Revised – §3012-d Supplemental Form for Alternate SLOs (Material Change)

Joseph Rumsey, Superintendent
Bath Central School District
25 Ellas Avenue
Bath, NY 14810

Dear Superintendent Rumsey:

Congratulations. I am pleased to inform you that the material change you submitted to your currently approved Annual Professional Performance Review (APPR) plan on the Supplemental Form for Alternate SLOs meets the criteria outlined in Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the certifications and assurances that are part of your approved APPR plan and those found in the Supplemental Form for Alternate SLOs. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

PLEASE NOTE:

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, your district/BOCES must use the alternate SLOs described in your "Supplemental Form for Alternate SLOs" which have been incorporated into your approved §3012-d APPR plan for teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

During this transition period, your district/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in your currently approved APPR plan *without any modifications, substitutions, or replacements as a result of the transition regulations*. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations. Accordingly, APPR scores and ratings for such staff must be calculated pursuant to your district's/BOCES's approved APPR plan without any modifications, and no transition scores and ratings need be generated.

The transition period will end at the conclusion of the 2018-2019 school year. Beginning in the 2019-20 school year, each educator will receive only a single set of scores and ratings pursuant to the measures outlined in your district's/BOCES APPR plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Directions

As an alternative to completing this Supplemental Form for Alternate SLOs, a district/BOCES may open their APPR plan and include the relevant information in Task 2 (Transition) and Task 7 (Transition).

To open your approved APPR plan, please contact EducatorEval@nysed.gov.

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 English Language Arts (ELA) and Math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, alternate student learning objectives (SLOs) must be generated to calculate transition scores and ratings for teachers and principals who have no remaining Student Performance Category measures as a result of the above exclusions. Please note that districts/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in their currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations during the transition period. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations and their evaluations shall be calculated pursuant to their district's/BOCES' approved APPR Plan without any changes, and no transition scores and ratings need to be generated.

This supplemental form must be completed by districts/BOCES whose Education Law §3012-d Annual Professional Performance Review (APPR) plans were approved by the Department for use beginning in the 2015- 16 school year in order to specify the alternate SLOs, as described above, that will be used for applicable teachers and principals during the remainder of the transition period (i.e., the 2016-17 through 2018-19 school years). Beginning in the 2019-20 school year, districts and BOCES will no longer be required to calculate transition scores and ratings, and will only calculate a single set of scores and ratings for each educator pursuant to the measures and assessments outlined in their approved §3012-d APPR plan. For more information please see the December 2015 Board of Regents item at <http://www.regents.nysed.gov/common/regents/files/1215bra10.pdf>, and the Department's Frequently Asked Questions Guidance document regarding sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents on EngageNY at <https://www.engageny.org/resource/guidance-on-new-york-sannual-professional-performance-review-law-and-regulations>.

This form must be completed and submitted no later than March 1, 2017 for the 2016-17 school year. Please note that if your district/BOCES wishes to make changes to the measures and assessments used for the alternate SLOs in future school years, you must submit this form on or before March 1 of the school year in which the changes will take effect. The Department will not accept late submissions of this form.

Upon submission, the Department will only review the information included on this supplemental form and no other portions of the APPR plan will be reviewed by the Department for compliance with Education Law §3012- d. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested in this form will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-d. The Department recommends that districts/BOCES consult with their local counsel before submitting this supplemental form or any material changes to their currently approved plan in the APPR Portal.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Assure that back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.	<input checked="" type="checkbox"/>
For any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.	<input checked="" type="checkbox"/>

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English

language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

2.2) Grades 4-8 ELA and Math: Assessments

Using the drop-down boxes below, please select the assessment that will be used for the back-up SLOs for the grade/subject listed.

Please note: If your district/BOCES does not have grade/subject-specific teachers for one or more of the rows in task 2.2, choose "Not Applicable" from the drop-down box. This would be appropriate if, for example, the district/BOCES does not have certain grades; the district/BOCES does not offer a specific subject; etc. If a grade/subject ends in a State assessment, i.e., 4-8 ELA or Math, such assessment must be used as the underlying evidence for the SLO.

