**Revised – §3012-d Supplemental Form for Alternate SLOs (Material Change)**

Lauren J. Ormsby, Superintendent  
Ripley Central School District  
12 North State Street  
P.O. Box 688  
Ripley, NY 14775

Dear Superintendent Ormsby:

Congratulations. I am pleased to inform you that the material change you submitted to your currently approved Annual Professional Performance Review (APPR) plan on the Supplemental Form for Alternate SLOs meets the criteria outlined in Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the certifications and assurances that are part of your approved APPR plan and those found in the Supplemental Form for Alternate SLOs. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia  
Commissioner

PLEASE NOTE:

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, your district/BOCES must use the alternate SLOs described in your "Supplemental Form for Alternate SLOs" which have been incorporated into your approved §3012-d APPR plan for teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

During this transition period, your district/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in your currently approved APPR plan *without any modifications, substitutions, or replacements as a result of the transition regulations*. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations. Accordingly, APPR scores and ratings for such staff must be calculated pursuant to your district's/BOCES's approved APPR plan without any modifications, and no transition scores and ratings need be generated.

The transition period will end at the conclusion of the 2018-2019 school year. Beginning in the 2019-20 school year, each educator will receive only a single set of scores and ratings pursuant to the measures outlined in your district's/BOCES APPR plan.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

**Directions**

**As an alternative to completing this Supplemental Form for Alternate SLOs, a district/BOCES may open their APPR plan and include the relevant information in Task 2 (Transition) and Task 7 (Transition).**

**To open your approved APPR plan, please contact [EducatorEval@nysed.gov](mailto:EducatorEval@nysed.gov).**

Pursuant to section 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 English Language Arts (ELA) and Math State assessments and any State-provided growth scores. During the 2016-17 through 2018-19 school years only, alternate student learning objectives (SLOs) must be generated to calculate transition scores and ratings for teachers and principals who have no remaining Student Performance Category measures as a result of the above exclusions. Please note that districts/BOCES must also continue to provide affected teachers and principals with their original APPR scores and ratings calculated based on the measures in their currently approved APPR plan without any modifications, substitutions, or replacements as a result of the transition regulations during the transition period. Original APPR scores and ratings must be used for advisory purposes only and shall have no impact on employment decisions, tenure determinations, or teacher and principal improvement plans.

Teachers and principals whose APPRs do not include grades 3-8 ELA and math State assessments or State-provided growth scores are not impacted by the transition regulations and their evaluations shall be calculated pursuant to their district's/BOCES' approved APPR Plan without any changes, and no transition scores and ratings need to be generated.

This supplemental form must be completed by districts/BOCES whose Education Law §3012-d Annual Professional Performance Review (APPR) plans were approved by the Department for use beginning in the 2015-16 school year in order to specify the alternate SLOs, as described above, that will be used for applicable teachers and principals during the remainder of the transition period (i.e., the 2016-17 through 2018-19 school years). Beginning in the 2019-20 school year, districts and BOCES will no longer be required to calculate transition scores and ratings, and will only calculate a single set of scores and ratings for each educator pursuant to the measures and assessments outlined in their approved §3012-d APPR plan. For more information please see the December 2015 Board of Regents item at <http://www.regents.nysed.gov/common/regents/files/1215bra10.pdf>, and the Department's Frequently Asked Questions Guidance document regarding sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents on EngageNY at <https://www.engageny.org/resource/guidance-on-new-york-annual-professional-performance-review-law-and-regulations>.

This form must be completed and submitted no later than March 1, 2017 for the 2016-17 school year. Please note that if your district/BOCES wishes to make changes to the measures and assessments used for the alternate SLOs in future school years, you must submit this form on or before March 1 of the school year in which the changes will take effect. The Department will not accept late submissions of this form.

Upon submission, the Department will only review the information included on this supplemental form and no other portions of the APPR plan will be reviewed by the Department for compliance with Education Law §3012-d. Therefore, it is the responsibility of the district/BOCES to assure that the changes requested in this form will not have an impact on the implementation of any other part of their approved APPR plan since the Department will not be reviewing the remaining portions of the approved APPR plan for compliance with Education Law §3012-d. The Department recommends that districts/BOCES consult with their local counsel before submitting this supplemental form or any material changes to their currently approved plan in the APPR Portal.

