APPR Plan - Variance

Jo Anne Antonacci, Superintendent
Monroe 2-Orleans BOCES
3599 Big Ridge Road
Spencerport, NY 14559

Dear Superintendent Antonacci:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.

Annual Professional Performance Review Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's APPR plan during the approved term of the variance. **In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.**

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Variance Details*Please read the questions below and answer each prompt in a concise manner.***Rationale****Please provide a rationale for this variance request.****> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.**

Monroe 2-Orleans BOCES in consultation with the Monroe 2-Orleans BOCES Teacher and Administrator Associations are requesting a variance for the observation portion of the 3012-D plan for teachers. Due to COVID-19, we are requesting that for the 2020-2021 school year only that we waive the requirement for independent evaluator observations. Due to the nature of our programs, we feel that having additional adults in classrooms could cause an unnecessary risk to the health and safety of our students and staff. We are requesting a variance because we will not be able to add additional observations to the workload of our lead evaluators.

All teachers will be observed by their lead evaluator but for some that will mean they are under the minimum number of observations per regulation. By allowing us for one year to waive the requirement and not add additional observations by to the already overburdened lead evaluators, this will allow us to focus more on ongoing support and feedback to our teachers. Specifically, this will allow us to provide additional PD opportunities, instructional coaching, and daily walk throughs by lead evaluators. For the 2021-2022 school year, we will resume with our original plan of having independent evaluations.

Standards and Procedures**Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.****> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.****> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.**

Monroe 2-Orleans BOCES tenured teachers will receive 1 announced observation by their lead evaluator and untenured teachers will receive 2 announced observations by their lead evaluator. Teachers will no longer receive observations by an independent evaluator. In lieu of them, lead evaluators will increase the number of classroom walk throughs to ensure high quality instruction and provide support to teachers in a hybrid environment. Monroe 2-Orleans BOCES will not change the scoring on the rubric and will keep the same number of components observed.

Rigor**Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.****> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.****> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.**

Rigor will be maintained in our system through the quality of feedback given to teachers by their principals and supervisors during the lead evaluator observations. We have a data analysis system that will compare ratings for each component of our rubric to analyze and compare to data from the 2017-2018 and 2018-2019 school years. The consistent use of the rubric will ensure that rigor is maintained in all components observed. We will ensure that enough evidence is collected to rate each component through other natural professional conversations that take place throughout the course of the year.

Professional Learning

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

> This description may include, but is not limited to, methodologies and procedures for:

- **collecting information about educator effectiveness to inform professional learning,**
- **specific details regarding both the type(s) and extent of professional learning opportunities anticipated,**
- **processes for delivery of personalized learning opportunities, and**
- **use of data to measure the efficacy of such professional learning.**

Every year the BOCES Professional Learning Team collects data on the type, number, and participant satisfaction surveys of the professional development offerings that staff participate in. This year will be no different. Our current professional learning plan is heavily focused on cultural responsive teaching, teaching in a digital environment, and transitioning to the new NYS Learning Standards. We have already transitioned most of our offerings to online synchronous and asynchronous formats to accommodate the needs of our staff. The evidence we collect during the observations will be used to tailor individual professional development for teachers that will enhance their practice. Specifically, some professional development courses would be engagement strategies, quality questioning, best practices in assessment and mentoring.

Effectiveness of Implementation

Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.

> This description may include, but is not limited to, processes and procedures for:

- **collection and analysis of both short- and long-term data,**
- **the standard(s) used to measure the effectiveness of implementation, and**
- **how results will be used to inform future implementation.**

BOCES will compare the scores and ratings of teachers for the 2020-2021 year with the variance to the 2019-2020 data to analyze if there are significant differences. This analysis may inform subsequent APPR plans that are developed by the BOCES. Our Professional Development Team will examine and analyze the component scores and identify any significant gaps. Those gaps will then be addressed through the development of action plans to increase proficiency. For example, reviewing observation data after the fall observation cycle, our data revealed low ratings for component 2b, (Danielson rubric) Questioning and Discussion Techniques. As a result, we developed PD's around quality questioning strategies. As per our APPR plan, teachers/principals or lead evaluators can request additional observations as part of the process.

Observation Assurances

Please check each of the boxes below as applicable to all teachers included in this teacher observation variance request.

