Ms. Shirley Baker, President
Board of Education
Wyandanch Union Free School District
1445 Straight Path
Wyandanch, NY 11798

Dear Ms. Baker:

In accordance with Chapter 18 of the Laws of 2020, I write to inform you that I am appointing Albert Chase as an independent monitor to the Wyandanch Union Free School District (“Wyandanch UFSD” or “the District”) effective May 1, 2020. The New York State Education Department (NYSED or “the Department”) is aware of long-standing fiscal issues in the Wyandanch UFSD. According to the New York State Office of the State Comptroller (“OSC”), the District has been in some category of fiscal distress since such reports were first issued during the 2012-13 school year. Two recent OSC audits (August 2018 and March 2019) of the District highlight issues regarding decisions made pertaining to procurement, travel, and other expenses.

The Department is aware that the District obtained the services of Richard Daddio, a former business official and New York School Board Association consultant, to address these financial issues by conducting a preliminary audit of the district’s finances. However, the District still has unresolved ongoing financial issues that have been exacerbated by the financial implications of the Coronavirus pandemic, which need to be addressed.

In light of the above, I believe that the District will benefit from the appointment of a monitor who will work with the BOCES District Superintendent Angelique Johnson-Dingle and Department staff to provide oversight, guidance, and technical assistance related to the fiscal policies, practices, programs and decisions of the District, the Board, and the Superintendent of Schools of the District (“Superintendent”).

The monitor shall perform the following duties and responsibilities of a monitor:

- a) Provide oversight, guidance and technical assistance related to the fiscal policies, practices and decisions of the District, the Board and the Superintendent;
- b) Serve as a non-voting ex-officio member of the Board, and as such, attend all District Board of Education meetings, including executive and emergency sessions;
- c) In consultation with the Board, adopt a conflict of interest policy that complies with all existing applicable laws, rules, and regulations and that ensures board members and administrators act in the District’s best interest and comply with applicable legal requirements;

- d) Schedule two public hearings to be held within sixty days of his appointment, which shall allow public comment from the District's residents, students, employees, parents, board members and administration;
- e) In consultation with the Board, develop a proposed financial plan for the District no later than November 1, 2020 for the 2020-2021 school year and the four subsequent school years. The financial plan shall ensure that the annual aggregate operating expenses of the District do not exceed annual operating revenues for such school year and that the major operating funds of the district be balanced in accordance with generally accepted accounting principles. The financial plan shall include statements of all estimated revenues, expenditures, and cash flow projections of the district. Once the proposed financial plan has been approved by the Board, the monitor shall submit such plan to the Commissioner for approval. Where the Board and the monitor do not agree on the elements of the proposed financial plan, the monitor shall submit the proposed financial plan, his amendments to the plan, and documentation providing justification for such disagreements and amendments to the Commissioner no later than December 1, 2020;
- f) Annually review the District's proposed budget to ensure that it is balanced within the context of revenue and expenditure estimates and mandated programs and to ensure that the proposed budget, to the greatest extent possible, is consistent with the District's financial plan. The monitor shall present his findings to the Board and the Commissioner no later than 45 days prior to the date scheduled for the school district's annual budget vote. In the event of a revote, the monitor in conjunction with the Board shall develop and submit the District's proposed budget for the next succeeding school year to the Commissioner no later than 7 days prior to the budget hearing;
- g) Provide semi-annual reports to the Commissioner, Regents, the Governor, the Temporary President of the Senate, and the Speaker of the Assembly on the fiscal and operational status of the District. Such reports shall include all the contracts the district entered into throughout the year;
- h) Work with the District's shared decision-making committee as defined in 8 NYCRR Part 100.11, in developing the financial plan, district goals, implementation of district priorities and budgetary recommendations; and
- i) Assist in resolving any disputes and conflicts, including but not limited to, those between the Superintendent and the Board and among members of the Board.

Additionally, the monitor shall have the following powers as monitor for the District:

- a) The monitor shall be provided access to any necessary documents and records of the district, including access to electronic information systems, databases and planning documents, consistent with all applicable State and federal statutes including, but not limited to, the federal Family Education Rights and Privacy Act ("FERPA") (20 USC §1232g) and New York State Education Law §2-d;
- b) The monitor shall have the authority to disapprove travel outside the State paid for by the District;
- c) The monitor may recommend, and the Board shall consider by vote of a resolution at the next scheduled meeting of the Board, cost saving measures including, but not limited to, shared service agreements; and

- d) The monitor may notify the Board in writing when he or she deems the District is violating an element of the financial plan.

