Jeffrey Ahearn, Superintendent  
Vestal Central School District  
201 Main Street  
Vestal, NY 13850

Dear Superintendent Ahearn:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa  
Interim Commissioner

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. **Disclaimers**

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

**Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

**100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.**

**Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.**

**Student Learning Objectives (SLOs)**

For guidance on SLOs, see NYSED SLO Guidance.

**SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.**

**MEASURES**

*SLO measures may be either individually attributed or collectively attributed.*

*Individually attributed measures*

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

**ASSESSMENTS**

**SLO Assurances****Please check the boxes below.**

- ☒ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

*Percentage of Student Performance category to be locally determined if selected.*

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

**Please indicate if the Optional subcomponent will be used by making the appropriate selection below.**

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

**Teacher Practice Rubric**

|-------------------------------|-------------------------------------------------------------------------------------------------------|
| Rubric Name                   | If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to. |
| NYSUT Teacher Practice Rubric | (No Response)                                                                                         |

**Rubric Assurances**

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

**Process for Weighting Rubric Domains/Subcomponents**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

**Example:** All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All components are indicators derived from the NYSUT Teacher Practice Rubric negotiated as observable and are uniformly applied to all faculty. For each observation, all indicators are weighted equally and averaged to create a final score for each observation. For tenured teachers, the final score of the formal observation is weighted at 90% and the final score for the informal observation is weighted at 10%. These weighted scores are combined to reach a final score and rating for the overall observation category. For probationary teachers who receive two formal observations, the final score of each formal observation is weighted equally at 45% and the final score for the informal observation is weighted at 10%. These weighted scores are combined to reach a final score and rating for the overall observation category.

**Annual Professional Performance Review - Education Law & §3012-d, amended in 2019****Task 4. TEACHERS: Observations - Rubric and Scoring**

Page Last Modified: 09/24/2020

**Scoring Assurances****Please check each of the boxes below.**

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Teacher Observation Scoring Bands**

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Observation Assurances**

Please check all of the boxes below.

- ☒ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☒ Assure that at least one of the required observations will be unannounced.

**Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators**

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.
- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

**Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.**

**Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)\***

**At least one observation must be conducted by impartial independent trained evaluator(s) and at least one of the required observations must be unannounced (across both required subcomponents).**

- Impartial independent trained evaluators are trained and selected by the LEA.
- They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.
- LEAs may locally determine whether to use more than one observation by impartial independent trained evaluator(s).
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

\* If the LEA is granted an annual Rural/Single Building Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the use of one or more evaluators selected and trained by the LEA, who are different than the evaluator(s) who conducted the observation(s) required to be performed by the principal/supervisor or other trained administrator. If the LEA is granted an annual Undue Burden Independent Evaluator Hardship Waiver by the Department, this subcomponent will be satisfied through the processes described in that application.

**Category and Overall Ratings**

For guidance on APPR scoring, see NYSED APPR Guidance.

**Category Scoring Ranges**

The overall Student Performance category score and the overall Observation category score will be converted into a HEDI rating based on the ranges listed in the tables below.

**Student Performance Category**

HEDI ratings must be assigned based on the point distribution below.

|          | <b>Overall Student Performance Category Score and Rating</b> |         |
|----------|--------------------------------------------------------------|---------|
|          | Minimum                                                      | Maximum |

**Teacher Observation**

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

|          | <b>Overall Observation Category Score and Rating</b> |              |
|----------|------------------------------------------------------|--------------|

Furthermore, for probationary teachers appeals are restricted to those evaluations which are completed prior to the final year of his/her probationary term. (e.g., a teacher serving a four year probationary appointment may file an appeal for the evaluation corresponding to year one, two, or three of her/his probationary term, but not year four of the probationary term.)
3. Purpose: The purpose of the appeals procedure shall be to equitably settle disputes for eligible teachers in Category A (Tenured) or B (Probationary) above.
4. Structure: A teacher eligible to file an appeal may only challenge the following in an appeal:
  1. The substance of the annual professional performance review; which shall include the instance of a teacher rated ineffective on the Student Performance Category but rated highly effective on the Observation/School Visit Category based on an anomaly as determined locally.
  2. The District's adherence to the APPR process and procedures as approved by the Superintendent of the Vestal Central Schools and the Vestal Teachers' Association.
  3. Adherence to the regulations of the Commissioner.
  4. Compliance with the terms of the Teacher Improvement Plan (TIP).
5. Burden of Proof: In an appeal, the teacher has the burden of demonstrating a clear legal right to the relief or remedy requested and the burden of establishing the facts upon which teacher seeks a relief or remedy. The parties acknowledge and agree that the deciding authority at any level of appeal may recommend a relief or remedy which is a modification of the requested relief or remedy. In this event, if the parties agree with the recommended modification, the matter would be considered resolved.
6. Levels of Appeal: There shall be three levels of Appeal.

