**Revised – §3012-d Supplemental Form for Removal of aimsweb (Material Change)**

David Mauricio, Superintendent  
Peekskill City School District  
1031 Elm Street  
Peekskill, NY 10566

Dear Superintendent Mauricio:

Congratulations. I am pleased to inform you that the material change you submitted to your currently approved Annual Professional Performance Review (APPR) plan on the Supplemental Form for Removal of aimsweb meets the criteria outlined in Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the certifications and assurances that are part of your approved APPR plan and those found in the Supplemental Form for Alternate SLOs. If any additional changes need to be made to your approved plan, your district/BOCES must submit a new plan to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa  
Interim Commissioner

PLEASE NOTE:

In April 2019, the Governor signed into law an amendment to Education Law 3012-d. Those statutory changes allow a school district/BOCES to continue to implement its currently approved APPR plan, including the transition measures that are to replace any measures based on the grades three through eight English language arts and mathematics State tests, until such time as its existing collective bargaining agreement expires and until entry into a successor agreement.

Accordingly, your district/BOCES may continue to implement its currently approved plan, including the measures described in the Supplemental Form for Removal of aimsweb, until such time that as a new collective bargaining agreement is entered into between the district/BOCES and its bargaining units.

Until such time as your district/BOCES received approval of a new APPR plan consistent with the requirements of Education Law 3012-d as amended by the Laws of 2019, teachers and principals must continue to be provided with their APPR scores and ratings calculated based on the measures in your currently approved APPR plan *without any modifications, substitutions, or replacements*.

Only documents that are incorporated by reference in your APPR plan have been reviewed and are considered as part of your district's/BOCES' approved APPR plan; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your plan but not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

**Measures and Assessments 2019-20****MEASURES***SLO measures may be either individually attributed or collectively attributed.**Individually attributed measures*

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

**ASSESSMENTS***Any of the measures above may be used with one or more of the following assessment types.*

**Measures and Assessments 2019-20****MEASURES**

*SLO measures may be either individually attributed or collectively attributed.*

*Individually attributed measures*

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and

Dear Superintendent Fine:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. **NOTE:**

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

**2.1) Assurances**

*Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).*

**Please check the boxes below.**

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

**2.2) Grades 4-8 ELA and Math: Assessments (Original)****STATE-PROVIDED MEASURES OF STUDENT GROWTH**

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

**2.12) Teachers with More Than One Growth Measure (Original)**

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

**2.13) Assurances**

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

**Please check the boxes below.**

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

**2.14) Use of the Optional Subcomponent and Student Performance Category Weighting**

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

**100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.**

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

**During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.**

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

Page Last Modified: 10/26/2016**Task 3) Optional Student Performance Subcomponent**

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

*Up to 50% of Student Performance category, if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

**3.1) Use of the Optional Subcomponent of the Student Performance Category**

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

## Task 4. Teacher Observation Category - Tasks 4.1-4.6

Page Last Modified: 10/26/2016

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.**4.1) Teacher Practice Rubric**

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching	(No Response)

**4.2) Assurances**

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

**4.3) Process for Weighting Rubric Domains/Subcomponents**For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted as follows and averaged.	
Assessment of Teacher Effectiveness	Weighting
Domain 1 – Planning and Preparation	25%
Domain 2 – The Classroom Environment	25%
Domain 3 – Instruction	30%
Domain 4 – Professional Responsibilities	20%

**4.4) Calculating Observation Ratings****Assurances**

Please check the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Annual Professional Performance Review - Education Law §3012-d**

