APPR Plan - Variance

Valerie Henning-Piedmonte, Superintendent
Hastings-on-Hudson Union Free School District
27 Farragut Ave.
Hastings-on-Hudson, NY 10706

Dear Superintendent Henning-Piedmonte:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA’s evaluation system and differentiation among educators within each subcomponent and category of the evaluation system.

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.
Annual Professional Performance Review COVID-19 Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements, while complying with the requirements of Education Law §3012-d.

This streamlined form is provided for a variance related only to the ongoing COVID crisis. Districts seeking approval of a variance for a “New and Innovative” APPR Plan should contact APPRVariance@nysed.gov.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA’s currently approved APPR plan. However, please note that all other terms as are present in the LEA’s currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA’s APPR plan during the approved term of the variance. In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Variance Assurances

Please check all of the boxes below

☑ Assure that the contents of this form are in compliance with Education Law Section 3012-d.

☑ Assure that a detailed version of the LEA's variance is kept on file and that a copy of such variance will be provided to the Department upon request for review of compliance with Education Law Section 3012-d.

☑ Assure that this variance will be posted on the LEA's website, in addition to its current full APPR plan, no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.

☑ Assure that it is understood that this LEA's variance will be posted in its entirety on the NYSED website following approval.

Teacher Variance

Please check the appropriate box below.

☑ Assure that any task not included in the following variance request(s) for teachers will be carried out in the manner described in the currently approved APPR plan.

Principal Variance

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluation. Therefore, when completing a variance request for the evaluation of principals, the processes identified must be aligned to such requirements.

Please check the appropriate box below.

☑ Assure that any requested variance for principal evaluation is aligned to the requirements for teacher evaluation provided in Education Law Section 3012-d and that any task not included in the following variance request(s) for principals will be carried out in the manner described in the currently approved APPR plan.
Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Education Law §3012-d requires that each teacher have a Student Learning Objective (SLO) consistent with a goal-setting process based on appropriate growth targets. The process must include, at a minimum, the following elements:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components),
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance),
- A method for converting student results to a score on a scale from 0-20,
- A scale for conversion of the score of 0 to 20 to a HEDI rating.

This requirement must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Variance Request

LEAs may use this variance application to develop an SLO process for a teacher or group of teachers that differs from the process described in the Commissioner's regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

- A variance is not requested for the required student performance subcomponent for teachers.
- The details of the variance request for the required student performance subcomponent for teachers is described in the subsequent section.

Measures of Student Growth

Describe the measure(s) that will be used to evaluate teachers for the required student performance subcomponent (e.g., the SLO goal setting process; SLO components).

Following are the applicable elements of a new district-wide SLO using collectively attributed results that the district would like to employ for all teachers K-12:

Measure: District-wide SLO using collectively attributed results;

Population: All students enrolled in the following *Regents courses who also take the culminating Regents assessments in English, Algebra I, Global, US History, and Living Environment.

Evidence: The Regents Assessments that will be used are English, Algebra I, Global, US History, and Living Environment.

Baseline: Baseline data for the district-wide SLO will be calculated by averaging the five-year mean proficiency percentages for "all students" across these same five exams. This baseline is relevant in determining students' readiness for each of the courses listed in evidence (above) as they are the culminating assessments that comprise content that is expected to be taught, learned, and applied. Using a baseline that includes historical data means minimizes the possibility of any potential cohort effects related to a specific school year. Please see the baseline calculation below.

Target:
1) The target setting model is whole class growth (all students).
2) Our historical performance trends show that few students have fallen below proficiency standards. It will therefore make the most sense for us to provide a whole class target, to maintain the strong levels of performance we expect for all students. A similar rationale can be applied for why we will not be targeting subgroups.
3) The target is for the "all students" group to obtain a mean proficiency of 90% or above (across the five exams). This target takes into account both a commitment to rigor and an acknowledgement of the conditions created by the COVID-19 pandemic, including regression.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.

> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the required student performance variance request.

The district's currently approved APPR plan includes a variety of different measures and assessments to calculate teachers' Student Performance Category scores. We wish to change the current process. The district seeks a variance to employ a district-wide SLO for all teachers for a two-year period due to the pandemic. We believe it would be beneficial to do so because there has been a great deal of uncertainty in teacher instructional assignments, given the conditions created by COVID-19. Linking everyone to a district-wide SLO would address this in a way that honors the district's specific challenges and needs while also maintaining high expectations for instructional rigor for students. More specifically, challenges include fluid instructional assignments, short and longer term leaves of absence, and increased interdisciplinary work. The Regents Exams noted previously will provide evidence of student learning across content areas. Because students have moved through the K-12 system, all teachers have had ownership of the growth of all students being assessed.
Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures of student growth and/or evidence of student learning that will be used to evaluate educators.