**Level 1 – Lead Evaluator**

- (Informal) Following a qualifying event, the teacher shall be entitled to schedule a follow up meeting to informally discuss with the lead evaluator any and all issues related to such qualifying event.
- (Formal) Any appeal must be submitted to the lead evaluator in writing no later than ten (10) instructional days of the date when the teacher receives his/her annual professional performance review. If a teacher is challenging the issuance or implementation of a teacher improvement plan, the appeal must be submitted in writing within ten (10) instructional days of issuance of such plan or of the time when the teacher knew or should have known of an alleged breach in the implementation of such plan.
- When filing an appeal, the teacher must submit a detailed written description of the specific grounds for the appeal, as well as the performance review and/or improvement plan being challenged. Along with the appeal, all supporting documentation must be submitted, or specifically noted, if pending. In addition, the teacher shall identify the relief or remedy sought in the appeal. Any grounds for appeal or any supporting documentation/information not submitted or noted at the time the appeal is filed shall not be considered.
- Within ten (10) instructional days of receipt of an appeal, the evaluator responsible for the issue(s) being appealed must submit a detailed written response to the appeal. As part of the evaluator's written response, she/he must indicate whether the relief or remedy sought is granted or denied. Along with the response, all supporting documentation must be submitted, or specifically noted if pending, as well as any additional documents or materials relevant to the response. Any supporting documentation/ information not submitted or noted at the time the response is issued shall not be considered in the deliberations related to the resolution of the appeal. The teacher initiating the appeal, and the VTA President, shall receive copies of the response and any and all additional information submitted with the response.

**Level 2 – Procedural Review Panel (hereinafter "Panel")**

1. Within five (5) instructional days of receipt of the Level 1 response, if a teacher is not satisfied with such response, the teacher may submit the appeal to the Panel, which shall be comprised of one teacher chosen by the VTA President and one administrator selected by the Assistant Superintendent for Instruction. The Panel will be provided all documentation submitted in both the appeal and the lead evaluator's response from Level 1 of this process. The Panel's scope of responsibility shall be limited to procedural matters only. If the appeal pertains to the substance of the evaluation, or if the appeal pertains in part to the substance of the evaluation then the substantive portion of the appeal will be heard by the

superintendent (Level 3) once the Panel completes a procedural review and a recommendation is made.

2. Within five (5) instructional days of receipt of the teacher's appeal, the Panel will convene a meeting at which the teacher (and representative at the option of the teacher) and the lead evaluator (and representative at the option of the lead evaluator) will be allowed to present oral arguments in support of the appeal and the Level 1 response, respectively.

3. The Panel shall gather all information submitted by the teacher and provided by the lead evaluator. The Panel shall also prepare a written summary of the information from the meeting. All information shall be reviewed in light of the procedural requirements of the APPR process. Upon completion of the collection and review of the information, the panel shall forward the information to the Assistant Superintendent for Instruction. The submission to the Assistant Superintendent for Instruction shall occur within five (5) instructional days of the meeting. The Assistant Superintendent for Instruction shall determine whether there were any procedural violations and whether the relief or remedy requested is granted or denied. The Assistant Superintendent for Instruction shall convey the determination in writing to the teacher, the lead evaluator, the VTA President and the Superintendent of Schools within five (5) instructional days of receipt of the written summary prepared by the Panel.

**Level 3 - Superintendent**

- Within five (5) instructional days of receipt of the Level 1 or Level 2 response, if a teacher is not satisfied with such response, the teacher may submit the appeal to the Superintendent of Schools. The Superintendent will be provided all documentation submitted in the appeal, as well as the lead evaluator's response and Advisory Panel's recommendation.
- Within five (5) instructional days of receipt of the teacher's appeal, the Superintendent will conduct a hearing at which the teacher (and representative at the option of the teacher) and the lead evaluator (and representative at the option of the evaluator) will be allowed to present oral arguments in support of the appeal the response and recommendation
- Within five (5) instructional days of the Superintendent hearing, the Superintendent will issue a written determination to the teacher, the VTA President, and the lead evaluator. The written determination shall indicate whether the relief or remedy sought is granted. The decision of the superintendent is final.

