Jeffrey Matteson, Superintendent  
Tompkins-Seneca-Tioga BOCES  
555 Warren Road  
Ithaca, NY 14850

Dear Superintendent Matteson:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa  
Commissioner

**Disclaimers**

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

**Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

*100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.***Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.****Student Learning Objectives (SLOs)**

For guidance on SLOs, see NYSED SLO Guidance.

**SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.****MEASURES***SLO measures may be either individually attributed or collectively attributed.**Individually attributed measures*

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

**ASSESSMENTS***Any of the measures above may be used with one or more of the following assessment types.*

**SLO Assurances**

Please check the boxes below.

- Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

**Optional Student Performance Subcomponent**

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

*Percentage of Student Performance category to be locally determined if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A)** A second SLO, provided that this SLO is different than that used in the required subcomponent;
- **Option (B)** A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- **Option (C)** A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (D)** A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- **Option (E)** An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 02/25/2021

**Teacher Observation Category**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

**Teacher Practice Rubric**

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching (2013 Revised Edition)	(No Response)

**Rubric Assurances**

Please check all of the boxes below.

- Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

**Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

**Example:** All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

TST BOCES will score all components within the 4 domains of the Danielson 2013 rubric. Each component will receive a score of 1-4 based on the collected evidence. The component scores within a domain will be weighted equally and averaged to create a domain score. The total observation score will be created by averaging all four equally weighted domain scores.

**Scoring Assurances**

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 02/25/2021

**Please check each of the boxes below.**

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Teacher Observation Scoring Bands**

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
<b>H</b>	3.5 to 3.75	4.0
<b>E</b>	2.5 to 2.75	3.49 to 3.74
<b>D</b>	1.5 to 1.75	2.49 to 2.74
<b>I</b>	0.00*	1.49 to 1.74

*\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

**HEDI Ranges**

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.50	4.00

Please select a minimum value between 2.50 and 2.75 and a maximum value between 3.49 and 3.74 for the Effective range.

**Observation Assurances**

**Please check all of the boxes below.**

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. - Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required observations will be unannounced.

**Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators**

- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

**Category and Overall Ratings**

For guidance on APPR scoring, see NYSED APPR Guidance.

**Category Scoring Ranges**

The overall Student Performance category score and the overall Observation category score will be converted into a HEDI rating based on the ranges listed in the tables below.

**Student Performance Category**

HEDI ratings must be assigned based on the point distribution below.

**Teacher Observation**

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

Overall Student Performance Category Score and Rating			Overall Observation Category Score and Rating		
	Minimum	Maximum		Minimum	Maximum
<b>H</b>	18	20	<b>H</b>	3.5 to 3.75	4.0
<b>E</b>	15	17	<b>E</b>	2.5 to 2.75	3.49 to 3.74

<b>I</b>	0	12	<b>I</b>	0.00	1.49 to 1.74

**Scoring Matrix for the Overall Rating**

The overall rating for an educator shall be determined according to a methodology described in the matrix below.

		Teacher Observation Category			
		Highly Effective (H)	Effective (E)	Developing (D)	Ineffective (I)
Student Performance Category	Highly Effective (H)	H	H	E	D
	Effective (E)	H	E	E	D

- Assure that it is possible to obtain a zero in each subcomponent.
- Assure the overall rating determination for a teacher shall be determined according to the evaluation matrix.
- Assure that a student will not be instructed, for two consecutive school years, by any two teachers of the same subject in the same LEA, each of whom received an Ineffective rating under Education Law Section 3012-d in the year immediately prior to the school year in which the student is placed in the teacher's classroom unless the LEA has a Department-approved waiver from this requirement.

**Teacher Improvement Plan Assurances****Please check each of the boxes below.**

- Assure that the LEA will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.

**Appeal Assurance****Please check the box below.**

- Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

**Appeals**

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

## Annual Professional Performance Review - Education Law §3012-d, amended in 2019

## Task 6. TEACHERS: Additional Requirements - Appeals

Page Last Modified: 01/06/2021

**Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.**

## Appeals Process

**Why?** The purpose of the internal appeal process, and the annual professional performance review process in its entirety, is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. It is hoped that the evaluative practice is one of collaboration and cooperation between teacher and administrator. The more formal appeals process exists for situations when this practice breaks down. It provides an opportunity to appeal a procedural error.

