

**Teacher Leadership Quality Partnerships (TLQP) – Professional Development
Program to Improve Teaching and Learning of Core Academic Subjects
2015-2018**

Introduction/Background The No Child Left Behind Act of 2001 (NCLB) amended the Elementary and Secondary Education Act of 1965 (ESEA) by making significant changes in the major Federal programs supporting schools' efforts to educate their students. This federally funded Program is a competitive grant contract opportunity to support local, regional, and statewide initiatives to improve the teaching of core academic subjects. With an emphasis on the educational needs of high-need schools and the goal of improving student achievement, the TLQP Program promotes collaborative relationships that will improve both teacher preparation programs and professional development for in-service teachers.

Purpose/Goal: The Teacher/Leader Quality Partnerships program is intended to be a catalyst for the kind of collaboration that can generate significant and sustainable improvements in providing in-service teachers and administrators with professional development that responds to the needs of all schools and districts.

The Teacher/Leader Quality Partnerships (TLQP) program (Title II, Part A, Subpart 3) offers an opportunity to meet these ambitious goals by accelerating the change process of in-service professional development of teachers and other school leaders. Highly committed partnerships can work to strengthen the vital role of K-12 educators in helping to design and implement effective programs and to increase collaboration between schools of arts and sciences and schools of education.

See [Application Guidelines](#) for additional details.

General Eligibility: New York State public and independent degree-granting colleges and universities or by consortia of such institutions with registered programs in teacher education, school leaders' preparation or the core academic subjects. All applicants must belong to a partnership that includes **at least the following three partners:**

- A. An institution of higher education and its school (or

- department) of education,
- B. A school of arts and sciences (see definition in Attachment A) or a department or division within a school of arts and sciences, and
 - C. A high-need LEA [at least 50 percent of all partner LEAs meet the federal definition of “high-need”] (see definition in Attachment A, and see Attachment B for instructions on how to determine which schools and districts meet this definition).

Projections for 2015-2016

The available funding in the 2014-2015 was \$3,487,000. Appropriations for the 2015-2018 program will be determined by the level of funding provided by the Federal Government.

New Prequalification Requirement

The State of New York has implemented a new statewide prequalification process (described in <http://www.grantsreform.ny.gov/Grantees>) designed to facilitate prompt contracting for not-for-profit vendors. All not-for-profit vendors are required to pre-qualify prior to grant application. This includes all currently funded not-for-profit institutions that have already received an award and are in the middle of the program cycle. The pre-qualification must be completed by all not-for-profit organizations prior to the application due date in order to qualify for an award under this grant.

Non-Mandatory Notice of Intent

The Notice of Intent is not a requirement for submitting a complete application by the application date; however, NYSED strongly encourages all prospective applicants to submit an NOI to ensure a timely and thorough review and rating process. A non-profit applicant's NOI will also help to facilitate timely review of their prequalification materials. The notice of intent is a simple email notice stating your organization's (use the legal name) intent to submit an application for this grant. Please also include your organization's NYS Vendor ID. The due date is May 15, 2015. Please send the NOI to TLQP@nysed.gov.

GUIDELINES FOR TEACHER/LEADER QUALITY PARTNERSHIPS PROGRAM - PROFESSIONAL DEVELOPMENT PROGRAM

I. BACKGROUND

The No Child Left Behind Act of 2001 (NCLB) amends the Elementary and Secondary Education Act of 1965 (ESEA) by making significant changes in the major Federal programs supporting schools' efforts to educate their students. As a whole, NCLB emphasizes greater flexibility and local control, more accountability for results, expanded options for parents, and an increased focus on effective teaching methods based on proven, scientifically based professional research. Part A of Title II authorizes Improving Teacher Quality State Grants, a state formula grant program.

Funds received by a state through the Teacher Quality State Grants program are designated for activities that help increase student achievement by improving the quality of the state's teachers and principals. Some of these funds are to be used for activities undertaken directly by the state, others for subgrants to local education agencies (LEAs), and some for subgrants to partnerships between at least one Institution of Higher Education (IHE) and at least one high-need school or school district. In New York State, this grant program for partnerships is the Teacher/Leader Quality Partnerships (TLQP) program.

The higher education partnerships may focus on any of the core academic subjects: English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography.

The New York State Education Department is seeking high-quality proposals that address any of these core academic areas so as to improve teacher/leader preparation and/or professional development and to increase students' academic achievement.

NCLB brings these other important changes:

- A. An emphasis on funding effective programs and practices that are grounded on "scientifically based research." Research is considered "scientifically based" if it emphasizes constructing and testing theories by means of data obtained through observation and experimentation, presents studies with detail and clarity, and adheres to the principle that studies should not be "researcher-specific," i.e., that other researchers should be able to build on or to replicate them (see Attachment A for a full definition).
- B. An increased emphasis on accountability for student performance, especially taking the form of ensuring that each school district develops a district improvement plan and that all teachers are "highly qualified" according to the Federal definition.

- C. A greater flexibility for states and school districts in their choice of actions to improve student performance.
- D. An annual attestation of each school's progress in meeting the requirement that all teachers be "highly qualified," with this information made available to the public on request.

Specific to Higher Education partnership grants:

- A. The partnership **must** include these **three partners**:
 - 1. An institution of higher education (IHE) and its school of education, which must be the fiscal agent.
 - 2. A school of arts and sciences (for definition of "school of arts and sciences," see Attachment A), and
 - 3. A high-need local education agency (LEA) that meets the following definition of "high-need":
 - serving not fewer than 10,000 children below the poverty line, or having at least 20 percent of the children served be from families below the poverty line; **and**
 - having a high percentage of teachers not teaching in the academic subjects or at the grade levels for which they have training, or having a high percentage of teachers with emergency, temporary, or provisional certification or licensing. (See Attachment B for information on how to determine whether a specific LEA satisfies this criterion, and see the first page of Attachment A concerning the status of provisional certification.)

Formal partnership agreements must exist between the IHE and each of its partners.

- B. Partnerships may also include another LEA, a public charter school, an educational service agency, another IHE, a school of arts and sciences within this IHE, the school of education within this IHE, and other non-profit educational and cultural organizations.
- C. Partnerships shall use funds for professional development activities that fall into one or more of the following categories:
 - 1. Professional development activities that will be embedded in the teacher preparation program and will improve specific aspects of that program;
 - 2. Professional development activities in core academic subjects to ensure that teachers, highly qualified paraprofessionals, and (when appropriate) principals gain knowledge about the subject and about computer-related technology that will help them enhance student learning; and
 - 3. Professional development activities that will increase the instructional leadership skills of principals, enabling them to work more effectively with teachers to improve the students' learning and outcomes.

- D. All professional development provided by partnerships shall be high quality, intensive, and sustained—**not** simply one-day or other short-term workshops or conferences. It will include activities that enable participants to use State standards and assessment data to improve teaching practices and student academic achievement.
- E. Professional development provided may include intensive programs that prepare individuals to return to their schools and offer professional development activities to other teachers, paraprofessionals, or principals (i.e., “train-the-trainer” programs). Professional development may also include activities resulting from collaboration among one or more LEAs, one or more schools served by these LEAs, and/or one or more IHEs.