Pursuant to Chapter 18 of the Laws of 2020, Mr. Chase is considered a consultant to the Wyandanch UFSH and his services will be a charge upon the District, which shall also reimburse Mr. Chase for the reasonable and necessary expenses he incurs in performing his duties as a monitor; which shall be offset by any State appropriation for such monitors. Additionally, Mr. Chase shall be entitled to defense and indemnification by the District to the same extent as a District employee. Enclosed is a current draft of the contract, which we have been advised will be signed at a special meeting of the Board on April 29, 2020. Please be reminded that a fingerprinting and criminal history record check of Mr. Chase is to be conducted by the district. The contract entered into by the district and Mr. Chase must be submitted no later than May 1, 2020 for my review and approval. I have also included the following attachments to assist the independent monitor and the school district to implement the provisions of the law:

- Attachment B: Draft Conflict of Interest Policy
- Attachment C: Conduct of Required Public Hearings
- Attachment D: Development of Fiscal and Academic Plans
- Attachment E: Fiscal and Operational Oversight

Should you have questions regarding this appointment, please contact Deputy Commissioner for P-12 Kim Wilkins at kim.wilkins@nysed.gov or 518-474-4817.

We look forward to supporting efforts to improve educational outcomes for all students in the Wyandanch UFSD.

Sincerely,

Shannon L. Tahoe
Interim Commissioner

PARENTS' BILL OF RIGHTS FOR DATA PRIVACY AND SECURITY

To satisfy their responsibilities regarding the provision of education to students in pre-kindergarten through grade twelve, “educational agencies” (as defined below) in the State of New York collect and maintain certain personally identifiable information from the education records of their students. As part of the Common Core Implementation Reform Act, Education Law §2-d requires that each educational agency in the State of New York must develop a Parents’ Bill of Rights for Data Privacy and Security (Parents’ Bill of Rights). The Parents’ Bill of Rights must be published on the website of each educational agency, and must be included with every contract the educational agency enters into with a “third party contractor” (as defined below) where the third party contractor receives student data, or certain protected teacher/principal data related to Annual Professional Performance Reviews that is designated as confidential pursuant to Education Law §3012-c (“APPR data”).

The purpose of the Parents’ Bill of Rights is to inform parents (which also include legal guardians or persons in parental relation to a student, but generally not the parents of a student who is age eighteen or over) of the legal requirements regarding privacy, security and use of student data. In addition to the federal Family Educational Rights and Privacy Act (FERPA), Education Law §2-d provides important new protections for student data, and new remedies for breaches of the responsibility to maintain the security and confidentiality of such data.

A. What are the essential parents’ rights under the Family Educational Rights and Privacy Act (FERPA) relating to personally identifiable information in their child’s student records?

The rights of parents under FERPA are summarized in the Model Notification of Rights prepared by the United States Department of Education for use by schools in providing annual notification of rights to parents. It can be accessed at <http://www2.ed.gov/policy/gen/guid/fpco/ferpa/lea-officials.html>, and a copy is attached to this Parents’ Bill of Rights. Complete student records are maintained by schools and school districts, and not at the New York State Education Department (NYSED). Further, NYSED would need to establish and implement a means to verify a parent’s identity and right of access to records before processing a request for records to the school or school district. Therefore, requests to access student records will be most efficiently managed at the school or school district level.

Parents’ rights under FERPA include:

1. The right to inspect and review the student's education records within 45 days after the day the school or school district receives a request for access.
2. The right to request amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. Complete student records are maintained by schools and school districts and not at NYSED, which is the secondary repository of data,

and NYSED make amendments to school or school district records. Schools and school districts are in the best position to make corrections to students' education records.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent (including but not limited to disclosure under specified conditions to: (i) school officials within the school or school district with legitimate educational interests; (ii) officials of another school for purposes of enrollment or transfer; (iii) third party contractors providing services to, or performing functions for an educational agency; (iv) authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as NYSED; (v) organizations conducting studies for or on behalf of educational agencies) and (vi) the public where the school or school district has designated certain student data as "directory information" (described below). The attached FERPA Model Notification of Rights more fully describes the exceptions to the consent requirement under FERPA).
4. Where a school or school district has a policy of releasing "directory information" from student records, the parent has a right to refuse to let the school or school district designate any all of such information as directory information. Directory information, as defined in federal regulations, includes: the student's name, address, telephone number, email address, photograph, date and place of birth, major field of study, grade level, enrollment status, dates of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received and the most recent educational agency or institution attended. Where disclosure without consent is otherwise authorized under FERPA, however, a parent's refusal to permit disclosure of directory information does not prevent disclosure pursuant to such separate authorization.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA.

