Revised

Thomas Turck, Superintendent
Homer Central School District
PO Box 500
Homer, NY 13077

Dear Superintendent Turck:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner’s Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.
Disclaimers

For guidance related to the Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency’s (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

APPR Assurances

Please check all of the boxes below

- Assure that the content of this form represents the LEA's entire APPR plan and that the APPR plan is in compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that a detailed version of the LEA's entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- Assure that this APPR plan will be posted on the LEA's website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.
- Assure that it is understood that this LEA's APPR plan will be posted in its entirety on the NYSED website following approval.
**Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

**Student Learning Objectives (SLOs)**

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

**MEASURES**

SLO measures may be either individually attributed or collectively attributed.

*Individually attributed measures*

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**: scores and ratings will be based on the growth of students in the teacher’s course in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA’s focus on a specific priority area(s);
- the impact on the LEA’s ability to make strong and equitable inferences regarding an individual educator’s effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**: scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers’ courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher’s course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers’ courses across buildings/programs in an LEA in the current school year.

**ASSESSMENTS**

Any of the measures above may be used with one or more of the following assessment types.

### SLO Assurances

Please check the boxes below.

- Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
Common Branch Kindergarten Measures and Assessments

Please indicate below which of the three available measure types will be used for kindergarten teachers, then choose the specific measure, corresponding assessment type(s), and applicable assessment(s).

*Note* For LEAs that may use both a common branch and departmentalized model for kindergarten:
- Complete this section accordingly for common branch teachers.
- In the “Other Courses” section of Task 2, select the “Elementary” option for applicable subjects in the “Subject” column with the corresponding grade(s) and complete the remainder of that entry as appropriate.

Please identify below the ‘other courses’ in your LEA; indicate which of the six available measures will be used for for each group of teachers; and then choose the specific measure, corresponding assessment type(s), and applicable assessment(s).

*Note*

For LEAs that may use both a common branch and departmentalized model for any of grades four to eight:
- Select one of the "Departmentalized" options at each applicable grade level and complete the remainder of the corresponding departmentalized section(s) accordingly.
- For the ‘Other Courses’ entry below, select “Common Branch” in the “Subject” column with the corresponding grade(s) and complete the remainder of the information as appropriate.

For LEAs that may use both a common branch and departmentalized model for any of grades kindergarten to three:
- Complete each applicable common branch grade level at the beginning of Task 2 accordingly.
- For the ‘Other Courses’ entry below, select the “Elementary” option for applicable subjects in the “Subject” column with the corresponding grade(s) and complete the remainder of the information as appropriate.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

• Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
• Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
• Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
• Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
• Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
• Any other collectively bargained measure of student growth or achievement included in the LEA’s evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.
Teacher Observation Category
For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric
Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

<table>
<thead>
<tr>
<th>Rubric Name</th>
<th>If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.</th>
</tr>
</thead>
</table>

Rubric Assurances
Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents
For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department’s regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

The Homer Central School District has designated that within the Danielson rubric the observable Domains are Domain 2 Classroom Environment, and Domain 3 Instruction. All Subcomponents of Domains 2 and 3 will be observed at least once across the observation cycle. All educators will have a score that is derived by an equal weighting of all subcomponents averaged to create an observation score. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. Observation types will be weighted at 80% (Principal observations) and 20% (independent observer) per our APPR plan.
Scoring Assurances

Please check each of the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.

- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

<table>

</tbody>
</table>

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

**Ineffective:** | 0.00 | 1.49 |
### Teacher Observation Subcomponent Weighting

**Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators**
- At least 80% of the Teacher Observation category score

**Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)**
- At least 10%, but no more than 20%, of the Teacher Observation category score

**Optional Subcomponent: Observations by Trained Peer Observer(s)**
- No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

*If the LEA is granted an annual Rural/Single Building Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

Please indicate the weight of each observation type and be sure the total of the weights indicated equals 100%.

### Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

- ☑ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.

- ☑ Assure that at least one of the required observations will be unannounced.

### Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

**At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).**

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.

- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.

- The frequency and duration of observations are locally determined.

- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.
### Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

At least one observation must be conducted by impartial independent trained evaluator(s) and at least one of the required observations must be unannounced (across both required subcomponents).

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.
- LEAs may locally determine whether to use more than one observation by impartial independent trained evaluator(s).
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

*If the LEA is granted an annual Rural/Single Building Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

Indicate the minimum number of unannounced and announced observations by impartial independent trained evaluator(s), as well as the method of observation, in the table below.

### Independent Evaluator Assurances

Please check all of the boxes below.

- [x] Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.
- [x] Assure that independent evaluator(s) will be trained and selected by the LEA.
Please also check each of the following boxes.

- Assure that if the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(c)(1)(ii)(a) of the Rules of the Board of Regents.

- Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the LEA's approved Section 3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(c)(1)(ii)(b) of the Rules of the Board of Regents.
Optional Subcomponent: Observations by Trained Peer Observer(s)

If selected, at least one observation must be conducted by trained peer observer(s).

- Peer teachers are trained and selected by the LEA.
- Trained peer teachers must have received an overall rating of Effective or Highly Effective in the prior school year.
- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by trained peer observer(s), as well as the method of observation, in the table below.

If the optional subcomponent will not be used, please indicate "N/A" for the minimum number and "N/A" for the observation method for both unannounced and announced observations for "All Teachers."

Peer Observation Assurances

Please check all of the boxes below.

- Assure that peer observers, as applicable, will be trained and selected by the LEA.
- Assure that, if observations are being conducted by trained peer observers, these teachers received an overall rating of Effective or Highly Effective in the previous school year.
Category and Overall Ratings
For guidance on APPR scoring, see NYSED APPR Guidance.

Category Scoring Ranges
The overall Student Performance category score and the overall Observation category score will be converted into a HEDI rating based on the ranges listed in the tables below.

### Student Performance Category
HEDI ratings must be assigned based on the point distribution below.

### Category and Overall Rating Assurances
Please check all of the boxes below.

- [ ] Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- [ ] Assure that it is possible to obtain a zero in each subcomponent.
- [ ] Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.
- [ ] Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same LEA, each of whom received an Ineffective rating under Education Law Section 3012-d in the year immediately prior to the school year in which the student is placed in the teacher's classroom unless the LEA has a Department-approved waiver from this requirement.
Additional Requirements
For more information on the additional requirements for teachers, see NYSED APPR Guidance.

Teacher Improvement Plan Assurances

Please check each of the boxes below.

- Assure that the LEA will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

- Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

Teacher Improvement Plan Forms
All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher’s improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the LEA.

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review, which shall include the following:

   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals of annual professional performance reviews shall be limited to those that rate a teacher or principal as ineffective or developing only.

What may be challenged in an appeal: The scope of appeals under Education law 3012-d shall be limited to the following subjects:

1. The school district’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-d;

2. The adherence to the Commissioner’s regulations, as applicable to such review;

3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and

4. The school district’s issuance and/or implementation of the terms of the teacher or principal improvement plan under Education law 3012-d.

Prohibition against more than one appeal: A teacher or principal may not file multiple appeals regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed null and void.

Burden of proof: In an appeal, the teacher or principal has the burden of demonstrating a clear and legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

Timeframe for filing an appeal: All appeals must be submitted in writing no later than seven (7) calendar days of the date when the teacher or principal receives his/her annual professional performance review. If a teacher or principal is challenging the issuance of an improvement plan, appeals must be filed within seven (7) calendar days of the issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

Appeal process: When filing an appeal, the teacher or principal must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

After receiving a teacher or principal appeal, the superintendent will convene a Review Team comprised of the superintendent or designee, the HTA president or designee, another association member and another qualified administrator within seven (7) calendar days of the receipt of the appeal. In the event it is a principal making the appeal, a neutral administrator, selected through consultation with the BOCES District Superintendent, may be appointed to the Review Team at the request of either the evaluator or principal. The role of the review team will be to evaluate facts and evidence submitted by the teacher or principal.

