#### A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

[1] Employees that must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at

http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeF ngerprintOct19.pdf or visit the NYSED website at: <a href="http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html">http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html</a> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

#### **B.** Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must simultaneously request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at

http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeFingerprintOct19.pdf.

Instructions for submitting School Calendar

#### **Required of ALL Charter Schools**

Given these uncertain and changing times, charter schools may o may not have a school calendar ready to upload by the submission deadline this year of August 2, 2021. If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August  $2^{nd}$  submission. Charter schools will be able to upload an updated school calendar into the portal at any time but no later than **September 15, 2021**.

School calendars must meet the <u>minimum instructional requirements</u> as required of other public schools "... unless the school's charter requires more instructional time than is required under the regulations."

Board of Regents-authorized charter schools are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

#### INTRODUCTION

Boys Prep Bronx, the first all-boys public elementary school in the Bronx, opened in 2014 to change the narrative for generations of young men of color by starting their educational journey early to put them on a path to college completion.

Boys Prep is part of Public Preparatory Network, which launched in 2009 to support the administrative demand of the schools, to assist in the replication and start-up process and to open future single-sex public elementary and middle schools in New York City. Our model is designed to empower each student to build strong character, demonstrate critical thinking, possess a core body of knowledge and be on a predictive path to earn a degree from a four-year university.

Our model recognizes the significance of starting early in building the self-expectation in students that they will attend and complete college and of providing a strong foundation to help get them there. Our content-rich interdisciplinary curriculum ensures students obtain knowledge, skills, and vocabulary related to English Language Arts, mathematics, history, geography, science, foreign language, and the arts. Furthermore, our schools aim to develop our students' work habits and individual talents by integrating the visual arts, music, and athletics into our curriculum.

Everything we do is designed to ensure students are prepared to graduate into New York City's top performing independent, parochial, and public schools to ensure they continue along the path to college completion.

Our core values are scholarship, merit, brotherhood and responsibility.

#### Goal 1: English Language Arts

Students will become proficient readers of the English language.

#### Background

Boys Prep uses a balanced literacy approach in conjunction with the Common Core State Standards (CCSS) as a foundation for planning and instruction. Each integrated literacy block is approximately 110 minutes long at the elementary school and includes both reading and writing instruction and practice opportunities. Teachers use a lesson format that follows a predictable structure – Warm-Up, Teach, guided practice, Independent Practice, connect – so that students know what to expect and what is expected of them at each part of the lesson.

Boys Prep students gain the benefits of the workshop model by learning to communicate in a positive and collaborative climate, apply knowledge through meaningful communication about what they have read, self-monitor through independent reading goals, and practice and master skills and standards by incorporating teacher and student feedback.

Teachers are trained and expected to monitor literacy growth using STEP, which is a research-based formative assessment, data management, and professional development system that has been proven to significantly improve student achievement in literacy. STEP assesses children's literacy skills, provides key data to educators, and trains teachers how to interpret that data in a way that moves children reliably through a 13-level system toward reading proficiency. Students also complete the Writing Series and writing diagnostic tied to the units of instruction. Teachers use regular unit assessments in grades 2-5 to monitor student performance and progress.

The NWEA MAP assessment and unit assessments are used strategically by staff to ensure that immediate re-teach and intervention of ELA skills is incorporated into the daily plans, as well as six-week intervention plans. Additionally, the ongoing data informs our RTI (response to intervention) process, a network wide model that targets students for enrichment and/or intervention.

While Boys Prep is committed to incorporating the programs that build strong foundations and embed higher order critical thinking, we also ensure rigor and high academic expectations through standardization and structure. For example, we have developed standardized practices for grading and evaluating student work as well as for small group instruction and Response to Intervention process and criteria.

#### Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

#### Method

MAP Growth is a computer adaptive test created by NWEA our students take three times per school year. The results provide teachers with information to help them deliver appropriate content for each student and determine each student's academic growth over time. MAP Growth dynamically adjusts to each student's performance and creates a personalized assessment experience that accurately measures performance—whether a student performs on, above, or below grade level. MAP benchmarks are derived based on an empirical analysis of the scores that have best correlated with NYS test proficiency in the past. After each year of NYS testing, the Public Prep Academic Team may revise the NWEA MAP benchmarks to improve alignment to the previous year's NYS test.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

## Evaluation

In 2020-21, Boys Prep Bronx did not achieve this accountability plan goal.

### Summary of the English Language Arts Goal

We are committed to providing the resources needed for our students to become proficient readers of the English language. Boys Prep is committed to a culture of continuous improvement where student achievement and success has no limit.

Measure	Subgroup	Target	Tested	Results	Met?
Measure 1: Each year, the school's median growth percentile of all 3 <sup>rd</sup> through 8 <sup>th</sup> grade students will be greater than 50. Student growth is the difference between the beginning of year score and the end of year score.	All students	50	128	40%	No
Measure 2: Each year, the school's median growth percentile of all 3 <sup>rd</sup> through 8 <sup>th</sup> gradestudents whose achievement did not meet or exceed the RIT score proficiency equivalent in the fall will meet or exceed 55 in the spring administration.	Low initial achievers	55	128	33	No

Measure 3: Each year, the median growth percentile of 3 <sup>rd</sup> through 8 <sup>th</sup> grade students with disabilities at the school will be equal to or greater than the median growth of 3 <sup>rd</sup> through 8 <sup>th</sup> grade general education students at the school.	Students with disabilities	70	18	35	No

#### Action Plan

#### Curriculum

During the charter period, Boys Prep faculty worked diligently with peer faculty across the Public Prep Network to improve the quality and consistency of the ELA curriculum. The K-8 curriculum was constructed through a combination of upgrading the strongest of the units that were already in use and bringing in high quality external units from Success Academy, Expeditionary Learning and other schools with a strong track record of academic excellence. In 2017-18, teachers across the network implemented a common, standards-aligned ELA curriculum that is coherent in PreK-8. Each unit provides common components, including the ability to choose among a variety of rigorous texts, aligned assessments, clear enduring understandings, interdisciplinary connections, and detailed lesson guides for teachers to use, amend, or build upon. All standards, skills, scope and sequence, and end-of-unit assessments are shared across Public Prep schools, allowing schools to share instructional techniques and benchmark progress against their peers.

#### Instruction

The second key lever to drive academic improvement is to continue to refine our coaching and observation processes. As the level of expectations of our students has increased, we have identified that our expectations for adult learning must also increase and are providing additional levels of support and professional development opportunities to ensure successful and impactful instructional delivery. All of Boys Prep's instructional leaders regularly observe teachers and provide instructional feedback. Grade team leaders will also conduct informal observations and peer observations. All observations will utilize the Danielson framework as our model of excellent teaching.

Boys Prep has invested in the TeachBoost platform to improve the quality of observation, coaching and evaluation. All teachers will receive a minimum of 15 short and 5 long classroom observations from their coach, which is the average reported by top-quartile schools on TNTP's Insight survey. Our coaching and observation program will also be supported through our partnership with TNTP. From the research literature on school improvement, we know that strong coaching and feedback is one of the highest-leverage strategies that a principal must utilize to improve student achievement. TNTP will also organize Excellent School Visits to ensure our school leaders see best practice.

