Revised

John Goralski, Superintendent
Warrensburg Central School District
1 James Street
Warrensburg, NY 12885

Dear Superintendent Goralski:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Interim Commissioner

Disclaimers

For guidance related to Annual Professional Performance Review plans, see NYSED APPR Guidance.

The Department will review the contents of each local educational agency's (LEA) Annual Professional Performance Review (APPR) plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented APPR plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the APPR plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this APPR plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

SLO Assurances**Please check the boxes below.**

- ☒ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent**

Page Last Modified: 10/15/2020

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 4. TEACHERS: Observations - Rubric and Scoring**

Page Last Modified: 10/30/2020

Teacher Observation Category

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to.
Danielson's Framework for Teaching	(No Response)

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

The administration and the teachers association decide on an annual basis which components are observable for all teachers and across the entire observation cycle. In each observation all elements are scored on the 1-4 scale weighted equally and averaged across all domains. For tenured teachers this score represents 90% of the score. For non tenured teachers for the two observations are averaged to determine 90% of the score.

Scoring Assurances

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 10/30/2020

Please check each of the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score

Observation Assurances**Please check all of the boxes below.**

- ☒ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Appeal Assurance**Please check the box below.**

- ☒ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals**

Page Last Modified: 11/03/2020

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals - The following shall apply to the appeals of the annual performance reviews and/or the issuance or implementation of teacher improvement plans:

A) Definitions - For purposes of this Agreement, the terms are defined as follows:

(1) "Performance review" shall mean a teacher's annual professional performance review required by the Education Law and regulations of the Commissioner of Education.

(2) "Highly effective," "effective," "developing" and "ineffective" shall have the same meaning given to those terms in regulations of the Commissioner of Education applicable to the Annual Professional Performance Review of teachers.

(3) "Days" shall mean school days.

B) Right to Appeal - A teacher may appeal his or her annual professional performance review and the School District's issuance and/or implementation of a legally required teacher improvement plan in accordance with the procedures and conditions set forth in this Agreement. Such procedures and conditions constitute the exclusive means for initiating, reviewing and resolving any and all challenges and appeals related to a teacher's performance review and/or improvement plan.

C) Scope of Performance Appeals

(1) For tenured teachers, only a teacher who receives a rating of "developing" or "ineffective" may appeal his or her performance review.

(2) For probationary teachers, only a teacher who receives a rating of "ineffective" may appeal his or her performance review.

(3) A teacher may appeal only the substance of his or her performance review, the School District's adherence to standards and methodologies required for such reviews, adherence to the applicable regulations of the Commissioner of Education, and compliance with the negotiated procedures applicable to the conduct of performance reviews set forth in the School District's annual professional performance review plan.

(4) A teacher may not file multiple appeals regarding the same performance review. All grounds for appealing a particular performance review must be raised within the same appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

(5) Provided the alleged violation is not otherwise subject to the Appeals procedure set forth herein, the failure of the District to abide by the above agreed upon process shall be subject to the grievance procedure set forth in the parties' collective bargaining agreement. If the issue is reviewable under the Appeals process, it must be reviewed under that process and cannot be the subject of a grievance.

D) Scope of Teacher Improvement Plan Appeals

(1) A probationary teacher must be provided a teacher improvement plan upon receiving a final overall performance rating of "developing" or "ineffective." A tenured teacher must be provided a teacher improvement plan upon receiving a final performance rating of "developing" or "ineffective." Such teacher may appeal the School District's issuance of such a plan and/or implementation of the terms of an improvement plan.

(2) A teacher may appeal only the issues regarding compliance with the requirements prescribed in applicable law and regulations for the issuance of improvement plans.

(3) A teacher may not file multiple appeals regarding the issuance of the same improvement plan. All grounds for appealing the issuance of an improvement plan must be raised within the same appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.