Funded programs will help shape teacher preparation and professional development activities in support of the State and Federal goal to provide highly-qualified teachers, paraprofessionals, and principals, particularly in high-need schools and districts, who are prepared to assist all students in meeting high performance standards in the core academic subject areas.

NYSED Consortium Policy for State and Federal Discretionary Grant Programs

Participants can form a consortium to apply for the grant. In order to do so, the consortium must meet the following requirements:

1. The consortium must designate one of the participants to serve as the applicant and fiscal agent for the grant. The applicant agency must be an eligible grant recipient. All other consortium members must be eligible grant participants, as defined by the program statute or regulation.
2. In the event a grant is awarded to a consortium, the grant or grant contract will be prepared in the name of the applicant agency/fiscal agent, not the consortium, since the group is not a legal entity.
3. The applicant agency/fiscal agent must meet the following requirements:
 - a. Must be an eligible grant recipient as defined by statute;
 - b. Must receive and administer the grant funds and submit the required reports to account for the use of grant funds;
 - c. Must require consortium partners to sign an agreement with the fiscal agent that specifically outlines all services each partner agrees to provide.
 - d. Must be an active member of the partnership/consortium, except where SUNY or CUNY Research Foundations are the fiscal agent.

- e. Cannot act as a flow-through for grant funds to pass to other recipients. The range of direct cost services to be provided by the fiscal agent for this program should be between 25% and 50%.
- f. Is PROHIBITED from subgranting funds to other recipients. The fiscal agent is permitted to contract for services with other consortium partners or consultants to provide services that the fiscal agent cannot provide itself.
- g. Must be responsible for the performance of any services provided by the partners, consultants, or other organizations and must coordinate how each plan to participate.

II. STATE AND NATIONAL CONTEXT

Without highly qualified, caring, and committed teachers, not even the highest standards can prepare our children for the challenges and opportunities they will encounter. In the 21st century, more than ever before, our teachers' knowledge and capabilities will be of critical importance. As we seek to ensure a national teaching force of the highest quality, we must recognize the obstacles we face. First, the increasing enrollments and accelerating teacher retirements that are expected in the coming years will lead to unprecedented hiring demands in the profession. Second, during this decade, much of the hiring will be simply to replace new teachers who decide to leave the classroom.

The result is a drain on school finances, disruption of the coherence, continuity, and community necessary for strong schools, and a consequent erosion of teaching quality and student achievement. As classrooms across the nation are growing more challenging and diverse, our teachers will need preparation that will enable them to stay in the schools, meet the needs of all students, and help them achieve high standards. Schools in high-poverty areas, which are particularly affected by these problems, will have an especially pressing need for greater numbers of highly qualified teachers.

These conditions provide a window of opportunity for making major improvements in the ways we recruit and prepare teachers and leaders within our schools and provide them with ongoing support and professional development. We need to identify and rigorously evaluate effective educational practices and to introduce these practices into programs throughout the State and throughout the Nation, so that good programs are not islands of excellence that influence only a small number of teachers.

New York State's next generation of teachers and school leaders will encounter in their classrooms and schools a range of complex challenges previously unknown in the profession. Changes in social conditions, new education goals and tougher standards, more rigorous assessments, site-based management, and expanded use of technology—all increase the knowledge and skills required for success in our schools. These changes mean that high-quality professional development is more important

than ever.

Regents Reform Agenda

The Teacher Quality Partnership Program shall, to the extent practicable, bolster the Board of Regents Reform Agenda by emphasizing the following key areas:

- A. Professional Development that explicitly addresses the Common Core Standards and/or the State's Assessment Standards or leadership in an environment with Common Core Standards related to new assessments;
- B. An understanding of and implementation strategies for data-driven instruction;
- C. Improvement of teacher effectiveness by recruiting, developing, and retaining effective teachers; and
- D. Instructional leadership and support of learning for all students, including English language learners, students with disabilities and those far below grade level.

III. PROGRAM PURPOSES

The Teacher/Leader Quality Partnerships program is intended to be a catalyst for the kind of collaboration that can generate significant and sustainable improvements in providing in-service teachers and administrators with professional development that responds to the needs of all schools and districts.

High-quality professional development requires strong collaboration among a number of different partners. Faculties at schools of arts and sciences must work closely with those at schools of education and with K-12 administrators and teachers to ensure that teachers gain the deep content knowledge and strong teaching skills they need to help all children learn. Veteran teachers and principals need a strong voice in the way novice teachers and new principals are prepared, and college and university faculty need first-hand experience in today's schools. Such sharing and collaboration will help both new teachers and new administrators gain the solid grounding they need in the essential connection between subject matter and effective teaching practices. In addition to gaining an enriched theoretical understanding, novice teachers and novice school leaders must spend significant time in schools working with students under the guidance of experienced mentor teachers and school leaders. They need to be able to use innovative strategies to enable students to solve complex, real-world problems and to help all students attain high academic standards.

The Teacher/Leader Quality Partnerships (TLQP) program (Title II, Part A, Subpart 3) offers an opportunity to meet these ambitious goals by accelerating the change process of in-service professional development of teachers and other school leaders. Highly

committed partnerships can work to strengthen the vital role of K-12 educators in helping to design and implement effective programs and to increase collaboration between schools of arts and sciences and schools of education. Applicants are expected to creatively use their knowledge of research and best practices to improve teachers and other school leaders' pedagogical skills and to design professional development programs that will address the needs of high-need school districts.

The TLQP – Professional Development Program to Improve Teaching and Learning of Core Academic Subjects provides financial assistance to IHEs to help faculty, teachers, and other teaching or administrative staff gain access to professional development in core academic subjects that:

- A. is sufficiently high in quality, intensive, and sustained to have a lasting and positive effect on the teachers' classroom performance
- B. includes strong academic content and pedagogical components;
- C. reflects recent research on teaching and learning
- D. provides experience in analyzing disaggregated classroom and school achievement data to identify teaching and learning needs;
- E. incorporates activities and effective strategies that promote learning and future achievement for all students;
- F. is a part of the everyday life of the school and creates an orientation toward continuous improvement throughout the school;
- G. is aligned with the Common Core Standards and NYS student performance assessments;
- H. is integrated with the systemic Regents Reform of New York State's highest need schools and school districts; and
- I. supports the development and growth of learning communities that link higher education faculty, school administrators, novice, and experienced teachers with the shared goal being to improve student achievement.

IV. MISSION AND PRINCIPLES

The mission of teacher/leader professional development is to prepare and support educators to help all students achieve high standards of learning.

Professional development plays an essential role in successful education reform, for it bridges the gap between where experienced educators are now and where they will need to be to help all students achieve high standards of learning and development.

High-quality professional development is rigorous and relevant. Having enhanced teaching and learning as its goal, it consists of content, strategies, and organizational supports that ensure the career-long development of teachers and other educators who influence the teaching and learning environment. Achieving this goal for educators requires collaboration among institutions of higher education, schools, and other appropriate partners who work together to promote learning communities that are open

to all who care about and have an impact on students and their learning. To be successful, such a learning community will draw on people inside and outside the schools, with all working together to bring the ideas, commitment, and resources necessary for addressing complex educational issues in a variety of settings and for a broad spectrum of students. Professional development should be part of a system wide effort to improve and integrate the ongoing development and support, and advanced certification of educators.

