Educator Evaluation Plan - Variance

Eric Race, Superintendent
Johnson City Central School District
666 Reynolds Rd.
Johnson City, NY 13790

Dear Superintendent Race:

Congratulations. I am pleased to inform you that your educator evaluation plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

NOTE:

Only documents that are incorporated by reference in your educator evaluation plan variance application have been reviewed and are considered as part of your approved educator evaluation plan variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your educator evaluation variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA’s evaluation system and differentiation among educators within each subcomponent and category of the evaluation system.

Your variance is approved for the 2021-22 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current plan as approved by the Commissioner.
Educator Evaluation COVID-19 Variance (Education Law 3012-d)

For guidance related to the Educator Evaluation variance, see NYSED Educator Evaluation Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Educator Evaluation plan requirements, while complying with the requirements of Education Law §3012-d.

This streamlined form is provided for a variance related only to the ongoing COVID crisis. Districts seeking approval of a variance for a “New and Innovative” Educator Evaluation plan should contact EvalVariance@nysed.gov.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA’s currently approved Educator Evaluation plan. However, please note that all other terms as are present in the LEA’s currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA’s Educator Evaluation plan during the approved term of the variance. In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d Educator Evaluation plan, the provisions of the approved variance will apply during the approved term of the variance.

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Teacher Variance

Please check the appropriate box below.

- Assure that any task not included in the following variance request(s) for teachers will be carried out in the manner described in the currently approved Educator Evaluation plan.

Principal Variance

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluation. Therefore, when completing a variance request for the evaluation of principals, the processes identified must be aligned to such requirements.

Please check the appropriate box below.

- A variance is not requested for any subcomponent or category for principals; all principals will be evaluated using the currently approved Educator Evaluation plan.
Required Student Performance Subcomponent
For guidance on the required subcomponent of the Student Performance category, see NYSED Educator Evaluation Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Education Law §3012-d requires that each teacher have a Student Learning Objective (SLO) consistent with a goal-setting process based on appropriate growth targets. The process must include, at a minimum, the following elements:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components),
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance),
- A method for converting student results to a score on a scale from 0-20,
- A scale for conversion of the score of 0 to 20 to a HEDI rating.

This requirement must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.
> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.

This variance is being requested due to the extreme impacts of Covid-19 our district continues to experience this year. Our administrative team has been devoting a majority of its time on Covid-related tasks (contact tracing, parent contact, department of health guidance enforcement), and this has left very little time to focus on observations. In addition, we have recognized a large increase in behavioral and social-emotional issues being presented by our students, and this has also demanded a great deal of attention from our administrators. Finally, Covid has caused very irregular attendance patterns in both our administrative and teaching ranks. This inconsistency has and continues to make scheduling of observations and follow-up meetings extremely challenging.

Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.

If the variance is approved, each tenured teacher in our district will receive one announced observation during this school year by a trained lead evaluator. Our process for observing probationary teachers will remain the same as it currently is described in our approved plan. The one observation for tenured staff members will result in a score that will be converted to a HEDI rating as part of the final rating at the end of the school year.

Observation Assurances
Please check each of the boxes below as applicable to all teachers included in this teacher observation variance request.

- Assure that the process for assigning points for the Teacher Observation category will be consistent with the process described in the LEA's approved Educator Evaluation plan and/or this variance application and in compliance with Education Law Section 3012-d.
- Assure that once all observations are complete, the process for determining an overall Teacher Observation category score and rating will incorporate the evidence collected across all observations to produce an overall Teacher Observation category rating on a HEDI scale.
- Assure that it is possible for a teacher to obtain any number of points in the applicable scoring ranges, including zero, in each subcomponent.
Category and Overall Ratings

For guidance on Educator Evaluation scoring, see NYSED Educator Evaluation Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

These requirements must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Request

LEAs may use this variance application to define the HEDI ranges for the Student Performance and/or Teacher Observation category that is different than those included in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.

Please make the appropriate selection below.

