§3012-d Removal of the NYS Grade Four Science Assessment Supplemental Form (Material Change)

Matthew Wilkins, Superintendent
Warsaw Central School District
153 West Buffalo Street
Warsaw, NY 14569

Dear Superintendent Wilkins:

Congratulations. I am pleased to inform you that the Removal of the NYS Grade Four Science Assessment Supplemental Form you submitted meets the criteria outlined in Subpart 30-3 of the Commissioner's Regulations and has been approved as a material change to your currently approved Educator Evaluation Plan. As a reminder, we are relying on the certifications and assurances that are part of your approved Educator Evaluation plan and those found in the Supplemental Form for Alternate SLOs. If any additional changes need to be made to your approved plan, your district/BOCES must submit a new plan to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa

PLEASE NOTE:

In April 2019, the Governor signed into law an amendment to Education Law 3012-d. Those statutory changes allow a school district/BOCES to continue to implement its currently approved Educator Evaluation plan, including the transition measures that are to replace any measures based on the grades three through eight English language arts and mathematics State tests, until such time as its existing collective bargaining agreement expires and until entry into a successor agreement.

Accordingly, your district/BOCES may continue to implement its currently approved plan, including the measures described in the Supplemental Form for Removal of NYS Grade 4 Science, until such time that as a new collective bargaining agreement is entered into between the district/BOCES and its bargaining units.

Until such time as your district/BOCES receives approval of a new Educator Evaluation plan consistent with the requirements of Education Law 3012-d as amended by the Laws of 2019, teachers and principals must continue to be provided with their Educator Evaluation scores and ratings calculated based on the measures in your currently approved Educator Evaluation plan *without any modifications, substitutions, or replacements.*

Only documents that are incorporated by reference in your Educator Evaluation plan have been reviewed and are considered as part of your district's/BOCES' approved Educator Evaluation plan; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your plan but not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your Educator Evaluation plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your Educator Evaluation plan and/or require corrective action.

Instructions

The purpose of this form is to describe the measures and assessments that will be used to complete the student performance category of an LEA's Educator Evaluation Plan for teachers and principals whose evaluations are based in whole, or in part, on the the NYS Grade Four Science Assessment. To make any other changes to a currently approved evaluation plan, please submit a material change using the "Educator Evaluation - Ed Law §3012-d, amended in 2019" form.

Applicable Teachers

There are two types of applicable teachers this form can be used to address:

- Teachers whose SLOs are based on multiple assessments including the NYS Grade Four Science Assessment.
- Teachers whose SLOs are based ONLY on the NYS Grade Four Science Assessment.

Please make an appropriate selection below.

You may choose the first option if it addresses *all* teachers whose SLOs are based on the NYS Grade Four Science assessment.

However, if you are replacing the assessments in your group measures with new or different assessments, or **if you have a teacher whose SLO is based only on the NYS Grade Four Science assessment, then you *must* select the second option.**

☐ ALL teachers whose SLOs are based on the NYS Grade Four Science Assessment also include one or more other assessments; the Grade Four Science Assessment will be removed from the measure and only the remaining assessment(s) will be used beginning in the 2022-23 school year. (Proceed to Task 7. Principals: Required Student Performance)

☑ The NYS Grade Four Science Assessment will be removed and replaced with new assessment(s) for applicable teachers beginning in the 2022-23 school year.

Teachers: Measures and Assessments

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Individually attributed results*:* scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> Collectively attributed results*:* scores and ratings will be based on the growth of all students in a school or program or students across buildings/programs in an LEA who take the applicable assessments in the current school year.

> Collectively attributed group or team results*:* scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses or students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

> Collectively attributed linked results*:* scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

Revised – §3012-d Supplemental Form for Alternate SLOs (Material Change)

Joseph Englebert, Superintendent
Warsaw Central School District
153 West Buffalo Street
Warsaw, NY 14569

Dear Superintendent Englebert:

Congratulations. I am pleased to inform you that the material change you submitted to your currently approved Annual Professional Performance Review (APPR) plan on the Supplemental Form for Alternate SLOs meets the criteria outlined in Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the certifications and assurances that are part of your approved APPR plan and those found in the Supplemental Form for Alternate SLOs. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

PLEASE NOTE:

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, your district/BOCES must use the alternate SLOs described in your "Supplemental Form for Alternate SLOs" which have been incorporated into your approved §3012-d APPR plan for teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

During this transition period, your district/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in your currently approved APPR plan *without any modifications, substitutions, or replacements as a result of the transition regulations*. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations. Accordingly, APPR scores and ratings for such staff must be calculated pursuant to your district's/BOCES's approved APPR plan without any modifications, and no transition scores and ratings need be generated.