(For suggested professional development activities and suggested guidelines for these activities, see Attachment A.)

V. **INSTITUTIONAL ELIGIBILITY**

Proposals for support may be submitted by New York State public and independent degree-granting colleges and universities or by consortia of such institutions with registered programs in teacher education, school leaders' preparation or the core academic subjects. The institution submitting the application will serve as the fiscal agent for the program. They must also qualify as a required partner.

Funded projects should be conducted at a facility that will, to the greatest extent possible, meet the accessibility needs of individuals with disabilities who will participate in project activities. Help in meeting special accommodation needs, such as interpreters, assistive listening devices, large print or Braille materials can be obtained from the Section 504 Coordinator or the Coordinator of Services for Students with Disabilities at your college or university.

VI. **PARTICIPANT ELIGIBILITY**

TLQP projects may offer professional development for elementary, middle, secondary, and vocational school, paraprofessionals, teachers and principals.

VII. **PARTNERSHIP AGREEMENTS**

All applicants must belong to a partnership that includes **at least the following three partners:**

- A. An institution of higher education and its school (or department) of education,
- B. A school of arts and sciences (see definition in Attachment A) or a department or division within a school of arts and sciences, and
- C. A high-need LEA (see definition in Attachment A, and see Attachment B for instructions on how to determine which schools and districts meet this definition).

The school of education and the college of arts and sciences may be within the same IHE, but need not be. **A school or department of education that is operating under a corrective action plan may not function as a partner in a TLQP project.**

In addition, all applicants are encouraged to establish partnerships with one or more of the following:

- A. Educational programs or agencies which have similar goals or which also work to provide effective professional development in core academic subjects to current educators in high-need districts (for definition of “core academic subjects,” see Attachment A). Such programs and organizations include the Learning Technology Grants Program, Teacher Opportunity Corps Program, Teachers of Tomorrow, the New York State Mentor Teacher Internship Program, Preparing Tomorrow’s Teachers to Use Technology (PT3), Reading First, Bilingual English as a Second Language Technical Assistance Centers, and Future Teachers of America.
- B. Professional organizations or networks such as the Staff Curriculum Development Network (SCDN); local or regional Teacher Resource Centers; building-level committees such as Shared Decision Making, Professional Development Planning Team, etc.; and/or Statewide and National organizations such as the Learning Disabilities Association of New York State, New York Science Teachers Association (NYSTA), the National Council of Teachers of Mathematics (NCTM), New York State Computer and Technology for Education (NYSCATE), the New York State Council of School Superintendents (NYSCOSS), the New York State School Boards Association (NYSSBA), the New York State Association of Teacher Educators (NYSATE), the Interstate New Teacher Assessment and Support Consortium (INTASC), New York State's Professional Standards and Practices Board, the Equity Assistance Center, and the National Board for Professional Teaching Standards.

Every partner in a TLQP project must have a programmatic role, and a formal cooperative agreement, represented by a signed memorandum of agreement (MOA), is required for every partner—including the three required or principal partners and all additional partners—participating in each project. Each MOA must outline the roles and responsibilities of that particular partner, as well as the specific services, materials and/or fiscal resources to be provided. (The form to use for the MOAs is provided in Attachment F.) Because a partnership must have at least the three primary partners to be eligible for a grant, **all applications will contain at a minimum the following MOAs:**

- an MOA between the school or department of education and the content area department(s) that are functioning as required partners; and
- an MOA with at least one high-need school, school district, or BOCES partner that will provide specific resources for the operation of a TLQP project. These resources may include the cost of providing substitute teachers or of providing reimbursement for tuition expenses or tuition waivers, or they may take the form of in-kind contributions such as release time for teachers or other school leaders, mentors for new teachers, classroom space and/or

technology resources, etc.

VIII. REQUIREMENTS FOR FUNDING

The following eight items are program requirements for this grant. To be eligible for funding under TLQP, projects must:

- A. document through Memoranda of Agreement (MOAs), that the project has the three required partners and demonstrate how it will meet the professional development and/or induction needs of at least one school and/or district that meets the Federal definition of “high-need” (see Attachment A for definition of “high-need” and Appendices B and C for information on determining whether a school or district meets this definition; attach a copy of the Comprehensive Report page that shows this LEA to be high-need);

AND

- B. include **MOAs for all partners**, documenting how each will contribute to the project and document through them that at least 50 percent of all partner LEAs meet the Federal definition of “high-need” and provide corroboration by attaching the appropriate page(s) from the Comprehensive Report for each high-need LEA (see Instructions to Attachment B);
- C. all project participants (teachers, other school leaders, and/or faculty) must receive at least 40 contact hours of content and pedagogy professional development preparing them to assist all students in meeting high educational standards;

AND

- D. the professional development activities must explicitly address aspects of the Common Core Standards and/or the State’s student assessment plan (for information on Learning Standards and assessments, see this Link: <http://www.p12.nysed.gov/>);

AND

- E. project activities must be aligned with the school or school district Professional Development Plan (see Attachment D for information on New York State’s requirements concerning Professional Development Plans);

AND

- F. teachers and administrators and/or programs (undergraduate and graduate)

must be included in project planning, implementation and evaluation.

AND

- G. provide at least a 10 percent match of the requested grant from institutional and other sources, in real costs and/or in-kind contributions (for information on forms that matching funds can take, see XII, F,1, below).

AND

- H. provide one or more of the following:
 1. professional development activities in core academic subjects that will improve the knowledge and/or teaching skills (including the use of computer-related technology) of teachers in the core academic subjects which they are certified or will be certified to teach (see definition of “core academic subjects” in Attachment A); and/or
 2. appropriate instructional subject matter and pedagogical activities for highly qualified paraprofessionals who assist in instructing students in core academic subjects (see definition of “highly qualified paraprofessionals” in Attachment A); and/or
 3. provide professional development activities for principals (or assistant principals) in core academic subjects that will give them instructional leadership skills necessary for working effectively with teachers of these subjects.

IX. FUNDING PRIORITIES

The following characteristics will be given strong consideration during the proposal review process:

- A. Documentation of substantial collaboration among the three required partners, including the involvement of teachers, administrators, and the school and/or district professional development planning team in the planning, implementation, and evaluation of proposed activities.
- B. Professional development being substantively embedded in the everyday life of the school, including induction support for novice teachers and regular interaction of faculty with novice, and/or experienced teachers and administrators as members of school-based teams focused on improving teacher practices and student performance.
- C. Activities that are grounded on scientifically-based research (for definition, see Attachment A) and include substantial opportunities for active learning.
- D. The presence of significant equity activities and training in the use of disaggregated classroom and school student achievement data to identify teaching and learning needs.

X. OTHER CONSIDERATIONS IN ALLOCATING AWARDS

In allocating awards, consideration will also be given to the following:

- A. overall quality and comprehensiveness of the proposed project;
- B. potential of the proposed project to serve as an effective model in preparing current and prospective teacher/leaders to meet the needs of a diverse student population;
- C. adherence to the format and program requirements delineated in the guidelines;
- D. reasonableness of the budget in relation to the proposed activities; and
- E. limits in the Federal appropriation.