SLOs are the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.) For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For grade 3 ELA and math, grade 4 and 8 science, high school math, science, and social studies courses associated with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO for students taking such assessments:

- State assessments (or Regents or Regent equivalents), *required if one exists*

2.12) Teachers with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.	Checked
---	---------

Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.	Checked
Assure that all growth targets are approved by the superintendent or another trained administrator.	Checked
Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.	Checked
Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.	Checked
Assure that processes are in place for the superintendent to monitor SLOs.	Checked
Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.	Checked

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by making the appropriate selection below. Information related to the Optional subcomponent will be entered into Task 3.

The Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

OPTIONAL SUBCOMPONENT

(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

- (A) a second State-provided growth score on a State-created or administered test; provided that the State-provided growth measure is different than that used in the Required subcomponent, or**
- (B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.**

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate the use of the Optional subcomponent by making the appropriate selection below.

- If the Optional subcomponent WILL be used, please fill out tasks 3.2-3.12 by using the "Next" button to move through each task.**

The Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Task 4. Teacher Observation Category

Created: 04/30/2013

Last updated: 12/23/2015

Please note, within this section, task 4.1 may contain the rubric selection(s) from your plan as it existed on June 2, 2015.* The remaining tasks in this section will not contain data from your previous plan and must be completed.

* Please note that documents and language will not be pre-populated into the plan if your district/BOCES chose to start with a blank application.

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district/BOCES may use multiple rubrics, as long as the same rubric is used for all classroom teachers in a grade/subject across the district/BOCES.)

Rubric 1

NYSUT Teacher Practice Rubric (2012 Edition)

Rubric 2

N/A

4.2) Assurances

Please check all of the boxes below:

Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.	Checked
Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.	Checked
Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.	Checked
Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.	Checked

4.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Please check the boxes below:

Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the chart shown below.	Checked
Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.	Checked
Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. Task 6. Additional Requirements (Teachers)

Created: 04/30/2013

Last updated: 12/23/2015

Please note, within this section, tasks 6.2 (improvement plan), 6.4 (appeals language) and 6.6 (training language) may contain information from your plan as it existed on June 2, 2015.* The remaining tasks in this section will not contain data from your previous plan and must be completed. Additionally, task 6.6 must be modified to address training of independent evaluators and, as applicable, peer observers.

* Please note that documents and language will not be pre-populated into the plan if your district/BOCES chose to start with a blank application.

For more information on the additional requirements for teachers, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

6.1) Assurances: Teacher Improvement Plans

Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.	Checked
Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.	Checked

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES. All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;
- 3) the manner in which the improvement will be assessed; and, where appropriate,
- 4) differentiated activities to support a teacher's improvement in those areas.

6.3) Assurance: Appeals

Please check the box below:

Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked
---	---------

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;
- (2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeals Process

Purpose of Appeal: The purpose of the internal appeal process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. The following appeal process is designed to further this goal. The burden of proof shall be on the appellant to establish by the preponderance of the evidence that the rating given by the lead evaluator was not justified.

Who: All tenured and probationary employees who meet the appeal process criteria may use this process.

Why: Said appeal process shall be available to employees to appeal either a procedural error in the evaluation process or appeal a substantive portion of the evaluation.

What: Only employees who receive a "Developing" or "Ineffective" overall APPR composite rating of their evaluation. Appeal procedures limit the scope of appeals under Education Law § 3012-d to the following subjects:

- (1) the school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (2) the adherence to the Commissioner's regulations, as applicable to such reviews;
- (3) compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
- (4) the school district's or board of cooperative educational services' issuance and/or implementation of the terms of the teacher or principal improvement plan under Education Law §3012-d.

How:

1. Governing Body to Adjudicate the Appeal: The governing body shall be defined as the "Appeal Committee" (hereinafter "Committee"). The Committee make up shall be:

A. One tenured administrator shall be appointed to the Committee. The tenured administrator appointed shall not be the administrator who authored the evaluation. The tenured administrator appointed to the committee shall be chosen by the Superintendent or his/her designee.

- B. Two certified teachers shall be appointed to the Committee by the President of the Haverling Teachers' Association or his/her designee.
- C. The Committee shall reach their finding using the consensus model. If consensus is not reached, the Committee shall write up the opposing viewpoints and submit the opposing viewpoints to the evaluation authoring administrator, the employee, the Association President, and the Superintendent.
- D. At this point a new committee made up of two (2) members (Superintendent and/or designee(s) other than authoring evaluator) and one (1) union appointee shall review the evaluation and position papers and by majority vote determine which of the opposing viewpoints shall be the outcome of the appeal.