The presence of the appealer and the evaluator(s) are requested on the day of the Review Team meeting. If the person making the appeal chooses not to be present, the appeal moves directly to the decision of the superintendent.

Results of the Review Team fact-finding are submitted to the superintendent or superintendent’s designee within twenty-four (24) hours of the review team meeting. The superintendent or designee then has seven (7) calendar days to provide the teacher or principal with his/her decision.

Decision-maker on appeal: A decision shall be rendered by the superintendent of schools or the superintendent’s designee within (7) calendar days except that an appeal may not be decided by the same individual who was responsible for making the final rating decision. In such case, the board of education shall appoint another person to decide the appeal, within 14 days of receipt of appeal.
Decision: A written decision based on the merits of the appeal shall be rendered by the superintendent or his/her designee no later than seven (7) calendar days after the Review Team submits its findings. The appeal shall be based on the written record, submitted to the Review Team, comprised of the teacher or principal’s appeal papers and any documentary evidence accompanying the appeal, as well as the school district’s response to the appeal and additional documentary evidence submitted with such papers to the Review Team. Such decision shall be final and binding and shall not be subject to further appeal under the collective bargaining agreement or in any administrative or judicial forum.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher or principal’s appeal. A copy of the decision shall be provided to the teacher or principal and the evaluator or person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

Exclusivity of section 3012-d appeal procedure: The 3012-d appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher or principal performance review and/or improvement plan. A teacher or principal may not resort to any other contractual grievance procedures, or to any other administrative or judicial forum, for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.
Training Assurance

Please check the box below.

☑️ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The superintendent will ensure that all evaluators including lead evaluators, evaluators, and independent observers, have been trained and that all evaluators have been trained and certified in accordance with regulation. The district utilizes the OCM BOCES evaluator training and certification. Training of all evaluators will include 12 hours of continuing education training each school year. When a new administrator is hired they will receive 28 hours of evaluator training through the OCM BOCES. In addition, the superintendent utilizes 30-45 minutes of biweekly team meetings to view classroom lessons by video to ensure continued inter-rater reliability. This amounts to 9-15 hours yearly. Initial training and annual retraining will include the 9 elements in Regents rule 30-3.10. The superintendent ensures that all evaluators participate in annual training and retraining and are certified or recertified on an annual basis. The OCM BOCES will be utilized to provide the training, re-training, certification, and recertification. Any individual who fails to achieve required training, retraining, or certification or recertification, as applicable, shall not conduct or complete evaluations.
Teacher Evaluation Assurances

Please check all of the boxes below.

☑️ Assure that the LEA shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher’s Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

☑️ Assure that the evaluation system will be used as a significant factor for employment decisions.

☑️ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.

☑️ Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any teacher’s evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any locally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑️ Assure that the LEA shall compute and provide teachers with their APPR scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

Assessment Assurances

Please check all of the boxes below.

☑️ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☑️ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

Data Assurances

Please check all of the boxes below.

☑️ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☑️ Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☑️ Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the overall rating, as per NYSED requirements.

☑️ Assure that procedures for ensuring data accuracy and integrity are being utilized.
Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal’s overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal’s building or program.

> Principal and building/program-specific

• Principal and building/program-specific results: scores and ratings will be based on the growth of students in the principal’s building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

• identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
• identifying which assessments could be used to help foster and support an LEA’s focus on a specific priority area(s);
• the impact on the LEA’s ability to make strong and equitable inferences regarding an individual educator’s effectiveness; and
• when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

• District- or BOCES-wide results: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.

• District- or BOCES-wide group or team results: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals’ buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

• State assessment(s); or

• third party assessments; or
• locally-developed assessments (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:
Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 7. PRINCIPALS: Required Student Performance - Information and Assurances

Page Last Modified: 09/18/2020

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Required Student Performance for Principals

Please choose the option that best describes the required student performance subcomponent for principals in your LEA.

