Revised

Lynn Marie Fusco, District Superintendent
Erie One BOCES
355 Harlem Road
West Seneca, NY 14224

Dear District Superintendent Lynn Marie Fusco:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 2. TEACHERS: Required Student Performance - Information and Assurances**

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or

Educator Evaluation - Education Law §3012-d, amended in 2019

Task 2. TEACHERS: Required Student Performance - Information and Assurances

Assessment(s) that are selected from the list of State-approved:

- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

SLO Assurances

Please check the boxes below.

- Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Task 2. TEACHERS: Required Student Performance - Weighting

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent**

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A)** A second SLO, provided that this SLO is different than that used in the required subcomponent;
- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- **Option (C)** A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Educator Evaluation - Education Law §3012-d, amended in 2019

Task 4. TEACHERS: Observations - Rubric and Scoring

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All subcomponents will be weighted equally and averaged to get an overall score. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

Scoring Assurances

Task 4. TEACHERS: Observations - Rubric and Scoring

Please check each of the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score

Observation Assurances

Please check all of the boxes below.

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals**

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Erie 1 BOCES APPR Appeal Process - EPEA Erie 1 BOCES ("BOCES," hereafter), by its District Superintendent of Schools ("District Superintendent," hereafter), the Erie I Professional Education Association ("Association," hereafter), by its President, each for good and valuable consideration, hereby agree as follows:

1. The Association represents certified teachers and other licensed instructional professionals employed by BOCES. The following appeal process shall only be available to unit members covered under Education Law Section 3012-d and Subpart 30-3 of the Board of Regents regarding the Annual Professional Performance Review process ("APPR" hereafter). Further, this appeal process is only available to those applicable unit members who achieve an overall APPR rating of "developing" or "ineffective".
2. A unit member may appeal only the:
 - a. Substance of the Annual Professional Performance Review (APPR); which shall include the instance of a teacher rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation/School Visit Category based on an anomaly; as determined by the District.
 - b. District's adherence to the standards and methodologies required for such review;
 - c. District's compliance with its procedures for conducting the APPR;
 - d. District's issuance and/or implementation of the terms of the Teacher Improvement Plan;
 - e. District's adherence to regulations of the Commissioner of Education applicable to such review.
3. Such appeal must be submitted in writing to the administrator developing and implementing the APPR or Teacher Improvement Plan. The written submission must explain in detail the specific basis for the appeal. The appeal must be submitted within seven school days of the issuance of the APPR overall score or Teacher Improvement Plan, or other act under this section which is the subject of the appeal, or it is deemed waived. Along with his or her written appeal, the unit member may submit copies of any supporting documentation or written materials specific to the point(s) of disagreement and relevant to the resolution of the appeal. Any such additional information not submitted at the time the appeal is initially filed shall not be considered.
4. Within seven school days of receipt of the appeal, the administrator conducting the APPR or Teacher Improvement Plan shall submit a written determination on the merits of the appeal. The District administrator's response shall include copies of any and all additional documents or written materials that he or she considered in reaching a decision. The absence of a determination shall be deemed a denial of the appeal.
5. If the member received an "ineffective" or "developing" rating and disagrees with the administrator's determination of the appeal, the teacher may submit a copy of the appeal, the determination, and a written statement explaining in detail the basis for disagreement within seven school days either directly to the District Superintendent or to the Director of Human Resources who will convene a Labor-Management Panel to review the appeal. The Labor-Management Panel will consist of three members of the EPEA as chosen by the unit president or designee and two District representatives as chosen by the District Superintendent or designee but excluding the District Superintendent, the evaluating administrator and the unit member appealing his or her APPR or Teacher Improvement Plan as part of the Panel. The Labor-Management Panel shall provide the unit member with the opportunity to meet with the Panel within seven school days of the date the teacher's request was received (or such other convenient time as may be determined by the Panel and timely and expeditious as required under 3012-d), and shall render a final recommendation on the appeal within seven school days after the date on which the unit member was provided the opportunity to meet with the Panel. This recommendation will be delivered by the unit president to the District Superintendent who will make the final determination of the appeal within 10 school days upon receipt of the recommendation from the Panel.
6. The decision of the District Superintendent (or the decision of the District Administrator if not appealed to the Labor-Management Panel or directly to the District Superintendent) shall be final and binding on all parties. It shall not be subject to any further appeal through any other process including grievance or arbitration contained within the collective bargaining agreement.
7. Unit members may not file more than one appeal regarding the same APPR or Teacher Improvement Plan. All grounds for appealing a particular APPR or Teacher Improvement Plan must be raised with specificity within the initial appeal. Any grounds not raised at the time of the appeal is filed shall be deemed waived.
8. The above appeals procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a unit member's APPR or Teacher Improvement Plan. Unit members may not resort to any other grievance or arbitration procedures contained within the collective bargaining agreement or to any administrative or judicial forum for the resolution of challenges and appeals related to the APPR or Teacher Improvement Plan, except as otherwise authorized by law.
9. Upon request by either the EPEA or BOCES, this appeal process will be annually reviewed to assess its effectiveness. Any changes will be mutually agreed to in writing by both parties and approved by NYSED through a material change review.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Training**

