Revised – §3012-d Supplemental Form for Alternate SLOs (Material Change)

Jeffrey Black, Superintendent
Prattsburgh Central School District
One Academy Street
Prattsburgh, NY 14873

Dear Superintendent Black:

Congratulations. I am pleased to inform you that the material change you submitted to your currently approved Annual Professional Performance Review (APPR) plan on the Supplemental Form for Alternate SLOs meets the criteria outlined in Subpart 30-3 of the Commissioner’s Regulations and has been approved. As a reminder, we are relying on the certifications and assurances that are part of your approved APPR plan and those found in the Supplemental Form for Alternate SLOs. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

PLEASE NOTE:

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, your district/BOCES must use the alternate SLOs described in your “Supplemental Form for Alternate SLOs” which have been incorporated into your approved §3012-d APPR plan for teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

During this transition period, your district/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in your currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations. Accordingly, APPR scores and ratings for such staff must be calculated pursuant to your district’s/BOCES’s approved APPR plan without any modifications, and no transition scores and ratings need be generated.

The transition period will end at the conclusion of the 2018-2019 school year. Beginning in the 2019-20 school year, each educator will receive only a single set of scores and ratings pursuant to the measures outlined in your district’s/BOCES APPR plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.
Directions

As an alternative to completing this Supplemental Form for Alternate SLOs, a district/BOCES may open their APPR plan and include the relevant information in Task 2 (Transition) and Task 7 (Transition).

To open your approved APPR plan, please contact EducatorEval@nysed.gov.

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 English Language Arts (ELA) and Math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, alternate student learning objectives (SLOs) must be generated to calculate transition scores and ratings for teachers and principals who have no remaining Student Performance Category measures as a result of the above exclusions. Please note that districts/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in their currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations during the transition period. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations and their evaluations shall be calculated pursuant to their district’s/BOCES’ approved APPR Plan without any changes, and no transition scores and ratings need to be generated.

This supplemental form must be completed by districts/BOCES whose Education Law §3012-d Annual Professional Performance Review (APPR) plans were approved by the Department for use beginning in the 2015-16 school year in order to specify the alternate SLOs, as described above, that will be used for applicable teachers and principals during the remainder of the transition period (i.e., the 2016-17 through 2018-19 school years). Beginning in the 2019-20 school year, districts and BOCES will no longer be required to calculate transition scores and ratings, and will only calculate a single set of scores and ratings for each educator pursuant to the measures and assessments outlined in their approved §3012-d APPR plan. For more information please see the December 2015 Board of Regents item at http://www.regents.nysed.gov/common/regents/files/1215bra10.pdf, and the Department’s Frequently Asked Questions Guidance document regarding sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents on EngageNY at https://www.engageny.org/resource/guidance-on-new-york-sannual-professional-performance-review-law-and-regulations.

This form must be completed and submitted no later than March 1, 2017 for the 2016-17 school year. Please note that if your district/BOCES wishes to make changes to the measures and assessments used for the alternate SLOs in future school years, you must submit this form on or before March 1 of the school year in which the changes will take effect. The Department will not accept late submissions of this form.

Upon submission, the Department will only review the information included on this supplemental form and no other portions of the APPR plan will be reviewed by the Department for compliance with Education Law §3012- d. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested in this form will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-d. The Department recommends that districts/BOCES consult with their local counsel before submitting this supplemental form or any material changes to their currently approved plan in the APPR Portal.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

As a reminder, the Statement of Assurances must be signed and dated after the latest timestamp on each page in order for this application to be approved. The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d).

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

REQUIRED SUBCOMPONENT
(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent)

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English
language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

2.2) Grades 4-8 ELA and Math: Assessments

Using the drop-down boxes below, please select the assessment that will be used for the back-up SLOs for the grade/subject listed.

Please note: If your district/BOCES does not have grade/subject-specific teachers for one or more of the rows in task 2.2, choose “Not Applicable” from the drop-down box. This would be appropriate if, for example, the district/BOCES does not have certain grades; the district/BOCES does not offer a specific subject; etc. If a grade/subject ends in a State assessment, i.e., 4-8 ELA or Math, such assessment must be used as the underlying evidence for the SLO.

STUDENT LEARNING OBJECTIVES: Courses Ending with State Assessments or Regents Exams

SLOs are the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.) For guidance on SLOs, see NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

For grade 3 ELA and math, grade 4 and 8 science, high school math, science, and social studies courses associated with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO for students taking such assessments:

- State assessments (or Regents or Regents equivalents), required if one exists

2.12) Teachers with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.
Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.

Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.

Assure that all growth targets are approved by the superintendent or another trained administrator.

Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.

Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.

Assure that processes are in place for the superintendent to monitor SLOs.

Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.

OPTIONAL SUBCOMPONENT
(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:
   (A) a second State-provided growth score on a State-created or administered test; provided that the State-provided growth measure is different than that used in the Required subcomponent, or
   (B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

Please indicate the use of the Optional subcomponent by making the appropriate selection below.

Please note, within this section, task 4.1 may contain the rubric selection(s) from your plan as it existed on June 2, 2015.* The remaining tasks in this section will not contain data from your previous plan and must be completed.

* Please note that documents and language will not be pre-populated into the plan if your district/BOCES chose to start with a blank application.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. Task 6. Additional Requirements (Teachers)

Created: 04/30/2013
Last updated: 10/13/2015

Please note, within this section, tasks 6.2 (improvement plan), 6.4 (appeals language) and 6.6 (training language) may contain information from your plan as it existed on June 2, 2015. * The remaining tasks in this section will not contain data from your previous plan and must be completed. Additionally, task 6.6 must be modified to address training of independent evaluators and, as applicable, peer observers.

* Please note that documents and language will not be pre-populated into the plan if your district/BOCES chose to start with a blank application.

For more information on the additional requirements for teachers, see NYSED APPR Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d)

6.1) Assurances: Teacher Improvement Plans

| Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter. | Checked |
| Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas. | Checked |

6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district/BOCES. All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher's improvement in those areas.

For a list of supported file types, go to the Resources folder (above) and click Technical Tips. Please be sure to update a document with a form layout, with fillable spaces and not just a narrative.

6.3) Assurance: Appeals

Please check the box below:

| Assure the district/BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal. | Checked |

6.4) Appeals
Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeals Procedure

The purpose of the internal APPR appeals process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. All tenured and probationary employees who meet the appeal process criteria identified below may use this appeal process. A teacher may not file multiple appeals regarding the same performance review or TIP. All grounds for appeal must be raised within one appeal, provided that the teacher knew or could have reasonably known that ground(s) existed at the time the appeal was initiated, in which instance a further appeal may be filed but only based upon such previously unknown ground(s).

APPR Subject to Appeal

Any unit member aggrieved by an APPR rating of either “ineffective” or “developing” may challenge that APPR. In accordance with Education Law 3012-D, and APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law 3020-B proceeding, or any locally negotiated procedure, until the appeal process is concluded.

Grounds for an Appeal

An appeal may be filed challenging the APPR based upon one or more of the following grounds:

- The substance of the Annual Professional Performance Review;
- The district's failure to adhere to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law 3012-D and applicable rules and regulations;
- The district's failure to comply with either the applicable regulations of the Commissioner of Education, or locally negotiated procedures;
- The district's failure to issue and/or implement the terms of the Teacher Improvement Plan, where applicable, as required under Education Law 3012-D.

Notification of the Appeal

In order to be timely, the notification of the APPR appeal shall be filed, in writing, within two calendar weeks after the teacher has received the APPR. Notification of the appeal shall be provided to the appropriate evaluator.