**Who?** Any bargaining unit member receiving an overall “ineffective” rating can appeal the decision in writing no later than fifteen (15) school days of the date when the bargaining unit member receives their annual professional performance review. Ratings of “developing”, “highly effective” or “effective” cannot be appealed.

**What?** Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to the Board of Cooperative Educational Services (BOCES):

- the substance of the annual professional performance review; which shall include the following: in the instance of a teacher rated “ineffective” on the Student Performance category, but rated “highly effective” on the Observation category based on an anomaly, as determined locally.
- the BOCES’ adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d
- the adherence to the regulations of the Commissioner
- compliance with any locally negotiated procedures applicable to annual professional performance reviews or improvement plans
- the BOCES’ issuance and/or implementation of the terms of the teacher improvement plan under Education Law §3012-d.

Because the APPR process in its entirety is a cooperative and collaborative process involving both the bargaining unit member and the authoring administrator, substantive components of the evaluation rubric are NOT appealable. During the course of the year, a draft APPR rubric will be available to both bargaining unit member and the authoring administrator. It is expected that the bargaining unit member not wait until the end of the process to clarify information with the authoring administrator if they believe misunderstandings exist. The entire process described below will be timely and expeditious in accordance with Education Law 3012-d.

**How?**

**START:** Informal Conference with the Authoring Administrator A qualifying bargaining unit member wishing to appeal their APPR must begin by requesting an informal meeting within fifteen (15) school days of the receipt of their final APPR. Requesting this informal meeting via email is an excellent way of documenting the process. The administrator will make every effort to schedule and hold this meeting within five (5) school days of receipt of the request. This conference is intended to allow the authoring administrator and the bargaining unit member to discuss the evaluation procedure and the member’s concerns. It is hoped that disagreements and confusions might be resolved through this process without a more formal appeals process. The bargaining unit member has the option of inviting an Association representative to be present, but no paperwork is required for this step. The conference shall be an informal meeting wherein the authoring administrator and the employee are able to discuss the evaluation and the areas of dispute. It is recommended that both parties take notes. If the bargaining unit member is not satisfied with this stage, he/she may proceed to the more formal grievance stages.

**Stage 1:** Formal Written Appeal to Authoring Administrator

The first stage shall be initiated by the unit member by filing the APPR Appeals Form (see below) with the authoring administrator within five (5) school days after the completion of the informal conference. The authoring administrator will respond in writing within five (5) school days after the written appeal has been filed. This response will include an explanation with some detail as to why the appeal was denied or upheld. When filing an appeal, the bargaining unit member must submit a detailed description of the precise point(s) of disagreement over his or her APPR or the issuance and/or implementation of the terms of his or her improvement plan, along with any and all additional documents or written materials that he or she believes are relevant to the resolution of the appeal. A copy of the performance review and/or issuance/implementation of the terms of TIP being challenged must also be submitted with the appeal. Any such additional information not submitted at the time the appeal is filed shall not be considered in the deliberations related to the resolution of the appeal.

**Stage 2:** Appeal to the Superintendent

If the bargaining unit member is unsatisfied with the administrative response to the appeal, he/she may file an appeal with the District Superintendent. Within five (5) school days of receipt of the written response to the Stage 1 appeal, the bargaining unit member’s submission to the Superintendent must include the following:

- The initial APPR Appeals Form
- Any and all supportive documents that were submitted with the Stage 1 application
- A copy of the administrative response that resulted from Stage 1
- A typed cover statement outlining the concerns that warrant continue appeal. The Association President is copied on this appeal in its entirety.

The Superintendent will respond within ten (10) school days from the receipt of said appeal. This response will either be a formal written determination, or a request for a face-to-face conference with the bargaining unit member and their Association representative. If a conference is requested, it may also include, at the discretion of the Superintendent, the authoring administrator and will produce a written response no later than five (5) additional days from the receipt of said appeal.