Training Assurance

Please check the box below.

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

All Evaluators (lead, independent and all other evaluators) will complete training through the Erie 1 BOCES Instructional Resource Team, which consist of one (1) full day training and five (5) 1/2 day trainings throughout the year. All Evaluators are trained as leads. These trainings will include the nine required elements as outlined in Board of Regents rules 30-3.10 (for all evaluators, lead evaluators and independent evaluators). New Evaluators would take four (4) additional 1/2 day trainings to be initially certified. In addition, collaborative review and analysis of observation-based evidence and other professional evidence within Danielson's 2011 Rubric will take place during regular monthly administrative council/management team meetings and evaluator training meetings in order to ensure inter-rater reliability. Evaluators will utilize authentic evidence gathered during actual teacher observations, they will jointly review 3rd party provided video lessons, and they will discuss and review the nine criteria areas. All documentation of training and development activities will be kept on file. Upon gathering ample documentation that evaluators have been properly trained, the Superintendent will make the recommendation for the Board of Education to certify each evaluator to conduct evaluations. The in-district activities outlined and participation in regional meetings and trainings will be ongoing, and documentation of training will continue in order for all evaluators to be re-certified each year.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Assurances**

Teacher Evaluation Assurances**Please check all of the boxes below.**

- Assure that the LEA shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- Assure that the evaluation system will be used as a significant factor for employment decisions.
- Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any locally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the LEA shall compute and provide teachers with their APPR scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

Assessment Assurances**Please check all of the boxes below.**

- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

Data Assurances**Please check all of the boxes below.**

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the overall rating, as per NYSED requirements.
- Assure that procedures for ensuring data accuracy and integrity are being utilized.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 8. PRINCIPALS: Optional Student Performance - Use of the Optional Subcomponent**

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all programs or buildings with the same grade configuration in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A)** A second SLO, provided that this SLO is different than that used in the required subcomponent;
- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- **Option (C)** A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (F)** Four, five, or six-year high school graduation rates;
- **Option (G)** An input model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student achievement related to the Leadership Standards; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Educator Evaluation - Education Law §3012-d, amended in 2019

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals’ professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department’s regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All subcomponents will be weighted equally and averaged to get an overall score. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Scoring Assurances

Please check each of the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 11. PRINCIPALS: Additional Requirements - Appeals**

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Erie 1 BOCES APPR Appeal - Administrators Association Erie 1 BOCES ("BOCES," hereafter), by its District Superintendent of Schools ("District Superintendent," hereafter), the Erie I BOCES Administrators Association ("Association," hereafter), by its President, each for good and valuable consideration, hereby agree as follows:

1. The Association represents certified administrative professionals who provide service in instructional buildings and classrooms served by BOCES and as further defined in the collective bargaining agreement Article 1.01. The following appeal process shall only be available to unit members covered under Education Law Section 3012-d and Subpart 30-3 of the Board of Regents regarding the Annual Professional Performance Review process ("APPR" hereafter). Further, this appeal process is only available to those applicable unit members who achieve an overall APPR rating of "developing" or "ineffective".
2. A unit member may appeal only the:
 - a. Substance of the Annual Professional Performance Review (APPR); which shall include the instance of a principal rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation/School Visit Category based on an anomaly; as determined by the District.
 - b. District's adherence to the standards and methodologies required for such review;
 - c. District's compliance with its procedures for conducting the APPR;
 - d. District's issuance and/or implementation of the terms of the Principal/Supervisor Improvement Plan (PIP);
 - e. District's adherence to regulations of the Commissioner of Education applicable to such review.
3. Such appeal must be submitted in writing to the central office administrator developing and implementing the APPR or Principal/Supervisor Improvement Plan (PIP). The written submission must explain in detail the specific basis for the appeal. The appeal must be submitted within seven school days of the issuance of the APPR overall rating or Principal/Supervisor Improvement Plan, or other act under this section which is the subject of the appeal, or it is deemed waived. Along with his or her written appeal, the unit member may submit copies of any supporting documentation or written materials specific to the point(s) of disagreement and relevant to the resolution of the appeal. Any such additional information not submitted at the time the appeal is initially filed shall not be considered.
4. Within seven school days of receipt of the appeal, the central office administrator conducting the APPR or Principal/Supervisor Improvement Plan (PIP) shall submit a written determination on the merits of the appeal. The central office administrator's response shall include copies of any and all additional documents or written materials that he or she considered in reaching a decision. The absence of a determination shall be deemed a denial of the appeal.
5. If the member disagrees with the administrator's determination of the appeal, the unit member may submit a copy of the appeal, the determination, and a written statement explaining in detail the basis for disagreement within seven school days either directly to the District Superintendent or to the Director of Human Resources who will convene a Labor-Management Panel to review the appeal. The Labor-Management Panel will consist of three members of the Erie 1 BOCES Administrators Association as chosen by the unit president or designee and two District representatives as chosen by the District Superintendent or designee but excluding the District Superintendent, the evaluating central office administrator and the unit member appealing his or her APPR or Principal/Supervisor Improvement Plan (PIP) as part of the Panel. The Labor-Management Panel shall provide the unit member with the opportunity to meet with the Panel within seven school days of the date the unit member's request was received (or such other convenient time as may be determined by the Panel and timely and expeditious under 3012-d), and shall render a final recommendation on the appeal within seven school days after the date on which the unit member was provided the opportunity to meet with the Panel. This recommendation will be delivered by the unit president to the District Superintendent who will make the final determination of the appeal within 10 school days upon receipt of the recommendation from the Panel.
6. The decision of the District Superintendent (or the decision of the District central office administrator if not appealed to the Labor-Management Panel or directly to the District Superintendent) shall be final and binding on all parties. It shall not be subject to any further appeal through any other process including grievance or arbitration contained within the collective bargaining agreement.
7. Unit members may not file more than one appeal regarding the same APPR or Principal/Supervisor Improvement Plan (PIP). All grounds for appealing a particular APPR or Principal/Supervisor Improvement Plan (PIP) must be raised with specificity within the initial appeal. Any grounds not raised at the time of the appeal is filed shall be deemed waived.
8. The above appeals procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a unit member's APPR or Principal/Supervisor Improvement Plan (PIP). Unit members may not resort to any other grievance or arbitration procedures contained within the collective bargaining agreement or to any administrative or judicial forum for the resolution of challenges and appeals related to the APPR or Principal/Supervisor Improvement Plan (PIP), except as otherwise authorized by law.
9. Upon request by either the Erie 1 BOCES Administrator or BOCES, this appeal process will be annually reviewed to assess its effectiveness. Any changes will be mutually agreed to in writing by both parties and approved by NYSED through a material change review

Educator Evaluation - Education Law §3012-d, amended in 2019Task 11. PRINCIPALS: Additional Requirements - Training

Training Assurance**Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

All Evaluators (lead, independent and all other evaluators) will complete training through the Erie 1 BOCES Instructional Resource Team, which consist of one (1) full day training and five (5) 1/2 day trainings throughout the year. All Evaluators are trained as leads. New Evaluators would take four (4) additional 1/2 day trainings to be initially certified. These trainings will include the nine required elements as outlined in Board of Regents rules 30-3.10. In addition, collaborative review and analysis of observation-based evidence and other professional evidence within MPPR Rubric will take place during regular monthly Instructional Cabinet meetings and evaluator training meetings in order to ensure inter-rater reliability. All Evaluators will utilize authentic evidence gathered during actual principal observations, they will jointly review 3rd party provided video lessons, and they will discuss and review the nine criteria areas. All documentation of training and development activities will be kept on file. Upon gathering ample documentation that evaluators and lead evaluators and independent observers have been properly trained, the Superintendent will make the recommendation for the Board of Education to certify each evaluator to conduct evaluations. The in-district activities outlined and participation in regional meetings and trainings will be ongoing, and documentation of training will continue in order for all evaluators to be re-certified each year