2. Timeline:

- A. The employee filing the appeal must forward the evaluation appeal within ten (10) school days of receipt of the evaluation. Said appeal must be submitted in writing to the Superintendent of Schools and the Association President.
- B. The Superintendent and Association President shall charge the Committee to hold a Conference within five (5) school days of receipt of the appeal. The conference is defined below. It will last no longer than one (1) day.
- C. The Committee shall issue its findings to the Superintendent, Association President, the employee and the authoring administrator within five (5) school days of the conference.
- D. The employee filing the appeal has five (5) school days from receiving the Committee findings to request that the appeal goes to the secondary level.
- E. If the secondary level is utilized, this committee will be given five (5) school days to meet and render their decision by majority vote.

3. Conference:

- A. The conference shall consist of two informal meetings wherein the authoring administrator and the employee are able to separately discuss the evaluation procedure and/or substantive content at issue with the Committee.
- B. The Committee shall have the right to ask questions of the conference participants and any other relevant participants and have the right to collect any and all information necessary to make an informed decision.

4. Committee Findings:

- A. The Committee is empowered to overturn a section of the evaluation. Said ability to overturn a section of the evaluation does not negate the fact that the evaluation was completed in a timely manner.
- B. The Committee is empowered to overturn the entire evaluation if the evaluation was procedurally flawed.

C. The Committee is empowered to overturn a section or the entire evaluation and require a course of action so as to enhance the professional growth of the employee.

D. The Committee is empowered to affirm the evaluation and require a course of action so as to enhance the professional growth of the employee.

E. The Committee is empowered to affirm the evaluation.

F. The Committee is empowered to order the issuance and/or implementation of a Teacher Improvement Plan or extend the timeline of a Teacher Improvement Plan that was not given sufficient support.

The findings of the Committee must be submitted in writing to the teacher, the administrator, the Superintendent and President of the Haverling Teachers' Association within five (5) school days following the last informal meeting. The findings of this Committee will be final.

6.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Checked

(1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers

(7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings

(9) Specific considerations in evaluating teachers of English language learners and students with disabilities

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,

- 2) the process for the certification and re-certification of lead evaluators,
- 3) the process for ensuring inter-rater reliability,
- 4) the nature (content) and the duration (how many hours, days) of such training.

The district will ensure that all evaluators -lead evaluators and independent evaluators - are properly trained and certified to complete an individual's performance review. This includes all certified administrators who typically conduct evaluations of teachers. There will be no peer evaluators used in this plan.

Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will be based upon the recommended NYSED model certification process including training all nine required elements of the New York State Commissioner's Regulations §30-3 as well as training with the NYSUT rubric prior to completion of evaluations, which will be completed by September 1st of each year per Commissioner's Regulations. Each evaluator and independent evaluator will continue to participate in GST BOCES refresher courses (minimum of three half day trainings) on maintaining inter-rater reliability during the school year. A copy verifying attendance at both initial trainings and refresher training(s) will be maintained on file in the district office.

The superintendent or designee will ensure proper documentation that the individual(s) have completed training and the district will maintain records of such. Upon receipt of such documentation, the superintendent or designee will recommend district evaluators for certification by the Board of Education who will annually certify lead evaluators upon the recommendation of the superintendent.

Evaluators must be certified administrators who are not members of the Haverling Teachers' Association bargaining unit.

All evaluators will be certified by our Board of Education prior to the completion of teacher evaluations, which will be completed by September 1 of each year per Commissioner's Regulations. We will continue to recertify our evaluators annually.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below:

Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for a teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.	Checked
Assure that the evaluation system will be used as a significant factor for employment decisions.	Checked
Assure that teachers will receive timely and constructive feedback as part of the evaluation process.	Checked
Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner.	Checked
Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.	Checked

6.8) Assurances: Assessments

Please check all of the boxes below:

Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.	Checked
Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.	Checked

6.9) Assurances: Data

Please check all of the boxes below:

Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.	Checked
Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked

Task 7. Student Performance – Required Subcomponent

Created: 04/30/2013

Last updated: 01/28/2016

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

Page 1

REQUIRED SUBCOMPONENT

(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)

(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Use the checkboxes to indicate the State assessments or Regents exams used

Follow the examples below

7.1) Assurances

Assure that the growth score provided by NYSED will be used, where required.	Checked
Assure that back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.	Checked

7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school-wide student results from one of the following assessment options:
 - State-approved 3rd party assessment; or
 - State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Once a measure is selected, a corresponding menu will appear for the selection of the name(s) of the assessment(s) used.

