APPR Plan - Variance

Geoffrey M. Hicks, Superintendent
Clarence Central School District
9625 Main Street
Clarence, NY 14031

Dear Superintendent Hicks:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.

Annual Professional Performance Review Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's APPR plan during the approved term of the variance. **In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.**

Variance Application Timeline

Variance applications must be submitted to the Department by **December 1 of a school year** to be implemented in that school year.

Failure to submit a variance application using this form by the December 1 deadline will result in the LEA's implementing the procedures described in its currently approved Education Law §3012-d APPR plan for that school year.

Variance Details*Please read the questions below and answer each prompt in a concise manner.***Rationale****Please provide a rationale for this variance request.****> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.**

The onset of the COVID-19 pandemic has required teachers to acquire new skills in order to be highly effective. The teachers are faced with the need to develop the tools to be successful in the classroom. Time during the work day is essential to their professional development. Administrators (lead evaluators) are working on safety protocols and addressing student health needs that allows them less time to conduct observations. We believe the combination of observing the current classroom structure with one observation and adding the portfolio/project will provide us with the information needed for effective evaluation of our teaching staff. Utilizing a project focused on hybrid and remote learning is a more valuable experience than an additional observation in particular for the unique circumstances this year. It is important for administrator (lead evaluator) to use the time with their teachers as they develop the Professional Development Project to monitor and coach them during the professional development project process in the new teaching paradigm. This is more effective than an independent observer completing the second observation as the lead evaluator supervises the teacher on a daily basis. The professional development project must be approved by the building administrator (lead evaluator). This also addresses the safety concern of independent evaluators leaving their building during the pandemic. Meeting with the administrator will demonstrate the acquisition of new teaching strategies that can be immediately integrated into instruction.

Standards and Procedures**Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.****> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.****> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.**

The scope of the project is to foster and promote the staff member's individual professional growth in the area of hybrid or remote teaching and learning models and practices. Each project is designed for a one-year time period. The teacher or team of teachers will design a focus that will help them develop lessons and strategies to teach their assigned content in the hybrid and remote models. The Clarence Central School District is utilizing a hybrid model of instruction for the 2020-21 school year. Teachers must deliver instruction to three distinct populations of students including fully remote, remote/in-person, and in-person students. Students all are one-to-one and now access the Schoology platform to manage assignments. Teachers simultaneously utilize zoom and google meet as they instruct live to students in their classroom. Students in-person are seated socially-distanced behind polycarbonate barriers without traditional group or teacher interaction. The lead evaluator will complete both the observation and the project portfolio evaluations. The lead evaluator observation will continue to be weighted at 90% and the portfolio will replace the independent evaluator observation and be weighed at 10%. The professional development project must be approved by the building administrator (lead evaluator). The teacher or team will present to the building administrator. The plan will outline goals, resources, identify actions, and indicate needs for professional development that will enhance the skills of the teacher/s. They will put into practice the new learning during the current school year.

At the conclusion of a project, each teacher must meet with the building principal (lead evaluator) or designee for a conference to present a summary of the Professional Development Project. The project will contain artifacts such as: assessment data, delineation of new strategies, listings of both hardware and software that enhanced instruction, student feedback, reflective journals, lesson plans, and attendance data. The conference will be scheduled any time after April 1, 2021. The Professional Development Project and the end-of-year conference will be evaluated using the Marzano Teacher Practice Rubric and the score will be entered into the iObservation system. The lead evaluator may use any element from the model. The elements scored will be equally weighted and produce an average score.

Rigor

Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.

> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.

> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.

Annually the lead evaluators are trained in the observation protocols using the Marzano Teacher Evaluation Model. Administrators (lead evaluators) spend multiple days viewing video examples, artifacts, and written feedback to become more proficient in the teacher evaluation process. Data from the previous school year allows for the analysis of interrater reliability and the evaluation process's effectiveness. Replacing one observation with a professional development project will allow the lead evaluator to utilize additional elements of the Marzano Teacher Practice Rubric. Classroom observations focus on the nine design questions using the first 41 elements of the model. The professional development project's addition will provide lead evaluators with instructional material that can be evaluated under domains 2, 3, and 4 of the model that use the additional elements providing a more comprehensive picture of the teacher's performance

Professional Learning

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

> This description may include, but is not limited to, methodologies and procedures for:

- collecting information about educator effectiveness to inform professional learning,
- specific details regarding both the type(s) and extent of professional learning opportunities anticipated,
- processes for delivery of personalized learning opportunities, and
- use of data to measure the efficacy of such professional learning.