B. What are parents' rights under the Personal Privacy Protection Law (PPPL), Article 6-A of the Public Officers Law relating to records held by State agencies?

The PPPL (Public Officers Law §§91-99) applies to all records of State agencies and is not specific to student records or to parents. It does not apply to school districts or other local educational agencies. It imposes duties on State agencies to have procedures in place to protect from disclosure of "personal information," defined as information which because of a name, number, symbol, mark or other identifier, can be used to identify a "data subject" (in this case the student or the student's parent). Like FERPA, the PPPL confers a right on the data subject (student or the student's parent) to access to State agency records relating to them and requires State agencies to have procedures for correction or amendment of records.

A more detailed description of the PPPL is available from the Committee on Open Government of the New York Department of State. Guidance on what you should know about the PPPL can be accessed at <http://www.dos.ny.gov/coog/shldno1.html>. The Committee on Open Government's address is Committee on Open Government, Department of State, One Commerce Plaza, 99 Washington Avenue, suite 650, Albany, NY 12231, their email address is coog@dos.ny.gov, and their telephone number is (518) 474-2518.

C. Parents' Rights Under Education Law §2-d relating to Unauthorized Release of Personally Identifiable Information

1. What “educational agencies” are included in the requirements of Education Law §2-d?

- The New York State Education Department (“NYSED”);
- Each public school district;
- Each Board of Cooperative Educational Services or BOCES; and
- All schools that are:
 - a public elementary or secondary school;
 - a universal pre-kindergarten program authorized pursuant to Education Law §3602-e;
 - an approved provider of preschool special education services;
 - any other publicly funded pre-kindergarten program;
 - a school serving children in a special act school district as defined in Education Law 4001; or
 - certain schools for the education of students with disabilities - an approved private school, a state-supported school subject to the provisions of Education Law Article 85, or a state-operated school subject to Education Law Article 87 or 88.

2. What kind of student data is subject to the confidentiality and security requirements of Education Law §2-d?

The law applies to personally identifiable information contained in student records of an educational agency listed above. The term “student” refers to any person attending or seeking to enroll in an educational agency, and the term “personally identifiable information” (“PII”) uses the definition provided in FERPA. Under FERPA, personally identifiable information or PII includes, but is not limited to:

- (a) The student’s name;
- (b) The name of the student’s parent or other family members;
- (c) The address of the student or student’s family;
- (d) A personal identifier, such as the student’s social security number, student number, or biometric record;
- (e) Other indirect identifiers, such as the student’s date of birth, place of birth, and Mother’s Maiden Name¹;
- (f) Other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or
- (g) Information requested by a person who the educational agency or institution reasonably believes knows the identity of the student to whom the education record relates.

3. What kind of student data is *not* subject to the confidentiality and security requirements of Education Law §2-d?

¹ Please note that NYSED does not collect certain information defined in FERPA, such as students’ social security numbers, biometric records, mother’s maiden name (unless used as the mother’s legal name).

The confidentiality and privacy provisions of Education Law §2-d and FERPA extend only to PII, and not to student data that is not personally identifiable. Therefore, de-identified data (e.g., data regarding students that uses random identifiers), aggregated data (e.g., data reported at the school district level) or anonymized data that could not be used to identify a particular student is not considered to be PII and is not within the purview of Education Law §2-d or within the scope of this Parents' Bill of Rights.