- ☒ **Assure that the process for assigning points for the Teacher Observation category will be consistent with the process described in the LEA's approved APPR plan and/or this variance application and in compliance with Education Law Section 3012-d.**
- ☒ **Assure that once all observations are complete, the process for determining an overall Teacher Observation category score and rating will incorporate the evidence collected across all observations to produce an overall Teacher Observation category rating on a HEDI scale.**
- ☒ **Assure that it is possible for a teacher to obtain any number of points in the applicable scoring ranges, including zero, in each subcomponent.**

Category and Overall Ratings

For guidance on APPR scoring, see NYSED APPR Guidance.

Education Law §3012-d requires that each teacher be given a final score for both the Student Performance and Teacher Observation categories, which will be converted to a final category rating based on the HEDI scale, and that these ratings be used to provide an Overall Rating using the prescribed scoring matrix.

These requirements must be met through either the LEA's current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

For more information on the additional requirements for teachers, see NYSED APPR Guidance.

Education Law §3012-d requires that a complete APPR plan must include a process for teacher improvement plans, appeals, and evaluator training as determined by the Commissioner. The following minimum requirements under Education Law §3012-d are applicable to teachers:

- A form for development of a Teacher Improvement Plan,
- A timely and expeditious process for resolving educator's appeals of APPR ratings,
- A process for training all evaluators of applicable educators.

These requirements must be met through either the LEA's current APPR plan or this variance. To the extent that the variance does not address a requirement, the currently approved APPR plan will apply.

Annual Professional Performance Review - Variance, Education Law §3012-d**Task 9. PRINCIPALS: School Visits - Variance Details & Assurances**

Page Last Modified: 12/18/2020

Variance Details*Please read the questions below and answer each prompt in a concise manner.***Rationale****Please provide a rationale for this variance request.****> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the principal school visit variance request.**

Monroe 2-Orleans BOCES in consultation with the Monroe 2-Orleans BOCES Teacher and Administrator Associations are requesting a variance for the observation portion of the 3012-D plan for both teachers and principals. Due to COVID-19, we are requesting that for the 2020-2021 school year only that we waive the requirement for independent evaluations. Due to the nature of our programs, we feel that having additional adults in classrooms could cause an unnecessary risk to the health and safety of our students and staff. We are requesting a variance because we will not be able to add additional observations to the workload of our lead evaluators.

All teachers and principals will be observed by their lead evaluator but for some that will mean they are under the minimum number of observations per regulation. By allowing us for one year to waive the requirement and not add additional observations to the already overburdened lead evaluators this will allow us to focus more on ongoing support and feedback to our principals. Specifically, this will allow us to provide additional PD opportunities, supervisory coaching, and daily walk throughs by lead evaluators. For the 2021-2022 school year, we will resume with the number of observations in our currently approved APPR plan.

Standards and Procedures**Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.****> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.****> This description should include, but not be limited to, a description of the alternate measures and/or evidence of principal practice that will be used to evaluate educators.**

Monroe 2-Orleans BOCES tenured principals will receive 1 announced observation by their lead evaluator and untenured principals will receive 2 announced observations by their lead evaluator. Principals will no longer receive observations by an independent evaluator. In lieu of them, lead evaluators will increase the number of school visitations and use the approved rubric to score the same number of components as per our approved APPR plan.

Rigor**Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.****> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.****> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.**

Rigor will be maintained in our system through the quality of feedback given to principals by their supervisors during the lead evaluator visits. We have a data analysis system that will compare ratings for each component of our approved principal rubric to analyze and compare to data from the 2017-2018 and 2018-2019 school years. The consistent use of the principal rubric will ensure that rigor is maintained in all components observed. We will ensure that enough evidence is collected to rate each of the components through other natural professional conversations that take place throughout the course of the year.