To identify the need for a variance, the district began by reviewing the current APPR plan through the lens of the challenges and needs outlined above. The Assistant Superintendent for Curriculum and Instruction then met with the President of the Teacher's Union and President of the Administrator's union to review historical assessment data and discuss possibilities for a SLO that would reasonably address the challenges and needs while also ensuring the preservation of a high level of rigor for students. A committee was then formed to develop a district-wide SLO and engage in a target-setting process.

As stated in the Measure of Student Growth section, the historical assessment data was used to develop the district-wide SLO. This information is included here as well:

Baseline: Baseline data for the district-wide SLO will be calculated by averaging the five-year mean proficiency percentages for "all students" across these same five exams. This baseline is relevant in determining students' readiness for each of the courses listed in evidence (above) as they are the culminating assessments that comprise content that is expected to be taught, learned, and applied. Process Used to Describe the Student Performance Category Score:
The mathematical process that will be used to calculate the student performance category scores for all teachers will entail looking at the percentages of students in the "all students” group scoring "proficient" on each of the five exams, averaging those percentages, and comparing it against 90%. For an average that falls below 90%, a ratio will be used to determine the HEDI score. (For example, if the average for the "all students” group across the five exams is 75%, we would calculate the HEDI score using the ratio 75/90 and converting it to a percentage, which would fall into the effective range.)

Use of the Optional Student Performance Subcomponent & Weighting
Please indicate if the Optional subcomponent will be used in the process included in this variance request by making the appropriate selection below.

Task 3. TEACHERS: Optional Student Performance - Variance Request

Page Last Modified: 10/12/2021

Variance Request

LEAs may use this variance application to develop an optional second measure for a teacher or group of teachers that differs from the process described in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

☐ A variance is not requested for the optional student performance subcomponent for teachers.
Variance Request

LEAs may use this variance application to evaluate teacher practice in a manner that differs from the process described in the Commissioner’s regulations. Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

- A variance is not requested for the teacher observation category.
Category and Overall Ratings
For guidance on APPR scoring, see NYSED APPR Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

These requirements must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Variance Request
LEAs may use this variance application to define the HEDI ranges for the Student Performance and/or Teacher Observation category that is different than those included in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

☑ A variance is not requested for category ratings for teachers.
Additional Requirements for Teachers

For more information on the additional requirements for teachers, see NYSED APPR Guidance.

Education Law §3012-d requires that a complete APPR plan must include a process for teacher improvement plans, appeals, and evaluator training as determined by the Commissioner. The following minimum requirements under Education Law §3012-d are applicable to teachers:

- A form for development of a Teacher Improvement Plan,
- A timely and expeditious process for resolving educator’s appeals of APPR ratings,
- A process for training all evaluators of applicable educators.

These requirements must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Variance Request

LEAs may use this variance application to develop a process for Teacher Improvement Plans, appeals and/or training in a manner that differs from the process described in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Choose the appropriate response below.

- [ ] A variance is not requested for teacher improvement plans, appeals, or training.
- [ ] The details of the variance request applicable to teacher improvement plans, appeals, and/or training is described in the subsequent section.
Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

**100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.**

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluations, including the required student performance subcomponent. Therefore, the required student performance subcomponent variance request for principals must be aligned to the teacher evaluation requirements.

*This requirement must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.*

Variance Request

LEAs may use this variance application to develop a process to demonstrate student growth based on principal practice for a principal or group of principals that differs from the process described in the Commissioner’s regulations.

*Any principals not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.*

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.

> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the required student performance variance request.

The district's currently approved APPR plan includes a different measure and assessment to calculate principals' Student Performance Category scores. We wish to change the current process. The district seeks a variance to employ a district-wide SLO for all principals for a two-year period due to the pandemic. There are a number of reasons why the district believes that this is a good measure for principals under these circumstances. All principals contribute to the success of students in the named courses in multiple ways. First, all principals provide oversight and instructional leadership for teachers throughout the K-12 system. Teachers have, in turn, contributed to student performance on the Regents exams as students have progressed from one grade to the next and developed their content knowledge and success skills. Second, given the conditions of the pandemic, principals have had to support teachers in working in a more interdisciplinary fashion. In many instances, for example, teachers on a team or within a department, have had to assume shared responsibility for creating lessons and identifying resources. Third, teaching assignments, given the pandemic, have been flexible. Teachers have had to take on additional assignments, and/or partner to facilitate instruction at various points throughout the school year, sharing responsibility for student learning. Principals have been responsible for these teaching assignments.
Standards and Procedures

Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.

> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.

> This description should include, but not be limited to, a description of the alternate measures of student growth and/or evidence of student learning that will be used to evaluate educators.