See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

## Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 10/26/2016

**Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.**

**“APPR Appeals Process”**

1. The observation subcomponent of the composite effectiveness rating shall be completed and distributed to the teacher by June 15th each year. Within two (2) business days of the receipt of a teacher’s final composite effectiveness rating or issuance and/or implementation of the terms of the teacher improvement plan, the teacher may request, in writing, review by a panel consisting of two teachers and two administrators, for preliminary review. (Alternatively, at the election of the teacher, within two (2) days of receipt of an final rating, the teacher may first request a meeting to discuss the same with the teacher’s immediate supervisor. Said meeting shall occur within two (2) days of receipt of the aforesaid request. After said meeting, panel review may be requested in accordance with the first sentence of this subsection.
2. The appeal writing shall articulate in detail the basis of the appeal.  
Failure to articulate a particular basis for the appeal in the aforesaid appeal writing shall be deemed a waiver of that claim. The evaluated teacher may only challenge:
  - the substance of the annual professional performance review;
  - the school district’s adherence to the standards and methodologies required for such reviews pursuant to Section 3012-d of the Education Law;
  - the school district’s adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures; and
  - the school district’s issuance and/or implementation of the terms of the teacher improvement plan.
3. The panel shall issue a majority and/or a minority report to the Superintendent for final review and decision within 5 days of receipt of the appeal. Said recommendation report(s) shall be reviewed by the Superintendent, or his designee, who shall issue a final determination within 2 days of receipt of the panel documents.
4. The panel shall consist of two administrators selected by the Superintendent and two teachers selected by the PFA. All four members shall hear all teachers’ preliminary appeals.
5. An overall performance rating of “ineffective” on the annual evaluation, or a rating of “developing” issued immediately following the issuance of an ineffective rating or immediately following a rating of “developing,” are the only ratings subject to appeal. Teachers who receive a rating of “highly effective” or “effective” or a first rating of “developing” shall not be permitted to appeal their rating. Tenured teachers who are rated effective or highly effective or developing for a first time may elect to submit a written response to their overall rating, which response shall be appended to the APPR evaluation and filed in the teacher’s personnel file.  
Such response shall be filed within five (5) business days, occurring during the school year including summer recess, of the teacher’s receipt of the APPR evaluation.
6. Non-tenured teachers shall not be permitted to appeal any aspect of their annual evaluation, or the school district’s issuance and/or implementation of the terms of a teacher improvement plan provided that all timelines and procedures are met by the District. Probationary teachers who are rated ineffective, effective, highly effective or developing may elect to submit a written response to their overall rating, which response shall be appended to the APPR evaluation and filed in the teacher’s personnel file. Such response shall be filed within five (5) business days, occurring during the school year including summer recess, of the teacher’s receipt of the APPR evaluation.

**6.5) Assurance: Evaluators**

**Please check the box below.**

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

**6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

**Annual Professional Performance Review - Education Law §3012-d**

## Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 10/26/2016

**Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**

**Training of Evaluators**

The process for training, certification, ensuring inter-rater reliability and nature of content and duration will remain consistent for all evaluators including lead evaluators, evaluators, and independent observers.

The District will ensure that all evaluators are properly trained and certified, as necessary to complete an individual's performance review. All Evaluator training will be conducted by appropriately qualified individuals or entities. All evaluator training will replicate the recommended New York State Education Department ("NYSED") model certification process.

The Board of Education will certify all evaluators upon receipt of proper documentation that the individual has fully completed training. The Superintendent will maintain records of certification of all evaluators.

All evaluator training will occur regionally in cooperation with Putnam Northern Westchester BOCES (PNW BOCES). All evaluator training will be conducted by Putnam Northern Westchester BOCES personnel and/or other personnel who have participated in the NYSED evaluator training and/or personnel authorized to train on behalf of an evaluation rubric approved by the NYSED. Before each school year, each administrator will be re-certified on a periodic basis, to be determined by the District.

The District will establish a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols recommended in training for all evaluators. The district anticipates that these protocols will include: data analysis, periodic comparison of assessments, and/or annual calibration sessions across evaluators.

**Timing of Training**

For the 2016-2017 school year and thereafter, all evaluators shall be appropriately trained and certified annually. The duration of the training for certification will be a minimum of one day (6-hours). The duration of the re-training for all evaluators will be a minimum of one-hour per year.

Initial training and re-training will include the nine elements of the Regents rule 30-3.10.

**Re-Certification and Updated Training for Evaluators**

The District will work to ensure that all evaluators maintain inter-rater reliability over time and that the Superintendent re-certifies all evaluators on an annual basis. All evaluators will receive updated training on any changes in the law, regulations or applicable collective bargaining agreements.