XI. FUNDING LIMITATIONS

It is estimated that the total amount of funds available for this program will be \$3.5 million in the first year. There are currently 18 projects with a focus on the content areas of mathematics, science, and/or technology, English Language Arts and other core subjects.

A. Non-Profit institutions

The maximum level of funding per year for not-for-profit public or independent institutions with regional partnerships awards will be capped at \$200,000.

The maximum level of funding per year for not-for-profit public or independent institutions with statewide partnerships awards will be capped at \$400,000.

Final allocations will depend upon the amount of the Federal appropriation and on approval of each proposal by the State Education Department's Teacher Development Programs Unit. Please see the requirements for regional and statewide partnerships in section VII of the RFP.

B. For-Profit institutions

The maximum level of funding per year for for-profit institutions will be based on a set-aside of \$200,000. Up to \$200,000 may be shared among eligible "for-profit" applicants.

Funds not awarded to for-profit institutions will be available funds for non-profit institutions.

Additional limitations are:

- A. Only **one** in-service teacher development project will be funded at an institution.
- B. **No one member** of the partnership may use **more than 50 percent** of the awarded funds.
- C. All not for profit funding requests will be reviewed at the time of proposal

submission. If certain costs cannot be supported by TLQP funds, the institution's proposed budget will be reduced by any unallowable costs.

XII. BUDGET

A. Use of Funds

1. Activities funded under a TLQP Program grant will be administered pursuant to a written agreement between the State Education Department and the applicant institution.

No TLQP funds may be used for purposes which have not been described in the proposal.

B. Allowable Expenses

Allowable direct costs include the following:

H. Payment Schedule

1. Non-Profit Institutions: Funds will be distributed using the SED grant/grant contract process. A first payment (20 percent of the approved budget) will be generated upon the approval of the grant contract by the Office of the State Comptroller for grant-contracts or approval of the project budget for grants. Thereafter, additional payments (up to 90 percent of the annual project amount) may be requested by the submission of an *FS-25: Request for Funds for a Federal or State Project* form. An *FS-25* may be submitted monthly based on actual cash needs for the project. All *FS-25s* must be submitted directly to the State Education Department's Grants Finance Office at the address listed on the form.
2. For-Profit Institutions: Funds will be distributed using the SED grant/grant contract process. For-profit institutions will not receive an initial payment; payments are made on a reimbursement basis only. Therefore, the applicant can receive interim payments (up to 90 percent of the annual project amount) but only actual expenditures will be reimbursed.
3. All Institutions: Final payment will be issued based on the submission of a Final Expenditure Report/*FS10F* Long Form to document total actual expenditures for the project. If projects have received payments totaling 90% of the approved annual budget amount, the remaining balance of the project (10 percent) will be made when the *FS-10-F* is processed by SED's Grants Finance Office. Forms are available on-line at <http://www.oms.nysed.gov/cafe/forms/>.

* **Note: The *FS-10: Proposed Budget for a Federal or State Project* is fully approved when it has been signed by the institution's Chief Executive Officer or designee and approved and signed by the State Education Department, and approved by the Attorney General's Office and the Office of State Comptroller.**

4. For each activity and/or service, indicate the objective performance measure(s) and the data source(s) that will be used to measure its effectiveness in meeting program objectives. Measures should be relevant to the activity proposed and may be used to inform and modify project activities. However, whether or not they are used for the latter purpose, substantive measures of improvements in teacher/leader knowledge and practice and in student achievement must be included in this section.

* *Note: The completed FS-10: Proposed Budget for a Federal or State Project will be included in the grant contract when the application for funding has been approved.*

XVI. PROPOSAL REVIEW

Each proposal will be rated by two reviewers with experience in effective teacher preparation and professional development practices. Working separately, but using rating criteria aligned with TLQP purposes and priorities as described in this document, reviewers will evaluate proposal narratives for evidence that the proposed project 1) adheres to the given guidelines, 2) includes strategies and activities that show a strong focus on the qualities described in Section IX: Funding Priorities, 3) describes a comprehensive approach to reforming and improving teaching and learning for all students, 4) is of high quality, and 5) is capable, given sufficient time and resources, of achieving exemplary outcomes.

Not-for-Profit Applicants

The proposals will be rated numerically, with a maximum possible score of 100 points to be awarded (as described in Section XV). The score awarded to a proposal will be the average of the scores given by the two reviewers. If, however, the two scores show a discrepancy of more than 15 points, the proposal will go to a third reviewer. The two scores closest in numeric value will be averaged to calculate the final average score of the application. If the third reviewer's score is equal to the average of the two original scores, the third reviewer's score will become the final score. .

Once the final numerical score has been determined, the proposals will be grouped by the geographical location of the schools to be served. The groupings will fall into the following ten categories:

- A. Western New York (five counties: Niagara, Erie, Chautauqua, Cattaraugus, and Allegany)
- B. Finger Lakes (nine counties: Orleans, Genesee, Wyoming, Monroe, Livingston, Wayne, Ontario, Seneca and Yates)
- C. Southern Tier (nine counties: Steuben, Schuyler, Chemung, Tioga, Tompkins,

- D. Broome, Chenango, Otsego and Delaware)
- D. Central New York (five counties: Oswego, Onondaga, Cayuga, Cortland and Madison)
- E. Mohawk Valley (six counties: Schoharie, Montgomery, Fulton, Herkimer, Oneida and Hamilton)
- F. North Country (six counties: Lewis, Jefferson, St. Lawrence, Franklin, Clinton and Essex)
- G. Capital Region (eight counties: Warren, Washington, Saratoga, Schenectady, Albany, Rensselaer, Columbia and Greene)
- H. Mid-Hudson (seven counties: Ulster, Sullivan, Orange, Dutchess, Putnam, Rockland and Westchester)
- I. New York City Metropolitan Area (seven counties: Bronx, New York, Richmond, Kings, Queens, Nassau and Suffolk)
- J. Statewide: To be in this category, a proposal must serve schools in its own region and at least two others. A minimum of two of the regions being served must be areas that are currently underserved by TLQP—schools in New York State’s “Big Four” cities (Buffalo, Rochester, Syracuse, and Yonkers) and schools/school districts in the Southern Tier, the Mohawk Valley, and/or the North Country. In part, Statewide projects will create and/or implement teacher networks that promote developing and disseminating content in the core academic subjects and methods so as to foster the achievement of high standards by all students in the region.

Within each category, the two proposals with the highest scores will be funded, providing that there are two acceptable proposals. After issuing awards based on geographic locations the remaining funds will be awarded on a Statewide ranking based on scores in descending order. If there are funds remaining that will not fully support funding the next highest ranked application, a partial award will be made. In the event of a tie score at the geographical category level or at the statewide level, proposals with the highest score on item XV: D Program Objectives, Strategies, Activities, Services and Performance Measures/data section will be the tie breaker. If still tied, the tie breaker will be decided in the following order: Item XV: H, XV: B and XV: C. Proposals with a total average score lower than 60 points will not be funded.