#### Data & Assessment

Boys Prep teachers and instructional leaders routinely collect and analyze a wide variety of qualitative and quantitative data to improve curriculum and instruction. Students are assessed using curricular-aligned, performance-based assessments as measures of absolute performance. These rigorous assessments require synthesis and high-level application of knowledge from all subject areas. Student growth is measured using the NWEA MAP and STEP assessments. Throughout the year, students take interim assessments aligned with our scope and sequence in mathematics and in English Language Arts.

#### Leadership

To better support the Instruction, Curriculum and Assessment, Public Prep made important changes to strengthen the organization's central leadership team. To improve the support and supervision of principals, Public Prep unbundled some of the responsibilities of the CEO, putting day-to-day operations in the hands of the network's Academic Team.

#### **MATHEMATICS**

#### Goal 2: Mathematics

Boys Prep students will demonstrate steady progress in the understanding and application of mathematical skills and concepts.

#### Background

Boys Prep has an intensive math curriculum that utilizes the Common Core State Standards as a foundation and folds in rigorous curricula to challenge students and allow teachers to narrow and deepen the scope of math instruction. Boys Prep's math instruction schedule includes a morning meeting each day, as well as a math lesson each day at the elementary level Teachers use data from student work and math lessons to plan for future instruction.

Boys Prep is continuing to use publisher resources such as Engrade NY at the elementary and middle school, but the program is supplemented with additional content and exemplars to provide more process-based problem solving and to fill gaps in the curriculum. The use of math centers to develop and reinforce mathematical concepts and skills is a critical component of the math workshop. In addition to a math workshop, students participate in solving complex word problems during "Cognitively Guided Instruction" (CGI). CGI serves as a daily opportunity for students to deeply consider number relationships, to apply relationships to computation strategies, and to discuss and analyze their reasoning. CGI supports the development of efficient, flexible, meaningful, and accurate computation strategies.

Boys Prep's instructional leadership teams focus on abstract math to more readily assure that students will be able to take on a more diverse array of mathematical problems and apply their mathematical understandings to new and varied situations. With this strategy teachers are also able to hone their instructional techniques through intensive development of lessons.

#### Action Plan

#### **Increased Instructional Time**

In Grades K-5, we have implemented a new 30-minute problem-solving block. Students will spend this time critically engaging with a single rigorous question, developing their own strategies and discussing them with peers as a class. We have contracted with Dr. Stephanie Smith to implement Cognitively Guided Instruction (CGI) "Number Talks" during this problem-solving block. CGI has previously been implemented by other NYC charter schools that have seen substantial growth in math achievement as a result.

#### Instruction

The second key lever to drive academic improvement is to continue to refine our coaching and observation processes. All instructional leaders will regularly observe teachers and provide instructional feedback. Grade team leaders will also conduct informal observations and peer observations. All observations will utilize the Danielson framework as our model of excellent teaching.

Throughout the year, students take interim assessments aligned with our scope and sequence in mathematics and in English Language Arts.

#### Leadership

As outlined in the ELA action plan above, Public Prep has made additional supports and made significant changes in network and school leadership with the aim of improving instructional leadership, adult learning, teacher coaching and development.

#### Goal 3: NCLB

The school will be in Good Standing each year.

#### Goal 1: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

#### Method

Since all students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

#### Results

For the 2020-21 school year Boys Prep was in Good Standing.

#### Evaluation

Boys Prep met this accountability goal.

#### INTRODUCTION

Boys Prep Bronx, the first all-boys public elementary school in the Bronx, opened in 2014 to change the narrative for generations of young men of color by starting their educational journey early to put them on a path to college completion.

Boys Prep is part of Public Preparatory Network, which launched in 2009 to support the administrative demand of the schools, to assist in the replication and start-up process and to open future single-sex public elementary and middle schools in New York City. Our model is designed to empower each student to build strong character, demonstrate critical thinking, possess a core body of knowledge and be on a predictive path to earn a degree from a four-year university.

Our model recognizes the significance of starting early in building the self-expectation in students that they will attend and complete college and of providing a strong foundation to help get them there. Our content-rich interdisciplinary curriculum ensures students obtain knowledge, skills, and vocabulary related to English Language Arts, mathematics, history, geography, science, foreign language, and the arts. Furthermore, our schools aim to develop our students' work habits and individual talents by integrating the visual arts, music, and athletics into our curriculum.

Everything we do is designed to ensure students are prepared to graduate into New York City's top performing independent, parochial, and public schools to ensure they continue along the path to college completion.

Our core values are scholarship, merit, brotherhood and responsibility.

#### Goal 1: English Language Arts

Students will become proficient readers of the English language.

#### Background

Boys Prep uses a balanced literacy approach in conjunction with the Common Core State Standards (CCSS) as a foundation for planning and instruction. Each integrated literacy block is approximately 110 minutes long at the elementary school and includes both reading and writing instruction and practice opportunities. Teachers use a lesson format that follows a predictable structure – Warm-Up, Teach, guided practice, Independent Practice, connect – so that students know what to expect and what is expected of them at each part of the lesson.

Boys Prep students gain the benefits of the workshop model by learning to communicate in a positive and collaborative climate, apply knowledge through meaningful communication about what they have read, self-monitor through independent reading goals, and practice and master skills and standards by incorporating teacher and student feedback.

Teachers are trained and expected to monitor literacy growth using STEP, which is a research-based formative assessment, data management, and professional development system that has been proven to significantly improve student achievement in literacy. STEP assesses children's literacy skills, provides key data to educators, and trains teachers how to interpret that data in a way that moves children reliably through a 13-level system toward reading proficiency. Students also complete the Writing Series and writing diagnostic tied to the units of instruction. Teachers use regular unit assessments in grades 2-5 to monitor student performance and progress.

The NWEA MAP assessment and unit assessments are used strategically by staff to ensure that immediate re-teach and intervention of ELA skills is incorporated into the daily plans, as well as six-week intervention plans. Additionally, the ongoing data informs our RTI (response to intervention) process, a network wide model that targets students for enrichment and/or intervention.

While Boys Prep is committed to incorporating the programs that build strong foundations and embed higher order critical thinking, we also ensure rigor and high academic expectations through standardization and structure. For example, we have developed standardized practices for grading and evaluating student work as well as for small group instruction and Response to Intervention process and criteria.

#### Goal 1: Absolute Measure

Each year, 75 percent of all tested students enrolled in at least their second year will perform at proficiency on the New York State English language arts examination for grades 3-8.

#### Method

MAP Growth is a computer adaptive test created by NWEA our students take three times per school year. The results provide teachers with information to help them deliver appropriate content for each student and determine each student's academic growth over time. MAP Growth dynamically adjusts to each student's performance and creates a personalized assessment experience that accurately measures performance—whether a student performs on, above, or below grade level. MAP benchmarks are derived based on an empirical analysis of the scores that have best correlated with NYS test proficiency in the past. After each year of NYS testing, the Public Prep Academic Team may revise the NWEA MAP benchmarks to improve alignment to the previous year's NYS test.

The table below summarizes participation information for this year's test administration. The table indicates total enrollment and total number of students tested. It also provides a detailed breakdown of those students excluded from the exam. Note that this table includes all students according to grade level, even if they have not enrolled in at least their second year.

