APPR Plan - Variance

John Bishop, Superintendent
Fort Plain Central School District
25 High St.
Fort Plain, NY 13339

Dear Superintendent Bishop:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.

Annual Professional Performance Review Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's APPR plan during the approved term of the variance. **In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.**

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Measures of Student Growth

Describe the measure(s) that will be used to evaluate teachers for the required student performance subcomponent (e.g., the SLO goal setting process; SLO components).

We are using the same SLO process that appears in our fully approved APPR Plan. The SLO development process for purpose of this variance will be the same. All elements of the SLO, including target setting and baseline data, are identical. The main difference is using a school wide measure for grade 7 through 12 teachers at the junior-senior high school for the 2020-21 school year.

Measures Assurance

Please check the box below.

☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.

Variance Details*Please read the questions below and answer each prompt in a concise manner.***Rationale****Please provide a rationale for this variance request.****> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the required student performance variance request.**

The rationale for a variance during COVID is focused on taking advantage of an opportunity to maximize the available instructional time when students are present for in-person learning. The plan focuses instructional time on teaching and learning in order to best meet the needs of students at every grade level and across all content areas.

The students of Fort Plain were disproportionately impacted during the closing of schools due to COVID. Many households lack a stable and reliable high speed internet connection resulting in a loss of instructional opportunities. This year's hybrid model, including an every other day learning schedule, further compounds the issue as in-person instructional time is greatly reduced.

A variance will permit time to focus instruction and address learning gaps that resulted from the COVID closure in the spring. Our primary goal for this 2020-21 school year is to use every available opportunity to address these learning gaps. The best way to achieve this goal is to maximize student - teacher contact time while students are present in school for instruction. Early transition to the School wide measure for grades 7-12 to streamline processes in SLO development and implementation to allow them to devote more of the limited time available to closing learning gaps.

The issues presented by COVID impacted our choice with respect to applying for a variance. Most notably, K-6 had already engaged in a significant SLO development process based on assessments selected in the district's full plan to begin the school year. At the high school, for grades 7-12, the opportunity remained available to harness time and focus instructional pedagogy. This one year variance serves the entire district well as we transition to the new building wide measures for 2021-22.

Standards and Procedures**Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.****> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.****> This description should include, but not be limited to, a description of the alternate measures of student growth and/or evidence of student learning that will be used to evaluate educators.**

For this year (2020-21), we're proposing a hybrid approach that we feel is in the best interest of identifying learning gaps due to the COVID pandemic and resulting interruption to in-person instruction. The elementary school (K-6) will continue to use the processes and procedures present in the district's approved APPR Plan. The Jr-Sr High School will move to a school wide measure based on selected Regents assessment results.

At the elementary level common branch teachers will continue to use STAR as a benchmarking tool. Benchmarking early in the school year was a priority at the K thru 6 grade levels. This approach will ensure student learning is monitored. More specifically, this approach will ensure that teachers remain focused on individual student growth measures rather than focusing on overall growth of a particular cohort of students. This model will continue to facilitate greater use of data to inform instruction as well as intervention.

The Jr-Sr High School is prepared to fully adopt a school wide measure as a basis for evaluating student growth. Over the summer and throughout the fall, under the direction of teacher leaders and administration, the Junior-Senior High School teachers have already realigned the curriculum to address potential learning gaps resulting from the COVID closure from March to June. Therefore, for the required subcomponent of the student performance category, all classroom teachers (including those of courses associated with a State assessment or Regents exam) shall have one or more SLOs based on the following Regents assessments: ELA, Living Environment and US History.

With respect to calculating scores, the development of SLO's at the Jr-Sr High School will be consistent with the district's approved APPR plan, including the use of multiple measures of baseline data to set individual targets representing a year's expected growth for each student.

Rigor

Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.

> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.

> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.

It was vital that we assessed any learning gaps due to the COVID closing to begin the 2020-21 school year. At the elementary level, students were benchmarked in ELA and Math in early September. Our goal was to align instruction, and support systems, to best meet the needs of our students. Students who needed additional supports were identified early in the school year.

At the Junior-Senior High School level much work was conducted during the closing, and throughout the summer, to ensure course curriculum was realigned. The goal was to ensure all learning standards were covered when school reopened. The department coordinators and administrators facilitated discussions to ensure the priority standards would be explicitly covered. This variance will permit flexibility to focus on addressing these gaps resulting from a loss of instruction during the spring without compromising the rigor of course content.

The development of SLO's at the Jr-Sr High School will remain rigorous and consistent with our approved APPR plan. All components for developing targets and strong SLO's will remain the same. The SLO development process will ensure academic rigor that is aligned to the NYS Regents exit outcomes. Retaining the SLO process from the district's current APPR plan will ensure a rigorous process for rating teachers.

