**APPR Plan - Variance**

Eric Hartz, Superintendent  
Newfield Central School District  
247 Main Street  
Newfield, NY 14867

Dear Superintendent Hartz:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa  
Commissioner

## NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.

**Annual Professional Performance Review Variance (Education Law 3012-d)**

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's APPR plan during the approved term of the variance. **In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.**

**Variance Application Timeline**

**Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.**

*Submission by November 1* is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

**Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.**

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

**Variance Details***Please read the questions below and answer each prompt in a concise manner.***Rationale****Please provide a rationale for this variance request.****> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.**

Due to the Covidpandemic and the misfortune of our district having to restructure our administrative team due to budget crisiswe are requesting this variance. The Covid related issues are due to the inconsistency of in-person and virtuallearning,the unionagreed to using video as an observation optionas well asrequesting for tenured and probationary teachers reduction of time in this variance. Using the video option for observations reduces the in-person exposure to possible Covid related cases and in times of all remote learning due to a school wide shut down, the lead evaluators and/or independent evaluators will still have the abilityto conduct observations. As you can imagine we have dedicated our time and efforts to having a safe heathy environment for our staff and students. Covid consumes a large percentageof our time limiting time to performobservations and this is why we would like to reduce the amount of observations to one for tenured teachers and two for probationary teachers.

The reduction ofannouncedobservations by onein each designated area, tenured and probationary,will allow us to still have adequate observations andensure teacher accountability. Our time spent on post observations is where we see the importance of the observation. The reduction from 2 to 1 for tenured teachers and 3 to2 for probationary teachers will allow our administration to focus on the mandated standardsand give meaningful feedback for our teachers during the post observations. On top of this the reduction of trained administrationhas limited usto how many administrators are able toperform observations.

Within the teaching structure, per the NYS guidelines for education this year, we have set upour buildings in pods and run ahybrid model. This is donetocontrol the possible cross contamination of Covid if positive cases arise, it will also allow for easiercontact tracing if needed. Having our principals being able to remain in their respective buildings and within their ownstructure will help to limit possible spread or exposers of Covid. For that reason we are asking to not have independent evaluators for the tenured teachers, reducing the tenured teachers observations to one announced observation.

**Standards and Procedures**

**Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.**

**> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.**

**> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.**

The approach for the 2020-21 school year will be much the same as it has been for any other year. We are simply asking for a reduction from 2 to 1 announced observations for tenured teachers and 3 to 2 observations for probationary teachers, (1 announced observation by a lead evaluator and 1 unannounced observation by an independent evaluator), this is due to the Covid related safety, time constraints, and the number of administrators we have available. We will provide feedback at the sub-component level. Probationary educators will still be evaluated upon the observable sub-components of the Danielson's rubric using either in-person or video observations, with the ability to focus on the technology piece ensuring virtual classrooms and in-person classrooms are fairly observed. We will continue to offer participation in professional learning community with targeted professional development to increase educator efficacy and benefit student instruction.

Tenured teachers, will be rated at the domain level in the Danielson's rubric, the tenured teacher will receive a 1-4 rating per domain based upon the evidence observed within each Domain. So long as all observable Domains/Teaching Standards are appraised during the announced observation conducted by the lead evaluator, there shall be a minimum of one observation during the 2020-21 school year for each tenured teacher. Each of the domains will then be weighted equally by taking the average of the scores.

For probationary classroom teachers, the agreed-upon rubric shall be rated at the sub-component level, where the probationary teacher receives a 1-4 rating per each sub-component observed within the rubric for each announced observation. All observable sub-components/Teaching Standards will be appraised during the announced observations conducted by the lead evaluator for probationary teachers during the 2020-21 school year. Each of the domains will then be weighted equally by taking the average of the scores.

The District will be using internal independent evaluators for the probationary teachers observation process. For health and safety reasons, the District is seeking to have the observations conducted by lead evaluators and independent administrators for the 2020-21 school year within the building they work. This is to minimize and decrease the likelihood of any possible spread of Covid that may otherwise be able to be contained at the building level from impacting multiple buildings. Educating students must take place this year with strategies in place to minimize the spread of the COVID-19 virus.

