APPR Plan - Variance

Brian Dunn, Superintendent
Middleburgh Central School District
245-1 Main St.
Middleburgh, NY 12122

Dear Superintendent Dunn:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA’s evaluation system and differentiation among educators within each subcomponent and category of the evaluation system.

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.
Annual Professional Performance Review COVID-19 Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements, while complying with the requirements of Education Law §3012-d.

This streamlined form is provided for a variance related only to the ongoing COVID crisis. Districts seeking approval of a variance for a “New and Innovative” APPR Plan should contact APPRVariance@nysed.gov.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA’s currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA’s APPR plan during the approved term of the variance. In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Teacher Variance

Please check the appropriate box below.

☑ Assure that any task not included in the following variance request(s) for teachers will be carried out in the manner described in the currently approved APPR plan.

Principal Variance

Education Law §3012-d requires that the principal evaluation system be aligned to the requirements for teacher evaluation. Therefore, when completing a variance request for the evaluation of principals, the processes identified must be aligned to such requirements.

Please check the appropriate box below.

☑ A variance is not requested for any subcomponent or category for principals; all principals will be evaluated using the currently approved APPR plan.
Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Education Law §3012-d requires that each teacher have a Student Learning Objective (SLO) consistent with a goal-setting process based on appropriate growth targets. The process must include, at a minimum, the following elements:

- A description of the measure(s) of student growth to be used (e.g., the SLO goal setting process; SLO components),
- Applicable evidence of student learning (e.g., how growth will be measured through various forms of assessment, evaluation of student performance),
- A method for converting student results to a score on a scale from 0-20,
- A scale for conversion of the score of 0 to 20 to a HEDI rating.

This requirement must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale
Please provide a rationale for this variance request.
> Your rationale should include information regarding the specific, identified COVID-related needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.

Adjustments in the organization due to COVID have altered teaching, administrative responsibilities and school systems and structures. Reducing the number of unannounced observations for tenured teachers would allow principals and instructional leaders more time in focused conversations and support around new teaching and learning environments. Instructional leaders could reallocate time to support all staff as they navigate the challenges of teaching during COVID. Teachers utilizing new methodologies for teaching and learning need the non-evaluative environment in which to take risks and reflect on successes and challenges. According to multiple Professional Learning surveys we have conducted with our teachers, closing the digital skill divide is their most pressing need. Freeing admin up to be in the classrooms and present for prep and team times will help teachers close this skill gap. This is a prime opportunity for instructional leaders to talk to teachers about their practices and work those challenges out together. It is especially important that veteran, less tech adapted teachers have this level of support, they have expressed their need on our surveys and evaluations to date, so more support in this area would be prudent and helpful. Tenured teachers would benefit from the process of the announced observation and, in addition, more frequent informal check-ins to support innovative teaching in hybrid and remote settings. While newer teachers are thriving technology wise, they still need ample support with managing and motivating students and engaging parents. This extra time helps us help them by keeping the same amount of evaluations in tact per our APPR plan. Additionally, reducing the number of observations would minimize the number of people coming in and out of buildings and classrooms and reduce social interaction.

Standards and Procedures
Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA’s most recently approved evaluation plan.
> This description should include a specific, detailed explanation of the approach that the LEA is seeking to implement as part of its variance request.
> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.

Untenured teachers will still be evaluated with 2 full announced observations and 1 unannounced observation. Tenured teachers will have 1 full announced by the lead evaluator. The unannounced will be waived to optimize independent evaluator's time for the best impact to support all teachers. We have determined 23 indicators in the NYSUT rubric to be observable, and expect them to be observed and scored for all teachers at least once during the school year. All indicators will be averaged to generate an observation score. When a lead evaluator performs multiple observations, each will be averaged to generate the final lead evaluator score.

Due to COVID, the waiver is requested to reduce the number of observations for tenured teachers in good standing. The district's trained evaluator will plan to conduct one full, announced observation with pre and post conferences to count for 100% of the observation component in the overall APPR rating. The district will not conduct an unannounced observation for tenured teachers.

Tenured teachers would benefit from the process of the announced observation and, in addition, more frequent informal check-ins to support innovative teaching in hybrid and remote settings.

Observation Assurances
Please check each of the boxes below as applicable to all teachers included in this teacher observation variance request.