Professional Learning

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

> This description may include, but is not limited to, methodologies and procedures for:

- **collecting information about educator effectiveness to inform professional learning,**
- **specific details regarding both the type(s) and extent of professional learning opportunities anticipated,**
- **processes for delivery of personalized learning opportunities, and**
- **use of data to measure the efficacy of such professional learning.**

Fort Plain CSD provides extensive professional learning opportunities for our staff each year. For this school year, our professional learning goals and opportunities are designed to ensure consistency in the adoption, and application, of Google Educator Suite. More specifically we adopted Google Classroom and a universal email system throughout the district. Neither were in place during the COVID closing. Our technology coordinators (teacher leaders) are providing training to teachers during monthly faculty and department meetings. They are also available to "troubleshoot" during the school day. Additionally, our school calendar was adjusted to front load the Superintendent Conference Days to begin the school year. This facilitated a greater opportunity for teachers to be provided training on the technology platforms being used. In addition, it ensured that technology would be used adequately and consistently.

Additional opportunities are being provided throughout the school year in the form of regular staff meetings, individualized support for teachers from administrators, and mentoring support for new and inexperienced teachers as appropriate. These supports, though not formalized, are ongoing and accessible at all times through the school year. Through these forms of PPE, district staff will provide feedback for teachers based on analyses of data to determine the effectiveness of educator practice.

This variance will be in place for this school year only. With that in mind, we will analyze the results from the NYS Regents exams to ensure instructional outcomes are being met. This data will be used to target and inform instructional practices. The data derived will also be used to analyze the effect of PPE on professional learning, including the efficacy of the PPE offered, for the next school year.

Effectiveness of Implementation

Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.

> This description may include, but is not limited to, processes and procedures for:

- collection and analysis of both short- and long-term data,
- the standard(s) used to measure the effectiveness of implementation, and
- how results will be used to inform future implementation.

Short and long term Regents, and related content area data will be reviewed in order to assess the effectiveness of instruction for this school year. Data will be examined to identify trends in student performance and their relationship to teacher effectiveness. The results of these analysis will be used to determine the effectiveness of the variance and, where appropriate, to inform its ongoing implementation. Where needed, the learning standards will be realigned to address learning gaps for many years to come.

David Ziskin, Superintendent
Fort Plain Central School District
25 High St.
Fort Plain, NY 13339

Dear Superintendent Ziskin:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

NOTE:

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Task 1. School District Information - Tasks 1.1, 1.2

Page Last Modified: 10/25/2016

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances**Please check all of the boxes below**

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)

Page Last Modified: 10/25/2016

Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

Please check the boxes below.

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 2. Transition Student Performance - Required (Teachers) - Task 2 Alternate SLOs

Page Last Modified: 10/25/2016

Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Task 4. Teacher Observation Category - Tasks 4.1-4.6

Page Last Modified: 10/25/2016

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.**4.1) Teacher Practice Rubric**

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

4.2) Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/SubcomponentsFor guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings**Assurances**

Please check the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 10/25/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Teacher Appeals Process**Appeals of Ineffective and Developing ratings only**

Appeals of annual professional performance reviews should be limited to those that rate a teacher as Ineffective or Developing only. A teacher who has a dispute with a Highly Effective or Effective rating may meet with the administrator and discuss the issues not agreeable to both parties and shall try to resolve the teacher's concern. The teacher maintains the right to attach a rebuttal to the APPR, but not to file a formal appeal.

What may be challenged in an appeal?

Appeal procedures should limit the scope of appeals under Education Law §3012-d to the following subjects:

- (1) the substance of the annual professional performance review; which shall include the instance of a teacher rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation/School Visit Category based on an anomaly, as determined locally.
- (2) the school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d and Subpart 30-3 of Commissioner's regulations;
- (3) the adherence to the Commissioner's regulations, as applicable to such reviews and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d; and
- (4) the school district's or board of cooperative educational services' issuance and/or implementation of the terms of the teacher improvement plan under Education Law §3012-d.

Prohibition against more than one appeal

A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

Burden of proof

In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

Teacher request for supporting documents

Within five (5) calendar days of receipt of the APPR, a teacher may request, in writing, that the administrator issuing the APPR provide the teacher a copy of any and all documents and written material upon which the APPR was based.

Timeframe for filing an appeal

All appeals must be submitted in writing no later than fifteen (15) calendar days of the date when the teacher receives his or her APPR. If a teacher is challenging the issuance of a teacher improvement plan, appeals must be filed with fifteen (15) calendar days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

Timeframe for District response

Within fifteen (15) calendar days of receipt of an appeal, the school district staff member(s) who issued the performance review or were or are responsible for either the issuance and/or implementation of the terms of the teacher's improvement plan must submit a detailed written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the school district's response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The teacher initiating the appeal shall receive a copy of the response filed by the school district, and any and all additional information submitted with the response, at the same time the school district files its response.

Appeals Committee

Appeals shall be referred for consideration by the APPR Appeals Committee, a committee made up of (1) two administrators (not to include the lead evaluator) from within the District and (2) two tenured teachers from within the District appointed by the President of the FPTA. The President will also select an alternate from within the District. All members of the committee and the alternate shall complete the training required of lead evaluators under the APPR regulations. It is the responsibility of the District to provide the necessary training required for all aspects of the APPR. Any financial cost will be paid by the District. The APPR Appeals Committee shall convene to consider an appeal within fifteen (15) calendar days of the filing of the appeal. The parties agree that in the event that a modification is necessary, the superintendent of schools and president of the FPTA will come to a mutual agreement as to how to proceed. If a mutual agreement cannot be reached the superintendent of schools will make the

final determination.

