Revised

Denis Petrilak, Superintendent
Chester Union Free School District
64 Hambleonian Avenue
Chester, NY 10918

Dear Superintendent Petrilak:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

SLO Assurances**Please check the boxes below.**

- ☒ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law & § 3012-d, amended in 2019**Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent**

Page Last Modified: 02/25/2020

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 4. TEACHERS: Observations - Rubric and Scoring**

Page Last Modified: 09/23/2020

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All observable components will be weighted equally and averaged.

The tenured teachers will receive two observations total, one formal (announced) and one informal (unannounced).

Untenured teachers will receive three observations total, one formal (announced) and two informal (unannounced).

All of these observations will be divided up equally among our administrators (both Lead Evaluators and Independent Evaluators). We have selected 0 / Live in the next section to note that any administrator/evaluator can do any type of observation.

Annual Professional Performance Review - Education Law & §3012-d, amended in 2019**Task 4. TEACHERS: Observations - Rubric and Scoring**

Page Last Modified: 09/23/2020

Scoring Assurances**Please check each of the boxes below.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.50	4.00

Effective:	2.50	3.49

Please select a minimum value between 1.50 and 1.75 and a maximum value between 2.49 and 2.74 for the Developing range.

Observation Assurances**Please check all of the boxes below.**

- ☒ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☒ Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.
- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Training**

Page Last Modified: 04/13/2020

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The Superintendent, Principals, Director of Pupil Personnel Services and the K-12 Director of Instruction & Technology will serve as the Lead Evaluator and Evaluators for the teachers in the Chester UFSD. All of the trained administrators will also be the independent evaluators for the building in which they do not supervise. The district has selected and received agreement with the Chester Teachers' Association to utilize the Danielson 2007, Framework for Teaching Rubric. All evaluators (Lead Evaluators, Evaluators and Independent Evaluators) participate in ongoing training of approximately 15 hours that is offered by Orange-Ulster BOCES and the district. These sessions have targeted the key elements that are required for the certification of allevaluators. The district provides professional development to Principals & Director at its monthly administrative meetings and at several half-day after school training sessions for all evaluators. The K-12 Director of Instruction & Technology attends training provided by professional organizations and Orange-Ulster BOCES. He then serves as the district's turn-key trainer and provides that training to the Principals and other administrators. The district has dedicated much of its time with administrative staff to enhance their working knowledge of the New York State Standards; the State Reporting System; the development of local assessments. The district also has made a concerted effort to offer training in the area of evidence based observations. The district will continue to require all evaluators to attend Orange-Ulster BOCES and district sponsored training which will target the elements in the departments regulation. In order to enhance and ensure inter-rater reliability, the district is conducting professional development for all evaluators through which the Danielson 2007 rubric is analyzed and applied to teaching scenarios. Each evaluator watches videos showing a classroom lesson and gathers evidence. At the end of the video, the evidence is evaluated using the rubric. Then the evaluators compare the evidence each gathered and their evaluation using the rubric. The discussion focuses on similarities and differences to teach everyone to gather appropriate evidence and apply the rubric accurately and consistently. As part of their ongoing training, the evaluators will conduct a minimum of two classroom visits with each principal using Danielson 2007 Rubric and will compare the evidence that was collected from each visitation and the alignment to the rubric. This data will be used to determine inter-rater reliability. The evidence of all the training will be presented to the Board of Education who will certify that each evaluator is highly qualified to be the lead evaluator for the teachers' evaluations. The Board will re-certify allevaluators each school year after reviewing the ongoing training they have received. Chester UFSD will ensure that all evaluators are properly trained and certified to complete an individual's performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. The District will ensure that all evaluators are trained as lead evaluators. The Board of Education will certify all evaluators upon receipt of proper documentation that the individual has fully completed training. The superintendent will maintain records of certification of evaluators. Evaluator training will occur regionally in cooperation with Orange-Ulster BOCES (OUBOCES). Training will be conducted by OUBOCES' personnel and also on-site in district as needed. All evaluators will be recertified on an annual basis. The District has established a process to maintain inter-rater reliability over time. These protocols include: data analysis; periodic comparisons of assessments; and/or annual calibration sessions across evaluators. The District assures that all evaluators will be provided annual training to maintain APPR requirements. All training and re-training will cover the nine elements of evaluator training in Regents Rules 30-3.10.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

Page Last Modified: 02/26/2020

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☒ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All observable components will be weighted equally and averaged.

Scoring Assurances**Please check each of the boxes below.**

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The Chester UFSD will ensure that all evaluators (Lead Evaluators, Evaluators and Independent Evaluators) are properly trained and certified to complete an individual's APPR. Training for all evaluators will be conducted by certified Orange-Ulster BOCES personnel. Training for all evaluators will occur regionally incorporating the Regulations that were enacted to implement Education Law §3012-d and Subpart 30-3. Turn-key training and annual re-training will be provided for all evaluators. The initial training and re-training will consist of approximately 6 hours. Process for Certifying all evaluators: The Board of Education shall insure that all evaluators have appropriate training before conducting an evaluation. The Board of Education shall also ensure that all evaluators have been trained by Orange-Ulster BOCES as a qualified evaluator before conducting and/or completing a principal's evaluation.

TEACHER IMPROVEMENT PLAN

If a teacher is rated “developing” or “ineffective,” the District shall develop and implement a Teacher Improvement Plan (TIP).

Process:

Upon rating a teacher as “developing” or “ineffective” through an Annual Professional Performance Review (APPR), the school district must develop and commence implementation of a Teacher Improvement Plan (TIP) for such teacher. Participants in the improvement process will include the teacher in need of improvement, a union representative, the building principal, and the administrator who developed the evaluation.

The guidelines listed below must be followed in the development and implementation of any TIP:

- All observations must be completed by May 15th.
- No later than October 1st a meeting will be held to develop a TIP.
- The Teacher Improvement Plan developed at the 10-day post evaluation meeting will describe the following: the rationale for the improvement plan, areas in need of improvement (as outlined in the Frameworks: Planning and Preparation, Classroom Environment; Instruction, and/or Professional Responsibilities), supports to be provided to the teacher by the District and the CTA, and a scheduled follow-up meeting at the end of thirty (30) school days from the date the plan was developed.
- The timeline for meetings and expectations for improvement will be determined on a case-by-case basis. The timeline for achieving improvement shall range from three (3) months, one (1) semester, or one (1) school year. The specific timeline for improvement will be established at the initial meeting at which the TIP was developed.
- Tenured and probationary teachers who continue to receive ineffective” or “developing” ratings while a TIP is in place will have their plan modified within ten (10) school days after the thirty-day follow-up meeting.
- The TIP will afford the teacher access to appropriate differentiated professional development opportunities, materials, resources and supports, and time within the school day to meet with administrators/supervisors and/or peer coaches.
- No disciplinary action will be taken by the District against a tenured teacher until the TIP has been implemented and its effectiveness in improving the teacher’s performance has been evaluated by those listed above as participants in the improvement process.
- There will be no further action taken by the District if the teacher has met or exceeded the TIP’s performance expectations.

- Anything included in the TIP will be provided by the District at no cost to the teacher.
- Involvement by the teacher in TIP activities outside of the normal school day/year is voluntary and at no cost to the teacher.