4. What are my rights under Education Law § 2-d as a parent regarding my student's PII?

Education Law §2-d ensures that, in addition to all of the protections and rights of parents under the federal FERPA law, certain rights will also be provided under the Education Law. These rights include, but are not limited to, the following elements:

- (A) A student's PII cannot be sold or released by the educational agency for any commercial or marketing purposes.
 - PII may be used for purposes of a contract that provides payment to a vendor for providing services to an educational agency as permitted by law.
 - However, sale of PII to a third party solely for commercial purposes or receipt of payment by an educational agency, or disclosure of PII that is not related to a service being provided to the educational agency, is strictly prohibited.
- (B) Parents have the right to inspect and review the complete contents of their child's education record including any student data stored or maintained by an educational agency.
 - This right of inspection is consistent with the requirements of FERPA. In addition to the right of inspection of the educational record, Education Law §2-d provides a specific right for parents to inspect or receive copies of any data in the student's educational record.
 - NYSED will develop policies for annual notification by educational agencies to parents regarding the right to request student data. Such policies will specify a reasonable time for the educational agency to comply with such requests.
 - The policies will also require security measures when providing student data to parents, to ensure that only authorized individuals receive such data. A parent may be asked for information or verifications reasonably necessary to ensure that he or she is in fact the student's parent and is authorized to receive such information pursuant to law.
- (C) State and federal laws protect the confidentiality of PII, and safeguards associated with industry standards and best practices, including, but not limited to, encryption, firewalls, and password protection, must be in place when data is stored or transferred.

Education Law §2-d also specifically provides certain limitations on the collection of data by educational agencies, including, but not limited to:

- (A) A mandate that, except as otherwise specifically authorized by law, NYSED shall only collect PII relating to an educational purpose;
- (B) NYSED may only require districts to submit PII, including data on disability status and student suspensions, where such release is required by law or otherwise authorized under FERPA and/or the New York State Personal Privacy Law; and
- (C) Except as required by law or in the case of educational enrollment data, school districts shall not report to NYSED student data regarding juvenile delinquency records, criminal records, medical and health records or student biometric information.
- (D) Parents may access the NYSED Student Data Elements List, a complete list of all student data elements collected by NYSED, at <http://www.p12.nysed.gov/irs/sirs/documentation/NYSEDstudentData.xlsx>, or may obtain a copy of this list by writing to the Office of Information & Reporting Services, New York State Education Department, Room 863 EBA, 89 Washington Avenue, Albany, NY 12234; and
- (E) Parents have the right to file complaints with an educational agency about possible breaches of student data by that educational agency's third party contractors or their employees, officers, or assignees, or with NYSED. Complaints to NYSED should be directed in writing to the Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany NY 12234, email to CPO@mail.nysed.gov. The complaint process is under development and will be established through regulations to be proposed by NYSED's Chief Privacy Officer, who has not yet been appointed.
 - Specifically, the Commissioner of Education, after consultation with the Chief Privacy Officer, will promulgate regulations establishing procedures for the submission of complaints from parents, classroom teachers or building principals, or other staff of an educational agency, making allegations of improper disclosure of student data and/or teacher or principal APPR data by a third party contractor or its officers, employees or assignees.
 - When appointed, the Chief Privacy Officer of NYSED will also provide a procedure within NYSED whereby parents, students, teachers, superintendents, school board members, principals, and other persons or entities may request information pertaining to student data or teacher or principal APPR data in a timely and efficient manner.

5. Must additional elements be included in the Parents' Bill of Rights.?

Yes. For purposes of further ensuring confidentiality and security of student data, as an appendix to the Parents' Bill of Rights each contract an educational agency enters into with a third party contractor shall include the following supplemental information:

- (A) the exclusive purposes for which the student data, or teacher or principal data, will be used;

- (B) how the third party contractor will ensure that the subcontractors, persons or entities that the third party contractor will share the student data or teacher or principal data with, if any, will abide by data protection and security requirements;
- (C) when the agreement with the third party contractor expires and what happens to the student data or teacher or principal data upon expiration of the agreement;
- (D) if and how a parent, student, eligible student, teacher or principal may challenge the accuracy of the student data or teacher or principal data that is collected; and
- (E) where the student data or teacher or principal data will be stored (described in such a manner as to protect data security), and the security protections taken to ensure such data will be protected, including whether such data will be encrypted.
 - a. In addition, the Chief Privacy Officer, with input from parents and other education and expert stakeholders, is required to develop additional elements of the Parents' Bill of Rights to be prescribed in Regulations of the Commissioner.

6. What protections are required to be in place if an educational agency contracts with a third party contractor to provide services, and the contract requires the disclosure of PII to the third party contractor?

Education Law §2-d provides very specific protections for contracts with “third party contractors”, defined as any person or entity, other than an educational agency, that receives student data or teacher or principal data from an educational agency pursuant to a contract or other written agreement for purposes of providing services to such educational agency. The term “third party contractor” also includes an educational partnership organization that receives student and/or teacher or principal APPR data from a school district to carry out its responsibilities pursuant to Education Law §211-e, and a not-for-profit corporation or other non-profit organization, which are not themselves covered by the definition of an “educational agency.”