To identify the need for a variance, the district began by reviewing the current APPR plan through the lens of the challenges and needs outlined above. The Assistant Superintendent for Curriculum and Instruction then met with the President of the Teacher’s Union and President of the Administrator’s union to review historical assessment data and discuss possibilities for a SLO that would reasonably address the challenges and needs while also ensuring the preservation of a high level of rigor for students. A committee was then formed to develop a district-wide SLO and engage in a target-setting process.

As stated in the Measure of Student Growth section, the historical assessment data was used to develop the district-wide SLO. This information is included here as well:

Baseline: Baseline data for the district-wide SLO will be calculated by averaging the five-year mean proficiency percentages for “all students” across these same five exams. This baseline is relevant in determining students’ readiness for each of the courses listed in evidence (above) as they are the culminating assessments that comprise content that is expected to be taught, learned, and applied. Using a baseline that includes historical data means minimizes the possibility of any potential cohort effects related to a specific school year. Please see the baseline calculation below.

Target:

1) The target setting model is whole class growth (all students).

2) Our historical performance trends show that few students have fallen below proficiency standards. It will therefore make the most sense for us to provide a whole class target, to maintain the strong levels of performance we expect for all students. A similar rationale can be applied for why we will not be targeting subgroups.

3) The target is for the “all students” group to obtain a mean proficiency of 90% or above (across the five exams). This target takes into account both a commitment to rigor and an acknowledgement of the conditions created by the COVID-19 pandemic, including regression.

Process Used to Describe the Student Performance Category Score:

The mathematical process that will be used to calculate the student performance category scores for all principals will entail looking at the percentages of students in the “all students” group scoring “proficient” on each of the five exams, averaging those percentages, and comparing it against 90%. For an average that falls below 90%, a ratio will be used to determine the HEDI score. (For example, if the average for the “all students” group across the five exams is 75%, we would calculate the HEDI score using the ratio 75/90 and converting it to a percentage, which would fall into the effective range.)

Use of the Optional Student Performance Subcomponent & Weighting

Please indicate if the Optional subcomponent will be used in the process included in this variance request by making the appropriate selection below.

- The weighting included in the currently approved plan will not change based on this variance request.
Required Student Performance Variance Assurances

Please check the box below as applicable to all principals included in this required student performance variance request.

☑ Assure that scores and ratings for the required student performance subcomponent will be calculated consistent with the process described in the LEA's approved APPR plan and/or this variance application and in compliance with Education Law Section 3012-d.
Variance Request

LEAs may use this variance application to develop an optional second measure for a principal or group of principals that differs from the process described in the Commissioner’s regulations.

Any principals not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

- A variance is not requested for the optional student performance subcomponent for principals.
Variance Request

LEAs may use this variance application to evaluate principal practice in a manner that differs from the process described in the Commissioner’s regulations.

Any principals not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

- A variance is not requested for the principal school visit category.
Variance Request

LEAs may use this variance application to define the HEDI ranges for the Student Performance and/or Principal School Visit category that is different than those included in the Commissioner’s regulations.

Assurances: Rigor, Professional Learning, and Effectiveness of Implementation

Please check each of the boxes below as applicable to this variance application.

☑ Assure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.
☑ Assure the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.
☑ Assure that the LEA will assess the effectiveness of the implementation of the variance.

Applicability of Variance

Assurances

Prior to certifying this variance application, please check each of the boxes below.

☑ Assure that this variance application is prompted by the impact of COVID-19 on the LEA.
☑ Assure that when this 2021-22 COVID-19 variance expires on June 30, 2022, your currently approved APPR plan will take effect.

Revised

Dr. Roy Montesano, Superintendent
Hastings-on-Hudson Union Free School District
27 Farragut Ave.
Hastings-on-Hudson, New York 10706

Dear Superintendent Montesano:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner’s Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

NOTE:
Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.
Task 1) Disclaimers
For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances
Please check all of the boxes below

☑ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

☑ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

☑ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.

☑ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status
Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Submission of material changes to an APPR plan approved pursuant to Education Law §3012-d
Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

☑ Assure that the growth score provided by NYSED will be used, where required.
☑ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
☑ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
☑ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures will receive an original score and rating from the State for the full Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:

- District-determined assessments from list of State-approved 3rd party assessments; or
- State-approved district, regionally or BOCES-developed course-specific assessments; or
- School- or program-wide, group, team, or linked results; or
- District- or BOCES-wide results

Using the table below, please select the measure and assessment(s) that will be used for SLOs for the grade/subject listed.

- **Grade 8 ELA**

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance.

**Please check the boxes below.**

- Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all growth targets are approved by the superintendent or another trained administrator.
- Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.

If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category or guidance on the use of alternate SLOs during the transition period, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses.

If the option, "Other Courses as listed in Original Task 2.10" does not apply, please leave that box unchecked in the table above and use the table below to add courses.

You may combine into one course listing any groups of teachers for whom the measure and assessment(s) are the same including, for example, "all other teachers not named above".