Annual Professional Performance Review - Variance, Education Law §3012-d**Task 9. PRINCIPALS: School Visits - Variance Details & Assurances**

Page Last Modified: 12/18/2020

Professional Learning

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

> This description may include, but is not limited to, methodologies and procedures for:

- **collecting information about educator effectiveness to inform professional learning,**
- **specific details regarding both the type(s) and extent of professional learning opportunities anticipated,**
- **processes for delivery of personalized learning opportunities, and**
- **use of data to measure the efficacy of such professional learning.**

Every year the BOCES Professional Learning Team collects data on the type, number, and participant satisfaction surveys of the professional development offerings that staff participate in. This year will be no different. Our current professional learning plan is heavily focused on cultural responsive education, best practices in supporting teachers in a digital environment, and leading in a hybrid environment. We have already transitioned most of our offerings to online synchronous and asynchronous formats to accommodate the needs of our staff. The evidence we collect during the principal visitations will be used to tailor individual professional development for principals that will enhance their practice. Examples of PD's for principals include calibration on state-approved rubric to ensure inter-rater reliability, leading in times of change, and principal institutes on CRE and SEL.

Effectiveness of Implementation

Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.

> This description may include, but is not limited to, processes and procedures for:

- **collection and analysis of both short- and long-term data,**
- **the standard(s) used to measure the effectiveness of implementation, and**
- **how results will be used to inform future implementation.**

BOCES will compare the scores and ratings of principals for the 2020-2021 year with the variance to the 2019-2020 data to analyze if there are significant differences. This analysis may inform subsequent APPR plans that are developed by the BOCES. Our Professional Development Team will examine and analyze the component scores and identify any significant gaps. Those gaps will then be addressed through the development of action plans to increase proficiency. For example, after reviewing principal visitation data, PD's were developed on distributive leadership strategies, facilitating the change process, and using strategic goal setting to guide practice. As per our APPR plan, teachers/principals or lead evaluators can request additional observations as part of the process.

Jo Anne Antonacci, Superintendent
Monroe 2-Orleans BOCES
3599 Big Ridge Road
Spencerport, NY 14559

Dear Superintendent Antonacci:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

NOTE:

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Task 1. School District Information - Tasks 1.1, 1.2

Page Last Modified: 08/17/2016

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances**Please check all of the boxes below**

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)

Page Last Modified: 09/16/2016

Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)**STATE-PROVIDED MEASURES OF STUDENT GROWTH**

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance:

<https://www.engageny.org/resource/appr-3012-d>.**Please check the boxes below.**

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)*The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.*

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Page Last Modified: 09/16/2016

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.**4.1) Teacher Practice Rubric**

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

4.2) Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/SubcomponentsFor guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

Each component of the specific domain will be rated 1-4 by the evaluator. Components that are not observed will not be included in the calculation for that domain or the observation as a whole. The point values of each component within a specific domain are totaled and divided by the total number of observed components within that domain. The resulting number (1-4) will be multiplied by the weighting factor designated below. All observable teaching standards will be assessed at least annually.

Domains	Weighting Factor
I	.25
II	.27
III	.35
IV	.13

4.4) Calculating Observation Ratings**Assurances**

Please check the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Annual Professional Performance Review - Education Law §3012-d

Page Last Modified: 09/16/2016

Please also check the boxes below.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 09/16/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Teacher Improvement Plans

The following procedures shall govern the implementation and use of teacher improvement plans not required by Education Law §3012-d and 8 NYCRR 30-3.11.

If, at any time during the school year an evaluator or unit member feels that the performance of a unit member is less than satisfactory, a meeting will be scheduled immediately with the unit member. At the meeting, all concerns will be identified in writing and given to the unit member. At this time the unit member will be placed on a Teacher Improvement Plan (TIP).

The TIP will identify the areas that need improvement; include a timeline for achieving improvement; indicate the manner in which the improvement will be assessed; and include the differentiated activities to support and assist the teacher in the improvement.

The following procedures shall govern the implementation and use of teacher improvement plans ("TIP") which are required by Education Law §3012-d and 8 NYCRR 30-3.11.

APPEALS OF DEVELOPING OR INEFFECTIVE TIPS ONLY

Use of a TIP shall be limited only to instances where the teacher has received an overall rating of "ineffective" or "developing" based on his/her single composite effectiveness rating. Therefore, an appeal of a TIP is limited to the district's issuance and/or implementation of the terms of the TIP under Education Law § 3012-d noting an appeal of the overall APPR is for a rating of "ineffective" or "developing" only.

TIME FRAME FOR TIP

The TIP must be implemented no later than October 1st in the school year following the school year for which such teacher's performance is being measured.