The ultimate Superintendent’s determination, either in immediate written response, or in written response subsequent to a conference may be

- to deny the appeal;
- to sustain the appeal and grant the remedy sought;
- or sustain the appeal and modify the remedy.

The bargaining unit member initiating the appeal, the Association President and the authoring administrator shall each receive a copy of the Superintendent’s ultimate response as well as

## Annual Professional Performance Review - Education Law §3012-d, amended in 2019

## Task 6. TEACHERS: Additional Requirements - Appeals

any and all additional information submitted with the response.

Also, all timelines shall be adhered to unless extended by mutual, documented agreement. A bargaining unit member may not file multiple appeals regarding the same performance review or teacher improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed null and void. Except for procedural appeals for failure to follow timelines, the bargaining unit member has the burden of proof to demonstrate a clear and legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief. With the exception of grievances based on failure to follow the procedural steps of this appeals process, the Superintendent's decision shall be final and binding and not subject to the contractual grievance procedure.

**Training Assurance****Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

**Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

**Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**

The District Superintendent will ensure that all evaluators, including: evaluators, independent evaluators, and lead evaluators have been trained and certified in accordance with regulation. TST BOCES Board of Education will certify and re-certify all evaluators annually via Lead Evaluator of Teachers training and certification. Introductory Level training is a 27 hour training and includes training on all nine required elements from Regents Rule 30-3.10 and ends with a calibration session. Activities to ensure inter-rater reliability among evaluators will include evidence based observation techniques (collecting evidence of teacher practices, aligning the evidence with the rubric, scoring the teacher performance, and conducting post-observation feedback sessions) and experiences such as administrative leadership team meetings, building leadership team meetings, state-wide teacher and leader effectiveness trainings and calibration events. Multiple opportunities for further practice and re-calibration will be provided for anyone who does not meet the initial calibration proficiency benchmark. All new evaluators will be given the original training over the course of their first six months on the job through TST BOCES or another BOCES within the Mid-State Joint Management Team (JMT).

The District Superintendent will ensure that all evaluators participate in at least 4 hours of annual re-training. The TST BOCES will utilize BOCES services to provide the retraining and recertification focused on rubric understanding, alignment, growth-producing feedback, calibration, and inter-rater reliability, as well as on some of the required nine elements each year. All of the nine elements described in Regents rule 30-3.10 will be covered in a three year cycle for all evaluators. Any individual who fails to achieve required training or recertification as applicable shall not conduct or complete evaluations.

For guidance on SLOs, see NYSED SLO Guidance.

*SLO measures may be either individually attributed or collectively attributed.**Individually attributed measures*

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program directly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.

**Assurances****Please check all of the boxes below.**

- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- Assure that processes are in place for the superintendent to monitor SLOs and input models.

**Principal School Visit Category**

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals’ professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

**Principal Practice Rubric**

**Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.**

Rubric Name	<b>If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.</b>
Multidimensional Principal Performance Rubric	(No Response)

**Rubric Assurances**

**Please check all of the boxes below.**

- Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

**Process for Weighting Rubric Domains/Subcomponents**

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 02/25/2021

Please describe the process for rating and scoring the selected practice rubric consistent with the Department’s regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

TSTBOCES will score each of the six domains of the MPPR rubric with a rating of 1-4. All domains are observable. The total score will be derived by weighting domains 2 and 3 double, and adding that to the scores of the remaining domains. The total sum of the domain scores will be divided by 8 scores for a final rubric score. ex:  $(D1+D2+D2+D3+D3+D4+D5+D6)/8 = \text{Total Rubric Score}$

**Scoring Assurances**

Please check each of the boxes below.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

**Principal School Visit Scoring Bands**

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
<b>H</b>	3.5 to 3.75	4.0
<b>E</b>	2.5 to 2.75	3.49 to 3.74
<b>D</b>	1.5 to 1.75	2.49 to 2.74
<b>I</b>	0.00*	1.49 to 1.74

\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

**Principal Improvement Plan Assurances****Please check each of the boxes below.**

- Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.
- Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

**Principal Improvement Plan Forms**

All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

**Appeal Assurance****Please check the box below.**

- Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

**Appeals**

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

## Annual Professional Performance Review - Education Law §3012-d, amended in 2019

## Task 11. PRINCIPALS: Additional Requirements - Appeals

Page Last Modified: 02/25/2021

**Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.****Who?**

Any principal receiving an overall “ineffective” rating can appeal the decision in writing no later than fifteen (15) school days after the date when the principal receives their annual professional performance review or the date that their Principal Improvement Plan is assigned. Ratings of “developing”, “highly effective” or “effective” cannot be appealed.