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 3) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.
Task 4. Teacher Observation Category - Tasks 4.1-4.6

Page Last Modified: 03/23/2017

Task 4
For guidance on the Teacher Observation category, see NYSED APPR Guidance.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

<table>
<thead>
<tr>
<th>Rubric Name</th>
<th>If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.</th>
</tr>
</thead>
</table>

4.2) Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

4.5) Teacher Observation Subcomponent Weighting

Required Subcomponents:
- Observations by Principal(s) or Other Trained Administrators: At least 80% of the Teacher Observation category score
- Observations by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent:
- Observations by Trained Peer Observer(s): No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

*If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.

Please indicate the weighting of each subcomponent and be sure the total of the weights indicated equals 100%.

4.6) Assurances
Please check all of the boxes below.

- Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.
- Assure that, if observations are being conducted by trained peer observer(s), these teacher(s) received an overall rating of Effective or Highly Effective in the previous school year.
- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that independent evaluator(s) will be trained and selected by the district/BOCES.
- Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.
- Assure that at least one of the required observations will be unannounced.

### 4.7) Number and Method of Observations

Indicate the minimum number of unannounced and announced observations for each type of observer, as well as the method of observation, in the tables below.

Task 5

For guidance on APPR scoring, see NYSED APPR Guidance.

5.1) Scoring Ranges

5.2) Scoring Matrix for the Overall Rating

*If a teacher is rated Ineffective on the Student Performance category, and a State-designed supplemental assessment was included as an Optional subcomponent of the Student Performance category, the teacher can be rated no higher than Ineffective overall (see Education Law §3012-d (5)(a) and (7)).

5.3) Assurances

Please check all of the boxes below.

- Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that it is possible to obtain a zero in each subcomponent.
- Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.
- Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same school district who have received Ineffective ratings under Education Law §3012-d in the year immediately prior to the school year in which the student is placed in the teacher's classroom unless the district has received a waiver from the Department.
6.1) Assurances: Teacher Improvement Plans

Please check all of the boxes below.

☑ Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

☑ Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

6.2) Attachment: Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES.

appr_62_tip_pp_352303336-TIP_r2.docx

6.3) Assurance: Appeals

Please check the box below.

☑ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review, which shall include the following:
   
   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.
### Appeals Process*

1. Within five (5) school days of the receipt of a teacher’s annual evaluation, the teacher may request, in writing, review by the original evaluator.

2. The appeal writing shall articulate in detail the basis of the appeal to the original evaluator. As set forth in Section 3012-d of the Education law, the appeal may only challenge:

   a. The substance of the annual professional performance review; which shall include the following: (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;  
   b. The school district’s adherence to the standards and methodologies required for such reviews pursuant to Section 3012-d of the Education Law;  
   c. The school district’s adherence to the regulations of the commissioner and the compliance with any applicable locally negotiated procedures; and  
   d. The school district’s issuance and/or implementation of the terms of the teacher improvement plan.

3. Annual Professional Performance ratings of “ineffective” are the only ratings subject to appeal.

4. Within five (5) school days of receipt of the appeal, the original evaluator shall forward to the teacher a determination, in writing, with respect to the issues raised in the appeal.

5. Within five (5) school days of the teacher’s receipt of the original evaluator’s determination, the teacher may request, in writing, a review by the Superintendent of Schools.

6. Within five (5) school days of receipt of the appeal, the Superintendent shall render a determination, in writing, with respect to the issues raised in the appeal. PROCEDURE FOR APPEALS OF A SECOND INEFFECTIVE RATING ONLY

7. Notwithstanding the above, an appeal by a tenured teacher of an ineffective rating for a second consecutive time shall be subject to the following procedure.

   a. A teacher must forward to the Administrator issuing the APPR such a written appeal within ten (10) school days of the receipt of the annual evaluation. In such an appeal, the teacher has the burden of establishing the basis for the appeal and providing the justification for a change in the rating. When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal together with any supporting documents. Any information not submitted at the time the appeal is filed shall not be considered.

   b. Within ten (10) school days of receipt of an appeal, the Administrator who issued the APPR or improvement plan must submit a detailed written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the Administrator’s response and are relevant to the resolution of the appeal. The teacher initiating the appeal shall receive a copy of the response filed by the Administrator, and any and all additional information submitted with the response, at the same time the response is filed with the Superintendent. The teacher shall have the right to reply in writing to the Administrator’s response within five (5) school days.

   c. Upon receipt of the submission of the Administrator who issued the APPR or improvement plan and any reply the Superintendent shall review the appeal of the teacher as well as the response of the Administrator and any reply. The Superintendent, or his/her designee, may request additional information to assist in the determination of the appeal. Within fifteen (15) school days of the filing of the Appeal the Superintendent or his/her designee shall issue a written determination addressing the issues raised in the appeal. A copy of such decision shall be forwarded to the teacher filing the appeal and the Administrator.

