APPR Plan - Variance

Shannon Shine, Superintendent
Rotterdam-Mohonasen Central School District
2072 Curry Road
Schenectady, NY 12303

Dear Superintendent Shine:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan variance application meets the criteria outlined in section 30-3.16 of the Rules of the Board of Regents and has been approved. As a reminder, we are relying on the information you provided in your variance application, including the narrative descriptions, certifications, and assurances that are included in the application. During the approved term of this variance, your LEA will implement the variance along with all other remaining provisions of your approved APPR plan. If any material changes are made to your approved plan and/or the terms of your approved variance, your LEA must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class school leader to support their professional growth, and every student achieves success.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

c: Anita Murphy

NOTE:

Only documents that are incorporated by reference in your APPR variance application have been reviewed and are considered as part of your approved APPR variance application; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR variance application but are not incorporated by reference have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan or variance and/or require corrective action.

Pursuant to section 30-3.16 of the Rules of the Board of Regents, please note that an LEA with an approved variance shall provide to the Department, upon its request, any documentation related to the implementation and efficacy of the approach proposed in the variance, including but not limited to: reports on the correlation in assigned ratings for different measures of the LEA's evaluation system and differentiation among educators within each subcomponent and category of the evaluation system

Your variance is approved for the 2020-21 school year. Because you requested this variance to address issues related to COVID-19, the approval of this variance for any future school years (up to a three school year period) is contingent on the continuation of the current COVID-19 pandemic notwithstanding your request for this variance to apply in future school years. Upon expiration of state-imposed restrictions or emergency measures related to the pandemic, or abatement of the pandemic, it is expected that your variance will no longer be required. As such, SED may withdraw its approval of this variance for any subsequent school years or may require a separate application or other documentation for continuation of the variance in future school years. Upon expiration of the approved term of your variance, you must implement the terms of your current APPR plan as approved by the Commissioner.

Task 1. General Information - General Information

Annual Professional Performance Review Variance (Education Law 3012-d)

For guidance related to the Annual Professional Performance Review variance, see NYSED APPR Guidance.

At its October 2019 meeting, the Board of Regents amended sections 30-3 of the Rules of the Board of Regents to allow LEAs to apply for a variance from Annual Professional Performance Review (APPR) plan requirements to permit them to develop and implement new and innovative approaches to evaluation that meet the specific needs of the LEA, upon a finding by the Commissioner that the new and innovative approach demonstrates how it will ensure differentiated results over time and how the results of the evaluation will be used to provide personalized professional learning opportunities to teachers and principals, while complying with the requirements of Education Law §3012-d.

In instances where a variance is approved, the term(s) described in the approved variance will replace the related sections of the LEA's currently approved APPR plan. However, please note that all other terms as are present in the LEA's currently approved plan will remain in effect and must be implemented without modification.

Once a variance is approved by the Department, it shall be considered part of the LEA's APPR plan during the approved term of the variance. **In any instance in which there is an approved variance and such variance contains information that conflicts with the information provided in the approved Education Law §3012-d APPR plan, the provisions of the approved variance will apply during the approved term of the variance.**

Variance Application Timeline

Variance applications must be approved by the Department by December 1 of a school year to be implemented in that school year.

Submission by November 1 is suggested to allow time for review, revision and approval in order to meet the approval deadline for implementation in the same school year.

Absent a finding by the Commissioner of extraordinary circumstances, a variance application approved after December 1 of a school year will not be implemented until the following school year.

For more information regarding the variance approval deadline, including a possible extension, please contact APPRVariance@nysed.gov.

Variance Details

Please read the questions below and answer each prompt in a concise manner.

Rationale

Please provide a rationale for this variance request.

> Your rationale should include information regarding the specific, identified needs and/or challenges of the LEA, and how such needs and/or challenges inform development of the teacher observation variance request.

Adjustments in the organization due to COVID have altered teaching, administrative responsibilities and school systems and structures. Reducing the number of observations would allow principals and instructional leaders more time in focused conversations and support around new teaching and learning environments. Instructional leaders could reallocate time to support all staff as they navigate the challenges of teaching during COVID. Teachers utilizing new methodologies for teaching and learning need the non-evaluative environment in which to take risks and reflect on successes and challenges. This is a prime opportunity for instructional leaders to talk to teachers about their practices and work those challenges out together. Additionally, reducing the number of observations would minimize the number of people coming in and out of buildings and classrooms. This variance reduces the number of observations for tenured teachers from 1 announced and 1 unannounced to 1 announced. The variance reduces the number of observations for untenured (probationary) teachers from 2 announced and 1 unannounced to 1 announced and 1 unannounced observation.

