Revised

Dr. Gary Furman, Superintendent
Edmeston Central School District
PO Box 5129
Edmeston, New York 13335

Dear Superintendent Furman:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA'splan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPRplan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

- ☑ Assure that a detailed version of the LEA's entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category,see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs,see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**:scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**:scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

HEDI Scoring Bands

Highly Effective			Effective			Developing		Ineffective											
20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0

SLO Assurances

Please check the boxes below.

- ☑ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent willbe locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.**
NYSUT Teacher Practice Rubric (2012 Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All observable subcomponents will be weighted equally and averaged. Each observed subcomponent will be scored on a 1-4 scale according to the rubric. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

Scoring Assurances

Page Last Modified: 10/23/2020

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law§3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review;which shall include the following:

(i) in the instance of a teacher rated Ineffective on the StudentPerformance category, but rated Highly Effective ontheObservationcategory based on an anomaly, as determined locally;

(2) the LEA'sadherence to the standards and methodologies required for such reviews, pursuant to Education Law§3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4)the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals of annual professional performance reviews are limited only to those that rate a teacher as ineffective or developing. Probationary teachers may not appeal.

Appeals are limited to the following subjects:

1. Adherence to the standards and methodologies required for such reviews pursuant to NYS Education Law Section 3012d;
2. Adherence to the Commissioner's regulations as applicable to such reviews;
3. Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; or
4. The issuance or implementation of the terms of an improvement plan under NYS Education Law Section 3012d

Multiple appeals shall not be filed regarding the same performance review or improvement plan. All grounds for appeal must be raised with specificity within one appeal. All grounds not raised at the time the appeal is filed shall be deemed waived. The teacher has the burden of demonstrating a clear legal right to the relief requested and to the facts upon which relief is sought.

An appeal must be submitted in writing within fifteen (15) business days of the date the teacher receives the annual professional performance review document or within fifteen (15) business days of receiving the TIP. Appeals must be submitted in writing to the person responsible for the annual professional performance review. The appeal writing shall articulate in detail the basis of the appeal to the Superintendent of Schools or his/her designee. Failure to articulate a particular basis for the appeal in the aforesaid appeal writing shall be deemed a waiver of that claim. The failure to submit a written appeal within fifteen (15) days shall be deemed a waiver of the right to appeal.

The Superintendent of Schools or his/her designee shall render a written determination in response **within fifteen (15) business days** of receipt of the appeal. The final decision of the Superintendent of Schools or his/her designee pertaining to the appeal of the annual professional performance review shall not be grievable, arbitrable, nor reviewable in any other forum. Procedural issues relative to the annual professional performance review shall be subject to the grievance machinery of the contract.

The rating of a principal on his or her own APPR should not be admissible as a basis for a teacher to appeal his or her own evaluation. The fact that a principal was rated less than effectiveshould not be a consideration in appeals of a teacher's evaluation completed by that principal.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The ECS administrative team of evaluators (Superintendent, Principal, and Director of SE) will be trained in conduction teacher evaluations including the use of the NYSUT rubric. Evaluators (Lead, Independent, and others) are trained in the NYSUT rubric. All evaluators are trained as lead evaluators. All evaluators are initially certified or re-certified on an annual basis and receive updated training on any changes in the law or regulations applicable to collective bargaining agreements. This foundation for evaluating teachers based on best practices is enhance each year. During the school year, the administratrive team meets to review and discuss teacher evaluations. These meetings allow the administrative team to improve inter-rater reliability, provide consistent feedback based on classroom observation evidence, and discuss professional development/training for teachers to improve instruction to meet student learning needs. The administrative team also utilizes such meetings to identifiy needs of teachers based on their feedback.

During the summer, the administrative team meets to be re-certified for teacher evaluations. This commitment includes approximately one day of annual training and re-training of evaluators, lead evaluators, impartial and independent observers on the nine elements listed in Subpart 30-3 of the Rules of the Board of Regents and the ongoing training and support essential to maintain the needed level of inter-rater reliability. All evaluators receive specific training in the use of the NYSUT Rubric including the review of teacher evaluations and video of teaching. The Board of Education will certify or recertify all evaluators annually upon the recommendation of the superintendent. The District will maintain records of certification for all evaluators.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**:scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configurationor across multiple building/programs where the learning activities of one building/programindirectly contributeto student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA'sfocus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEAwho take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

- adescription of the areas of principal practice that will be evaluated;
- adescription of how the selected areas of principal practice promote student growth;
- adescription of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.**
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

The agreed upon subcomponents contained in the rubric will be given equal weight and scored from 1 to 4 in accordance with the rubric. The rating for each subcomponent will be averaged. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.*

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals shall be limited to those evaluations which have resulted from the overall rating of developing and ineffective. Any administrator may appeal the annual evaluation to the Superintendent of Schools or his/her designee within fifteen business days of its receipt. The appeal shall be in writing and shall articulate in detail the basis of the appeal.

Appeals shall be limited to:

1. The substance of the annual professional performance review;
2. The school district's adherence to the standards and methodologies required for such review pursuant to Section 3012(d) of the Education Law;
3. The adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, and
4. The school district's issuance and/or implementation of the terms of a Principal Improvement Plan (PIP).