**What?**

An appeal may encompass a challenge to: • the Board of Cooperative Educational Services’ adherence to the standards and methodologies required for such reviews; • the adherence to the Commissioner’s Regulations, as applicable to such reviews; • compliance with any locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and • the Board of Cooperative Educational Services’ issuance and/or implementation of the terms of the principal improvement plan. Because the APPR process in its entirety is a cooperative and collaborative process involving both the principal and the authoring supervisor, substantive components of the evaluation rubric are NOT appealable. During the course of the year, a draft APPR rubric will be available to both principal and the authoring supervisor. It is expected that the principal not wait until the end of the process to clarify information with the authoring supervisor if they believe misunderstandings exist.

**How?****Step 1: Informal Conference with the Authoring Supervisor**

A principal wishing to appeal their APPR must begin by requesting an informal meeting with their supervisor within fifteen (15) school days of the receipt of their final APPR. Requesting this informal meeting via email is an excellent way of documenting the process. The supervisor will hold this meeting within five (5) school days of receipt of the request. This conference is intended to allow the authoring supervisor and the principal to discuss the evaluation procedure and the principal’s concerns. It is hoped that disagreements and confusions might be resolved through this process without a more formal appeals process. The principal has the option of inviting a colleague to be present, but no paperwork is required for this step. The conference shall be an informal meeting wherein the authoring supervisor and the principal are able to discuss the evaluation and the areas of dispute. It is recommended that both parties take notes. If the principal is not satisfied with Step 1, he/she may proceed to the second step.

**Step 2: Formal Written Appeal to Authoring Supervisor**

The second step shall be initiated by the principal by filing the APPR Appeals Form (below) with the authoring Supervisor within five (5) school days after the completion of Step 1. The authoring supervisor will respond in writing within five (5) school days after the written appeal has been filed. This response will include an explanation with some detail as to why the appeal was denied or upheld. When filing an appeal, the principal must submit a detailed description of the precise point(s) of disagreement over his or her APPR or the issuance and/or implementation of the terms of his or her improvement-plan, along with any and all additional documents or written materials that he or she believes are relevant to the resolution of the appeal. A copy of the performance review and/or issuance and/or implementation of the PIP being challenged must also be submitted with the appeal. Any such additional information not submitted at the time the appeal is filed shall not be considered in the deliberations related to the resolution of the appeal.

**Step 3: Appeal to the District Superintendent**

If the principal is unsatisfied with the administrative response to the Step 2 appeal, he/she may file a Step 3 appeal with the District Superintendent or his or her designee. Within five (5) school days of receipt of the written response to the Step 2 appeal, the principal’s submission to the District Superintendent must include the following: • The initial APPR Appeals Form. • Any and all supportive documents that were submitted with the Step 2 application. • A copy of the administrative response that resulted from Step 2. • A typed cover statement outlining the concerns that warrant a Step 3 appeal. The District Superintendent or designee will respond within ten (10) school days from the receipt of said appeal. The response will either be a formal written determination, or a request for a face-to-face conference with the principal. Such a conference may also include, at the discretion of the District Superintendent or designee, the authoring supervisor.

If a conference is requested, it may also include, at the discretion of the Superintendent, the authoring administrator and will produce a written response no later than five (5) additional days from the receipt of said appeal. The ultimate District Superintendent’s determination, either in immediate written response, or in written response subsequent to a conference, may be: • to deny the appeal; • to sustain the appeal and grant the remedy sought; • or sustain the appeal and modify the remedy. The principal initiating the appeal and the authoring supervisor shall each receive a copy of the District Superintendent or designee’s ultimate response as well as any and all additional information submitted with the response. The process will be timely and expeditious. All timelines shall be adhered to unless extended by mutual, documented agreement. Any extension will not exceed 30 days beyond the original timeline of the entire process in order to ensure a timely and expeditious appeal process in compliance with Education Law 3012-d. A principal may not file multiple appeals regarding the same performance review or principal improvement plan. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed null and void. Except for procedural appeals for failure to follow timelines, the principal has the burden of proof to demonstrate a clear and legal right to the relief requested and the burden of establishing the facts upon which petitioner seeks relief. The District Superintendent or designee’s decision shall be final and binding and not subject to legal appeal.