Services of a third party contractor covered under Education Law §2-d include, but not limited to, data management or storage services, conducting studies for or on behalf of the educational agency, or audit or evaluation of publicly funded programs.

When an educational agency enters into a contract with a third party contractor, under which the third party contractor will receive student data, the contract or agreement must include a data security and privacy plan that outlines how all state, federal, and local data security and privacy contract requirements will be implemented over the life of the contract, consistent with the educational agency's policy on data security and privacy. However, the standards for an educational agency's policy on data security and privacy must be prescribed in Regulations of the Commissioner that have not yet been promulgated. A signed copy of the Parents' Bill of Rights must be included, as well as a requirement that any officers or employees of the third party contractor and its assignees who have access to student data or

teacher or principal data have received or will receive training on the federal and state law governing confidentiality of such data prior to receiving access.

Each third party contractor that enters into a contract or other written agreement with an educational agency under which the third party contractor will receive student data or teacher or principal data shall:

- limit internal access to education records to those individuals that are determined to have legitimate educational interests
- not use the education records for any other purposes than those explicitly authorized in its contract;
- except for authorized representatives of the third party contractor to the extent they are carrying out the contract, not disclose any PII to any other party (i) without the prior written consent of the parent or eligible student; or (ii) unless required by statute or court order and the party provides a notice of the disclosure to NYSED, district board of education, or institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by the statute or court order;
- maintain reasonable administrative, technical and physical safeguards to protect the security, confidentiality and integrity of PII in its custody; and
- use encryption technology to protect data while in motion or in its custody from unauthorized disclosure.

7. What steps can and must be taken in the event of a breach of confidentiality or security?

Upon receipt of a complaint or other information indicating that a third party contractor may have improperly disclosed student data, or teacher or principal APPR data, NYSED's Chief Privacy Officer is authorized to investigate, visit, examine and inspect the third party contractor's facilities and records and obtain documentation from, or require the testimony of, any party relating to the alleged improper disclosure of student data or teacher or principal APPR data.

Where there is a breach and unauthorized release of PII by a by a third party contractor or its assignees (e.g., a subcontractor): (i) the third party contractor must notify the educational agency of the breach in the most expedient way possible and without unreasonable delay; (ii) the educational agency must notify the parent in the most expedient way possible and without unreasonable delay; and (iii) the third party contractor may be subject to certain penalties including, but not limited to, a monetary fine; mandatory training regarding federal and state law governing the confidentiality of student data, or teacher or principal APPR data; and preclusion from accessing any student data, or teacher or principal APPR data, from an educational agency for a fixed period up to five years.

8. Data Security and Privacy Standards

Upon appointment, NYSED's Chief Privacy Officer will be required to develop, with input from experts, standards for educational agency data security and privacy policies. The Commissioner will then promulgate regulations implementing these data security and privacy standards.

9. No Private Right of Action

Please note that Education Law §2-d explicitly states that it does not create a private right of action against NYSED or any other educational agency, such as a school, school district or BOCES.

Model Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the [Name of school ("School")] receives a request for access.

Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the [School] to amend a record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

[NOTE: In addition, a school may want to include its directory information public notice, as required by §99.37 of the regulations, with its annual notification of rights under FERPA.]

[Optional] See the list below of the disclosures that elementary and secondary schools may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside

entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

Attachment B: Draft Conflict of Interest Policy

SCHOOL DISTRICT OFFICER AND EMPLOYEE CODE OF ETHICS

All members of the Board of Education and administration of the school district must at all times act in the school district's best interest. The Board of Education is committed to avoiding any situation in which the existence of conflicting interests of any Board member, officer or employee may call into question the integrity of the management or operation of the school district. The Board recognizes that sound, ethical standards of conduct serve to increase the effectiveness of district officers and staff as educators and public employees in the community. Adherence to a code of ethics promotes public confidence in the schools and furthers the attainment of district goals.

The Board also recognizes its obligation to adopt a code of ethics setting forth the standards of conduct required of all Board members, district officers and employees under the provisions of the General Municipal Law and all other applicable laws, rules, and regulations. Therefore, every Board member, officer and employee of the district, whether paid or unpaid, shall adhere to the following code of ethics.

Statutory Conflicts of Interest

It is a conflict of interest for a Board member, officer or employee to benefit personally from contracts made in their official capacity.