#### Action Plan

#### Curriculum

During the charter period, Boys Prep faculty worked diligently with peer faculty across the Public Prep Network to improve the quality and consistency of the ELA curriculum. The K-8 curriculum was constructed through a combination of upgrading the strongest of the units that were already in use and bringing in high quality external units from Success Academy, Expeditionary Learning and other schools with a strong track record of academic excellence. In 2017-18, teachers across the network implemented a common, standards-aligned ELA curriculum that is coherent in PreK-8. Each unit provides common components, including the ability to choose among a variety of rigorous texts, aligned assessments, clear enduring understandings, interdisciplinary connections, and detailed lesson guides for teachers to use, amend, or build upon. All standards, skills, scope and sequence, and end-of-unit assessments are shared across Public Prep schools, allowing schools to share instructional techniques and benchmark progress against their peers.

#### Instruction

The second key lever to drive academic improvement is to continue to refine our coaching and observation processes. As the level of expectations of our students has increased, we have identified that our expectations for adult learning must also increase and are providing additional levels of support and professional development opportunities to ensure successful and impactful instructional delivery. All of Boys Prep's instructional leaders regularly observe teachers and provide instructional feedback. Grade team leaders will also conduct informal observations and peer observations. All observations will utilize the Danielson framework as our model of excellent teaching.

Boys Prep has invested in the TeachBoost platform to improve the quality of observation, coaching and evaluation. All teachers will receive a minimum of 15 short and 5 long classroom observations from their coach, which is the average reported by top-quartile schools on TNTP's Insight survey. Our coaching and observation program will also be supported through our partnership with TNTP. From the research literature on school improvement, we know that strong coaching and feedback is one of the highest-leverage strategies that a principal must utilize to improve student achievement. TNTP will also organize Excellent School Visits to ensure our school leaders see best practice.

#### Data & Assessment

Boys Prep teachers and instructional leaders routinely collect and analyze a wide variety of qualitative and quantitative data to improve curriculum and instruction. Students are assessed using curricular-aligned, performance-based assessments as measures of absolute performance. These rigorous assessments require synthesis and high-level application of knowledge from all subject areas. Student growth is measured using the NWEA MAP and STEP assessments. Throughout the year, students take interim assessments aligned with our scope and sequence in mathematics and in English Language Arts.

#### Leadership

To better support the Instruction, Curriculum and Assessment, Public Prep made important changes to strengthen the organization's central leadership team. To improve the support and supervision of principals, Public Prep unbundled some of the responsibilities of the CEO, putting day-to-day operations in the hands of the network's Academic Team.

#### **MATHEMATICS**

#### Goal 2: Mathematics

Boys Prep students will demonstrate steady progress in the understanding and application of mathematical skills and concepts.

#### Background

Boys Prep has an intensive math curriculum that utilizes the Common Core State Standards as a foundation and folds in rigorous curricula to challenge students and allow teachers to narrow and deepen the scope of math instruction. Boys Prep's math instruction schedule includes a morning meeting each day, as well as a math lesson each day at the elementary level Teachers use data from student work and math lessons to plan for future instruction.

Boys Prep is continuing to use publisher resources such as Engrade NY at the elementary and middle school, but the program is supplemented with additional content and exemplars to provide more process-based problem solving and to fill gaps in the curriculum. The use of math centers to develop and reinforce mathematical concepts and skills is a critical component of the math workshop. In addition to a math workshop, students participate in solving complex word problems during "Cognitively Guided Instruction" (CGI). CGI serves as a daily opportunity for students to deeply consider number relationships, to apply relationships to computation strategies, and to discuss and analyze their reasoning. CGI supports the development of efficient, flexible, meaningful, and accurate computation strategies.

Boys Prep's instructional leadership teams focus on abstract math to more readily assure that students will be able to take on a more diverse array of mathematical problems and apply their mathematical understandings to new and varied situations. With this strategy teachers are also able to hone their instructional techniques through intensive development of lessons.

#### Action Plan

#### **Increased Instructional Time**

In Grades K-5, we have implemented a new 30-minute problem-solving block. Students will spend this time critically engaging with a single rigorous question, developing their own strategies and discussing them with peers as a class. We have contracted with Dr. Stephanie Smith to implement Cognitively Guided Instruction (CGI) "Number Talks" during this problem-solving block. CGI has previously been implemented by other NYC charter schools that have seen substantial growth in math achievement as a result.

#### Instruction

The second key lever to drive academic improvement is to continue to refine our coaching and observation processes. All instructional leaders will regularly observe teachers and provide instructional feedback. Grade team leaders will also conduct informal observations and peer observations. All observations will utilize the Danielson framework as our model of excellent teaching.

Throughout the year, students take interim assessments aligned with our scope and sequence in mathematics and in English Language Arts.

#### Leadership

As outlined in the ELA action plan above, Public Prep has made additional supports and made significant changes in network and school leadership with the aim of improving instructional leadership, adult learning, teacher coaching and development.

#### Goal 3: NCLB

The school will be in Good Standing each year.

#### Goal 1: Absolute Measure

Under the state's NCLB accountability system, the school's Accountability Status is in good standing: the state has not identified the school as a Focus School nor determined that it has met the criteria to be identified as a local-assistance-plan school.

#### Method

Since all students are expected to meet the state's learning standards, the federal No Child Left Behind legislation stipulates that various sub-populations and demographic categories of students among all tested students must meet state proficiency standards. New York, like all states, established a system for making these determinations for its public schools. Each year the state issues School Report Cards. The report cards indicate each school's status under the state's No Child Left Behind (NCLB) accountability system.

#### Results

For the 2020-21 school year Boys Prep was in Good Standing.

#### Evaluation

Boys Prep met this accountability goal.

#### Additional Evidence

Boys Prep has been in good standing for each year of the Accountability Period.

#### INDEPENDENT AUDITOR'S REPORT

Board of Trustees Public Prep Charter School Academies

#### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Public Prep Charter School Academies (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2021 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Public Prep Charter School Academies as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2021 on our consideration of Public Prep Charter School Academies' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Public Prep Charter School Academies' internal control over financial reporting and compliance.

#### **Report on Summarized Comparative Information**

We have previously audited Public Prep Charter School Academies' consolidated financial statements as of and for the year ended June 30, 2020, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 27, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, Cont'd

### JUNE 30, 2021 (With Comparative Totals for 2020)

#### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of presentation

The accompanying consolidated financial statements include the accounts of Girls Preparatory Charter School of New York ("Girls Prep LES"), Boys Preparatory Charter School of New York ("Boys Prep"), Girls Preparatory Charter School of the Bronx ("Girls Prep Bronx"), Girls Preparatory Charter School of the Bronx II ("Girls Prep Bronx II"), PrePrep: the Joan Ganz Cooney Early Learning Program ("PrePrep"), PrePrep2 ("PrePrep2"), PrePrep3"), collectively forming Public Prep Charter School Academies, and Friends of Girls Preparatory Charter School of New York, Inc. ("Friends"), (collectively referred to as the "Organization"). All intercompany balances and transactions have been eliminated in the accompanying consolidated financial statements.

#### The Organization

Public Prep Charter School Academies is an education corporation that has authority to operate the Charter Schools as described below. Each of the Charter Schools were established to prepare underserved elementary and middle school students for higher education, civic involvement and lifelong success through a structured, caring environment of high academic expectations. Friends was organized under the laws of the State of New York as a not-for-profit corporation under subparagraph (a)(5) of Section 102 of the Not-For-Profit Corporation law. See Note D.