- Assure that the process for assigning points for the Teacher Observation category will be consistent with the process described in the LEA's approved APPR plan and/or this variance application and in compliance with Education Law Section 3012-d.
- Assure that once all observations are complete, the process for determining an overall Teacher Observation category score and rating will incorporate the evidence collected across all observations to produce an overall Teacher Observation category rating on a HEDI scale.
- Assure that it is possible for a teacher to obtain any number of points in the applicable scoring ranges, including zero, in each subcomponent.
Category and Overall Ratings
For guidance on APPR scoring, see NYSED APPR Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

These requirements must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Variance Request
LEAs may use this variance application to define the HEDI ranges for the Student Performance and/or Teacher Observation category that is different than those included in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Please make the appropriate selection below.

☑ A variance is not requested for category ratings for teachers.
Additional Requirements for Teachers

For more information on the additional requirements for teachers, see NYSED APPR Guidance.

Education Law §3012-d requires that a complete APPR plan must include a process for teacher improvement plans, appeals, and evaluator training as determined by the Commissioner. The following minimum requirements under Education Law §3012-d are applicable to teachers:

- A form for development of a Teacher Improvement Plan,
- A timely and expeditious process for resolving educator’s appeals of APPR ratings,
- A process for training all evaluators of applicable educators.

These requirements must be met through either the LEA’s current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Variance Request

LEAs may use this variance application to develop a process for Teacher Improvement Plans, appeals and/or training in a manner that differs from the process described in the Commissioner’s regulations.

Any teachers not covered by this variance request will be evaluated under the terms of the LEA’s currently approved APPR plan.

Choose the appropriate response below.

- [x] A variance is not requested for teacher improvement plans, appeals, or training.
- [ ] The details of the variance request applicable to teacher improvement plans, appeals, and/or training is described in the subsequent section.

NOTE:
Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- Assure that the growth score provided by NYSED will be used, where required.
- Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

STUDENT LEARNING OBJECTIVES: Courses Ending with State Assessments or Regents Exams

For guidance on SLOs, see NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

SLOs are the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

For grade 3 ELA and math; grades 4 and 8 science; high school math, science, and social studies courses associated with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO for students taking such assessments:

• State assessments (or Regents or Regent equivalents), required if one exists

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

- Please check the boxes below.
  - Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
  - Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
  - Assure that all growth targets are approved by the superintendent or another trained administrator.
  - Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
  - Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
  - Assure that processes are in place for the superintendent to monitor SLOs.
  - Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

- NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 2 Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

For guidance on the use of alternate SLOs during the transition period, see: https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 3) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

- NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.
4.1) Teacher Practice Rubric

</tr>
</tbody>
</table>

4.2) Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district’s/BOCES’ approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

4.5) Teacher Observation Subcomponent Weighting

Required Subcomponents:
- Observations by Principal(s) or Other Trained Administrators: At least 80% of the Teacher Observation category score
- Observations by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent:
- Observations by Trained Peer Observer(s): No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

*If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.

Please indicate the weighting of each subcomponent and be sure the total of the weights indicated equals 100%.
Task 4. Teacher Observation Category - Tasks 4.1-4.6

4.6) Assurances

Please check all of the boxes below.

☑ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the teacher(s) they are evaluating.

☑ Assure that, if observations are being conducted by trained peer observer(s), these teacher(s) received an overall rating of Effective or Highly Effective in the previous school year.

☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.

☑ Assure that independent evaluator(s) will be trained and selected by the district/BOCES.

☑ Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.

☑ Assure that at least one of the required observations will be unannounced.

*If a teacher is rated Ineffective on the Student Performance category, and a State-designed supplemental assessment was included as an Optional subcomponent of the Student Performance category, the teacher can be rated no higher than Ineffective overall (see Education Law §3012-d (5)(a) and (7)).

5.3) Assurances

Please check all of the boxes below.

- Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that it is possible to obtain a zero in each subcomponent.
- Assure that overall rating determination for a teacher shall be determined according to the evaluation matrix.
- Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same school district who have received Ineffective ratings under Education Law §3012-d in the year immediately prior to the school year in which the student is placed in the teacher’s classroom unless the district has received a waiver from the Department.
For more information on the additional requirements for teachers, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

6.1) Assurances: Teacher Improvement Plans

Please check all of the boxes below.