**Scope of Appeal Process**

The parties acknowledge that nothing in the foregoing appeal process shall diminish the authority of the Superintendent of Schools and the Board of Education to interrupt a probationary appointment, deny tenure, or prefer charges for the purpose of proceeding to a hearing pursuant to 3020-a and 3020-b of the Education law, unless such action would be contrary to applicable law or regulation.

**Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.**

Training and Certification of All Evaluators, including Lead Evaluators, Evaluators, and Independent Observers

**A) Criteria for the Training and Certification of All Evaluators, including Lead Evaluators, Evaluators, and Independent Observers.**

The district ensures that all evaluators are appropriately trained. The training provided to all evaluators, including lead evaluators, evaluators, and independent observers, will be the same to ensure inter-rater reliability and close adherence to the district's instructional models and expectations. The Board of Education will annually certify, or re-certify, all evaluators. Any individual who fails to receive required training or achieve certification or recertification, as applicable shall not conduct or complete an evaluation. All initial training and annual retraining of all evaluators shall include the nine elements required under Regents rule 30-3.10:

- (1) the New York State teaching standards and their related elements and performance indicators and the leadership standards and their related functions, as applicable;
- (2) evidence-based observation techniques that are grounded in research;
- (3) application and use of any methodology as part of an SLO and any optional second measures of student performance used by the district to evaluate its teachers or principals;
- (4) application and use of the State-approved teacher or principal rubric(s) selected by the district for use in evaluations, including training on the effective application of such rubrics to observe a teacher or principal's practice;
- (5) application and use of any assessment tools that the district utilizes to evaluate its classroom teachers or building principals;
- (6) application and use of any locally selected measures of student performance in the optional subcomponent of the student performance category used by the district to evaluate its teachers or principals;
- (7) use of the statewide instructional reporting system;
- (8) the scoring methodology utilized by the department and/or the district to evaluate a teacher or principal under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the commissioner for the four designated rating categories used for the teacher's or principal's overall rating and their category ratings; and
- (9) specific considerations in evaluating teachers and principals of English language learners and students with disabilities.

**B) Process for Initial Training and Certification of All Evaluators, including Lead Evaluators, Evaluators, and Independent Observers.**

Initial training of all evaluators, including lead evaluators, evaluators, and independent observers, consists of approximately twelve (12) hours of instruction. Training for all evaluators of teachers will be provided by the district and/or Broome-Tioga BOCES. In addition to participating in learning opportunities consistent with the nine required elements for certification participants will receive in depth training in the following areas:

- Instruction in 3012-D and the Annual Professional Performance Review regulations and district plans
- Orientation to and practice in observation techniques and evidence collection
- Orientation to district forms and protocols, including lesson planning documents and evidence reporting documents.
- Overview of district-wide instructional models and expectations to support coaching and feedback.

**C) Process for Annual Retraining and Recertification of All Evaluators, including Lead Evaluators, Evaluators, and Independent Observers.**

Annual refresher training for all previously certified evaluators of teachers, including lead evaluators, evaluators, and independent observers, consists of approximately eight (8) hours of training over time, which includes an initial session and subsequent sessions to maintain interrater reliability and promote quality feedback which will include, but is not limited to:

- Review of district-wide annual professional development initiatives in the area of lesson planning, instruction, and curriculum design.
- Coordinated sharing and review of district developed evidence collection documents for the purposes of scoring calibration and inter-rater reliability.
- Data analysis of scoring trends among district evaluators and regionally, across multiple districts.
- Review of subcomponents of the rubrics.
- Use of videos/simulations to collect evidence, calibrate scoring, and maintain inter-rater reliability.
- Simulated practice through individual or team "coaching the evaluator" and facilitated "observation rounds."
- Retraining and coaching on providing quality feedback to teacher.
- Retraining and coaching on quality TIP processes.

