Revised – §3012-d Supplemental Form for Alternate SLOs (Material Change)

Jeffrey Bryant, Superintendent
Remsen Central School District
P.O. Box 406
Remsen, NY 13438

Dear Superintendent Bryant:

Congratulations. I am pleased to inform you that the material change you submitted to your currently approved Annual Professional Performance Review (APPR) plan on the Supplemental Form for Alternate SLOs meets the criteria outlined in Subpart 30-3 of the Commissioner’s Regulations and has been approved. As a reminder, we are relying on the certifications and assurances that are part of your approved APPR plan and those found in the Supplemental Form for Alternate SLOs. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers’ or principals’ overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

PLEASE NOTE:

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, your district/BOCES must use the alternate SLOs described in your “Supplemental Form for Alternate SLOs” which have been incorporated into your approved §3012-d APPR plan for teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

During this transition period, your district/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in your currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations. Accordingly, APPR scores and ratings for such staff must be calculated pursuant to your district’s/BOCES’s approved APPR plan without any modifications, and no transition scores and ratings need be generated.

The transition period will end at the conclusion of the 2018-2019 school year. Beginning in the 2019-20 school year, each educator will receive only a single set of scores and ratings pursuant to the measures outlined in your district’s/BOCES APPR plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.
Directions

As an alternative to completing this Supplemental Form for Alternate SLOs, a district/BOCES may open their APPR plan and include the relevant information in Task 2 (Transition) and Task 7 (Transition).

To open your approved APPR plan, please contact EducatorEval@nysed.gov.

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 English Language Arts (ELA) and Math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, alternate student learning objectives (SLOs) must be generated to calculate transition scores and ratings for teachers and principals who have no remaining Student Performance Category measures as a result of the above exclusions. Please note that districts/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in their currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations during the transition period. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations and their evaluations shall be calculated pursuant to their district’s/BOCES’ approved APPR Plan without any changes, and no transition scores and ratings need to be generated.

This supplemental form must be completed by districts/BOCES whose Education Law §3012-d Annual Professional Performance Review (APPR) plans were approved by the Department for use beginning in the 2015-16 school year in order to specify the alternate SLOs, as described above, that will be used for applicable teachers and principals during the remainder of the transition period (i.e., the 2016-17 through 2018-19 school years). Beginning in the 2019-20 school year, districts and BOCES will no longer be required to calculate transition scores and ratings, and will only calculate a single set of scores and ratings for each educator pursuant to the measures and assessments outlined in their approved §3012-d APPR plan. For more information please see the December 2015 Board of Regents item at http://www.regents.nysed.gov/common/regents/files/1215bra10.pdf, and the Department’s Frequently Asked Questions Guidance document regarding sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents on EngageNY at https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

This form must be completed and submitted no later than March 1, 2017 for the 2016-17 school year. Please note that if your district/BOCES wishes to make changes to the measures and assessments used for the alternate SLOs in future school years, you must submit this form on or before March 1 of the school year in which the changes will take effect. The Department will not accept late submissions of this form.

Upon submission, the Department will only review the information included on this supplemental form and no other portions of the APPR plan will be reviewed by the Department for compliance with Education Law §3012- d. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested in this form will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-d. The Department recommends that districts/BOCES consult with their local counsel before submitting this supplemental form or any material changes to their currently approved plan in the APPR Portal.
Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

Please note: Clicking 'Save' or 'Save & Continue' will alter the last date modified timestamp for this page. As a reminder, the Statement of Assurances must be signed and dated after the latest timestamp on each page in order for this application to be approved. You may use the survey navigation on the left to move directly to the Statement of Assurances page.

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

For guidance on the use of alternate SLOs during the transition period, see: https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

If the option, “Other Courses as listed in Original Task 2.10” does not apply, please leave that box unchecked in the table above and use the table below to...
add courses.

You may combine into one course listing any groups of teachers for whom the measure and assessment(s) are the same including, for example, "all other teachers not named above".

<th>Column 1: lowest grade that corresponds to the course</th>

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores may only be used for advisory purposes during the transition period and cannot be used for calculating transition scores and ratings during the 2015-16 through 2018-19 school years. If such assessments are selected for the original SLO and there are not remaining measures in the Student Performance category for an educator, an alternate SLO must be included for that educator here.

