**Background and Instructions****Background**

Section 9-a of part A of chapter 56 of the laws of 2021, as amended by §5-a of part A of chapter 56 of the laws of 2022 requires, on or before July 1, 2022, every local educational agency (LEA) receiving funding from the Elementary and Secondary School Emergency Relief (ESSER) funding from the American Rescue Plan (ARP) act of 2021 to post on its website and submit to the New York State Education Department (NYSED) an updated plan of how such funds will be expended and how the LEA will prioritize spending on non-recurring expenses as defined in section 9-a(1) of part A of chapter 56 of the laws of 2021. This updated plan must include:

- An analysis of public comment;
- Goals and ratios for pupil support;
- Detailed summaries of Investments in current year activities; and
- Balance of funds spent in priority areas.

In addition, Section 10-d of part A of chapter 56 of the laws of 2021, as amended by §5-b of part A of chapter 56 of the laws of 2022, requires school districts receiving a foundation aid increase of more than 10% or \$10,000,000 must create plans on how these funds will be used to address student performance and need. These plans must be completed, submitted to the department, and posted to district websites prior to July 1 of 2021, 2022, and 2023. Each district subject to this requirement is required to:

- Seek public comment from parents, teachers, and other stakeholders;
- Take public comments into account in the development of the plan;
- Include an analysis of public comments within the plan;
- Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of seven listed areas;
- Post the plan on the district website; and
- Submit the plan to the State Education Department in a form prescribed by the Department to be posted publicly.

The list of school districts that are required to submit a plan aligned with the increase in foundation aid may be found in the "Foundation Aid and ARP Plan Notification Guidance" memo located in the *Documents* library at the lower left of the application. It should be noted that this requirement does not obligate districts to spend additional foundation aid funds in specific ways, but does require district seek public comment and share plans on how they intend to spend these additional funds. Plans are required to cover only the foundation aid *increase*. The plan should *not* cover how the district intends to use its *entire* foundation aid amount. Describe in the plan how the foundation aid increase will be used, including portions of the increase used to address any of the following seven areas:

- Increasing graduation rates and eliminating the achievement gap;
- Reducing class sizes;
- Providing supports for students who are not meeting, or at risk of not meeting, state learning standards in core academic subject areas;
- Addressing student social-emotional health;
- Providing adequate resources to English language learners, students with disabilities; and students experiencing homelessness;
- Goals and ratios for pupil support; and
- Detailed summaries of investments in current year initiatives and balance of funds spent in priority areas.

**Instructions**

The *State Budget Reporting and Foundation Aid Survey* is due by July 1, 2022.

portal will highlight it in red and the section of the application will be flagged. The applicant will be unable to submit the application to NYSED for final review if a required question remains unresolved.

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs) or the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs are NOT REQUIRED to send hard copies of survey materials to the Department.

**American Rescue Plan (ARP) Spending Plan Reporting**

**1. Have you made changes to your approved ARP - ESSER application?**

- YES, the LEA has made changes to your approved ARP ESSER application.
- NO, the LEA has not made changes to your approved ARP ESSER application.

**2. Please provide an analysis of public comment for the updated American Rescue Plan (ARP) - Elementary and Secondary School Emergency Relief (ESSER) funding.**

We have not made any updates to the plan. We received one comment via email on the existing, current plan that asked if the funds were going to be used to promote DEL. We said no.

**3. Please provide a description of program goals and per pupil teacher ratios for priorities supported by ARP - ESSER funding. Click on "Add Row" as needed to include additional program goals.**

Program Goals	Per Pupil Teacher Ratios (# : #)
The goal of the incoming kindergarten summer program was to address the impact of loss of preschool instruction related to COVID. Student needs were identified using the incoming kindergarten screening, specifically looking at early literacy skills, speech and language development, cognitive development, and fine motor skills. Students that performed below average in one or more areas were identified for targeted skills instruction in the summer before kindergarten. This group contained a mix of students; general education, students with disabilities, and English Language Learners. The program met for nine 2.5 hour sessions over the month of August. Student work samples were collected over the course of the program, allowing for a portfolio assessment of student progress over time on identified preschool standards that were emphasized.	6:1
The ENL summer enrichment program for ELLs focused on helping to remediate academic delays based on individual student need to prepare students for the 2021/2022 school year. The program focused on English Language Arts (ELA) and mathematics, targeting the prerequisite skills/standards to meet grade level expectations. Emphasis was on development of academic vocabulary related to the content areas and the opportunity to work collaboratively with peers.	3:1

**4. Please provide detailed summaries of investments in current year activities for ARP - ESSER funding. Click on "Add Row" as needed to include programs.**

Summary of New Programs or Expansion of Existing Programs in Current Year	Investment (\$)
During the 21/22 school year we implemented summer programs for our incoming Kindergarteners and ENL students. The ability to offer transportation to our ENL students resulted in a very high attendance rate for the 6 week curriculum based program for our ENL students. The new Kindergarten Orientation program allowed incoming students, many who did not go to any pre-school due to COVID, to become familiar with the school, staff and routine prior to the first day of classes.	94908