The transition period will end at the conclusion of the 2018-2019 school year. Beginning in the 2019-20 school year, each educator will receive only a single set of scores and ratings pursuant to the measures outlined in your district's/BOCES APPR plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Directions

As an alternative to completing this Supplemental Form for Alternate SLOs, a district/BOCES may open their APPR plan and include the relevant information in Task 2 (Transition) and Task 7 (Transition).

To open your approved APPR plan, please contact EducatorEval@nysed.gov.

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 English Language Arts (ELA) and Math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, alternate student learning objectives (SLOs) must be generated to calculate transition scores and ratings for teachers and principals who have no remaining Student Performance Category measures as a result of the above exclusions. Please note that districts/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in their currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations during the transition period. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations and their evaluations shall be calculated pursuant to their district's/BOCES' approved APPR Plan without any changes, and no transition scores and ratings need to be generated.

This supplemental form must be completed by districts/BOCES whose Education Law §3012-d Annual Professional Performance Review (APPR) plans were approved by the Department for use beginning in the 2015- 16 school year in order to specify the alternate SLOs, as described above, that will be used for applicable teachers and principals during the remainder of the transition period (i.e., the 2016-17 through 2018-19 school years). Beginning in the 2019-20 school year, districts and BOCES will no longer be required to calculate transition scores and ratings, and will only calculate a single set of scores and ratings for each educator pursuant to the measures and assessments outlined in their approved §3012-d APPR plan. For more information please see the December 2015 Board of Regents item at http://www.regents.nysed.gov/common/regents/files/1215bra10.pdf, and the Department's Frequently Asked Questions Guidance document regarding sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents on EngageNY at https://www.engageny.org/resource/guidance-on-new-york-sannual-professional-performance-review-law-and-regulations.

This form must be completed and submitted no later than March 1, 2017 for the 2016-17 school year. Please note that if your district/BOCES wishes to make changes to the measures and assessments used for the alternate SLOs in future school years, you must submit this form on or before March 1 of the school year in which the changes will take effect. The Department will not accept late submissions of this form.

Upon submission, the Department will only review the information included on this supplemental form and no other portions of the APPR plan will be reviewed by the Department for compliance with Education Law §3012- d. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested in this form will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-d. The Department recommends that districts/BOCES consult with their local counsel before submitting this supplemental form or any material changes to their currently approved plan in the APPR Portal.

7.4) Principals with More than One Growth Measure (Transition)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

Task 1. School District Information

Disclaimers

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR Plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

> **(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.**
>
> **(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.**

2.1) Assurances

Please check the boxes below:

Assure that the growth score provided by NYSED will be used, where required.	Checked
Assure that back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.	Checked
For any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.	Checked

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English

language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

2.2) Grades 4-8 ELA and Math: Assessments

Using the drop-down boxes below, please select the assessment that will be used for the back-up SLOs for the grade/subject listed.

Please note: If your district/BOCES does not have grade/subject-specific teachers for one or more of the rows in task 2.2, choose "Not Applicable" from the drop-down box. This would be appropriate if, for example, the district/BOCES does not have certain grades; the district/BOCES does not offer a specific subject; etc. If a grade/subject ends in a State assessment, i.e., 4-8 ELA or Math, such assessment must be used as the underlying evidence for the SLO.

2.12) Teachers with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.	Checked

Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.	Checked
Assure that all growth targets are approved by the superintendent or another trained administrator.	Checked
Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.	Checked
Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.	Checked
Assure that processes are in place for the superintendent to monitor SLOs.	Checked
Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.	Checked

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by making the appropriate selection below. Information related to the Optional subcomponent will be entered into Task 3.

The Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

OPTIONAL SUBCOMPONENT
(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

> **(A) a second State-provided growth score on a State-created or administered test; provided that the State-provided growth measure is different than that used in the Required subcomponent, or**
> **(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.**

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate the use of the Optional subcomponent by making the appropriate selection below.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district/BOCES may use multiple rubrics, as long as the same rubric is used for all classroom teachers in a grade/subject across the district/BOCES.)

4.2) Assurances

Please check all of the boxes below:

Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.	Checked
Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.	Checked
Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.	Checked
Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.	Checked

4.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Teacher Observation category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

All observable components will be weighted equally and averaged.