**6.7) Assurances: Teacher Evaluation**

**Please check all of the boxes below.**

- ☒ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☒ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☒ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

**6.8) Assurances: Assessments**

**Annual Professional Performance Review - Education Law §3012-d**

## Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 10/26/2016

**Please check all of the boxes below.**

- ☒ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- ☒ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- ☒ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- ☒ Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

**6.9) Assurances: Data****Please check all of the boxes below.**

- ☒ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- ☒ Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- ☒ Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.
- ☒ Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.
- ☒ Assure that procedures for ensuring data accuracy and integrity are being utilized.

**Annual Professional Performance Review - Education Law §3012-d****Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)**

Page Last Modified: 10/31/2016

**Task 7) Original Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

**100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent**

**(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.**

**(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.**

**7.1) State-Provided Measures of Student Growth (Original)**

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

**Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.**

**For each grade configuration indicate the following:**

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: assessment(s) used**

*Follow the examples below.*

**7.1) Assurances**

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

**7.2) Student Learning Objectives (Original)**For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the grades/courses covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options:
- State-approved 3rd party assessment; or
- State-approved district, regionally, or BOCES-developed course-specific assessment.

For each grade configuration indicate the following:

- **Column 1:** lowest grade that corresponds to the building or program
- **Column 2:** highest grade that corresponds to the building or program
- **Column 3:** measure used
- **Column 4:** assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the measure and assessment(s) that will be used for the SLOs for each grade configuration listed. During the 2016-17 through 2018-19 school years, SLOs that use grade 3-8 ELA/math State assessments as their underlying assessments must be excluded from the calculation of transition scores and ratings.

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

**7.5) Assurances****Please check all of the boxes below.**

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

**During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.**

**Appeals Process****Peekskill City School District/Peekskill Administrative Association****APPR Appeals Procedure****Who Can File an Appeal:**

All tenured principals receiving a rating of “ineffective” (or its substantive equivalent, should that term not be employed) shall have the right to appeal their APPR or issuance or implementation of improvement plan as described below.

Probationers, principals with ratings other than “ineffective,” and unit members not defined as “building principals” within the meaning of the APPR regulations shall have no right to appeal an APPR rating or improvement plan.

**When an Appeal Can Be Filed:**

All appeals must be submitted in writing no later than 15 calendar days from the date when the principal received his/her “ineffective” rating or PIP or implementation of the PIP. Failure to file an appeal within this time frame shall be deemed a waiver of the right to appeal. This period shall be tolled for any days during said 15-day period that the principal is on vacation or out sick. Notwithstanding the tolling period, the parties agree that this step of the process shall still occur in a timely and expeditious manner in accordance with Education Law 3012-d. The challenge should be submitted to the evaluator, with a simultaneous copy to the District Clerk. For the purposes of this Procedure, the date of submission will be considered to be the date of receipt.

Before filing a written appeal, a principal may first request an informal meeting with the evaluator to discuss the matters of concern, but this does not extend the 15-day time limit.

**What an Appeal Should Contain:**

The notice of appeal must include a detailed written description of the specific area(s) of disagreement and the reason(s) why the rating or PIP is thought to be erroneous or unfair. The performance review, rating, or improvement plan being challenged must be submitted with the notice of appeal. Any information not submitted at the time the notice of appeal is filed need not be considered.

A principal may not file more than one appeal regarding the same rating or improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time of the first stage in the appeal process shall be deemed waived.

**What May Be Appealed:**

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

**Appeal Process:**

**JOINT REVIEW BOARD STEP:** Appeals will be heard by a Joint Review Board consisting of two representatives appointed by PAA and one representative appointed by the Superintendent. The Joint Review Board shall have 30 calendar days from receipt of the appeal to issue a written decision. The Joint Review Board shall have the power to discuss an appeal with the evaluator, the appealing principal, or with both at the same time, if it believes such a discussion will be helpful.