**Rigor**

**Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.**

**> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.**

**> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.**

Rigor will be achieved and maintained by ensuring that evidence-based observation is still used to appraise the observable Domain standards. One of the most important pieces to the observation is the post observation and being able to work with all levels of teachers. During the post observation, having teachers produce measurable data, such as finished products of the lesson or lessons, assessment scores and/or student progress reports will assist in the accountability of progress. The post observation allows for the dialogue to occur and the implementation of new findings to start. The District is committed to educational excellence, honing technological skills that will improve building leadership skills and in turn, enhance teacher practice and pedagogy. This system will foster a culture of learning for our school communities as they continue to navigate these unprecedented times. Through administrator calibration meetings, the District will ensure that all of the information necessary to ensure that all observable Domain standards rated during the observation process. The District will ensure that administrator meetings will be held at the building level to establish a shared understanding of best practices of how to implement effective building leadership techniques regardless of whether student instruction occurs in-person, remotely, or via a hybrid instructional model. In addition, other professional development opportunities will be held throughout the school year to help building principals hone their leadership skills in the constantly shifting instructional framework precipitated by the COVID-19 pandemic. If for some reason there are domains that are not observed or met during the observation, the lead or independent evaluator may ask for supporting material and/or request an additional observation either in-person or via video.

**Annual Professional Performance Review - Variance, Education Law §3012-d****Task 4. TEACHERS: Observations - Variance Details & Assurances**

Page Last Modified: 02/18/2021

**Professional Learning**

**Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.**

**> This description may include, but is not limited to, methodologies and procedures for:**

- **collecting information about educator effectiveness to inform professional learning,**
- **specific details regarding both the type(s) and extent of professional learning opportunities anticipated,**
- **processes for delivery of personalized learning opportunities, and**
- **use of data to measure the efficacy of such professional learning.**

The District will continue to provide professional development to enhance the pedagogy of educators in the in-person, hybrid and virtual instructional models, based upon trends that are seen from the observations conducted by the lead evaluators or independent evaluators during the course of the 2020-21 school year. The District will use administrative team meetings, building-level faculty meetings, grade level team meetings, and other designed instructional level meetings such as PBIS to integrate best practices. This will enhance building leadership skills, which in turn should improve teaching skills. Individualized feedback from the observation process will help inform personalized professional development. This is distinguishable from professional development that ordinarily occurs throughout the school year. Building leadership will provide targeted professional development during faculty meetings that take place at the building-level throughout the year as well as continued on-line opportunities for all faculty and staff. This year our push has been in technology as we have a new technology/PD administrator and we have converted our entire district to Google Classroom. In addition, district leadership team meetings have and will continue to take place during the course of the school year to ensure that the building-level expectations and goals are aligned to expectations and goals at the District level. One of independent evaluators will be the new Director of Technology and PD.

**Effectiveness of Implementation**

**Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.**

**> This description may include, but is not limited to, processes and procedures for:**

- **collection and analysis of both short- and long-term data,**
- **the standard(s) used to measure the effectiveness of implementation, and**
- **how results will be used to inform future implementation.**

School district and building leaders will work to analyze measures of student learning and to isolate areas where there are gaps in learning that may warrant enhanced professional development. Results as analyzed by building teams, grade level teams, and district teams will be used to inform the extent to which short-term and long-term goals are being achieved. During the spring, meetings with the District's administrative team and union leadership teams will be held to determine what has been most valuable in this process and what can be improved moving forward. This will allow us to develop a plan for the summer of 2021 to start implementing new strategies for student achievement. In addition, throughout the school year, information from classroom visits, student performance data, evidence of professional development and data on their contributions to the school community at-large will be analyzed in building and district-level meetings. These meetings identify strengths and weaknesses, as well as action steps to help teachers develop professionally. These meetings also serve as a way of calibrating inter-rater reliability among administrators who are responsible for observing building leader practice. Although we may have reduced observations that does not mean we will have less data to pull from. How we obtain the data is what will be important. At the elementary level we have already started a new reading program and are starting a K-5 assessment process in reading that will follow all students through 8th grade. Data does not come from one observation, it is continual and will come from various sources and continued yearly observations.

Dr. Cheryl Thomas, Superintendent  
Newfield Central School District  
247 Main Street  
Newfield, NY 14867

Dear Superintendent Thomas:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia  
Commissioner

**NOTE:**

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

**Task 1) Disclaimers**

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

**1.1) Assurances****Please check all of the boxes below**

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

**1.2) Submission Status**

**Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?**

**Task 2) Original Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

*100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.*

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

**2.1) Assurances**

*Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).*

**Please check the boxes below.**

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

**2.2) Grades 4-8 ELA and Math: Assessments (Original)****STATE-PROVIDED MEASURES OF STUDENT GROWTH**

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

**Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.**

**2.12) Teachers with More Than One Growth Measure (Original)**

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

**2.13) Assurances**

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance.

