Instructions for submitting Enrollment and Retention Efforts

Required of ALL Charter Schools

Describe the good faith efforts the charter school has made in 2021-2022 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2022-2023.

Entry 9 Enrollment and Retention of Special Populations

Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2021-2022	Describe Recruitment Plans in 2022-2023
Economically Disadvantaged	During our student recruitment process, we widely advertise our admissions window in Bronx newspapers that reaches out to various areas where economically disadvantaged families reside. For our online application, we indicate it as a preference to encourage families to apply. We inform families we are a public school and that there is no cost associated with attending. For families who are severe need and cannot afford the entire uniform, we provide as much assistance as we can so they get what they need.	We will continue all advertising efforts that we know are viewable to areas of ED families. We also advertise in free newspapers so that we reach families who are unable to afford to purchase other publications. We will continue to provide assistance for uniforms for those families who are in severe need.
English Language Learners	As part of our student recruitment process every year, we advertise in various local papers. During this time, bilingual staff members from BCSE visit various early childhood education centers to distribute applications and share knowledge about what the school has to offer for students who are English Language Learners (ELL). Currently, our applications are translated in Spanish and Bengali.	We will continue our efforts by continuing to advertise and visit early childhood education centers. We will also attend Charter School open houses that are offered by the NYC Charter School Center. We hope to one day be able to set up a Charter School open house solely in the Bronx to reach out to more families.
	During our student recruitment process, prospective families who indicate they have a child with a	We will continue to extend our time and knowledge on a case by case basis for those families who

It is very important for us to keep this culture as it shows how hard we are willing to work with a parent in making their child succeed no matter what setting is required.

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2021-2022	Describe Retention Plans in 2022-2023
Economically Disadvantaged	Once we have established who falls into the criteria, we are able to connect with camps and programs that specifically target this population. We then work with the families who are interested in these programs and go through the steps of putting the student in the program. Programs have been offered during the school year and in the summer.	We will continue to research what programs are offered to this specific population and provide them with as many opportunities as we can for their children. We are working on obtaining uniform vouchers for those families who absolutely cannot afford uniforms for their children.
English Language Learners	At the time of registration, families are given a survey that helps to identify what the primary language in the household is. We find that 10%-15% of kindergarten students are eligible for NYSITELL testing. This test helps us identify the level of English proficiency in the student. Through immersion and high quality assistance from the teachers, students are tested out by the time they first or second grade.	The process for identifying ELL students will remain the same as it has worked over the years. One new addition we will work to implement this year is purchasing literature or software. An additional supplement they can do at home with their families so that they all are getting the benefit of learning.
	BCSE mainstreams students with special needs. Additionally, BCSE serves students who have special learning needs and provides	We will continue to work with families on a case-by-case basis to educate them on what the child’s IEP means and why they

We also have staffed positions whose focus is solely on student with disabilities. We will begin servicing the child as soon as possible. If for any reason, a parent doesn't agree with the mandated services, we will help them with the appeal process as well. The ultimate goal is get the correct services for the student so that they can eventually go from what may be a complex setting to a less complex setting then eventually phasing out.

Entry 10 – Teacher and Administrator Attrition

Completed Aug 1 2022

Form for "Entry 10 – Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System – Employee Clearance

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers**. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers**. See NYSED memorandum dated October 1, 2019 at http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Bronx Charter School for Excellence

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Bronx Charter School for Excellence which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Bronx Charter School for Excellence as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bronx Charter School for Excellence and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronx Charter School for Excellence's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bronx Charter School for Excellence's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronx Charter School for Excellence's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Bronx Charter School for Excellence's June 30, 2021 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 25, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 20, 2022 on our consideration of Bronx Charter School for Excellence's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bronx Charter School for Excellence's internal control over financial reporting and compliance.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Bronx Charter School for Excellence (the "Charter School") is an educational corporation operating as a charter school in the borough of the Bronx, New York. On April 29, 2003, the Board of Regents of the University of the State of New York granted Bronx Charter School for Excellence ("Bronx Excellence 1") a provisional charter valid for a term of five years and renewable upon expiration. In March 2009, January 2014 and March 2019, Bronx Excellence 1 was awarded a full-term, five-year charter renewal through July 31, 2024. Bronx Excellence 1 was established to prepare young people from New York City to compete for admission to, and succeed in, top public, private and parochial schools by cultivating their intellectual, artistic, social, emotional, and ethical development. Bronx Excellence 1 offers a challenging and rigorous academic curriculum which, at the earliest of grades, has an eye towards college preparation for grades first through eighth.