**Training Assurance****Please check the box below.**

- The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

**Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators**

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

**Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.**

The District Superintendent will ensure that all evaluators, including: evaluators, independent evaluators, and lead evaluators have been trained and certified in accordance with regulation. TST BOCES Board of Education will certify and re-certify all evaluators annually.

All new evaluators will initially have 12 hours of training over the course of their first six months on the job through the BOCES from one or more of the BOCES in the Mid-State Joint Management Team (JMT). Training of all evaluators of Principals will include all nine required elements of Regents rule 30-3.10.

The district superintendent will ensure that all evaluators participate in at least 3 hours of annual training and are certified and recertified on an annual basis by the TST BOCES Board of Education. The TST BOCES will utilize BOCES services to provide the retraining and recertification on some of the nine elements each year. All of the nine elements will be covered in a three year cycle for returning administrators. Any individual who fails to achieve required training or recertification as applicable shall not conduct or complete evaluations. Inter-rater reliability will be developed through sharing of Principal Case Studies and agreeing on the rating of these principals using the MPPR rubric. These sharings will occur either through the Superintendents Leadership Council ( in collaboration with component school colleagues) or via internal administrative meetings. At least 2 of these opportunities will occur per year.

# TIP Plan

A Teacher Improvement Plan and TIP designation may be initiated for several potential causes:

- The bargaining unit member is designated in need of improvement during classroom observation(s) *[specific areas of concern will be noted in the Danielson rubric from these observation(s)]*
- The bargaining unit member's total rating on his/her summative APPR designates an ineffective or developing level according to the scale in this document. *[According to the Commissioner's Regulations, every teacher receiving a rating of "developing" or "ineffective" must receive a Teacher Improvement Plan ("TIP") by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.]*
- A bargaining unit member who feels they are struggling may seek out support from administration by requesting a TIP be developed. The administrator and bargaining unit member will determine if this is feasible and necessary.

The issuance of a TIP is not a disciplinary action. Teachers have the opportunity to collaborate with their administrator in TIP development and will be supported in TIP implementation. The purpose of a TIP is to assist teachers to work to their fullest potential. The plan will identify specific improvement areas as well as a timeline and plan for assessing improvement. As in all of the phases of the Annual Professional Performance Review Plan, it is hoped that this phase will result in satisfactorily improved teaching. However, a teacher with two consecutive ineffective annual ratings may be subject to discipline.

## The purpose of a TIP is to:

- provide assistance to bargaining unit members who are rated as "ineffective" or "developing" in the overall rating
- improve a unit member's performance;
- provide additional support; which may include professional development and an opportunity to observe other classes;
- encourage discussion and collaboration in the area(s) of significant concern
- provide information to determine tenure if appropriate

## A TIP must include:

- ✓ identification needed areas of improvement with specific evidence of that need
- ✓ measureable expectations that would demonstrate improvement
- ✓ a timeline for achieving improvement and providing periodic reviews of progress, *(This schedule should outline the periodic feedback and opportunities to review the plan as it moves forward. Ensure that there are sensible and practical timelines. Bargaining unit*

*members are not required to complete TIP activities during school breaks or summer vacations. TIP can carry over between semesters and school years if appropriate.)*

- ✓ the manner in which the improvement will be assessed; and, where appropriate,
- ✓ the appropriate differentiated professional development opportunities, materials, resources and supports the District will make available to assist the teacher including, the assignment of a mentor teacher where appropriate and feasible.

It is expected that a TIP is part of the annual scope of evaluation. If concerns are plainly evident during the year, the administrator and bargaining unit member will discuss the issues that may necessitate a TIP. Some of these details that must be included in the TIP may be rolled into the APPR evaluation document.