2.12) Teachers with More Than One Growth Measure (Transition)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.

For guidance on the use of alternate SLOs during the transition period, see: https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

Column 1: lowest grade that corresponds to the building or program

Column 2: highest grade that corresponds to the building or program

Column 3: measure used

Column 4: assessment(s) used

Follow the examples below.

<table>

</tr>
<tr>
<td>Grades 11-12 Building</td>
<td>11</td>
<td>12</td>
<td>Principal-specific results</td>
<td>Common Core English, US History</td>
</tr>
</tbody>
</table>

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal’s school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

Disclaimers

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. 1.3) Assurances

Please check all of the boxes below:
Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.

Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.4) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d? For districts, BOCES or charter schools that did have an existing approved APPR plan under Education Law §3012-d, this must be listed as a submission of material changes to the approved APPR plan.

REQUIRED SUBCOMPONENT
(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent)

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher’s students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher’s students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English
language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

2.2) Grades 4-8 ELA and Math: Assessments

Using the drop-down boxes below, please select the assessment that will be used for the back-up SLOs for the grade/subject listed.

Please note: If your district/BOCES does not have grade/subject-specific teachers for one or more of the rows in task 2.2, choose “Not Applicable” from the drop-down box. This would be appropriate if, for example, the district/BOCES does not have certain grades; the district/BOCES does not offer a specific subject; etc. If a grade/subject ends in a State assessment, i.e., 4-8 ELA or Math, such assessment must be used as the underlying evidence for the SLO.

STUDENT LEARNING OBJECTIVES: Courses Ending with State Assessments or Regents Exams

SLOs are the required student performance measure for teachers who do not receive a State-provided growth score. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.) For guidance on SLOs, see NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

For grade 3 ELA and math, grade 4 and 8 science, high school math, science, and social studies courses associated with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO for students taking such assessments:

- State assessments (or Regents or Regent equivalents), required if one exists

### 2.12) Teachers with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d)

OPTIONAL SUBCOMPONENT
(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test; provided that the State-provided growth measure is different than that used in the Required subcomponent, or
(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate the use of the Optional subcomponent by making the appropriate selection below.

Please note, within this section, task 4.1 may contain the rubric selection(s) from your plan as it existed on June 2, 2015. The remaining tasks in this section will not contain data from your previous plan and must be completed.

* Please note that documents and language will not be pre-populated into the plan if your district/BOCES chose to start with a blank application.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district/BOCES may use multiple rubrics, as long as the same rubric is used for all classroom teachers in a grade/subject across the district/BOCES.)

4.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Teacher Observation category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d.
4.4) Calculating Observation Ratings

Please check the boxes below:

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the chart shown below. **Checked**

- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned. **(No response)**

**Optional Subcomponent:**
- **Observations by Trained Peer Observer(s):** No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

*If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/ supervisor or other trained administrator.*

6.3) Assurance: Appeals

Please check the box below:

| Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal. | Checked |

6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:
(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

**Appeal Process**

The purpose of the APPR appeals process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. The Appeals Procedure shall provide for the timely and expeditious resolution of the appeal. All tenured and probationary employees who meet the appeal process criteria identified below may use this appeal process. A teacher may not file multiple appeals regarding the same performance review, i.e., all grounds for appeal must be made in the form of a single appeal.

**APPR Subject to Appeal Procedure**

Any unit member aggrieved by an APPR rating of either "ineffective" or "developing" may challenge that APPR.

In accordance with Regents Rules Section 30-3.12 (c), an APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in any Education Law 3020-b proceeding, or any locally negotiated procedure, until the appeal process is concluded.

**Grounds for an Appeal**

An appeal may be filed for any substantive or procedural issues challenging the APPR rating, based upon the following grounds:

(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

**Notification of the Appeal**

In order to be timely, the notification of the APPR appeal shall be filed within ten (10) school days after the teacher has received the APPR Rating/Teacher Improvement Plan (TIP). Notification of the appeal shall be provided to the Superintendent of Schools.