CONTENTS OF TIP

The TIP will identify the areas that need improvement (i.e. deficiencies that resulted in the ineffective or developing rating); include a timeline for achieving improvement; indicate the manner in which the improvement will be assessed; and include the differentiated activities to support and assist the teacher in the improvement.

The teacher, Director and/or program supervisor or principal or Executive Principal, Director of Human Resources or his/her designee, and a union representative will meet to discuss the contents of the TIP prior to implementation. The Director and/or program supervisor or principal or Executive Principal is the final decision maker of the TIP's contents. A written copy of the TIP will be provided to the unit member at the time of the meeting.

In the final stage of the improvement plan, the teacher should meet with the designated supervisor to determine if adequate improvement has been made in the areas outlined in the plan. A written copy of this determination will be provided to the unit member at the time of the meeting.

APPEAL

A teacher may appeal the implementation of the TIP in accordance with the appeals procedure contained herein. The appeal of a TIP will not affect the BOCES right to dismiss a probationary teacher, deny tenure, or serve to otherwise lengthen the probationary period.

APPR Appeals Procedure**APPEALS OF INEFFECTIVE and DEVELOPING RATINGS ONLY**

Appeals of an annual professional performance review shall be limited only to those where the teacher has received an overall rating of "Ineffective" or "Developing" based on his/her single composite effectiveness rating.

Any unit member receiving an overall APPR rating of either "Effective" or "Highly Effective" may not challenge that APPR rating. However, they may attach a statement to their APPR that will be included in their personnel file.

Prior to September 1st each year, the BOCES shall provide to the B2TA President a list of all unit members whose overall rating is Ineffective or Developing.

In accordance with Education Law §3012-d, an APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law §3020-a and b proceeding, or any locally negotiated procedure, until the appeal process is concluded.

WHAT MAY BE CHALLENGED IN AN APPEAL

In an appeal, the teacher may only challenge:

1. The substance of the annual professional performance review; which shall include the instance of a teacher rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation based on an anomaly, as determined locally.
2. The BOCES adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d and Subpart 30-3 of Commissioner's regulations.
3. The adherence to the Commissioner's regulations, as applicable to such reviews and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d; and
4. The BOCES issuance and/or implementation of the terms of the teacher improvement plan under Education law §3012-d.

Further, any appeal allowed to the State of New York Education Department as set forth in the regulation issued by the New York State Board of Regents will be afforded to unit members.

PROHIBITION AGAINST MORE THAN ONE APPEAL

A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal, provided that the teacher knew or could have reasonably known the ground(s) existed at the time the appeal was initiated, in which instance a further appeal may be filed but only based upon such previously unknown ground(s).

BURDEN OF PROOF

In an appeal, the teacher has the burden of demonstrating by clear and convincing evidence that his/her overall rating of "ineffective" or "developing" was affected by substantial error or defect.

TIME FRAME FOR FILING APPEAL

Appeals must be submitted in writing to the BOCES Superintendent no later than 10 school days after receipt by the teacher either of his/her official annual professional performance review or the improvement plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his/her performance review/teacher improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must be submitted with the appeal. Any information not submitted at the time the appeal is filed will not be considered.

TIME FRAME FOR BOCES RESPONSE

Within 10 school days of receipt of an appeal, the evaluator(s) who issued the performance review or who is responsible for either the issuance and/or implementation of the terms of the teacher's improvement plan must submit a detailed written response to the appeal to the BOCES Superintendent. The response must include any and all additional documents, written materials, or other evidentiary materials specific to the point(s) of disagreement and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal.

The teacher initiating the appeal shall receive a copy of the response filed by the evaluator(s), and any and all additional information submitted with the response, at the same time the evaluator(s) files its response with the BOCES Superintendent.

Notwithstanding the above time frames, an appeal does not serve to lengthen a teacher's probationary period. The BOCES reserves its right to terminate a probationary teacher and/or to make a tenure determination pending an appeal.