For-Profit Applicants

Applications from for-profit organizations will be reviewed and ranked separately from all other applicants. Each accepted application from a for-profit organization will be reviewed and rated individually similar to not-for-profit applications except that the budget will be reviewed by the Contract Administration Unit. Applications which receive a score below 40 points on the technical portion of the application will **not** be eligible to receive an award. Applicant budgets will not be reviewed if not eligible for an award.

The budget will be evaluated by the New York State Education Department Contract Administration Unit. The submitted budget will be awarded points pursuant to a

formula, which awards the highest score of twenty-five (25) points to the budget that reflects the lowest cost per teacher served. The remaining budgets will be awarded points based on a calculation that computes the relative difference of each proposal against the submitted proposal with the lowest cost per person served. The resulting percentage is then applied to the maximum point value of twenty-five (25) points.

The combined technical and cost will be calculated for each for profit application received and an award will be made to the for profit vendor whose aggregate technical and cost score is the highest among all the proposals rated.

In the event that more than one proposal obtains the highest aggregate score, the contract will be awarded to the vendor in that group of highest aggregate scores whose budget component reflects the lowest overall cost.

Funds not awarded to for-profit institutions will be available funds for non-profit institutions.

For for-profit grantees, budgets will be proportionally reduced to the extent the for-profit grantee does not achieve its enrollment goals.

XVII. PROPOSAL DEBRIEFING, AWARD PROTEST PROCEDURES

Post Selection Procedures/ Contract Terms and Conditions

Individual awards issued under this grant proposal will require that the awardee enter into a grant contract, the form of which is contained in an attachment to this RFP. In addition to being signed by the awardee and NYSED Counsel, the contract will need to be submitted for review and approval by the NYS Attorney General and the Office of the State Comptroller. All provisions of this RFP are subordinate to the terms and conditions of the grant contract. The contents of this RFP, any subsequent correspondence related to final contract negotiations, and such other stipulations as agreed upon may be made a part of the final contract developed by NYSED. Successful applicants may be subject to audit and should ensure that adequate controls are in place to document the allowable activities and expenditure of State funds.

Counsel's Office will provide the applicant with written notification of the review team's decision within seven (7) business days of the receipt of the protest. The original protest and decision will be filed with OSC when the contract procurement record is submitted for approval and CAU will advise OSC that a protest was filed.

4. The NYSED Contract Administration Unit (CAU) may summarily deny a protest that fails to contain specific factual or legal allegations, or where the protest only raises issues of law that have already been decided by the courts.

XVIII. Entities' Responsibility

Projects must operate under the jurisdiction of the local board of education, or other appropriate governing body, and are subject to at least the same degree of accountability as all other expenditures of the local agency. The local board of education, or other appropriate governing body, is responsible for the proper disbursement of, and accounting for project funds. Written agency policy concerning wages, mileage and travel allowances, overtime compensation, or fringe benefits, as well as State rules pertaining to competitive bidding, safety regulations and inventory control must be followed. Supporting or source documents are required for all grant related transactions entered into the local agency's recordkeeping systems. Source documents that authorize the disbursement of grant funds consist of purchase orders, contracts, time and effort records, delivery receipts, vendor invoices, travel documentation and payment documents.

Supporting documentation for grants and grant contracts must be kept for at least six years after the last payment was made unless otherwise specified by program requirements. Additionally, audit or litigation will "freeze the clock" for records retention purposes until the issue is resolved. All records and documentation must be available for inspection by State Education Department officials or its representatives.

For additional information about grants, please refer to the Fiscal Guidelines for Federal and State Aided Grants, <http://www.oms.nysed.gov/cafe/guidance/> .

Registration In Federal System for Award Management (SAM) – In order to be awarded federal funds, an agency must be registered (and then maintain a current registration) in the federal System for Award Management known as SAM (<http://www.sam.gov>). SAM is a government-wide, web-enabled database that collects, validates, stores and disseminates business information about organizations receiving federal funds. Information on an agency's registration in SAM needs to be provided on the Payee Information Form that must be submitted with the application.

Payee Information Form/NYSED Substitute W-9 – The Payee Information Form is a packet containing the Payee Information Form itself and an accompanying NYSED Substitute W-9. The NYSED Substitute W-9 may or may not be needed from your agency. Please follow the specific instructions provided with the form. The Payee Information Form is used to establish the identity of the applicant organization and enables it to receive federal (and/or State) funds through the NYSED. An on-line version of the packet is available at <http://www.oms.nysed.gov/cafe/forms/PIform.pdf>

Minority and Women-Owned Business Enterprise (M/WBE) Participation Goals Pursuant to Article 15-A of the New York State Executive Law

The following M/WBE requirements apply when an applicant submits an application for grant funding that exceeds \$25,000 for the full grant period.

All forms referenced here can be found in the M/WBE Documents section at the end of this RFP.

All applicants are required to comply with NYSED's Minority and Women-Owned Business Enterprises (M/WBE) policy. Compliance can be achieved by one of the three methods described below. Full participation by meeting or exceeding the M/WBE participation goal for this grant is the preferred method.

M/WBE participation includes services, materials, or supplies purchased from minority and women-owned firms certified with the NYS Division of Minority and Women Business Development. Not-for-profit agencies are not eligible for this certification. For additional information and a listing of currently certified M/WBEs, see

<https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp?TN=ny&XID=4687>

The M/WBE participation goal for this grant is 20% of each applicant's total discretionary non-personal service budget over the entire term of the grant.

Discretionary non-personal service budget is defined as total budget, excluding the sum of funds budgeted for:

1. direct personal services (i.e., professional and support staff salaries) and fringe benefits; and
2. rent, lease, utilities and indirect costs, if these items are allowable expenditures.

For multi-year grants, applicants should use the total budget for the full multi-year term of the grants in the above calculation. The M/WBE Goal Calculation Worksheet is provided for use in calculating the dollar amount of the M/WBE goal for this grant application.

M/WBE participation does not need to be the same for each year of a multi-year grant.

All requested information and documentation should be provided at the time of submission. If this cannot be done, the applicant will have thirty days from the date of notice of award to submit the necessary documents and respond satisfactorily to any follow-up questions from the Department. Failure to do so may result in loss of funding.

METHODS TO COMPLY

An applicant can comply with NYSED's M/WBE policy by one of three methods:

- 1. Full Participation** - This is the preferred method of compliance. Full participation is achieved when an applicant meets or exceeds the participation goals for this grant.

COMPLETE FORMS:

- M/WBE Goal Calculation Worksheet
- M/WBE Cover Letter
- M/WBE 100 Utilization Plan
- M/WBE 102 Notice of Intent to Participate

- 2. Partial Participation, Partial Request for Waiver** - This is acceptable only if good faith efforts to achieve full participation are made and documented, but full participation is not possible.

COMPLETE FORMS:

- M/WBE Goal Calculation Worksheet
- M/WBE Cover Letter
- M/WBE 100 Utilization Plan
- M/WBE 101 Request for Waiver
- M/WBE 102 Notice of Intent to Participate
- M/WBE 105 Contractor's Good Faith Efforts

3. No Participation, Request for Complete Waiver - This is acceptable only if good faith efforts to achieve full or partial participation are made and documented, but do not result in any participation by M/WBE firm(s).