E) Timelines for the Commencement of an Appeal

(1) Appeals concerning a teacher's performance review must be filed no later than fifteen (15) days from the first day of school classes in September of the school year following the evaluation year.

(2) Appeals concerning the issuance of an improvement plan must be filed within fifteen (15) days of the School District's alleged failure to comply with any of the requirements prescribed in applicable law and regulations for the issuance of improvement plans.

(3) Appeals concerning implementation of the terms of an improvement plan must be filed within fifteen (15) days from the date of the School District's alleged failure to implement any of the terms of the plan.

(4) No appeal shall be entertained and will be deemed waived unless it was filed within the applicable timeline referenced in this Agreement. The subject matter of any timely appeal or any untimely appeal shall not be reviewed in any other forum.

F) Filing of an Appeal

(1) An appeal must be submitted to the Superintendent or his/her designee, in writing, containing a detailed description of the precise point(s) of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. In addition, the teacher must submit any and all additional documents or written materials specific to the point(s) of disagreement that support the teacher's appeal and are relevant to the resolution of the appeal including the particular performance review and/or improvement plan, as appropriate. Any such additional information not submitted at the time the appeal is filed will not be considered in the WCSD Appeal Panel deliberations related to the resolution of the appeal. The superintendent will forward the appeal to the appeals panel within ten (10) days of receipt of the appeal. During a teacher's appeal process, the teacher may choose to speak to the panel for no longer than 20 minutes regarding the evidence of the appeal. This oral argument will be scheduled within ten (10) days of the panel's receiving the written appeal.

(2) The WCSD Appeals Panel shall consist of two teachers chosen by the Association and one administrator chosen by the Superintendent. The administrator shall not be the evaluator of the teacher. A decision by the panel will be made based on a majority vote. It is understood by both parties

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals**

Page Last Modified: 11/03/2020

that the WCSD Appeals Panel members may change from case to case depending on availability of hearing panel members.

(3) Notwithstanding any other provision of this Agreement, the teacher bears the burden of proving by substantial evidence the merits of his or her appeal.

G) Resolution of an Appeal

(1) Upon rendering a decision, the WCSD Appeal Panel will submit a written decision on the merits of the teacher's appeal no later than fifteen (15) days from the date oral arguments are heard by the panel. The majority decision shall be final and binding. Any appeal shall be deemed completed upon the issuance of this decision.

(2) If an appeal is denied, the teacher has a right to attach a narrative to the evaluation explaining any disagreement with the rating of the observation portion of the evaluation and the findings of the appeal panel.

(3) A decision sustaining an appeal regarding the substance of a teacher's particular performance review and/or the issuance of an improvement plan for the teacher shall require that the School District revise the performance review and/or improvement plan as appropriate, in accordance with the decision. A revised version of the performance review and/or improvement plan shall be placed in the teacher's personnel file, and the original successfully appealed performance review and/or improvement plan shall be redacted accordingly. It is understood by both parties that an outcome of the appeal where the performance review is revised may still result in an unchanged overall rating since the overall rating is a combination of two distinct components.

(4) A decision sustaining an appeal regarding implementation of the terms of a teacher's improvement plan shall require the School District to take appropriate steps to ensure compliance with and the achievement of those terms.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Training**

Page Last Modified: 11/03/2020

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The Warrensburg Central School District will comply with all requirements for the training and certification of all evaluators including, lead evaluators, evaluators, independent and peer evaluators. This commitment includes both the initial trainings of all evaluators on the nine elements listed in Section 30-3.10 of the Rules of the Board of Regents and the ongoing training and support of all evaluators essential to maintain the needed level of inter-rater reliability. All evaluators are trained and certified by WSWHE BOCES trainers over the course of approximately three days of training. The Superintendent, upon receipt of proper documentation that an individual has fully completed training, will certify and recommend to the Board of Education annually for appointment as lead evaluators, evaluators, independent and peer evaluators. The District will work to ensure that all evaluators maintain inter-rater reliability over time by review of completed observations during periodic administration meetings. All evaluators are re-certified on an annual basis by WSWHE BOCES and receive updated training of approximately one day annually on any changes in the law, regulations, or applicable collective bargaining agreements. Training and retraining will be offered regionally, within the district and via WSWHE BOCES trainers as well as provided by other appropriate entities. The Superintendent, upon receipt of proper documentation, will certify and recommend to the Board of Education annually for appointment as lead evaluators, evaluators, independent and peer evaluators.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