**Please check the boxes below.**

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

**2.14) Use of the Optional Subcomponent and Student Performance Category Weighting**

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

**Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)***The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.*

For guidance on the Required subcomponent of the Student Performance category or guidance on the use of alternate SLOs during the transition period, see NYSED APPR Guidance.

**During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.**

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

**2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)**

**Task 3) Optional Student Performance Subcomponent**

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

**3.1) Use of the Optional Subcomponent of the Student Performance Category**

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

**Annual Professional Performance Review - Education Law §3012-d****Task 4. Teacher Observation Category - Tasks 4.1-4.6**

Page Last Modified: 10/11/2017

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

**4.1) Teacher Practice Rubric**

**Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.**

Rubric Name	<b>If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.</b>
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

**4.2) Assurances**

**Please check all of the boxes below.**

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in Task 4.1 above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

**4.3) Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

**Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).**

Observations will be based only on observable rubric sub-components. All of the observed sub-components from each of the domains will be weighted equally and will be averaged to determine a final HEDI score.

**4.4) Calculating Observation Ratings****Assurances**

**Please check each of the boxes below.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Please also check each of the following boxes.**

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Page Last Modified: 10/11/2017

**Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.**

Appeals may be brought only on the grounds of substance of the APPR (for example, where a teacher or principal is rated Ineffective on the student performance category, but rated Highly Effective on the observation/school visit category based on an anomaly, as determined locally pursuant to Education Law §3012-d(15)), adherence to the standards and methodologies pursuant to Education Law 3012-d, and/or the adherence to the Commissioner's regulations and compliance with applicable locally negotiated procedures. Appeals of annual performance reviews ("APPR") shall be limited to those performance reviews for

Tenured teachers:

- "Ineffective" or "Developing" ratings
- Substance of the APPR
- Compliance with any locally negotiated procedures regarding annual professional performance reviews or improvement plans.
- The District's issuance and/or implementation of the terms of the Teacher Improvement Plan (not substance) under Education Law 3012-d in connection with an ineffective or developing rating.

Probationary teachers:

- "Ineffective" rating
- Substance of the APPR but limited to Level 1 of the Appeals Process only
- Compliance with any locally negotiated procedures regarding annual professional performance reviews or improvement plans.
- The District's issuance and/or implementation of the terms of the Teacher Improvement Plan (not substance) under Education Law 3012-d in connection with an ineffective rating.

**PROHIBITION AGAINST MORE THAN ONE APPEAL**

A teacher may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

**BURDEN OF PROOF**

In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which s/he seeks relief.

**EXCLUSIVITY OF 3012-d APPEAL PROCEDURE**

The appeal procedure outlined above shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher APPR. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan.

**PROCESS****I. Level 1 – Evaluator**

A. Informal – Following a qualifying event as defined in the above sections, the teacher should request a follow-up meeting with the lead evaluator to informally discuss any and all related issues in an effort to resolve any differences.

B. Formal - Any appeal must be submitted to the evaluator in writing no later than ten (10) school days from the date when the teacher receives his/her annual performance professional review or Teacher Improvement Plan.

When submitting an appeal, the teacher must submit a detailed written description of the specific grounds for the appeal as well as the APPR and/or improvement plan being challenged. Along with the appeal, all supporting documentation must be submitted, or specifically noted if pending.

Within ten (10) school days of receipt of an appeal, the lead evaluator must submit a detailed written response to the appeal including all supporting documents, as well as any additional supporting documents or materials relevant to the response. The teacher and Association President will receive copies of the response and documents.

Any supporting documentation/information not submitted or noted by either party in the Level 1 appeal shall not be considered at any further steps of the appeal.

**II. Level 2 – Review Board**

If a teacher is not satisfied with his/her level 1 response, s/he must submit a written appeal to the Review Panel within five (5) school days of the receipt of the written Level 1 response.

Within five (5) school days of receipt of the teacher's appeal, the Review Panel will conduct a hearing at which the teacher and his/her union representative (optional) and the evaluator will be allowed to present oral arguments in support of the appeal and the response, respectively.