DECISION-MAKER ON APPEAL

A decision shall be rendered by the BOCES Superintendent. In the event the BOCES Superintendent is responsible for any rating contained in the evaluation, including the final rating decision, the BOCES Superintendent must appoint a designee not responsible for any rating contained in the evaluation or the final rating to decide the appeal. Only the Assistant Superintendent of Instructional Programs or the Assistant Superintendent of Curriculum Instruction and Professional Development may be appointed as a designee for the purpose of decision maker on appeal when the BOCES Superintendent was involved with a rating contained in the evaluation.

DECISION

A written decision on the merits of the appeal shall be rendered no later than 30 school days from the date upon which the unit member filed his/her

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 09/16/2016

appeal. The appeal shall be based solely on the written record, comprised of the unit member's appeal papers and any documentary evidence which accompanied the appeal, as well as the evaluator(s) response to the appeal and additional documentary evidence submitted with such papers.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal. If an appeal is sustained in whole or in part, the decision maker may set aside a rating and direct that a new evaluation (or portion thereof) be conducted, or award such other relief as he/she deems appropriate under the circumstances.

A copy of the written decision shall be provided to the teacher and the evaluator(s).

The appeal process outlined shall constitute the means for initiating, reviewing and resolving any/all challenges and appeals related to a teacher performance review. The decision of the appeal process is final and binding, except as stated below:

The grievance process in **Article XVIII, Sections A – E** of the B2TA collective bargaining agreement shall not be used to appeal or review a unit member's performance review unless the BOCES Superintendent or his/her designee fails to comply with the negotiated appeals process. However, areas deemed in violation of the contractually negotiated APPR process may be subject to the grievance process. Such areas include adherence to negotiated time frames, minimum number of observations and meetings, and use of appropriate forms. At no time may grievance procedures be utilized to challenge results of an observation or evaluation, the rating or scoring of any rubric component or the commentary of a unit member's APPR. Should a grievance become necessary, the goal would be to correct the process flaw immediately so that the evaluation process may continue with the negotiated intent intact.

6.5) Assurance: Evaluators

Please check the box below.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Evaluators

Only fully NYS certified evaluators (SAS, CAS, SBL, SDL, Certificate of Internship, etc.), that have been hired as evaluators in the BOCES may evaluate teachers.

Any fully certified evaluator who participates in the evaluation of teachers for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law §3012-d and the implementing Regulations of the Commissioner of Education prior to completion of teacher evaluations. The initial APPR training will consist of 4 days of training on the nine elements under section 30-3 of the Regents Rules. The trainings will focus on approved district selective rubrics, NYS Teaching Standards, evidence-based observations including calibration work to ensure inter-rater agreement and reliability. The BOCES Superintendent will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation.

The BOCES will work to ensure that lead evaluators and independent evaluators maintain inter-rater reliability over time and that they are recertified as required by Education Law §3012-d, receiving updated training on any changes in the law, regulations or applicable collective bargaining agreements. Recertification training will completely annually with a minimum of .5 days devoted to evidence based observations, calibration work to ensure inter-rater agreement and reliability, NYS Teaching Standards and growth producing feedback.

The BOCES Superintendent will maintain records of certification and training of lead evaluators, including independent evaluators. Any new evaluator will participate and complete Lead Evaluator Training (4 day).

6.7) Assurances: Teacher Evaluation

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 09/16/2016

Please check all of the boxes below.

- ☒ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☒ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☒ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments**Please check all of the boxes below.**

- ☒ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- ☒ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- ☒ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- ☒ Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

6.9) Assurances: Data**Please check all of the boxes below.**

- ☒ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- ☒ Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- ☒ Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- ☒ Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.
- ☒ Assure that procedures for ensuring data accuracy and integrity are being utilized.

Annual Professional Performance Review - Education Law §3012-d**Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)**

Page Last Modified: 09/16/2016

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: assessment(s) used**

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the back-up SLOs beginning in the 2019-20 school year for each grade configuration listed. The SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

7.1) Assurances

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

Page Last Modified: 09/16/2016

7.2) Student Learning Objectives (Original)For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the grades/courses covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options:
- State-approved 3rd party assessment; or
- State-approved district, regionally, or BOCES-developed course-specific assessment.

For each grade configuration indicate the following:

- **Column 1:** lowest grade that corresponds to the building or program
- **Column 2:** highest grade that corresponds to the building or program
- **Column 3:** measure used
- **Column 4:** assessment(s) used

Follow the examples below.

Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the measure and assessment(s) that will be used for the SLOs for each grade configuration listed. During the 2016-17 through 2018-19 school years, SLOs that use grade 3-8 ELA/math State assessments as their underlying assessments must be excluded from the calculation of transition scores and ratings.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances**Please check all of the boxes below.**

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)*The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.*

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- **Column 1:** lowest grade that corresponds to the building or program
- **Column 2:** highest grade that corresponds to the building or program
- **Column 3:** measure used
- **Column 4:** assessment(s) used

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

Task 8) Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Up to 50% of Student Performance category, if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

8.1) Use of the Optional Subcomponent for Student Performance Measures

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Task 9. Principal School Visit Category - Tasks 9.1-9.6

Page Last Modified: 09/16/2016

For guidance on the Principal School Visit category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.**9.1) Principal Practice Rubric**

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

9.2) Assurances

Please check all of the boxes below.

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

9.3) Process for Weighting Rubric Domains/SubcomponentsFor guidance on the Principal School Visit category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

Weighting of Announced Observation/Visit HEDI Rating for Professional Practice Measures of Principal Effectiveness:

Each domain of the rubric is weighted per the following:

Domain 1: *Shared Vision of Learning* – .15

Domain 2: *School Culture and Instruction Program* – .25

Domain 3: *Safe, Efficient, Effective Learning Environment* – .25

Domain 4: *Community* – .12

Domain 5: *Integrity, Fairness, Ethics* – .12

Domain 6: *Political, Social, Economic, Legal and Cultural Context* – .11

Each domain of the rubric is rated by the principal evaluator on a 1-4 point scale: Highly Effective (4); Effective (3); Developing (2); and Ineffective (1). The point values for each rubric domain are totaled and divided by the total number of components and then multiplied by a weighting factor to arrive at a domain average score. The average scores per domain are totaled for an overall rubric score.

9.4) Calculating School Visit Ratings**Assurances**

Please check the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d

Task 11. Additional Requirements (Principals) - Tasks 11.1-11.9

Page Last Modified: 09/16/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Principal Improvement Plans

The following procedures shall govern the implementation and use of principal improvement plans ("PIP") which are required by Education Law §3012-d and 8 NYCRR 30-3.11. The following procedures are NOT applicable to improvement plans implemented outside of Education Law §3012-d and 8 NYCRR 30-3.11, and unit members may be placed on improvement plans at any time outside of Education Law §3012-d and 8 NYCRR 30-3.11.

APPEALS OF DEVELOPING OR INEFFECTIVE PIPS ONLY

Use of a PIP shall be limited only to instances where the principal has received an overall rating of "ineffective" or "developing" based on his/her single composite effectiveness rating. Therefore, an appeal of a PIP is limited to the district's issuance and/or implementation of the terms of the PIP under Education Law § 3012-d noting an appeal of the overall APPR is for a rating of "ineffective" or "developing" only.

TIME FRAME FOR PIP

The PIP must be implemented no later than 10 school days after the opening of classes in the school year following the school year for which such principal's performance is being measured.

CONTENTS OF PIP

The PIP will identify the areas that need improvement (i.e. deficiencies that resulted in the ineffective or developing rating); include a timeline for achieving improvement; indicate the manner in which the improvement will be assessed; and include the differentiated activities to support and assist the principal in the improvement.

The principal, his/her supervisor, the Director of Human Resources or his/her designee, and a union representative will meet to discuss the contents of the PIP prior to implementation. The principal's supervisor is the final decision maker of the PIP's contents.

APPEAL

A principal may appeal the implementation of the PIP in accordance with the appeals procedure contained herein. The appeal of a PIP will not affect the BOCES right to dismiss a probationary principal deny tenure, or serve to otherwise lengthen the probationary period.

APPR Appeals Procedure

APPEALS OF INEFFECTIVE and DEVELOPING RATINGS ONLY

Appeals of an annual professional performance review shall be limited only to those where the principal has received an overall rating of "Ineffective" or "Developing" based on his/her single composite effectiveness rating.