Girls Prep LES operates in the borough of Manhattan, New York. On March 23, 2004, the Board of Regents of the University of the State of New York granted Girls Prep LES a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep LES obtained a renewal through June 30, 2025.

Boys Prep operates in the borough of Bronx, New York. On December 14, 2010, the Board of Regents of the University of the State of New York granted Boys Prep a provisional charter valid for a term of five years and renewable upon expiration. Boys Prep obtained a renewal through July 31, 2024.

Girls Prep Bronx operates in the borough of Bronx, New York. On February 23, 2009, the Board of Regents of the University of the State of New York granted Girls Prep Bronx a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep Bronx obtained a renewal through July 31, 2022.

On March 9, 2019, the Board of Regents of the University of the State of New York granted Girls Prep Bronx II a provisional charter valid for a term of five years through June 30, 2025, and renewable upon expiration. Girls Prep Bronx II opened for students in the Fall of 2020.

In December 2020, Girls Prep LES, Boys Prep, and Girls Prep Bronx each received approval from SUNY for a revision to their charters to create a joint high school program with another Charter School beginning in the 2022-23 school year; however, this was rejected by the NY State Education Department and SUNY has yet to override this rejection.

PrePrep operates in the borough of Bronx, New York. The Organization obtained approval from the New York City Department of Education to open a Pre-K program. The contract authorized operation of a universal prekindergarten program for a term of three years through June 30, 2018 and was renewable for two years upon expiration. PrePrep obtained a renewal through June 30, 2022.

#### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

PrePrep2 operates in the borough of Bronx, New York. The Organization obtained approval from the New York City Department of Education to open a second Pre-K program. The contract authorizes operation of a universal prekindergarten program for a term of three years through June 30, 2021. PrePrep2 obtained a renewal through June 30, 2022.

PrePrep3 operates in the borough of Manhattan, New York. The Organization obtained approval from the New York City Department of Education to open a third Pre-K program. The contract authorizes operation of a universal prekindergarten program for a term of two years through June 30, 2021. PrePrep3 obtained a renewal through June 30, 2022.

#### Financial Statement presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

<u>Net Assets Without Donor Restrictions</u> – The net assets over which the Governing Board has discretionary control to use in carrying on the Organization's operations in accordance with the guidelines established by the Organization. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

#### Revenue recognition

Revenue from Exchange Transactions: The Organization recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The Organization records substantially all revenues over time, as follows.

#### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

#### Public school district revenue

The Organization recognizes revenue as educational programming is provided to students throughout the year. The Organization earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Organization and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

#### Universal Pre-Kindergarten (Pre-K)

Similar to public school district revenue, the Organization recognizes Pre-K revenue as educational programming is provided to students throughout the year. The maximum revenue amount is based on a contractually determined fixed amount per student and the number of students enrolled at a point in time. This amount could be further reduced if actual costs incurred in providing the Pre-K program are less than the maximum calculated amount of the contract. Amounts are paid in installments throughout the course of the year, with the final 5% paid upon submission of all required documentation at the end of the contract year. Revenue recognized from Pre-K programs totaled \$1,451,446 and \$1,305,095 for the years ended June 30, 2021 and 2020, respectively.

#### Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Contributions

Contributions and unconditional promises to give are recorded in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same period for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

### Grant revenue

Some of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying consolidated statement of financial position. There was no revenue deferred at June 30, 2021 and 2020. The Organization received cost-reimbursement grants of approximately \$116,245 and \$42,556 that had not been recognized at June 30, 2021 and 2020, respectively, because qualifying expenditures had not yet been incurred.

### Cash

Cash balances are maintained at certain financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Organization has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

### Cash in escrow

The Organization maintains cash in escrow accounts for dissolution reserves in accordance with the terms of their charter agreements. The amount in escrow for dissolution as of June 30, 2021 and 2020 was \$200,329 and \$175,278, respectively. The escrow is restricted to fund legal and other costs related to the dissolution of the Organization, should dissolution become necessary.

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Grants and contracts receivable

Grants and contracts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2021 or 2020.

### Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straightline method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to thirty five years. Leasehold improvements are amortized over the lesser of the lease term or useful life.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

### Tax exempt status

The Organization is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

Public Prep Academies and Friends file Form 990 tax returns in the U.S. federal jurisdiction. In addition, Friends files in New York. The tax returns for the years ended June 30, 2018 through June 30, 2021 are still subject to potential audit by the IRS and NY. Management of the Organization believes it has no material uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits.

### Contributed services

The Organization receives contributed services from volunteers to serve on the Board of Trustees. In addition, the Organization received transportation services, special education services and speech therapy instruction for the students from the local district. The Organization was unable to determine a value for these services.

### Marketing and recruiting costs

The Organization expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated \$70,000 and \$49,000 for the years ended June 30, 2021 and 2020, respectively.

### Security deposit payable

The Organization subleases a portion of one of the buildings it occupies and received a security deposit in relation to the sublease.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, Cont'd

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Deferred lease liability

The Organization leases one of its facilities. The lease contains significant pre-determined fixed escalations of the base rent. In accordance with GAAP, the Organization recognizes the related rent expense on a straight-line basis and records the difference between the recognized rental expense and the amounts paid under the lease as a deferred lease liability. The amount of additional rent expense recognized in excess of the amounts paid under the lease was \$625,636 and \$666,069 for the years ended June 30, 2021 and 2020, respectively.

### Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

### Functional allocation of expenses

The costs of programs and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

### New accounting pronouncements:

### Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Organization is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Organization's financial position or results of operations.

### Gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kind recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and will be applied on a retrospective basis. The Organization is currently evaluating the provisions of this update to determine the impact it will have on the Organization's financial statements.

### Subsequent events

The Organization has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 29, 2021, which is the date the financial statements are available to be issued. See Note F and Note J.

### NOTE B: RELATED PARTY TRANSACTIONS

The Organization has related party receivables from and payables to one related organization, Public Preparatory Network, Inc. (PPN). PPN, a not-for-profit organization, provides management and other administrative support services to the Organization. For the years ended June 30, 2021 and 2020, the Organization paid an annual service fee of 15% of the year end student enrollment full time equivalents multiplied by the approved per pupil reimbursement rate for the school year for general education and special education funding. The term of the agreement renews annually unless terminated by either party with at least six months' notice. The fee incurred for the years ended June 30, 2021 and 2020 was \$5,798,628 and \$5,510,667, respectively.

The Organization also leases space in one of its facilities to PPN, see Note D for further details.

### NOTE C: LIQUIDITY AND AVAILABILITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Organization's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities of education and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Organization's cash and shows positive cash generated by operations for fiscal years 2021 and 2020.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	June	: 30,
	2021	2020
Cash	\$ 17,945,495	\$ 11,372,057

### NOTE D: SCHOOL FACILITY

As part of the New York City Chancellor's Charter School Initiative, the New York City Department of Education has committed space to the Organization at no charge under a verbal agreement.

In December 2016 Friends entered into a lease agreement with a third party for school facility space for use by Boys Prep. The lease required a security deposit of \$495,000 which was paid in fiscal 2017 by Boys Prep. The lease term is 35 years, which commenced upon occupancy in September 2018, with the option to renew the agreement for two renewal terms, the first for ten years and the second for four years. The current agreement provides for monthly payments of approximately \$202,300 for the first year, increasing annually based upon the greater of the changes in the Consumer Price Index above a base year or a fixed percentage of 1.5%.

