Educator Evaluation Plan - Variance

Robert Miller, Superintendent
Ellicottville Central School District
5873 Route 219
Ellicottville, NY 14731

Dear Superintendent Miller:

Congratulations. I am pleased to inform you that your educator evaluation plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

NOTE:

Only documents that are incorporated by reference in your educator evaluation plan variance application have been reviewed and are considered as part of your approved educator evaluation plan variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your educator evaluation variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA’s evaluation system and differentiation among educators within each subcomponent and category of the evaluation system.

Your variance is approved for the 2021-22 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current plan as approved by the Commissioner.
Educator Evaluation COVID-19 Variance (Education Law 3012-d)

For guidance related to the Educator Evaluation variance, see NYSED Educator Evaluation Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Educator Evaluation plan requirements, while complying with the requirements of Education Law §3012-d.

This streamlined form is provided for a variance related only to the ongoing COVID crisis. Districts seeking approval of a variance for a “New and Innovative” Educator Evaluation plan should contact APPRVariance@nysed.gov.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA’s currently approved Educator Evaluation plan. However, please note that all other terms as are present in the LEA’s currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA’s Educator Evaluation plan during the approved term of the variance. In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d Educator Evaluation plan, the provisions of the approved variance will apply during the approved term of the variance.

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Please check the appropriate box below.

- Assure that any task not included in the following variance request(s) for teachers will be carried out in the manner described in the currently approved Educator Evaluation plan.

Principal Variance

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluation. Therefore, when completing a variance request for the evaluation of principals, the processes identified must be aligned to such requirements.

Please check the appropriate box below.

- Assure that any requested variance for principal evaluation is aligned to the requirements for teacher evaluation provided in Education Law Section 3012-d and that any task not included in the following variance request(s) for principals will be carried out in the manner described in the currently approved Educator Evaluation plan.
Required Student Performance Subcomponent

For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Education Law §3012-d requires that each teacher have a Student Learning Objective (SLO) consistent with a goal-setting process based on appropriate growth targets. The process must include, at a minimum, the following elements:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components),
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance),
- A method for converting student results to a score on a scale from 0-20,
- A scale for conversion of the score of 0 to 20 to a HEDI rating.

This requirement must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Details

*Please read the questions below and answer each prompt in a concise manner.*

**Rationale**

Please provide a rationale for this variance request.

> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.

Given the impact that COVID-19 is having on our small, rural District, we may find it very difficult to complete the number of required observations we have indicated in our approved APPR plan.

1. Our approved plan calls for a minimum of two (2) announced observations by the Principal and one (1) unannounced observation by an Independent Evaluator for **probationary teachers**.
2. Our approved plan calls for a minimum of one (1) announced observation by the Principal and one (1) unannounced observation by an Independent Evaluator for **tenured teachers**.
3. When our plan was created and approved, we had approximately four (4) **probationary teachers** and the number of observations was somewhat manageable. However, due to many unforeseen circumstances (retirements, teachers taking positions in other Districts, etc.) we now have ten (10) **probationary teachers** which translates to an additional eighteen (18) more observations than when the plan was written.
4. Compounding our situation is that fact that, due to COVID:
   - We have already experienced one week this year where we have had to switch to remote learning.
   - We anticipate that we will have more instances where we will have to temporarily transition to remote instruction for one or more periods of time again this year given the current trend of COVID-19 cases in Western New York.
   - Principals have had to rearrange their schedules on multiple days to cover for staff that is absent. Their doing this has allowed us to stay open. However, they would not be able to do provide such assistance with coverage if they also had a scheduled observation.
   - The Principals are also spending extra time attending to the changes in schedules, instructional models, social emotional needs of students, etc.; further limiting their ability to dedicate time to observations.

Given these issues unique to the COVID-19 Pandemic, this variance has been designed to offer increased flexibility to ensure meaningful observations, evaluations and conversations between teachers and principals centered around instructional practices and student achievement/learning.