7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

7.5) Assurances

Please check all of the boxes below:

Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.	Checked
Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.	Checked
Assure that all growth targets are approved by the superintendent or another trained administrator.	Checked
Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.	Checked
Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.	Checked
Assure that processes are in place for the superintendent to monitor SLOs.	Checked
Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.	Checked

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by checking the box below. Information related to the Optional

subcomponent will be entered into Task 8.

The Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

OPTIONAL SUBCOMPONENT

(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

- (A) a second State-provided growth score on a State-created or administered test; provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or**
- (B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.**

9.1) Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district may use multiple rubrics, as long as the same rubric is used for all principals in the same or similar programs or grade configurations across the district.)

9.2) Assurances

Please check all of the boxes below:

Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.	Checked
Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.	Checked
Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.	Checked
Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.	Checked

9.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Principal School Visit category, see NYSED APPR Guidance:

All observable components will be weighted equally and averaged.

9.4) Calculating School Visit Ratings

Please check the boxes below:

Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the chart shown below.	Checked
Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.	Checked
Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor their designee.	(No response)

11.3) Assurance: Appeals

Please check box below:

Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked
---	---------

11.4) Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
- (2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Purpose of Appeal: The purpose of the internal appeal process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. The following appeal process is designed to further this goal.

Only principals who receive a "Developing" or "Ineffective" overall APPR composite rating for their evaluation may file an appeal. Appeals may only be filed as stipulated in the 3012-d regulations.

Prohibition against More Than One Appeal:

A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed will be deemed waived.

Burden of Proof:

In an appeal, the principal has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

Timeframe for Filing an Appeal:

All appeals must be submitted in writing no later than 15 school days of the date when the principal receives his/her Annual Professional Performance Review and composite rating. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed within 15 school days of issuance of such a plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and shall be deemed abandoned.

When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his/her performance review or issuance and/or implementation of the terms of his/her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

Decision Maker on Appeal:

A decision shall be rendered by the Bath CSD superintendent of schools within five (5) school days of receipt of the appeal or, when requested by the principal, another superintendent from the GST BOCES region within ten (10) school days from the receipt of the appeal by the Bath CSD. In such cases the Bath CSD superintendent and principal shall both agree upon the selection of what other GST BOCES superintendent to use for this purpose. If an agreement can not be reached, the GST BOCES district superintendent or his/her designee will be asked to hear and decide upon the appeal within ten (10) school days of the receipt of the appeal by the Bath CSD. The decision of the

GST BOCES district superintendent or his/her designee shall be final.

11.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Checked

- (1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable
- (2) Evidence-based observation techniques that are grounded in research
- (3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart
- (4) Application and use of the State-approved principal rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a principal's practice
- (5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its building principals
- (6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its principals
- (7) Use of the Statewide Instructional Reporting System
- (8) The scoring methodology utilized by the department and/or the district/BOCES to evaluate a principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the principal's overall rating and their category ratings
- (9) Specific considerations in evaluating principals of English language learners and students with disabilities

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
- 2) the process for the certification and re-certification of lead evaluators,
- 3) the process for ensuring inter-rater reliability,
- 4) the nature (content) and the duration (how many hours, days) of such training.

The district will ensure that all evaluators/lead evaluators/independent evaluators are properly trained and certified to complete an individual's performance review. This includes all certified administrators who typically conduct evaluations of principals.

Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will be based upon the recommended NYSED model certification process including training all nine required components of the New York State Commissioner's Regulations §30-3 as well as training with the MPPR rubric prior to completion of evaluations, which will be completed by September 1st of each year per Commissioner's Regulations as well as inter-rater reliability. All evaluators will participate in three half day trainings during the school year.

The superintendent or designee will ensure proper documentation that the individual(s) have completed training and the district will maintain records of such. Upon receipt of such documentation, the superintendent or designee will recommend district evaluators for certification by the Board of Education.

Deeper ongoing understanding of the principal's evaluation system is provided through training infused in the regional Superintendent's Council Meetings and our own administrative council meetings. This work will include continued efforts to maintain inter-rater reliability.

Our superintendent will be certified by our Board of Education prior to the completion of principal evaluations, which will be completed by September 1 of each school year. We will continue to recertify our superintendent as the lead evaluator for the principals annually.