- Any issue not raised in the written appeal shall be deemed waived.
- The Superintendent's designee shall be trained in accordance with requirements of the statute and regulations and also possess either an SDA, SDL or SBA New York State certification
- The Superintendent of Schools or his/her designee when applicable shall render a written determination in response within fifteen business days of receipt of the appeal.
- The final determination of the Superintendent of Schools or his/her designee regarding the annual professional performance review shall not be grievable, arbitrable, nor reviewable in any other forum. Procedural issues relative to the annual professional performance review shall be subject to the grievance machinery of the contract.

Notwithstanding the above, the following additional procedures shall be available for any tenured administrator receiving a rating of ineffective:

1. Within twenty (20) business days, occurring during the school year including summer recess, of the receipt of an administrator's annual evaluation, the administrator may request, in writing review by the Superintendent of Schools or his/her designee where applicable.
2. The appeal writing shall articulate a particular basis of the appeal to the Superintendent of Schools or his/her designee. Failure to articulate a particular basis for the appeal in the aforesaid appeal writing shall be deemed a waiver of that claim.
3. Within fifteen (15) business days of confirmed receipt of the appeal (including during the school year and the summer recess period and vacation periods), the Superintendent of Schools or his/her designee shall render an initial determination, in writing, respecting the appeal. Thereafter, within 15 days, the affected administrator may elect review of the appeal papers by an outside expert who shall be mutually selected by the District and the Principal from the AAA list. The cost of expert review shall be borne equally by the District and the Principal. The expert may recommend a modification of the rating, along with his/her rationale for the same. Expert review shall be completed within fifteen (15) business days of delivery of the written request for review to the expert. No hearing shall be held, and the expert's report shall be advisory only.
4. The expert's review shall be based solely upon the original appeal, the Superintendent's initial determination, supporting papers submitted by the administrator and/or a response to the appeal by the administrator's evaluator.
5. The reviewer's written recommendation shall be transmitted to the Superintendent and appellant upon completion. The Superintendent shall consider the written recommendation of the reviewer and shall issue a written decision within fifteen business days thereof. The determination of the Superintendent of Schools, or his/her designee, shall be final and shall not be grievable, arbitrable, nor reviewable in any other forum; however, the failure of either party to abide by the above agreed upon process shall be subject to the grievance process.
6. The parties acknowledge that the rights and privileges of the district and the principal shall not be infringed by 3020a or 3020b proceedings. An evaluation that is the subject of an appeal shall not be sought to be offered in evidence or placed in evidence in any proceeding conducted pursuant to Education Law sections 3020a and 3020b or any locally negotiated alternate disciplinary procedure until the appeal process is concluded.

Notwithstanding the above, in the instance of a second or third ineffective rating for a tenured administrator, the Building Principal may appeal to a mutually agreed upon retired school administrator (RSA) within fifteen (15) days of the APPR. In the event the parties are unable to agree within ten (10) days of the filing of the appeal on the retired administrator, the parties shall request a list of nine (9) retired school administrators willing and qualified to conduct the review be provided by mutually agreed upon organization that may possess such a list. If upon receipt of the list the parties cannot mutually agree upon an outside expert within three (3) calendar days after receipt, each party shall be afforded four (4) strike outs with the remaining name being the individual to be assigned. The district will set up the hearing within fifteen (15) days of determining the person to hear the appeal. The cost associated with the retired administrator shall be borne by the District and shall be consistent with prevailing arbitration rates.

The evaluated Principal may be represented at the hearing by a union representative, an attorney, or pro se.

The parties shall exchange documentary evidence and an anticipated witness list no less than seven (7) business days before the scheduled hearing date. Within 30 calendar days of the hearing, the RSA shall render a written final and binding decision which must be rationally based and supported by facts and evidence. If the appeal is upheld in whole or part, the RSA shall direct an appropriate remedy which may include, but is not limited to, modifying, amending, adjusting or vacating the evaluation and/or points or (H, E, D, I,) rating provided to Principal. If the evaluation is vacated or modified the RSA may also require re-implementation of PIP for the subsequent school year, and/or in the subsequent school year have the evaluation conducted by a different trained non-bargaining unit administrator other than the original evaluator. Administrators who are rated effective, highly effective, developing, or ineffective may elect to submit a written response to their overall rating, which response shall be appended to the APPR

evaluation and filed in the administrator's personnel file. Such response shall be filed within fifteen (15) business days, occurring during the school year including summer recess, of the administrator's receipt of the APPR evaluation. Submitting such a response does not impair the administrator's right to appeal his/her rating, if otherwise eligible for said appeal. The time frames referenced above may be extended for a period of not more than 60 days by mutual agreement of the district and the Principal, but said extension shall be timely and expeditious as required by Education Law 3012-d.