#### Page 1: Task 2.1 (Assurances) and Task 2.2 (4-8 ELA and Math)

#### REQUIRED SUBCOMPONENT

(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent)

**(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.**

**(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.**

#### 2.1) Assurances

Please check the boxes below:

|  |         |
|--|---------|
| Assure that the growth score provided by NYSED will be used, where required.   | Checked |
| Assure that back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.  | Checked |
| For any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments. | Checked |

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English

language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

**For those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.**

---

## 2.2) Grades 4-8 ELA and Math: Assessments

Using the drop-down boxes below, please select the assessment that will be used for the back-up SLOs for the grade/subject listed.

**Please note:** If your district/BOCES does not have grade/subject-specific teachers for one or more of the rows in task 2.2, choose "Not Applicable" from the drop-down box. This would be appropriate if, for example, the district/BOCES does not have certain grades; the district/BOCES does not offer a specific subject; etc. If a grade/subject ends in a State assessment, i.e., 4-8 ELA or Math, such assessment must be used as the underlying evidence for the SLO.

**2.12) Teachers with More Than One Growth Measure**

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

**2.13) Assurances**

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

|  |         |

| Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.  | Checked |
| Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history. | Checked |

|  |         |
|--|---------|
| Assure that all growth targets are approved by the superintendent or another trained administrator.  | Checked |
| Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.   | Checked |
| Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance. | Checked |
| Assure that processes are in place for the superintendent to monitor SLOs.   | Checked |
| Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.  | Checked |

### 2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by making the appropriate selection below. Information related to the Optional subcomponent will be entered into Task 3.

The Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district/BOCES may use multiple rubrics, as long as the same rubric is used for all classroom teachers in a grade/subject across the district/BOCES.)

### 4.2) Assurances

Please check all of the boxes below:

|  |         |
|--|---------|
| Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.  | Checked |
| Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents. | Checked |
| Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.                                     | Checked |
| Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.  | Checked |

### 4.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

All observable components will be weighted equally and averaged.

#### 4.4) Calculating Observation Ratings

Please check the boxes below:

|   |         |
|---|---------|
| Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the chart shown below.  | Checked |
| Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned. | Checked |
| Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.                          | Checked |

#### Teacher Observation Scoring Bands

|          | Overall Observation Category Score and Rating |              |
|----------|---|--------------|
|          | Minimum                                       | Maximum      |
| <b>H</b> | 3.5 to 3.75                                   | 4.0          |

| <b>I</b> | 0   | 1.49 to 1.74 |

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

|                  | Minimum Rubric Score | Maximum Rubric Score |

##### Optional Subcomponent:

- **Observations by Trained Peer Observer(s): No more than 10% of the Teacher Observation category score when selected**

Please be sure the total of the weights indicated equals 100%.

*\* If the district is granted an annual Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator.*

|  | Principal - required | Independent Evaluator(s) - required | Peer Observer(s) - optional |

### 6.1) Assurances: Teacher Improvement Plans

|  |         |
|--|---------|
| Assure that the district/BOCES will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive a Developing or Ineffective rating by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.  | Checked |

### 6.3) Assurance: Appeals

Please check the box below:

|   |         |
|---|---------|
| Assure the district/BOCES has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal. | Checked |
|---|---------|

### 6.4) Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their district/BOCES:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the school district's/BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d; and

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's/BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law §3012-d.

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

The District shall provide to the REA a list of all teachers rated "Ineffective" or "Developing" no later than ten school days following the receipt of the ratings from the State.

A teacher may file only a single appeal regarding any performance review or TIP. All grounds for appeal must be raised with specificity within the one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief requested and the burden of establishing the facts upon which the teacher seeks relief.

The following outlines the procedures for appeal:

1. An appeal may be filed by a tenured teacher whose Annual Professional Performance Review (APPR) rating is "Ineffective" or "Developing" and by a probationary teacher whose APPR rating is "Ineffective."

2. In an appeal the teacher may challenge any or all of the following:

(1) the District's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(2) the adherence to the Commissioner's regulations, as applicable to such reviews;

(3) compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and

(4) the District's issuance and/or implementation of the terms of the teacher improvement plan under Education Law §3012-d.

3. An appeal must be submitted in writing. In order to be timely filed, an appeal, along with all documents and information relevant to the appeal (including but not limited to, the overall APPR composite rating, and/or TIP) and a detailed written description of all of the specific areas of disagreement/reasons for the appeal, must be received in the office of the Superintendent of Schools no later than June 30th or 15 school days from the District's delivery or mailing of the APPR composite rating to the teacher, whichever date is later. A failure to file an appeal within this timeframe shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. At the same time that the appeal is delivered to the Superintendent of Schools, a copy of the appeal and all accompanying documentation must also be delivered to the person(s) who issued the performance review or was/is responsible for either the issuance and/or implementation of the terms of the teacher's improvement plan.