COMPLETE FORMS:

M/WBE Goal Calculation Worksheet

M/WBE Cover Letter

M/WBE 101 Request for Waiver

M/WBE 105 Contractor's Good Faith Efforts

GOOD FAITH EFFORTS

Applicants must make a good faith effort to solicit NYS certified M/WBE firms as subcontractors and/or suppliers to achieve the goals for this grant. Solicitations may include, but are not limited to: advertisements in minority and women-centered publications; solicitation of vendors found in the NYS Directory of Certified Minority and Women-Owned Business Enterprises (see <https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp?TN=ny&XID=4687>); and the solicitation of minority and women-oriented trade and labor organizations.

Good faith efforts include actions such as setting up meetings or announcements to make M/WBEs aware of supplier and subcontracting opportunities, identifying logical areas of the grant project that could be subcontracted to M/WBE firms, and utilizing all current lists of M/WBEs who are available for and may be interested in subcontracting or supplying goods for the project.

Applicants should document their efforts to comply with the stated M/WBE goals and submit this with their applications as evidence. Examples of acceptable documentation can be found in form M/WBE 105, Contractor's Good Faith Efforts. NYSED reserves the right to reject any application for failure to document "good faith efforts."

REQUEST FOR WAIVER

When full participation cannot be achieved, applicants must submit a Request for Waiver (M/WBE 101). Requests for Waivers must be accompanied by documentation explaining the good faith efforts made and reasons they were unsuccessful in obtaining M/WBE participation.

NYSED reserves the right to approve the addition or deletion of subcontractors or suppliers to enable applicants to comply with the M/WBE goals, provided such addition or deletion does not impact the technical proposal and/or increase the total budget.

All payments to Minority and Women-Owned Business Enterprise subcontractor(s)

should be reported to the NYSED M/WBE Program Unit using the M/WBE 103 Quarterly M/WBE Compliance Report. This report should be submitted on a quarterly basis and can be found at www.oms.nysed.gov/fiscal/MWBE/forms.html.

NYSED's M/WBE Coordinator is available to assist applicants in meeting the M/WBE goals. The Coordinator can be reached at MWBE@nysed.gov.

Equal Employment Opportunity Reporting (EEO) Pursuant to Article 15-A of the New York State Executive Law

Applicants must complete and submit form EEO 100: Staffing Plan.

NYSED's Reservation of Rights

NYSED reserves the right to: (1) reject any or all proposals received in response to the RFP; (2) withdraw the RFP at any time, at the agency's sole discretion; (3) make an award under the RFP in whole or in part; (4) disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the RFP; (5) seek clarifications of proposals; (6) use proposal information obtained through site visits, management interviews and the state's investigation of a bidder's qualifications, experience, ability or financial standing, and any material or information submitted by the bidder in response to the agency's request for clarifying information in the course of evaluation and/or selection under the RFP; (7) prior to the bid opening, amend the RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available; (8) prior to the bid opening, direct bidders to submit proposal modifications addressing subsequent RFP amendments; (9) change any of the scheduled dates; (10) waive any requirements that are not material; (11) negotiate with the successful bidder within the scope of the RFP in the best interests of the state; (12) conduct contract negotiations with the next responsible bidder, should the agency be unsuccessful in negotiating with the selected bidder; (13) utilize any and all ideas submitted in the proposals received; (14) unless otherwise specified in the solicitation, every offer is firm and not revocable for a period of 90 days from the bid opening; (15) require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors for the purpose of assuring a full and complete understanding of an offerer's proposal and/or to determine an offerer's compliance with the requirements of the solicitation; (16) to request best and final offers.

VENDOR RESPONSIBILITY

State law requires that the award of state contracts be made to responsible vendors. Before an award is made to a not-for-profit entity, a for-profit entity, a private college or university or a public entity not exempted by the Office of the State Comptroller, NYSED must make an affirmative responsibility determination. The factors to be considered include: legal authority to do business in New York State; integrity; capacity- both

organizational and financial; and previous performance. Before an award of \$100,000 or greater can be made to a covered entity, the entity will be required to complete and submit a Vendor Responsibility Questionnaire. School districts, Charter Schools, BOCES, public colleges and universities, public libraries, and the Research Foundation for SUNY and CUNY are some of the exempt entities. For a complete list, see: http://www.osc.state.ny.us/vendrep/resources_docreq_agency.htm.

NYSED recommends that vendors file the required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at <https://portal.osc.state.ny.us>.

Vendors must provide their New York State Vendor Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the Office of the State Comptroller's Help Desk at 866-370-4672 or 518-408-4672 or by email at ciohelpdesk@osc.state.ny.us.

Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the VendRep website www.osc.state.ny.us/vendrep or may contact NYSED or the Office of the State Comptroller's Help Desk for a copy of the paper form.

Subcontractors:

For vendors using subcontractors, a Vendor Responsibility Questionnaire and a NYSED vendor responsibility review are required for a subcontractor where:

- the subcontractor is known at the time of the contract award;
- the subcontractor is not an entity that is exempt from reporting by OSC; and the subcontract will equal or exceed \$100,000 over the life of the contract

WORKERS' COMPENSATION COVERAGE AND DEBARMENT

New York State Workers' Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires, and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers' compensation and disability benefits insurance coverage *prior* to issuing any permits or licenses, or *prior* to entering into contracts.

Workers' compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers' Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and

maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers' Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

PROOF OF COVERAGE REQUIREMENTS

The Workers' Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers' compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

Please note – an ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Proof of Workers' Compensation Coverage

To comply with coverage provisions of the WCL, the Workers' Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers' compensation insurance coverage:

- **Form C-105.2** – Certificate of Workers' Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or
- **Form SI-12**– Certificate of Workers' Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers' Compensation Group Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage.

Proof of Disability Benefits Coverage

To comply with coverage provisions of the WCL regarding disability benefits, the Workers' Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity

must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or
- **Form DB-155**- Certificate of Disability Benefits Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Coverage.

For additional information regarding workers' compensation and disability benefits requirements, please refer to the New York State Workers' Compensation Board website at: <http://www.wcb.ny.gov/content/main/Employers/busPermits.jsp>.

Alternatively, questions relating to either workers' compensation or disability benefits coverage should be directed to the NYS Workers' Compensation Board, Bureau of Compliance at (518) 486-6307

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

- Identify and utilize other public and private resources available for the same purpose and with the same focus.

Objective 2: Provide sustained, intensive, and high-quality professional development and teacher/leader preparation activities that address school and/or district needs identified in the professional development plan.

Strategies:

- Develop mechanisms to involve teachers and administrators with experienced mentors in intensive classroom experiences.
- Evaluate, replicate, and disseminate proven strategies that prepare, support, and retain teachers and administrators in high-need school districts.

Objective 3: Align academic content and classroom strategies with New York State's Learning Standards and student assessment standards.

Strategies:

- Plan, organize, and implement program models/components that enable current and prospective teachers to develop effective classroom strategies to help all students meet New York State's Teaching and Learning Standards.
- Provide a regular forum for K-12 teachers and/or curriculum developers in a district to meet, discuss, and revise classroom curricula to ensure that it is articulated across grade levels.