### NOTE D: SCHOOL FACILITY, Cont'd

The landlord made improvements to the space, including construction of additional space, the cost of which was to be shared between the landlord and Friends. This amount (initially anticipated at \$6,250,000) was expected to be repaid to the landlord through a ten-year \$3,000,000 loan with a fixed interest rate of 5%, and a ten-year \$3,250,000 loan at an interest rate equal to the landlord's rate of interest at the time of the landlord's mortgage closing. Payment of the \$3,000,000 loan commenced in September 2018, and payment of the \$3,250,000 loan was to commence in year three of the lease term. The lease required \$2,256,000 to be deposited in an escrow account to be used toward construction and for Friends to pay up to \$608,000 directly to the architect and up to \$92,000 to the construction manager upon receipt of invoices. As of June 30, 2021 and 2020, the Organization paid \$845,113 and \$803,930, respectively, for architect fees which are included in leasehold improvements in the accompanying statement of financial position. Effective July 31, 2020, the related loans were paid in full and Friends obtained separate financing, which is further detailed in Note J.

During February 2018, the Organization agreed to sublease a portion of the Boys Prep facility for a term of twenty-two months, beginning September 2018 through June 30, 2020. The rental income was \$27,083 per month for July 1, 2019 through June 30, 2020. In addition, the tenant paid a portion of utilities and custodial services. Effective May 1, 2019, the Organization agreed to sublet an additional portion of the Boys Prep facility for a fourteen month period through June 30, 2020 at \$4,167 per month. This sublease was extended at the same terms through July 31, 2021. This sublease was further extended through June 30, 2022 under new sublease terms, with no rent expense being charged. In place of monthly rent, the sub-tenant is required to provide in-kind after-school programming for the term of the sublease and pay for any security charges incurred for services provided beyond normal building hours. Additionally, effective July 1, 2019, the Organization sublet space in the Boys Prep facility to PPN at a rate of \$4,125 per month on a month-to-month basis. Rent expense paid during the years ended June 30, 2021 and 2020 (net of sublease income) was approximately \$2,250,000 and \$1,840,000, respectively.

Future minimum payments under these leases and subleases are as follows:

	Minimum	Sublease	Net Lease
Year ending June 30,	Payments	Income	Payments

### NOTE D: SCHOOL FACILITY, Cont'd

During September 2019, the Organization finalized a sublease between Friends and Public Prep Charter School Academies for the school facility space which commenced September 10, 2018 through June 30, 2053. The lease is intended to transfer actual costs of the facility incurred by Friends to Public Prep Charter School Academies over the full lease term. Under the terms of the lease, the rent expense incurred in a given fiscal year is limited to the amount of rental reimbursement under N.Y. Education Law Section 2853(3)(e) for which Boys Prep is eligible. Effective July 1, 2020, the lease was amended to reduce the term to June 30, 2021 at a fixed annual rental of \$4,066,328. Effective July 1, 2021, the lease was amended to extend the term to June 30, 2041. Under the amended sublease, annual rental payments increase by approximately 2% annually. All intercompany rent is eliminated in the accompanying consolidated financial statements; \$4,121,329 and \$2,985,034 for June 30, 2021 and 2020, respectively.

The minimum future payments and receipts are as follows:

Year ending June 30,	Amount
2022	\$ 5,702,967
2023	5,803,682
2024	5,906,573

2026	6,119,088
Thereafter	_103,399,926

### NOTE F: COMMITMENTS

At June 30, 2021, the Organization had three capital leases for computer equipment. During August 2021, the Organization entered into an additional capital lease for computer equipment, as further detailed in Note J. Amortization of capital leases is included in depreciation expense.

The Organization also leases office equipment under non-cancelable lease agreements expiring at various dates through January 2025.

The future minimum payments on these agreements are approximately as follows:

Year ending June 30,	Cap	oital leases	Oper	rating leases
2022	\$	170,764	\$	291,200
2023		164,083		229,500

2026		-		31,200
Thereafter				2,600
Net minimum lease payments		352,710	\$	726,400
Less amount representing interest		(23,231)		
Present value of net minimum lease payments included in future maturities of long-term debt as shown in Note J		329,479		
Less current maturities of capital lease obligations included in current portion of long-term debt		(154,422)		
Long-term capital lease obligations	\$	175,057		

During fiscal 2018, existing leases for certain office equipment were bought out by a new vendor who provided a cash lease incentive to the Organization. The deferred lease incentive associated with these buyouts will be amortized over five years (the term of the new leases) and is included in deferred lease incentive on the accompanying consolidated statement of financial position as of June 30, 2021 and 2020. Approximately \$26,000 is expected to be recognized annually through 2022, with the remainder recognized in 2023.

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE G: RETIREMENT PLAN

The Organization sponsors a defined contribution 403(b) plan covering all regular employees. The Organization matches employees' contributions based on years of service, up to a maximum of 7.5% of base salary. The Organization's total contribution to the Plan for the years ended June 30, 2021 and 2020 was \$468,855 and \$370,573, respectively.

### NOTE H: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Organization. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying consolidated financial statements. Accordingly, no amounts have been provided in the accompanying consolidated financial statements for such potential claims.

### **NOTE I: CONCENTRATIONS**

At June 30, 2021 and 2020, approximately 74% and 56%, respectively of grants and contracts receivables are due from New York State relating to certain grants. At June 30, 2021 and 2020, approximately 13% and 16% of grants and contracts receivables are due from NYCDOE relating to certain grants, respectively.

During the years ended June 30, 2021, and 2020, 83% and 84%, respectively of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which each Charter School's students reside.

### NOTE J: LONG-TERM DEBT, Cont'd

In response to the COVID-19 outbreak, in April 2020 the School applied for and was approved by a bank for a loan of \$4,301,000 through the Paycheck Protection Program established by the Small Business Administration, as shown above. The loan had a maturity of 2 years and an interest rate of 1%. The loan had the potential for forgiveness provided certain requirements were met by the School. The loan was funded on April 24, 2020. The Organization applied for and was approved for full forgiveness of the loan in June 2021.

Estimated annual maturities of long-term debt at June 30, 2021 as described above, are as follows:

Year ending June 30,	Amount

### NOTE K: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function (including salaries, benefits, management fees, purchased services, occupancy, supplies, and depreciation) are allocated on the basis of estimates of time, effort, and usage.

### NOTE M: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Organization has recognized \$1,036,594 of revenue relative to ESSER grants during the year ended June 30, 2021.

### NOTE N: RENEWAL PROCESS

The Organization is currently in the process of renewing the charter for Girls Prep Bronx as granted by the Board of Regents of the University of the State of New York. The charter currently expires July 31, 2022. The renewal process includes review by the Board of Regents of the University of the State of New York (SUNY) of various operational and governance aspects, including fiscal health and internal controls, board governance, and academic performance. Upon review of the renewal application and results, SUNY will determine if the charter should be renewed and if so, for how long. Successful charter renewals can range from one to five years. At this time, management of the Organization expects the charter to be renewed.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Public Prep Charter School Academies

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Public Prep Charter School Academies, which comprise the consolidated statement of financial position as of June 30, 2021 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 29, 2021.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered Public Prep Charter School Academies' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Public Prep Charter School Academies' internal control. Accordingly, we do not express an opinion on the effectiveness of Public Prep Charter School Academies' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2021-001, that we consider to be a significant deficiency.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Public Prep Charter School Academies' consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we have reported to management of Public Prep Charter School Academies in a separate letter dated October 29, 2021.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Board of Trustees Public Prep Charter School Academies

### Report on Compliance for Each Major Federal Program

We have audited Public Prep Charter School Academies' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Public Prep Charter School Academies' major federal programs for the year ended June 30, 2021. Public Prep Charter School Academies' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Public Prep Charter School Academies' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Public Prep Charter School Academies' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Public Prep Charter School Academies' compliance.

