Revised

Jeremy Luft, Superintendent
Putnam Valley Central School District
146 Peekskill Hollow Road
Putnam Valley, NY 10579

Dear Superintendent Jeremy Luft:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 1. General Information - Disclaimers and Assurances

Page Last Modified: 08/02/2019

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

APPR Assurances

Please check all of the boxes below

- ☑ Assure that a detailed version of the LEA's entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law Section 3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that this APPR plan will be posted on the LEA's website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall occur later.
- ☑ Assure that it is understood that this LEA's APPR plan will be posted in its entirety on the NYSED website* following approval.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**: scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

Page Last Modified: 03/01/2021

- **State assessment(s)**; or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

SLO Assurances

Please check the boxes below.

- ☑ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Page Last Modified: 03/01/2021

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or**
- **Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.**

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.**
Danielson's Framework for Teaching (2011 Revised Edition)	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All four domains of the Danielson rubric will have one or more observable subcomponents that we expect to be scored annually, but the particular subcomponents may be modified from year to year as determined locally. For each observation, all observed subcomponents will be weighted equally and averaged to arrive at a score for that observation. When there are multiple observations each is weighted equally and averaged to determine a final category score. The District will ensure that all subcomponents deemed to be observable by the parties will be observed annually and that all observable teaching standards will be appraised annually across the multiple observations for each classroom teacher.

Scoring Assurances

Page Last Modified: 05/12/2021

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score

Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

1. Any teacher who receives an Ineffective Overall APPR rating shall be entitled to appeal their Overall APPR rating, based upon a paper submission to the Superintendent of Schools or the Superintendent's administrative designee. Such person(s) shall be trained in accordance with the requirements of the statute and regulations and also possesses either an SDA or SDL Certification; provided, however, in the event that the Superintendent or the Superintendent's administrative designee served as an evaluator or lead evaluator he or she shall not hear the appeal. Further, a teacher who is placed on a Teacher Improvement Plan ("TIP") shall have a corresponding right to appeal concerns regarding the TIP as outlined below and in the TIP Appeals procedure.
2. The appeal must be brought in writing, specifying the area(s) of concern, as prescribed in Section 3012-d of the Education Law as outlined below

1. the substance of the annual professional performance review, including where a teacher is rated ineffective in the Student Performance Category but rated highly effective in the Observation category based on an anomaly, as determined locally;
2. the District's adherence to the standards and methodologies required for such reviews;
3. the District's adherence to the regulations of the Commissioner and compliance with the procedure for conducting such evaluations;
4. the District's issuance and/or implementation of the terms of the TIP.