Decisions on Appeal

Step 1 - Within two calendar weeks of receipt of an appeal, the evaluator will meet with the teacher in an effort to informally resolve the areas of dispute. The teacher, upon request, shall be entitled to an Association representative being present. At this meeting, both the teacher and
evaluator shall present and review any and all additional documents or written documents that are specific to the point(s) of disagreement and/or relevant to the resolution of the appeal. Material not presented at the time of the informal conference shall not be considered in the deliberations related to the resolution of the appeal. The outcome of the informal conference will be made known in writing three (3) school days after the informal conference. If the teacher is not satisfied with the outcome, he/she may proceed to the second step. The second step shall be initiated by the unit member notifying the Superintendent (or GST BOCES District Superintendent if the Superintendent performed the evaluation) and Prattsburgh Teachers’ Association (PTA) President in writing, within three (3) school days of receipt of outcome of informal conference.

Step 2- APPR Review Committee. The Committee make up shall be:
• One tenured administrator, certified to conduct evaluations, appointed by the Superintendent (or the GST BOCES District Superintendent if the Superintendent performed the original evaluation). The administrator appointed shall not be the administrator who authored the evaluation.
• Two tenured teachers appointed by the Prattsburgh Teachers’ Association President. If the President is absent, or has a conflict of interest (i.e., he/she is the subject of the evaluation), then the Prattsburgh Teachers’ Association Vice President will appoint the two tenured teachers. The committee shall meet within five (5) school days and reach its finding by the conclusion of the meeting using the consensus model. The decision of the committee is final.

The 3012-D appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher performance review and/or improvement plan. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law.

6.5) Assurance: Evaluators

| The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below. | Checked |

(1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher’s practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers

(7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher’s
(9) Specific considerations in evaluating teachers of English language learners and students with disabilities

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
2) the process for the certification and re-certification of lead evaluators,
3) the process for ensuring inter-rater reliability,
4) the nature (content) and the duration (how many hours, days) of such training.

All evaluators will be trained and all lead evaluators will be trained and certified by the Board of Education under the nine requirements prescribed in §30-3.10 of the Rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in §30-3.10(c).

Training for all evaluators and lead evaluators will be conducted at the GST BOCES by teacher and principal leaders on career ladder pathways and will consist of a minimum of five school days throughout the school year. Inter-rater reliability will be maintained over time through various activities, including data analysis to detect disparities on the part of one or more evaluators, periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same educator, and annual calibration sessions across evaluators. Certified school administrators or superintendents of schools serving as lead evaluators will not be prohibited from conducting classroom observations or school visits as part of an APPR prior to completion of the training required by §30-3.10 provided such training is successfully completed prior to completion of the evaluation.

Lead evaluators will be re-certified by the Board of Education annually. Additionally, all impartial independent observers will also be retrained annually to maintain calibration levels consistent with district expectations.

**Task 7. Student Performance – Required Subcomponent**

Created: 04/30/2013  
Last updated: 10/08/2015

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance:  
[https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d)

---

**REQUIRED SUBCOMPONENT**

(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)

(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

---

**7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH**

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Use the checkboxes to indicate the State assessments or Regents exams used

7.1) Assurances
7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d). The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school-wide student results from one of the following assessment options:
  - State-approved 3rd party assessment; or
  - State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program

7.3) HEDI Scoring Bands
7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d).

9.1) Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district may use multiple rubrics, as long as the same rubric is used for all principals in the same or similar programs or grade configurations across the district.)

9.2) Assurances

Please check all of the boxes below:

| Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits. | Checked |
| Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents. | Checked |
| Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types. | Checked |
| Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year. | Checked |

9.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Principal School Visit category, see NYSED APPR Guidance:
9.4) Calculating School Visit Ratings

Please check the boxes below:

Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the chart shown below.

Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

11.3) Assurance: Appeals

Please check box below:

| Assure the district/BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal. | Checked |

11.4) Appeals
Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

APPEALS OF INEFFECTIVE AND DEVELOPING RATINGS ONLY
Appeals of annual professional performance reviews will be limited to those that rate a principal as Ineffective or Developing only or where compensation decisions are linked to rating categories.

WHAT MAY BE CHALLENGED IN AN APPEAL
Appeal procedures will limit the scope of appeals under Education Law §3012-d to the following subjects:
(1) the substance of the annual professional performance review; which shall include i. the instance of a principal rated Ineffective on the student performance category but rated Highly Effective on the observation/school visit category based on an anomaly, as determined locally.
(2) the school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d and Subpart 30-3 of Commissioner's regulations;
(3) the adherence to the Commissioner's regulations, as applicable to such reviews and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d; and
(4) the school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan under Education Law §3012-d.

PROHIBITION AGAINST MORE THAN ONE APPEAL
A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

BURDEN OF PROOF
In an appeal, the principal has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief.

TIMEFRAME FOR FILING APPEAL
All appeals must be submitted in writing no later than 15 calendar days of the date when the principal receives his or her APPR. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with 15 days of issuance of such plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.
When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.

TIMEFRAME FOR DISTRICT/BOCES RESPONSE
Within 15 calendar days of receipt of an appeal, the school district/BOCES staff member(s) who issued the performance review or were or are responsible for either the issuance and/or implementation of the terms of the principal's improvement plan must submit a detailed
written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the school district's or BOCES' response and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the school district/BOCES, and any and all additional information submitted with the response, at the same time the school district/BOCES files its response.

DECISION-MAKER ON APPEAL
A decision shall be rendered by the superintendent of schools or the superintendent's designee except that an appeal may not be decided by the same individual who was responsible for making the final rating decision. In such case, the board of education shall appoint another person to decide the appeal.

DECISION
A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the date upon which the principal filed his or her appeal. The appeal shall be based on a written record, comprised of the principal's appeal papers and any documentary evidence accompanying the appeal, as well as the school district/BOCES' response to the appeal and additional documentary evidence submitted with such papers. Such decision shall be final.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the principal's appeal. If the appeal is sustained, the reviewer may set aside a rating if it has been affected by substantial error or defect, modify a rating if it is affected by substantial error or defect or order a new evaluation if procedures have been violated. A copy of the decision shall be provided to the principal and the evaluator or the person responsible for either issuing or implementing the terms of an improvement plan, if that person is different.

EXCLUSIVITY OF §3012-D APPEAL PROCEDURE
The 3012-d appeal procedure shall constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a principal performance review and/or improvement plan. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law.

11.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below. Checked

(1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved principal rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a principal's practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its building principals

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its principals
(7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the department and/or the district/BOCES to evaluate a principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the principal's overall rating and their category ratings

(9) Specific considerations in evaluating principals of English language learners and students with disabilities

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:
1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
2) the process for the certification and re-certification of lead evaluators,
3) the process for ensuring inter-rater reliability,
4) the nature (content) and the duration (how many hours, days) of such training.

All evaluators will be trained and all lead evaluators will be trained and certified by the Board of Education under the nine requirements prescribed in §30-3.10 of the Rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in §30-3.10(c).

Training for all evaluators and lead evaluators will be conducted by the GST BOCES by teacher and principal leaders on career ladder pathways and will consist of a minimum of five school days throughout the school year. Inter-rater reliability will be maintained over time through various activities, including data analysis to detect disparities on the part of one or more evaluators, periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same educator, and annual calibration sessions across evaluators.

Certified school administrators or superintendents of schools serving as lead evaluators will not be prohibited from conducting classroom observations or school visits as part of an APPR prior to completion of the training required by §30-3.10 provided such training is successfully completed prior to completion of the evaluation.

Lead evaluators will be re-certified by the Board of Education annually. Additionally, all impartial independent observers will also be retrained annually to maintain calibration levels consistent with district expectations.