☐ A variance is not requested for category ratings for teachers.
Additional Requirements for Teachers
For more information on the additional requirements for teachers, see NYSED Educator Evaluation Guidance.

Education Law §3012-d requires that a complete Educator Evaluation plan must include a process for teacher improvement plans, appeals, and evaluator training as determined by the Commissioner. The following minimum requirements under Education Law §3012-d are applicable to teachers:

- A form for development of a Teacher Improvement Plan,
- A timely and expeditious process for resolving educator’s appeals of Evaluation ratings,
- A process for training all evaluators of applicable educators.

These requirements must be met through either the LEA’s current Educator Evaluation plan or this variance. To the extent that the variance does not address a requirement, the currently approved Educator Evaluation plan will apply.

Variance Request
LEAs may use this variance application to develop a process for Teacher Improvement Plans, appeals and/or training in a manner that differs from the process described in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved Educator Evaluation plan.

Choose the appropriate response below.

- A variance is not requested for teacher improvement plans, appeals, or training.
- The details of the variance request applicable to teacher improvement plans, appeals, and/or training is described in the subsequent section.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

**100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.**

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

### Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

#### MEASURES

*SLO measures may be either individually attributed or collectively attributed.*

**Individually attributed measures**

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

- **Teacher and course-specific**
  - **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher’s course in the current school year.

**Collectively attributed measures**

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA’s focus on a specific priority area(s);
- the impact on the LEA’s ability to make strong and equitable inferences regarding an individual educator’s effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

- **School- or program-wide**
  - **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
  - **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers’ courses in the current school year.
  - **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher’s course in the current school year taking assessments in other grades/subjects.

- **District- or BOCES-wide**
  - **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
  - **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers’ courses across buildings/programs in an LEA in the current school year.

#### ASSESSMENTS

- assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- assure that processes are in place for the superintendent to monitor SLOs.
- assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA’s evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.
Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

</thead>
</table>

Rubric Assurances

Please check all of the boxes below.

☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.

☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.

☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.

☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 1 and 2 will be weighted 30% each and Domains 3 and 4 will be weighted 20% each).

All observable components will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.

☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.
HEDI Ranges
Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Observation Assurances

Please check all of the boxes below.

- [ ] Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

- [ ] Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.

- [ ] Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.

- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.

- The frequency and duration of observations are locally determined.

- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.
### Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

At least one observation must be conducted by impartial independent trained evaluator(s) and at least one of the required observations must be unannounced (across both required subcomponents).

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.
- LEAs may locally determine whether to use more than one observation by impartial independent trained evaluator(s).
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

*If the LEA is granted an annual Rural/Single Building Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

Indicate the minimum number of unannounced and announced observations by impartial independent trained evaluator(s), as well as the method of observation, in the table below.

Please also check each of the following boxes.

- Assure that if the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(c)(1)(ii)(a) of the Rules of the Board of Regents.

- Assure that if the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the LEA's approved Section 3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(c)(1)(ii)(b) of the Rules of the Board of Regents.

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

2. the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

3. the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

4. the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious manner.

