Revised

David Blanchard, Superintendent
Schoharie Central School District
136 Academy Drive
Schoharie, NY 12157

Dear Superintendent Blanchard:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA'splan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPRplan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category,see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs,see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**:scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**:scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

Page Last Modified: 11/02/2020

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

SLO Assurances

Please check the boxes below.

- ☑ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs.
- ☑ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.**
Danielson's Framework for Teaching (2011 Revised Edition)	NA

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☑ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Page Last Modified: 01/19/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

Trained lead evaluators will continue to observe and evaluate all subcomponentsof the fourdomains, with pre and postconferences for announced observations of all teachers. The district will continue to use the Danielson's Framework for Teaching 2011 rubric for the purpose of evaluating teachers. All subcomponents of the rubric will be observed. The district will use the score obtained for all subcomponents of the rubric. All observable subcomponents of the rubric will be weighted equally and averaged in order to obtain a score for each observation. The score of the announced observation will equal 90% of the teacher's observation score. The one unannounced observation will account for 10% of their score. All four domains will be evaluated over the courseof the year. Where more than one observation is performed by the supervisor, final scores for each observation will be weighted equally and averaged to reach a final score for that category of evaluator.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

Page Last Modified: 01/19/2021

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Observation Assurances

Please check all of the boxes below.

- ☑ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. 1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed;and, where appropriate,

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law§3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review;which shall include the following:

(i) in the instance of a teacher rated Ineffective on the StudentPerformance category, but rated Highly Effective ontheObservationcategory based on an anomaly, as determined locally;

(2) the LEA'sadherence to the standards and methodologies required for such reviews, pursuant to Education Law§3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4)the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

J. APPR Appeals
1. Teacher Request for Supporting Documents
Within five (5) school days of receipt of the APPR, a teacher may request, in writing, that the administrator issuing the APPR provide theteacher a copy of any and all documents and written materials upon which the APPR was based. The authoring administrator shall provide allsuch documents to the teacher within five (5) school days of the request. Only materials provided in response to the request shall be considered inthe deliberations as to the validity of the APPR.
2. Right to Appeal
a. Only tenured teachers who receive an APPR rating of "ineffective" or "developing" may appeal their APPR through the procedure herein. Ateacher may file only one appeal from a single APPR.
b. Probationary teachers may not file appeals through the procedure established herein but may file a written rebuttal which shall be attachedto the APPR. Probationary teachers may only challenge claims of APPR procedural violations through the contractual grievance procedure.
3. Filing of Appeal by Tenured Teacher
A tenured teacher may file a written appeal of the APPR within twenty-five (25) school days of the receipt of the requested supportingdocuments. Any appeal shall be filed with the Superintendent of Schools.
An appeal of an APPR must be based upon one or more of the following grounds:
a. The substance of the APPR;
b. The District's failure to adhere to the standards and methodologies required for the APPR that are set forth in Education Law 3012-d andapplicable rules and regulations;
c. The District's failure to comply with locally negotiated procedures and timelines;
d. The District's failure to issue and/or implement the terms of the Teacher Improvement Plan, where applicable, as required under EducationLaw 3012-d.
The written appeal document shall be a letter or an email; it must clearly identify the grounds for appeal, and shall explain, in detail, why theappealing teacher believes the APPR should be modified or redone.
Levels of Appeal: (see chart below)
LEVEL I: After receiving the Overall rating, the teacher will first try to resolve the appeal with the administrator/evaluator of record.
LEVEL II: If the teacher and the administrator cannot resolve the appeal informally, the teacher will make the appeal in writing with thenecessary supporting documentation attached. The administrator/evaluator will have ten (10) school days to respond in writing to the appeal.
If s/he finds the points valid, changes in the rating will be made.
If s/he denies the Level II appeal, it shall be done so in writing with explanation/rationale.
LEVEL III: If the administrator denied the request and chooses not to re-scorethe observation, the denial shall be reduced to writing. Ifthe teacher is unsatisfied with the written response from the administrator/evaluator, a formal appeal request shall be made by email or writtenletter to the Superintendent of Schools within ten (10) school days after receipt of the Level II response.
4. Review by APPR Appeals Committee
Formal appeals shall be referred for consideration by the APPR Appeals Committee, a standing committee made up of two (2) administratorsfrom within the District appointed by the Superintendent of Schools, and seven (7) tenured teachers from within the District appointed by thepresident of the Schoharie Teachers Association. Two (2) of the seven (7) teachers appointed by the Association will be included with theapproval of the Superintendent of the Schoharie CSD. The hearing committee will be selected from this pool and will serve on an appeal byappeal basis. The hearing committee will consist of two (2) administrators appointed by the superintendent of schools, two (2) teachersappointed by the president of the Association and 1 (one) teacher mutually agreed upon by both the superintendent and Associationpresident. All members of the standing committee shall be appointed annually, and all members shall be required to complete the trainingrequired of lead evaluators under the APPR regulations. In the event that an administrator assigned to the Committee has authored the APPRin question, an alternate administrator will be assigned by the Superintendent. In the event that a teacher filing an appeal is a Committeemember, an alternate teacher will be assigned by the president of the Teachers Association. Any/all alternates are required to have completedthe training required of lead evaluators under the APPR regulations.
The APPR Appeals Committee shall convene to consider the appeal within ten (10) school days of the filing of the request to move to level III. The committee shalldetermine its own rules and procedures, which may be altered as the Committee sees fit as it performs its duties. The committee shalldetermine, for example, whether to allow committee members to review the documents underlying an APPR prior to the convening of thecommittee, and whether to invite either the appealing teacher or the authoring administrator, or both, to address or be questioned by thecommittee. It shall be the duty of the committee to answer the question, "has the teacher demonstrated that the APPR should be modified or recalculated?" Inthe course of answering this question, the committee may consider the claims of the procedural violations and shall determine whether theclaimed violations are significant enough to warrant modifying or recalculate the APPR.
5. Determination of Appeal