Continuous assessment is a necessary component of professional growth. The goal of the annual review of performance is to provide an opportunity for tenured faculty members to reflect on the school year, especially with regard to remote and hybrid instruction, to acknowledge success and challenges, and to identify goals and future activities that will lead to professional growth. Prior to completing this document, administrators may seek input from faculty members.

Due to the COVID-19 pandemic, teaching in new virtual or socially-distanced environments requires that the district examine the efficacy of remote instruction provided to students. Therefore, to address these needs of students, districts must assess teachers' level of readiness and, from this information, plan accordingly to ensure that targeted professional development is provided for teachers and leaders to continue remote instruction throughout the COVID-19 pandemic. As a result, a professional development needs assessment survey was administered to faculty in June 2020 to identify the most prevalent teacher preparation disparities related to remote instruction with the intended outcome to improve teachers' preparedness to meet the social-emotional and instructional needs of their students for the reopening of schools in 2020-21.

Collectively, the district examined, interpreted, and inferred the data to identify the top professional learning needs of 300 teachers who participated in the survey. The district acted on this information by developing a professional development action plan which included the most appropriate interventions to support teaching and learning as teachers attempt to prepare for instruction in this new normal. In response to the survey, the district provided a mini-conference on district opening days for teachers which included over 100 offerings specific to the expressed needs of educators teaching in remote learning environments. The district utilized in-district teacher experts, Erie 1 BOCES, as well as out of district consultants to provide these trainings. Sessions were attended and evaluated by teachers. The feedback gleaned from the professional development evaluations informed the district that ongoing professional growth and reflection on the implementation of what is learned in these professional learning opportunities would be best captured in a professional development project. Furthermore, as research shows, the most effective model to provide professional learning is one where teachers learn in a cohort group, have opportunity to try out what they are learning, and provide feedback to one another, hence the district's decision to allow teams to work in groups on this project. These learning and teaching experiences will be explicitly reflected in their professional development project.

We continue to enhance our District's professional development plan to grow professional opportunities for Clarence teachers. Our differentiated model for professional learning continues to be successful in meeting the needs of our adult learners. In our model, expert teachers share best practices with their colleagues, problem-solve, and create networks of support. We are providing more significant professional growth opportunities to our teachers and administrators through interaction with colleagues and experts, exposure to practical strategies, and essential content knowledge and skills. The District is starting with our teacher leadership teams to build expertise around these areas (technology integration, instructional best practice, social-emotional health, and wellness) with the expectation that these leaders impart their knowledge to their building colleagues. The District is focused on how we can promote the positive impact this shared learning model has on both the ways we teach and how our students learn. We believe it is through the teacher leaders and their innovative practices in the classroom, that we are best able to build capacity and a collective efficacy across the District. Throughout this school year, this process for delivering timely and targeted professional development will continue to be implemented.

Effectiveness of Implementation

Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.

> This description may include, but is not limited to, processes and procedures for:

- collection and analysis of both short- and long-term data,
- the standard(s) used to measure the effectiveness of implementation, and
- how results will be used to inform future implementation.

Lead evaluators have the responsibility of supervision of instruction on a regular basis, not just during an observation. Evaluators will continually assess how the addition of the professional development project improves teaching and learning in comparison to the previous model.

A teacher survey will be provided at the conclusion of the 2020-21 school year. This will provide the district with the evidence of how this personalized professional development project allowed for increased proficiency teaching in the hybrid/remote model. Administrators will evaluate student performance data, attendance data, graduation rate, and observation scores to compare the performance of these indicators to the 2019-20 school year. We will also evaluate if there are additional quantifiers not previously provided to measure and inform student and teacher performance by utilizing the professional development project.