**Hearing**

A hearing will be held and a conclusion will be determined within five (5) school days of the receipt of an appeal by the Superintendent. All materials must be submitted prior to or at the hearing to be considered in the deliberations related to the resolution of the appeal.
Written Response to the Appeal
Within five (5) school days at the conclusion of the hearing, the Superintendent or his/her designee must submit a detailed written response. The response must include any and all additional documents or written materials that are specific to the point(s) of disagreement and/or are relevant to the resolution of the appeal. Any material not submitted prior to or at the hearing shall not be considered in the deliberations related to the resolution of the appeal.

Burden of Proof
In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which the petitioner seeks relief.

Exclusivity of 3012-d Appeal Procedure
The 3012-d appeal procedure shall constitute the exclusive means to for initiating, reviewing, and resolving any and all challenges and appeals related to a teacher performance review. A teacher may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan, except as otherwise authorized by law. Nothing shall preclude an employee from raising any substantive or procedural issue as affirmative defense in 3020b.

6.5) Assurance: Evaluators

| The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher’s evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below. | Checked |

(1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher’s practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers

(7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher’s overall rating and their category ratings

(9) Specific considerations in evaluating teachers of English language learners and students with disabilities

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators
Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:
1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
2) the process for the certification and re-certification of lead evaluators,
3) the process for ensuring inter-rater reliability,
4) the nature (content) and the duration (how many hours, days) of such training.

The REMSEN Central School District will utilize the OHM BOCES Network Team evaluator/lead evaluator training in accordance with SED procedures and processes method for its evaluators/lead evaluators. The training will occur for six half-day sessions throughout the school year.

Training will include:
(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
(2) evidence-based observation techniques that are grounded in research;
(3) application and use of the student growth percentile model and any other growth model approved by SED
(4) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;
(5) application and use of any assessment tools that the district utilizes to evaluate its classroom teachers or building principals;
(6) application and use of any locally selected measures of student growth used in the optional subcomponent of the student performance category used by the district to evaluate its teachers or principals;
(7) use of the statewide instructional reporting system;
(8) the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal, including the weightings of each sub-component within a category; how overall scores/ratings are generated for each sub-component and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher’s or principal's overall rating and their category ratings; and
(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

Independent evaluators and peer evaluators shall receive 3 days of training annually from the OHM BOCES Network team on the following elements:
(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
(2) evidence-based observation techniques that are grounded in research; and
(3) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;

Upon completion of the initial year-long training for evaluators/lead evaluators, administrators will be certified as lead evaluators. Administrators responsible for teacher/principal evaluation will continue training on an annual basis through participation in the annual three day follow-up training for evaluators/lead evaluators provided by the OHM BOCES Network Team. This training will support the continued growth in understanding of the nine elements of performance review listed above.

Administrators who complete the annual three day OHM BOCES Network Team follow-up training will be re-certified as lead evaluators. The Board of Education will certify and re-certify evaluators upon completion of lead evaluator training. The Board of Education designates the superintendent to ensure that lead evaluators participate in the initial year-long training for lead evaluators and then participate in ongoing training on an annual basis for purposes of continued growth in understanding of the teacher performance evaluation process. Any individual who fails to receive required training or achieve certification or re-certification shall not conduct or complete an evaluation.
The OHM BOCES Network Team will be utilized to provide the initial training as well as the ongoing training. The initial training for evaluators/lead evaluators and the annual training, thereafter, along with annual calibration sessions across evaluators will maintain inter-rater reliability of evaluators over time.

Task 7. Student Performance – Required Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: https://www.engageny.org/resource/appr-3012-d

Page 1

REQUIRED SUBCOMPONENT
(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)

(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal’s students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Use the checkboxes to indicate the State assessments or Regents exams used

Follow the examples below
Grades K-6:

- lowest grade = K
- highest grade = 6
• assessments = NYS Grades 4-6 ELA and Math Assessments (check all)

Grades 7-12:
• lowest grade = 7
• highest grade = 12

### 7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: [https://www.engageny.org/resource/appr-3012-d](https://www.engageny.org/resource/appr-3012-d). The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options:
  - State-approved 3rd party assessment; or
  - State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Once a measure is selected, a corresponding menu will appear for the selection of the name(s) of the assessment(s) used.

