Background and Instructions**Background**

Section 9-a of part A of chapter 56 of the laws of 2021, as amended by §5-a of part A of chapter 56 of the laws of 2022 requires, on or before July 1, 2022, every local educational agency (LEA) receiving funding from the Elementary and Secondary School Emergency Relief (ESSER) funding from the American Rescue Plan (ARP) act of 2021 to post on its website and submit to the New York State Education Department (NYSED) an updated plan of how such funds will be expended and how the LEA will prioritize spending on non-recurring expenses as defined in section 9-a(1) of part A of chapter 56 of the laws of 2021. This updated plan must include:

- An analysis of public comment;
- Goals and ratios for pupil support;
- Detailed summaries of Investments in current year activities; and
- Balance of funds spent in priority areas.

In addition, Section 10-d of part A of chapter 56 of the laws of 2021, as amended by §5-b of part A of chapter 56 of the laws of 2022, requires school districts receiving a foundation aid increase of more than 10% or \$10,000,000 must create plans on how these funds will be used to address student performance and need. These plans must be completed, submitted to the department, and posted to district websites prior to July 1 of 2021, 2022, and 2023. Each district subject to this requirement is required to:

- Seek public comment from parents, teachers, and other stakeholders;
- Take public comments into account in the development of the plan;
- Include an analysis of public comments within the plan;
- Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of seven listed areas;
- Post the plan on the district website; and
- Submit the plan to the State Education Department in a form prescribed by the Department to be posted publicly.

The list of school districts that are required to submit a plan aligned with the increase in foundation aid may be found in the "Foundation Aid and ARP Plan Notification Guidance" memo located in the *Documents* library at the lower left of the application. It should be noted that this requirement does not obligate districts to spend additional foundation aid funds in specific ways, but does require district seek public comment and share plans on how they intend to spend these additional funds. Plans are required to cover only the foundation aid *increase*. The plan should *not* cover how the district intends to use its *entire* foundation aid amount. Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of the following seven areas:

- Increasing graduation rates and eliminating the achievement gap;
- Reducing class sizes;
- Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas;
- Addressing student social-emotional health;
- Providing adequate resources to English language learners, students with disabilities; and students experiencing homelessness;
- Goals and ratios for pupil support; and
- Detailed summaries of investments in current year initiatives and balance of funds spent in priority areas.

Instructions

The *State Budget Reporting and Foundation Aid Survey* is due by July 1, 2022.

LEAs must complete all sections and are required to answer questions marked with a red asterisk. If a required question has not been completed, the business

Use of Foundation Aid Increase

1. Please describe how the district plans to utilize funds provided by the foundation aid increase in the following priority areas. If these funds will not be used for one of the priority areas listed below, please respond with "N/A."

	Key Goals, Metrics, or Ratios (250 words or less)	Community Feedback Reflected (250 words or less)	New Foundation Aid Funds to Support Initiative (\$)
Increasing graduation rates and eliminating the achievement gap	Our goal is to expand elective offerings to increase graduation rates. We plan to include up to 11 new elective offerings.	Our community expressed a desire for high school students to have expanded access to elective offerings.	25000
Reducing class sizes	Our goal is to maintain low class sizes in general education and intervention classrooms; We would like to reduce our intervention groups to a 1-to-5 ratio, and maintain our average class size of 1-to-15 students.	Our community expressed concern about the availability of intervention support for elementary students and a desire to maintain our current class size ratios.	150000
Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas	Our goal is to strengthen core instruction in English Language Arts in the elementary school by embedding professional development support throughout the school year. We also plan to expand Arts-in-Education experiences for elementary level students by embedding an Artist in Residence program at each grade level.	We hear feedback from our community that the quality of core instruction in ELA could be improved.	55000
Addressing student social-emotional health	Our goal is to lower educator-to-student ratios within our athletic teams as a means of increasing engagement and retention of students within our athletic programs. This funding will support an additional 11 assistant coaches.	Our community expressed a desire for student athletes to have increased access to quality coaching support through the athletic programs.	45000
Providing adequate resources to English language learners, students with disabilities, and students experiencing homelessness	Our goal is to complete a special education program review to identify strengths and weaknesses of our current model and to see where we can expand the program.	Our community expressed concern about our ability to structure co-teaching supports core academic areas.	25000

3. **Please describe your analysis of public comment from parents, teachers, and other stakeholders on the plan. This analysis should include the approach to outreach that was implemented and common recommendations or suggestions. For recommendations not reflected in the plan above, what limitations or rationale led to the decision to not include? (250 words or less)**

The Foundation Aid increase was discussed with stakeholders through the late winter and spring of 2022. These meetings occurred in person and through a virtual format as part of our budget development process. Specific sessions were held for the general community, the Parent Teacher Association, with our faculty and staff, and with our Board of Education. Common recommendations or suggestions included: 1) efforts to improve the quality of instruction for general education students; 2) efforts to increase special education support; 3) efforts to increase student social/emotional development; 4) efforts to expand intervention supports at the elementary level, and 5) efforts to expand elective opportunities for high school students.
