Principal Preparation Project

As an Advisory Team, how do we know what we know about this topic?

Figure 1: Graphic display of data points by type and source (Sept. 16, 2016)

ARTIFACT

This includes quantitative data displays showing the performance of school building leader programs within institutions of higher education in NYS.

DIRECT OBSERVATION

Individual Advisory Team members bring perceptions from personal experience; however, no observational data have been systematically assembled for this project.

OPINION

This includes commonalities from an Advisory Team exercise. "If you could have what you want in an ideal principal preparation program, what would you have?"

ARTIFACT

Cross-walk of NYS laws, regs, ISLLC Standards (2008), and Professional Standards for Educational Leaders (2015)

ARTIFACT

This includes themes from a survey of the literature (see summary of the research). Aim Enhance school building leadership preparation (thereby contributing to improved student success)

OPINION

This includes themes from a series of 21 focus groups taking place Aug. 15-29, 2016. A total of 201 participants from these groups:

- Teachers (39 total)
- SBL certified staff (46 total)
- Supts and DSs (35 total)
- School board members (29 total)
- Deans or designees (52 total)

OPINION
