Lisa J. Ruiz, Superintendent  
East Rockaway Union Free School District  
443 Ocean Avenue  
East Rockaway, NY 11518

Dear Superintendent Ruiz:

Congratulations. I am pleased to inform you that your educator evaluation plan ("plan") meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your educator evaluation form, including the certifications and assurances that are part of your approved plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visit category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visit category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa  
Commissioner

**Disclaimers**

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

**APPR Assurances****Please check all of the boxes below**

- Assure that a detailed version of the LEA's entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that this APPR plan will be posted on the LEA's website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.

**Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

*100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.*

**Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.**

**Student Learning Objectives (SLOs)**

For guidance on SLOs, see NYSED SLO Guidance.

**SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.**

**MEASURES**

*SLO measures may be either individually attributed or collectively attributed.*

*Individually attributed measures*

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

**ASSESSMENTS**

*Any of the measures above may be used with one or more of the following assessment types.*

**Educator Evaluation - Education Law §3012-d, amended in 2019**

Task 2. TEACHERS: Required Student Performance - Information and Assurances

- **State assessment(s);** or  
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

**HEDI Scoring Bands**

Highly Effective			Effective			Developing		Ineffective												
20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0

**SLO Assurances**

**Please check the boxes below.**

- Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

**Educator Evaluation - Education Law §3012-d, amended in 2019****Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent**

---

Page Last Modified: 06/11/2021

**Optional Student Performance Subcomponent**

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

*Percentage of Student Performance category to be locally determined if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A)** A second SLO, provided that this SLO is different than that used in the required subcomponent;
- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- **Option (C)** A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

**Educator Evaluation - Education Law §3012-d, amended in 2019**

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 01/06/2022

**Teacher Observation Category**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

**Teacher Practice Rubric**

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2013 Revised Edition)	(No Response)

**Rubric Assurances**

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

**Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

**Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.**

All observable subcomponents and domains will be weighted equally and averaged. In a formal observation all teachers will be rated in all domains and subcomponents in the Danielson Rubric in which all subcomponents and domains are equally weighted. and averaged. For an informal observation, all teachers will be rated on domains 2 and 3.in which all subcomponents and domains will be weighted equally and averaged. All observable components are rated as either ineffective, developing, effective or highly effective. Each component is assigned a number rating from 1 ineffective, 2 developing, 3 effective, 4 highly effective. Scores from multiple observations from the same observation type will be weighted equally. Observations by the lead evaluator will be weighted 90% and independent observer will be weighted 10%.

**Educator Evaluation - Education Law §3012-d, amended in 2019**

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 01/06/2022

**Scoring Assurances**

**Please check each of the boxes below.**

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Teacher Observation Scoring Bands**

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
<b>H</b>	3.5 to 3.75	4.0
<b>E</b>	2.5 to 2.75	3.49 to 3.74
<b>D</b>	1.5 to 1.75	2.49 to 2.74
<b>I</b>	0.00*	1.49 to 1.74

*\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

**HEDI Ranges**

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.50	4.00

Please select a minimum value between 2.50 and 2.75 and a maximum value between 3.49 and 3.74 for the Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Effective:	2.50	3.49

Please select a minimum value between 1.50 and 1.75 and a maximum value between 2.49 and 2.74 for the Developing range.

**Observation Assurances**

**Please check all of the boxes below.**

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required observations will be unannounced.

**Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators**

Page Last Modified: 06/11/2021

**Appeal Assurance****Please check the box below.**

- Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

**Appeals**

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

**Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.**

Appeals of Annual Professional Performance Reviews shall be limited to those performance reviews in which any teacher received a rating of "Ineffective" or a tenured teacher received a rating of "Developing." Teachers may appeal the substance of the Annual Professional Performance Review, the school district's adherence to the standards and methodologies required pursuant to Education law 3012-d, and/or the adherence to the regulations of the Commissioner and compliance with locally negotiated procedures, as well as the district's issuance and/or implementation of the terms of any teacher improvement plan. All such appeals shall be submitted to the Superintendent in writing within 15 calendar days of the teacher's receipt of the annual performance review. The Superintendent's decision shall be final and binding, and not subject to the grievance procedure or to review in any forum.

The superintendent's decision will be rendered within 30 school days after the appeal is submitted.