Observation Assurances

Please check each of the boxes below as applicable to all teachers included in this teacher observation variance request.

As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

NOTE:

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Task 1. School District Information - Tasks 1.1, 1.2

Page Last Modified: 08/01/2016

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances**Please check all of the boxes below**

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)

Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance:

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.10 (Other Courses), 2.11-2.14

Page Last Modified: 08/01/2016

Please check the boxes below.

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 2. Transition Student Performance - Required (Teachers) - Task 2 Alternate SLOs

Page Last Modified: 08/01/2016

Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses.

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

4.2) Assurances**Please check all of the boxes below.**

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/SubcomponentsFor guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.**Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).**

All observable components and sub-components will be weighted equally and averaged.

4.4) Calculating Observation Ratings**Assurances****Please check the boxes below.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 08/01/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

A teacher is not authorized to trigger the appeal process until he or she receives a final composite rating. Depending on the assessment used, a final composite rating may not be available until after the end of the school year. Teachers must receive their final composite ratings no later than September 1 of the school year next following the school year for which they are being evaluated. Therefore, the appeal process will be triggered on or before September 1, when the teacher receives his or her final composite rating. Teachers may only appeal an "ineffective" or "developing" rating, except as provided in (1)(i) above.

Only a unit member who is covered by N.Y. Education Law § 3012--d ("Covered Unit Member" or "teacher") may appeal the result of a performance review and/or an improvement plan pursuant to the following procedure:

a) Such challenge must be submitted in writing to the Administrator performing the review, together with any supporting documentation. The challenge must explain in detail the specific reason(s) why the matter identified is the subject of the challenge. A teacher may not file multiple appeals regarding the same APPR or TIP. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived. All supporting information must also be submitted at the time the appeal is filed. Any information not submitted at the time the appeal is filed shall not be considered. In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which he or she seeks relief. The challenge must be submitted within fifteen calendar days of the receipt of the APPR and/or TIP which is the subject of the challenge or it is deemed waived. For purposes of the appeals process, calendar days shall exclude the periods of the Winter, Mid-Winter and Spring recesses. The administrator involved will schedule a meeting within 10 calendar days to discuss the challenge. A Covered Unit Member may select an Association representative to participate in the meeting. Within fifteen calendar days of the meeting, the Administrator who issued the APPR and/or TIP shall submit to the teacher a detailed written response to the Appeal. The response must include any additional documents or written materials specific to the point(s) of disagreement that support the response and are relevant to the resolution of the appeal. For a non-tenured teacher the Administrator's determination shall be final. If that teacher disagrees with the response, the teacher may submit a written statement outlining the basis for that disagreement to be included in his or her file along with the disputed Annual Professional Performance Review.

b) If a tenured Covered Unit Member received a rating of "ineffective" or "developing" and disagrees with the Administrator's response to the challenge, the teacher may submit the challenge, the Administrator's response, and a written statement explaining in detail the reason(s) for disagreement with the response to the Superintendent of Schools within seven calendar days of receipt of the administrator's response. A meeting will be scheduled to discuss the appeal within 10 calendar days of the receipt of the administrator's response. The tenured Covered Unit Member may select an Association representative to participate in the meeting. The Superintendent shall render a final determination on the challenge within ten calendar days thereafter.

c) Teachers who appeal a rating that includes an observation score based on an observation conducted by the Superintendent shall have the right to appeal the decision to a panel comprised of one administrator in the district (must have received a composite rating of Effective or Highly Effective if subject to the APPR process) not involved in the teacher's evaluation, one CTA representative (must have received a composite rating of Effective or Highly Effective) and one individual jointly appointed by the CTA President and the Superintendent. The panel will meet to discuss the appeal within 10 calendar days of the receipt of the administrator's response. The panel shall strive to reach consensus but only a majority vote is required for the issuance of a decision. The panel shall render a final determination on the challenge within ten calendar days thereafter.