☒ Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

☒ Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

6.2) Attachment: Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES.

MSCDTIP.pdf

6.3) Assurance: Appeals

Please check the box below.

☒ Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:

   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

In the event that a teacher disagrees with the content of the annual teacher summation, that teacher may submit a written rebuttal that will be attached to the APPR in the member’s file. Probationary teachers may not appeal the APPR. A tenured teacher who receives an “ineffective” or “developing” rating may appeal the rating of the APPR. An appeal may be filed challenging the APPR based upon one or more of the following grounds:

1. The substance of the annual professional performance review and rating given, including but not limited to:
   i. The instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;
2. The school district’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d.
3. The adherence to the regulations of the Commissioner.
4. The school district’s compliance with any applicable locally negotiated procedures.
5. The school district’s issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d.

The appeal of the APPR or the issuance of the teacher improvement plan must be submitted in writing to the Appeals Panel within ten (10) school days of the issuance of the APPR/teacher improvement plan. The Appeals Panel shall consist of the Superintendent, or designee, the immediate administrative supervisor, Association President or designee, one teacher appointed by the Association, and one individual mutually agreed upon by the Superintendent and Association President. If an agreement on the fifth panel member cannot be reached, the Appeals Panel will move forward with four members.

The evaluation/teacher improvement plan will be upheld, revoked or revised as determined by a majority of the committee. If a majority is not reached, a new observation and a re-evaluation of student work will be completed by the Superintendent or designee (Evaluator cannot have formally observed the teacher previously). This review, and resultant determination, will be completed within thirty (30) days. The teacher may rebut this review in writing, but may not appeal the substance of the review. The determination of the appeal pursuant to the above process is final and binding.

At the completion of a Teacher Improvement Plan, if there was a breach of a component, then the individual would have ten (10) days to file an appeal from the completed date of the TIP. The appeals process outlined above will be utilized.

6.5) Assurance: Evaluators

Please check the box below.

[ ] The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher’s evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the duration (how many hours, days) of such training.
Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The District will ensure that all Lead Evaluators/Evaluators and independent observers are properly trained and certified to complete an individual’s performance review. The Lead Evaluator for all current teachers subject to this plan will be his/her immediate building supervisor /the Superintendent of Schools. The superintendent will certify/recertify lead evaluators and independent observers upon receipt of proper documentation that the individual has fully completed training. All Lead Evaluators/Evaluators and independent observers will be appropriately trained and certified by September 1st of each school year or thirty (30) days after appointment. Evaluators will be trained by the Capital Region BOCES or through other qualified trainers as determined by the Superintendent in the following:

1. The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable
2. Evidence-based observation techniques that are grounded in research
3. Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart
4. Application and use of the State-approved teacher rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher’s practice
5. Application and use of any assessment tools that the school district utilizes to evaluate its classroom teachers
6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district to evaluate its teachers
7. Use of the Statewide Instructional Reporting System
8. The scoring methodology utilized by the Department and/or the district to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings
9. Specific considerations in evaluating teachers of English language learners and students with disabilities

The minimum duration for initial certification will be 2 days annually, the minimum duration for re-certification will be 4 hours. Upon successful completion of appropriate training, the District will consider the Lead Evaluators and independent observers certified. Upon completion, the Superintendent of Schools shall notify all certified evaluators and independent observers of their status. A copy of such certification will be placed in each evaluator’s personnel file. All records pertaining to certification of evaluators and independent observers will be maintained by the superintendent.

The District will work to ensure that Lead Evaluators maintain an inter-rater reliability over time and that they are re-certified on an annual basis and receive updated training on any changes in the law, regulations, or applicable collective bargaining agreements.

6.7) Assurances: Teacher Evaluation
Please check all of the boxes below.

- Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- Assure that the evaluation system will be used as a significant factor for employment decisions.
- Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments

Please check all of the boxes below.

- Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) Assurances: Data

Please check all of the boxes below.

- Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- Assure that scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.
- Assure that procedures for ensuring data accuracy and integrity are being utilized.
Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: assessment(s) used

7.1) Assurances

Please check the boxes below.

☑ Assure that the growth score provided by NYSED will be used, where required.

☑ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.