   d. Should the teacher not be satisfied with the determination of the Superintendent, solely in the case of a eligible teacher who has received two consecutive ineffective APPR evaluation ratings, within (5) school days, a second tier appeal may be demanded by the teacher in writing for review by an arbitrator selected on a rotating basis from the current list of agreed upon arbitrators, based on order and a reasonable timeframe of availability. The arbitrator selected shall make a final and binding decision upon the appeal of the APPR evaluation. The Superintendent shall contact the arbitrator for availability with a copy to the Association President and assign the case to such arbitrator within (15) school days of the receipt of the second tier appeal by forwarding the written submissions, his/her determination and a copy of the APPR plan. The arbitrator selected shall issue a binding decision within 30 calendar days of the notice of appointment based upon the written submission.

*All appeals will be handled following the specified timelines in a timely and expeditious manner in compliance with Education Law 3012-d.

### 6.5) Assurance: Evaluators

**Please check the box below.**

- The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

### 6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:
1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The Hastings-on-Hudson Union Free School District shall ensure that evaluators have appropriate training before conducting an evaluation under the new APPR. All evaluators and all lead evaluators will be certified under the nine requirements prescribed in section 30-3.10 of the rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in section 30-3.10(c). The district shall also ensure that any lead evaluator has been certified as a qualified lead evaluator before conducting and/or completing a teacher’s evaluation.

All evaluators and lead evaluators will complete training through Southern Westchester BOCES. In addition, evaluators will attend a two day training session on Understanding and Using the Framework for Teaching – Working with the Danielson Rubric offered by SWBOCES.

A collaborative review and analysis of observation-based evidence and other professional evidence within Danielson’s 2011 Rubric will take place during regular administrative council meetings and evaluator training meetings in order to ensure inter-rater reliability.

The District contracted with Teachscape Inc. to provide ongoing support and ensure evaluator proficiency and inter-rater reliability. The Teachscape programs provide approximately 21 hours of training plus assessments that ensure that local evaluations are consistent with expert scores. The Superintendent will certify those who have demonstrated proficiency.

Ongoing training and review will occur throughout each school year with additional sessions scheduled as needed during the summer months.

Initial training is approximately 21 hours in duration. Follow up training is 6 hours annually. The Superintendent will certify or re-certify lead evaluators annually, based on successful participation in training activities, demonstrated inter-rater reliability, and efficiency in completing the observation process.

Note: The trained lead evaluators will serve as independent observers in buildings to which they are not assigned.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below.

☑ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☑ Assure that the evaluation system will be used as a significant factor for employment decisions.

☑ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.

☑ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner.

Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☑ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments
Please check all of the boxes below.

☑️ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.

☑️ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☑️ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.

☑️ Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) Assurances: Data

Please check all of the boxes below.

☑️ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☑️ Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☑️ Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.

☑️ Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.

☑️ Assure that procedures for ensuring data accuracy and integrity are being utilized.
Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the 2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

7.1) Assurances

Please check the boxes below.

☑ Assure that the growth score provided by NYSED will be used, where required.
☑ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
☑ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.
### 7.2) Student Learning Objectives (Original)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the grades/courses covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGResults.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school-wide student results from one of the following assessment options:
  - State-approved 3rdparty assessment; or
  - State-approved district, regionally, or BOCES-developed course-specific assessment.

For each grade configuration indicate the following:

- **Column 1:** lowest grade that corresponds to the building or program
- **Column 2:** highest grade that corresponds to the building or program
- **Column 3:** measure used
- **Column 4:** assessment(s) used

*Follow the examples below.*

**Using the table below, please select the measure and assessment(s) that will be used for the SLOs for each grade configuration listed. During the 2016-17 through 2018-19 school years, SLOs that use grade 3-8 ELA/math State assessments as their underlying assessments must be excluded from the calculation of transition scores and ratings.**

**7.4) Principals with More Than One Growth Measure (Original)**

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

### 7.5) Assurances

Please check all of the boxes below.

- Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- Assure that all growth targets are approved by the superintendent or another trained administrator.
- Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- Assure that a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

### 7.6) Student Performance Subcomponent Weighting

If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.

If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

- NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category or guidance on the use of alternate SLOs during the transition period, see NYSED APPR Guidance.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: measure used

Column 4: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

### 7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 8) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

8.1) Use of the Optional Subcomponent for Student Performance Measures

*Please indicate if the Optional subcomponent will be used by making the appropriate selection below.*

**NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.**
Task 9
For guidance on the Principal School Visit category, see NYSED APPR Guidance.

9.1) Principal Practice Rubric
Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

<table>
<thead>

</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

9.2) Assurances
Please check all of the boxes below.
- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

9.3) Process for Weighting Rubric Domains/Subcomponents
For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable domains will be weighted equally and averaged.

