## INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of  
Roosevelt Children's Academy Charter School, Inc.

### Report on the Financial Statements

We have audited the accompanying financial statements of Roosevelt Children's Academy Charter School, Inc. (a nonprofit organization) (the "School"), which comprise the statements of financial position as of June 30, 2020 and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the 2020 financial statements referred to above present fairly, in all material respects, the financial position of Roosevelt Children's Academy Charter School, Inc. as of June 30, 2020 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Prior Period Financial Statements

The financial statements as of June 30, 2019 were audited by Israeloff, Trattner & Co. PC, who merged with G.R. Reid Associates, LP as of August 1, 2020, and whose report dated November 1, 2019 expressed an unmodified opinion on those statements.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2020, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulation, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

ROOSEVELT CHILDREN'S ACADEMY CHARTER SCHOOL, INC  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2020 AND 2019

1. ORGANIZATION SUMMARY

Roosevelt Children's Academy Charter School, Inc. (the "School"), a 501(c)(3) tax-exempt organization, is a public elementary charter school located in Roosevelt, New York. The School was chartered during July 2000, and the first classes were offered during the 2000-2001 school year. The School charter was renewed in June 2020 for an additional five years through June 2025. The School educates children on a completely nondiscriminatory and secular basis. The founders and supporters of the School believe that access to a public education of high quality for all children is the foremost issue. The focus of the School is on the core skills of reading, language, writing and mathematics, with an extended day, a high degree of individualized instruction, and an innovative research based academic curriculum. Enrollment is open to all potential student candidates, with a preference for those residing in the immediate area. In fiscal year 2020 and 2019, the Charter School operated classes for students in kindergarten through 8<sup>th</sup> grade.

The School is incorporated under a charter granted by the Board of Regents on behalf of the New York State ("State") Education Department (the "NYSED").

LIQUIDITY

The School has approximately \$7.975M of financial assets available within one year of the statement of financial position to meet cash needs for general expenditures consisting of \$5.05M in cash and \$2.925M in grants and contributions receivable.

The School is substantially supported by revenues from the Federal and New York State government. As part of its liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations become due. The School invests some of its cash in excess of daily requirements in short-term investments. In addition, the School has line of credit totaling approximately \$1.5 million

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

INVESTMENTS

Investments are reported in the statement of financial position at fair value, which is determined using quoted market prices. Unrealized gains and losses are included in the change in net assets.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2020 AND 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NET ASSET PRESENTATION

The classification of the School's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions or time restrictions. It requires that the amounts for each of the two classes of net assets: with donor restrictions and without donor restrictions be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities.

Net assets with donor imposed restrictions result from (a) contributions and other inflows of assets whose use by the School is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the School and (b) contributions and other inflows of assets whose use by the School is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the School pursuant to those stipulations.

When such stipulations end or are fulfilled, such net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities.

CASH AND CASH EQUIVALENTS

For purposes of the Statements of Cash Flows, the School considers all short-term, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

FINANCIAL INSTRUMENTS

The School's financial instruments include cash, due from government agencies, marketable securities, accounts payable, advance billing and deferred revenue for which carrying values approximate fair values due to the short maturities of those instruments.

LAND, BUILDING AND EQUIPMENT

Property and equipment are recorded at cost. Additions and improvements or betterments in excess of \$1,000 with an estimated useful life of greater than one year are capitalized. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets. Normal replacement and maintenance costs are charged to earnings as incurred and major renewals and significant improvements are capitalized. When assets are retired or otherwise disposed of, the cost and related

LAND, BUILDING AND EQUIPMENT (CONTINUED)

accumulated depreciation are removed from the accounts and the resulting gain or loss for the period is included in income.

The estimated useful lives of the fixed assets are as follows:	<u>(Years)</u>
School buildings	19-20
Furniture and fixtures	7
Office equipment	5
Computer equipment	3
Automobiles	5
Software	3

Depreciation for construction-in-progress will commence over the estimated useful lives of the respective assets when the assets are placed in service.