Page Last Modified: 10/15/2020

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☒ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assure that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

The superintendent and the principals decide on an annual basis which components are observable for all principals and across the entire observation cycle. In each observation all elements are scored on the 1-4 scale weighted equally and averaged across all domains. For all principals this score represents 90% of the score.

Scoring Assurances

Please check each of the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Page Last Modified: 10/30/2020

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

APPEAL PROCESS Warrensburg Central School District Principal APPR Appeal Process **CHALLENGES IN AN APPEAL:** Appeals are limited to those identified by Education Law §3012-d, as follows: (1) The substance of the annual professional performance review; (2) The school district's or board of cooperative educational services' adherence to the standards and methodologies required for such reviews; (3) The adherence to Commissioner's Regulations, as applicable to such reviews; (4) Compliance with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans; and (5) The school district's or board of cooperative educational services' issuance and/or implementation of the terms of the principal improvement plan.

RATINGS THAT MAY BE APPEALED: Appeals of annual professional performance reviews may be brought for ineffective, developing or any rating tied to compensation. An appeal may only be initiated once a principal receives the overall rating.

PROHIBITION AGAINST MORE THAN ONE APPEAL A principal may not file multiple appeals regarding the same performance review. The issuance of an improvement plan may prompt an appeal independent of the performance review. The implementation of an improvement plan may be appealed upon each alleged breach thereof. All grounds for appeal must be raised with specificity within such appeal. Any grounds not raised shall be deemed waived.

BURDEN OF PROOF The burden shall be on the district to establish by the preponderance of the evidence that the rating given to the appellant was justified or that an improvement plan was appropriately issued and/or implemented.

TIME FRAME FOR FILING APPEAL All appeals shall be filed in writing. The act of mailing the appeal shall constitute filing. An appeal of a performance review must be filed no later than fifteen (15) business days from the date when the principal receives their final and complete annual professional performance review. If a principal is challenging the issuance of a principal improvement plan, appeals must be filed with fifteen (15) business days of issuance of such plan. An appeal of the implementation of an improvement plan shall be within fifteen (15) business days of the failure of the district to implement any component of the plan. The failure to file an appeal within these timeframes shall be deemed a waiver of the right to appeal and the appeal shall be deemed abandoned. An extension of the time in which to appeal may be granted by the superintendent within five (5) business days upon receipt of written request. Regardless of any extension granted the process will remain timely and expeditious in accordance with NYS Education Law, 3012-d. When filing an appeal, the principal must submit a written description of the specific areas of disagreement over his or her performance review, or the issuance and/or implementation of the terms of his or her improvement plan. Supportive evidence about the challenges may also be submitted with the appeal. Any additional documents or materials relevant to the appeal must be provided by the district upon written request for same. The performance review and/or improvement plan being challenged must also be submitted with the appeal.

TIMEFRAME FOR DISTRICT RESPONSE Within ten (10) business days of receipt of an appeal, the district must submit a detailed written response to the appeal. The response must include all additional documents or written materials relevant to the point(s) of disagreement that support the district's response. Any such information that is not submitted at the time the response is filed shall not be considered on behalf of the district in the deliberations related to the resolution of the appeal. The principal initiating the appeal shall receive a copy of the response filed by the school district, and all additional information submitted with the response, at the same time the school district files its response. Additional material supporting the challenges may be submitted by the principal up to the date of the hearing.