d) A challenge or determination under this appeal process shall not be the subject of a grievance, and the arbitration provisions of the Collective Negotiations Agreement shall not apply to any such challenge or determination. The teacher retains any defenses he or she may have in the event the APPR or TIP is utilized in a subsequent 3020-a or 3020-b proceeding. Nothing in this appeals process shall in any way restrict or affect the District's non-reviewable authority to terminate the appointment of or deny tenure to a probationary teacher, during the pendency of an appeal for statutorily and constitutionally permissible reasons other than the teacher's performance that is subject of the appeal, and any such termination or denial shall not in any way be subject to challenge through the grievance and arbitration provisions of the collective negotiations agreement between the Parties or in any other forum. Education Law §3012-d provides that nothing therein shall be construed to alter or diminish the authority of the governing body of a school district or BOCES to grant or deny tenure to or terminate probationary teachers or principals during the pendency of an appeal for statutorily and constitutionally permissible reasons including the teacher's or principal's performance that is the subject of the appeal.

6.5) Assurance: Evaluators**Please check the box below.**

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Process for certification and re-certification of lead evaluators and independent evaluators.

The District has established procedures to train and certify lead evaluators and independent evaluators. The process involves professional development opportunities for lead evaluators, evaluators, and independent evaluators inside and outside the school district, direct training opportunities through professional conferences, the use of Erie 1 BOCES Administrative Leadership Co-Ser, the Erie 1 BOCES Instructional Development Advisory Board, and the Erie 1 BOCES Common Set of Learning Objectives Co-Ser. The Clarence Annual Professional Performance Review plan does not include the option of peer evaluators. The training program shall provide training on:

1. the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
2. evidence-based observation techniques that are grounded in research;
3. application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart;
4. application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;
5. application and use of any assessment tools that the district utilizes to evaluate its classroom teachers or building principals;
6. application and use of any locally selected measures of student growth used in the optional subcomponent of the student performance category used by the district to evaluate its teachers or principals;
7. use of the statewide instructional reporting system;
8. the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their category ratings; and
9. specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

Each year the Clarence Central School District will review and update its Professional Development Plan. The Professional Development Plan outlines the priority elements for faculty and staff learning opportunities and will also include training requirements for lead evaluators, evaluators, observers, and independent evaluators. The update to the Professional Development Plan will be approved annually by the Board of Education at their June meeting.

At each August Board of Education meeting, the Clarence Board of Education will formally act on a resolution to certify/recertify that lead evaluators, evaluators, and independent evaluators have been appropriately trained and are qualified as per the requirements of the Regents Rules, §30-3.10 (b) and (c). The Board of Education will receive a log of all training activities and events that have occurred during the prior school year. The log will contain a description of the training activities and/or events, the time spent on each training activity, and the training elements from Education Law §30-3.10 (b) and (c) that were addressed.

The District will focus professional development opportunities in the following areas through both K- 12 District-wide staff development and embedded classroom learning experiences. The Curriculum team will act in a lead role in the development, planning and execution of these opportunities for faculty and staff based on the needs of our students. The Curriculum team will have a specific focus on providing a coaching and mentoring model to teachers, and will be essential in assessing the needs, prioritizing those needs and creating innovative solutions to help better assist teachers in their professional growth. The Curriculum Team will also provide facilitation to a now expanded Instructional Leadership Team to provide guidance and further support in the implementation of these District initiatives.

Initial certification of all evaluators (Lead Evaluators, Evaluators, and Independent Evaluators) will be conducted for a minimum of three days.

Recertification of all evaluators will be conducted for a minimum of one day.

Inter-rater reliability for all evaluators, lead evaluators, and observers will be facilitated by individual and small group practice with rating lessons based on teacher videos provided by the District, ASCD, Learning Sciences International, and SED. Principals will practice utilizing rubrics associated with the Marzano Causal Teaching Evaluation System to make judgments of teachers in the videos, and the learning community of evaluators will share feedback points. The scores will be calibrated and practice will continue until inter-rater reliability is assured. Inter-rater reliability training will take place in summer administrative retreats.

Please check all of the boxes below.