ASSET IMPAIRMENT

The School reviews long-lived assets, including equipment, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. As of June 30, 2020 and 2019 respectively, there were no such losses.

RESTRICTED CASH

Restricted cash relates to a reserve account that is required to be maintained by the School in accordance with the charter requirements.

ADVANCE BILLING

Advance billing represents tuition and fees received for the next school term.

DONATED SERVICES

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the School. A number of volunteers have made contributions of their time to the School to develop its academic programs or serve on the School's board of trustees. Teachers also provided fund-raising services throughout the fiscal year. None of these services are recognized as contributions in the accompanying financial statements since the specialized skill criteria for recognition under U.S. GAAP have not been met.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEARS ENDED JUNE 30, 2020 AND 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

REVENUE RECOGNITION

Revenue from state and local governments resulting from the School's charter status is based on the number of students enrolled, and is recorded when services are performed in accordance with the charter agreement. The New York State Department of Education mandates the rate per pupil. Such revenue is recognized ratably over the related school year in which it is earned.

Revenue from federal and state government grants and contracts is recognized by the School when qualifying expenditures are incurred and billable to the government or when required services have been provided during the applicable school year. Funds received in advance are recorded as unearned revenue.

GRANTS AND CONTRACTS RECEIVABLE

Grants and contracts receivable represent funds under charter school contracts that have been billed but not collected as of the date of the financial statements. Grants and contracts receivable are recorded at net realizable value. As of June 30, 2020 and 2019, the School's management has determined that there are no potentially uncollectible receivables and thus, an allowance for doubtful accounts is not necessary. Such estimate is based on management's experience, the aging of receivables, subsequent receipts and current economic conditions.

STUDENT ENROLLMENT

Enrollment of available class slots is open to all potential student candidates with those residing in the immediate area given first preference. A lottery is held to award these available slots.

FUNCTIONAL EXPENSE ALLOCATION

The costs of providing programs and other activities have been summarized on a functional basis in the accompanying statement of activities. The expenses allocated include: Occupancy based on square footage, travel, repairs and maintenance, professional fees and staff development based on time and effort. Accordingly, certain costs have been allocated among the respective programs and supporting services benefited using methodologies developed by management as follows:

INCOME TAXES

The School is exempt from Federal, state and local income taxes under Section 501 (c)(3) of the Internal Revenue Code ("IRC") and therefore has made no provision for income taxes in the accompanying financial statements. In addition, the School has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a)(2) and 170 (B)(1)(A)(II) of the IRC. There was no unrelated business income for the years ended June 30, 2020 and 2019 respectively.

The accounting standards on accounting for uncertainty in income taxes address the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the School may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the School and various positions related to the potential sources of unrelated business taxable income ("UBIT"). The tax benefits recognized in the financial statements from a tax position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities for fiscal years 2020 and 2019.

The School has filed IRS Form 990 information returns, as required, and all other applicable returns in jurisdictions where required. For the years ended June 30, 2020 and 2019 respectively, there was no interest or penalties recorded or included in the statement of activities. The School is subject to routine audits by a taxing authority. As of June 30, 2020, the School was not subject to any examination by a taxing authority. Management believes it is no longer subject to income tax examination by tax authorities for the years prior to June 30, 2017.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, management evaluates the estimates and assumptions based on new information. Management believes that the estimates and assumptions are reasonable in the circumstances; however, actual results could differ from those estimates.

NEW ACCOUNTING STANDARDS

Revenue from Contracts with Customers

In May 2014, the FASB issued ASU 2014-09, "Revenue from Contracts with Customers," which is a comprehensive new revenue recognition standard that will supersede existing revenue recognition guidance. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods and services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The FASB issued ASU 2020-05 which deferred the effective date for the School until annual periods beginning after December 31, 2019. Earlier adoption is permitted subject to certain limitations. The amendments in this update are required to be applied retrospectively to each prior reporting period presented or with the cumulative effect being recognized at the date of initial application. The School is currently evaluating the impact of the pending adoption of ASU 2014-09.

