Revised

Keith Lewis, Superintendent
Lackawanna City School District
245 South Shore Boulevard
Lackawanna, NY 14218

Dear Superintendent Keith Lewis:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

SLO Assurances**Please check the boxes below.**

- ☒ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent**

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 08/13/2021

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

For the Independent Evaluation (15%), only subcomponents 2A, 2B, 3A, and 3B will be observed and scored. All observable subcomponents will be weighted equally and averaged to get an overall score.

For the lead evaluation (85%), all subcomponents of Domains 1-4 will be observed and scored. All observable subcomponents will be weighted equally and averaged to get an overall score.

Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

Page Last Modified: 08/13/2021

Scoring Assurances**Please check each of the boxes below.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.50	4.00

Please select a minimum value between 2.50 and 2.75 and a maximum value between 3.49 and 3.74 for the Effective range.

Effective:	2.50	3.49

Please select a minimum value between 1.50 and 1.75 and a maximum value between 2.49 and 2.74 for the Developing range.

Observation Assurances

Please check all of the boxes below.

- ☒ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☒ Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.
- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals**

Page Last Modified: 08/13/2021

Appeal Assurance**Please check the box below.**

- ☒ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Steps for Appeal Process Pursuant to Education Law section 3012-d, a teacher may only challenge the following in an appeal: (1) the substance of the annual professional performance review (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012- d (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law section 3012-d. Step 1 The teacher shall present his/her appeal, in writing, to his/her evaluator in an attempt to resolve it provided he/she does so within ten (10) school days of September 1st or the opening of school. When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of the improvement plan and any additional documents or materials relevant to the appeal. The performance review and /or improvement plan being challenged must also be submitted with the appeal. A meeting with the evaluator, the teacher and a union rep may be requested within the ten (10) days. Step 2 Within ten (10) school days of the receipt of an appeal, the administrator who issued the performance review must meet with the employee and submit a written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the district's response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The teacher initiating the appeal shall receive a copy of the response filed by the district, and any and all additional information submitted with the response, at the same time the school district files its response. Step 3 If after the meeting in Step 2 the teacher wishes to appeal the response of the evaluator set forth above, the teacher shall present his/her appeal from the response of the evaluator, in writing to the Superintendent of Schools, or his/her designee within 5 business days of the meeting taking place in Step 2. The Superintendent, or designee, shall notify the Teacher Evaluation Appeals Committee Chairperson of the need for a hearing. When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged and the decision of the evaluator to the teacher's appeal must also be submitted with the appeal. Any information not submitted at the time of the appeal shall not be considered. A written decision on the merits of the appeal shall be rendered no later than ten (10) school days from the date upon which the teacher filled his or her appeal with the Superintendent of Schools. The decision shall set forth the reasons and factual basis for determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained, the committee may set aside a rating if it has been affected by substantial error or defect, or modify a rating if it is affected by substantial error or defect. A copy of the decision shall be provided to the teacher and the evaluator. If the appeal is denied, the rating will stand.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Training**

Page Last Modified: 08/13/2021

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The district will schedule annual training for building principals and district administrators on the Danielson rubric and the APPR process prior to the start of the school year. The primary responsibility for evaluation of each teacher rests with the immediate supervisor, who is normally the building principal or assistant principal. The district will ensure that all evaluators including lead evaluators, independent evaluators, and evaluators, are properly trained and certified to complete the performance reviews of professional employees. Evaluator training will include the nine elements from Regents rules 30-3.10. Erie 1 BOCES will conduct training for all evaluators. All of our evaluators will be trained using the Danielson and MPPR rubrics for approximately a day in duration each. In addition, as a group the evaluators will attend sessions for a half day training on SLOs, observing staff, walk throughs, and inter-rater reliability. The Superintendent will maintain inter-rater reliability over time and ensure that evaluators are re-certified on an annual basis having had updated training, and knowledge of regulations or applicable collective bargaining agreements. The Board of Education, on the recommendation of the Superintendent will certify or recertify that all evaluators have received the training required to complete the performance reviews. The District will ensure that the evaluators maintain inter-rater reliability over time by comparing observations every other month as well as additional walkthrough results.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

Page Last Modified: 06/08/2021

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☒ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 9. PRINCIPALS: School Visits - Rubric and Scoring**

Page Last Modified: 08/13/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All domains of the MPPR have been negotiated as observable components and will be weighted and averaged according to the list below. Each domain will be scored holistically.

1. Weighting of the MPPR domain components -
1. Domain 1 - Shared Vision for Learning - 20%
2. Domain 2 - School Culture and Instructional Program - 20%
3. Domain 3 - Safe, Efficient, Effective Learning Environment - 20%
4. Domain 4 - Community - 10%
5. Domain 5 - Integrity, Fairness, Ethics - 10%
6. Domain 6 - Political, Social, Economic, Legal, and Cultural Context - 5%
7. Goal Setting and Attainment - 15 %

Scoring Assurances

Please check each of the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 11. PRINCIPALS: Additional Requirements - Appeals**