Teacher Appeal Process: APPR The following procedure are the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to tenured teacher's annual professional performance review. The procedures contained herein are not available to probationary teachers. The grievance and/or arbitration procedures in any negotiated agreement shall not be used to appeal or review a tenured teacher's annual professional performance review. To the extent that a conflict exists between a negotiated agreement and this procedure, the terms and conditions of this procedure shall prevail and be applied. This procedure is in effect unless changed by the parties and approved through a material change as approved by the New York State Education Department until the requirement to have such a procedure under Education Law 3012-d is repealed by law, regulation or a valid ruling by a court or administrative agency with jurisdiction. 1. A teacher who receives a rating of "ineffective" may appeal his or her performance review. Ratings of "developing", "effective", or "highly effective" cannot be appealed. 2. A teacher may appeal only the substance of his or her performance review, the school district's adherence to standards and methodologies required for such reviews, adherence to applicable regulations of the commissioner of education, and compliance with the procedures for the conduct of performance reviews set forth in the annual professional performance review plan. 3. A teacher may not file multiple appeals regarding the same performance review. All grounds for appealing a particular performance review must be raised within the same appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived. 4. Appeals concerning a teacher performance review must be received in the office of the Superintendent of Schools no later than ten (10) work days after the date when the teacher receives his her performance review. The failure to submit an appeal to the Superintendent of Schools within this time frame shall result in a waiver of the teacher's right to appeal that performance review. 5. A teacher wishing to initiate an appeal must submit, in writing (e-mail or other electronic submissions are not permitted), to the Superintendent or his/her designee, with a detailed description of the points of disagreement over his or her performance review, along with any and all additional documents or written materials that he or she believes are relevant to the resolution of the appeal. Any such additional information not submitted at the time the appeal is filed shall not be considered in the deliberations related to the resolution of the appeal. 6. The Superintendent or designee will meet with the teacher within fifteen (15) work days of the Superintendent's receipt of an appeal to hear the appeal. The teacher may have a union representative present at the appeal hearing. 7. The Superintendent shall issue a written decision on the merits of the appeal no later than ten (10) work days from the date the appeal hearing ends. If the Superintendent sustains the appeal he/she shall issue an appropriate remedy. If the Superintendent dismisses or denies the appeal, the teacher's overall APPR compositerating and evaluation shall remain unchanged and the appeal process shall end. The Superintendent's decision shall be final and binding and may not be reviewed or appealed further. 8. The teacher's failure to comply with the requirements of this procedure shall result in a waiver and/or denial of the appeal.
Training Assurance

Please check the box below.

☑️ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

1) Lead evaluators, independent evaluators, and evaluators are trained via established BOCES training with regular monthly follow-up within the district at Administrative Council meetings and will address the nine requirements as prescribed in §30-3.10 of the rules of the Board of Regents. 2) Inter-rater reliability is assessed during monthly meetings of all evaluators and administrators. Meetings will include data analysis, and use of an outside group to assess validity of feedback given against our data. 3) Initial training through BOCES trainings: 4 meetings totaling nine hours; retraining through Administrative Council In-District: 1 hour per month 4) Independent evaluators will be certified lead evaluators from within the District but who work in different BEDS codes than the buildings they will independently observe. There are no peer observers in our plan. 5) Lead evaluators, evaluators, and independent observers are certified and re-certified annually at the July organizational meeting of the Board of Education and upon completion of the appropriate annual re-training of all previously certified evaluators.

Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑ Assure that the LEA shall compute and provide teachers with their APPR scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

Assessment Assurances

Please check all of the boxes below.

☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.
Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal’s overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal’s building or program.

> Principal and building/program-specific

• Principal and building/program-specific results: scores and ratings will be based on the growth of students in the principal’s building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

• identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
• identifying which assessments could be used to help foster and support an LEA’s focus on a specific priority area(s);
• the impact on the LEA’s ability to make strong and equitable inferences regarding an individual educator’s effectiveness; and
• when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

• District- or BOCES-wide results: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
• District- or BOCES-wide group or team results: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals’ buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

• State assessment(s); or
   Assessment(s) that are selected from the list of State-approved:

• third party assessments; or
• locally-developed assessments (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:
• a description of the areas of principal practice that will be evaluated;
• a description of how the selected areas of principal practice promote student growth;
• a description of the evidence of student growth and principal practice that will be collected; and
• a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Required Student Performance for Principals

Please choose the option that best describes the required student performance subcomponent for principals in your LEA.

Selection of the Input Model will require:

• a description of the areas of principal practice that will be evaluated;
• a description of how the selected areas of principal practice promote student growth;
• a description of the evidence of student growth and principal practice that will be collected; and

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all programs or buildings with the same grade configuration in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments;
- Option (F) Four, five, or six-year high school graduation rates;
- Option (G) An input model where the principal’s overall rating shall be determined based on evidence of principal practice that promotes student achievement related to the Leadership Standards; or

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.
Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals’ professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Rubric Assurances

Please check all of the boxes below.

☑️ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.

☑️ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.

☑️ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.