Follow the example below

**Grades K-3:**

- lowest grade = K
- highest grade = 3
- measure = State or Regents assessment
- assessment = NYS Grade 3 ELA Assessment and NYS Grade 3 Math Assessment

7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: https://www.engageny.org/resource/appr-3012-d.

11.4) Appeals
Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:
   (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

Appeals

Appeals of annual professional performance reviews are limited to those that rate a tenured principal/administrator as ineffective or developing only.

1. The substance of the annual professional performance review; which shall include the following: (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

2. The Remsen Central School's adherence to the standards and methodologies required for such reviews, pursuant to the Education Law 3012-d.

3. The adherence to the Commissioner's regulations, as applicable to such reviews.

4. Compliance with any locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and

5. The Remsen Central School's issuance and/or implementation of the terms of the principal improvement plan under Education Law 3012-d.

Prohibition against more than one appeal: A principal/administrator may not file multiple appeals using the same performance review or improvement plan. All grounds for appeal must be raised with the specificity within the appeal. Any grounds not raised at the time of the appeal is filed shall be deemed waived.

Burden of proof: In an appeal the principal/administrator has the burden of proving by substantial evidence the merits of his or her appeal.

Timeline for filing an appeal: All appeals must be submitted in writing to the principal evaluator no later than ten (10) calendar days from the date when the principal receives his/her annual summative Professional Performance Review/Principal Improvement Plan (PIP). All information and evidence the principal/administrator want to have considered must be included in the written appeal. The failure to file an appeal within these time frames shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

An appeal from the principal/administrator must be filed in writing to the principal evaluator. The principal evaluator shall have ten (10) calendar days from the date of receipt to reply. If the principal evaluator does not concur with the appeal and make any necessary and appropriate changes to the summative evaluation within these 10 days, the appeal will be forwarded to the District Superintendent who will within ten (10) calendar days of receipt issue a written, final decision about the appeal. The written decision will be provided to the principal/administrator and to the principal evaluator.

The decision will be final and an appeal shall be deemed complete upon the issuance of that decision. The decision of the District Superintendent shall not be subject to any further appeal. However, in the event that the appellant principal and the superintendent are the same individual, the principal must submit all appeals in writing to the BOCES District Superintendent within 10 calendar days from the date when the principal receives his/her annual summative professional performance review. The BOCES District Superintendent will render a final decision within 10 calendar days within receipt of the appeal. In the event that the superintendent is a principal evaluator, the appellate
11.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

(1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable

(2) Evidence-based observation techniques that are grounded in research

(3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart

(4) Application and use of the State-approved principal rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a principal’s practice

(5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its building principals

(6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its principals

(7) Use of the Statewide Instructional Reporting System

(8) The scoring methodology utilized by the department and/or the district/BOCES to evaluate a principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the principal's overall rating and their category ratings

(9) Specific considerations in evaluating principals of English language learners and students with disabilities

11.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
2) the process for the certification and re-certification of lead evaluators,
3) the process for ensuring inter-rater reliability,
4) the nature (content) and the duration (how many hours, days) of such training.

The REMSEN Central School District will utilize the OHM BOCES Network Team evaluator/lead evaluator training in accordance with SED’s procedures and processes for its evaluators/lead evaluators for six half-day sessions throughout the school year.

Training will include:

1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
2) evidence-based observation techniques that are grounded in research;
3) application and use of the student growth percentile model and any other growth model approved by SED
4) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on
the effective application of such rubrics to observe a teacher or principal's practice;
(5) application and use of any assessment tools that the district utilizes to evaluate its classroom teachers or building principals;
(6) application and use of any locally selected measures of student growth used in the optional subcomponent of the student performance category used by the district to evaluate its teachers or principals;
(7) use of the statewide instructional reporting system;
(8) the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category; and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall ratings and their category ratings; and
(9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

Independent evaluators and peer evaluators shall receive 3 days of training annually from the OHM BOCES Network team on the following elements:
(1) the New York State Teaching Standards and their related elements and performance indicators and the Leadership standards and their related functions, as applicable;
(2) evidence-based observation techniques that are grounded in research; and
(3) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;

Upon completion of the initial year-long training for evaluators/lead evaluators, administrators will be certified as lead evaluators. Administrators responsible for teacher/principal evaluation will continue training on an annual basis through participation in the annual three day follow-up training for evaluators/lead evaluators provided by the OHM BOCES Network Team. This training will support the continued growth in understanding of the nine elements of performance review listed above.