********************************************************************************************************************

For clarification purposes:

- Principal / Administrator Announced Observations = Formal Observations
- Principal/Administrator Unannounced Observations = “Walkthrough” Observations
- Due to limitations in the form, unannounced observations was “checked” to offer maximum flexibility to Tenured Teachers and Principals. This allows for spontaneous observations at a Teacher's request or Principal availability. However, this does not prohibit a Principal from scheduling (announcing) an observation.
- During COVID and the period of this variance, scheduling an announced observation can happen, by agreement of Teacher and Principal, 24 hours or more in advance of the observation. It should be noted that this varies from the current teacher CBA.
- For all formal observations, the Teacher will be responsible to submit a lesson plan, pre-conference form and post conference form, regardless of if the observation was announced or unannounced. In the event an observation was unannounced, the teacher will submit all forms to the Principal within a reasonable time frame after the observation (discussed between Teacher and Principal), and, in these cases, the pre-observation should ONLY be filled out to the greatest extent possible, as some questions may not apply.
- Walkthrough observations will be unannounced.
- Remote Observations will ONLY be used if the school is in an extended remote instructional model AND NYS mandates observations MUST be conducted remotely. An exception to this would be if a Teacher requests that a Principal observe her/him remotely.
- Video observations may ONLY be used by mutual agreement of both the teacher and the principal.
Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.

- The District will continue to use the agreed upon observable indicators from 2014 NYSUT Teacher Practice Rubric for actual observations.
- It is understood that observable indicators "via" teacher observations are aligned with the 2014 Edition of the NYSUT Teacher Practice Rubric and have been agreed to by the District and the Teachers' collective bargaining unit. It is further understood that ALL agreed upon indicators MUST be observed each year for each teacher. These indicators do not need to be observed in each observation BUT they MUST be observed in either the teacher’s announced or unannounced observation (and, they may be observed in both). Please note: If an indicator/indicators is/are not observed in the minimum number of required observations, the teacher and principal may mutually agree to additional observations to observe said indicator/indicators. The format of extra observations will be also be agreed on prior to actual observations.
- Under this model all tenured teachers will be observed at least one time, and probationary teachers will be observed at least two (2) times (one announced and unannounced by their principal).
- Tenured teachers and observers will hold a collegial meeting in lieu of the "Independent Evaluator" observation for these teachers. This meeting will not be "scored," as it is designed to provide for meaningful, open, and honest dialogue. During this meeting, the teacher and principal will discuss progress this year using the agreed upon observable indicators as a conversation guide.
- In lieu of using independent evaluators, all probationary teachers will receive their unannounced observation by their principal.

Observation Assurances
Please check each of the boxes below as applicable to all teachers included in this teacher observation variance request.

- Assure that the process for assigning points for the Teacher Observation category will be consistent with the process described in the LEA's approved Educator Evaluation plan and/or this variance application and in compliance with Education Law Section 3012-d.
- Assure that once all observations are complete, the process for determining an overall Teacher Observation category score and rating will incorporate the evidence collected across all observations to produce an overall Teacher Observation category rating on a HEDI scale.
- Assure that it is possible for a teacher to obtain any number of points in the applicable scoring ranges, including zero, in each subcomponent.
Category and Overall Ratings
For guidance on Educator Evaluation scoring, see NYSED Educator Evaluation Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

*These requirements must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.*

Variance Request
LEAs may use this variance application to define the HEDI ranges for the Student Performance and/or Teacher Observation category that is different than those included in the Commissioner’s regulations.

*Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.*

Please make the appropriate selection below.

☐ A variance is not requested for category ratings for teachers.
Additional Requirements for Teachers

For more information on the additional requirements for teachers, see NYSED Educator Evaluation Guidance.

Education Law §3012-d requires that a complete Educator Evaluation plan must include a process for teacher improvement plans, appeals, and evaluator training as determined by the Commissioner. The following minimum requirements under Education Law §3012-d are applicable to teachers:

- A form for development of a Teacher Improvement Plan,
- A timely and expeditious process for resolving educator’s appeals of Evaluation ratings,
- A process for training all evaluators of applicable educators.

_These requirements must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply._

Variance Request

LEAs may use this variance application to develop a process for Teacher Improvement Plans, appeals and/or training in a manner that differs from the process described in the Commissioner’s regulations.

_Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan._

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.
> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the principal school visit variance request.

Given the impact that COVID-19 is having on our small, rural District, we may find it very difficult to complete the number of required observations we have indicated in our approved APPR plan.
1. Our approved plan calls for a minimum of two (2) announced school visits by the Superintendent and one (1) unannounced school visit by an Independent Evaluator for probationary principals.
2. Our approved plan calls for a minimum of one (1) announced school visits by the Superintendent and one (1) unannounced school visit by an Independent Evaluator for tenured principals.
3. We typically apply for a hardship waiver for the Independent Evaluator, but this year the superintendent will conduct all school visits per this waiver.
4. Compounding our situation is that fact that, due to COVID:
   • We have already experienced one week this year where we have had to switch to remote learning.
   • We anticipate that we will have more instances where we will have to temporarily transition to remote instruction for one or more periods of time again this year given the current trend of COVID 19 cases in Western New York.
   • The Superintendent and Principals have had to rearrange their schedules on multiple days to cover for staff that is absent. Doing this has allowed us to stay open. However, we would not be able to do provide such assistance with coverage if we also had strict scheduled school visits.
   • The Superintendent and Principals are also spending extra time attending to the changes in schedules, addressing an increase in the number of positive COVID cases (which requires a tremendous of time when contact tracing), and completing forms and paperwork that simply did not exist pre-COVID. These activities further limit their ability to dedicate time to school visits.

Given these issues unique to the COVID-19 Pandemic, this variance has been designed to offer increased flexibility to ensure meaningful school visits, evaluations and conversations between the superintendent and principals centered around best practices.

Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures and/or evidence of principal practice that will be used to evaluate educators.

• The District will continue to use the Multidimensional Principal Performance Rubric for principal school visits.
• Under this model all tenured principals will have at least one school visit by the superintendent, and probationary principals will have least two (2) school visits (one announced school visit by the superintendent and one unannounced school visit by the superintendent).
• Tenured principals and the superintendent will hold a collegial meeting in lieu of the "Independent Evaluator” school visit. This meeting will not be "scored,” as it is designed to provide for meaningful, open, and honest dialogue. During this meeting, the principal and superintendent will discuss progress this year using the Multidimensional Principal Performance Rubric as a conversation guide.
• In lieu of the school visit by an Independent Evaluator, probationary principals will have an additional unannounced school visit by the superintendent.
• Review of applicable documents and available data will occur during school visits in order to best demonstrate and explain the overall work of the principal.

Robert Miller, Superintendent
Ellicottville Central School District
5873 Route 219
Ellicottville, NY 14731

Dear Superintendent Miller:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner’s Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

NOTE:
Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.
Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances

Please check all of the boxes below

- Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Submission of material changes to an APPR plan approved pursuant to Education Law §3012-d
Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☑ Assure that the growth score provided by NYSED will be used, where required.
- ☑ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☑ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☑ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance.

Please check the boxes below.

- Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all growth targets are approved by the superintendent or another trained administrator.
- Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

• If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
• If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category or guidance on the use of alternate SLOs during the transition period, see NYSED APPR Guidance.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses. If all other courses listed in Original Task 2.10 are using Alternate SLOs, and such Alternate SLOs will be based on the same measures and assessments, please select “Other Courses as listed in Original Task 2.10” in the Applicable Course(s) column.

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 3) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

**NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.**
4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

<table>
<thead>
<tr>
<th>Rubric Name</th>
<th>If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.</th>
</tr>
</thead>
<tbody>
<tr>
<td>NYSUT Teacher Practice Rubric (2014 Edition)</td>
<td>(No Response)</td>
</tr>
</tbody>
</table>

4.2) Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in Task 4.1 above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check each of the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check each of the following boxes.