### **Opinion on Each Major Federal Program**

In our opinion, Public Prep Charter School Academies complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

### **Report on Internal Control over Compliance**

Management of Public Prep Charter School Academies is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Public Prep Charter School Academies' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Public Prep Charter School Academies' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the consolidated financial statements of Public Prep Charter School Academies as of and for the year ended June 30, 2021, and have issued our report thereon dated October 29, 2021, which contained an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS, Cont'd

### YEAR ENDED JUNE 30, 2021

### FINDINGS – FINANCIAL STATEMENT AUDIT

### **Finding 2021-001**

### Criteria and statement of condition

During our 2021 audit, certain significant auditor adjustments were necessary to properly state consolidated financial statement balances in accordance with accounting principles generally accepted in the United States of America (GAAP). The adjustments included journal entries to accounts receivable, prepaid expenses, accounts payable, long-term debt, and deferred lease liability. Prior to the corrections, total assets were initially overstated by approximately \$366,000, total liabilities were overstated by approximately \$349,000, and change in net assets was overstated by approximately \$17,000. We consider this to be a significant deficiency in internal control over financial reporting.

### Context

During the 2021 fiscal year, the Organization transitioned to a new outsourced financial consultant. During the transition, the intricacies of the required financial reporting for the different charters and programs operated by the Organization were not fully understood. As a result, certain accounts were not reconciled on a timely basis throughout the course of the year and required significant adjustments at year-end to properly state consolidated financial statement balances in accordance with GAAP.

### Effect or Potential Effect

Certain consolidated financial statement balances were misstated, and audit adjustments were required. Management may not have accurate financial information when making decisions if accounts are not reconciled on a timely basis as errors may occur and not be detected.

### Recommendation

We recommend the Organization implement a monthly, quarterly, and year-end closing checklist in conjunction with their financial consultant, delineating responsibilities of each party and documenting when items are completed and by whom. A member of the Organization's senior leadership team should be assigned to monitor completion of the closing checklist by the financial consultant. This will assist both management and the financial consultant in understanding their respective responsibilities and will ensure the work is completed on a timely basis.

### Views of responsible officials

Management agrees - given the finding, the Organization will hold the financial consultant accountable per a detailed monthly, quarterly, and semi-annual closing checklist prior to the financial close of the 2021-22 books. The Organization will identify a member of senior leadership to monitor completion of these additional closing procedures. Any misunderstandings of roles, responsibilities and accounting intricacies specific to Public Prep will continue to be addressed through bi-weekly meetings with the financial consultant and Public Prep's internal finance team.

### Corrective Action Plan

Public Prep agrees with the audit finding and acknowledges our responsibility for the design, implementation and reviews of internal controls related to financial reporting.

### Public Prep will:

- 1. Work with its financial consultant to design and implement a monthly, quarterly, and year-end closing checklist reconciling all asset, liability, revenue, expense, and intercompany balances.
- 2. Identify a member of Senior Leadership to monitor completion of checklist items by the financial consultant.
- 3. Continue to meet with financial consultant every other week to further review roles, responsibilities, ledger variances and critical feedback.

- Engage our independent auditors to perform an agreed-upon procedures engagement as of 12/31/21 to determine if the above changes have been implemented and are operating as intended.
- 5. Have the financial consultant perform a hard close of books following Q3 2022 so any adjustments may be made prior to year-end 2022.

### **ADVISORY COMMENT LETTER**

**JUNE 30, 2021** 

October 29, 2021

To the Board of Trustees and Management Public Prep Charter School Academies

In planning and performing our audit of the consolidated financial statements of Public Prep Charter School Academies (the "Organization") as of and for the year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Organization's consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible*. The chance of the future event or events occurring is more than remote but less than likely.
- *Probable*. The future event or events are likely to occur.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the entity's internal control to be a significant deficiency:

### Significant auditor adjustments

During the 2021 fiscal year, the Organization transitioned to a new outsourced financial consultant. During the transition, the intricacies of the required financial reporting for the different charters and programs operated by the Organization were not fully understood. As a result, during our 2021 audit, certain significant auditor adjustments were necessary to properly state consolidated financial statement balances in accordance with accounting principles generally accepted in the United States of America (GAAP). The adjustments included journal entries to accounts receivable, prepaid expenses, accounts payable, long-term debt, and deferred lease liability. Prior to the corrections, total assets were initially overstated by approximately \$366,000, total liabilities were overstated by approximately \$349,000, and change in net assets was overstated by approximately \$17,000.

### Recommendation

We recommend the Organization implement a monthly, quarterly, and year-end closing checklist in conjunction with their financial consultant, delineating responsibilities of each party and documenting when items are completed and by whom. A member of the Organization's senior leadership team should be assigned to monitor completion of the closing checklist by the financial consultant. This will assist both management and the financial consultant in understanding their respective responsibilities and will ensure the work is completed on a timely basis.

### Management's Response

The Organization will hold the financial consultant accountable per a detailed monthly, quarterly, and semi-annual closing checklist prior to the financial close of the 2021-22 books. The Organization will identify a member of senior leadership to monitor completion of these additional closing procedures. Any misunderstandings of roles, responsibilities and accounting intricacies specific to Public Prep will continue to be addressed through bi-weekly meetings with the financial consultant and Public Prep's internal finance team.

### INDEPENDENT AUDITOR'S REPORT

Board of Trustees Public Prep Charter School Academies

### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Public Prep Charter School Academies (the "Organization"), which comprise the consolidated statement of financial position as of June 30, 2021 and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Public Prep Charter School Academies as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2021 on our consideration of Public Prep Charter School Academies' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Public Prep Charter School Academies' internal control over financial reporting and compliance.

### **Report on Summarized Comparative Information**

We have previously audited Public Prep Charter School Academies' consolidated financial statements as of and for the year ended June 30, 2020, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 27, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, Cont'd

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of presentation

The accompanying consolidated financial statements include the accounts of Girls Preparatory Charter School of New York ("Girls Prep LES"), Boys Preparatory Charter School of New York ("Boys Prep"), Girls Preparatory Charter School of the Bronx ("Girls Prep Bronx"), Girls Preparatory Charter School of the Bronx II ("Girls Prep Bronx II"), PrePrep: the Joan Ganz Cooney Early Learning Program ("PrePrep"), PrePrep2 ("PrePrep2"), PrePrep3"), collectively forming Public Prep Charter School Academies, and Friends of Girls Preparatory Charter School of New York, Inc. ("Friends"), (collectively referred to as the "Organization"). All intercompany balances and transactions have been eliminated in the accompanying consolidated financial statements.

### The Organization

Public Prep Charter School Academies is an education corporation that has authority to operate the Charter Schools as described below. Each of the Charter Schools were established to prepare underserved elementary and middle school students for higher education, civic involvement and lifelong success through a structured, caring environment of high academic expectations. Friends was organized under the laws of the State of New York as a not-for-profit corporation under subparagraph (a)(5) of Section 102 of the Not-For-Profit Corporation law. See Note D.