- The same measure(s) and assessment(s) will be used for all principals
- Different measure(s) and assessment(s) will be used for different grade configurations/programs
All Principals

Please indicate how student performance will be measured for principals, then choose the specific measure, corresponding assessment type(s) and assessment(s), as applicable.

Student performance based on a Student Learning Objective (SLO)

An individually attributed SLO measure

> Principal and building/program-specific

• Principal and building/program-specific results: scores and ratings will be based on the growth of students in the principal’s building/program in the current school year.

A collectively attributed SLO measure

> District- or BOCES-wide

• District- or BOCES-wide results: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.

• District- or BOCES-wide group or team results: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals’ buildings/programs in an LEA in the current school year.

Student Performance based on an Input Model

An input model uses evidence of principal practice that promotes student growth related to the Leadership Standards.

Selection of the Input Model will require:

• a description of the areas of principal practice that will be evaluated;
• a description of how the selected areas of principal practice promote student growth;
• a description of the evidence of student growth and principal practice that will be collected; and
• a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all programs or buildings with the same grade configuration in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments;
- Option (F) Four, five, or six-year high school graduation rates;
- Option (G) An input model where the principal’s overall rating shall be determined based on evidence of principal practice that promotes student achievement related to the Leadership Standards; or
- Any other collectively bargained measure of student growth or achievement included in the LEA’s evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.
Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals’ professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.
Please describe the process for rating and scoring the selected practice rubric consistent with the Department’s regulations. Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

The Homer Central School District has designated that within the Multidimensional Principal Performance rubric the observable Domains are Domains 1-5. All Subcomponents of Domains will be observed at least once across the observation cycle. All educators will have a score that is derived by an equal weighting of all subcomponents averaged to create an observation score. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. Observation types will be weighted at 80% (Superintendent observations) and 20% (independent observer) per our APPR plan.

**Scoring Assurances**

Please check each of the boxes below.

- [ ] Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.

- [ ] Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

**Principal School Visit Scoring Bands**

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Principal School Visit Subcomponent Weighting

Required Subcomponent 1: School visits by Supervisor(s) or Other Trained Administrators
- At least 80% of the Principal School Visit category score

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)*
- At least 10%, but no more than 20%, of the Principal School Visit category score

Optional Subcomponent: School visits by Trained Peer Principal(s)
- No more than 10% of the Principal School Visit category score when selected

Please be sure the total of the weights indicated equals 100%.

* If the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

School Visit Assurances

Please check all of the boxes below.

- Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

- Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.

- Assure that at least one of the required school visits will be unannounced.

- Assure that school visits will not be conducted via video.

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrators

At least one school visit must be conducted by supervisor or other trained administrator and at least one of the required school visits must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one school visit by superintendent or other trained administrator.
- Nothing shall be construed to limit the discretion of a board of education or superintendent of schools from conducting additional school visits for non-evaluative purposes.
- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.

Indicate the minimum number of unannounced and announced school visits by supervisor(s) or other trained administrators in the table below.
### Required Subcomponent 2: School Visits by Impartial Independent Trained Evaluator(s)*

At least one school visit must be conducted by impartial independent trained evaluator(s) and at least one of the required school visits must be unannounced (across both required subcomponents).

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs/directors, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.
- LEAs may locally determine whether to use more than one school visit by impartial independent trained evaluator(s).
- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.

*If the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

Indicate the minimum number of unannounced and announced school visits by impartial independent trained evaluator(s) in the table below.

### Independent Evaluator Assurances

Please check all of the boxes below.

- [✓] Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.
- [✓] Assure that independent evaluator(s) will be trained and selected by the LEA.
Please also check each of the following boxes.

- Assure that if the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(c)(1)(ii)(a) of the Rules of the Board of Regents.

- Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the LEA's approved Section 3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(c)(1)(ii)(b) of the Rules of the Board of Regents.
Optional Subcomponent: School Visits by Trained Peer Principal(s)

If selected, at least one school visit must be conducted by trained peer principal(s).