Objective 4: Provide strong academic content and effective strategies and practices that value equity and diversity and increase the ability of current and prospective educators to meet the needs of all students.

Strategies:

- Provide coursework that enables participants to acquire the academic content and methods necessary to teach a diverse population of students.
- Provide a continuum of services that support participants in acquiring the skills, attitudes, and knowledge necessary to teach all students.
- Provide prospective teachers with substantive classroom opportunities that will assist them in making the pedagogical and content connections between theory and practice.

Objective 5: Increase the number of teachers and principals who are highly qualified and appropriately certified in New York State's high-need districts.

Strategies:

- Develop collaborative relationships with the K-12 community to increase the number of teachers and principals who enroll in programs leading to permanent certification.
- Develop collaborative relationships with the K-12 community to prepare and support teachers and administrators in high-need schools and districts.

ATTACHMENT A

DEFINITIONS

Consortium:

For the purposes of this RFP, a consortium is defined as an association or grouping of institutions set up for a common purpose that would be beyond the capabilities of a single member of the group. A consortium must meet all requirements established in NYSED's Consortium Policy for State and Federal Discretionary Grant Programs found in Section XII of this RFP.

Core Academic Subjects:

The term "core academic subjects" means English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography [Title IX, Part A, Section 9101(11)].

High-Need LEA:

An LEA that

1. Serves at least 10,000 children below the poverty line, or has at least 20 percent of the children it serves be from families below the poverty line; and
2. a high percentage of teachers who are not teaching in the academic subjects or at the grade levels for which they have training, or has a high percentage* of teachers with emergency, temporary, or provisional certification or licensing [Title II, Part A, Section 2102(3)].

(For the purposes of TLQP, 3 percent will be considered to constitute "a high percentage.")

***NOTE: In New York State, provisional certification is not considered a deficient credential.** The meaning of the term in the legislation is clarified in the *Non-Regulatory Draft Guidance* issued by DOE on December 19, 2002, which on page 88 refers to teachers with "full State certification" as not having "had certification or licensure requirements waived on an emergency, temporary, or provisional basis." Unlike the situation in some other states, in New York State provisional certification does not imply a waiver of State requirements. Rather, provisional certification is currently full State certification for beginning New York State teachers.

Non-profit Organization with a Record of Demonstrated Effectiveness:

This phrase refers to an organization that can provide evidence of financial stability and whose net earnings do not benefit, and cannot lawfully benefit, any private shareholder or entity. In

addition, the organization must have as its primary purpose the improvement of student learning in one or more of the core academic subjects; provide documentation of having conducted teacher training programs that used effective approaches and processes for teaching subject matter content; have personnel with qualifications and expertise to provide the desired instruction; and provide evaluation data from past programs to show improved student outcomes.

Paraprofessional:

A paraprofessional is a person who has instructional duties within a school, but is not a teacher. Individuals who work solely in non-instructional roles—such as food service, cafeteria or playground supervision, personal care services, or non-instructional computer assistance—are not considered to be paraprofessionals for the purposes of this legislation.

Professional Development:

The term “professional development” [Section 9101(34), with a few deletions and alterations so that all of the activities listed are related to TLQP] includes activities that:

1. Improve and increase teachers’ knowledge of the academic subjects the teachers teach, and enable teachers to become highly qualified;
2. Are an integral part of broad school wide and district wide educational improvement plans [in New York State, the required district professional development plans—see Appendix E];
3. Give teachers, principals, and administrators the knowledge and skills to provide students with the opportunity to meet challenging State academic content standards and student academic achievement standards;
4. Improve classroom management skills;
5. Are high quality, sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction and the teacher’s performance in the classroom and are not 1-day or short-term workshops or conferences;
6. Support the training of highly qualified teachers, including teachers who became highly qualified through State and local alternative routes to certification;
7. Advance teacher understanding of effective instructional strategies that are
 - a. Based on scientifically-based research; and
 - b. Strategies for improving student academic achievement or substantially increasing the knowledge and teaching skills of teachers; and
8. Are aligned with and directly related to State academic content standards [NYS Learning Standards];
9. Are developed with extensive participation of teachers, principals, parents, and administrators of schools to be served;
10. Are designed to give teachers of limited English proficient children, and other teachers and professional staff, the knowledge and skills to provide instruction and appropriate language and academic support services to those children, including the appropriate use of curricula and assessments;

11. To the extent appropriate, provide training for teachers and principals in the use of technology so that technology and technology applications are effectively used in the classroom to improve teaching and learning in the curricula and core academic subjects in which the teachers teach;
12. As a whole, are regularly evaluated for their impact on increased teacher effectiveness and improved student academic achievement, with the findings of the evaluations used to improve the quality of professional development;
13. Provide instruction in methods of teaching children with special needs;
14. Include instruction in the use of data and assessments to inform classroom practice;
15. Include instruction in ways that teachers, principals, and school administrators may work more effectively with parents;
16. Provide prospective and beginning teachers with an opportunity to work under the guidance of experienced teachers and college faculty;
17. Create programs to enable paraprofessionals (assisting teachers employed by a local educational agency receiving assistance under Part A of Title I) to obtain the education necessary for those paraprofessionals to become certified and licensed teachers; and
18. Provide follow-up activities that are designed to ensure that the knowledge and skills learned by teachers participating in earlier sessions will be implemented in the classroom.

School of Arts and Sciences:

This refers to an institution of higher education (IHE) or to an organizational unit of an IHE that offers one or more academic majors in disciplines or content areas corresponding to the academic subjects which teachers teach in schools [Title II, Part A, Section 2102 (1)]. (According to DOE, this definition restricts the number of colleges that can serve as the required School of Arts and Sciences partner; this partner **must** be an IHE that offers academic majors, i.e., must be an IHE that awards the baccalaureate degree.)

Scientifically Based Research:

In this context, “scientifically based research” refers to research that involves the application of rigorous, systematic, and objective procedures to obtain reliable and valid knowledge relevant to education activities and programs. Research with the following characteristics falls into this category:

1. Employs systematic, empirical methods that draw on observation or experiment;
2. Involves rigorous data analyses that are adequate to test the stated hypotheses and justify the general conclusions drawn;
3. Relies on measurements or observational methods that provide reliable and valid data across evaluators and observers, across multiple measurements and observations, and across studies by the same or different investigators;
4. Is evaluated using experimental or quasi-experimental designs in which individuals, entities, programs, or activities are assigned to different conditions and with appropriate controls to evaluate the effects of the condition of interest, with a preference for random-

assignment experiments or other designs to the extent that those designs contain within-condition or across-condition control;

5. Ensures that experimental studies are presented with sufficient detail and clarity to allow for replication or, at a minimum, offer the opportunity to build systematically on their findings; and
6. Has been accepted by a peer-reviewed journal or approved by a panel of independent experts through a comparatively rigorous, objective, and scientific review [Title IX, Part A, Section 9101(37)].