On November 2, 2015, the Board of Regents of the University of the State of New York amended the charter agreement permitting an additional school to be opened by the Charter School. During the 2016 fiscal year, the Charter School added Bronx Charter School for Excellence 2 ("Bronx Excellence 2") under its expanded charter. Bronx Excellence 2 had the authority to operate through July 31, 2021. In March 2021, Bronx Excellence 2 was awarded a full-term, five-year charter renewal through July 31, 2026. Bronx Excellence 2 was established to provide its students with a solid foundation for academic success, through achievement that exceeds citywide averages and meets or exceeds New York State Standards and national norms in all curriculum areas tested, especially in mathematics and language arts.

On March 24, 2017, the Board of Regents of the University of the State of New York amended the charter agreement permitting an additional 3 schools to be opened by the Charter School, Bronx Charter School for Excellence 3, 4, and 5. Bronx Excellence 3 opened in September 2017 and has authority to operate through July 31, 2022. On November 12, 2021, Bronx Excellence 3 received a renewal for two years to align its renewal schedule with the other charters, through July 2024. Bronx Excellence 4 opened in September 2018 and has authority to operate through June 2023. Bronx Excellence 5 opened in September 2019 and has authority to operate through June 2024. These charter schools were established to provide its students with a solid foundation for academic success, through achievement that exceeds citywide averages and meets or exceeds New York State Standards and national norms in all curriculum areas tested, especially in mathematics and language arts.

The accompanying financial statements include the accounts of Bronx Excellence 1, Bronx Excellence 2, Bronx Excellence 3, Bronx Excellence 4 and Bronx Excellence 5 (collectively referred to as the "Charter School"). All intercompany balances and transactions have been eliminated in the accompanying financial statements.

Classification of net assets

To ensure observance of limitations and restrictions placed on the use of resources available to the Charter School, the accounts of the Charter School are maintained in accordance with the principles of accounting for not-for-profit organizations. This is the procedure by which resources are classified for reporting purposes into net asset groups, established according to their nature and purpose. Accordingly, all financial transactions have been recorded and reported by net asset group.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

The assets, liabilities, activities, and net assets are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions
Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board of Trustees has discretionary control to use these in carrying on operations in accordance with the guidelines established by the Charter School.

Net Assets With Donor Restrictions
Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had no net assets with donor restrictions at June 30, 2022 or 2021.

Revenue and support recognition
Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Charter School records substantially all revenues over time as follows:

Public school district revenue
The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns public school district revenue based on the approved per pupil tuition rate of the public-school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the Charter School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

	June 30,		
	2022	2021	2020
Grants and contracts receivable	$ 403,449	$ 79,176	$ 337,533

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

All donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position and amounted to $498,523 and $64,931 at June 30, 2022 and 2021, respectively. The Charter School received cost-reimbursement grants of approximately $10,858,300 and $506,500 that have not been recognized at June 30, 2022 and 2021, respectively, because qualifying expenditures have not yet been incurred.

Cash and cash equivalents

Cash and cash equivalent balances are maintained at financial institutions located in New York and are insured by the FDIC up to $250,000 at each institution. The Charter School considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents consist of money market accounts. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

Cash in escrow

The Charter School maintains cash in an escrow account in accordance with the terms of its charter agreement. The amount in escrow was $225,000 at June 30, 2022 and 2021.

Investments

Investments consist of cash equivalents and are measured at fair value. Restricted investments consist of cash equivalents held for debt service and capitalized interest. The Charter School also invested into eight certificates of deposit with maturities ranging from three to twelve months.

Investment income includes interest, recorded on an accrual basis, dividends, net realized gains and losses, and net unrealized gains and losses, resulting from the change in prevailing market value of investments. Purchase and sales of investments are recorded on a trade-date basis.