9.4) Calculating School Visit Ratings
Assurances
Please check the boxes below.
- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.
- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.

9.5) Principal School Visit Subcomponent Weighting

Required Subcomponents:
- School Visits by Supervisor(s) or other Trained Administrator(s): At least 80% of the Principal School Visit category score
- School Visits by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Principal School Visit category score

Optional Subcomponent:
- School Visits by Trained Peer Observer(s): No more than 10% of the Principal School Visit category score when selected

*If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee.

Please indicate the weighting of each subcomponent and be sure the total of the weights indicated equals 100%.

9.6) Assurances
Please check all of the boxes below.

- Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.
- Assure that, if school visits are being conducted by trained peer observer(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.
- Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.
- Assure that independent evaluator(s) will be trained and selected by the district/BOCES.
- Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.
- Assure that at least one of the required school visits will be unannounced.
- Assure that school visits will not be conducted via video.

Task 10

For guidance on APPR scoring, see NYSED APPR Guidance.

10.1) Scoring Ranges

10.2) Scoring Matrix for the Overall Rating

*If a principal is rated Ineffective on the Student Performance category, and a State-designed supplemental assessment was included as an Optional subcomponent of the Student Performance category, the principal can be rated no higher than Ineffective overall (see Education Law §3012-d (5)(a) and (7)).

10.3) Assurances

Please check all of the boxes below.

- Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that it is possible to obtain a zero in each subcomponent.
- Assure that the overall rating determination for a principal shall be determined according to the evaluation matrix.
Task 11
For guidance on additional requirements for principals, see NYSED APPR Guidance.

11.1) Assurances: Improvement Plans
Please check all of the boxes below.

☑ Assure that the district/BOCES will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive a Developing or Ineffective rating by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.

☑ Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

11.2) Attachment: Principal Improvement Plan Forms
All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a principal's improvement in those areas.

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district/BOCES.

11.3) Assurance: Appeals
Please check the box below.

☑ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

11.4) Appeals
Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review, which shall include the following:
   (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

**Appeals Process:**

A. Appeals of annual professional performance reviews will be limited to those that rate a principal as Ineffective or Developing.

B. Appeal procedures will limit the scope of appeals under Education Law §3012-d to the following subjects:
   1. the substance of the annual professional performance review; which shall include the instance of a principal rated Ineffective on the student performance category but rated Highly Effective on the observation/school visit category based on an anomaly, as determined locally.
   2. the school district’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d and Subpart 30-3 of Commissioner’s regulations;
   3. the adherence to the Commissioner’s regulations, as applicable to such reviews and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d; and
   4. the school district’s implementation of the terms of the Principal Improvement Plan under Education Law §3012-d.

C. A principal who receives an ineffective or developing rating on their APPR shall be entitled to appeal their annual APPR rating, based upon a paper submission to the Superintendent of Schools, who shall be trained in accordance with the requirements of statute and regulations and also possess either an SED or SDL Certification. The evaluation of the principal shall be done by duly trained and certified Superintendent.

D. The appeal must be brought in writing, specifying the area(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-d. of the Education Law. However, procedural violations only may be grieved under the collective bargaining agreement. Further, a principal who is placed on a Principal Improvement Plan (“PIP”) shall have a corresponding right to appeal concerns regarding the PIP in accordance with the requirements set forth in Section 3012-d of the Education Law.

E. An appeal of an evaluation or a PIP must be commenced within fourteen days of the presentation of the final evaluation to the principal or else the right to appeal shall be deemed waived in all regards.

F. The superintendent shall respond to the appeal with a written answer within (10) work days granting the appeal and directing further administrative action or denying the appeal. In the event that the principal is unsatisfied with the result of the appeal, a further appeal may be taken to the Board of Education within two weeks of receipt of the Superintendent's designee's decision upon the appeal.

G. The Board of Education shall make its decision in writing regarding the further appeal within two weeks of receipt of that appeal. The decision of the Board shall be final and binding in all regards and shall not be subject to review at arbitration, before any administrative agency or in any court of law.

H. 1. Notwithstanding the above, in the event that a tenured principal has received two consecutive ineffective APPR evaluation ratings, within two weeks of the receipt of the second APPR evaluation, the principal must notify the superintendent in writing of a second tier appeal. The second tier appeal shall be to an arbitrator selected on a rotating basis from the current list of agreed upon arbitrators, based on order and reasonable timeframe of availability, who shall make a final and binding decision upon the appeal of the APPR evaluation and/or the principal improvement plan within (40) work days of the receipt of the second tier appeal.

   2. In order to take advantage of the procedure outlined in H(1) above, the principal must consent to the use of the arbitration panel. If the administrator is unwilling to do so, the second tier appeal shall be heard by the superintendent.

