MISSION STATEMENT

The mission of Riverton Street Charter School is to instill in each student a passion for learning and hard work that will result in significant contributions to our school, our families, and our community. Parents and educators join together in creating a strong academic base in which students will be expected to achieve high academic levels in an environment that values compassion and respect.

**g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)**

KEY DESIGN ELEMENTS (Briefly describe each Key Design Elements (KDE) as presented in the schools approved charter. KDEs are those general aspects of the school that are innovative or unique to the school’s mission and goals, are core to the school’s overall design, and are critical to its success.

KDE 1	Family Involvement. Riverton parents are not visitors in the school; instead, they are part of the school’s fabric. Families are interwoven into all aspects of the school. They volunteer in classrooms, raise funds, beautify our facilities, and organize high school and college tours.
KDE 2	Strong Cultural and Community Relationships. Riverton is an oasis in the St. Albans community. The school instills a sense of belonging as shown by the families and community members present every day, including evenings and weekends. The school invites the community into the school by offering various classes: teaching adults how to help children with reading and math, and challenging physical fitness classes (i.e., Zumba).
KDE 3	Solid Student Values and Social Responsibility. We believe in educating the whole child. While we have a strong focus on academic achievement, we also strive to enrich each child’s social, emotional, ethical, cognitive, linguistic, and physical well-being.

• Brochures that describe our special education programming have been distributed throughout the community. To reach the families of special needs students, we utilize many networks that already exist in the community. Riverton Street's dedicated Admissions Representative has the flexibility to spend more time in the community to continue to build relationships with support organizations to gain familiarity with the services they provide. We do this both so we can recommend their support services to the families of accepted or interested students and so these organizations know about our school and its special education program - so that they may recommend our school to the families they serve. We know that most families hear about our school by word of mouth, and we believe that a relationship with these organizations lays the groundwork for informal communications and referrals. In addition, we will continue to work with these organizations to distribute information about our school, our special education program, and our enrollment procedures, as well as seek out new organizations to address changing demographics within our community.

- Riverton Street participated in community expos and fairs to reach families of special needs students.

informed and solicits feedback in order to improve. The dean of special education schedules individual transfer review meetings to take place within 72 hours of enrollment with the parents of every student that enters the school with an IEP. In this meeting, the dean reviews the program mandates, needs, and implementation plan for services. Parents are encouraged to bring input (questions, concerns, etc.) to this meeting to ensure a strong initial connection is made with these families and that their needs are immediately addressed. This connection continues to be built up throughout the year through additional communication measures such as quarterly IEP progress reports. In addition, parents are also invited at least once a year for an IEP review with the full IEP team. They are invited initially with a letter about a month before the meeting and then again are called by the special education teacher between a week and a day before as a reminder. Along with the invitation letter, the special education dean also sends a parent input form to help parents prepare for the review meeting and gather information from home. Following the meetings, parents are provided a post-IEP survey so that the deans can gather data to reflect and make improvements utilizing this feedback.

A major key to student retention is effective communication and relationship building with all stakeholders. There are multiple points throughout the year that the school keeps families informed and solicits feedback in order to improve. In addition to the initiatives from the 2019-2020 academic school year, we will be including the following outreach to continue to engage our students' families:

- Parent Input Forms in digital formats so that parents can share their thoughts, celebrations, and concerns with the school prior to IEP meetings
- Parent Post-IEP Survey Forms in digital format so that parents can provide feedback on special education processes and supports so that we are able to utilize that information to improve practices.