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

4.5) Teacher Observation Subcomponent Weighting

Required Subcomponents:
- Observations by Principal(s) or Other Trained Administrators: At least 80% of the Teacher Observation category score
- Observations by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent:
- Observations by Trained Peer Observer(s): No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

* If the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.

Please indicate the weight of each observation type and be sure the total of the weights indicated equals 100%.
4.6) Assurances

Please check all of the boxes below.

- Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.
- Assure that, if observations are being conducted by trained peer observer(s), these teacher(s) received an overall rating of Effective or Highly Effective in the previous school year.
- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that independent evaluator(s) will be trained and selected by the district/BOCES.
- Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.
- Assure that at least one of the required observations will be unannounced.

5.3) Assurances

Please check all of the boxes below.

- Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that it is possible to obtain a zero in each subcomponent.
- Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.
- Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same school district, each of whom received an Ineffective rating under Education Law §3012-d in the year immediately prior to the school year in which the student is placed in the teacher's classroom unless the district has a Department-approved waiver from this requirement.
For more information on the additional requirements for teachers, see NYSED APPR Guidance.

6.1) Assurances: Teacher Improvement Plans

Please check each of the boxes below.

- Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

6.2) Attachment: Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES.

TIP-First Draft.docx

6.3) Assurance: Appeals

Please check the box below.

- Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law 3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the school district's/BOCES' issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

1) Any classroom teacher subject to NY Education Law §3012-d and Subpart 30-3 who disagrees with his/her final rating may submit a written statement outlining the basis for his/her disagreement, which shall be included in his or her file along with the disputed Annual Professional Performance Review.

2) Formal appeals of a final APPR may be filed in accordance with the procedures below. In a formal appeal of a final APPR, a classroom teacher may challenge only:
   (a) the substance of the individual’s Annual Professional Performance Review;
   (b) the District’s adherence to the standards and methodologies required by Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents for such Annual Professional Performance Reviews;
   (c) the District’s compliance with negotiated procedures for conducting the Annual Professional Performance Review; or
   (d) the District’s issuance and/or implementation of the terms of a Teacher Improvement Plan (“TIP”) required by Education Law §3012-d.

3) Appeal to Administrator/Building Principal. Classroom teachers who have received a rating of Ineffective may appeal his/her rating to the Administrator/Building Principal who performed the review.

4) All appeals must be submitted in writing. The writing must explain in detail the specific basis for the challenge. All grounds for appeal must be raised with specificity within the initial appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived. All supporting documentation or other written materials specific to the point(s) of disagreement and relevant to the resolution of the appeal must also be submitted at the time the appeal is filed. Any information not submitted at the time the appeal is filed shall not be considered. A teacher may not file multiple appeals regarding the same APPR or TIP. In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which he or she seeks relief.

(b) An appeal must be submitted within fifteen school days of the receipt of the APPR and/or TIP which is the subject of the challenge, or it is deemed waived. For purposes of this appeal procedure, calendar days shall exclude the periods of the Winter, Mid-Winter and Spring recesses.
   (a) Upon receipt of the appeal, the Administrator/Building Principal involved will schedule a meeting to discuss the challenge will be scheduled within 5 school days. The classroom teacher may be accompanied by a union representative at this meeting.
   (d) Within fifteen school days of the meeting, the Administrator/Building Principal who issued the APPR and/or TIP shall submit to the teacher a detailed written response to the Appeal. The response must include any additional documents or written materials that support the response and are relevant to the resolution of the appeal.
   (e) For any classroom teacher who received a rating of “highly effective”, “effective” or “developing” the Administrator/Building Principal’s determination shall be final. If the teacher disagrees with the determination, he/she may submit a written statement outlining the basis for that disagreement to be included in his or her file along with the disputed Annual Professional Performance Review.