- Peer principals are trained and selected by the LEA.
- Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.
- School visits may not occur by live or recorded video.

Indicate the minimum number of unannounced and announced school visits by trained peer principal(s) in the table below.

If the optional subcomponent will not be used, please indicate "N/A" for the minimum number for both unannounced and announced school visits for "All Principals."

Peer Principal School Visit Assurances

Please check all of the boxes below.

- Assure that peer principal(s), as applicable, will be trained and selected by the LEA.
- Assure that, if school visits are being conducted by trained peer principal(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.
Category and Overall Ratings
For guidance on APPR scoring, see NYSED APPR Guidance.

Category Scoring Ranges
The overall Student Performance category score and the overall School Visit category score will be converted into a HEDI rating based on the ranges listed in the tables below.

Category and Overall Rating Assurances
Please check all of the boxes below.

☑ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
☑ Assure that it is possible to obtain a zero in each subcomponent.
☑ Assure the overall rating determination for a principal shall be determined according to the evaluation matrix.
Additional Requirements
For guidance on additional requirements for principals, see NYSED APPR Guidance.

Principal Improvement Plan Assurances
Please check each of the boxes below.

☒ Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.

☒ Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

Principal Improvement Plan Forms
All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate, differentiated activities to support a principal's improvement in those areas.

As a required attachment to this APPR plan, upload the PIP forms that are used in the LEA.
Appeal Assurance

Please check the box below.

☑️ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

1. the substance of the annual professional performance review, which shall include the following:
   (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

2. the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

3. the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

4. the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals of annual professional performance reviews shall be limited to those that rate a teacher or principal as ineffective or developing only.

What may be challenged in an appeal: The scope of appeals under Education law 3012-d shall be limited to the following subjects:

1. The school district’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-d;
2. The adherence to the Commissioner’s regulations, as applicable to such review;
3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
4. The school district’s issuance and/or implementation of the terms of the teacher or principal improvement plan under Education law 3012-d.

Prohibition against more than one appeal: A teacher or principal may not file multiple appeals regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed null and void.

Burden of proof: In an appeal, the teacher or principal has the burden of demonstrating a clear and legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

Timeframe for filing an appeal: All appeals must be submitted in writing no later than seven (7) calendar days of the date when the teacher or principal receives his/her annual professional performance review. If a teacher or principal is challenging the issuance of an improvement plan, appeals must be filed within seven (7) calendar days of the issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

Appeal process: When filing an appeal, the teacher or principal must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

After receiving a teacher or principal appeal, the superintendent will convene a Review Team comprised of the superintendent or designee, the HAA president or designee, another association member and another qualified administrator within seven (7) calendar days of the receipt of the appeal. In the event it is a principal making the appeal, a neutral administrator, selected through consultation with the BOCES District Superintendent, may be appointed to the Review Team at the request of either the evaluator or principal. The role of the review team will be to evaluate facts and evidence submitted by the teacher or principal.

The presence of the appealer and the evaluator(s) are requested on the day of the Review Team meeting. If the person making the appeal chooses not to be present, the appeal moves directly to the decision of the superintendent.

Results of the Review Team fact-finding are submitted to the superintendent or superintendent’s designee within twenty-four (24) hours of the review team meeting. The superintendent or designee then has seven (7) calendar days to provide the teacher or principal with his/her decision.

Decision-maker on appeal: A decision shall be rendered by the superintendent of schools or the superintendent’s designee within (7) calendar days except that an appeal may not be decided by the same individual who was responsible for making the final rating decision. In such case, the board of education shall appoint another person to decide the appeal, within 14 days of receipt of appeal.