4.4) Calculating Observation Ratings

Please check the boxes below:

Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the chart shown below.	Checked
Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.	Checked

6.3) Assurance: Appeals

Please check the box below:

Assure the district/BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal:

(1) the substance of the annual professional performance review; which shall include the following:
(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeals Process

Appeals of Annual Professional Performance Reviews are limited to those that receive an annual composite rating of Ineffective or Developing only. A teacher CANNOT appeal a rating of Effective or Highly Effective. Appeals are limited to the following subjects:

-the substance of the APPR and rating given
-the district's adherence to the standards and methodologies required for such reviews
-adherence to the commissioner's regulations
-the district's compliance with its procedures for conducting the APPR
-the school district's issuance or implementation of the terms of the Teacher Improvement Plan under Education Law 3012-d

If a teacher receives an Ineffective or Developing rating, he or she may file only one appeal. All points for appeal must be written in one document. All appeals must be submitted in writing within 15 school days following the beginning of the school year, or by September 21, whichever is later. When filing an appeal, the teacher must submit a detailed written description of the specific areas of disagreement over his or her annual composite score. The teacher must also provide any additional documents or materials relevant to the appeal.

Within 15 school days of the receipt of an appeal, the Superintendent must hold a meeting with the person filing the appeal. The person filing the appeal may request the presence of union representatives at this meeting.

The final decision of the appeal will be made by the superintendent of schools or the superintendent's designee, except that an appeal may not be decided by the same individual who was responsible for making the final rating decision. A written decision on the merits of the appeal shall be rendered no later than 30 calendar days from the date upon which the teacher filed his or her appeal. The response must include any and all additional documents or written materials specific to the points of disagreement. This written document must be submitted to the teacher appealing their rating, as well as the Warsaw Educator's Association President. All appeal decisions made by the superintendent, or superintendent's designee are final.

6.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.	Checked

(1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their

related functions, as applicable

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers

(7) Use of the Statewide Instructional Reporting System

( ) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings

(9) Specific considerations in evaluating teachers of English language learners and students with disabilities

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
2) the process for the certification and re-certification of lead evaluators,
3) the process for ensuring inter-rater reliability,
4) the nature (content) and the duration (how many hours, days) of such training.

Warsaw Central School District as part of the Annual Professional Performance Review Plan will implement a process for ensuring inter-rater reliability over time (such as data analysis to detect disparities on the part of one or more evaluators; periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same classroom teacher or building principal; annual calibration sessions across evaluators) and our process for periodically recertifying all evaluators.

Any individual who fails to receive required training or achieve certification or re- certification, as applicable, by a district pursuant to the requirements of this section shall not conduct or complete an evaluation.

In order to be certified as lead evaluators, administrators must be trained in the following nine elements:

(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
(2) evidence-based observation techniques that are grounded in research;
(3) application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart;
(4) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;
(5) application and use of any assessment tools that the district utilizes to evaluate its classroom teachers or building principals;

(6) application and use of any locally selected measures of student growth used in the optional subcomponent of the Student Performance Category used by the district to evaluate its teachers or principals;
(7) use of the statewide instructional reporting system;
( ) the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their category ratings; and
(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

All evaluators, including impartial and independent observers and peer observers, must have appropriate training and be certified/re-certified by BOCES before conducting a teacher or principal's evaluation. In addition, annual calibration sessions are required across evaluators. Initial training for new evaluators will be a minimum of three days training and re-certification training for evaluators will consist of a minimum of one day of training.

Impartial independent observers and peer observers must receive training on the following elements:

(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
(2) evidence-based observation techniques that are grounded in research; and (3) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below:

Checked

6.8) Assurances: Assessments

Please check all of the boxes below:

Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.	Checked
Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.	Checked
Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.	Checked

6.9) Assurances: Data

Please check all of the boxes below:

Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.	Checked
Assure that the district/BOCES provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.	Checked
Assure scores and ratings for all teachers will be reported to NYSED for each category, as well as the overall rating, as per NYSED requirements.	Checked
Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked

Task 7. Student Performance – Required Subcomponent

Created: 04/30/2013
Last updated: 10/14/2015

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

Page 1

REQUIRED SUBCOMPONENT
(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)

> **(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.**
>
> **(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.**

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Use the checkboxes to indicate the State assessments or Regents exams used**

Follow the examples below

7.1) Assurances

Assure that the growth score provided by NYSED will be used, where required.	Checked
Assure that back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.	Checked

7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school-wide student results from one of the following assessment options:
    - State-approved 3rd party assessment; or
    - State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: measure used**
- **Once a measure is selected, a corresponding menu will appear for the selection of the name(s) of the assessment(s) used.**

Follow the example below

- highest grade = 3
- measure = State or Regents assessment

7.3) HEDI Scoring Bands

7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

7.5) Assurances

Please check all of the boxes below:

Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.	Checked
Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.	Checked
Assure that all growth targets are approved by the superintendent or another trained administrator.	Checked
Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.	Checked
Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.	Checked
Assure that processes are in place for the superintendent to monitor SLOs.	Checked
Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.	Checked

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by checking the box below. Information related to the Optional subcomponent will be entered into Task 8.

The Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

OPTIONAL SUBCOMPONENT
(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

> **(A) a second State-provided growth score on a State-created or administered test; provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or**
> **(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.**

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. 9.2) Assurances

Please check all of the boxes below:

Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.	Checked
Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.	Checked
Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.	Checked
Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.	Checked

9.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Principal School Visit category, see NYSED APPR Guidance:

https://www.engageny.org/resource/appr-3012-d.

The rating assigned to each domain will be determined using the state provided scale as follows:

• Domain 1-Shared Vision of Learning: (H 4; E 3; D 2; I 1)
• Domain 2-School Culture and Instructional Program: (H 4; E 3; D 2; I 1)
• Domain 3-Safe, Efficient, Effective Learning Environment: (H 4; E 3; D 2; I 1)
• Domain 4-Community: (H 4; E 3; D 2; I 1)
• Domain 5-Integrity, Fairness, and Ethics: (H 4; E 3; D 2; I 1)
• Domain 6-Political, Social, Economic, Legal and Cultural Context: (H 4; E 3; D 2; I 1)

All observable components will be weighted equally and averaged.

9.4) Calculating School Visit Ratings

Please check the boxes below:

Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the chart shown below.	Checked
Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.	Checked

11.1) Assurances: Improvement Plans

Please check the boxes below:

Assure that the district/BOCES will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive a Developing or Ineffective rating by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.	Checked
Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas. Please check box below:

Assure the district/BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.	Checked

11.4) Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal:

(1) the substance of the annual professional performance review; which shall include the following:
(i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Principal Appeals Process

Appeals of Annual Professional Performance Reviews are limited to those that receive a rating of Ineffective or Developing only. A principal CANNOT appeal a rating of Effective or Highly Effective. Appeals are limited to the following subjects:

-the substance of the APPR and rating given, including, but not limited to:
-in the instance of the principal rated ineffective on the student performance category but rated highly effective on the observation/school visit category based upon an anomaly, as determined locally.
-the district's adherence to the standards and methodologies required for such reviews
-adherence to the commissioner's regulations
-the district's compliance with its procedures for conducting the APPR
-the school district's issuance or implementation of the terms of the Principal Improvement Plan under Education Law 3012-d

If a principal receives an Ineffective or Developing rating, he or she may file only one appeal. All points for appeal must be written in one document. All appeals must be submitted in writing within 15 school days following the beginning of the school year, or by September 21, whichever is later. When filing an appeal, the Principal must submit a detailed written description of the specific areas of disagreement over his or her annual rating. The principal must also provide any additional documents or materials relevant to the appeal.

Within 15 school days of the receipt of an appeal, the Superintendent must hold a meeting with the person filing the appeal. The person filing the appeal may request the presence of union representatives at this meeting.

The response must include any and all additional documents or written materials specific to the points of disagreement. This written document must be submitted to the Principal appealing their rating, as well as the Warsaw Administrators' Association President. All appeal decisions made by the superintendent, or superintendent's designee are final.

Warsaw Central School District as part of the Annual Professional Performance Review Plan will implement a process for ensuring inter-rater reliability over time (such as data analysis to detect disparities on the part of one or more evaluators; periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same classroom teacher or building principal; annual calibration sessions across evaluators) and our process for periodically recertifying all evaluators.

Any individual who fails to receive required training or achieve certification or re- certification, as applicable, by a district pursuant to the requirements of this section shall not conduct or complete an evaluation.

In order to be certified as lead evaluators, administrators must be trained in the following nine elements:

(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;

(7) use of the statewide instructional reporting system;
( ) the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their category ratings; and
(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

All evaluators, including impartial and independent observers and peer observers, must have appropriate training and be certified/re-certified by BOCES before conducting a teacher or principal's evaluation. In addition, annual calibration sessions are required across evaluators. Initial training for new evaluators will be a minimum of three days training and re-certification training for evaluators will consist of a minimum of one day of training.

Impartial independent observers and peer observers must receive training on the following elements:

(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
(2) evidence-based observation techniques that are grounded in research; and (3) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice.