Administrators who complete the annual three day OHM BOCES Network Team follow-up training will be re-certified as lead evaluators. The Board of Education will certify and re-certify evaluators upon completion of lead evaluator training. The Board of Education designates the superintendent to ensure that lead evaluators participate in the initial year-long training for lead evaluators and then participate in ongoing training on an annual basis for purposes of continued growth in understanding of the teacher performance evaluation process. Any individual who fails to receive required training or achieve certification or re-certification shall not conduct or complete an evaluation.

The OHM BOCES Network Team will be utilized to provide the initial training as well as the ongoing training. The initial training for evaluators/lead evaluators and the annual training, thereafter, along with annual calibration sessions across evaluators will maintain inter-rater reliability of evaluators over time.

**Regulation:**

Under Sub-part 30-3 of the Regulations of the Commissioner of Education, a Teacher Improvement Plan (TIP) is described as follows: (a) Upon rating a teacher or a principal as Developing or Ineffective through an annual professional performance review conducted pursuant to Education Law section 3012-d and this Subpart, a district shall formulate and commence implementation of a teacher or principal improvement plan for such teacher or principal by October 1 in the school year following the school year for which such teacher's or principal's performance is being measured or as soon as practicable thereafter. (b) Such improvement plan shall be developed by the superintendent or his or her designee in the exercise of their pedagogical judgment and shall include, but need not be limited to, identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's or principal's improvement in those areas.

**Key Ideas:**

1. Development of a TIP should be a helpful, professional conversation, identifying solutions to problems and resources that will help a teacher improve professional performance.

2. The responsibility for facilitating the process to help a teacher in need of improvement is with the REMSEN Central School District (RCS).

3. The lead evaluator/evaluator will identify area(s) in need of improvement.

4. A TIP will be developed for an RCS teacher whose performance is evaluated as developing or ineffective, regardless of tenure status.

5. A teacher's mentor may not be involved in any way with the evaluation of the teacher during the TIP process.

6. A teacher who requires a TIP shall be observed and supervised on a more frequent basis and may be provided additional assistance as determined.
TIP Procedures:

1. Upon determining that a teacher is in need of improvement, the lead evaluator/evaluator will notify the teacher in writing that there will be a meeting with the teacher and a RCSTA Representative designated by the RCSTA President.

2. The TIP will include the following:
   a. Determination of the area(s) of concern, as per the criteria listed in the Annual Professional Performance Review for Teachers.
   b. A description of the desired change to include potential examples that will demonstrate progress
   c. A description of a plan to affect change

   The person(s) responsible for monitoring the change

3. The improvement plan timeline will include a starting date, benchmark dates to monitor progress, and expected date of completion.

4. Upon development of the TIP, the lead evaluator/evaluator will write a memo to the teacher in need of improvement. The memo shall include the following:
   a. The date the lead evaluator/evaluator, teacher, and RCSTA Representative met
   b. Signatures of all present at the meeting
   c. A copy of the TIP

5. A copy of the memo and the TIP will be submitted to the teacher in need of improvement, the RCSTA Representative and the Superintendent.

   The teacher with the TIP will adhere to the plan and is responsible for the submitting paperwork as needed to supervising administration.

   The lead evaluator/evaluator, teacher, and RCSTA representative will meet and will hold periodic meetings scheduled every five weeks to determine the teacher's progress as defined by the TIP. At those meetings, the Superintendent or designee will determine if:

   - Further improvement in the criteria is necessary. The current TIP will continue until the next review in [month, year]
   - Further improvement is necessary. The current TIP has been amended by the Superintendent or designee. A copy of the amended TIP is attached.
   - The improvements as outlined in the TIP have been made and desired changes
have occurred. The TIP is no longer needed at this time.

At these times, the Teacher Improvement Plan Review Form will be completed and copies will be provided to the teacher and Superintendent.