High-Need Schools

Determining High-Need Status

The term “high-need LEA” has a two-part definition in the No Child Left Behind legislation. As is stated both on page 4 of the text of the RFP and in Attachment A (“Definitions”) Title II, Section A, requires **two kinds of criteria** to be present before a school district can be considered high-need: **the first has to do with poverty; the second, with teachers’ certification.**

1. To be classified as “high-need,” the LEA must serve at least 10,000 children who are below the poverty line **or** must have 20 percent of the children it serves be from families below the poverty line; **and**
2. The LEA must have a high percentage of teachers who do not have full State certification **or** who do have State certification but are not teaching in the subject area or at the grade level for which they were certified. **(For the purposes of TLQP grants, 3 percent or more will be considered “a high percentage.”)**

Both the certification criterion and the poverty criterion must be met by the primary high-need school district partner and by 50 percent of any additional LEAs that will be project partners.

Note: you do not need to check on this information year after year. If an LEA meets the high-need criteria when the MOA with it is initially signed, that LEA is considered to continue to meet the high-need criteria throughout the remainder of the grant cycle.

Determining the Poverty Criterion

For School Districts: The U.S. Department of Education has specified that Teacher Quality Partnerships Programs in all states should refer to current census data to determine whether the required LEA partner meets the first criterion. This information is available on the Census Bureau website; its most recent SAIPE data can be found at:

<http://www.highered.nysed.gov/kiap/home.html>

When there, pick the school district you want, then compare the number of school age children (ages 5-17) with the number of school age children who are living in poverty, to see if the second group is 20 percent of the first.

For Individual Schools: Although only a school district may serve as the required high-need LEA partner, an individual school may serve as an optional additional partner. Since TLQP specifies that 50 percent of the LEA partners must meet the high-need criteria, you may wish to indicate that some partner schools meet them. The census, however, does not provide

information about individual schools; therefore, to determine whether the school in question has the necessary 20 percent poverty rate, follow Steps 1-3 given below (for determining the certification criterion). Instead of taking Step 4, however, go to the listing of the prospective school partner and click on “Comprehensive Information Report.” Page 2 of the multipage report will contain both the free lunch data (the poverty criterion is 20 percent) and, in the “Staff Counts” table, the number of teachers who are teaching out of their certification field or are teaching with a temporary license. **If this is a new partner, please attach a photocopy of Page 2 to the MOA for that school.**

Determining the Certification Criterion

To determine whether the primary partner LEA (and other partner LEAs) also meet the second criterion for being considered high-need, do a brief search in the EMSC portion of the State Education Department webpage. These steps will lead to the needed information:

1. Go to <http://www.p12.nysed.gov/> and click on School Report Cards on the lower right of the page.
2. Pick the county that the LEA is in, and click on it on the map.
3. A list of that county’s school districts will appear; click on the one you want.
4. On the page for that district, access to district-wide information is at the top; click on “District Wide Summary Comprehensive Information Report.”
5. **Early in the multiple page report**—usually on the second or third page—you will find the chart with the needed information. Look for the **chart with the title “Staff Counts”**; it gives the percentage of teachers who are teaching out of their certification area or who have only a temporary license.

What to do with this information:

- **For each new high-need LEA project partner**, attach to its MOA a copy of the “Staff Counts” chart and a statement of the figures from the Census that show the LEA to meet the poverty criterion.
- **For all other high-need LEA partners**, simply write “High-need” beside its name on the list.

NOTE: Although projects are encouraged to form partnerships with schools on the SURR list, applicants should be aware that not all schools on this list meet both of the two Federal criteria for being “high-need.” Follow the instructions in Attachment B to determine whether any specific school will be considered high-need for the purposes of TLQP.

(i) The requirement in this subparagraph shall be applicable to all BOCES and school districts, except the City School District of the City of New York. The requirements of subparagraph (ii) of this paragraph shall be applicable to the City School District of the City of New York.

(a) The plan shall be developed through collaboration with a professional development

team. The team members shall be designated for appointment in the manner prescribed in this clause, except as prescribed in clause (b) of this subparagraph. The board of education or BOCES shall appoint the members of the team, a majority of which shall be teachers, which shall include the superintendent of schools or his or her designee in the case of school districts or the district superintendent or his or her designee in the case of BOCES; school administrators upon designation by the administrators' collective bargaining organization; teachers upon designation by the teachers' collective bargaining organization; at least one parent upon designation by the established parent groups in the district or in their absence, by the superintendent in the case of a school district or district superintendent in the case of a BOCES; and one or more curriculum specialists, meaning a teacher or administrator whose primary job responsibility involves the development or evaluation of curricula, upon designation by the district or teachers' collective bargaining organization or both. In addition, the team shall include at least one representative of a higher education institution, provided that the board of education or BOCES determines that a qualified candidate is available to serve after conducting a reasonable search. The team may include other individuals, such as representatives of professional development organizations or the community at large. In school districts or BOCES in which teachers or administrators are not represented by a collective bargaining organization, teachers or administrators shall be designated by their peers in a manner prescribed by the Board of Education or BOCES.

(b) Notwithstanding the requirements of clause (a) of this subparagraph, members of the professional development team employed in or representing a school under registration review, pursuant to section 100.2(p) of this Title, including but not limited to teachers, administrators, curriculum specialists and parents, shall not be designated for appointment as prescribed in clause (a) of this subparagraph but shall instead be recommended by the superintendent of the school district for appointment by the board of education.

The board of education or BOCES may accept or reject the recommendations of the team in whole or part. Components of the plan not approved by the board of education or BOCES shall be returned to the team for further consideration. Any subsequent modification in the professional development team's recommendation to the board of education or BOCES shall be presented to the board of education or BOCES on or before June 1, and the board of education or BOCES shall act on the plan by June 30. The final determination on the content of the professional development plan shall be the determination of the board of education or BOCES.

(e) The professional development plan shall be adopted by the board of education or

BOCES at a public meeting. Each year, the board of education or BOCES shall evaluate the effectiveness of the plan. The board of education or BOCES may adopt a multi-year plan or an annual plan, provided that in the case of a multi-year plan the professional development team shall be required to review the plan on an annual basis, and submit to the board of education or BOCES recommended revisions, if necessary. The Board of Education or BOCES shall determine whether to approve the recommended revisions.

(ii) The requirements of this subparagraph shall be applicable to the City School District of the City of New York.

1. Budget Narrative expenditure descriptions follow the sequence of categories and code numbers given on the Educational Leadership Program Enhancement/TLQP 2015/2018 Proposed Budget form. **(0-2 points)**

2. Budget Narrative makes clear how proposed expenditures are justified by the nature of the project or by special circumstances surrounding the proposed expenditure (e.g., the special expertise of a particular speaker or trainer, or the general high costs in the geographical location of the project). This should be assigned most of the points – maybe **(0- 10 points)**

2. Score: _____

3. In other categories, the Budget Narrative provides details that make clear the nature of each expenditure (e.g., instead of saying simply “Supplies,” it indicates the kind of supplies and their purpose—as in “test tubes and chemicals for monthly chemistry workshops”—or, instead of saying simply “Travel,” it indicates who will be traveling, the destination or purpose of the trip, and the kind of vehicle to be used). 3. Score: _____

4. Budget Narrative clearly indicates the basis of calculation for each proposed expenditure (e.g., 50 books at \$10.50 per book; eight bus trips at \$350 per round trip; monthly mailing to participants at \$100 per mailing). **(0-3 points)**