Standards and Procedures

Please provide a description of the standards and procedures that will be used in lieu of those included in the LEA's most recently approved evaluation plan.

> This description should include a specific, detailed explanation of the new and innovative approach that the LEA is seeking to implement as part of its variance request.

> This description should include, but not be limited to, a description of the alternate measures and/or evidence of teacher practice that will be used to evaluate educators.

Due to COVID, the waiver is requested to reduce the number of observations for tenured and probationary teachers in good standing. (Teachers in good standing are those teachers who have been rated effective or highly effective and are not currently on a Teacher Improvement Plan.) The district's trained lead evaluator will plan to conduct one full, announced observation with pre and post conferences to count for 100% of the observation component in the overall APPR score for tenured teachers. The district will not conduct an unannounced observation for tenured teachers in good standing nor observations by independent observers. All four domains will be evaluated according to our approved APPR Plan. Probationary teachers would be reduced from two announced observations and one unannounced observation to one full announced observation by the lead evaluator and one unannounced observation from an independent evaluator. Tenured and probationary teachers in good standing would benefit from this process and, in addition, more frequent informal check-ins to support innovative teaching in hybrid and remote settings. All subcomponents of the rubric are observable and will be scored. As with past practice, we score each subcomponent of the rubric, weighing each subcomponent equally, and designate the critical attributes of each subcomponent. Each subcomponent of the observation is scored on a 1-4 scale. The subcomponent scores are determined after all evidence is collected and observed through the pre-observation, observation and post-observation meetings. Since our proposed variance only allows for one announced observation by a lead evaluator for tenured teachers the final score will be based entirely on the score earned in that observation. We will use the process for weighting the observable domains/subcomponents of the chosen practice rubric that is in our approved APPR plan. We will weight the announced observation by the lead evaluator at 100%. For untenured teachers our proposed variance allows for one announced observation by the lead evaluator and one unannounced observation by an independent evaluator. Again we will use the process for weighting the observable domains/subcomponents of the chosen practice rubric that is in our approved APPR plan. Further, as in our approved plan we will weight the announced observation by the lead evaluator at 90% and the unannounced observation by the independent evaluator at 10%.

Rigor

Please provide a description of how the LEA will ensure that evaluations are rigorous and enable strong and equitable inferences about the effectiveness of the LEA's educators.

> This description should include how rigor is achieved and maintained, including relevant processes and methodologies.

> This description may include, but is not limited to, how data will be used to draw inferences, including how the derived data informs decisions and guidance for the LEA's educators.

Trained evaluators will continue to observe and evaluate all four domains with pre and post conferences for announced observations of all teachers. The evidence collected in each area of the rubric will continue to be used to identify areas of strength as well as areas of growth as a means to focus informal, formative conversations between the teacher and the instructional leader. Observation trend data will continue to inform targeted support and professional development. The impact of COVID on teaching and learning has been exponential. Supporting our teachers to grow at that rate requires time to talk about practice outside of the evaluation process. Removing an unannounced and independent observation for experienced teachers affords the necessary opening to have conversations about growth in practice that are not evaluative in nature. Evaluators will follow best practices with regards to completing observations. Evaluators will review prior observations to look for the specific feedback given to teachers on improvement in subcomponents and then address these in the pre and post - with an intentional focus on where a teacher has demonstrated need for improvement in the past while recognizing areas where the teacher has a pattern of success. Observation conferences are a dialogue between the teacher and the observer with a focus on improvements of practice. In addition to short term data being used for immediate feedback to improve instruction the District has specific data analysis protocols to systematically review all student achievement and teacher performance data. This data is then reviewed by the District Professional Development Committee who then recommends specific trainings and professional development topics for subject areas, grade levels and, in some cases, for specific teachers. This ensures that longer term data trends are addressed systematically.

Professional Learning

Please provide a description of how the LEA will use the information collected through the evaluation system, including the assigned effectiveness ratings, to provide personalized professional learning opportunities for educators.

> This description may include, but is not limited to, methodologies and procedures for:

- **collecting information about educator effectiveness to inform professional learning,**
- **specific details regarding both the type(s) and extent of professional learning opportunities anticipated,**
- **processes for delivery of personalized learning opportunities, and**
- **use of data to measure the efficacy of such professional learning.**

Between the pre-conference, formal observation and post conference, there is ample opportunity to collect evidence and build upon professional conversations. As always, trained instructional leaders will utilize faculty time to offer experiences around best practices. Instructional leaders, who know the strengths and areas of need of faculty, will share articles, resources and opportunities for professional development to promote growth in practice. In addition, teachers participate in embedded professional development, grade level meetings, department meetings and other collaborative meetings throughout the year to identify student needs and effective, innovative practices to meet those needs, especially in the diverse learning environments brought on by COVID.