Decision: A written decision based on the merits of the appeal shall be rendered by the superintendent or his/her designee no later than seven (7) calendar days after the Review Team submits its findings. The appeal shall be based on the written record, submitted to the Review Team, comprised of the teacher or principal’s appeal papers and any documentary evidence accompanying the appeal, as well as the school district’s response to the appeal and additional documentary evidence submitted with such papers to the Review Team. Such decision shall be final and binding and shall not be subject to further appeal under the collective bargaining agreement or in any administrative or judicial forum.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher or principal's appeal.
principal’s appeal. A copy of the decision shall be provided to the teacher or principal and the evaluator or person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

Exclusivity of section 3012-d appeal procedure: The 3012-d appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher or principal performance review and/or improvement plan. A teacher or principal may not resort to any other contractual grievance procedures, or to any other administrative or judicial forum, for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.
Training Assurance

Please check the box below.

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The superintendent will ensure that all evaluators, including lead evaluators, evaluators and independent observers of principals have been trained and re-trained annually and certified in accordance with regulations. The district will utilize the OCM BOCES evaluator training, re-training and certification in accordance with SED procedures and processes. For initial certification, a mix of synchronous and asynchronous activities are offered through BOCES that total a minimum of 27 hours. For continuing certification and recertification of all evaluators OCM BOCES offers a variety of options. These sessions are between 3-6 in total. 2 of those hours are offered by BOCES with the next four hours of training led by the superintendent using the BOCES turnkey materials. Ongoing training will incorporate analysis of Principal observation evidence against the Multi-dimensional rubric to assure inter-rater reliability. Initial training and annual retraining will include the 9 elements in Regents rule 30-3.10.

The superintendent ensures that all evaluators participate in annual training, re-training and are certified or re-certified on an annual basis. The OCM BOCES will be utilized to provide the training, re-training, certification and re-certification. Any individual who fails to achieve required training, re-training or certification or re-certification, as applicable, shall not conduct or complete evaluations. In addition, one meeting per month with Principal evaluators will devote 45 minutes to inter-rater reliability by discussing Principal Observation techniques and tools, in addition to review of completed Principal observational evidence, followed by sharing of scores by each Principal evaluator and discussing any discrepancies to ensure inter-rater reliability over time.
Principal Evaluation Assurances

Please check all of the boxes below.

☐ Assure that the LEA shall compute and provide to the principal their score and rating for the Student Performance category, if available, and for the Principal School Visit category for the principal's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the principal is being measured, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

☐ Assure that the evaluation system will be used as a significant factor for employment decisions.

☐ Assure that principals will receive timely and constructive feedback as part of the evaluation process.

☐ Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any principal's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness; any locally-developed assessment that has not been approved by the department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☐ Assure that the LEA shall compute and provide principals with their APPR scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

Assessment Assurances

Please check all of the boxes below.

☐ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☐ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

Data Assurances

Please check all of the boxes below.

☐ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☐ Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☐ Assure scores for all principals will be reported to NYSED for each subcomponent, as well as the overall rating, as per NYSED requirements.

☐ Assure that procedures for ensuring data accuracy and integrity are being utilized.
Upload APPR LEA Certification Form

Please Note: SED Monitoring timestamps each revision and signatures cannot be dated earlier than the last revision. To ensure the accuracy of the timestamp on each task, please submit from Task 12 only.

Please obtain the required signatures, create a PDF file, and upload your joint certification of the APPR Plan using the "LEA Certification Form" found in the "Documents" menu on the left side of the page.

LEA CERTIFICATION FORM: Please download, sign, and upload this form to complete the submission of your LEA's Annual Professional Performance Review (APPR) plan.

By signing this document, the LEA and its collective bargaining agent(s) certify that the APPR plan submitted to the Commissioner for approval constitutes the school LEA's complete APPR plan, that all provisions of the plan that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law, and that such plan complies with the requirements of Education Law §3012-d as amended by the Laws of 2019 and Subpart 30-3 of the Rules of the Board of Regents, and has been adopted by the governing body of the LEA.