   3. Notwithstanding the above, in the event that an untenured principal has received two consecutive ineffective APPR evaluation ratings, the second tier appeal shall be to the Board of Education which shall make a final and binding decision upon the appeal of the APPR evaluation and/or the principal improvement plan.

*All appeals will be handled following the specified timelines in a timely and expeditious manner in compliance with Education Law 3012-d*

### 11.5) Assurance: Evaluators

Please check the box below.

- The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

### 11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1. the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2. the process for the certification and re-certification of lead evaluators;
3. the process for ensuring inter-rater reliability; and
4. the nature (content) and the duration (how many hours, days) of such training.
Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The Hastings-on-Hudson Union Free School District shall ensure that the superintendent, the lead evaluator and the independent evaluators have appropriate training before conducting an evaluation under the new APPR regulations. Ongoing training will be provided for the superintendent and the other evaluators to ensure that they have sufficient knowledge and understanding of the New York State Teaching Standards, their related elements and performance indicators and the Leadership Standards and their related functions.

They will participate in training offered by the developers of the Multidimensional Principal Performance Rubric (Learner-Centered Initiatives) provided by SWBOCES to be certified as evaluators. The peer observers will also participate in the SWBOCES training. The training time will total approximately 1 and 1/2 days and will include inter-rater reliability training.

The superintendent and independent observers will participate in the annual re-certification training offered through SWBOCES to ensure that the evaluation expertise and inter-rater reliability are maintained.

All evaluators and all lead evaluators will be trained and certified under the nine requirements prescribed in §30-3.10 of the Rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in §30-3.10(c).

11.7) Assurances: Principal Evaluation

Please check all of the boxes below.

- Assure that the district/BOCES shall compute and provide to the principal their score and rating for the Student Performance category, if available, and for the Principal School Visit category for the principal's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the principal is being measured, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.
- Assure that the evaluation system will be used as a significant factor for employment decisions.
- Assure that principals will receive timely and constructive feedback as part of the evaluation process.
- Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any principal's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness; any district or regionally-developed assessment that has not been approved by the department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide principals whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.
- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such principals with their original composite rating by September 1 of the school year next following the school year for which the principal's performance is being measured, or as soon as practicable thereafter.

11.8) Assurances: Assessments

Please check all of the boxes below.

- Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.
11.9) Assurances Data

Please check all of the boxes below.

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure scores and ratings for all principals will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- Assure that enrolled students in accordance with policies for student assignment to schools and may not be excluded.
- Assure that procedures for ensuring data accuracy and integrity are being utilized.
Task 12) Upload APPR District Certification Form

Please Note: SED Monitoring timestamps each revision and signatures cannot be dated earlier than the last revision. To ensure the accuracy of the timestamp on each task, please submit from Task 12 only.

Please obtain the required signatures, create a PDF file, and upload your joint certification of the APPR Plan using this form: APPR District Certification Form.

The school district or BOCES and Its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

The school district or BOCES and Its collective bargaining agent(s), where applicable, also certify that the document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete APPR Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and Its collective bargaining agent(s), where applicable, also certify that the APPR Plan is the district's or BOCES' complete APPR Plan and that such plan will be fully implemented by the school district or BOCES; that there are no collective bargaining agreements, memoranda of understanding, or any other agreements in any form that prevent, conflict, or interfere with full implementation of the APPR Plan; and that no material changes will be made to the Plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-3 of the Rules of the Board of Regents.

The school district or BOCES and Its collective bargaining agent(s), where applicable, also certify that during the 2015-16 through 2018-19 school years, transition scores and ratings will be calculated for teachers and principals that exclude the results of grades 3-8 English Language Arts (ELA) and Math State assessments and any State-provided growth scores; that the district/BOCES will continue to provide teachers and principals with original APPR scores and ratings calculated based on the measures in their approved APPR plan without any modifications, substitutions, or replacements pursuant to §30-3.17 of the Rules of the Board of Regents during the transition period; and that original APPR scores and ratings will be provided for advisory purposes only, and will have no impact on employment decisions, including tenure determinations, or teacher and principal improvement plans.

The school district or BOCES and Its collective bargaining agent(s), where applicable, also acknowledge that if approval of this APPR Plan is rejected or rescinded for any reason, any State aid increases received as a result of the Commissioner's approval of this APPR Plan may be withheld or forfeited by the State pursuant to Education Law §3012-d(11), as added by Chapter 56 of the Laws of 2015.