If a TIP is demanded by the final rating of the APPR, the administrator will seek input from the bargaining unit member in developing the plan to the degree possible. Although a TIP is not intended to be punitive, the bargaining unit member may request that an Association Representative accompany him or her to meetings with the administrator regarding the TIP and any subsequent disciplinary action.

Such input will help guide the generation of the final TIP using the **TST BOCES Teacher Improvement Plan**.

The final TIP will be initialed by both the administrator and bargaining unit member. A copy will be provided to the bargaining unit member.

Once the plan has been completed by the bargaining unit member, and/or the timeline specified for completion in the TIP has passed, the administrator will determine, in a discussion with the bargaining unit member, followed by written documentation, that:

- The problem has been resolved and the bargaining unit member's no longer needs a TIP.
- The problem has not been resolved and the TIP designation will remain with the same or revised elements;
- The problem has not been resolved and the bargaining unit member may be subject to disciplinary action.

Under Education Law §3012-d, the Board of Cooperative Educational Services' issuance and/or implementation of the terms of the teacher improvement plan can be appealed. No disciplinary action predicated upon ineffective performance being addressed by a TIP shall be taken by the BOCES against a bargaining unit member until that TIP has been fully implemented (according to its documented timeline) and its effectiveness in improving the teacher's performance has been evaluated by the authoring administrator unless otherwise required by law.

# PIP Plan

A Principal Improvement Plan and PIP designation may be initiated for several potential causes:

- The principal is designated in need of improvement during a visit by a supervisor for specific deficits according to all appropriate standards.
- The principal's total rating on his/her summative APPR designates an ineffective or developing level.
- A principal who feels that they are struggling may seek out support from administration by requesting a PIP be developed. The supervisor and principal will determine if this is feasible and necessary.

Every principal receiving a rating of "developing" or "ineffective" must receive a Principal Improvement Plan (PIP) as soon as practicable, but in no case later than October 1 of the following school year.

The issuance of a PIP is not a disciplinary action. As in all of the phases of the Annual Professional Performance Review Plan, it is hoped that this phase will result in satisfactorily improved leadership. However, a principal with two consecutive ineffective annual ratings may be subject to discipline.

## The purpose of a PIP is to:

- provide assistance to principals who are rated as "ineffective" or "developing" in the overall rating
- improve a principal's performance;
- provide additional support; which may include professional development and an opportunity to observe other administrators;
- encourage discussion and collaboration in the area(s) of significant concern
- provide information to determine tenure if appropriate

## A PIP must include:

- ✓ identification of needed areas of improvement with specific evidence of that need
- ✓ measureable expectations that would demonstrate improvement
- ✓ a timeline for achieving improvement and providing periodic reviews of progress, *(This schedule should outline the periodic feedback and opportunities to review the plan as it moves forward. Ensure that there are sensible and practical timelines.*
- ✓ the manner in which the improvement will be assessed; and, where appropriate,
- ✓ the appropriate differentiated professional development opportunities, materials, resources and supports the District will make available to assist the principal including, the assignment of a mentor principal where appropriate and feasible.

It is expected that a PIP is part of the annual scope of evaluation. If concerns are plainly evident during the year, the supervisor and principal will discuss the issues that may necessitate a PIP. Some of these details that must be included in the PIP may be rolled into the APPR evaluation document.

If a PIP is demanded by the final rating of the APPR, the administrator will seek input from the principal in developing the plan to the degree possible. Although a PIP is not intended to be punitive, the principal may request that a colleague accompany him or her to meetings with the supervisor regarding the PIP and any subsequent disciplinary action.

Once the plan has been completed by the principal, and/or the timeline specified for completion in the PIP has passed, the supervisor will determine, in a discussion with the principal, followed by written documentation, that:

- The problem has been resolved and the principal no longer needs a PIP.
- The problem has not been resolved and the PIP designation will remain with the same or revised elements;
- The problem has not been resolved and the principal may be subject to disciplinary action.

Under Education Law §3012-d, the Board of Cooperative Educational Services' issuance and/or implementation of the terms of the principal improvement plan can be appealed.