The District has specific data analysis protocols to systematically review all student achievement and teacher performance data. This data is then reviewed by the District Professional Development Committee who then recommends specific trainings and professional development topics for subject areas, grade levels and, in some cases, for specific teachers.

We strategically use the post-observation conference to provide professional learning recommendations around specific areas for improvement. Frequently observers discuss and share instructional resources and practices that can immediately foster and promote growth. For example, if classroom management is identified as an area of improvement, we would then provide targeted instructional resources such as articles from ASCD or other institutions that provide specific strategies to use in the classroom. Teachers are also invited to observe their colleagues to collaborate on best practices from other professionals within the building. We have instructional leaders and mentors at each level who also work to enhance instructional practices in targeted areas. The administrative team frequently engages in short classroom walk-throughs to determine if those professional learning opportunities are leading to adjustments in practice.

Effectiveness of Implementation

Please provide a description of how the LEA will assess the effectiveness of the implementation of the variance.

> This description may include, but is not limited to, processes and procedures for:

- **collection and analysis of both short- and long-term data,**
- **the standard(s) used to measure the effectiveness of implementation, and**
- **how results will be used to inform future implementation.**

Analysis of evaluation results will ensure that the district is able to determine areas of strength and areas of need, both with the individual teacher and across the organization. This will drive district wide and individual support and professional development that is tightly aligned with those findings. Student performance and growth data can also be reviewed and analyzed to highlight effective instructional opportunities. If it is determined that one observation per year is not generating sufficient data that aligns with student outcomes, the process can be further reviewed.

The leadership team continually analyzes data from a variety of sources to set goals and determine progress toward meeting those goals. Observation data is one data point that we use to evaluate how our professional development plan and observation cycle is leading to improvement. We have an established data protocol and action planning process that we use at the district level but also in grade level and department meetings to engage in a cycle of continuous improvement.

Observation Assurances

Dear Superintendent Spring:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

MaryEllen Elia
Commissioner

NOTE:

Pursuant to sections 30-2.14 and 30-3.17 of the Rules of the Board of Regents, during the 2015-16 through 2018-19 school years, your district/BOCES must calculate transition scores and ratings for teachers and principals that exclude the results of grades 3-8 ELA and math State assessments and any State-provided growth scores. For the 2016-17 through 2018-19 school years, your district/BOCES must establish alternate SLOs for affected teachers and principals who, as a result of the above exclusions, have no remaining measures in the Student Performance Category.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR plan and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

Task 1) Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

The Department will review the contents of each school district's/BOCES' Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's/BOCES' plan.

The Department reserves the right to request further information from a district/BOCES to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. As such, each district/BOCES is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of a district's/BOCES' plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district/BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the school district/BOCES, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

1.1) Assurances

Please check all of the boxes below

- ☒ Assure that the content of this form represents the district's/BOCES' entire APPR plan and that the APPR plan is in compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that a detailed version of the district's/BOCES' entire APPR plan is kept on file and that a copy of such plan will be provided to the Department upon request for review of compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that this APPR plan will be posted on the district/BOCES website no later than September 10th of each school year, or within 10 days after the plan's approval by the Commissioner, whichever shall later occur.
- ☒ Assure that it is understood that this district's/BOCES' APPR plan will be posted in its entirety on the NYSED website following approval.

1.2) Submission Status

Is this a first-time submission under Education Law §3012-d or the submission of material changes to an APPR plan approved pursuant to Education Law §3012-d?

Task 2. Original Student Performance - Required (Teachers) - Original Tasks 2.1 (Assurances), 2.2 (4-8 ELA/Math)

Page Last Modified: 12/23/2016

Task 2) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

2.1) Assurances

Please note: NYS Grades 3-8 ELA/Math Assessments and State-provided growth scores cannot be used for the purposes of providing transition scores and ratings during the 2015-16 through 2018-19 school years, and should be used for advisory purposes only until the 2019-20 school year. Alternate SLOs to be used during the 2016-17 through 2018-19 transition period should be entered in Task 2 (Transition).

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all 4-8 ELA and Math teachers in the event that a State-provided growth score cannot be generated for that teacher.
- ☒ For the 2019-20 school year and thereafter, for any grade/subject that requires a back-up SLO, but for which there are not enough students, not enough scores, or data issues that prevent a teacher-specific SLO from being created, the superintendent or another trained administrator shall develop a school-wide back-up SLO using available State/Regents assessments.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

2.2) Grades 4-8 ELA and Math: Assessments (Original)

STATE-PROVIDED MEASURES OF STUDENT GROWTH

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a growth score and rating. That rating will incorporate students' academic history compared to similarly academically achieving students and takes into consideration students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. While most teachers of 4-8 Common Branch, ELA and Math will have State-provided scores and ratings, some may teach other courses where there is no State-provided growth measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score and rating from the State for the full Student Performance category of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Student Performance category of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See APPR Guidance and SLO Guidance for more detail on teachers with State-provided growth measures and SLOs.)