Within five (5) school days of the Review Panel's hearing, the Review Panel will issue a written determination to the teacher, Teacher Association President, the Superintendent, and the Evaluator. The determination may be to deny the appeal, to sustain the appeal and grant the remedy sought, or to sustain the appeal and modify the remedy. III.

**Level 3 – Superintendent**

Within five (5) school days of the receipt of the Review Panel's Level 2 response, if a teacher is not satisfied with such response or if consensus is not reached by the Review Panel, the teacher must submit a written appeal to the Superintendent.

Within five (5) school days of the receipt of such appeal, the Superintendent may conduct a hearing at which the teacher and his/her union representative (optional) and the Evaluator will be allowed to present oral arguments in support of the appeal and the response, respectively.

Within five (5) school days of the Superintendent's hearing, the Superintendent shall issue a written determination to the teacher, Teacher's Association President and the Evaluator. The determination may be to deny the appeal, to sustain the appeal and grant the remedy sought, or to sustain the appeal and modify the remedy.

**RECORDS**

The entire appeals record will be part of the teacher's APPR.

After entering or noting a document into the record at Level 1 of the Appeals Process, the District shall maintain copies of all the documents/information for further stages of the Appeals Process.

**6.5) Assurance: Evaluators**

**Please check the box below.**

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

**6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and

**Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**

All evaluators, lead evaluators, and independent evaluators who assess teachers are trained by BOCES and are certified by the Newfield CSD Board of Education. This training involves approximately 20 hours of course work. This training will address all of the requirements in the regulation and include video examples and practice sessions for a variety of classroom settings, including special education. Also in the training course is

(1) The New York State Teaching Standards, and their related elements and performance indicators

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers

(7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings

(9) Specific considerations in evaluating teachers of English language learners and students with disabilities.

All teachers had an overview of the assessment procedure and are provided access to additional, extensive training via Frontline. In addition, professional development is offered throughout the current school year. Additional training, review, and calibration exercises will be given to evaluators and lead evaluators during each school year by TST BOCES. Evaluators, lead evaluators, independent observers, and peer observers (if applicable) are required to review the training sections of Frontline on a bi-annual basis and encouraged to co-rate one teacher each year with another administrator in order to maintain inter-rater reliability over time. All evaluators, lead evaluators, and independent evaluators are certified or re-certified each year by the Board of Education.

**Please check all of the boxes below.**

- ☒ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☒ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☒ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

**Annual Professional Performance Review - Education Law §3012-d****Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)**

Page Last Modified: 10/11/2017

**Task 7) Original Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

**100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent**

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

**7.1) State-Provided Measures of Student Growth (Original)**

Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments for which there is a State growth model (e.g., K-5, K-6, 6-8, 6-12, 9-12, etc.).

For principals where less than 30% of their students are covered under a State-provided growth measure, please use Task 7.2.

For the 2015-16 through 2018-19 school years, principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments set back-up SLOs based on Regents assessments.

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal. Principals of buildings or programs that include all of grades 9-12 who receive State-provided growth scores based on Regents assessments should continue to set back-up SLOs based on Regents assessments in the 2019-20 school year and thereafter.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, K-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for back-up SLOs.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: assessment(s) used

Follow the examples below.

- ☒ Assure that, for principals of buildings that do not include all of grades 9-12, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator in the event that a State-provided growth score cannot be generated for that principal and that principals of buildings that include all of grades 9-12 will have back-up SLOs set by the superintendent or another trained administrator in all school years.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

**7.4) Principals with More Than One Growth Measure (Original)**

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

**7.5) Assurances**

Please check all of the boxes below.

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

**7.6) Student Performance Subcomponent Weighting**

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance and guidance on the use of alternate SLOs during the transition period.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

**7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)**

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

**9.1) Principal Practice Rubric**

**Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.**

Rubric Name	<b>If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.</b>
Multidimensional Principal Performance Rubric	(No Response)

**9.2) Assurances**

**Please check all of the boxes below.**

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types as indicated in Task 9.1 above.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

**9.3) Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

**Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).**

The scores for each of the domains will have equal weighting on a scale of 1 to 4 and will be averaged for a composite HEDI rating. Only observable rubric sub-components will be used in school visits which determine domain scores for each evaluation used in the APPR.

**9.4) Calculating School Visit Ratings****Assurances**

**Please check each of the boxes below.**

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Please also check each of the following boxes.**

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.