The school district or BOCES and Its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that, during the 2015-16 through 2018-19 school years, the overall transition rating will be used as a significant factor in employment decisions, including tenure determinations and teacher and principal improvement plans;
- Assure that, during the 2015-16 through 2018-19 school years, the district or BOCES will continue to provide teachers and principals with original APPR scores and ratings calculated based on the measures described in this APPR plan without any modifications, substitutions, or replacements pursuant to §30-3.17 of the Rules of the Board of Regents;
- Assure that, during the 2015-16 through 2018-19 school years, original APPR scores and ratings will not be used as the basis for employment decisions and will only be used for advisory purposes;
- Assure that beginning in the 2019-2020 school year, the original overall APPR score pursuant to the district or BOCES approved APPR plan shall be used as the basis for employment decisions, including tenure determinations and teacher and principal improvement plans;
- Assure that, during the 2015-16 through 2018-19 school years, the district or BOCES, shall provide teachers and principals whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings calculated pursuant to §30-3.17 of the Rules of the Board of Regents as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured;
- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers and principals with their original composite APPR rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.
- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall continue to provide teachers and principals whose Student Performance Category measures are not based on the grades 3-8 ELA/math State assessments or State-provided growth scores with their score and rating on the Student Performance category, if
available, and for the Teacher Observation category or Principal School Visit Category of their annual professional performance reviews, in writing, no later than the last day of the school year for which the teacher or principal is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's or principal's performance is measured; and that the entire APPR will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured.

- Assure that beginning in the 2019-20 school year, the entire APPR will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's or principal's performance is measured; and

- Assure that the APPR Plan will be filed in the district office and made available to the public on the district's or BOCES' website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur;

- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner;

- Assure that during the 2015-16 through 2018-19 school years, the district or BOCES will continue to report both the original and transition Individual category and subcomponent scores and the overall original and transition ratings to the State for each classroom teacher and building principal in a manner prescribed by the Commissioner;

- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them;

- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process;

- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English language learners and students with disabilities;

- Assure that, during the 2015-16 through 2018-19 school years, any educators who receive a Developing or Ineffective rating as their overall transition rating will receive a Teacher Improvement Plan or Principal Improvement Plan, in accordance with all applicable statutes and regulations, by October 1 in the school year following the school year in which such teacher's or principal's performance is being measured or as soon as practicable thereafter;

- Assure that, beginning in the 2019-2020 school year, any educator who receives a Developing or Ineffective rating on their original overall rating pursuant to this APPR plan will receive a Teacher Improvement Plan or Principal Improvement Plan, in accordance with all applicable statutes and regulations, by October 1 in the school year following the school year for which such teacher's or principal's performance is being measured or as soon as practicable thereafter;

- Assure that such improvement plan shall be developed by the superintendent or his/her designee in the exercise of their pedagogical judgment, and shall be subject to collective bargaining to the extent required under Article 14 of the Civil Service Law;

- Assure that all evaluators and lead evaluators, including independent evaluators and peer evaluators, as applicable, will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with all applicable statutes and regulations;

- Assure that the district or BOCES has collectively bargained appeal procedures that are consistent with the statute and regulations and that they provide for the timely and expeditious resolution of an appeal to the district/BOCES;

- Assure that, for teachers, all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations and, for principals, all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits;

- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0, for each subcomponent and that the district and BOCES shall ensure that the process by which weights and scoring ranges are assigned to subcomponents and categories is transparent and available to those being rated before the beginning of each school year;

- Assure that if a second measure for the Student Performance category is locally selected, then the same locally selected measures of student growth across all classrooms in the same grade/subject in the district/BOCES must be used in a consistent manner to the extent practicable;

- Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator;

- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval by March 1 of each school year, on a form prescribed by the Commissioner, to the Commissioner for approval;

- Assure that the alternate SLOs described in Tasks 2 and 7 of this APPR plan will be used as the basis for certain teachers' and principals' transition APPR scores and ratings, where applicable and consistent with section 30-3.17 of
the Rules of the Board Regents, during the 2016-17 through 2018-19 school years only;

- Assure that, beginning in the 2019-20 school year, no transition scores and ratings will be generated and the district or BOCES' original APPR Plan will apply to all classroom teachers and building principals as defined in the statute, regulations, and SED guidance without any modifications, substitutions, or replacements as a result of the requirements of §30-3.17 of the Rules of the Board of Regents;
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to Subpart 30-3 of the regulations;
- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by State or Federal law for each classroom or program of the grade does not exceed, in the aggregate, one percent of the minimum in required annual instructional hours for such classroom or program of the grade; and
- Assure that the amount of time devoted to test preparation under standardized testing conditions for each grade does not exceed, in the aggregate, two percent of the minimum required annual instructional hours for such grade. Time devoted to teacher administered classroom quizzes or exams, portfolio reviews, or performance assessments shall not be counted towards the limits established by this subdivision. In addition, formative and diagnostic assessments shall not be counted towards the limits established by this subdivision and nothing in this subdivision shall be construed to supersede the requirements of a section 504 plan of a qualified student with a disability or Federal law relating to English language learners or the individualized education program of a student with a disability.