- ☒ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☒ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☒ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments**Please check all of the boxes below.**

- ☒ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- ☒ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- ☒ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- ☒ Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) Assurances: Data**Please check all of the boxes below.**

- ☒ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

- ☒ Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- ☒ Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.
- ☒ Assure that procedures for ensuring data accuracy and integrity are being utilized.

Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)

Page Last Modified: 08/01/2016

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: assessment(s) used**

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) assessment(s)
Grades K-6 Building	K	6	NYS Grade 4 ELA, NYS Grade 5 ELA, NYS Grade 6 ELA, NYS Grade 4 Math, NYS Grade 5 Math, NYS Grade 6 Math
Grades 7-12 Building	7	12	All applicable Regents assessments which are used to generate the principal's State-provided growth score

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the

2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

7.1) Assurances

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances**Please check all of the boxes below.**

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

Task 11. Additional Requirements (Principals) - Tasks 11.1-11.9

Page Last Modified: 08/01/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a principal rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d.

A) A principal who receives a "Developing or Ineffective" rating on his/her APPR shall be entitled to appeal this rating. This appeal must be done in written form and submitted to the Superintendent of Schools who has been trained in accordance with the requirements of the statute and regulation. An APPR shall not be placed in a principal's personnel file until either the expiration of the fifteen (15) business day period during which an appeal could be filed by the principal or the conclusion of the appeal process described herein, whichever is later.

B). The principal must submit a written description which must explain in detail the specific areas which are the basis for the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered. Appeals are limited to the grounds stated as prescribed in Section 3012-d of the Education Law:

C). A principal may not file more than one appeal on the same APPR or improvement plan. All grounds for an appeal of an APPR or improvement plan must be raised with specificity as a part of the initial submission of the appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

D). The principal initiating the appeal has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which relief is sought.

E). Appeal Process

Step One:

An appeal must be filed in writing within fifteen (15) calendar days of the presentation of the document (yearly evaluation and/or improvement plan) to the principal or the right to appeal shall be deemed as waived in all regards.

The Superintendent and the Appellant shall meet to discuss the appeal within ten (10) calendar days. The Superintendent or designee will render a written response to the appeal within ten (10) calendar days of the meeting. The response will include all additional documents or written materials relevant to the point(s) of disagreement that support the district's response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in the deliberations related to the resolution of the appeal.

Step Two

In the event first step does not change the rating, appellant will have the right to access the Appeal Panel. The Appellant may file an appeal to the Superintendent requesting the Appeal Panel no later than (7) calendar days after receiving the written response from step one.

Panel*:

- District Office Representative (selected by Superintendent)
- Outside Evaluator* (selected by Superintendent)
- Outside Evaluator* (selected by Appellant)

*A pool of 5 evaluators will be mutually selected in the beginning of the school year from the BOCES list of available outside evaluators.

H). The Appeal Process shall provide the principal with the opportunity to meet with the panel within fifteen (15) calendar days of the date the principal's request was received.

I). Nothing in this appeals process shall in any way restrict or affect the District's non-reviewable authority to terminate the appointment of or deny tenure to a probationary principal, and any such termination or denial shall not in any way be subject to challenge through the grievance and arbitration provisions of the collective negotiations agreement between the Parties or in any other forum.

J). A written decision on the merits of the appeal shall be rendered no later than ten (10) calendar days from the close of the Appeal Panel hearing. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district's response to the appeal and additional documentary evidence submitted with such papers. The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained, the reviewer may set aside or modify a rating. The decision of the appeal panel is final and binding. A copy of the decision shall be provided to the principal, the Superintendent and all members of the Appeal Panel.

K). The above appeals procedure shall constitute the exclusive means for initiating, reviewing, and resolving any and all challenges and appeals related to principal's APPR or Improvement Plan. A principal may not resort to any other grievance or arbitration procedures contained within the collective bargaining agreement or to any administrative or judicial forum for the resolution of challenges and appeals related to the APPR or Improvement Plan.