Leases

On February 25, 2016, the FASB issued ASU 2016-02, "Leases," which will require lessees to recognize a lease liability, which is the lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. The standard is effective for non-public business entities for fiscal year beginning after December 15, 2021 and the School is currently evaluating the impact of the pending adoption of ASU 2016-02.

NEW ACCOUNTING STANDARDS (CONTINUED)

Through June 2020, the Financial Accounting Standards Board ("FASB") issued various updates ("ASUs") to the FASB Accounting Standards Codification ("ASC"). No ASU's were adopted during the year-ended June 30, 2020 that had a material effect on its financial statements. In addition, management believes that ASUs that have a prospective effective date will not have a material impact on its financial statements. ASU 2017-07 related to Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost was implemented in the current fiscal year with no material effect on the financial statements.

3. CONCENTRATION OF CREDIT RISK

The School maintains its cash balances at financial institutions located in New York and are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 at each institution. At June 30, 2020 the School's uninsured cash balances totaled \$16,629,097. The School's management monitors the balances in excess of the FDIC coverage to limit any exposure to loss due to credit risk on cash and cash equivalents. However, the School has not experienced any losses in such accounts and does not believe it is exposed to significant risk on its cash and cash equivalent accounts.

4. PUPIL ENROLLMENT AND OTHER REVENUES FROM GOVERNMENT AGENCIES

Under the School's charter school agreement and the Charter Schools Act, the School is entitled to receive funding from the NYSED through pupil enrollment funds. The calculation of the amounts to be paid to the School under these programs is determined by the NYSED and is based on complex laws and regulations, enrollment levels, and economic information related to the home school districts of the children enrolled in the School. If these regulations were to change, or other factors included in the calculations were to change, the level of funding that the School receives could vary significantly.

Federal food subsidies and Title I, II and IV funds are received through grants approved by the U.S. Department of Agriculture and Education, respectively. The State food subsidies are received through grants approved by the NYSED.

The amount received from government agencies and included as revenue in the Statements of Activities consist of the following as of June 30:

	<u>2020</u>	<u>2019</u>
NYSED (pupil enrollment)	\$ 12,041,508	\$ 12,241,236

5. INVESTMENTS

Investments are carried at fair value and realized and unrealized gains and losses are reflected within investment return, net, in the statement of activities. The School invests its excess cash in short-term investments and investment as of June 30, 2019 was \$5,000,000 which matured on January 30, 2020. During the fiscal years ended June 30, 2020 and 2019, short-term investments earned \$57,536 and \$61,464 respectively.

Investments at June 30 are summarized as follows:

8. PROPERTY AND EQUIPMENT (CONTINUED)

During the years ended June 30, 2020 and 2019, the School wrote-off certain old assets that no longer had any use or value and incurred \$13,078 and \$92,147 respectively, as losses on disposition.

9. CREDIT AGREEMENTS

The School has a \$1,500,000 variable revolving line of credit which was unused at June 30, 2020. The line of credit is available until December 31, 2020 with an interest rate equal to the London Interbank Offered Rate ("LIBOR") Daily Floating Rate plus 2.25 percentage points. If borrowings are made on the line of credit, the School will pay interest only payments from January 31, 2020 through December 31, 2020 when the outstanding balance plus any accrued and unpaid interest will be due.

10. PAYCHECK PROTECTION PROGRAM – SBA LOAN

The School received \$1,630,885 as an assistance from the COVID-19 Paycheck Protection Program – SBA Loan during May 2020 to assist in covering some of the costs of operations, as defined by the program. Some or all of this loan is forgivable if used in accordance with the provisions of the CARES Act. The loan carry an interest rate of one percent. Interest accrued on the loan is \$2,401 as of June 30, 2020.