For the 2019-20 school year and thereafter, for those teachers who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that teacher.

Using the drop-down boxes below, please select the assessment(s) that will be used for the back-up SLOs for the grade/subject listed beginning in the 2019-20 school year.

2.12) Teachers with More Than One Growth Measure (Original)

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one 0-20 score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Common branch teacher with State-provided growth measures for both ELA and Math in grade 4; middle school math teacher with both 7th and 8th grade math courses.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

2.13) Assurances

For guidance on SLOs and the development of back-up SLOs, please see NYSED APPR Guidance and SLO Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

Please check the boxes below.

- ☒ Assure that the teacher has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a teacher's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 2.11, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

2.14) Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Task 2. Transition Student Performance - Required (Teachers) - Task 2 Alternate SLOs

Page Last Modified: 12/23/2016

Task 2) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

For guidance on the use of alternate SLOs during the transition period, see: <https://www.engageny.org/resource/guidance-on-new-york-s-annual-professional-performance-review-law-and-regulations>.

100% of the Student Performance category if only the Required subcomponent is used or at least 50% when used with the Optional subcomponent.

(A) For a teacher whose course ends in a State-created or administered test for which there is a State-provided growth model and at least 50% of a teacher's students are covered under the State-provided growth measure, such teacher shall have a State-provided growth score based on such model.

(B) For a teacher whose course does not end in a State-created or administered test or where less than 50% of the teacher's students are covered by a State-provided growth measure, such teacher shall have a Student Learning Objective (SLO) developed and approved by his/her superintendent or another trained administrator, using a form prescribed by the Commissioner, consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any teacher whose course ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, grades 3-8 NYS ELA/math assessments and any State-provided growth scores may only be used for advisory purposes and may not be used for the purpose of calculating transition scores and ratings.

If grades 3-8 ELA/math State assessments and any State-provided growth scores are the entirety of the Student Performance category, districts/BOCES must also develop an alternate SLO based on assessments that are not grade 3-8 ELA/math State assessments and/or on State-provided growth scores for the Required subcomponent of the Student Performance category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

2.2-2.10) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Using the table below, please first select a measure and assessment(s) that will be used for the alternate SLO during the 2016-17 through 2018-19 school years, then indicate the applicable courses.

For more information on teachers with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one alternate SLO, the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the district/BOCES and be either:

(A) a second State-provided growth score on a State-created or administered test, provided that the State-provided growth measure is different than that used in the Required subcomponent, or

(B) a growth score based on a State-designed supplemental assessment, calculated using a State-provided or approved growth model.

3.1) Use of the Optional Subcomponent of the Student Performance Category

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2013 Revised Edition)	n/a

4.2) Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

4.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighed equally and averaged.

4.4) Calculating Observation Ratings

Assurances

Please check the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in task 4.5 below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second observation(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. See Section 30-3.4(d)(2)(i)(b)(1) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective; and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 4 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.4(d)(2)(i)(b)(2) of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 12/23/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Procedures for Appeal

1. Only tenured teachers who receive a rating of “ineffective” and “developing” on their Annual Professional Performance Review (“APPR”) may appeal their APPR through the procedure herein. Ratings of “effective” and “highly effective” may not be appealed. A teacher may file only one appeal from a single APPR. Those eligible for an appeal shall simply be referred to as “teacher” below.
2. Probationary teachers may not file appeals through the procedure herein. Probationary teachers may submit a written response which shall be filed with the APPR. In addition, probationary teachers in their last year of probation, may request in writing to meet with the superintendent or superintendent’s designee and be accompanied by an MTA representative to discuss the evaluation. This is not subject to any further appeal pursuant to the contractual grievance procedure, or to any administrative or judicial tribunal. However, the failure of either the District or the MTA to abide by the above agreed upon process shall be subject to the grievance procedure set forth in the parties’ collective bargaining agreement.
3. Within three (3) school days of the receipt of a teacher’s APPR *or issuance of a TIP, or the alleged failure of the district to properly implement the terms of the TIP*, the teacher may request in writing to meet with the evaluating administrator. This meeting shall occur within three (3) school days of the teacher’s request. The purpose of such meeting is for the teacher and evaluating administrator to discuss possible changes to the evaluation *or the TIP* based upon information provided by the teacher. The evaluating administrator shall advise the teacher in writing whether there will be any changes in the evaluation *or the TIP* either at the meeting or within two (2) school days of the meeting.
4. A teacher has ten (10) school days from receipt of the APPR or the TIP or, if applicable, five (5) school days from receipt of the evaluating administrator’s response in paragraph “3” above, to submit a written appeal to the Superintendent setting forth any and all objections to the APPR or the TIP. An appeal must be based only upon one or more of the following grounds:
 - a. the substance of the annual professional performance review;
 - b. the school district’s adherence to the standards and methodologies required for such reviews pursuant to Section 3012-d of the Education Law;
 - c. the school district’s adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures; and,
 - d. the school district’s issuance and/or implementation of the terms of the teacher improvement plan as required under education law Section 3012-d.