---

Page Last Modified: 01/06/2022

**Training Assurance****Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

**Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

**Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**

All evaluators (lead evaluators, evaluators and independent evaluators) who are responsible for the observation and evaluation of teachers, will be trained by the Nassau BOCES or by superintendent and the assistant superintendent of curriculum and instruction and certified by the East Rockaway Board of Education. East Rockaway does not include peer observers in its evaluation process. Training during the instructional supervision meetings will include at least 10 hours of professional development that will address the 9 required elements found in section 30-3.10 of the Regents rules, and is based on training provided by Nassau BOCES or the instructional supervision team lead by the superintendent and the assistant superintendent of curriculum and instruction. Analysis of scoring of common videotape and written scripts are used to establish inter-rater reliability. The instructional supervision team includes the superintendent, assistant superintendent for curriculum and instruction, principals, assistant principals, directors of health & physical education, pupil personnel services, technology and high school chairpersons. Meetings of the district instructional supervision team regularly include discussion of performance evaluation. Through ongoing dialog and sharing, administrators, as a group, refine performance evaluation practices to maximize their effectiveness and inter-rater reliability. All evaluators will be re-certified on an annual basis by the Board of Education at its July reorganization meeting. All evaluators will be retrained annually in district by a formal process of recalibration during the instructional supervision process which consists of 16 hours of retraining. Throughout the year, all evaluators will review rubrics, exemplars, model video lessons and provide evidence to align with the rubric. This is ongoing throughout the year.

**Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

For guidance on SLOs, see NYSED SLO Guidance.

*SLO measures may be either individually attributed or collectively attributed.**Individually attributed measures*

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

**Assurances****Please check all of the boxes below.**

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.

Page Last Modified: 01/12/2022

**Principal School Visit Category**

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals’ professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

**Principal Practice Rubric**

**Rubric Assurances**

**Please check all of the boxes below.**

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Educator Evaluation - Education Law §3012-d, amended in 2019

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 01/12/2022

Please describe the process for rating and scoring the selected practice rubric consistent with the Department’s regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All observable components will be weighted equally and averaged. Subcomponents in the Marzano School Leader Evaluation Rubric were negotiated with principals and those that were agreed upon are weighted equally. For each school visit all observed subcomponents in a domain are rated and weighted equally and averaged to create a domain score which is then weighted equally and averaged to calculate a final score for each school visit type. The district will ensure that all subcomponents designated as observable components will be observed at least once across each school cycle. The scores from multiple observations of the same school visit type will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

  - (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
- (2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and
- (4) the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

**Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.**

Appeals of APPR shall be limited to those performance reviews in which the principal received a rating of "ineffective" or a tenured principal received a rating of "developing" or ineffective." Principals may appeal the substance of the Annual Professional Performance Review, the school district's adherence to the standards and methodologies required pursuant to Education law 3012-d, and Subpart 30-3 of the Rules of the Board of Regents, and/or the adherence to the regulations of the Commissioner and compliance with locally negotiated procedures, as well as the district's issuance and/or implementation of the terms of any principal improvement plan. Upon receipt of the principal's rating, the principal may submit an appeal, in writing, to the Superintendent within twenty (20) school days. If a principal is challenging the content of a principal improvement plan, appeals must be filed within twenty (20) school days of the issuance of such plan. The Superintendent will respond within five (5) school days. If the principal's appeal to the Superintendent is denied, the principal may appeal to the President of the Board of Education. All such appeals to the President of the Board of Education shall be submitted in writing within twenty (20) school days from the Superintendent's response. All evidence in support of each ground for appeal shall be submitted to the President of the Board within said time frame. Members of the panel will be selected randomly from each group. The panel will review all evidence submitted. Each member of the three (3) person panel will submit a confidential determination, to either uphold the evaluation or sustain the appeal, to the President of the Board of Education within fifteen (15) days following the appeals committee meeting. The President of the Board of Education will communicate, in writing, the majority decision to the Principal and Superintendent within five (5) business days of receiving each panel member's determination. The decision of the panel shall be final, and not subject to appeal in any forum.

Page Last Modified: 01/06/2022

**Training Assurance****Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

**Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

**Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.**

All evaluators (lead evaluators, evaluators and independent observers) for principals shall have completed all required modules of principal evaluation training through Nassau BOCES, and shall be certified by the Board of Education. There are no peer observers for principals. Nassau BOCES provides turn-key training for Principal Evaluators. The training covers the nine content areas of §30-3.10b. Training is conducted in four full day sessions provided during the school year. All evaluators will continue to attend all new training modules as required, including calibration for inter-rater reliability. All evaluators will also take advantage of training offered through NYS Council of School Superintendents and other venues. The Board of Education will re-certify all evaluators annually at its July reorganization meeting. This will occur annually and will consist of at least 12 hours of retraining by the superintendent and or the assistant superintendent for curriculum and instruction. The superintendent and the assistant superintendent for curriculum and instruction will review the Marzano rubric and discuss the subcomponent ratings. In addition, the aforementioned staff will conduct building visitations together and debrief on the findings in each subcomponent and compare findings to ensure inter-rater reliability.
