered the original appeal, and that board will have the authority to decide if the additional appeal has merit for consideration, rendering a decision within two business days after reconvening.

**Scope of Improvement Plan Appeal**

1. A tenured teacher may appeal the school district’s issuance of an Improvement Plan and/or implementation of the terms of such Improvement Plan.

2. Appeals related to the issuance of an improvement plan are limited to issues regarding compliance with the requirements prescribed in applicable law and regulations for the issuance of improvement plans or negotiated procedures.

3. Within 10 business days of the determination of an appeal, if new information related to the same improvement plan causes the teacher to desire an additional appeal pursuant to Education Law §3012-d and §30-3 of the Rules of the Board of Regents, the same process will be used to request the second appeal (see “Filing an Appeal”). Within three days the Assistant Superintendent for Human Resources and Professional Development will reconvene the same appeals board who considered the original appeal, and that board will have the authority to decide if the additional appeal has merit for consideration, rendering a decision within two business days after reconvening.

**Timeline for Filing an Appeal**

1. Appeals concerning a teacher performance review must be filed no later than ten (10) business days of the date when the teacher receives his/her composite rating.

2. Appeals concerning the issuance of an improvement plan must be filed within ten (10) business days of the school district’s alleged failure to comply with the requirements prescribed in applicable law and regulations for issuance of improvement plans either whole or in part.

3. Appeals not commenced within the timelines delineated in this section will be deemed waived and are not subject to review.

**Filing an Appeal**

1. A tenured teacher wishing to initiate an appeal must submit, to the Assistant Superintendent for Human Resources and Professional Development with a copy to the BSTA President, in writing a detailed description of disagreement over his/her performance review, or the issuance of the terms of the improvement plan.

**Appeals Process**

1. Appeals Panel: BSTA will establish an Appeals Panel, a group of members who will serve as the pool of members that the BSTA can draw from to assign to the District Appeals Board to hear the appeal. The names of the members of the Appeals Panel and the designation of the Chairperson will be submitted to the Assistant Superintendent for Human Resources and Professional Development prior to September 30 of each school year.

2. Appeals Board: The Appeals Board will consist of four members: two members from the BSTA Appeals Panel and two members selected by the Assistant Superintendent for Human Resources and Professional Development. The Assistant Superintendent for Human Resources and Professional Development, the administrator who evaluated the teacher, and the teacher filing the appeal are not eligible to serve on the Appeals Board.

3. The Assistant Superintendent for Human Resources and Professional Development, within two business days of receiving the appeal, will contact the Chair of the BSTA Appeals Panel notifying him/her that an appeal was received and requesting the names of two members of the panel to
serve on the Board to hear the appeal. Within two business days of notification, the names of who will serve on the Board will be submitted to the Assistant Superintendent for Human Resources and Professional Development.

4. Within ten business days of notification of BSTA panel members, the Assistant Superintendent for Human Resources and Professional Development will convene the Appeals Board.

5. The Appeals Board will meet to review the appeal as submitted to the Assistant Superintendent for Human Resources and Professional Development. The Board will meet outside of the regular school day. At the first meeting, the Board will select a chair.

6. The Teacher bears the burden of proving the merits of the appeal.

7. The Board must reach a determination of affirming or denying the appeal. Within five business days of convening of the Board, the Chair will inform the Assistant Superintendent for Human Resources and Professional Development of the determination of the appeal. The Assistant Superintendent for Human Resources and Professional Development may grant additional time with evidence of extenuating circumstances, ensuring that the resolution of any appeal is timely and expeditious in accordance with Education Law §3012-d.

8. Within two business days of receiving the determination from the Chair, the Assistant Superintendent for Human Resources and Professional Development will notify the Teacher of the status of his/her appeal. If the appeal is denied, the rating or improvement plan will be maintained. If it is affirmed, the Assistant Superintendent for Human Resources and Professional Development will refer the affirmation back to the supervising administrator to meet with the teacher to reevaluate and modify the component(s) affirmed in the appeal.

9. The decision of the Appeals Board is final.

6.5) Assurance: Evaluators

Please check the box below.

☑️ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the duration (how many hours, days) of such training.
Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Section I: Training of Evaluators

The district will ensure that all Lead Evaluators/Evaluators are properly trained and certified to complete an individual’s performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. The District will ensure that all evaluators including independent observers are trained as lead evaluators. The Superintendent of Schools will certify lead evaluators upon receipt of proper documentation that the individual has completed training. The Office of Human Resources and Professional Development will maintain records of certification of evaluators.

Evaluator training will occur regionally in cooperation with the WSWHE BOCES or other authorized entities. Training will be conducted by WSWHE BOCES.

1. Lead Evaluator, Evaluator and Independent Evaluator:

A Lead Evaluator or Independent Evaluator is any individual who conducts evaluations of classroom teachers or building principals. These individuals will be trained and certified as a lead evaluator according to NYSED’s regulation.

1. Timing:

All Lead Evaluators, Evaluators and Independent Evaluators of classroom teachers and principals shall be appropriately trained and certified by September 1 in accordance with Regents Regulation 30-3.10. All teachers will be notified of their lead evaluators annually by October 15th. All Lead Evaluators, Evaluators and Independent Evaluators will receive 3 days of initial training.

Recertification and Updated Training:

The District will work to ensure that all evaluators maintain inter-rater reliability over time and that they are re-certified on a regular basis and receive updated training on any changes in the law, regulations or applicable collective bargaining agreements. One-day annual recertification and inter-reliability training will be conducted by WSWHE BOCES. The training will include a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols recommended in training for lead evaluators. These protocols will include measures such as: data analysis; periodic comparisons of assessments; and/or annual calibration sessions across evaluators.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below.

- Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher’s Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

- Assure that the evaluation system will be used as a significant factor for employment decisions.

- Assure that teachers will receive timely and constructive feedback as part of the evaluation process.

- Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner.

- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments
### Please check all of the boxes below.

- Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) **Assurances: Data**

Please check all of the boxes below.

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- Assure that procedures for ensuring data accuracy and integrity are being utilized.

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: assessment(s) used

Follow the examples below.

7.1) Assurances

Please check the boxes below.

- Assure that the growth score provided by NYSED will be used, where required.
- Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

### 7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

### 7.5) Assurances

- Please check all of the boxes below.

- ✓ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ✓ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ✓ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ✓ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ✓ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ✓ Assure that processes are in place for the superintendent to monitor SLOs.
- ✓ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

### 7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

For guidance on the use of alternate SLOs during the transition period, see: https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

#### 7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 8) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

8.1) Use of the Optional Subcomponent for Student Performance Measures

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

| NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal. |

9.2) Assurances

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

9.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged

9.4) Calculating School Visit Ratings

Assurances

Please check the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.