3. For a teacher who has an appeals right in accordance with the conditions set forth in Paragraph "2" above, within ten (10) school days of receipt of the teacher's Overall APPR rating, the member may request in writing copies of any and all documents (including any notes made by the Evaluator or other District Administrators) that the District used to support its Observation Category and/or Student Performance Category rating(s), as applicable, or the adherence to the procedures or implementation of the TIP, if applicable. Absent extenuating circumstances, such information shall be provided to the member within five (5) school days of receipt of the request, any extension will be timely and expeditious.
4. An appeal of an APPR evaluation or rating pursuant to Paragraph "2", Section 1, 2 or 3 above, or pursuant to Paragraph "7" below, must be commenced within ten (10) school days from the teacher's receipt of the documentation above or within ten (10) school days of the presentation of the final document to the teacher if no document request is made to the District.
5. A TIP appeal pursuant to Paragraph "2", section 4 may be commenced within ten (10) school days of either the issuance of the TIP or the implementation of the TIP, including any modifications made thereto.
6. Upon receipt of an Appeal, the Superintendent or the Superintendent's administrative designee shall review the evidence underlying the observations or other documents used to support the teacher's overall APPR evaluation or rating or TIP along with all other evidence submitted by the teacher and respond to the appeal with a written answer granting the appeal and directing further administrative action, or denying the appeal. Such decision shall be made within ten (10) school days of the receipt of the appeal. So long as the decision is made within the timeframe set forth in this paragraph, the decision of the Superintendent or the Superintendent's administrative designee shall be final and binding in all regards and shall not be subject to review by an arbitrator or court of law except as outlined below.
7. 1. Notwithstanding the above, in the event that a tenured teacher has received two or more consecutive ineffective Overall APPR ratings, the member shall have the option of appealing such consecutive ratings to either the Superintendent of Schools as outlined above or to an Arbitrator mutually selected by the parties within the timeframe set forth in Paragraph "4" above. The cost of the arbitrator hereunder shall be split by the District and the Association. The appeal to the Arbitrator shall be by paper submission of evidence to the Arbitrator and not a formal hearing. At the time of initiating the Appeal to the Arbitrator, the District and the tenured teacher shall mutually exchange all documentation that will be submitted to the Arbitrator. In the event that either party has a question regarding the authenticity of such documentation, the same shall be presented in writing immediately to the Arbitrator and copied to the other party for the arbitrator's review and consideration. 7.2. The Arbitrator shall review the documentary evidence underlying the teacher's observations, evaluations and/or TIP, and any other evidence submitted prior to rendering a decision. The Arbitrator's decision shall be made in a timely and expeditious manner and shall be final and binding on all parties.
8. In the event that a member initiates an Appeal of an Overall APPR rating under this section, the District agrees that it will not use such rating as the basis for disciplinary charges against the member unless the appeal has been denied.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The District shall provide training for lead evaluators, evaluators and impartial independent evaluators through a variety of means, including but not limited to: local BOCES workshops, on-line resources and District-based professional development. Peer evaluators are not used in the District. In the ordinary course, approximately six hours of training shall be provided through a local BOCES prior to an individual being certified as a lead evaluator, or an evaluator. An independent trained evaluator shall receive approximately three hours of training through a local BOCES prior to being certified. In the event that a new evaluator or lead evaluator enters the District mid-year, and in the event that no local BOCES has training available, then the District shall ensure that approximately six hours of training is received either through District-based professional development or through on-line resources for certification purposes. On a periodic, as-needed basis, lead evaluators, evaluators and independent trained evaluators will receive training for re-certification purposes, which shall consist of approximately one hour. Training for certification and re-certification purposes shall meet the requirements of 30-3.10 of the Regents' Rules. Re-certification will cover maintenance of inter-rater reliability.
Inter-rater reliability shall be maintained through annual calibration exercises led by central administration in District-based professional development/leadership team meetings. These exercises may include review of observation data or the use of sample classroom videos. Lead evaluators and evaluators shall be certified, or re-certified, as applicable, by resolution of the Board of Education on a periodic basis. Independent trained evaluators will be certified or re-certified, as applicable, by the Superintendent of Schools.

- ☑ Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the overall rating, as per NYSED requirements.
- ☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**: scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**; or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.**
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Page Last Modified: 08/20/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All domains of the rubric are designated as observable and shall observed at least once during the school visit cycle. Each domain is scored holistically based on evidence observed throughout the school year and over multiple school visits where indicated. A 1-4 score is assigned for each domain, weighted equally, and averaged into a final score for each category.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.*

At least one school visit must be conducted by supervisor or other trained administrator and at least one of the required school visits must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one school visit by superintendent or other trained administrator.
- Nothing shall be construed to limit the discretion of a board of education or superintendent of schools from conducting additional school visits for non-evaluative purposes.
- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.

Indicate the minimum number of unannounced and announced school visits by supervisor(s) or other trained administrators in the table below.

At least one school visit must be conducted by impartial independent trained evaluator(s) and at least one of the required school visits must be unannounced (across both required subcomponents).

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs/directors, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.
- LEAs may locally determine whether to use more than one school visit by impartial independent trained evaluator(s).
- The frequency and duration of school visits are locally determined.
- School visits may not occur by live or recorded video.

** If the LEA is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or their designee. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.*

Indicate the minimum number of unannounced and announced school visits by impartial independent trained evaluator(s) in the table below.