4. Within 10 school days of receipt of the appeal, the person(s) who issued the performance review or was/is responsible for either the issuance and/or implementation of the terms of the teacher's improvement plan must submit a written response to the appeal. The response must include any and all additional documents or written materials specific to the point(s) of disagreement that support the District's response

and are relevant to the resolution of the appeal. Any such information that is not submitted at the time the response is filed shall not be considered in any deliberations related to the resolution of the appeal. The teacher initiating the appeal shall receive a copy of the response filed by the District, and any and all additional information submitted with the response, at the time the District files its response. The teacher then has five school days to submit a response to the information and materials the District has submitted.

5. The appeal shall be determined by a neutral third party, who shall be jointly selected by the Board of Education President and the REA President. The neutral third party shall have received Evaluator training as specified in this plan, but shall not be currently employed by the District or the REA. The record of appeal shall be submitted to the neutral third party once all of the timelines for submissions by the parties have expired. Within 15 school days of receipt of the record, the neutral third party shall issue a written decision affirming, modifying, or rejecting the rating.

6. The determination resulting from the appeal process is final and binding. The grievance and/or arbitration procedures of the parties' collective bargaining agreement are not applicable to any element of this APPR plan or its implementation by the District, with the sole exception that a teacher may file a grievance which claims that the District failed to comply with the procedures of this Appeal Process.

8. For the purposes of this Appeal Process, the term "school day" shall mean any day of required teacher attendance.

All appeals will be timely and expeditious in compliance with 3012-d.

### 6.5) Assurance: Evaluators

The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

## 6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators. Your description must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers,
- 2) the process for the certification and re-certification of lead evaluators,
- 3) the process for ensuring inter-rater reliability,
- 4) the nature (content) and the duration (how many hours, days) of such training.

The District will ensure that all Lead Evaluators/Evaluators and Outside Independent Evaluators are properly trained and certified to complete an individual performance review. Evaluator training will be conducted by appropriately qualified individuals or entities. Evaluator training will replicate the recommended SED model certification process.

The Board of Education will certify Lead Evaluators upon receipt of proper documentation that the individual has fully completed training. The District Clerk will maintain records of certification of Evaluators.

Initial training will be three full day (6 hours each).

Evaluator training will occur regionally in cooperation with BOCES. Training will be conducted by the Erie 2 BOCES Network Team personnel who have participated in the NYSED Evaluator training for Network Teams and/or personnel authorized to train on behalf of an evaluation rubric approved by NYSED. Evaluators will be recertified one time per school year.

The District will determine a process to maintain inter-rater reliability over time in accordance with NYSED guidance and protocols recommended in training for Lead Evaluators, as needed. The District anticipates that these protocols will include measures such as data analysis, periodic comparisons of assessments; and/or calibration sessions across evaluators.

This training will include the following Requirements for Lead Evaluators/ Evaluators/Outside Independent Evaluators :

- (1) The New York State Teaching Standards, and their related elements and performance indicators and the Leadership Standards and their related functions, as applicable
- (2) Evidence-based observation techniques that are grounded in research
- (3) Application and use of the student growth percentile model and any other growth model approved by the Department as defined in section 30-3.2 of this Subpart
- (4) Application and use of the State-approved teacher rubric(s) selected by the district/BOCES for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice
- (5) Application and use of any assessment tools that the school district/BOCES utilizes to evaluate its classroom teachers
- (6) Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the district/BOCES to evaluate its teachers
- (7) Use of the Statewide Instructional Reporting System
- (8) The scoring methodology utilized by the Department and/or the district/BOCES to evaluate a teacher under this Subpart, including the

weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings

(9) Specific considerations in evaluating teachers of English language learners and students with disabilities

**Lead Evaluator/Outside Independent Evaluators**

The PreK-6 Principal will be trained and certified as Lead Evaluator according to NYSED's model to ensure consistency and defensibility. No one other than the PreK-6 Principal or shall evaluate a teacher under this plan, except in a circumstance where the PreK-6 Principal is not available to perform the evaluations within the time limitations established under this plan, in which case the person serving in place of the absent administrator may perform the evaluation(s) and will be trained and certified as Lead Evaluator according to NYSED's model to ensure consistency and defensibility. No REA member will evaluate another REA member.