Annual Professional Performance Review - Education Law §3012-d

Task 11. Additional Requirements (Principals) - Tasks 11.1-11.9

Page Last Modified: 08/01/2016

L). A challenge or determination under this appeal process shall not be the subject of a grievance, and the arbitration provisions of the Collective Negotiations Agreement shall not apply to any such challenge or determination. The principal retains any defenses he or she may have in the event the APPR or PIP is utilized in a subsequent 3020-a or 3020-b proceeding. An evaluation that is the subject of an appeal shall not be sought to be offered in evidence or placed in evidence in any proceeding conducted pursuant to Education Law sections 3020-a and 3020-b or any locally negotiated alternate disciplinary procedure until the appeal process is concluded.

M). Upon request by either the District or the Association, this appeal process will be annually reviewed to assess its effectiveness. Any changes will be mutually agreed to in writing by both parties and approved by the Commissioner as a material change.

Appeal procedures shall provide for the timely and expeditious resolution of any appeal.

Nothing shall be construed to authorize a principal to commence the appeal process prior to receipt of his or her rating from the district.

11.5) Assurance: Evaluators

Please check the box below.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Annual Professional Performance Review - Education Law §3012-d

Task 11. Additional Requirements (Principals) - Tasks 11.1-11.9

Page Last Modified: 08/01/2016

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Process for certification and re-certification of lead evaluators and independent evaluators.

The District has established procedures to train and certify lead evaluators and independent evaluators. The process involves professional development opportunities for lead evaluators, evaluators, and independent evaluators inside and outside the school district, direct training opportunities through professional conferences, the use of Erie 1 BOCES Administrative Leadership Co-Ser, the Erie 1 BOCES Instructional Development Advisory Board, and the Erie 1 BOCES Common Set of Learning Objectives Co-Ser. The Clarence Annual Professional Performance Review plan does not include the option of peer evaluators. The training program shall provide training on:

1. the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
2. evidence-based observation techniques that are grounded in research;
3. application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart;
4. application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;
5. application and use of any assessment tools that the district utilizes to evaluate its classroom teachers or building principals;
6. application and use of any locally selected measures of student growth used in the optional subcomponent of the student performance category used by the district to evaluate its teachers or principals;
7. use of the statewide instructional reporting system;
8. the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their category ratings; and
9. specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

Each year the Clarence Central School District will review and update its Professional Development Plan. The Professional Development Plan outlines the priority elements for faculty and staff learning opportunities and will also include training requirements for lead evaluators, evaluators, observers, and independent evaluators. The update to the Professional Development Plan will be approved annually by the Board of Education at their June meeting.

At each August Board of Education meeting, the Clarence Board of Education will formally act on a resolution to certify/recertify that lead evaluators, evaluators, and independent evaluators have been appropriately trained and are qualified as per the requirements of the Regents Rules, §30-3.10 (b) and (c). The Board of Education will receive a log of all training activities and events that have occurred during the prior school year. The log will contain a description of the training activities and/or events, the time spent on each training activity, and the training elements from Education Law §30-3.10 (b) and (c) that were addressed.

The District will focus professional development opportunities in the following areas through both K- 12 District-wide staff development and embedded classroom learning experiences. The Curriculum team will act in a lead role in the development, planning and execution of these opportunities for faculty and staff based on the needs of our students. The Curriculum team will have a specific focus on providing a coaching and mentoring model to teachers, and will be essential in assessing the needs, prioritizing those needs and creating innovative solutions to help better assist teachers in their professional growth. The Curriculum Team will also provide facilitation to a now expanded Instructional Leadership Team to provide guidance and further support in the implementation of these District initiatives.

Initial certification of all evaluators (Lead Evaluators, Evaluators, and Independent Evaluators) will be conducted for a minimum of three days.

Recertification of all evaluators will be conducted for a minimum of one day.

Inter-rater reliability for all evaluators, lead evaluators, and observers will be facilitated by individual and small group practice with rating lessons based on teacher videos provided by the District, ASCD, Learning Sciences International, and SED. Principals will practice utilizing rubrics associated with the Marzano Causal Teaching Evaluation System to make judgments of teachers in the videos, and the learning community of evaluators will share feedback points. The scores will be calibrated and practice will continue until inter-rater reliability is assured. Inter-rater reliability training will take place in summer administrative retreats.