PRINCIPALS *Indicate whether the number and method selected applies to all principals or to a subgroup of principals.*	**SUBGROUP** *If "Subgroup of Principals" is selected in the previous column, indicate which principals the number and method selected applies to; otherwise, enter "N/A." For additional subgroups, add another row.*	**UNANNOUNCED Minimum Number of School Visits**	**ANNOUNCED Minimum Number of School Visits**

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

1. Appeals Process

A. Any principal who receives an ineffective overall APPR rating on their annual APPR or a principal who receives a developing overall APPR rating, shall be entitled to appeal his/her overall APPR rating, based upon a paper submission to the Superintendent of Schools or the Superintendent's administrative designee, who shall be trained in accordance with the requirements of the statute and regulations and also possesses either an SDA or SDL Certification; provided, however, in the event that the Superintendent or the Superintendent's administrative designee served as an evaluator or lead evaluator he or she shall not hear the appeal, in which case the District and the Association shall mutually agree upon an arbitrator to hear the appeal within five (5) business days of the receipt of the overall APPR rating, and absent agreement, a mutually agreed upon list of arbitrators will be used on a rotating basis, based on order and reasonable timeframe of availability. In the event that an arbitrator hears the appeal, the cost of the arbitrator shall be borne equally by each by the District and the Association.

B. The appeal must be brought in writing, specifying the area(s) of concern, but limited to those matters that may be appealed as prescribed in Section 3012-d of the Education Law. Further, a principal who is placed on a Principal Improvement Plan ("PIP") shall have a corresponding right to appeal concerns regarding the issuance or implementation of the PIP in accordance with the requirements set forth in Section 3012-d of the Education Law subject to the provisions of paragraph 1(C) below.

C. An appeal of an APPR evaluation or a PIP must be commenced within twenty (20) business days of the presentation of the final document to the principal (extended by an additional period of up to 10 calendar days if he or she is going to be on a planned vacation during the 20 business days as referenced above) or else the right to appeal shall be deemed waived in all regards; provided, however, that in the case of a PIP appeal, there shall be a second twenty (20) business day period for a PIP appeal following the end date of the PIP (extended by an additional period of up to 10 calendar days if he or she is going to be on a planned vacation during the 20 business days as referenced above).

D. The evaluative information and data that forms the basis of the lead evaluator's rating on the School Visit Category shall be maintained in the principal's personnel file and he/she shall have access to all such information prior to the time in which to file an appeal.

E. In all instances, the final determination of the appeal will be timely and expeditious. The Superintendent or the Superintendent's administrative designee shall respond to the appeal with a written decision within (20) business days, from receipt of the appeal, granting the appeal and directing further administrative action, or denying the appeal. Provided that the timeframe for the response shall be extended by an additional period of up to 10 calendar days if he or she is going to be on a planned vacation during the 20 business days as referenced above. The Superintendent or the Superintendent's administrative designee shall in rendering such decision review the evidence underlying the observations of the principal along with all other evidence submitted by the principal prior to rendering a decision. So long as the decision is made within the timeframe set forth in this paragraph, the decision of the Superintendent or the Superintendent's administrative designee shall be final and binding in all regards. If a decision is not made within the timeframe as set forth in this paragraph, the appeal shall be deemed to be sustained. In the event that the appeal is decided by an arbitrator, he/she shall have 35 calendar days, from receipt of appeal, to make a final and binding decision on the appeal.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The District shall provide training for lead evaluators, evaluators and impartial independent evaluators through a variety of means, including but not limited to: local BOCES workshops, on-line resources and District-based professional development. Peer evaluators are not used in the District. In the ordinary course, approximately six hours of training shall be provided through a local BOCES prior to an individual being certified as a lead evaluator, or an evaluator. An independent trained evaluator shall receive approximately three hours of training through a local BOCES prior to being certified. In the event that a new evaluator or lead evaluator enters the District mid-year, and in the event that no local BOCES has training available, then the District shall ensure that approximately six hours of training is received either through District-based professional development or through on-line resources for certification purposes. On a periodic, as-needed basis, lead evaluators, evaluators and independent trained evaluators will receive training for re-certification purposes, which shall consist of approximately one hour. Training for certification and re-certification purposes shall meet the requirements of 30-3.10 of the Regents' Rules. Re-certification will cover maintenance of inter-rater reliability.
Inter-rater reliability shall be maintained through annual calibration exercises in District-based professional development/leadership team meetings. Examples of training may include review of observation data from school visits. Lead evaluators and evaluators shall be certified, or re-certified, as applicable, by resolution of the Board of Education on a periodic basis. Independent trained evaluators will be certified or re-certified, as applicable, by the Superintendent of Schools.