**Re-Certification and Updated Training**

The District will work to ensure that Lead Evaluators maintain inter-rater reliability over time and that they are re-certified on an annual basis and receive updated training on any changes in law, regulations or applicable collective bargaining agreements.

The recertification process will take place annually. It will consist of approximately six hours.

**Outside Independent Evaluator**

Outside Independent Evaluators will be approved by the School Board Education. After appointment by school Board of Education as Outside Independent Evaluator training will be provided following the same requirements that are outlined for other evaluators.

# Task 7. Student Performance – Required Subcomponent

Created: 04/30/2013

Last updated: 10/22/2015

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

## Page 1

### **REQUIRED SUBCOMPONENT**

**(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)**

**(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.**

**(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.**

### **7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH**

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

**For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.**

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

**For each grade configuration indicate the following:**

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Use the checkboxes to indicate the State assessments or Regents exams used**

*Follow the examples below*

Grades K-6:

- lowest grade = K
- highest grade = 6

- assessments = NYS Grades 4-6 ELA and Math Assessments (check all)

Grades 7-12:

- lowest grade = 7
- highest grade = 12
- assessments = NYS Grades 7-8 ELA and Math Assessments and All Regents assessments which are used to generate the principal's State-provided growth score (check all)

### 7.1) Assurances

|  |         |
|--|---------|
| Assure that the growth score provided by NYSED will be used, where required.   | Checked |
| Assure that back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal. | Checked |

### 7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options:
  - State-approved 3<sup>rd</sup> party assessment; or

- o State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Once a measure is selected, a corresponding menu will appear for the selection of the name(s) of the assessment(s) used.

Follow the example below

Grades K-3:

- lowest grade = K
- highest grade = 3
- measure = State or Regents assessment
- assessment = NYS Grade 3 ELA Assessment and NYS Grade 3 Math Assessment

### Grade Configuration #1 Grades and Measure

| 97-100%          | 93-96% | 90-92% | 85-89%    | 80-84% | 75-79% | 67-74%     | 60-66% | 55-59%      | 49-54% | 44-48% | 39-43% | 34-38% | 29-33% | 25-28% | 21-24% | 17-20% | 13-16% | 9-12% | 5-8% | 0-4% |

### 7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

### 7.5) Assurances

Please check all of the boxes below:

|   |         |
|---|---------|
| Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score. | Checked |
|---|---------|

|  |         |
|--|---------|
| Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history. | Checked |
| Assure that all growth targets are approved by the superintendent or another trained administrator.  | Checked |
| Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.   | Checked |
| Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.  | Checked |
| Assure that processes are in place for the superintendent to monitor SLOs.   | Checked |
| Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.  | Checked |

## 7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by checking the box below. Information related to the Optional subcomponent will be entered into Task 8.

#### OPTIONAL SUBCOMPONENT

(Up to 50% of Student Performance category if selected)

Such second measure shall apply in a consistent manner, to the extent practicable, across all buildings with the same grade configuration or program in the district/BOCES and be either:

- (A) a second State-provided growth score on a State-created or administered test; provided that a different measure is used than that for the Required subcomponent in the Student Performance category, or
- (B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

### 9.1) Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

If your district/BOCES is using an additional rubric, please select the rubric from the second menu below. If your district/BOCES will not use a second rubric, please select "N/A" from the end of the drop-down menu. (Note: Any district may use multiple rubrics, as long as the same rubric is used for all principals in the same or similar programs or grade configurations across the district.)

### 9.2) Assurances

Please check all of the boxes below:

|  |         |
|--|---------|
| Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.  | Checked |
| Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents. | Checked |
| Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES; provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.        | Checked |
| Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.   | Checked |

### 9.3) Process for Weighting Rubric Domains/Subcomponents

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged). For guidance on the Principal School Visit category, see NYSED APPR Guidance:

All observable components will be weighted equally and averaged.

### 9.4) Calculating School Visit Ratings

Please check the boxes below:

|  |         |
|--|---------|
| Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the chart shown below.  | Checked |
| Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned. | Checked |
| Assure that if the district is granted an annual Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor their designee.  | Checked |

### Principal School Visit Scoring Bands

### 11.1) Assurances: Improvement Plans

Please check the boxes below:

|  |         |
|--|---------|
| Assure that the district/BOCES will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive a Developing or Ineffective rating by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.  | Checked |
| Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas. | Checked |

### 11.2) Attachment: Principal Improvement Plan Forms

As a required attachment to this APPR plan, upload the PIP forms that are used in the school district/BOCES. All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;
- 3) the manner in which the improvement will be assessed; and, where appropriate,
