Bryna Booth, Superintendent
Pine Valley Central School District (South Dayton)
7755 Rte. 83
South Dayton, NY 14138

Dear Superintendent Booth:

Congratulations. I am pleased to inform you that your educator evaluation plan ("plan") meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your educator evaluation form, including the certifications and assurances that are part of your approved plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visit category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visit category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

APPR Assurances**Please check all of the boxes below**

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

Educator Evaluation - Education Law §3012-d, amended in 2019

SLO Assurances

Please check the boxes below.

- Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent

Page Last Modified: 11/18/2020

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A)** A second SLO, provided that this SLO is different than that used in the required subcomponent;
- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- **Option (C)** A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 11/02/2021

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Educator Evaluation - Education Law §3012-d, amended in 2019

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 11/02/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All observable domains will be weighted equally and averaged. When conducting announced observations, principals and district level administrators will conduct a pre-conference, live observation, and a post conference to collect data for all components that are observable using the Danielson rubric. Using the Danielson rubric each domain is weighted equally and averaged. Data used from observations, interactions, pre conferences and post conferences are used to compile the information necessary to score domains 1 and 4 holistically. The holistic scores from domains 1, 2, 3, and 4 are then averaged to produce the overall Observation score. All Domains of the Danielson rubric are deemed observable. For non-tenured teachers the 2 observation scores are combined.

When observing a teacher, data is collected by using a computer to capture what is said by the teacher and students in the classroom. Notes are also taken regarding the classroom set up and atmosphere. These pieces of evidence are then reviewed individually and coded to each of the subcategories in domains 2 and 3. Administrators have access to a computer program to analyze the evidence and the Danielson rubric book. Each component is then looked at by examining the tagged evidence. Component scores are equally averaged. Each principal maintains an excel workbook for each teacher. There is a summative tab where the information is recorded for the state assessment score provided based on the state/regent's assessment used to measure that teachers student performance category. There is also a tab for each component of domains 1 and 4 to have information recorded. The source of this information is from everyday observations as well as the formal announced and unannounced observations. As the data is entered into the excel spreadsheet the formulas are set to combine the scores to provide the holistic score.

Scoring Assurances

Please check each of the boxes below.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Observation Assurances

Please check all of the boxes below.

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.
- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEAL PROCESS FOR TEACHERS DESIGNATED AS “DEVELOPING” OR “INEFFECTIVE”**APPEAL PROCEDURE**

All tenured and probationary employees who meet the appeal process criteria identified below may use this appeal process. A teacher may not file multiple appeals regarding the same performance review or TIP. All grounds for appeal must be raised with specificity and within one appeal, provided that the teacher knew or could have reasonably known the ground(s) existed at the time the appeal was initiated, in which instance a further appeal may be filed but only based upon such previously unknown ground(s). Any grounds not raised at the time the appeal is filed shall be deemed waived.

APPEAL PROCESS

Any unit member aggrieved by an APPR rating of either “ineffective” or “developing” may challenge that APPR in accordance with Regents rule 30-3.12. An APPR which is subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law Section §3020-b proceeding, or any locally negotiated procedure, until the appeal process is concluded.

GROUND(S) FOR AN APPEAL

An appeal may be filed challenging the APPR based upon one of more of the following grounds:

- a. The substance of the Annual Professional Performance Review; which shall include the instance of a teacher rated ineffective on the Student Performance Category but rated High Effective on the Observation Category based on an anomaly, as determined locally.
- b. The district’s failure to adhere to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law §3012-d and Subpart 30-3 of Commissioner’s regulations;
- c. The adherence to the Commissioner’s regulations, as applicable to such reviews and compliance with an applicable locally negotiated procedures, as required under Education Law §3012-d; and
- d. The district’s failure to issuance and/or implementation the terms of the Teacher Improvement Plan, where applicable, as required under Education Law §3012-d.

TIME LIMITS

Time limits set forth in the procedure shall be strictly adhered to by all parties and persons. Any appeal not initiated or taken to the next stop within these time limits will be considered settled on the basis of the last answer by the District. Time limits may be extended by mutual agreement of the District and the teacher, or his representative, if any, which agreement shall be in writing and signed by the teacher, or his representative, if any, and the District. Consent to an extension shall not be unreasonably withheld. All steps in the appeals process will be timely and expeditious in accordance with Education Law §3012-d.

STEPS FOR APPEAL PROCESS

The entire steps process will be completed within 60 school days.

Step 1

The teacher, with input and guidance from his/her PVT representative, shall present his/her appeal, in writing, to his/her evaluator in an attempt to resolve it provided he/she does so within fifteen (15) school days of the date he/she is presented his/her summative evaluation, which shall include scores from all phases of the APPR. When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal.

Step 2

Educator Evaluation - Education Law §3012-d, amended in 2019Task 6. TEACHERS: Additional Requirements - Appeals

Page Last Modified: 08/21/2021

Within ten (10) school days of receipt of an appeal, the administrator who issued the performance review must submit a detailed written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the district's response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The teacher initiating the appeal shall receive a copy of the response filed by the district, and any and all additional information submitted with the response, at the same time the school district files its response.

Step 3

If the teacher is not satisfied with the written response of the evaluator, then a meeting will be scheduled with the teacher, their union representative, peer coach, the evaluator, and, if the evaluator chooses, another administrator. This meeting will occur within five (5) school days from the date of the written response in Step 2.

Step 4

If after the meeting, in Step 3, the teacher wished to appeal the decision of the evaluator set forth above, the teacher shall present his/her appeal from the decision of the evaluator, in writing within 10 school days of the receipt of the decision, to the Superintendent of Schools, or his/her designee. When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement of his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. Any information not submitted at the time the appeal is filed shall not be considered. A written decision on the merits of the appeal shall be rendered no later than ten (10) school days from the date upon which the teacher filed his or her appeal with the Superintendent of Schools. The decision shall set forth the reasons and factual basis for determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained, the reviewer may set aside a rating if it has been affected by substantial error or defect, or the reviewer may modify a rating if it is affected by substantial error or defect or if procedures have been violated. A copy of the decision shall be provided to the teacher and the evaluator.

EXCLUSIVITY OF SECTION 3012-d APPEAL PROCEDURE

The 3012-d appeal procedure shall constitute the exclusive means for initiating, reviewing, and resolving any and all challenges and appeals related to a teacher performance review and/or improvement plan. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law.

Educator Evaluation - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Training**

Page Last Modified: 10/19/2021

Training Assurance**Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**Item 1: TRAINING OF EVALUATORS**

Pine Valley uses Lead evaluators such as Principals and the Director of Curriculum/Special Education. We also use an independent observer to perform unannounced observations. We do not use peer observers as part of our APPR process. All district evaluators will be trained and retrained annually through their participation in the teacher evaluator training series offered through the BOCES Integrated Education Services (IES) Team. Trainings will be done virtually, at a BOCES location, or by having a trainer onsite at Pine Valley Central School.

Item 2: CERTIFICATION

All district evaluators will participate in annual sessions that will be led by certified trainers who are deeply familiar with the Danielson Framework. The District will ensure that lead evaluators and independent observers are properly trained and certificated. The District will ensure that lead evaluators and independent observers are re-trained and re-certified on a regular basis and receive updated training on any changes in the law, regulations or applicable collective bargaining agreements. The BOCES established requirements for the workshops that lead to certification or refresher will be adhered to.

ITEM 3: INTER-RATER RELIABILITY

The trainings will include a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols recommended in training for lead evaluators. The inter-rater reliability training will be at minimum 3 hours of training conducted by the BOCES IES team. Following the annual inter-rater reliability training the district evaluators will meet monthly to review the 9 elements of the Danielson rubric, do work to ensure that we aren't having bias impact our observations, and engage in activities that will continue to maintain inter-rater reliability. We will watch online lessons, score them independently and then discuss the scores to reach consensus ensuring that we are viewing the lessons and scoring them in similar manners.

ITEM 4: CONTENT OF TRAINING

The initial training process for lead evaluators of approximately 15 hours will address all of the nine elements required by Section 30-3.10 of the Rules of the Board of Regents. Independent evaluators will also participate in training of approximately 15 hours that addresses the three elements required pursuant to Subpart 30-3 of the Rules of the Board of Regents. All training will be conducted by the BOCES IES Team or another entity that has expertise on the State's APPR laws and regulations. The training will be scheduled as part of professional development days and administrative meetings. The Pine Valley Central School District administrative team which includes district administrators and building leader who complete APPR evaluations will attend the annual training offered by the BOCES IES Team during the each school year centering on teacher evaluation, bias, the Danielson framework, and inter-rater rater reliability.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

*100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.***Required Student Performance Measures****Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.****STUDENT LEARNING OBJECTIVES**

For guidance on SLOs, see NYSED SLO Guidance.

*SLO measures may be either individually attributed or collectively attributed.**Individually attributed measures*

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS*Any of the measures above may be used with one or more of the following assessment types.*

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL*Selection of the Input Model will require:*

Page Last Modified: 11/18/2020

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.
- Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

A collectively attributed SLO measure

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

Student Performance based on an Input Model

An input model uses evidence of principal practice that promotes student growth related to the Leadership Standards.

Selection of the Input Model will require:

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 11/04/2021

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals’ professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Educator Evaluation - Education Law §3012-d, amended in 2019

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 11/04/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

OBSERVABLE COMPONENTS

The district designates indicators of the rubric as observable and ensures that they align with the ISLLC standards. The same rubric and evaluating system will be used for both the Elementary Principal and the Jr/Sr High School Principal.

RUBRIC USE

The rubric will be used to evaluate the principals through formal and informal school visits. The Superintendent or his/her designee will be the individual observing these components as the supervisor (85%) and an independent and impartial evaluator will conduct a school visit (15%), and there will be no peer school visit. These visits can occur during the school day, faculty meetings, grade level meetings, data meetings, team meetings, trainings lead, or other events related to the operation of the building.

FINAL SCORES

During the school visit the evaluator will provide scores holistically by component. Scores from each component will be weighted equally and averaged to obtain a total score for each school visit. The scores in each of the 2 school visits by the supervisor will be weighted equally and averaged to get a final rating for that category. No peer observation scores will be used as part of this evaluation process.

Scoring Assurances

Please check each of the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Principal Improvement Plan Assurances

Please check each of the boxes below.

- Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.
- Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

Principal Improvement Plan Forms

All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;

Task 11. PRINCIPALS: Additional Requirements - Appeals

Page Last Modified: 10/15/2021

Appeal Assurance

Please check the box below.

- Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
- (2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and
- (4) the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Educator Evaluation - Education Law §3012-d, amended in 2019Task 11. PRINCIPALS: Additional Requirements - Appeals

Page Last Modified: 10/15/2021

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals are limited to those identified by Education Law §3012-d, as follows:

Challenges in an Appeal:

Appeals are limited to those identified by Education Law, as follows:

1. The substance of an annual professional performance review, which shall include the following:
 - a. In the instance of a principal rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation/School Visit Category, based on an anomaly, as determined locally (Subpart 30-3.12 (a) (1) of the Rules of the Board of Regents);
 2. The school district's or board of cooperative education services' adherence to the standards and methodologies required for such reviews;
 3. The adherence to the Commissioner's regulations, as applicable to such reviews;
 4. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and
 5. The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan.
- Ratings That May Be Appealed

Appeals of annual professional performance reviews may be initiated by any principal for ineffective and developing ratings or any rating tied to compensation. An appeal may only be initiated once a principal receives the overall rating, except as described below.

Prohibition Against More Than One Appeal

A principal may not file multiple appeals regarding the same performance review. The issuance of an improvement plan may prompt an appeal independent of the performance review. The implementation of an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived.

Time Frame For Filing Appeal

All appeals shall be filed in writing and delivered in person to the Superintendent's Office.

An appeal of a performance review must be filed no later than fifteen (15) business days of the date when the principal receives their final and complete annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed within fifteen (15) business days of issuance of such plan. An appeal of the implementation of an improvement plan shall be within fifteen (15) business days of the failure of the district to implement any component of the plan.

The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. The Superintendent upon written request may grant an extension of the time in which to appeal.

When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. Any additional documents or materials relevant to the appeal must be provided by the district upon written request for same. The performance review and/or improvement plan being challenged must also be submitted with the appeal.

Time Frame For District Response

Within fifteen (15) business days of filing of an appeal, the district must submit a detailed written response to the appeal. The response must include all additional documents or written materials relevant to the point(s) of disagreement that support the district's response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the school district, and all additional information submitted with the response, at the same time the school district files its response. The principal up to the date of the hearing may submit additional material supporting the challenges.

Decision Process for Appeal

Within five (5) business days of the district's response, a single individual hearing officer shall be chosen from the list of hearing officers approved mutually by the district and bargaining unit representing the principals.

The parties agree that:

- a. A panel will be selected for the appeal. The panel will consist of the chosen hearing officer, one district administrator, and one building level principal of the appellant's choice.
- b. The panel shall hear appeals in a timely manner after the appeal is made, but in no event shall it be less than five (5) business days or more than fifteen (15) business days after the panel is selected.
- c. The hearing shall be conducted in no more than one business day unless extenuating circumstances are present and the panel agrees to a second day.
- d. The parties shall have the ability to be represented by either legal counsel, union representative, or appear pro se;
- e. The parties shall exchange an anticipated witness list no less than two (2) business days before the scheduled hearing date;
- f. The principal shall have the prerogative to determine whether the appeal shall be open to the public or not;

Task 11. PRINCIPALS: Additional Requirements - Training

Page Last Modified: 11/02/2021

Training Assurance**Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.**Item 1: TRAINING OF EVALUATORS**

Pine Valley uses Lead evaluators such as district level administrators. We also use an independent observer to perform unannounced observations. We do not use peer observers as part of our APPR process. All district evaluators will be trained and retrained annually through their participation in the APPR evaluator training series offered through the BOCES Integrated Education Services (IES) Team. Trainings will be done virtually, at a BOCES location, or by having a trainer onsite at Pine Valley Central School.

Item 2: CERTIFICATION

All district evaluators will participate in annual sessions that will be led by certified trainers who are deeply familiar with the Danielson Framework and the MPPR Rubric. The District will ensure that lead evaluators and independent observers are properly trained and certificated. The District will ensure that lead evaluators and independent observers are re-trained and re-certified on a regular basis and receive updated training on any changes in the law, regulations or applicable collective bargaining agreements. The BOCES established requirements for the workshops that lead to certification or refresher will be adhered to.

ITEM 3: INTER-RATER RELIABILITY

The trainings will include a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols recommended in training for lead evaluators. The inter-rater reliability training will be at minimum 3 hours of training conducted by the BOCES IES team. Following the annual inter-rater reliability training the district evaluators will meet monthly to review the observations based on the Danielson rubric and the MPPR rubric, do work to ensure that we aren't having bias impact our observations and engage in activities that will continue to maintain inter-rater reliability. We will watch online lessons, score them independently and then discuss the scores to reach consensus ensuring that we are viewing the lessons and scoring them in similar manners.

ITEM 4: CONTENT OF TRAINING

The initial training process for lead evaluators of approximately 15 hours will address all nine elements required by Section 30-3.10 of the Rules of the Board of Regents. Independent evaluators will also participate in training of approximately 15 hours that addresses the three elements required pursuant to Subpart 30-3 of the Rules of the Board of Regents. All training will be conducted by the BOCES IES Team or another entity that has expertise on the State's APPR laws and regulations. The training will be scheduled as part of professional development days and administrative meetings. The Pine Valley Central School District district-level administrators who complete APPR evaluations will attend the annual training offered by the BOCES IES Team during the each school year centering on APPR evaluation, bias, the Danielson framework, MPPR Rubric, and inter-rater rater reliability.