The written appeal document must clearly identify the grounds for appeal, and shall explain, in detail, why and how the APPR or TIP should be modified. Failure to articulate a particular basis for the appeal shall be deemed a waiver of that claim. The burden of establishing that the APPR or the TIP should be modified shall rest with the teacher.

5. The Superintendent, or his or her designee, will inform the evaluating administrator and the MTA President that the teacher has initiated the appeals process. The Superintendent will provide a copy of the appeal and the evaluation to the evaluating administrator, MTA President, and Appeals Committee (“Committee”, see below) within three (3) school days of receipt of the appeal from the evaluated teacher.

The evaluating administrator may, at his/her option, provide a written response to the appeal within three (3) school days of receipt of the Superintendent’s notification that an appeal has been filed. If a response is submitted, it must be submitted to the Superintendent, appealing teacher, MTA President, and to the Appeals Committee for its consideration of the appeal.

6. Appeals shall be referred for consideration to an APPR Appeal Committee (“Committee”), a standing committee made up of two tenured administrators from within the District appointed by the Superintendent of Schools, and two tenured teachers from within the District appointed by the President of the MTA. Members shall be appointed for a term of three years and all members shall be required to complete the training required of lead evaluators under the APPR regulations. All APPR training expenses shall be paid by the District. Appointments and/or replacements to the Committee will be completed by the MTA and the District, no later than ten (10) school days after the start of the school year. Any Committee vacancies shall be filled under the above procedure. The Committee shall determine its own rules and operating procedures, which may be altered as the Committee may deem necessary to hear any appeal.

7. An individual teacher or administrator personally involved in an evaluation shall be ineligible to serve as a Committee member for that specific appeal. Should this occur, the appealing teacher shall have the option of:

- a. having the appeal considered by one administrator and one teacher from the Committee; or,
- b. having a substitute appointed to replace the ineligible Committee member for that specific appeal only. If necessary, a substitute administrator shall be appointed by the Superintendent. If necessary, a substitute teacher shall be appointed by the MTA President. Substitutes to the Committee shall be appointed within three (3) school days of the appeals committee being notified of the appeal. Lead evaluator training shall not be required for any substitute(s) appointed.