☑️ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., Domains 2 and 3 will be weighted 30% each and Domains 1, 4, 5 and 6 will be weighted 10% each).

All observable components will be weighted equally and averaged.

Scoring Assurances

Please check each of the boxes below.

☑️ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.

☑️ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs/directors, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.
- LEAs may locally determine whether to use more than one school visit by impartial independent trained evaluator(s).

- School visits may not occur by live or recorded video.

*If the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

Appeal Assurance

Please check the box below.
☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

1. the substance of the annual professional performance review; which shall include the following:
   i. in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

2. the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

3. the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

4. the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious manner.

The following procedures are the exclusive means for initiating, reviewing, and resolving any and all challenges and appeals related to a tenured principal’s annual professional performance review. The procedures contained herein are not available to probationary principals. The grievance and/or arbitration procedures in any negotiated agreement shall not be used to appeal or review a tenured principal’s annual professional performance review. To the extent that a conflict exists between a negotiated agreement and this procedure, the terms and conditions of this procedure shall prevail and be applied. This procedure shall be in effect unless changed by the parties or until the requirement to have such a procedure under Education Law 3012-d is repealed by law, regulation or a valid ruling by a court or administrative agency with jurisdiction. Any change to the appeal process will be done through the 3012-d material change procedure and will be approved by the Commissioner of Education. 1. A principal who receives a rating of “ineffective” may appeal his or her performance review. Ratings of “developing”, “highly effective” or “effective” cannot be appealed. 2. A principal may appeal only the substance of his or her performance review, the school district’s adherence to standards and methodologies required for such reviews, adherence to applicable regulations of the commissioner of education, and compliance with the procedures for the conduct of performance reviews set forth in the annual professional performance review plan. 3. A principal may not file multiple appeals regarding the same performance review. All grounds for appealing a particular performance review must be raised within the same appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived. 4. Appeals concerning a principal’s performance review must be submitted to and received in the office of the District Superintendent of the BTBOCES no later than ten (10) work days after the date when the principal receives his/her performance review. The failure to submit an appeal to the District Superintendent within this time frame shall result in a waiver of the principal’s right to appeal that performance review. 5. A principal wishing to initiate an appeal must submit, in writing (e-mail or other electronic submissions are not permitted), to the District Superintendent of the BT-BOCES, with a detailed description of the precise point(s) of disagreement over his/her performance review, along with any and all additional documents or written materials that he/she believes are relevant to the resolution of the appeal. Any such additional information not submitted at the time the appeal is filed shall not be considered in the deliberations related to the resolution of the appeal. 6. The District Superintendent of the BT-BOCES shall select an administrator at the BT-BOCES who is trained in the Marzano rubric to hear the appeal. The administrator will be selected within ten (10) work days of the appeal. 7. The BOCES administrator shall issue a written decision on the merits of the appeal no later than twenty (20) work days after he/she is appointed. If the BOCES administrator sustains the appeal he/she shall issue an appropriate remedy. The decision of the BOCES administrator will be final and binding. 8. The principal’s failure to comply with the requirements of this procedure shall result in a waiver and/or denial of the appeal.
Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

1) Lead evaluators, independent evaluators, and evaluators are trained via established BOCES training with regular monthly follow-up within the district at Administrative Council meetings and will address the nine requirements as prescribed in §30-3.10 of the rules of the Board of Regents. 
2) Inter-rater reliability is assessed during monthly meetings of all evaluators and administrators. Meetings will include data analysis, and use of an outside group to assess validity of feedback given against our data. 
3) Initial training through BOCES trainings: 4 meetings totaling nine hours; retraining through Administrative Council In-District: 1 hour per month 
4) Independent evaluators will be certified lead evaluators from within the District but who work in different BEDS codes than the buildings they will independently observe. There are no peer observers in our plan. 
5) Lead evaluators, evaluators, and independent observers are certified and re-certified annually at the July organizational meeting of the Board of Education and upon completion of the appropriate annual re-training of all previously certified evaluators.
Principal Evaluation Assurances