The Edmeston Central School District will comply annually with all requirements for the training, certification and re-certification of all evaluators, including lead evaluators, evaluators, impartial and independent observers. All evaluators are trained as lead evaluators. This commitment includes approximately one day of training and re-training of evaluators, lead evaluators, impartial and independent observers on the nine elements listed in Subpart 30-3 of the Rules of the Board of Regents and the ongoing training and support essential to maintain the needed level of inter-rater reliability through the review of prior evaluations. All evaluators receive specific training in the use of the Multidimensional Principal Performance Rubric. Additionally, all evaluators are initially certified or re-certified on an annual basis and receive updated training on any changes in the law or regulations applicable to collective bargaining agreements. The Board of Education will certify or recertify all evaluators annually upon the recommendation of the superintendent. The District will maintain records of certification of all evaluators.

Edmeston Teacher Improvement Plan

The Teacher Improvement Plan (TIP) is a structured plan designed to identify specific concerns in instruction and outlines a plan of action to address these concerns. The purpose of a TIP is to assist teachers to work to their fullest potential. The TIP provides assistance and feedback to the teacher and establishes a timeline for assessing its overall effectiveness.

A TIP must be initiated whenever a teacher receives a final rating of *developing* or *ineffective* in the evaluation category. Both the teacher and the administrator meet for an evaluation conference at the end of the school year where the *developing* or *ineffective* evaluation is discussed. A TIP is designed by the building principal and the Superintendent or his/her designee in collaboration with the teacher and the president of the Edmeston Central School Faculty Association (ECSFA) or his/her designee. The TIP must be in place by October 1 following the school year for which such teacher's performance was measured. An initial conference is held at the beginning of the school year where the TIP is discussed, signed and dated at the beginning of its implementation.

The teacher must be offered the opportunity for a peer mentor from the District's mentor program. An independent, trained mentor who is a teacher, retired teacher or administrator not employed by the district or retired administrator with a demonstrated record of effectiveness can be scheduled by the Superintendent of Schools to function as a peer mentor. The teacher will select the mentor, with the approval of the Superintendent and the ECSFA President. The mentor and the teacher will collaborate during the first quarter. During that time, the teacher will be observed by designated member of the leadership team who will concentrate on observing and evaluating goals identified in the TIP. The administrator will meet with the teacher in a timely manner (within 3 school days) to discuss the observations. Written observation summaries will be provided (within 7 school days) and must be signed by both parties. The teacher will have the right to respond to observation summaries and responses will be attached. Costs associated with the TIP which have been agreed upon by the District shall be paid for by the District.

After the first quarter of teacher/mentor collaboration, the administration will assess the effectiveness of the intervention(s) and the level of improvement. Based on that assessment, the TIP may be adjusted appropriately and quarterly meetings among all parties will continue. At the end of the year, if the TIP goals are met, it will terminate. The culmination of the TIP will be communicated in writing to the teacher. Both parties will sign the TIP at the end of the school year.

If the teacher is again rated as *developing* or *ineffective*, a new plan will be developed by the teacher and the building principal in collaboration with the ECSFA for the subsequent school year.

The TIP must consist of the following components:

1. DESCRIPTION OF THE ISSUES/PROBLEMS NOTED: Description of the factors leading to the rating of ineffective or developing rating.

2. AREAS IN NEED OF IMPROVEMENT: Identify specific areas in need of improvement. Develop specific, written goals for the teacher to accomplish during the period of the Plan.

3. PROGRAM FOR PERFORMANCE IMPROVEMENT: Identify specific recommendations for what the teacher is expected to do to improve in the identified areas. Delineate specific, realistic, achievable activities for the teacher.

4. RESOURCES: Administrators will help identify specific resources available to assist the teacher to improve performance, Examples: colleagues; courses; workshops; peer visits; materials; etc. The teacher must reach out to colleagues (ex. mentor) and other support personnel to seek resources and guidance.

5. RESPONSIBILITIES: Identify responsible administrator(s) and steps to be taken by administrator(s) throughout the Plan. Identify steps to be taken by the teacher throughout the Plan. Examples: peer review, observation of other teachers, professional development, classroom observations of the teacher; supervisory conferences between the teacher and administrator(s); written reports and/or evaluations; etc.

6. EVIDENCE OF SUCCESS: Identify how progress will be measured and assessed. Specify next steps to be taken based upon whether the teacher is successful, partially successful or unsuccessful in efforts to improve performance. The teacher is responsible to conduct continual self-assessments. He/she can ask colleagues to help with their assessment.

7. TIMELINE: Provide a specific Timeline for implementation of the various components of the TIP and for the final completion of the TIP. Identify the dates for preparation of written documentation regarding the completion of the Plan.

Specify next steps to be taken based upon whether the principal is successful, partially successful or unsuccessful in efforts to improve performance. The principal is responsible to conduct continual self-assessments. He/she can ask colleagues to help with their assessment.

7. TIMELINE: Provide a specific Timeline for implementation of the various components of the PIP and for the final completion of the PIP. Identify the dates for preparation of written documentation regarding the completion of the Plan. The first meeting will be held between December 1-15 and the second one between March 1-15. A written summary of feedback on the principal's progress will be given within five business days of each meeting. A formal written summative assessment delineating progress made will be provided to the principal. The principal will have an opportunity to provide written comment on the feedback provided.