Annual Professional Performance Review - Education Law §3012-d

Task 6. Additional Requirements (Teachers) - Tasks 6.1-6.9

Page Last Modified: 12/23/2016

8. The Committee will convene within ten (10) school days of receipt from the Superintendent of the written appeal. The teacher's written appeal, APPR, and evaluating administrator's response (if any) shall comprise the record on appeal. Members of the Committee will receive the appeal record at least 48 hours in advance of the scheduled meeting.
9. All Committee deliberations will be conducted privately and remain confidential except as is required below to further process an appeal.
 - a. The Committee will evaluate the merits of the appeal based on review of submitted written documentation.
1. If the Committee comes to consensus and is in agreement on whether the appeal should be denied or granted, a single written determination shall be prepared and issued. This determination shall be provided to the appealing teacher, evaluating administrator, MTA president, and the Superintendent of Schools within two (2) school days of the meeting of the Committee.
2. If the Committee cannot reach consensus, the matter shall be referred to the Superintendent of Schools immediately following the meeting of the Committee. Each member of the Committee (individually or jointly with another member) may submit to the Superintendent within three (3) school days of the meeting of the Committee a written statement describing his or her conclusions, justifications, and recommendation for disposition of the appeal. Any Committee Member statements submitted shall not be disclosed to either the appealing teacher or evaluating administrator. The Superintendent of Schools will review all statements and the record on appeal and will make the final determination. The Superintendent's final determination shall be in writing and shall be issued within ten (10) school days of the Committee's notice that it could not reach a determination or, if applicable, within ten (10) school days of the Superintendent's receipt of any written Committee statements referenced above. Copies of the Superintendent's determination shall be provided to the appealing teacher, evaluating administrator and MTA president.
3. A copy of the APPR, the teacher's appeal, and the final written determination (Superintendent or Committee) shall be placed in the teacher's personnel file. A complete copy of the record on appeal, including any Committee Member statements, shall be separately maintained in a file in the Superintendent's office.
10. The determination (by either the Committee or Superintendent) shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the teacher's appeal. If the appeal is sustained in whole or in part, the Committee or the Superintendent may modify a rating, order the rating vacated, or modify a TIP. Notwithstanding the above, a composite rating shall be reported for each teacher. Annual Professional Performance Reviews of classroom teachers shall be a significant factor for employment decisions, including but not limited to promotion, retention, tenure determination and termination.
11. The determination of the appeal pursuant to the above process is final and binding. It is not subject to any further appeal pursuant to the contractual grievance procedure, or to any administrative or judicial tribunal. However, the failure of either the District or the MTA to abide by the above agreed upon process shall be subject to the grievance procedure set forth in the parties' collective bargaining agreement. Nothing contained in this provision shall prohibit a teacher who is the subject of discipline pursuant to the expedited disciplinary process of Education Law Section 3020-b from raising the validity of the APPR in question on any of the specific procedural (i.e. non-substantive) bases specifically raised in the teacher's appeal and set forth in support of the teacher's defense.
12. The parties agree that the Appeal process described herein shall be subject to review upon the mutual agreement of the parties. In the event of such agreement, parties agree to convene a committee comprised of three representatives of the Association and three representatives of the District to conduct such review. If during such review the parties agree upon changes to the appeal process, such changes shall be incorporated into this review process language. All changes to the APPR plan's appeal process must be agreed to by both parties and approved by the Commissioner of Education. If the parties cannot agree upon changes proposed by either party, then the review process described herein shall remain unchanged.

6.5) Assurance: Evaluators

Please check the box below.

- ☒ The district/BOCES assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

6.6) Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the duration (how many hours, days) of such training.

1. All evaluators, including Lead Evaluators, Evaluators and Independent Evaluators will be trained in a manner consistent with Education Law 3012-d. Training will be consistent with the teaching standards outlined in the Danielson rubric; and the nine required elements of section 30-3.10 of the rules of the Board of Regents.
2. Upon successful completion of appropriate training, all evaluators will be certified and re-certified by the Board of Education annually.
3. All evaluators will maintain inter-rater reliability over time in accordance with education law 3012-d. It is anticipated that these protocols will include measures such as: data analysis; periodic comparisons of assessments; and/or annual calibration sessions across evaluators.
4. Upon successful completion of appropriate training provided through BOCES and in-district sessions, lead evaluators, evaluators and independent evaluators will be certified and re-certified by the Board of Education annually. All evaluators will receive initial training that runs no less than two full business days and re-certification training will be a minimum of one full day.

6.7) Assurances: Teacher Evaluation

Please check all of the boxes below.

- ☒ Assure that the district/BOCES shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☒ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☒ Assure that the following prohibited elements listed in Education Law §3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any district or regionally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall compute and provide teachers whose Student Performance Category measures are based, in whole or in part, on the grades 3-8 ELA/math State assessments and/or State-provided growth scores with their APPR transition scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the district/BOCES shall provide such teachers with their original composite rating by September 1 of the school year next following the school year for which the teacher's performance is being measured, or as soon as practicable thereafter.

6.8) Assurances: Assessments

Please check all of the boxes below.

- ☒ Assure that, where applicable, if students in Common Core courses are taking both the 2005 Learning Standards and Common Core versions of the Regents Assessment, then the district/BOCES will use the higher of the two scores to determine whether a student has met his/her growth target.
- ☒ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- ☒ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the administration and scoring of those assessments.
- ☒ Assure that, where applicable, if your district/BOCES has indicated that more than one version of a Regents assessment for a content area will be used as the underlying evidence for an SLO, that the district/BOCES will only administer both assessments within the timeframes prescribed by the Commissioner. Where only one version of a Regents assessment for a content area is administered in a particular school year, assure that only that assessment will be used as the underlying evidence for an SLO.

Task 7. Original Student Performance - Required (Principals) - Original Task 7.1 (State-Provided Growth Measures)

Page Last Modified: 12/23/2016

Task 7) Original Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) State-Provided Measures of Student Growth (Original)

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth measure, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have an SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any grade-level/course that ends in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For the 2019-20 school year and thereafter, for those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply beginning in the 2019-20 school year (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate assessment(s) used for the back-up SLO beginning in the 2019-20 school year.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: assessment(s) used**

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) assessment(s)
Grades K-6 Building	K	6	NYS Grade 4 ELA, NYS Grade 5 ELA, NYS Grade 6 ELA, NYS Grade 4 Math, NYS Grade 5 Math, NYS Grade 6 Math

7.1) Assurances

Please check the boxes below.