☑ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

### 7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

### 7.5) Assurances

Please check all of the boxes below.

- ☑ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☑ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☑ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☑ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☑ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

### 7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

For guidance on the use of alternate SLOs during the transition period, see: https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

### 7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d).

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.
Task 8) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

8.1) Use of the Optional Subcomponent for Student Performance Measures

*Please indicate if the Optional subcomponent will be used by making the appropriate selection below.*

<table>

<table>
<thead>
<tr>
<th>Rubric Name</th>
<th>If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.</th>
</tr>
</thead>
</table>

9.2) Assurances

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

9.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

9.4) Calculating School Visit Ratings

Assurances

Please check the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district’s/BOCES’ approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.

### 9.5) Principal School Visit Subcomponent Weighting

**Required Subcomponents:**
- School Visits by Supervisor(s) or other Trained Administrator(s): At least 80% of the Principal School Visit category score
- School Visits by Impartial Independent Trained Evaluator(s)*: At least 10%, but no more than 20%, of the Principal School Visit category score

**Optional Subcomponent:**
- School Visits by Trained Peer Observer(s): No more than 10% of the Principal School Visit category score when selected

*If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee.

Please indicate the weighting of each subcomponent and be sure the total of the weights indicated equals 100%.

90% | 10% | N/A | (No Response)

9.6) Assurances

Please check all of the boxes below.

☑️ Assure that independent evaluator(s) are not employed in the same school building, as defined by BEDS code, as the principal(s) they are evaluating.

☑️ Assure that, if school visits are being conducted by trained peer observer(s), these principal(s) received an overall rating of Effective or Highly Effective in the previous school year.

☑️ Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑️ Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.

☑️ Assure that independent evaluator(s) will be trained and selected by the district/BOCES.

☑️ Assure that peer observer(s), as applicable, will be trained and selected by the district/BOCES.

☑️ Assure that at least one of the required school visits will be unannounced.

☑️ Assure that school visits will not be conducted via video.

10.3) Assurances

Please check all of the boxes below.

☑ Assure that each subcomponent and category score and rating and the Overall rating will be calculated pursuant to the requirements specified in Subpart 30-3 of the Rules of the Board of Regents.
☑ Assure that it is possible to obtain a zero in each subcomponent.
☑ Assure the overall rating determination for a principal shall be determined according to the evaluation matrix.
For guidance on additional requirements for principals, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

11.1) Assurances: Improvement Plans

Please check all of the boxes below.

- Assure that the district/BOCES will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive a Developing or Ineffective rating by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.
- Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

11.2) Attachment: Principal Improvement Plan Forms

All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a principal's improvement in those areas.

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district/BOCES.

ADMIN - PIP 2016.pdf

11.3) Assurance: Appeals

Please check the box below.

- Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

11.4) Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

1) the substance of the annual professional performance review, which shall include the following:
   (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.
Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

The purpose of the APPR appeal process is to foster and nurture growth of the principal in order to maintain a highly qualified and effective work force. The appeal procedures shall provide for the timely and expeditious resolution of the appeal. Appeals are reserved for tenured principals.

**CHALLENGES IN AN APPEAL:**

Appeals are limited to those identified by Education Law §3012-d, as follows:

1. The substance of the annual professional performance review; which shall include the following: (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
2. The school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and
3. The adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d.

**RATINGS THAT MAY BE APPEALED:**

Appeals of annual professional performance reviews may be brought for ineffective or developing or any rating tied to compensation. An appeal may only be initiated once a principal receives the overall composite rating.

**PROHIBITION AGAINST MORE THAN ONE APPEAL**

A principal may not file multiple appeals regarding the same performance review. The issuance of an improvement plan may prompt an appeal independent of the performance review. The implementation of an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived.

**BURDEN OF PROOF**

The principal bears the burden of proving by substantial evidence the merits of his/her appeal.

**TIME FRAME FOR FILING APPEAL**

All appeals shall be filed in writing to the superintendent or his/her designee. The act of mailing, or faxing, the appeal shall constitute filing.

An appeal of a performance review must be filed no later than fifteen (15) business days of the date when the principal receives his/her final and complete annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with fifteen (15) business days of issuance of such plan. An appeal of the implementation of an improvement plan shall be within fifteen (15) business days of the failure of the district to implement any component of the plan.