DECISION PROCESS FOR APPEAL Within five (5) business days of the district's response, a single individual hearing officer shall be chosen from the list of hearing officers approved mutually by the district and bargaining unit representing the principals. The parties agree that: a. The hearing officer shall hear appeals in a timely manner after the appeal is made, but in no event shall it be less than five (5) business days or more than fifteen (15) business days after the hearing officer is selected. b. The hearing shall be conducted in no more than one (1) business day unless extenuating circumstances are present and the hearing officer agrees to a second day. c. The parties shall have the ability to be represented by either legal counsel, union representative, or appear pro se. d. The parties shall exchange an anticipated witness list no less than two (2) business days before the scheduled hearing date. e. The principal shall have the prerogative to determine whether the appeal shall be open to the public or not. f. The district shall have the opportunity to present its case supporting the rating or improvement plan and then the principal may refute the presentation. These may include the presentation of material, witnesses and/or affidavits in lieu of testimony.

DECISION A written decision on the merits of the appeal shall be rendered no later than ten (10) business days from the close of the hearing. Such decision shall be a final administrative decision. The decision shall set forth the reasons and factual basis for the determination on each of the specific issues raised in the appeal. The reviewer must either, affirm, set aside or modify a district's rating or improvement plan. A copy of the decision shall be provided to the principal and the district representative.

EXCLUSIVITY OF SECTION 3012-d APPEAL PROCEDURE This appeal procedure shall constitute the means for initiating, reviewing and resolving challenges to a principal performance review or improvement plan. A principal may not resort to any other contractual grievance procedures for the resolution of challenges and appeals related to a professional performance review and/or improvement plan. **OTHER** 1. The district and bargaining unit for the principal shall maintain a list of no less than three (3) mutually agreed upon hearing officers. 2. Appeals shall be assigned to hearing officers on a rotational basis, alphabetically by last name. 3. The district and unit will mutually agree on the stipend for hearing officers, hearing date, analysis of documents, and production of the decision. This cost shall be the responsibility of the district. 4. In addition to any

further limitations agreed to within the APPR agreement, an evaluation shall not be placed in a principal's personnel file until either the expiration of the fifteen (15) business day period in which to file a notice of appeal without action being taken by the principal or the conclusion of the appeal process described herein, whichever is later. 5. A principal who takes advantage of the appeals process described herein does not waive his/her right to submit a written rebuttal to the final evaluation. A principal who elects to submit a written rebuttal to his/her evaluation prior to the expiration of the fifteen (15) business days in which to file a notice of appeal does not waive her/his right to file an appeal.

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The Warrensburg Central School District will comply with all requirements for the training and certification of all evaluators including, lead evaluators, evaluators, independent and peer evaluators. This commitment includes both the initial trainings of all evaluators on the nine elements listed in Section 30-3.10 of the Rules of the Board of Regents and the ongoing training and support essential to maintain the needed level of inter-rater reliability by review of completed observations at periodic administrative meetings. All evaluators will be trained and certified after training by WSWHE BOCES trainers over the course of approximately three days of training. The Superintendent will certify all evaluators, will document and file records to assure completed training, and will maintain records and inform the Board of Education of training and recommend to the Board of Education annual appointment as a lead, independent and peer principal evaluator. Evaluator training will occur regionally through WSWHE BOCES Trainers and use any other appropriate training venues. The District will establish a process to maintain inter-rater reliability over time. The District will work to ensure that principal lead evaluators, evaluators, independent and peer evaluators maintain inter-rater reliability over time and that they are re-trained re-certified on an annual basis and receive updated training on any changes in the law, regulations, or applicable collective bargaining agreements. Re-training will be regionally, within the district and via WSWHE BOCES Trainers as well as provided by other appropriate training. The Superintendent, upon receipt of proper documentation will maintain and notify the BOE annually information regarding training to support the recommendation for certification/ recertification as a lead evaluators, evaluators, independent and peer evaluators.