- "**Contract**" is defined broadly to include any claim or demand against the district or account or agreement with the district, whether expressed or implied that exceeds the sum of \$750.00 in any fiscal year.
- An "**interest**" is defined as a direct or indirect benefit that runs to the employee as a result of a contract with the district.

No Board member, officer or employee shall have an "**interest**" (i.e., receive a direct or indirect benefit as the result of a contract with the district) in:

1. a firm, partnership or association in which he/she is a member or employee;
2. a corporation in which he/she is an officer, director or employee;
3. a corporation in which he/she, directly or indirectly, owns or controls 5% or more of the stock; or
4. a contract between the district and his/her spouse, minor child or dependents, except for an employment contract between the school district, a spouse, minor child or dependent of a Board member authorized by §800(3) of the General Municipal Law or §3016 of the Education Law.

Code of Ethics

1. Gifts: A Board member, officer or employee shall not directly or indirectly solicit any gift or accept or receive any gift having a value of seventy-five dollars or more, whether in the form of money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form, under circumstances in which it could reasonably be inferred that the gift was intended to influence him or her in the performance of his or her official duties or was intended as a reward for any official action on his or her part.

However, the Board welcomes and encourages the writing of letters or notes expressing gratitude or appreciation to staff members. Gifts from children that are principally sentimental in nature and of insignificant financial value may be accepted in the spirit in which they are given.

1. Confidential information: A Board member, officer or employee shall not disclose confidential information acquired by him or her in the course of his or her official duties or use such information to further his or her personal interest.
2. Representation before the Board or District: A Board member, officer or employee shall not receive or enter into any agreement, expressed or implied, for compensation for services to be rendered in relation to any matter before the school district.
3. Disclosure of interest in matters before the Board: A Board member, officer or employee of the district, whether paid or unpaid, must publicly disclose the nature and extent of any interest they or their spouse, domestic partner, or other immediate family member have, will have or later acquire in any actual or proposed contract, purchase agreement, lease agreement or other agreement involving the school district (including oral

agreements), to the governing body and his/her immediate supervisor (where applicable) even if it is not a prohibited interest under applicable law. Such disclosure must be in writing and made part of the official record of the school district. Disclosure is not required in the case of an interest that is exempted under §803(2) of the General Municipal Law. The term "interest" means a pecuniary or material benefit accruing to an officer or employee. A person with an interest in matters may not be present at or participate in board deliberations or votes on the matter giving rise to such conflict, provided that nothing shall prohibit the board from requesting that the person with the conflict present information as background or answer questions at a board meeting prior to the commencement of deliberations or voting relating thereto.

4. **Prohibition against nepotism:** No family member of a current Board member may serve on the Board pursuant to §2103(3) of the Education Law. Spouses, children, and other relatives of a Board member may be employed by the district provided, however, that pursuant to §3016 of the Education Law any person who is related by blood or marriage to any member of the Board shall only be employed as a teacher in the district upon the consent of 2/3rds of the Board members.
5. **Investments in conflict with official duties:** A Board member, officer or employee shall not invest or hold any investment directly in any financial, business, commercial or other private transaction that creates a conflict with his or her official duties. Exceptions to the conflict of interest law can be found in §802 of the General Municipal Law.
6. **Private employment:** A Board member, officer or employee shall not engage in, solicit, negotiate for, or promise to accept private employment when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.
7. **Future employment:** A Board member, officer or employee shall not, after the termination of service or employment with the district, appear before the Board in relation to any action, proceeding, or application in which he or she personally participated during the period of his or her service or employment or that was under his or her active consideration.
8. **Involvement with Charitable Organizations:** A Board member, officer or employee may be involved as a volunteer, officer or employee in a charitable organization that has a relationship with the district. If a Board member is a board member, officer or employee of the charitable organization the Board member must disclose such relationship in writing to the district, and the Board member must recuse himself or herself from any discussions or votes relating to the charitable organization that may come before the Board. When participating in the activities of the charitable organization, the Board member, officer or employee shall not disclose any confidential information learned in the course of his or her official duties or use such information to further personal interests. Additionally, the Board member, officer or employee shall not make representations on behalf of the district unless specifically authorized to do so by the Board.
9. **Individuals with a conflict:** A person with a conflict is prohibited from being present at or participating in board deliberations or votes on the matter giving rise to such conflict, provided that the board may request that the person with the conflict present information as background or answer questions at a board meeting prior to the commencement of deliberations or voting related thereto.
10. **Prohibition against Improper Influence:** A person with a conflict is prohibiting from seeking to influence improperly the deliberation or voting on the matter giving rise to such conflict.
11. **Documentation of Conflict:** The existence and resolution of any conflict by a board member or employee of the school district shall be documented in the board's records, including in the minutes of any meeting at which the conflict was discussed or voted upon.