- ☒ Assure that the growth score provided by NYSED will be used, where required.
- ☒ Assure that, starting in the 2019-20 school year, back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.
- ☒ Assure that, during the 2015-16 through 2018-19 school years, the results of the NYS Grades 3-8 ELA/Math assessments and State-provided growth scores will continue to be used to calculate an original score and rating for advisory purposes only.

7.2) Student Learning Objectives (Original)

For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school courses with State or Regents assessments. SLOs will be developed using the grades/courses covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGPresults.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/courses(s) that have the largest number of students using school-wide student results from one of the following assessment options:
- State-approved 3rdparty assessment; or
- State-approveddistrict, regionally, or BOCES-developedcourse-specificassessment.

For each grade configuration indicate the following:

- **Column 1:** lowest grade that corresponds to the building or program
- **Column 2:** highest grade that corresponds to the building or program
- **Column 3:** measure used
- **Column 4:** assessment(s) used

Follow the examples below.

	(1) lowest grade	(2) highest grade	(3) measure	(4) assessment(s)
Grades K-2 Building	K	2	District- or BOCES-wide results	Common Core English, Common Core Algebra, Living Environment, Global 2, US History
Grades 11-12 Building	11	12	Principal-specificresults	Common Core English, US History

Using the table below, please select the measure and assessment(s) that will be used for the SLOs for each grade configuration listed. During the 2016-17 through 2018-19 school years, SLOs that use grade 3-8 ELA/math State assessments as their underlying assessments must be excluded from the calculation of transition scores and ratings.

7.4) Principals with More Than One Growth Measure (Original)

For more information on principals with more than one growth measure, please see NYSED APPR Guidance and SLO

Guidance: <https://www.engageny.org/resource/appr-3012-d>.

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO).

7.5) Assurances

Please check all of the boxes below.

- ☒ Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.
- ☒ Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.
- ☒ Assure that all growth targets are approved by the superintendent or another trained administrator.
- ☒ Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.
- ☒ Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Task 7) Required Student Performance Subcomponent (Transition Period, 2016-17 through 2018-19)

The measures indicated in this section only apply during the 2016-17 through 2018-19 school years.

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent

(A) For a principal of a building which includes grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

During the 2016-17 through 2018-19 school years, pursuant to the requirements of §30-3.17 of the Rules of the Board of Regents, if excluding grade 3-8 ELA/math State assessments and any State-provided growth scores results in no remaining student performance measures, districts/BOCES must develop alternate SLOs based on assessments that are not grade 3-8 ELA/math State assessments for the Required subcomponent of the Student Performance Category during the transition to higher standards through new State assessments aligned to revised learning standards and a revised State-approved growth model.

7.1-7.2) Alternate SLOs (Transition Period, 2016-17 through 2018-19)

Please list the grade configurations of the schools or principals where alternate SLOs will apply. For each configuration, also indicate the measure and assessment(s) used for the alternate SLO.

For each grade configuration indicate the following:

- Column 1: lowest grade that corresponds to the building or program
- Column 2: highest grade that corresponds to the building or program
- Column 3: measure used
- Column 4: assessment(s) used

Follow the examples below.

Grades 11-12 Building	11	12	Principal-specific results	Common Core English, US History

Using the table below, please select the assessment(s) that will be used for the alternate SLOs during the 2016-17 through 2018-19 school years for each grade configuration listed. In all other school years, the SLO will be based on the largest grades/courses in the principal's school building, using State or Regents assessments as the underlying evidence for such SLOs where they exist.

9.2) Assurances

Please check all of the boxes below.

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district/BOCES, provided that districts/BOCES may locally determine whether to use different rubrics for a principal assigned to different grade level configurations or building types.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

9.3) Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance: <https://www.engageny.org/resource/appr-3012-d>.

Please describe the process for weighting the observable domains/subcomponents of the chosen practice rubric (e.g., All observable components will be weighted equally and averaged).

All observable components will be weighted equally and averaged.

9.4) Calculating School Visit Ratings

Assurances

Please check the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in task 9.5 below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Please also check the boxes below.

- ☒ Assure that if the district is granted an annual Rural/Single Building District Independent Evaluator Hardship Waiver by the Department, the second school visit(s) shall be conducted by one or more evaluators selected and trained by the district, who are different than the evaluator(s) who conducted the school visit(s) required to be performed by the Superintendent/supervisor or his/her designee. See Section 30-3.5(d)(1)(ii)(a) of the Rules of the Board of Regents.
- ☒ Assure that if the district/BOCES is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, the terms of such waiver shall apply for the school year during which the waiver is effective and, that in any school year for which there is an approved waiver and such waiver contains information that conflicts with the information provided in Task 9 of the district's/BOCES' approved §3012-d APPR plan, the provisions of the approved waiver will apply. See Section 30-3.5(d)(1)(ii)(b) of the Rules of the Board of Regents.