Determination of appeal

Upon the conclusion of its consideration of an appeal, each member of the committee shall vote to either uphold the APPR or modify the APPR. If the committee unanimously agrees on one of these choices, the committee shall give written notice of its decision to the appealing teacher, the president of the FPTA and the Superintendent of Schools, within three calendar days of their meeting and the decision of the committee shall be final. In the event the committee is not unanimous in its decision on an appeal, the committee shall write a brief statement setting forth and explaining his or her recommendation for disposition of the appeal. The committee members' written statements, together with the full record of the appeal, shall then be forwarded to the Superintendent of Schools- who in consultation with the FPTA president, shall issue a final decision on appeal within ten (10) calendar days of receipt from the committee.

Decision

A written decision on the merits of the appeal shall be rendered no later than forty-five (45) calendar days from the date upon which the teacher filed his or her appeal. The appeal shall be based on a written record, comprised of the teacher's appeal papers and any documentary evidence accompanying the appeal, as well as the school district's response to the appeal and additional documentary evidence submitted with such papers. Such decision shall be final.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained, the reviewer may set aside a rating if it has been affected by substantial error or defect, modify a rating if it is affected by substantial error or defect or order a new evaluation if procedures have been violated. A copy of the decision shall be provided to the teacher and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

Exclusivity of §3012-d appeal procedure

The §3012-d appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher performance review and/or improvement plan. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law.

6.5) Assurance: Evaluators**Please check the box below.**

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)

Page Last Modified: 10/25/2016

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: assessment(s) used**

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) assessment(s)
Grades K-6 Building	K	6	NYS Grade 4 ELA, NYS Grade 5 ELA, NYS Grade 6 ELA, NYS Grade 4 Math, NYS Grade 5 Math, NYS Grade 6 Math
Grades 7-12 Building	7	12	All applicable Regents assessments which are used to generate the principal's State-provided growth score

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the 2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

7.1) Assurances

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances**Please check all of the boxes below.**

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Page Last Modified: 10/25/2016

Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

All observable sub-components will be weighted equally and averaged for a final rating

9.4) Calculating School Visit Ratings

Assurances

Please check the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.

Page Last Modified: 10/25/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Principal Appeals Process

Only tenured principals who receive a rating of “ineffective” and “developing” on their APPR rating may appeal their APPR through the procedure herein. Ratings of “effective” and “highly effective” may not be appealed. Ratings of “ineffective” or “developing” for tenured principals may be appealed

Probationary principals who receive a rating of “ineffective” or “developing” may only submit a written response to any APPR which shall be filed with the APPR.

A tenured principal may file only one appeal from a single APPR, however there may be more than one ground cited for the appeal. Those eligible for an appeal shall simply be referred to as “principal” below.

“APPR” and “evaluation” are used interchangeably herein.

A principal has twenty-one (21) calendar days from receipt of his or her rating or PIP to submit a written appeal to the BOCES District Superintendent and Fort Plain Superintendent of Schools. This period shall be tolled for any days during said twenty-one-day period that the principal is on vacation or out sick. PIP implementation appeals may be filed within (21) calendar days of the full implementation of the PIP and process will remain the same as described below. The written appeal document prepared by the principal must clearly identify the grounds for appeal, and shall explain, in detail, why and how the APPR/PIP should be modified. The burden of proving a violation shall be on the principal.

Pursuant to Education Law section 3012-d, a principal may only challenge the following in an appeal: the substance of the annual professional performance review, which includes in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally; the District’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-d; the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures; or the District’s issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law section 3012-d.

The Fort Plain Superintendent of Schools or their designee shall have ten (10) calendar days to submit a response to the appeal to the BOCES District Superintendent. A copy of said response must be provided to the appealing principal. The scope of the response shall be limited to the issues or facts raised in the appeal. The Principal’s appeal, supporting documents and any submissions in reply to the appeal shall constitute the record of the appeal. The appeal shall be decided upon the record only. The BOCES District Superintendent or his/her designee, who shall be trained in accordance with the requirements of statute and regulations and possesses an appropriate administrative certification, will review the record of the appeal and then issue a written decision either BOCES denying the appeal or granting the appeal. In the event that the appeal is granted the BOCES District Superintendent has the authority to direct further administrative action and/or alter the APPR rating. Such decision shall be made and issued within thirty (30) days of receiving the appeal. The BOCES District Superintendent or his or designee’s decision on the appeal is final and binding in all regards and shall not be subject to review at arbitration, before any administrative agency, or in any court of law so long as the procedural requirements described herein were adhered to.

11.5) Assurance: Evaluators

Please check the box below.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal’s evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators
