INTRODUCTION

All applicants must carefully read each of the sections below for critical information regarding the 2019 RFP and are strongly encouraged to contact the NYSED Charter School Office with any questions or concerns about this information prior to completing a proposal.

LEGISLATIVE HISTORY

In 1998, the New York State Legislature established the opportunity for the creation of new, performance-based public schools, including conversions¹ of existing traditional public schools, through the charter process. In May of 2010, the State Legislature increased the number of charter schools that may be authorized under the law, created a clear pathway for existing education corporations to operate multiple charter schools, and required charter entities to solicit new charter school applications through a competitive Request for Proposals (RFP) process. Additional changes to the Charter Schools Act were made in 2014, 2015 and 2016.

Accordingly, the Department has updated the *Request for Proposals (RFP) to Establish New York State Charter Schools Authorized by the Board of Regents* for the 2019 application cycle. **The RFP and Application Kit has been further differentiated this year: applicant groups who are new operators wishing to open a new charter school will use the standard version, and existing education corporations wishing to replicate an existing charter school authorized by the Board of Regents will use the replicator version.** Both kits contain information about the charter process and provide requests for applicant groups to address when constructing applications for new public charter schools, and evaluation criteria that reviewers will use to rate the applications. Applicants are encouraged to direct any questions about which application they should prepare to the Charter School Office (CSO) staff well in advance of the Letter of Intent due date.

While the RFP and Application Kit reference the New York State Charter Schools Act² (the “Act”) and other relevant statutory citations, it is not a guide to charter school law and other laws that govern the operation of public charter schools. It is the sole responsibility of the applicant to fully understand and address the requirements of all relevant laws and to present a coherent and viable school design that both complies with the laws and is likely to improve student learning and achievement in New York State.

CHARTER SCHOOL FACTS AND TERMS

Tuition-Free Public Schools

Charter schools are secular, tuition-free public schools that operate as independent education corporations. New York’s charter school legislation offers students, families, and educators more

¹ N.Y. Education Law §2851(3)(c)

² N.Y. Education Law Article 56

choices in public education, allows schools autonomy and flexibility in how they operate, and requires performance-based accountability standards.

Authorizers

Charter schools are created by application to a designated charter entity (also known as a charter school authorizer). The Board of Regents of The University of the State of New York (Board of Regents) is a designated charter entity under State law. The Board of Regents has directed the Commissioner of Education and the New York State Education Department (NYSED) to develop and issue this RFP, to conduct an application review process on its behalf, and to recommend action on charter school applications.

Applicant Group

The term “applicant group” includes those actively participating in the planning of the application to establish the proposed charter school; those individuals who will comprise the initial board of trustees; and those individuals (if any) who will become school employees.

Key Design Elements

Key design elements are those general aspects of the school that are innovative or unique to the school’s mission and goals, are core to the school’s overall design, and critical to its success. They may be elements of the education or organizational plan and may include a specific content area focus; unique student populations to be served; specific educational programs or pedagogical approaches; unique calendar, schedule, or configurations of students and staff; and/or innovative organizational structures and systems. The Charter Schools Act allows, to the extent consistent with Federal Law, “the establishment of a single-sex charter school or a charter school designed to provide expanded learning opportunities for students at-risk of academic failure or students with disabilities and Multilingual Learners/English Language Learners.”

All applicants applying to this RFP shall meet the federal definition of a charter school pursuant to Every Student Succeeds Act (ESEA) §4301(2).

Charter Schools Authorized by the Board of Regents

As of November 2018, the Board of Regents has authorized 101 charter schools serving approximately 50,000 students across New York State:

- 75 charter schools in the New York City Metro Area and Long Island – Manhattan (12); Brooklyn (21); Bronx (25); Queens (6); Staten Island (7); Hempstead (1); Mount Vernon (1); Yonkers (1); and Riverhead (1).
- 7 charter schools in the Capital District and Central New York – Albany (2); Syracuse (4); and Utica (1); and
- 19 charter schools in Western New York – Buffalo (7); Greece (3); Kenmore-Tonawanda (1); Lackawanna (1); Niagara-Wheatfield (1); and Rochester (6).

The grade levels served by these charter schools in the 2018-2019 school year are:

- 7 serving kindergarten through grade 12;
- 38 serving only elementary grades;
- 17 serving elementary and middle grades;
- 34 serving middle grades;
- 34 serving high school grades; and
- 2 serving ungraded students.

Among the portfolio of Board of Regents authorized charter schools are schools with a particular focus on: Multilingual Learners/English Language Learners (“MLLs” and “ELLs”); unique learning needs of students on the autism spectrum; four charter schools serving overaged-under and under-credited students; career and technical education (CTE) programs; the arts; the social-emotional development of students through intensive coaching or community development; environmental/ecology programs; single gender schools; and intensive foreign language instruction. **The variety of school models within the Board of Regents charter portfolio speaks to its deep commitment to innovation in education.**

Furthermore, the expectation for all Board of Regents-authorized charter schools is a strong demonstrated commitment to fostering high-quality independent options for all students, including MLLs and ELLs , students with disabilities, and economically disadvantaged students. Successful applicants will demonstrate thorough consideration of each category of students throughout all programmatic elements.

Governance

Charter schools are overseen by a governing board of trustees. High performing charter schools are characteristically governed by a board with a mixture of backgrounds and expertise relevant to a public, not-for-profit educational organization. While boards that do not possess each of the following skill sets are not explicitly precluded from authorization, CSO staff strongly encourage applicants to be thoughtful in sourcing potential trustees with relevant experience to oversee and govern the school during the incubation, start up and ongoing operation phases.

Such experience optimally includes:

- K-12 teaching;
- School administration;
- Legal expertise;
- Real estate and facilities;
- Financial management, budgeting and accounting;
- Fundraising and development;
- Community engagement;
- Family involvement; and
- Charter school experience.

Autonomy

Charter schools operate with substantial autonomy and flexibility in comparison to traditional public schools. Charter school operators have the opportunity and responsibility to decide the best ways to allocate resources, such as time, people and money, to best meet the needs of their students within the bounds of New York State's Charter Schools Act and are free of some of the legal and regulatory constraints that apply to other public schools. **In exchange for this increased autonomy, charter schools are held to specific performance standards, as discussed in more detail in the following section.**

Accountability: Charter School Performance Framework

Performance-based accountability is a central component of charter school policy in New York State, and all charter schools must apply to renew their charter contract at least every five years. The Charter Schools Act requires that schools have clear, measurable academic performance standards under which they will operate and be evaluated. In addition, schools must be financially accountable and comply with the same health and safety, federal special education laws, civil rights, and student assessment requirements applicable to other public schools. In November 2012, the Board of Regents endorsed the use of a Charter School Performance Framework for Regents-authorized charter schools. The Framework, which is organized into three broad performance areas—Educational Success, Organizational Soundness, and Faithfulness to the Charter and Law—outlines ten key benchmark categories as well as specific performance indicators for each category. The State Education Department and the Board of Regents use the Performance Framework to evaluate school performance over time and to inform all charter renewal decisions. Although the Framework is a comprehensive lens for charter school performance evaluation, they are not all given equal weight; student academic achievement (Benchmark 1: Student Performance) is the most important factor when determining whether to renew or to revoke a charter. All Benchmark 1 growth and achievement measures are based on New York State assessments or Regents examinations for all tested subjects at all applicable grade levels. Charter schools are encouraged to refer to the Framework on a continuing basis to align their charter goals and to evaluate the overall health and viability of the school throughout the charter term. All Board of Regents-authorized charter schools will also report on their progress towards meeting the Performance Framework benchmarks in annual reports as well as during formative mid charter term site visits. **All charter applicants are expected to demonstrate familiarity with the [Performance Framework](#) and its measures, at both the application and capacity interview stage, if applicable.**

APPLICANT ELIGIBILITY

NYSED will only consider applications if charters are available to grant in the applicant group's proposed district of location pursuant to the Education Law at the time the RFP full application is due. If charters are not available to grant in the proposed district of location, then applications received in such jurisdictions will be terminated, and will not be considered in the applicable new charter school application round. Likewise, if, at any point during the RFP cycle there are no charters available to issue in the district of location requested by the applicant group, NYSED reserves the option to terminate such applications.

Round 1:

Only the following applications will be accepted:

- The proposed district of location is New York City;
- The applicant group meets all other application eligibility criteria set forth in this RFP; and
- The applicant group is replicating an existing Board of Regents authorized charter school.

Due to the limited number of charters available to education corporations inside New York City at the time of the RFP's publication, replicating applicants with one or more unopened charter schools that have requested to delay, or are delaying, the opening of a school or schools from the date indicated at the time of proposal submission are not eligible to apply for a new charter under the 2019 RFP.

Round 2:

All applicant groups, whether proposing to locate in New York City or statewide, are eligible to apply in round 2 of the 2019 RFP if all other application eligibility criteria set forth in this application are met.

OVERVIEW OF THE APPLICATION PROCESS

Education Law §2851(1) states “An application to establish a charter school may be submitted by teachers, parents, school administrators, community residents or any combination thereof.” An application for a new charter school must be submitted by one or more of these eligible individuals. The term “applicant group” includes those actively participating in the planning of the application to establish the proposed charter school; those individuals who will comprise the initial board of trustees; and those individuals (if any) who will become school employees. Organizations and entities cannot serve as applicants for charter school education corporations, though, if eligible, not-for-profit entities with federal tax-exempt status under Internal Revenue Code §501(c)(3), museums, colleges, universities, and educational institutions can submit a proposal in conjunction with eligible applicants.

The NYSED charter school application process is designed to ensure that any charter school application presented to the Board of Regents for consideration demonstrates that the applicant group:

1. Possesses a clear understanding of the New York State Charter Schools Act and what it means to comply with the Act;
2. Proposes a school that is clearly aligned with the purpose and objectives of the Act;
3. Has conducted outreach to inform the community about the charter school proposal and solicited and incorporated input from the community;
4. Proposes a coherent and practical design for the proposed school; and
5. Demonstrates the necessary capacity, experience, skill, and will to manage the challenging and dynamic process of opening and operating public charter schools.

To assess application quality, NYSED will review and evaluate Letters of Intent and invited Full Applications against the criteria outlined in this RFP. NYSED may conduct a Capacity Interview with members of the applicant group, including the initial proposed board of trustees. In addition, NYSED will invite and consider the comments of the public related specifically to the proposed school. At the conclusion of the process, NYSED will prepare a formal recommendation to the Board of Regents.

Whether the application is from a new or existing education corporation, all application submissions must address the statutorily required elements to establish new charter schools, as outlined in the 2019 RFP and Application Kit. Any additional requirements are noted throughout the application.

Some applications may not meet the required criteria to advance through each state of the application, i.e., letter of intent, full application, capacity interview. NYSED reserves the right, and sole discretion, to end the review of an application that does not meet the minimum statutory requirements in whole or in part. Such applicants will be considered terminated.

Please note: Due to the competitive nature of the process, NYSED cannot extend an opportunity for applicant groups to address any deficiencies at any stage of the process during a single application cycle. All decisions are final and made at the sole discretion of NYSED and/or the Board of Regents. There is no appeal of an adverse determination at any stage of the process.

Unsuccessful applicants will receive feedback on the most significant deficiencies in their application after the active RFP round has concluded so that they may revise and resubmit their application by the due date of a subsequent application round or cycle. **For a list of common application deficiencies, please refer to [Frequently Asked Questions \(FAQ\)](#) and [Appendix F](#).**

Public Outreach

Education Law Section 2852(9-a)(b)(ii) states that the Board of Regents shall not consider any applications that do not rigorously demonstrate that the applicant has conducted public outreach, in conformity with a thorough and meaningful public review process prescribed by the Board of Regents. Applicants should record and present evidence of their attempts to engage with each of the following groups:

- 1. Students, families, and community members (please do not submit petitions);**
- 2. Existing district and charter schools;**
- 3. Community based organizations and stakeholders; and**
- 4. Elected and/or appointed officials.**

The public review process should include, but is not limited to, the following components:

- 1. Informing the community about the proposed charter school, including the intended location, the target student population, the grades to be served, and a description of the educational program(s) to be offered.** This should include reasonable notice to stakeholders in the community, and may be achieved through several means, including but not limited to: community letters and flyers, news and/or web articles, advertisements, community meetings, meetings with stakeholders, and other means employed by the applicant;
- 2. Providing stakeholders in the community the opportunity to submit comment on the proposed charter school.** This may be achieved through the means listed above, the provision of an email or website for comment submission, as well as other means employed by the applicant;
- 3. At least one public meeting with stakeholders in the community in the school district in which the proposed charter school is to be located.** Reasonable public notice should be provided to community stakeholders; and
- 4. Addressing comments received from the impacted community concerning the educational and programmatic needs of students.** This may be achieved through discussions at community and stakeholder meetings, interviews, written responses to written comments received, as well as other means employed by the applicant.

Charter Application Cycles

In the *2019 Request for Proposals (RFP)*, the State Education Department will provide two opportunities for applicants to submit applications to establish new charter schools to open in

2019. The Department’s online portal for submission of application materials will open for the submission of required materials as outlined below and in the **Application Review Process and Timeline** section of the RFP and Application Kit.

2019 Application Cycle³			
Submission Rounds	Letter of Intent Due	Full Application Due	Regents Action
Round 1 New York City Only Charter School Applications	No Letter of Intent	January 10	June 3-4
Round 2 Statewide, including New York City, Charter School Applications	April 5	May 6	November 4-5

For Round 1, only applicant groups seeking to establish new charter schools and existing education corporations seeking to replicate an existing, high quality school model in New York City are eligible to apply. Due to a truncated Round 1, LOIs are not required. If a Round 1 application meets the appropriate statutory requirements, and is thereby accepted, the applicant group will be invited to a Capacity Interview.

For Round 2, all applicant groups and existing education corporations are required to submit a LOI. If a Round 2 Letter of Intent meets the appropriate statutory requirements, and is thereby accepted, the applicant group will be invited to submit a full application to the Board of Regents for review.

Applicant groups whose submission materials are not accepted in either Round 1 or Round 2 may begin the process again in a future round. Simultaneous submissions to multiple authorizers are permitted at the Letter of Intent stage only. If an applicant group is invited to submit a full application to the Board of Regents and to the Trustees of the State University of New York, the applicant group must formally withdraw from the process of one authorizer to participate in the process of the authorizer with whom they wish to complete the application process. (Note: Applicant groups may withdraw for this or any other reason at any time prior to a determination by the Board of Regents, without prejudice).

The CSO anticipates that formal action by the Board of Regents to approve/reject applications and issue charters will occur in June for Round 1 submissions, and in November for Round 2 submissions. Applications submitted in either Round 1 or Round 2 must address the requests

³ This timeline is subject to change at the discretion of NYSED and/or the Board of Regents. Any adjustments will be communicated via the CSO website as early as possible.

and criteria set forth in this *2019 Request for Proposals to Establish Charter Schools Authorized by the Board of Regents and Charter School Application Kit*. Charter schools that are authorized by the Board of Regents in 2019 should plan to open for instruction in the fall of 2020.⁴

Plagiarism

Applicants seeking authorization to utilize public funds to educate public school students must be held accountable to the highest standards of academic integrity. The reproduction of content from other charter applications, or sources in response to requests that require original narrative (e.g., the education plan), will result in the immediate disqualification of the application from consideration, evaluation, or advancement for action to the Board of Regents. Accommodation is provided for applications replicating existing charter schools and application sections where boilerplate information is reasonable for inclusion, such as by-laws, discipline policies, etc.

The following provides a more detailed explanation of each phase of the application process:

Phase I: Letter of Intent (Not Required for Round 1 – Only Applicable to Round 2)

All applicants—new applicant groups or existing education corporations seeking to replicate—must submit a Letter of Intent. The Letter of Intent is designed to solicit basic school design information about the applicant group, school mission and model, and target population. The Letter of Intent requires applicant groups to address questions that directly align to some, but not all, of the requirements stated in the Act. Applicants invited to the next phase will be required to address all the requirements stated in the Act in the Full Application.

In the Letter of Intent, applicants must provide:

- If a previous application was denied by NYSED or the Board of Regents only, include changes the applicant group has made to the LOI and plan to make to the full application since an LOI or application was last submitted;
- A brief description of the mission and school design;
- A description of the proposed student population (including plans to meet enrollment and retention goals for target populations);
- Proposed grade levels and the number of students to be enrolled;
- Initial evidence of community outreach efforts, practices used or to be used, and community support;
- A proposed location and/or proposed facility; and
- Background information about the applicant group and anticipated members of the Board of Trustees.

⁴ Board of Regents-authorized charter schools can request a planning year after authorization if needed but the applicant group should aim to commence instruction in the fall of 2019.

The Letter of Intent for new operator applicant groups may not exceed 6 pages, excluding all attachments, and must be submitted to the NYSED Charter School Office **by 3:00 p.m. EST on the due date specified in the timeline for the applicable RFP cycle**. Please see Submission Instructions for full details and refer to the [FAQ](#) located on the NYSED website for additional information.

NYSED staff will review all submitted Letters of Intent to ensure that each Letter of Intent is complete, provides thorough and robust information, and is likely to address the rigorous standards in the Full Application. Letters of Intent that are incomplete and do not provide all the requested information and reflect the formatting instructions will not be accepted, and applicant groups will not be invited to submit Full Applications in that round. The information provided in the Letters of Intent will be used by NYSED staff to plan and coordinate peer review panels with appropriate expertise to evaluate Full Applications.

Phase II: Full Application

All applicant groups invited to submit a full application to establish a new charter school are expected to fully address the set of requests and evaluation criteria that directly align to the requirements and priorities stated in the Charter Schools Act. These applications allow the Department to assess the will, skill, and capacity of the proposed board to launch and sustain a quality public charter school in New York State and demonstrate educational alignment and operational compliance with the requirements and educational priorities of the Act. This information becomes part of the approved charter and sets the conditions under which an education corporation may operate a school.

Applicant groups must submit the applications by **3:00 p.m. EST on the due date specified on the timeline for the applicable RFP cycle**. The application narrative to establish a charter school may not exceed **75 pages** and the required attachments may not exceed **an additional 75 pages**, with certain exceptions outlined in the attachment information. Upon submission, NYSED staff will screen the Full Applications for compliance with submission requirements.

Please note: Applications will not be evaluated or advanced for action by the Board of Regents if they:

- ***Exceed the established page limits;***
- ***Omit sections;***
- ***Do not follow formatting requirements;***
- ***Plagiarize or duplicate the narrative⁵ from the submission of another applicant group or source; and/or***
- ***Are received after the established deadline.***

⁵ This does not apply to replications of existing schools or boilerplate attachments for by-laws, code of ethics, etc.

Please see Application Submission Instructions and the [Frequently Asked Questions \(FAQ\)](#) document for full submission details.

All Letters of Intent and Full Applications will be posted at the NYSED Charter School Office website at [Starting a Charter School](#). Personal information will be redacted; however, designated public contact information for each submission will be posted separately.

Evaluation of Applications: Review panels (referred to as peer reviewers) with expertise in charter school operations, and when appropriate, knowledge that is relevant to the proposed school design, will evaluate Full Applications. Each reviewer will independently evaluate and rate how well the applicant group's responses address the evaluation criteria articulated in each section of the application. Reviewers will rate the response to each criterion as **Meets the Standard, Approaches the Standard, or Does Not Meet the Standard**, as defined in the sample evaluation rubric in Appendix A. The review panelists will develop a summary rating for each application section, as well as for the Full Application.

Note Regarding Criminal Background Check/Fingerprint Scan: All members of the applicant group will be required to undergo criminal background checks via fingerprint scans. After submission of the Full Application, but prior to the Capacity Interview, NYSED will contact the members of the applicant group to arrange for the required fingerprint scans. The result of the background check may be shared with senior managers at the Department and/or the Board of Regents if a concern is noted. **The inability or unwillingness of any member of the applicant group to promptly undergo the required criminal background checks via fingerprint scans within the timeframe requested in advance of the Board of Regents meeting shall be grounds for denying a charter recommendation, and termination of the application.**

Phase III: Capacity Interview

Applications that are considered to substantially meet the evaluation criteria and demonstrate the required skills to operate a high-quality charter school will be invited to a Capacity Interview in Albany, New York. NYSED officials conduct the Capacity Interview foremost to assess the capacity of the applicant group to effectively launch and oversee the proposed charter school. NYSED staff use the interview to evaluate the applicant group and initial board members' understanding of academic and operational accountability as well as the characteristics of the community where the proposed school will be located. The interview also provides the applicant group (and specifically the proposed board of trustees) with the opportunity to present and elaborate on the information provided in the Full Application and respond to any technical questions that may have been generated by peer reviewers during the application review process as well as other questions that may have emerged during the public hearing and comment process. Please see the applicable RFP timeline for the dates during which NYSED anticipates it will conduct the Capacity Interviews in Albany, New York.

Note Regarding Capacity Interviews: Applicant groups that cannot obtain the in person participation of all proposed board members at the Capacity Interview **in Albany, New York**, may be disqualified from further consideration.

Phase IV: Request for Modifications⁶

For applicant groups that the Department is recommending to the Board of Regents for authorization, the Department may require that applicant groups make technical modifications to their applications following the Capacity Interviews. Such requests would be made to technically align the information contained in the Full Application with the NYSED initial charter agreement template and/or comply with relevant laws and regulations. Please see the applicable RFP timeline for the dates during which NYSED will request modifications and during which applicants will submit responses. Other than modifications of a technical nature as determined by the Department, applicants are not given the opportunity to substantially revise or augment their application once it has been submitted.

Phase V: NYSED Recommendation for Approval or Denial of the Application

Based on the review of the Full Application and Capacity Interview as well as information collected by NYSED during a public comment process, NYSED will determine whether to recommend approval of the charter application to the Board of Regents. Applications that do not meet the rigorous standards required will not receive a recommendation for Board of Regents approval. An application that is recommended to the Board of Regents for approval will provide a detailed and complete school design plan that:

- Demonstrates the ability to operate the school in an educationally and fiscally sound manner;
- Is likely to improve student learning and achievement and materially further the purposes of the Act;
- Includes clear strategies to meet or exceed enrollment and retention targets for students with disabilities, students who are Multilingual Learners/English Language Learners, and economically disadvantaged students;
- Provides evidence of public outreach that conforms to the process prescribed by the Regents for soliciting and incorporating community input regarding the proposed charter school;
- Meets all requirements set forth in the Charter Schools Act as well as all other applicable laws, rules, and regulations; and
- Would have a significant educational benefit to the students expected to attend the proposed charter school.

⁶ N.Y. Education Law § 2852(3)(a)

In addition to all the above, the applicant group and proposed board of trustees must demonstrate appropriate knowledge, capacity, and ability to effectively create, maintain, and oversee a high-quality charter school. For applications that meet all these conditions, NYSED will recommend that the Board of Regents approve the application and issue a charter. If the number of applications meeting the evaluation criteria in this RFP exceeds the total maximum number of charters available or the maximum available within New York City in this RFP cycle, the application will also be reviewed and scored by NYSED on the eight priority objectives set forth in the Charter Schools Act,⁷ outlined in Appendix C, to determine which charters will be recommended.

If recommended for approval, NYSED will provide the applicants and proposed board members with an opportunity to review the terms and conditions of the initial charter agreement (contract) between the proposed school and the Board of Regents, and to sign said agreement. This will occur in preparation for the Board of Regents meeting at which the Regents will act to approve or deny new charters. Please see the applicable RFP timeline for specific dates. **The inability or unwillingness of the proposed board chair to promptly sign the initial charter agreement within the timeframe requested in advance of materials being advanced to the Board of Regents meeting shall be grounds for denying a charter recommendation.**

If the application is not recommended for approval by the Board of Regents, NYSED will provide the applicant group with a summary of the areas in which the application is deemed deficient. In some cases, the applicant group may be encouraged to address deficiencies discovered during the application review process and re-submit the application in a subsequent application cycle.

Phase VI: Board of Regents Action to Approve or Deny the Application

Although informed by NYSED evaluations and recommendations, all final charter issuance decisions are made by the Board of Regents. At the Board of Regents meetings in June and November 2019, the Regents will act to approve or deny recommended charter school applications, and in the case of those approved, issue a provisional charter (i.e., a certificate of incorporation) for the school. In the case of those charter applications that are denied, the decisions are final and may not be appealed.

Withdrawal of Applications: Applications that do not demonstrate a clear plan and compelling capacity to launch and sustain a quality public charter school in New York State will not be recommended to the Board of Regents for approval and will not be permitted to proceed in the application process. Prior to a determination by the Board of Regents, applicants may choose to withdraw an application at any time (i.e., during any phase) for any reason. NYSED has sole discretion in moving applications from phase to phase (e.g., Letter of Intent, Full Application, Capacity Interview) and may stop review of the application at any point in the process, terminating the application. To avoid termination, applicant groups are encouraged to withdraw applications that NYSED will not move forward in the review process and will not recommend to

⁷ N.Y. Education Law § 2852(9-a)(c)(i-viii)

the Board of Regents for approval. There is no penalty for doing so and the decision to withdraw will not affect consideration of subsequent applications.

Some applications may not meet the required criteria to advance through the application process at various stages of the process. NYSED reserves the right, and sole discretion, to end the review of an application that does not meet the minimum statutory requirements in whole or in part. Such applicants will be considered terminated. Applications that advance to the capacity interview stage of the process will be recommended by the Department, not recommended, or have the option of withdrawing their application.

Please note: At no point does progress to a certain stage of the process ensure a positive recommendation.

Federal Charter Schools Program (CSP) Planning and Implementation Grant⁸:

Note: The CSP grant for New York is currently in transition. NYSED will make additional/different information available in the future when available. The following is provided for informational purposes only and should be used when making budgetary assumptions for the application.

New York's 2011-2016 \$113 million federal Charter School Program (CSP) grant allows new eligible charter schools to apply for a CSP Planning and Implementation sub-grant with a base amount of \$550,000 over a three-year period (planning year, implementation year 1, and implementation year 2). NYSED is seeking approval to extend the grant period to support the start-up and implementation of new schools authorized in 2019. More information on the status of CSP funding will be communicated to planning teams throughout the new school process. Consistent with the priorities articulated in New York's CSP grant, NYSED encourages applications for new charter schools with certain specific key design features that may qualify for enhanced CSP funding of up to \$800,000 total. These would include schools specifically designed to:

- Serve high-need student groups such as students with disabilities, students who are Multilingual Learners/English Language Learners, students who are over-age, under-credited or at risk of not graduating from high school, and students who are at-risk of academic failure because they would otherwise be served by a low-achieving district school;
- Serve students who live in underserved rural communities;
- Promote racial, ethnic and linguistic diversity;
- Improve productivity and effectiveness using technology (including blended instructional programs); and
- Replicate existing high-quality charter school models.

⁸ Subject to grant availability.

Using the 2019 application kit, all applicants are simultaneously applying for a public-school charter and a CSP Grant (assuming such funds are available), as the eligibility requirements of the grant application are integrated into the overall application process for a public school charter. NYSED will further evaluate the applications recommended for charter issuance by the Board of Regents to determine eligibility to receive, based upon the availability of funds, an enhanced federal Charter Schools Program (CSP) Planning and Implementation Grant. See Appendix D for full details.

Opening the School for Instruction: The issuance of the charter by the Board of Regents does not indicate final authorization to open the school. The Full Application does **not** require applicants to create all the documents that the school will need once it becomes operational (e.g., full curriculum or the human resources handbook). During the start-up (or pre-opening) phase of the school, NYSED will work closely with the charter school’s proposed board and school leaders to establish key policies and ready the school program and facility to serve students. This work will be guided by the terms of the charter agreement and the *Pre-Opening Procedures for New York State Charter Schools Authorized by the Board of Regents* (which may be found on the Department website at [Regents Oversight Plan](#)). New charter schools will be authorized to open for instruction only upon the issuance of a *Consent to Commence Instruction* letter issued by the Department.

I. MISSION, KEY DESIGN ELEMENTS, ENROLLMENT, AND COMMUNITY

A. MISSION STATEMENT, OBJECTIVES AND GOALS

General Overview: Charter schools should be mission-driven organizations designed to accomplish the objectives established in Education Law §2850(2):

- a) Improve student learning and achievement;
- b) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are at-risk of academic failure;
- c) Encourage the use of different and innovative teaching methods;
- d) Create new professional opportunities for teachers, school administrators and other school personnel;
- e) Provide parents and students with expanded choices in the types of educational opportunities that are available within the public-school system; and
- f) Provide schools with a method to change from rule-based to performance-based accountability systems by holding the schools established under this article accountable for meeting measurable student achievement results.

A school's mission statement provides the foundation for the entire charter application and for the full term of the school's charter. All elements of the school design should align with and support achievement of the proposed mission. Schools must also determine how they will evaluate and be held accountable for achievement of their mission. Schools must present the goals they intend to use to measure student achievement, the overall educational program, and the key components of the school design in alignment with the mission. Charter renewal recommendations will ultimately be based on progress toward and achievement of the benchmarks in the Charter School Performance Framework as well as the school's mission-specific goals. Applicant groups should keep in mind that at renewal, as set forth in the New York State Charter School Performance Framework Benchmark 1: Student Performance, the school is expected to meet or exceed growth and progress/achievement goals based on the New York State assessments (elementary and middle school) or Regents examinations (high school), as well as college and career readiness measures.

Requests:

1. Present the school's mission statement.
2. Explain how the school will materially further one or more of the objectives specified in the Charter Schools Act.
3. Present the school's mission-specific goals and explain the rigor and ambitiousness of those goals. At a minimum these must include academic performance goals, but may also include operational, governance, financial or other types of goals. Schools proposed to serve non-state testing grades, i.e., grades K-2, must include specific academic performance goals for those grades.

Evaluation Criteria:

A response that meets the standard will:

1. Present a concise mission statement, which establishes clear and measurable outcomes that are desired as a result of implementing the school program.
2. Present a mission statement that defines the purpose and key values of the proposed charter school and informs the public about the students the school intends to serve¹⁹.
3. Present a mission that is consistent with high academic standards set forth in the Charter School Performance Framework.
4. Present a mission that is reflected throughout all sections of the application.
5. Clearly demonstrate how the proposed school will further at least one of the objectives specified in Education Law §2850(2).
6. Present measurable goals that reflect the school's mission, including academic performance goals, particularly for grades K-2 if applicable, and provide compelling rationale for the rigor and ambitiousness of those goals, including evidence and/or data.

B. KEY DESIGN ELEMENTS

General Overview: Key design elements are those aspects of the school that are innovative or unique to the school's mission and goals, are core to the school's overall design, and critical to its success. They may be elements of the education or organizational plan and may include a specific content area focus; unique student populations to be served; specific educational programs or pedagogical approaches; unique calendar, schedule, or configurations of students and staff; and/or innovative organizational structures and systems. The Charter Schools Act allows, to the extent consistent with Federal Law, "the establishment of a single-sex charter school or a charter school designed to provide expanded learning opportunities for students at-risk of academic failure or students with disabilities and Multilingual Learners/English Language Learners."²⁰ The key design elements should fit together into a cohesive school design that is supported by the proposed budget. While it is important to provide a rationale for the key design elements that is grounded in research and precedent, applicants may also present and refer to supporting information in subsequent sections that focus on specific aspects of the school, e.g., curriculum and instruction, culture or management and staffing. Approved schools will be accountable for implementation of the key design elements included in their charter (see Charter School Performance Framework Benchmark 8).

Requests:

1. Provide a list and description of the proposed school's key design elements.

¹⁹ N. Y. Education Law § 2851(2)(a)

²⁰ N. Y. Education Law § 2854(2)(a)

2. Describe the rationale for selecting these key design elements and provide any supporting research, evidence of effectiveness or examples of existing programs that serve a similar target student population that support the use of these key design elements in this school.
3. If applicable, provide a request and justification for waivers of any federal statutory or regulatory provisions that the applicant believes are necessary for the successful operation of the charter school, and a description of any state or local rules, generally applicable to public schools, that the applicant proposes to be waived or otherwise do not apply to the school.²¹

Evaluation Criteria:

A response that meets the standard will:

1. Provide a concise (generally no more than 3 pages) description of critical and/or unique features that are core to the school's overall design.
2. Demonstrate clear alignment with the school's mission and all aspects of the full application, including educational, organizational, and fiscal plans.
3. Present evidence of success if drawing on existing models and/or present research or other information that demonstrates the efficacy of each proposed design element if it does not have a precedent.
4. Demonstrate how the key design elements will serve the diverse needs of all students.

C. COMMUNITY AND STUDENTS TO BE SERVED

General Overview: The characteristics and demographics of the community to be served are essential factors that inform the design of a successful charter school, ultimately driving support for student enrollment and community involvement in the school. At a minimum, applicants must demonstrate knowledge of any community school district (CSD) in which the school will be located and from which it will draw students. Applicants may also highlight narrower communities or neighborhoods within a CSD or discuss plans for drawing students from across multiple CSDs. Likewise, the academic program must reflect the needs of the specific target student population to be served.

Successful charter schools are typically embedded in their community and leverage community assets to help start and sustain the school. Community support may involve student recruitment, the academic program, professional development, facility assistance, fundraising or any other aspect of the school design. Applicant groups should cultivate community support and provide evidence of specific commitments in their charter application.

Requests:

1. Describe the community to be served by the proposed school.

²¹ 20 USC § 7221b(b)(3)(G)

2. Describe the educational options in the community, including the number, type and academic performance of local public and private schools. Provide academic data about the sending district's performance for the grade levels the proposed school will serve, including relevant NYS assessment outcomes and graduation rates, if applicable.
3. Describe the target student population to be served within the proposed school community, including the anticipated percentages of students with disabilities, Multilingual Learners/English Language Learners, and economically disadvantaged students.
4. Describe the needs of the community that will be met by the proposed school.
5. Explain the rationale for selecting the school community and target population.
6. Explain how this school will enhance or expand educational options, including whether the educational program or innovative methods to be used by the proposed school differ from the district or districts from which the charter school is expected to enroll students.
7. Provide an assessment of the depth and commitment of community support and/or opposition within the proposed sending district(s)/region for the proposed school. Explain how community assets will be leveraged and any challenges presented by opposition will be overcome.

Attachments:

- ☐ **Required Attachment 2c: Evidence of Community Support;** Provide letters of support or other evidence of community support for the proposed school. Support must reflect the specific proposed school and should not be merely support for charter schools or education reform in general.
- ☐ **Optional Attachment 2d: Evidence of District Support for Restart/Turnaround;** Proposed charter schools that are intended to operate as a restart or turnaround school or to provide an option for students who are at risk of academic failure because they reside in a community served by a school that is persistently low-achieving must provide a Letter of Support from the school district.

Evaluation Criteria:

A response that meets the standard will:

1. Demonstrate clear knowledge of the community and understanding of its needs. At minimum this must include an analysis of the CSD in which the proposed school will be located, including demographics of the community and description of local schools.
2. Demonstrate clear knowledge of the target student population and understanding of its needs.
3. Present a compelling rationale for selecting the school community and target student population and explain the applicant group's ability to serve this community.
4. Demonstrate how the proposed school increases options and innovation in the community.
5. Demonstrate concrete community support that will help to open and sustain the school, i.e., specific commitments rather than general overtures of support.
6. Identify any known opposition and demonstrate capacity to successfully overcome it.

7. Include a letter of support from the school district if the proposed charter school is intended to operate as a restart or turnaround school or is intended to provide an option for students who are at risk of academic failure because they reside in a community served by a school that is persistently low-achieving.

D. APPLICANT GROUP HISTORY AND CAPACITY

General Overview: The applicant group consists of those participating in the planning of the application to establish the proposed charter school, those individuals who will comprise the initial board of trustees, and those individuals who will become school employees. The applicant group must include at least one qualified applicant (teachers, parents, school administrators, community residents) and at minimum five proposed members of the school's board of trustees.

Requests:

1. Identify and provide a brief description of each member of the applicant group.
2. Describe the process by which the applicant group formed, any pre-existing relationships among members, how the school design and application were developed, and how public outreach was conducted.
3. Identify the primary author(s) of the final application. Provide the names of any paid consultants or organizations that were involved in the development, fiscal planning or writing of the application.

Required Attachments:

- ☐ **Table 1: Applicant Group Information;** If any applicant group members have been added between the Letter of Intent and Application phases, please update and resubmit Table 1 to reflect the additional members.

Evaluation Criteria:

A response that meets the standard will:

2. Provide all requested information about applicant group members in Table 1.
3. Present an applicant group that possesses the range of expertise necessary for successful founding of a charter school.

E. PUBLIC OUTREACH

General Overview: N.Y. Education Law Section 2852(9-a)(b)(ii) states that the Board of Regents shall not consider any applications that do not rigorously demonstrate that the applicant has conducted public outreach, in conformity with a thorough and meaningful public review process prescribed by the Board of Regents. Applicants should record and present evidence of their attempts to engage with each of the following groups:

- 1. Students, families, and community members;**
- 2. Existing district and charter schools;**
- 3. Community based organizations and companies; and**
- 4. Elected or appointed officials.**

The public review process should include, but is not limited to, the following components:

- 1. Informing the community about the proposed charter school, including the intended location, the target student population, the grades to be served, and a description of the educational program(s) to be offered.** This should include reasonable notice to stakeholders in the community, and may be achieved through several means, including but not limited to: community letters and flyers, news and/or web articles, advertisements, community meetings, meetings with stakeholders, and other means employed by the applicant;
- 2. Providing stakeholders in the community the opportunity to submit comment on the proposed charter school.** This may be achieved through the means listed above, the provision of an email or website for comment submission, as well as other means employed by the applicant;
- 3. At least one public meeting with stakeholders in the community in the school district in which the proposed charter school is to be located.** Reasonable public notice should be provided to community stakeholders; and
- 4. Addressing comments received from the impacted community concerning the educational and programmatic needs of students.** This may be achieved through discussions at community and stakeholder meetings, interviews, written responses to written comments received, as well as other means employed by the applicant.

Applicants were asked to complete and submit *Table 2: Public Outreach Information* with their Letter of Intent to demonstrate initial public outreach. The full application should demonstrate fulfillment of all four components. **However, public outreach can and should continue after submission of the application and additional evidence may be presented during the capacity interview and through the public comment process.**

Requests:

1. Describe who participated in public outreach on behalf of the founding group.
2. Provide a summary of public outreach activities.
3. Describe any notable public input that significantly shaped the school design.

Required Table and Attachments:

- ❑ **Table 2: Public Outreach Information;** Resubmit Table 2 from the Letter of Intent and update the information contained therein to include outreach conducted to date.
- ❑ **Attachment 2b: Evidence of Public Review Process;** This attachment should provide a sampling of documentary evidence related to the public review process. Attachments should be limited to documents that provide meaningful and relevant information about the community outreach and public input. Please do not submit photocopied form letters of support or petitions containing signatures and addresses. Include any evidence that the school informed the community about the proposed charter school and invited comments and input and provide evidence that comments/input were addressed. Examples of evidence may include, but are not limited to:
 - Attendance lists from meetings and events;
 - Public meeting flyer with sign-in sheet and signatures;
 - Minutes or summaries of public meetings and meetings with stakeholders (school boards, school district administrators, elected officials, community leaders, parent organizations, etc.);
 - Surveys distributed and resulting statistical analysis;
 - Public awareness campaigns (emails, social media postings, media, etc.) with documented results;
 - Responses sent to members of the public who submitted comments/input concerning the proposed charter school;
 - Copies of received letters or emails;
 - Invitations sent for meetings and events; and
 - Media announcements or articles.

Evaluation Criteria:

A response that meets the standard will:

1. Demonstrate that the community has been well-informed about the proposed charter school, including the intended location (whether in private or public building space), the target student population, the grades to be served, and a description of the educational program(s) to be offered.
2. Demonstrate that the public had adequate opportunity to comment on the proposed school.
3. Include evidence that the applicant group held at least one public meeting with stakeholders in the community in the school district in which the proposed charter school is to be located, and that reasonable public notice was provided to community stakeholders.
4. Demonstrate that the applicant group was responsive to comments received from community stakeholders and ensured that those comments were considered and addressed in the school proposal.

Please be aware that the Board of Regents will not consider an application that does not sufficiently demonstrate that the public review process described above has been thoroughly

conducted. Since public outreach activities are expected to be ongoing throughout the application review process, additional information about public outreach activities is expected at the Capacity Interview and/or through the NYSED public comment period. Public outreach must be specific and original to the proposed school and cannot be transferred from a replicated school. Each application, even if the applicant group has previously responded to a new school RFP or currently operates a charter school, requires updated community outreach specific to each application (i.e., the community needs to be informed and provided with another opportunity to comment on the current proposal).

F. ENROLLMENT, RECRUITMENT, AND RETENTION

General Overview: Charter schools are schools of choice that are thus accountable directly to parents. Charter schools must recruit their students and retain adequate numbers to be financially viable. They must also demonstrate how the charter school will meet or exceed enrollment and retention targets set by their authorizer. The minimum number of students shall be at least fifty at a single site, or, if less than fifty students are to be served by the school, the response must include a compelling justification for the enrollment projection. NYSED is unlikely to recommend for approval charters with enrollment plans that terminate in grades in the middle of logical grade spans at the end of the charter period, e.g., a grades 6-10 school. Instead it is recommended that applicants propose distinct elementary, middle or high school programs and approved schools can request to add grades mid-charter with evidence of strong enrollment and academic performance, e.g., propose a grade 6-8 school and then, once the school has demonstrated success, request to add high school grades in the fourth year of operation.

Requests:

1. Complete the Projected Enrollment Table provided below, including the number of students and the ages and grade levels to be served in each year of the proposed charter term.
2. Explain the rationale for this enrollment plan, including school and grade sizes, growth patterns, alignment with grade configurations of other local schools, and assumptions about student attrition and retention of students from grade to grade.²³ If the school will continue to grow after the first charter term, present the ultimate grade span goal and the year in which this would occur.
3. Describe the student recruitment plan, including how families in the community will be informed about the charter school and any community assets that will be leveraged to recruit students. Practices used, or to be used, to enroll and retain a comparable number of students with disabilities, Multilingual Learners/English Language Learners, and economically disadvantaged students should be provided.
4. Provide evidence of interest in and demand for the proposed school.
5. Describe the proposed application, admissions, and enrollment process, including a plan for a public lottery.

²³ Please note N.Y. Education Law § 2854(3)(b-1) requirements regarding negotiating unit representation for employees in a charter school that enrolls more than 250 students at any point during the first two years after the charter school commences student instruction.

6. Identify and explain enrollment preferences, including any preferences for students the applicant group has defined as at-risk of academic failure.
7. Describe how any vacancies created during the school year will be filled (backfilling) and any date by which the school will no longer fill such vacancies.
8. Complete the **Enrollment and Retention Targets Table** provided **below** using the [Charter School Enrollment and Retention Targets](#) resources on the NYSED webpage.
9. Describe the school's plans to meet or exceed the enrollment and retention targets established by the Board of Regents for students with disabilities, Multilingual Learners/English Language Learners, and economically disadvantaged students.

Evaluation Criteria:

A response that meets the standard will:

1. Provide a reasonable and sustainable enrollment plan that aligns with other application sections, including the education, staffing and budget plans.
2. Provide a student recruitment plan that specifically addresses students with disabilities, Multilingual Learners/English Language Learners, and economically disadvantaged students, is likely to achieve the school's enrollment targets, and demonstrates how students will be given an equal opportunity to attend the charter school. Practices used, or to be used, that have demonstrated success with comparable populations, or in the school(s) being replicated, should be included.
3. Provide a fair and equitable admissions process with a clear rationale for any enrollment preferences.
4. Provide evidence of adequate demand for and interest in the charter school sufficient to reach its anticipated enrollment.
5. Provide a reasonable approach to meeting enrollment and retention targets.
6. Provide a clear plan for filling vacancies and/or provide a strong rationale for leaving seats vacant.

Required Attachment:

- ☐ **Attachment 1: Admissions Policy and Procedures;** *(Policy should state how any vacancies created during the school year will be filled and any date by which the school will no longer fill such vacancies).*

III. ORGANIZATIONAL AND FISCAL PLAN

A. ORGANIZATIONAL STRUCTURE

General Overview: Charter schools are unique institutions that must be effectively structured and organized to support their education, operations and financial plans. Applicants should present an organizational chart that clearly outlines how they will structure their school to meet the myriad needs of stakeholders and achieve their mission and goals. An effective organizational chart does not need to represent all individual staff members, and instead should focus on the types of positions the school will employ. In addition, the organizational chart should show how the school's structure will change over time to reflect growth in student and staff sizes. This can be accomplished with multiple charts or a single chart with footnotes indicating when specific positions are added to the organization.

Requests:

1. Provide an organizational chart that shows the staffing structure and lines of reporting for the board, administration, and staff over the charter term. Include management and/or partner organizations if applicable.
2. Explain and provide a rationale for the organizational structure of the school.

3. Demonstrate a clear understanding of the administrative relationship between the charter school and the Board of Regents as the chartering entity.

B. BOARD OF TRUSTEES AND GOVERNANCE

General Overview: The board of trustees of the charter school education corporation has final authority for policy and operational decisions of the school, but the board may delegate decision making authority to officers and employees of the school in accordance with the provisions of the charter. The proposed initial board as identified in Table 1 must consist of a minimum of five members and no more than 25 members.³⁰

Requests:

 - Process to govern multiple schools under one educational corporation
 - Process to promote parental and staff involvement in school governance
 - Adherence to Open Meetings Law
 - Board training and development and for new and veteran members
3. Describe the expertise and backgrounds of the proposed members of the initial board of trustees and any vacant positions that will be filled between charter approval and school opening.
 4. Describe what authority the board of trustees will retain and what authority it will delegate to school employees or others.
 5. Explain how the board of trustees will hold school management (and management or partner organizations if applicable) accountable for achieving the school's mission and goals.

Required Attachments:

F. FACILITIES

General Overview: Facilities are consistently one of the greatest challenges for charter schools.

If the applicant group is proposing to incubate or locate in NYCDOE public space, the applicant group must still provide an alternate plan to secure private facilities by responding to all the requests below.

Please note: If the facilities to be used by the proposed school are not known at the time the application is submitted, the applicant must notify the Board of Regents within ten business days of

acquiring facilities for such school. The charter school must also obtain a certificate of occupancy for such facilities prior to the date on which instruction is to commence at the school.³⁴

Request:

1. Complete the facilities table below regarding minimum facility requirements over the charter term. Applicants may add additional types of space that are necessary for the implementation of their proposed program.

I. FAMILY AND COMMUNITY INVOLVEMENT

General Overview: Charter schools are schools of choice, designed to provide families with opportunities to send their children to innovative and high performing public schools. Thus, they should have clear plans for involving families and the community in the life of the school.

K. BUDGET AND CASH FLOW

General Overview: The statute requires the applicant to include a proposed budget and fiscal plan for the school, including supporting evidence that the fiscal plan is sound and that sufficient start-up funds will be available to the charter school. The plan should present a clear picture of the school's revenue projections and expenditure requirements that address all aspects of the proposed school during the pre-opening and operational phases, including staffing, facility needs, transportation and food service plans.

Applicants must use the Budget and Cash Flow Template to detail the school's estimated revenues and expenditures for the proposed term of the charter including the pre-operational start-up year, as well as a cash flow analysis for the start-up year. An active version of the template (including accompanying worksheets) may be downloaded from [NYSED's website](#). The templates structure may not be modified.

For each revenue and expenditure line item the template provides space for assumptions and applicants should make extensive use of this opportunity to annotate their budget, including assumptions on which line item numbers are based, evidence on which assumptions are based, and description of calculations used to arrive at line item numbers. The five-year budget should explain the changes in line items from year to year.

Include an explanation and discussion of key budget assumptions underlying the budget projections and explain how the budget aligns with and supports implementation of the educational program. If the school anticipates incurring debt for any reason, such as for acquisition of its facility, the budget must address the schedule for debt repayment and the budget discussion should elaborate on the repayment assumptions and plan.

As discussed in the Overview of the Application Process, applicants are eligible, upon Board of Regents approval and issuance of a charter and based upon the availability of funds, to receive a ***Charter School Program (CSP) Planning and Implementation Grant***. The charter authorization process serves as the substantive review process for CSP grant funds. Applicants, except *those affiliated with CMOs that have received federal CSP funds through the Charter Schools Program (CSP) Grants for Replication and Expansion of High-Quality Charter Schools (CFDA 84.282M) (accessing both CSP funding streams is not permitted by the U.S. Department of Education)*, may include a grant amount of between \$550,000 and \$800,000 over a three year period (planning year, implementation year 1, implementation year 2) in the overall charter school budget and cash flow template. **Inclusion of CSP grant amounts greater than the \$550,000 base award in the budget should be considered carefully, as enhanced funding levels are not guaranteed.**

Requests:

1. Provide narrative description the budget, including a summary of key revenue and expenditure categories and net income each year, including during the pre-opening period.
2. Explain how the proposed budget supports implementation of the key design elements.

Provide for the establishment of an escrow account of no less than \$100,000 (\$20,000 per academic year for the first 5 years of operation) to pay for legal and audit expenses that would be associated with dissolution should it occur. The school may provide for the full amount in its first-year budget, or provide for a minimum of \$20,000 per year for the first five years of its charter term
7. Present viable strategies for meeting potential budget and cash flow challenges, particularly for the first year of operation.
8. Budget lines in the budget template include detailed and understandable budget assumptions.

M. DISSOLUTION PLAN

General Overview: A major component of the charter school bargain of flexibility in exchange for accountability is the possibility of school closure if the school does not meet its goals and the Charter School Performance Framework benchmarks. Applicant groups must recognize the possibility of school closure and have a detailed plan for dissolution of the school that incorporates the NYSED Closing Procedures Guide found at [Charter School Closing Procedures](#).

Required Attachment:

Evaluation Criteria:

A response that meets the standard will:

1. Identify detailed and reasonable procedures to be followed in the case of the closure or dissolution of the charter school the incorporates the NYSED Closing Procedures Guide, including provisions for the transfer of students and student records to the school district in which the charter school is located and for the disposition of the school's assets to the school district in which the charter school is located or another charter school located within the school district.³⁷

APPENDIX A: REVIEWER EVALUATION GUIDANCE AND RUBRIC

Reviewer Information: The evaluation rubric is designed to guide the review of charter school applications submitted to the Board of Regents. The evaluation rubric is aligned to each section and subsection of the application and list the evaluation criterion by which the reviewers are to evaluate each section and sub-section, mirroring the RFP. Throughout the evaluation, reviewers determine whether the applicant group has responded to all evaluation criterion and rate how well the applicant group's responses address the evaluation criterion. Reviewers are to rate the responses as **Does Not Meet the Standard, Approaches the Standard, or Meets the Standard** as defined below:

Rating Definitions

Does Not Meet the Standard	The response lacks meaningful detail; demonstrates lack of preparation; or otherwise raises substantial concerns about the applicant's understanding of the issue in concept and/or ability to meet the requirement in practice.
Approaches the Standard	The response addresses most of the selection criteria but lacks some meaningful detail and requires important additional information to be reasonably comprehensive.
Meets the Standard	The response reflects a thorough understanding of key issues and indicates capacity to open and operate a quality charter school. It addresses the topic with specific and accurate information that shows thorough preparation and presents a clear, realistic picture of how the school expects to operate.

At the end of each sub-section, reviewers note key strengths and identify questions and areas of concern. Reviewers explain and elaborate on their respective ratings, providing summative ratings and comments for each section of the application and the application. Reviewer comments are essential and used to prepare feedback to the applicants, to prepare NYSED staff for the Capacity Interviews, and to inform final recommendations.

Reviewer Instructions:

- Read the relevant sub-section of the application and the corresponding bulleted evaluation criteria and indicate the rating that best fits your assessment of the response (*Does Not Meet, Approaches, or Meets the Standard*).
- Use the sub-section text boxes to identify key strengths and questions or concerns to identify areas of concern that impede your ability to have a full understanding of the proposed plan. Reference specific sections, page numbers, and evaluation criteria.
- Use the summary text boxes at the end of each section to highlight the key strengths and concerns that you have for that section of the application.
- At the end of the application, provide an overall rating for the application and insert your comments into the text boxes to support the rating. Reference the relevant sections, page numbers, and attachments.

APPENDIX D: NEW YORK STATE CSP GRANT PRIORITIES BASED UPON AVAILABLE FUNDING

Note: The CSP grant for New York is currently in transition. NYSED will make additional/different information available in the future when available. The following is provided for informational purposes only and should be used when making budgetary assumptions for the application.

As part of New York State's \$113 million federal CSP grant award, NYSED may provide grant funds to all applicants who are issued a charter by the Board of Regents, *except those applications affiliated with CMOs that have received federal CSP funds through the Charter Schools Program (CSP) Grants for and Expansion of High-Quality Charter Schools (CFDA 84.282M), since accessing both funding streams is not permitted by the U.S. Department of Education.* All successful applicants may expect to receive a base amount of \$550,000 over the planning period and first two implementation years of the school's first charter term, contingent on the completion of additional grant-specific budget information and other requirements that will be requested from those applicants who are granted a charter. For reference, see [CSP Planning and Implementation Grant](#).

In addition, New York State encourages the development of high-quality charter schools that meet specific needs, especially those of educationally disadvantaged students, and will make available the award of significantly increased start-up funding amounts for such programs. NYSED may provide enhanced awards for charters schools that meet two types of incentive priorities:

1. **Underserved student populations priority:** New York State will provide awards of up to \$625,000 total to those charter schools that, by the October Basic Education Data System (BEDS) student data reporting date in their first year of operation, have met one or more of the enrollment targets for students with disabilities, Multilingual Learners/English Language Learners, and economically disadvantaged students prescribed the by Board of Regents as required by §2852(9-b) of the Act.
2. **Authorizer program design priority:** As part of the integrated charter authorization and grant review process, NYSED may provide awards of up to \$800,000 total to charter schools meet one or more program design priorities specified below. (Schools that meet more than one incentive priority may not receive more than \$800,000 of total CSP grant funding). Continuation funding at the enhanced incentive level during the implementation years of the 3-year start-up grant will be dependent on NYSED's assessment of the school's success in implementing the program design priority. Applications which meet one of the following program design priorities outlined below will be considered for the \$800,000 enhanced CSP funding level.

APPENDIX E: BUSINESS PLAN

General Overview: The existing education corporation or charter management organization that seeks to operate multiple charter schools and/or add to a network of existing charter schools, whether these schools are in New York State or another state, is required to include a strategic business/growth plan with the full application to demonstrate capacity to take on additional schools.

Most new operator applicant groups are not required to submit a business plan with the standard application. Applicants are encouraged to contact CSO staff to ascertain if a business plan is required based on any proposed affiliations with charter schools authorized by any entity other than the Board of Regents.

Charter schools that replicate can implement a variety of organization structures to ensure the efficient operation of multiple schools. These structures may include, but are not limited to, the creation of a charter management organization (CMO), a shared services team, or merging education corporations. For the purposes of the new school RFP, these entities are referred to collectively as a Comprehensive Management Organizations. For reference, see [Definition of an Entity that Provides Comprehensive Management Services](#).

The business plan should provide the following information: If an applicant believes that a question in this section is not applicable to their situation, the applicant should so state and explain why the applicant believes the question does not apply.

A. Comprehensive Management Organization Information:

1. Name of the Comprehensive Management Organization;
2. Role of the Comprehensive Management Organization;
3. State of incorporation;
4. State(s) in which the Comprehensive Management Organization(s) operates;

Provide details as to how such deficiencies were resolved.
3. List and describe all schools currently operated by the Comprehensive Management Organization.
4. List and describe all future schools the Comprehensive Management Organization plans to operate (excluding the school described in the current RFP application).
5. Describe the Comprehensive Management Organization's five-year growth plan for developing new schools in New York and other states.
6. Provide a rationale for the proposed five-year growth plan; for example, how the organization determined the appropriate pace and scope of the proposed growth and why the organization is well-positioned to implement the growth plan.
7. Specifically identify the key risks associated with this growth plan and describe the steps the organization is taking to mitigate these risks. Respondents should demonstrate an understanding of the challenges of replication in general and as they relate specifically to their organization's growth plans. The response should detail specific risks and explain how the organization will minimize the impact of each of these risks, and ideally provide contingency plans for them. Examples may include:
 - Inability to secure facilities/facilities financing;
 - Difficulty raising philanthropic funding;
 - Insufficient leadership pipeline/difficulty recruiting school leaders; and
 - Ambiguous student performance outcomes and the need to curtail expansion if performance drops.
8. Discuss lessons learned during any past replication efforts. For example, identify challenges encountered and how the organization addressed them, as well as how the organization would minimize such challenges for the proposed schools.