**Required Student Performance Subcomponent**

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

**100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.**

**Required Student Performance Measures**

**Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.**

**STUDENT LEARNING OBJECTIVES**

For guidance on SLOs, see NYSED SLO Guidance.

*SLO measures may be either individually attributed or collectively attributed.*

*Individually attributed measures*

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

*> Principal and building/program-specific*

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

*Collectively attributed measures*

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

*> District- or BOCES-wide*

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

**ASSESSMENTS**

*Any of the measures above may be used with one or more of the following assessment types.*

- **State assessment(s);** or  
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

**INPUT MODEL**

**Assurances****Please check all of the boxes below.**

- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☒ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

**Please check all of the boxes below.**

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Page Last Modified: 08/20/2020

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

**Example:** All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

The Multidimensional Rubric consist of six domains. Each domain consists of sub-domains. The observable domains will be weighted as follows:

- Domain 1 – Shared Vision of Learning (20%)
- Domain 2 – School Culture and Instructional Program (30%)
- Domain 3 – Safe, Efficient, Effective Learning Environment (20%)
- Domain 4 - Community (10%)
- Domain 5 – Integrity, Fairness, Ethics (10%)
- Domain 6 – Political, Social, Economic, Legal and Cultural Context (10%)

Each observed sub-domain of the Multidimensional rubric shall receive a score of between 1 and 4. Only the observed sub-domains of each domain shall be scored. The scores of the sub-domains will be averaged equally to assign a score to the domain that will be weighted. The weighted scores for each domain shall be totaled and averaged.

**Scoring Assurances**

Please check each of the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

**Principal School Visit Scoring Bands**

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

Appeal procedures should limit the scope of appeals under Education Law §3012-d to the following subjects:

1. The substance of the annual professional performance review, which shall include the following:
2. In the instance of a principal rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation/School Visit Category, based on an anomaly, as determined locally (Subpart 30-3.12 (a) (1) of the Rules of the Board of Regents);

Regarding the implementation of the improvement plan, an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

The principal shall provide documentation and evidence to support the appeal which shall be used by the reviewer to substantiate the decision to deny or affirm the appeal.

Levels Of Appeal

There shall be two levels of appeals:

Timeframe For Filing Appeal

Level 1 appeals must be submitted in writing no later than 15 school days of the date when the principal receives her /his final annual professional performance review. If a principal is challenging the issuance of principal improvement plan, appeals must be filed with 15 school days of issuance of such plan or a violation of the implementation of the improvement plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned.

When filing an appeal, the principal must submit a detailed written description of the specific areas of disagreement over his/her performance review, or the issuance and/or implementation of the terms of her/her improvement plan and any additional documents or materials relevant to the appeal. The performance review and/or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered during the appeal process. All documents and materials must be submitted to the Superintendent of Schools.

The written response shall include copies of all documents and materials submitted by the principal, the lead evaluator and from the Level 1 decision. Copies of the written response and all accompanying documents and materials shall be provided to the principal and the Superintendent of Schools. Training and Certification of All Evaluators, including Lead Evaluators, Evaluators, and Independent Observers

**Criteria for the Training and Certification of All Evaluators, including Lead Evaluators, Evaluators, and Independent Observers.**

The district ensures that all evaluators are appropriately trained. The training provided to all evaluators, including Lead Evaluators, Evaluators, and Independent Observers, will be the same to ensure inter-rater reliability and close adherence to the district's instructional models and expectations. The Board of Education will annually certify, or re-certify, all evaluators. Any individual who fails to receive required training or achieve certification or recertification, as applicable shall not conduct or complete an evaluation. Training for all evaluators, in accordance with the requirements of Education Law 3012-d, is aligned to all nine required elements for certification:

1. The Leadership Standards and their related functions, as applicable
2. Evidence-based observation techniques that are grounded in research
3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its principals
4. Application and use of the State-approved principal rubric(s) selected by the LEA for use in evaluations, including training on the effective application of such rubrics to observe a principal's practice
5. Application and use of any assessment tools that the LEA utilizes to evaluate its building principals

9. Specific considerations in evaluating principals of English language learners and students with disabilities

**A) Process for Initial Training and Certification of Lead Evaluators, Evaluators, and Independent Observers.**

Initial training of all evaluators consists of approximately six (6) hours of instruction. Training for all evaluators will be provided by Broome-Tioga BOCES and the district.