WHAT MAY BE CHALLENGED IN AN APPEAL

In an appeal, the principal may only challenge:

- The substance of the annual professional performance review;
- The BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- The adherence to the regulations of the New York Commissioner of Education, as applicable to such reviews;
- Compliance with any applicable locally negotiated procedures applicable to the BOCES 2 annual professional performance review plan;
- The BOCES' issuance and/or implementation of the terms of the teacher improvement plan under Education Law §3012-d. **PROHIBITION AGAINST MORE THAN ONE APPEAL**

A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal, provided that the principal knew or could have reasonably known the ground(s) existed at the time the appeal was initiated, in which instance a further appeal may be filed but only based upon such previously unknown ground(s).

BURDEN OF PROOFIn an appeal, the principal has the burden of demonstrating by clear and convincing evidence that his/her overall rating of "ineffective" or "developing" was affected by substantial error or defect.

TIME FRAME FOR FILING APPEALAppeals must be submitted in writing to the BOCES District Superintendent no later than 10 school days after receipt by the principal

either of his/her official annual professional performance review or the improvement plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his/her performance review/principal improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must be submitted with the appeal. Any information not submitted at the time the appeal is filed will not be considered. Regardless of any additional appeals the timely and expeditious.
TIME FRAME FOR BOCES RESPONSEWithin 10 school days of receipt of an appeal, the BOCES staff member (s) who issued the performance review or who is responsible for either the issuance and/or implementation of the terms of the principal's improvement plan must submit a detailed written response to the appeal to the BOCES District Superintendent. The response must include any and all additional documents, written materials, or other evidentiary materials specific to the point(s) of disagreement and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the BOCES, and any and all additional information submitted with the response, at the same time the BOCES files its response. Notwithstanding the above time frames, an appeal does not serve to

lengthen a principal's probationary period. The BOCES reserves its right to terminate a probationary principal and/or to make a tenure determination pending an appeal. DECISION-MAKER ON APPEAL A decision shall be rendered by the District Superintendent or the District Superintendent's designee, except that an appeal may not be decided by the same individual who was responsible for making the final rating decision. In such a case, the District Superintendent must appoint a designee to decide the appeal. DECISION A written decision on the merits of the appeal shall be rendered no later than 30 school days from the date upon which the unit member filed his/her appeal. The appeal shall be based solely on the written record, comprised of the principal's appeal papers and any documentary evidence which accompanied the appeal, as well as the BOCES response to the appeal and additional documentary evidence submitted with such papers. Such decisions shall be final and binding on the parties and shall not be subject to any further appeal through any other process including grievance or arbitration procedures contained within the BOCES 2 Administrative Supervisory Association collective bargaining agreement, adjudication before an administrative body or individual (including but not limited to the Commissioner of Education) or court action. The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If an appeal is sustained in whole or in part, the decision maker may set aside a rating and direct that a new evaluation (or portion thereof) be conducted, or award such other relief as he/she deems appropriate under the circumstances. A copy of the decision shall be provided to the principal and the evaluator.

11.5) Assurance: Evaluators**Please check the box below.**

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

Evaluators

Only fully NYS certified evaluators (SAS, CAS, SBL, SDL, Certificate of Internship, etc.), that have been hired as evaluators in the BOCES may evaluate principals.

Any fully certified evaluator who participates in the evaluation of principals for the purpose of determining an APPR rating shall be fully trained and/or certified as required by Education Law §3012-d and the implementing Regulations of the Commissioner of Education prior to completion of principal evaluations. The initial APPR training will consist of 2 days of training on the nine elements required under Regents Rule 30-3. The trainings will focus on approved district selective rubrics, ISLLC Standards, evidence-based observations including calibration work to ensure inter-rater agreement and reliability. The BOCES Superintendent will ensure that all evaluators have been trained and that all lead evaluators have been trained and certified in accordance with regulation.

The BOCES will work to ensure that lead evaluators and independent evaluators maintain inter-rater reliability over time and that they are re-certified as required by Education Law §3012-d, receiving updated training on any changes in the law, regulations or applicable collective bargaining agreements. Recertification training will completely annually with a minimum of .5 days devoted to evidence based observations, calibration work to ensure inter-rater agreement and reliability, ISLLC Standards and growth producing feedback.

The BOCES Superintendent will maintain records of certification and training of lead evaluators, including independent evaluators. Any new principal evaluator will participate and complete Lead Evaluator Training (2 days).
