MODULE DESCRIPTION

This module introduces students to the ways in which how understanding the self impacts lifelong choices. Students will explore, identify, and assess personal traits, interests, and abilities relative to becoming a contributing member of home, school, community, and work environments. Students will identify and analyze basic money management concepts. Students will have the opportunity to explore the wide variety of career options related to personal self-discovery and identify the knowledge, skills, education, and training necessary for success within a variety of fields.

GUIDING QUESTION

What knowledge and skills are necessary to demonstrate introductory understanding of self, interests, aptitudes, and abilities as they relate to personal development, employability, and financial readiness?

MODULE CONTENT

1. PERSONAL DEVELOPMENT

STUDENTS WILL:

a) Examine personal values
b) Discover and evaluate personality traits and strengths
c) Predict areas of personal interests relating to the future

2. GOAL SETTING

STUDENTS WILL:

a) Acknowledge the role of personal values and standards in goal setting
b) Differentiate between SMART and Stretch goals
c) Establish a goal for personal improvement
d) Design, implement, and evaluate a plan to attain a desired goal

3. EMPLOYABILITY

STUDENTS WILL:

a) Explore employability skills
b) Show understanding of interpersonal dynamics
c) Demonstrate effective communication skills

d) Explore and implement strategies for career readiness

4. FINANCIAL READINESS

STUDENTS WILL:

   a) Identify sources of income
   b) Create and follow a budget
   c) Explore options for money transfers
   d) Examine how to balance a bank account
   e) Determine ways to save money
   f) Compare and contrast different types of credit and loans
   g) Evaluate the impact of various family transitions on personal finance

5. CAREER PATHWAYS

STUDENTS WILL:

   a) Explore various careers within the 16 national career clusters
   b) Examine the skills needed to become an entrepreneur

ILLUSTRATIVE ACTIVITIES BY THEME MODULE

These activities are intended to serve as examples of how the content in this module could be tied to each of the six middle level themes.

CAREER AND COMMUNITY OPPORTUNITIES

DISCOVERING PERSONAL TRAITS

Students discover and evaluate personal traits using a variety of tools approved by their school communities, such as values inventories, strengths inventories, personality assessments, and job skills inventories. Students will use the information gathered from these activities when practicing employment activities, such as creating a resume, identifying references, creating a targeted cover letter, filling out a job application, preparing for a job interview, and sending follow-up communication.
COMMUNICATION AND INTERPERSONAL RELATIONSHIPS

INTERVIEW AN ADULT
Students make arrangements, under teacher supervision, to interview an adult in a career field of interest to them. Prior to their interviews, students work in pairs to practice effective communication skills to use during the student/adult interview, including observing and practicing effective non-verbal communication skills; reading questions aloud using different tones and inflections; and role playing active/reflective listening.

FINANCIAL AND CONSUMER LITERACY

SAVINGS OPTIONS
Students create a short-term financial savings goal for a specific item or purpose. Invite a panel of representatives from a variety of local financial institutions to present information on savings products available from their institutions. Following the presentation, students decide which product they would choose to help them reach their savings goals and present their choice and reasons to the class.

HEALTH, SAFETY, AND WELLNESS

3-D PERSONAL TIMELINES
Students make 3-D personal timelines illustrating where they have been, where they are now, and where they are going, including the goals they would like to achieve in their lifetime. Students will imagine, describe, and represent the lifestyle they would like to experience, including their physical, emotional, social and academic goals. Timelines will show the steps necessary to achieve these goals.

PROBLEM SOLVING AND INNOVATION

ENTREPRENEURSHIP
After students view interviews with entrepreneurs, such as through Khan Academy, students create lists of traits or characteristics common to successful entrepreneurs. Small groups develop entrepreneurship plans and make prototype food, textile, or human services products. Groups pitch their ideas to a panel representing potential investors. Classmates and investors vote on which entrepreneurs to back.
SUSTAINABILITY

PRESERVING NATURAL RESOURCES IN LEISURE ACTIVITIES
Students will identify a leisure activity or hobby that they do now or would like to include in their future lifestyle. Make a list of the resources used to engage in this activity. Research ways the activity could be amended to preserve natural resources or to make a lesser impact on the environment, for example installing a solar heating cover on a swimming pool or converting a swimming pool to salt water. Students will share ideas with the class.

STANDARDS ADDRESSED

NEW YORK STATE CAREER DEVELOPMENT AND OCCUPATIONAL STUDIES (CDOS) STANDARDS

STANDARD 1: CAREER DEVELOPMENT
Students will be knowledgeable about the world of work, explore career options, and relate personal skills, aptitudes, and abilities to future career decisions