Girls Prep LES operates in the borough of Manhattan, New York. On March 23, 2004, the Board of Regents of the University of the State of New York granted Girls Prep LES a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep LES obtained a renewal through June 30, 2025.

Boys Prep operates in the borough of Bronx, New York. On December 14, 2010, the Board of Regents of the University of the State of New York granted Boys Prep a provisional charter valid for a term of five years and renewable upon expiration. Boys Prep obtained a renewal through July 31, 2024.

Girls Prep Bronx operates in the borough of Bronx, New York. On February 23, 2009, the Board of Regents of the University of the State of New York granted Girls Prep Bronx a provisional charter valid for a term of five years and renewable upon expiration. Girls Prep Bronx obtained a renewal through July 31, 2022.

On March 9, 2019, the Board of Regents of the University of the State of New York granted Girls Prep Bronx II a provisional charter valid for a term of five years through June 30, 2025, and renewable upon expiration. Girls Prep Bronx II opened for students in the Fall of 2020.

In December 2020, Girls Prep LES, Boys Prep, and Girls Prep Bronx each received approval from SUNY for a revision to their charters to create a joint high school program with another Charter School beginning in the 2022-23 school year; however, this was rejected by the NY State Education Department and SUNY has yet to override this rejection.

PrePrep operates in the borough of Bronx, New York. The Organization obtained approval from the New York City Department of Education to open a Pre-K program. The contract authorized operation of a universal prekindergarten program for a term of three years through June 30, 2018 and was renewable for two years upon expiration. PrePrep obtained a renewal through June 30, 2022.

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

PrePrep2 operates in the borough of Bronx, New York. The Organization obtained approval from the New York City Department of Education to open a second Pre-K program. The contract authorizes operation of a universal prekindergarten program for a term of three years through June 30, 2021. PrePrep2 obtained a renewal through June 30, 2022.

PrePrep3 operates in the borough of Manhattan, New York. The Organization obtained approval from the New York City Department of Education to open a third Pre-K program. The contract authorizes operation of a universal prekindergarten program for a term of two years through June 30, 2021. PrePrep3 obtained a renewal through June 30, 2022.

### Financial Statement presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

<u>Net Assets Without Donor Restrictions</u> – The net assets over which the Governing Board has discretionary control to use in carrying on the Organization's operations in accordance with the guidelines established by the Organization. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

### Revenue recognition

Revenue from Exchange Transactions: The Organization recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The Organization records substantially all revenues over time, as follows.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, Cont'd

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Public school district revenue

The Organization recognizes revenue as educational programming is provided to students throughout the year. The Organization earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Organization and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

### Universal Pre-Kindergarten (Pre-K)

Similar to public school district revenue, the Organization recognizes Pre-K revenue as educational programming is provided to students throughout the year. The maximum revenue amount is based on a contractually determined fixed amount per student and the number of students enrolled at a point in time. This amount could be further reduced if actual costs incurred in providing the Pre-K program are less than the maximum calculated amount of the contract. Amounts are paid in installments throughout the course of the year, with the final 5% paid upon submission of all required documentation at the end of the contract year. Revenue recognized from Pre-K programs totaled \$1,451,446 and \$1,305,095 for the years ended June 30, 2021 and 2020, respectively.

### Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Contributions

Contributions and unconditional promises to give are recorded in the appropriate class of net assets depending on the existence of any donor restrictions. A contribution that is received and expended in the same period for a specific purpose is classified as revenue without donor restrictions.

Contributions are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

### Grant revenue

Some of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying consolidated statement of financial position. There was no revenue deferred at June 30, 2021 and 2020. The Organization received cost-reimbursement grants of approximately \$116,245 and \$42,556 that had not been recognized at June 30, 2021 and 2020, respectively, because qualifying expenditures had not yet been incurred.

### Cash

Cash balances are maintained at certain financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Organization has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

### Cash in escrow

The Organization maintains cash in escrow accounts for dissolution reserves in accordance with the terms of their charter agreements. The amount in escrow for dissolution as of June 30, 2021 and 2020 was \$200,329 and \$175,278, respectively. The escrow is restricted to fund legal and other costs related to the dissolution of the Organization, should dissolution become necessary.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, Cont'd

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Grants and contracts receivable

Grants and contracts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2021 or 2020.

### Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straightline method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to thirty five years. Leasehold improvements are amortized over the lesser of the lease term or useful life.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

### Tax exempt status

The Organization is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

Public Prep Academies and Friends file Form 990 tax returns in the U.S. federal jurisdiction. In addition, Friends files in New York. The tax returns for the years ended June 30, 2018 through June 30, 2021 are still subject to potential audit by the IRS and NY. Management of the Organization believes it has no material uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits.

### Contributed services

The Organization receives contributed services from volunteers to serve on the Board of Trustees. In addition, the Organization received transportation services, special education services and speech therapy instruction for the students from the local district. The Organization was unable to determine a value for these services.

### Marketing and recruiting costs

The Organization expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated \$70,000 and \$49,000 for the years ended June 30, 2021 and 2020, respectively.

### Security deposit payable

The Organization subleases a portion of one of the buildings it occupies and received a security deposit in relation to the sublease.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, Cont'd

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Deferred lease liability

The Organization leases one of its facilities. The lease contains significant pre-determined fixed escalations of the base rent. In accordance with GAAP, the Organization recognizes the related rent expense on a straight-line basis and records the difference between the recognized rental expense and the amounts paid under the lease as a deferred lease liability. The amount of additional rent expense recognized in excess of the amounts paid under the lease was \$625,636 and \$666,069 for the years ended June 30, 2021 and 2020, respectively.

### Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

### Functional allocation of expenses

The costs of programs and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

### New accounting pronouncements:

### Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Organization is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Organization's financial position or results of operations.

### NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

### Gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kind recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and will be applied on a retrospective basis. The Organization is currently evaluating the provisions of this update to determine the impact it will have on the Organization's financial statements.

### Subsequent events

The Organization has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 29, 2021, which is the date the financial statements are available to be issued. See Note F and Note J.

### NOTE B: RELATED PARTY TRANSACTIONS

The Organization has related party receivables from and payables to one related organization, Public Preparatory Network, Inc. (PPN). PPN, a not-for-profit organization, provides management and other administrative support services to the Organization. For the years ended June 30, 2021 and 2020, the Organization paid an annual service fee of 15% of the year end student enrollment full time equivalents multiplied by the approved per pupil reimbursement rate for the school year for general education and special education funding. The term of the agreement renews annually unless terminated by either party with at least six months' notice. The fee incurred for the years ended June 30, 2021 and 2020 was \$5,798,628 and \$5,510,667, respectively.

The Organization also leases space in one of its facilities to PPN, see Note D for further details.

### NOTE C: LIQUIDITY AND AVAILABILITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Organization's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities of education and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Organization's cash and shows positive cash generated by operations for fiscal years 2021 and 2020.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	June	: 30,
	2021	2020
Cash	\$ 17,945,495	\$ 11,372,057

### NOTE D: SCHOOL FACILITY

As part of the New York City Chancellor's Charter School Initiative, the New York City Department of Education has committed space to the Organization at no charge under a verbal agreement.

