School District Waiver-CR Part 154 Professional Development Requirements Specific to ELLs

This form is to be used by New York State school districts that have fewer than thirty (30) ELLs enrolled or in which ELLs make up less than five percent (5%) of the district’s total student population.

According to CR Section 154-2.3(k) such districts may “seek permission from the Commissioner on an annual basis for an exemption from the professional development requirements” and such request must include evidence that:

• “All teachers, level III teaching assistants, and administrators receive training sufficient to meet the needs of the district’s or BOCES’ ELLs, in language acquisition, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs” and that
• “All Bilingual and English to Speakers of Other Languages (ESOL) certified teachers receive training, sufficient to meet the needs of the district’s ELLs, in language acquisition in alignment with core content area instruction, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs.”

Note that this waiver does not exempt districts from providing professional development sufficient to meet the needs of its ELLs. It exempts districts from the minimum number of professional development hours required by CR Part 154 (15% of total required for classroom pedagogues and 50% of total required for those with a certificate in ESOL or who hold a bilingual extension).