Page Last Modified: 08/05/2021

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

CHALLENGES IN AN APPEAL: Appeals are limited to those identified by Education Law 3012-d, as follows: (1) The substance of the annual professional review; (2) The adherence to Commissioner's Regulations, as applicable to such reviews; (3) Compliance with applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and (4) The school district's issuance and/or implementation of the terms of the principal improvement plan. (5) The school district's adherence to standards and methodologies required for such reviews RATINGS THAT MAY BE APPEALED: Appeals of annual professional performance reviews may be brought for ineffective, developing or any rating tied to compensation. An appeal may only be initiated once a principal receives the overall rating. PROHIBITION AGAINST MORE THAN ONE APPEAL: A principal may not file multiple appeals regarding the same performance review; however each appeal will be afforded the opportunity to work through all phases outlined below. All grounds of appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived. In an appeal, the principal has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which he or she seeks relief. BURDEN OF PROOF: The burden shall be on the district to establish by the preponderance of the evidence that the rating given to the appellant was justified or that an improvement plan was appropriately issued and/or implemented. TIME FRAME FOR FILING APPEAL: All appeals shall be filed in writing no later than fifteen (15) business days of the date when the principal receives their final and complete annual professional performance review and or receipt of the issuance of a principal improvement plan. An appeal of the implementation of an improvement plan shall be within fifteen (15) business days of the failure of the district to implement any component of the plan. The act of mailing the appeal shall constitute filing. Delivery to the Superintendent shall constitute filing. The failure to file an appeal within these time frames shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. An extension of the time in which to appeal may be granted by the superintendent upon written request, which shall not be reasonably withheld, provided the extension requested is no longer than fifteen (15) business days. When filing an appeal, the principal must first submit a written challenge and description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. The performance review and/or improvement plan being challenged must also be submitted with the challenge/appeal. The district upon written request must provide any additional written documents or materials relevant to the challenge/appeal for the same. Negative inferences may be drawn from the failure of the school district to provide the requested documents. An evaluation shall not be placed in a principal's personnel file until either the expiration of a fifteen (15) business day period during which an appeal could be filed by the principal or the conclusion of the appeal process described in this document, whichever is later. TIME FRAME FOR DISTRICT RESPONSE: Within fifteen (15) business days of receipt of a challenge/ appeal, the Superintendent must submit a detailed written response to the challenge/ appeal to the council president and appellant. The superintendent's response must include all additional documents or written materials relevant to the point(s) of disagreement that support the district's response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in deliberations related to the resolution of the appeal. DECISION PROCESS FOR APPEAL: (1) For a principal who received a rating of highly effective or effective or developing, the principal may submit a written statement outlining the basis for the disagreement to be included in his or her file along with the disputed Annual Professional Performance Review. (2) If a tenured principal received a rating of ineffective or developing and disagrees with the superintendent's response to the appellant's initial challenge, the principal may submit a written statement explaining in detail the reason(s) for disagreement with the response to the superintendent of schools within seven (7) business days of receipt of the superintendent's initial response. A meeting with the principal will be scheduled by the superintendent and take place within ten (10) business days of the Superintendent's initial response to discuss the challenge/appeal. The Council President or designee will participate in the meeting. The Superintendent may, at this phase amend the principal's final evaluation to "effective, or highly effective". If after this meeting the principal still disagrees with the superintendent's decision, he or she may initiate an appeal to be heard by an external hearing officer. At no point can this process result in a lowering the evaluation of the appellant. (3) The Superintendent and Council President or Council designee, must meet within five (5) business days after the principal has deemed the superintendent's response unacceptable and has requested the appeal to be heard by an external hearing officer to select said officer from a mutually agreed upon list. Such list will be mutually agreed upon by the Superintendent and Council President or council designee by August 1st annually. All costs for the services of the hearing officer will be paid by the district. (4) The external hearing officer and principal will meet within ten (10) business days of the written response to review the appeal and either modify the principal evaluation rating or deny the appeal. The appeal hearing shall be conducted in no more than one (1) business day unless extenuating circumstances are present and all parties agree to a second day. All costs for release time of the principal and council representation, i.e. president or designee will be paid by the district. (5) The principal shall have the opportunity to present his/her case which may include the representation of witnesses and/or affidavits in lieu of testimony, then the school district may refute the presentation, if the school district does present a case the principal will have the right to present a rebuttal case. (6) A written decision on the merits of the appeal shall be rendered no later than ten (10) business days from the close of the hearing. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district's response to the appeal and additional documentary evidence submitted by the principal with such papers. The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained, the reviewer may set aside or modify a rating. A copy of the decision shall be provided to the principal, and the Superintendent. The decision shall be attached and filed with the principal's personnel file. The decision is final.

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The primary responsibility for evaluation of each administrator rests with the immediate supervisor, who is normally the Superintendent. The district will ensure that all evaluators including lead evaluators, independent evaluators, and evaluators, are properly trained and certified to complete the performance reviews of professional employees. Evaluator training will include the nine elements from Regents rules 30-3.10. Erie 1 BOCES will conduct training for Evaluators. All of our Evaluators will be trained using the Danielson and MPPR rubrics for a least a day in duration each. In addition, as a group the evaluators will attend sessions for a half day training on SLOs, observing staff, walk throughs, and inter-rater reliability. The Superintendent will maintain inter-rater reliability over time and ensure that evaluators are re-certified on a annual basis having had updated training, and knowledge of regulations or applicable collective bargaining agreements. The Board of Education, on the recommendation of the Superintendent will certify or recertify that all evaluators have received the training required to complete the performance reviews. The District will ensure that the evaluators maintain inter-rater reliability over time by comparing school visits every other month as well as additional walkthrough results.