In December 2016 Friends entered into a lease agreement with a third party for school facility space for use by Boys Prep. The lease required a security deposit of \$495,000 which was paid in fiscal 2017 by Boys Prep. The lease term is 35 years, which commenced upon occupancy in September 2018, with the option to renew the agreement for two renewal terms, the first for ten years and the second for four years. The current agreement provides for monthly payments of approximately \$202,300 for the first year, increasing annually based upon the greater of the changes in the Consumer Price Index above a base year or a fixed percentage of 1.5%.

### NOTE D: SCHOOL FACILITY, Cont'd

The landlord made improvements to the space, including construction of additional space, the cost of which was to be shared between the landlord and Friends. This amount (initially anticipated at \$6,250,000) was expected to be repaid to the landlord through a ten-year \$3,000,000 loan with a fixed interest rate of 5%, and a ten-year \$3,250,000 loan at an interest rate equal to the landlord's rate of interest at the time of the landlord's mortgage closing. Payment of the \$3,000,000 loan commenced in September 2018, and payment of the \$3,250,000 loan was to commence in year three of the lease term. The lease required \$2,256,000 to be deposited in an escrow account to be used toward construction and for Friends to pay up to \$608,000 directly to the architect and up to \$92,000 to the construction manager upon receipt of invoices. As of June 30, 2021 and 2020, the Organization paid \$845,113 and \$803,930, respectively, for architect fees which are included in leasehold improvements in the accompanying statement of financial position. Effective July 31, 2020, the related loans were paid in full and Friends obtained separate financing, which is further detailed in Note J.

During February 2018, the Organization agreed to sublease a portion of the Boys Prep facility for a term of twenty-two months, beginning September 2018 through June 30, 2020. The rental income was \$27,083 per month for July 1, 2019 through June 30, 2020. In addition, the tenant paid a portion of utilities and custodial services. Effective May 1, 2019, the Organization agreed to sublet an additional portion of the Boys Prep facility for a fourteen month period through June 30, 2020 at \$4,167 per month. This sublease was extended at the same terms through July 31, 2021. This sublease was further extended through June 30, 2022 under new sublease terms, with no rent expense being charged. In place of monthly rent, the sub-tenant is required to provide in-kind after-school programming for the term of the sublease and pay for any security charges incurred for services provided beyond normal building hours. Additionally, effective July 1, 2019, the Organization sublet space in the Boys Prep facility to PPN at a rate of \$4,125 per month on a month-to-month basis. Rent expense paid during the years ended June 30, 2021 and 2020 (net of sublease income) was approximately \$2,250,000 and \$1,840,000, respectively.

Future minimum payments under these leases and subleases are as follows:

### NOTE D: SCHOOL FACILITY, Cont'd

During September 2019, the Organization finalized a sublease between Friends and Public Prep Charter School Academies for the school facility space which commenced September 10, 2018 through June 30, 2053. The lease is intended to transfer actual costs of the facility incurred by Friends to Public Prep Charter School Academies over the full lease term. Under the terms of the lease, the rent expense incurred in a given fiscal year is limited to the amount of rental reimbursement under N.Y. Education Law Section 2853(3)(e) for which Boys Prep is eligible. Effective July 1, 2020, the lease was amended to reduce the term to June 30, 2021 at a fixed annual rental of \$4,066,328. Effective July 1, 2021, the lease was amended to extend the term to June 30, 2041. Under the amended sublease, annual rental payments increase by approximately 2% annually. All intercompany rent is eliminated in the accompanying consolidated financial statements; \$4,121,329 and \$2,985,034 for June 30, 2021 and 2020, respectively.

The minimum future payments and receipts are as follows:

Year ending June 30,	Amount
2022	\$ 5,702,967
2023	5,803,682
2024	5,906,573

2026	6,119,088
Thereafter	_103,399,926
	\$ 132,943,927

The Organization is currently identifying temporary space for Girls Prep Bronx II until permanent facilities are secured. As of October 29, 2021, lease terms are still under negotiation.

### NOTE F: COMMITMENTS

At June 30, 2021, the Organization had three capital leases for computer equipment. During August 2021, the Organization entered into an additional capital lease for computer equipment, as further detailed in Note J. Amortization of capital leases is included in depreciation expense.

The Organization also leases office equipment under non-cancelable lease agreements expiring at various dates through January 2025.

The future minimum payments on these agreements are approximately as follows:

Year ending June 30,	Cap	oital leases	Oper	Operating leases	
2022	\$	170,764	\$	291,200	
2023		164,083		229,500

Less current maturities of capital lease obligations included in current portion of long-term debt		(154,422)			
Long-term capital lease obligations	\$	175,057			

During fiscal 2018, existing leases for certain office equipment were bought out by a new vendor who provided a cash lease incentive to the Organization. The deferred lease incentive associated with these buyouts will be amortized over five years (the term of the new leases) and is included in deferred lease incentive on the accompanying consolidated statement of financial position as of June 30, 2021 and 2020. Approximately \$26,000 is expected to be recognized annually through 2022, with the remainder recognized in 2023.

### JUNE 30, 2021 (With Comparative Totals for 2020)

### NOTE G: RETIREMENT PLAN

The Organization sponsors a defined contribution 403(b) plan covering all regular employees. The Organization matches employees' contributions based on years of service, up to a maximum of 7.5% of base salary. The Organization's total contribution to the Plan for the years ended June 30, 2021 and 2020 was \$468,855 and \$370,573, respectively.

### NOTE H: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Organization. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying consolidated financial statements. Accordingly, no amounts have been provided in the accompanying consolidated financial statements for such potential claims.

### **NOTE I: CONCENTRATIONS**

At June 30, 2021 and 2020, approximately 74% and 56%, respectively of grants and contracts receivables are due from New York State relating to certain grants. At June 30, 2021 and 2020, approximately 13% and 16% of grants and contracts receivables are due from NYCDOE relating to certain grants, respectively.

During the years ended June 30, 2021, and 2020, 83% and 84%, respectively of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which each Charter School's students reside.

### NOTE J: LONG-TERM DEBT, Cont'd

In response to the COVID-19 outbreak, in April 2020 the School applied for and was approved by a bank for a loan of \$4,301,000 through the Paycheck Protection Program established by the Small Business Administration, as shown above. The loan had a maturity of 2 years and an interest rate of 1%. The loan had the potential for forgiveness provided certain requirements were met by the School. The loan was funded on April 24, 2020. The Organization applied for and was approved for full forgiveness of the loan in June 2021.

Estimated annual maturities of long-term debt at June 30, 2021 as described above, are as follows:

### NOTE K: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function (including salaries, benefits, management fees, purchased services, occupancy, supplies, and depreciation) are allocated on the basis of estimates of time, effort, and usage.

### NOTE M: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Organization has recognized \$1,036,594 of revenue relative to ESSER grants during the year ended June 30, 2021.

### NOTE N: RENEWAL PROCESS

The Organization is currently in the process of renewing the charter for Girls Prep Bronx as granted by the Board of Regents of the University of the State of New York. The charter currently expires July 31, 2022. The renewal process includes review by the Board of Regents of the University of the State of New York (SUNY) of various operational and governance aspects, including fiscal health and internal controls, board governance, and academic performance. Upon review of the renewal application and results, SUNY will determine if the charter should be renewed and if so, for how long. Successful charter renewals can range from one to five years. At this time, management of the Organization expects the charter to be renewed.