Page Last Modified: 01/13/2021

Upon the conclusion of its consideration of an appeal (no later than five school days from the date the committee convenes), each member ofthe committee shall vote to uphold the APPR, modify the APPR, or recalculatethe APPR. If the committee agrees by majority vote on one of thesechoices, the committee shall give written notice of its decision to the appealing teacher, the president of the Schoharie Teachers Associationand the Superintendent of Schools. The committee's decision shall be final and binding.

In the event the committee does not have majority support for one of the above stated options in its decision on an appeal, each member ofthe committee shall write a brief statement setting forth and explaining his or her recommendation for disposition of the appeal. The committeemembers' written statements, together with the full record of the appeal, shall then be forwarded to the Superintendent of Schools within thesame 5 day period as above. The Superintendent shall have final authority to resolve the appeal. The Superintendent's decision shall be inwriting and will have as attachments all of the committee members' written statements attached thereto. The decision of the superintendentshall be rendered within five (5) school days of receipt of the reports from the appeals committee members.

6. Exclusivity of Appeal Process

The APPR Appeals Process set forth herein shall be the sole method of appealing either an APPR or claimed violation of the procedural orsubstantive requirements of the APPR process. Except as specifically allowed in Section II, there shall be no appeal allowed through thecontractual grievance procedure or to any administrative or judicial tribunal. The Superintendent's decision will be final and binding and notsubject to the grievance process.

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

All evaluators will be trained and all lead evaluators will be trained and certified by the Board of Education under the nine requirements prescribed in §30-3.10 of the Rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in §30-3.10(c). All evaluators, lead evaluators and independent evaluators are retrained annually. Training for all evaluators will be conducted by Capital Region BOCESteacher and principal leaders on career ladder pathways and will consist of approximatelyfive school days throughout the school year. Inter-rater reliability will be maintained over time through various activities,including data analysis to detect disparities on the part of one or more evaluators, periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same educator, and annual calibration sessions across evaluators. Certified school administrators or superintendents of schools serving as lead evaluators will not be prohibited from conducting classroom observations or school visits as part of an APPR prior to completion of the training required by §30-3.10 provided such training is successfully completed prior to completion of the evaluation. Lead evaluators will be re-certified by the Board of Education annually. Additionally, all impartial independent observers will also be retrained annually to maintain calibration levels consistent with district expectations. Annual retraining for all evaluators, lead evauators and independent evaluators will be completed during half day training sessions provided by Capital Region BOCES.
Schoharie CSD does not plan to use peer observers.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**:scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configurationor across multiple building/programs where the learning activities of one building/programindirectly contributeto student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA'sfocus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**:scores and ratings will be based on the growth of all students across buildings/programs in an LEAwho take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEAin the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**;or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments**(district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Page Last Modified: 01/13/2021

- adescription of the areas of principal practice that will be evaluated;
- adescription of how the selected areas of principal practice promote student growth;
- adescription of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

Rubric Name	**If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.**
Multidimensional Principal Performance Rubric	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☑ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☑ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☑ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☑ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Page Last Modified: 01/13/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

Principals will still be evaluated with 1 full announced observationby a trained lead evaluator.All components of all domains of the Marshall Rubric will be evaluated over the course of the year.All components of all domains areweighted equally and averaged.The district'strained lead evaluator will plan to conduct one full, announced observation with pre and post conferences to count for 90% of the observationcomponent in the overall APPR score. The district will conduct an observation for principals using an independent evaluator that will count for 10% of the observation component in the overall APPR score.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

All evaluators will be trained and all lead evaluators will be trained and certified by the Board of Education under the nine requirements prescribed in §30-3.10 of the Rules of the Board of Regents. Impartial independent observers will receive training on the three requirements prescribed in §30-3.10(c). All evaluators, lead evaluators and independent evaluators are retrained annually. Training for all evaluators will be conducted by Capital Region BOCESteacher and principal leaders on career ladder pathways and will consist of approximatelyfive school days throughout the school year. Inter-rater reliability will be maintained over time through various activities,including data analysis to detect disparities on the part of one or more evaluators, periodic comparisons of a lead evaluator's assessment with another evaluator's assessment of the same educator, and annual calibration sessions across evaluators. Certified school administrators or superintendents of schools serving as lead evaluators will not be prohibited from conducting classroom observations or school visits as part of an APPR prior to completion of the training required by §30-3.10 provided such training is successfully completed prior to completion of the evaluation. Lead evaluators will be re-certified by the Board of Education annually.