5) Appeal to the Superintendent. If a tenured classroom teacher received a rating of “ineffective,” and disagrees with the Administrator/Building Principal’s response, such teacher may file a further appeal to the Superintendent of Schools.
   a. The classroom teacher shall submit the initial appeal, the Administrator/Building Principal’s response, and a written statement explaining in detail the reason(s) for disagreement with the response, to the Superintendent of Schools within seven school days of receipt of the Administrator/Building Principal’s response.
   b. A meeting will be scheduled to discuss the appeal within seven days of receipt of the written appeal. The tenured classroom teacher may be accompanied by a union representative at this meeting.
   c. The Superintendent or Superintendent’s designee shall render a final determination on the challenge within ten school days thereafter. The decision of the Superintendent shall be final and binding on all the parties.

6) A challenge or determination under this appeal process shall not be the subject of a grievance, and arbitration provisions of the collective bargaining agreement shall not apply to any such challenge or determination. The teacher retains any defenses which he/she may have before a hearing officer in a 3020-a and/or 3020-b proceeding.

7) In accordance with Regents rules section 30-3.12, “Nothing in this section shall be construed to alter or diminish the authority of the governing body of a district to grant or deny tenure to or terminate probationary teachers or probationary building principals during the pendency of an appeal pursuant to this section for the statutorily and constitutionally permissible reasons, including the teacher’s or principal’s performance that is subject of the appeal”.

8) Exclusivity of section 3012-d appeal procedure: The 3012-d appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher performance review and/or improvement plan. A teacher may not resort to any other contractual grievance procedures, or to any other administrative or judicial forum, for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.
Please check the box below.

☑ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below.

☑ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☑ Assure that the evaluation system will be used as a significant factor for employment decisions.

☑ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.

☑ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☑ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments
6.9 Assurances: Data

Please check all of the boxes below.

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.
- Assure that procedures for ensuring data accuracy and integrity are being utilized.
Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments for which there is a State growth model (e.g., K-5, K-6, 6-8, 6-12, 9-12, etc.).

For principals where less than 30% of their students are covered under a State-provided growth measure, please use Task 7.2.

For the 2015-16 through 2018-19 school years, principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments set back-up SLOs based on Regents assessments.

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal. Principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments should continue to set back-up SLOs based on Regents assessments in the 2019-20 school year and thereafter.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, K-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for back-up SLOs.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: assessment(s) used

Follow the examples below.

7.1) Assurances

Please check the boxes below.

☐ Assure that the growth score provided by NYSED will be used, where required.

☐ Assure that, for principals of buildings that do not include all of grades 9-12, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator in the event that a State-provided growth score cannot be generated for that principal and that principals of buildings that include all of grades 9-12 will have back-up SLOs set by the superintendent or another trained administrator in all school years.

☐ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances

Please check all of the boxes below.

- Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- Assure that all growth targets are approved by the superintendent or another trained administrator.
- Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance and guidance on the use of alternate SLOs during the transition period.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

#### 7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
8.1) Use of the Optional Subcomponent for Student Performance Measures

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.
For guidance on the Principal School Visit category, see NYSED APPR Guidance.

**9.1) Principal Practice Rubric**

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

**9.2) Assurances**

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types as indicated in Task 9.1 above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

**9.3) Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

- All observable components will be weighted equally and averaged

**9.4) Calculating School Visit Ratings**

Assurances

Please check each of the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.
Please also check each of the following boxes.

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.

- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.

### 9.5) Principal School Visit Subcomponent Weighting

Required Subcomponents:
- School Visits by Supervisor(s) or other Trained Administrator(s): At least 80% of the Principal School Visit category score
- School Visits by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Principal School Visit category score

Optional Subcomponent:
- School Visits by Trained Peer Observer(s): No more than 10% of the Principal School Visit category score when selected

* If the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee.

Please indicate the weight of each school visit type and be sure the total of the weights indicated equals 100%.

9.6) Assurances

Please check all of the boxes below.

☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.

☑ Assure that, if school visits are being conducted by trained peer observer(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.

☑ Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑ Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.

☑ Assure that independent evaluator(s) will be trained and selected by the district/BOCES.

☑ Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.

☑ Assure that at least one of the required school visits will be unannounced.

☑ Assure that school visits will not be conducted via video.

### 10.3) Assurances

**Please check all of the boxes below.**

- Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
