Only Public School Districts have a Superintendent (**SUPERDA: CEO**), they can create accounts and assign the roles of **DA, EA, or DA/EA** for one or more persons working at the district.
The steps to follow when providing access to the survey:

1) The Superintendent as the Super Delegated Administrator (SUPERDA: CEO), or DA/EA will create a user account if the person who will enter the plan into the portal does not already have a SEDDAS account.

2) The Superintendent (SUPERDA: CEO) or assigned DA/EA will entitle the new user account or an existing account.

   **Important note:** For the user to be able to access the Ed Tech survey the user account must be created under the district level BEDS code, not school building level BEDS code.

a. Click **Search User** and search by the last name or User ID