11. EMPLOYEE BENEFIT PLANS

DEFINED CONTRIBUTION PLAN

The School sponsors a 401(k) plan (the "Plan") that covers substantially all of its eligible employees. Employees are eligible for the Plan upon employment, and participation in the Plan is voluntary. Under the 401 (k) salary reduction provisions of the Plan, employees may elect to defer a portion of their compensation, subject to statutory limitations and have the deferred amounts contributed to their retirement accounts which become fully vested immediately. The School matches participants' contributions to the Plan up to 4% of the individual participants' annual compensation. The School's contribution recognized in the Statement of Activities was \$168,710 and \$165,506 for the years ended June 30, 2020 and 2019, respectively. The Plan's assets are held in a separate trust for the exclusive benefit of the participants and beneficiaries and are not included in the accompanying financial statements.

DEFINED BENEFIT PLAN

The School sponsors a defined benefit pension plan (the "Cash Balance Plan") covering substantially all of its employees. Pension benefits are based on years of service and the employee's compensation during the last five years of employment. The School's funding policy is to make the minimum annual contribution required by applicable regulations. Contributions are intended to provide not only for benefits attributed to service to date but also for those expected to be earned in the future.

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3) measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to valuation methodology are unadjusted quoted process for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2020 and 2019:

Cash and cash equivalents and money market funds: Fair value equals cost.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, While the School believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy; the School's Pension Plan assets measured at fair value on a recurring basis as of June 30, 2020 and 2019:

<u>Asset Class</u>	<u>Assets at Fair Value @ June 30, 2020</u>

12. LEASES

OPERATING LEASES

On June 30, 2016, the School entered into a new four-year non-cancelable lease agreement with its existing landlord and agreed to occupy additional space. The agreement provides for base rent plus utility costs and property insurance costs and expired June 30, 2020. The lease provides for four renewal options of five years each at a two percent increase in rental payments over the prior year.

Minimum future rental payments under non-cancelable operating leases having remaining terms in excess of one year as of June 30, 2020 for each of the next five years and in the aggregate are:

<u>Year ending June 30:</u>	<u>Amount</u>

13. CONCENTRATIONS OF CREDIT RISK

The School receives approximately 95% and 93% all of its support and revenue from per pupil funding from the New York State Department of Education during the years ended June 30, 2020 and 2019, respectively. Additionally, the School's grants receivable consists of approximately 98.7% and 96% from the New York State Department of Education. If the School's charter was modified, reducing or eliminating these revenues, the School's finances could be materially adversely affected and would have a significant impact on the School's ability to carry out its activities at current levels.

14. NONCOMPLIANCE WITH GRANTOR RESTRICTIONS

Certain grants and contracts may be subject to audit by the funding sources. Such audits might result in disallowances of costs submitted for reimbursements. Management is of the opinion that such cost disallowances, if any, will not have a material effect on the School's financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

15. CONTINGENCIES

LITIGATION

The School continues to be a defendant in employment related lawsuits matters. The School has defended itself vigorously in these matters. The losses, if any, from the open claims are not expected to have a material effect on the School's financial position or results of operations.

16. SUBSEQUENT EVENTS

The School's management has performed subsequent event procedures through October 29, 2020, which is the date the financial statements were available for issuance.

The United States is presently in the midst of a national health emergency related to a virus, commonly known as Novel Coronavirus (COVID-19). The overall consequences of COVID-19 on a national, regional and local level are unknown, but it has the potential to result in a significant economic impact. The impact of this situation on the School and its future results and financial position are not presently determinable. The School received a Paycheck Protection Program loan from the SBA in the amount of \$1,630,885 as disclosed in F/N 10.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To The Board of Trustees  
Roosevelt Children's Academy Charter School, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Roosevelt Children's Academy Charter School, Inc. (the "School") (a nonprofit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 29, 2020.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of law, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