The LEA and its collective bargaining agent(s), where applicable, also certify that this APPR Plan is the LEA's complete APPR Plan and that such plan will be fully implemented by the LEA; that there are no collective bargaining agreements, memoranda of understanding, or any other agreements in any form that prevent, conflict, or interfere with full implementation of the APPR Plan; and that no material changes will be made to the Plan through collective bargaining or otherwise except with the approval of the Commissioner in accordance with Subpart 30-3 of the Rules of the Board of Regents.

The school district and its collective bargaining agent(s), where applicable, also acknowledge that if approval of this APPR Plan is rejected or rescinded for any reason, any State aid increases received as a result of the Commissioner's approval of this APPR Plan may be withheld or forfeited by the State pursuant to Education Law §3012-d(11).

The LEA and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:

- Assure that the overall APPR rating will be used as a significant factor in employment decisions, including but not limited to: tenure determinations and teacher and principal improvement plans;
- Assure that the entire APPR will be completed for each teacher or principal as soon as practicable but in no case later than September 1 of the school year following the year in which the classroom teacher or building principal's performance is being measured;
- Assure that the LEA shall compute and provide to the teacher/principal his or her score and rating on the Student Performance category, if available, and for the Teacher Observation category or Principal School Visit Category of a teacher's or principal's APPR, in writing, no later than the last day of the school year for which the teacher or principal is being measured, but in no case later than September 1 of the school year following the year in which the teacher's or principal's performance is measured;
- Assure that the APPR Plan will be filed in the LEA's office and made available to the public on the LEA's website no later than September 10th of each school year or within 10 days after the plan's approval by the Commissioner, whichever shall later occur;
- Assure that complete and accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner;
- Assure that the LEA will continue to report to the State individual subcomponent scores and the overall rating for each classroom teacher and building principal in a manner prescribed by the Commissioner;
- Assure that the LEA provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them;
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process;
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English language learners and students with disabilities;
- Assure that any teacher or principal who receives an Overall Rating of Developing or Ineffective in any school year will receive a Teacher Improvement Plan or Principal Improvement Plan, in accordance with all applicable statutes and regulations, by October 1 of the school year following the year in which such teacher's or principal's performance was measured or as soon as practicable thereafter.
- Assure that such improvement plan shall be developed by the superintendent or his/her designee in the exercise of their pedagogical judgment, and shall be subject to collective bargaining to the extent required under Article 14 of the Civil Service Law;
- Assure that all evaluators and lead evaluators, including independent evaluators and peer evaluators, as applicable, will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with all applicable statutes and regulations;
- Assure that LEA has collectively bargained appeal procedures that are consistent with the statute and regulations and provide for the timely and expeditious resolution of an appeal to the LEA;
- Assure that, for teachers, all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations and, for principals, all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school
visits;
• Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0, for each subcomponent and that the LEA shall ensure that the process by which weights and scoring ranges are assigned to subcomponents and categories is transparent and available to those being rated before the beginning of each school year;
• Assure that if a second measure for the Student Performance category is locally selected, then the same locally selected measures of student growth or achievement will be used across all classrooms in the same grade/subject, for teachers, or similar building configurations/programs, for principals, in the LEA will be used in a consistent manner to the extent practicable;
• Assure that all growth targets represent a minimum of one year of expected growth;
• Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval by March 1 of each school year;
• Assure that the LEA will provide the Department with any information necessary to conduct annual monitoring pursuant to Subpart 30-3 of the regulations;
• Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by State or Federal law for each classroom or program of the grade does not exceed, in the aggregate, one percent of the minimum in required annual instructional hours for such classroom or program of the grade; and
• Assure that the amount of time devoted to test preparation under standardized testing conditions for each grade does not exceed, in the aggregate, two percent of the minimum required annual instructional hours for such grade. Time devoted to teacher administered classroom quizzes or exams, portfolio reviews, or performance assessments shall not be counted towards the limits established by this subdivision. In addition, formative and diagnostic assessments shall not be counted towards the limits established by this subdivision and nothing in this subdivision shall be construed to supersede the requirements of a section 504 plan of a qualified student with a disability or Federal law relating to English language learners or the individualized education program of a student with a disability.