The Joint Review Board cannot act except when all of its members are present. The Joint Review Board's decisions will be explained in a writing that sets forth the reasoning of each panel member. If the Joint Review Board's decision is 3-0 in favor of the unit member, then the decision will be final, binding, and unreviewable. If the decision is 3-0 or 2-1 against the unit member, then the unit member may appeal the decision to the Superintendent. If the decision is 2-1 in favor of the unit member, and there is substantial evidence to support the minority vote, then the Superintendent may choose to review it within 7 school days (or, in the summer, 14 calendar days) of his/her receipt of the decision; if the Superintendent does not so choose, then the decision of the Joint Review Board will be final, binding, and unreviewable.

**SUPERINTENDENT STEP:** Within 7 calendar days of receipt of an appealable decision of the Joint Review Board (or, if earlier, the date 37 days after the appeal was submitted to the Joint Review Board), the unit member may submit a written appeal to the Superintendent, specifically stating the points of disagreement and all the reasons for the unit member's position. All documentation from the prior step will be included. The Superintendent shall issue a written decision within 21 calendar days after receiving such written appeal. This period shall be tolled for any days during said 21 day period that the superintendent is on vacation.

Notwithstanding the tolling period, the parties agree that this step of the process shall still occur in a timely and expeditious manner in accordance

with Education Law 3012-d. The Superintendent's decision shall be final, binding, and unreviewable. If the Superintendent misses the 21-day deadline, the appeal shall be deemed granted. Principals shall be entitled to union representation at each stage of the appeal process.

**Exclusivity of Procedure:**

This appeal procedure shall be the exclusive means for initiating, reviewing, and resolving any and all challenges and appeals related to a principal's performance review, improvement plan, evaluation, or rating. No contractual grievance procedure or administrative or judicial process may be used for this purpose. Notwithstanding the aforementioned language, nothing herein shall be construed as limiting the right of the employee to challenge any evaluation including the second consecutive ineffective annual composite APPR evaluation in any proceeding brought pursuant to Education Law Section 3020-a, 3020-b, or an alternative disciplinary arbitration to the extent allowed by law. Under Regents rule 30-3.12 a rating subject to an appeal cannot be used in a proceeding under 3020-a or 3020-b until the appeals process has concluded.

**11.5) Assurance: Evaluators**

**Please check the box below.**

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

**11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

**Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**

**Training of Evaluators**

The process for training, certification, ensuring inter-rater reliability and nature of content and duration will remain consistent for all evaluators including lead evaluators, evaluators, and independent observers.

The District will ensure that all evaluators are properly trained and certified, as necessary to complete an individual's performance review. All Evaluator training will be conducted by appropriately qualified individuals or entities. All evaluator training will replicate the recommended New York State Education Department ("NYSED") model certification process.

The Board of Education will certify all evaluators upon receipt of proper documentation that the individual has fully completed training. The Superintendent will maintain records of certification of all evaluators.

All evaluator training will occur regionally in cooperation with Putnam Northern Westchester BOCES (PNW BOCES). All evaluator training will be conducted by Putnam Northern Westchester BOCES personnel and/or other personnel who have participated in the NYSED evaluator training and/or personnel authorized to train on behalf of an evaluation rubric approved by the NYSED. Before each school year, each administrator will be re-certified on a periodic basis, to be determined by the District.

The District will establish a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols recommended in training for all evaluators. The district anticipates that these protocols will include: data analysis, periodic comparison of assessments, and/or annual calibration sessions across evaluators.

**Timing of Training**

For the 2016-2017 school year and thereafter, all evaluators shall be appropriately trained and certified annually. The duration of the training for certification will be a minimum of one day (6-hours). The duration of the re-training for all evaluators will be a minimum of one-hour per year.

Initial training and re-training will include the nine elements of the Regents rule 30-3.10.

**Re-Certification and Updated Training for Evaluators**

The District will work to ensure that all evaluators maintain inter-rater reliability over time and that the Superintendent re-certifies all evaluators on an annual basis. All evaluators will receive updated training on any changes in the law, regulations or applicable collective bargaining agreements.
