

# CSI SUPPORT MODEL

(Comprehensive Support and Improvement)

## YEAR 1 of CSI ENGAGEMENT

- Convene your Building Improvement Team to conduct the NYSED Needs Assessment.
- Develop a School Comprehensive Education Plan (SCEP) aligned to Needs Assessment findings.
- Meet with your NYSED liaison at least four times during the Needs Assessment and plan development process.
- Select a NYSED Supplemental Support option to participate in the upcoming school year.

## YEARS 2 and 3 of CSI ENGAGEMENT

- Implement your SCEP with fidelity.
- Participate in NYSED Supplemental Support program.
- Continue convening the Building Improvement Team to monitor progress and assess implementation.
- Meet consistently with your NYSED liaison to discuss implementation, review progress, and plan for the development of the next year's plan.

## DISTRICT REQUIREMENTS

- Designate a district liaison to support each school through the Needs Assessment and SCEP development process.
- Provide schools with the resources and support needed to effectively implement SCEPs.
- Develop a District Plan that addresses equity gaps, defines the instructional vision, and outlines district actions to move that vision into practice.
- Establish and maintain district-level cohesive systems and structures that promote sustained school improvement.

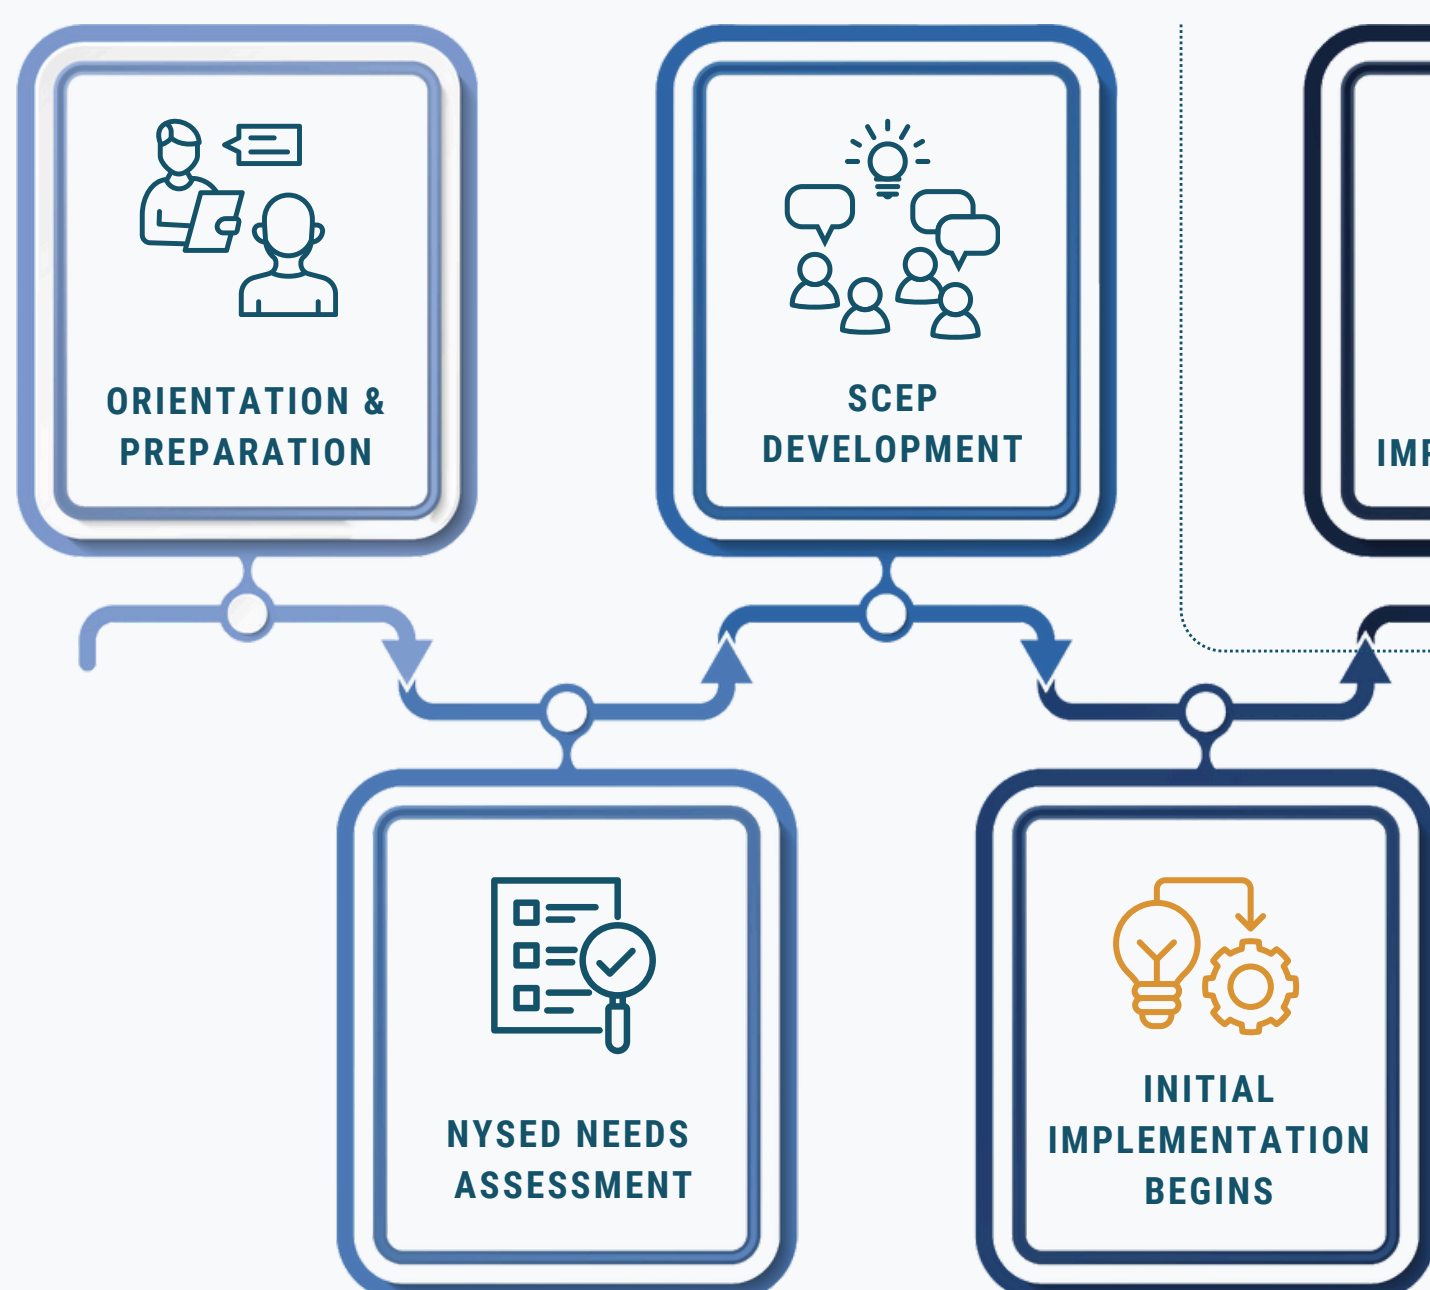

## SUPPORTS and RESOURCES

- **Supplemental Supports:** Schools have access to NYSED Supplemental Supports, such as Enhancing Principal Leadership and Coaching for Excellence, which combine on-site coaching with cohort learning.
- **Needs Assessment and Plan Support:** Districts are expected to support the school. Necessary tools and resources are provided by NYSED.
- **Funding:** Districts receive funding to strengthen systems and structures to advance school improvement efforts.