Distribution of Code of Ethics

The Superintendent of Schools shall cause a copy of this Code of Ethics to be distributed to every member of the Board, every officer and employee of the school district. Each officer and employee elected or appointed thereafter shall be furnished a copy before entering upon the duties of his or her office or employment. In addition, the Superintendent shall ensure that a copy of Article 18 of the General Municipal Law shall be kept posted in each public building under the district's jurisdiction in a place conspicuous to the district's officers and employees.

Penalties

In addition to any penalty contained in any other provision of law, any person who shall knowingly and intentionally violate any of the provisions of the Board's code of ethics and its accompanying regulation may be fined, suspended or removed from office or employment, as the case may be, in the manner provided by law.

Attachment C: Conduct of Independent Monitor Public Meetings

The district shall assist the Independent Monitor in conducting public hearings required pursuant to Chapter 18 of the Laws of 2020. Two public hearings must be scheduled within 60 days of the monitor's appointment, which shall allow public comment from the district's residents, students, parents, employees, board members and administration. The first hearing shall take public comment on existing statutory and regulatory authority of the Commissioner, the Department and the Board of Regents regarding school district governance and intervention under applicable state law and regulations, including but not limited to, sections 306, 211-c, and 211-f of the Education Law. The second public hearing shall take public comment on the fiscal performance of the district.

With respect to each such hearing, the school district shall:

(1) conduct such hearings on dates and in such format as are mutually agreeable to the Independent Monitor and the school district;

(2) provide written notice at least 10 calendar days prior to such public meeting of the time and place of such public meeting to parents of, or persons in parental relation to, students attending public schools within the district. The district shall provide translators at the public meeting, as well as translations of the written notice into languages most commonly spoken in the school district and when appropriate, into the recipient's native language or mode of communication. In order to maximize opportunities for the participation of the public and parents of, or persons in parental relation to, students attending public schools in the district, the public meeting shall be held at a school building in the evening hours or on Saturday, to the extent practicable;

(3) provide reasonable notice to the public of such public hearing by:

(a) posting the notice on a school district website, if one exists; posting the notice in schools and school district offices in conspicuous locations; publishing the notice in local newspapers or other local publications; and/or including the notice in school district mailings and distributions. A school district shall also provide translations of the notice into the languages other than English that are most commonly spoken in the school district; and

(b) providing public notice of the time and place of a public meeting scheduled at least one week prior thereto and giving such notice to the news media and conspicuously posting in one or more designated public locations at least 72 hours before such hearing;

(4) provide members of the public who are not able to attend such public hearing with the opportunity to provide written comments and feedback in writing and/or electronically; and

(5) create a written transcription of the public hearing, including a translation into English of any comments made in a language other than English.

Such public hearings shall be subject to any modification pursuant to an Executive Order of the Governor pursuant to a State of emergency declared for the COVID-19 crisis.

Attachment D: Development of Financial Plan

Financial Plan

1. No later than November 1, 2020, the board of education (“board”) and the monitor shall develop a proposed financial plan for the 2020-21 school year and the four subsequent school years. The financial plan shall ensure that annual aggregate operating expenses shall not exceed annual aggregate operating revenues for such school year and that the major operating funds of the district be balanced in accordance with generally accepted accounting principles. The financial plan shall include statements of all estimated revenues, expenditures, and cash flow projections of the district. The financial plan should also clearly identify all debts and liabilities of the District and the payment schedule for such debts and liabilities and should indicate how such debts and liabilities are projected to affect future revenues and constrain future expenditures of the District.
2. The board of education and the monitor shall use such template as shall be provided by the Commissioner to develop the proposed financial plan, except that if the board of education and the monitor wish to modify the template or use an alternate format, the monitor shall submit no later than October 1, 2020 such modified template or alternate format for the review and approval of the Commissioner.
3. If the board and the monitor agree on all the elements of the proposed financial plan, the board shall conduct a public hearing on the plan and consider the input of the community.