The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. An extension of the time in which to appeal may be granted by the Superintendent upon written request. However this process will remain timely and expeditious in accordance with Education Law §3012-d.

When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his/her performance review, or the issuance and/or implementation of the terms of his/her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. Any additional documents or materials relevant to the appeal must be provided by the district upon written request for same. The performance review and/or improvement plan being challenged must also be submitted with the appeal.

**TIME FRAME FOR DISTRICT RESPONSE**

Within ten (10) business days of receipt of an appeal, the district must submit a detailed written response to the appeal. The response must include all additional documents or written materials relevant to the point(s) of disagreement that support the district’s response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in the deliberations related to the resolution of the appeal.

The principal initiating the appeal shall receive a copy of the response filed by the district, and all additional information submitted with the response, at the same time the district files its response. Material not submitted at the time of the response filing will not be considered in deliberations related to the appeal.

**DECISION PROCESS FOR APPEAL**

The decision will be rendered by a three person review panel for an appeal concerning a principal’s performance review. The panel will be comprised of one administrator appointed by the Middleburgh Administrators’ Association, a district-level (non-MAA) administrator appointed by the superintendent and a third party mutually agreed upon by the MAA and the superintendent. To determine the third party, the MAA and the Superintendent will submit a list of three individuals of their choice. If there is a common individual on the two lists, that person will be selected. If there is no common individual on the two lists, each side will rank order the six individuals (1 indicating the highest preference) and the person with the lowest combined score will be selected. The panel shall issue a written decision on the merits of the appeal no later than thirty (30) calendar days from the date when the principal filed his/her appeal.

The decision of the panel shall be final and an appeal shall be deemed completed upon the issuance of that decision. The decision of the panel shall not be subject to any further appeal.

**EXCLUSIVITY OF SECTION 3012-D APPEAL PROCEDURE**

This appeal procedure shall constitute the means for initiating, reviewing and resolving challenges to a principal performance review or improvement
A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.

### 11.5) Assurance: Evaluators

#### Please check the box below.

- [x] The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

### 11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1. the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2. the process for the certification and re-certification of lead evaluators;
3. the process for ensuring inter-rater reliability; and
4. the nature (content) and the duration (how many hours, days) of such training.

#### Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The superintendent will ensure that all lead evaluators and evaluators including impartial independent observers, have been trained and certified in accordance with regulation. The district will utilize Capital Region BOCES for lead evaluator and evaluator training and certification under the nine requirements prescribed in §30-3.10 of the Rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in §30-3.10(c).

The superintendent will ensure that lead evaluators, evaluators and impartial independent observers participate in annual training and are re-certified on an annual basis. All impartial independent observers will also be re-trained annually to maintain calibration levels consistent with district expectations. Capital Region BOCES will be utilized to provide the lead evaluator, evaluator and impartial independent observer training and recertification. The minimum duration for initial certification will be 2 days, while the re-certification will be a minimum of 4 hours annually. Inter-rater reliability will be maintained over time through various activities, including data analysis to detect disparities on the part of one or more evaluators, as well as periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same educator, and annual calibration sessions across evaluators.

### 11.7) Assurances: Principal Evaluation
Please check all of the boxes below.

☑ Assure that the district/BOCES shall compute and provide to the principal their score and rating for the Student Performance category, if available, and for the Principal School Visit category for the principal's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the principal is being measured, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

☑ Assure that the evaluation system will be used as a significant factor for employment decisions.

☑ Assure that principals will receive timely and constructive feedback as part of the evaluation process.

☑ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any principal's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of principal effectiveness; any district or regionally-developed assessment that has not been approved by the department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

☑ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide principals whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the principal's performance is being measured.

☑ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such principals with their original composite rating by September 1 of the school year next following the school year for which the principal's performance is being measured, or as soon as practicable thereafter.

11.8) Assurances: Assessments

Please check all of the boxes below.

☑ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.

☑ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.

☑ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.

☑ Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

11.9) Assurances: Data

Please check all of the boxes below.

☑ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.

☑ Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.

☑ Assure that scores and ratings for all principals will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.

☑ Assure that enrolled students in accordance with policies for student assignment to schools and may not be excluded.

☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.
Task 12) Upload APPR District Certification Form