Task 11. Additional Requirements (Principals) - Tasks 11.1-11.9

Page Last Modified: 12/23/2016

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way.

Principal APPR Appeal Process

APPEALS

The purpose of the internal APPR appeal process is to foster and nurture growth of the principal/administrator in order to maintain a highly qualified and effective work force. The appeal procedures shall provide for the timely and expeditious resolution of the appeal pursuant to section 30-3.12 (b) of the rules of the board of regents.

Appeals are reserved for tenured principals/administrators.

Tenured principals/administrators who meet the criteria for the appeal process identified hereafter may access the appeals procedure. A principal/administrator may not file multiple appeals regarding the same performance review or PIP. All grounds for appeal must be raised within one appeal.

APPR Subject to Appeal Procedure

Any tenured unit member aggrieved by an APPR rating of ineffective or developing may challenge the APPR. An APPR subjected to a pending appeal shall not be offered in evidence in any Education Law 3020-a and 3020-b proceeding until the appeal process has concluded.

Grounds for Appeal

An appeal may be filed challenging the APPR based upon one or more of the following grounds:

- The substance of the Annual Professional Performance Review;
- The district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-d;
- The district's adherence to the regulations of the Commissioner of Education and compliance with any applicable locally negotiated procedures;
- The district's issuance and/or implementation of the terms of the Principal Improvement Plan as required under Education Law section 3012-d.

Notification of the Appeal

In order to be timely, the notification of the APPR appeal shall be filed in writing within 10 business days after the tenured principal/administrator has received the APPR or within ten (10) business days of receipt of the Principal Improvement Plan or within ten (10) business days of the alleged failure of the district to properly implement the terms of the improvement plan. Written notification shall be filed with the superintendent or his/her designee. The written appeal document must clearly identify the grounds for the appeal, and shall explain, in detail, why and how the APPR or PIP should be modified. Failure to articulate a particular basis for the appeal shall be deemed a waiver of that claim. The burden of establishing that the APPR or PIP should be modified shall rest with the appealing administrator.

Appeals shall be referred for consideration to the Administrative Advisory Review Panel, a standing committee made up of two tenured administrators from the Mohonasen Administrator Association, appointed by the president of the MAA and a Central Office Administrator assigned by the superintendent.

An individual administrator who is personally involved in an evaluation shall be ineligible to serve as a Committee member for that specific appeal.

Within fifteen (15) business days of receipt of the appeal by the Superintendent, the Lead Evaluator must submit a detailed written response that includes all documents or materials that are specific to the point(s) of disagreement and/or relevant to the resolution of the appeal.

Material not submitted at the time of the response filing will not be considered in deliberations related to the appeal.

The committee will convene within ten (10) business days of receipt of the written response from the lead evaluator. The administrator's written appeal, APPR, and the lead evaluator's written response shall comprise the record on appeal. Members of the committee will receive the appeal record at least 48 hours in advance of the scheduled meeting.

Decision of the Appeal

All Committee deliberations will be conducted privately and remain confidential except as required below to further process the appeal:

- The committee will evaluate the merits of the appeal based on review of submitted written documentation
- If the committee comes to consensus and is in agreement on whether the appeal should be denied or granted, a single written determination shall be prepared and issued. This determination shall be provided to the appealing principal/administrator, MAA president, and the Superintendent of Schools within two (2) business days of the meeting of the committee.
- If the committee cannot reach consensus, the matter shall be referred to the Superintendent of Schools immediately following the meeting of the Committee. Each member of the Committee may submit to the Superintendent within three (3) business days of the meeting of the committee a written statement describing his or her conclusions, justifications, and recommendation for disposition of the appeal. All appeal documentation shall be provided to the Superintendent within 3 business days of the committee's failure to reach a consensus. At this point, the Superintendent of Schools will meet with the president of the MAA and they will select a mutually agreed upon Superintendent from a local school district to read the appeal and the supporting documents. The superintendent from the local school district will be chosen and will be provided all documentation within ten (10) business days of the meeting of the committee. Said Superintendent will review all statements and the record on appeal and will make a final determination. The Superintendent's (from a local school district) final determination shall be in writing and shall be issued within ten (10) business days after receiving all documentation pertaining to the appeal.

Task 11. Additional Requirements (Principals) - Tasks 11.1-11.9

Page Last Modified: 12/23/2016