Grants and contracts receivable

Grants and contracts receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2022 or 2021.

Property and equipment

Property and equipment are recorded at cost. The Charter School capitalizes all purchases of fixed assets in excess of $5,000. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from 4 to 39 years. Prior to the bond issuance (Note H), leasehold improvements at Bronx Excellence 1 were amortized over the shorter of the estimated useful life of the asset or the remaining term of the related lease. These improvements are continuing to be amortized over the originally calculated life. All other leasehold improvements are being amortized over the shorter of the estimated useful life of the asset or the remaining term of the related lease.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Bond issuance costs

Bond issuance costs, which consist of deferred financing charges, are stated at cost and are amortized over the term of the bonds which vary from 5 to 30 years through various dates up to April 2043. The Charter School shows bond issuance costs as a deduction from the carrying amount of bonds payable, net on the accompanying statement of financial position.

Deferred revenue

The Charter School records grant revenue as deferred revenue until it is expended for the purpose of the grant, at which time it is recognized as revenue.

Deferred lease liability

The Charter School leases certain facilities. The leases contain pre-determined fixed escalation of the base rent. In accordance with GAAP, the Charter School recognizes the related rent expense on a straight-line basis over the lease term and records the difference between the recognized rental expense and the amounts payable under the leases as a deferred lease liability.

Tax exempt status

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2019 through June 30, 2022 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits. The Charter School is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

Contributed services

The Charter School receives contributed services from volunteers to develop its academic program and to serve on the Board of Trustees. In addition, the Charter School received donated transportation services, metro cards, funding for free and reduced-cost breakfasts, lunches and snacks, special education services and physical, occupational, and speech therapy that was also provided for the students from the local district. The Charter School is not able to determine a value for these services.

Marketing and recruiting costs

The Charter School expenses marketing and recruiting costs as they are incurred. Total marketing and recruiting costs approximated $144,800 and $98,000 for the years ended June 30, 2022 and 2021, respectively.

New accounting pronouncement - leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform to the present year presentation.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 20, 2022**,** which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE B: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash and investment accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a surplus budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal year 2022 and 2021.

NOTE G: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE G: FAIR VALUE MEASUREMENTS, Cont'd

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value. There have been no changes in the methodologies used at June 30, 2022 or 2021 :

Money market funds: Fair value equals cost.

Certificates of deposit: Fair values are calculated based on the exact runoff of principal for each CD in each category given its contractual maturity, discounted at an appropriate term rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Charter School believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy; the Charter School's investment assets measured at fair value on a recurring basis as of June 30, 2022 and 2021:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
June 30, 2022:				
Money market	$ 3,292,545	$ -	$ -	$ 3,292,545
Certificates of deposit	-	15,000,000	-	15,000,000
Total assets at fair value	$ 3,292,545	$ 15,000,000	$ -	$ 18,292,545
June 30, 2021:				
Money market	$ 2,998,162	$ -	$ -	$ 2,998,162

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risk associated with investment securities, it is at least reasonably possible that changes in risk could materially affect the accompanying financial statements.

NOTE H: BONDS PAYABLE, Cont'd

The bonds are secured by the assets and certain revenue of the Charter School. Additionally, the Charter School Financing Partnership, an organization established to provide access to secondary market financing for charter schools that serve disadvantaged students and communities, has provided funds amounting to $1,540,000 to be held by the trustee in a Debt Reserve account as additional security. This amount is included in restricted investments in the statement of financial position. The Charter School is obligated to pay an annual fee equal to 0.14% of the bonds outstanding principal amount as of March 31st each year, for the use of these funds as security. The funds are to be repaid to the Charter School Financing Partnership upon expiration of the bonds.

In accordance with the loan agreement, the proceeds from the sale of the revenue bonds were placed in a Project Fund, maintained by U.S. Bank. The trustee is to use the monies in this fund to make payments to or on behalf of the Charter School to pay for the costs of the project upon receipt of written requisitions. Any monies remaining in the Project Fund will be transferred to the Redemption Account of the Bond Fund, to be applied by the trustees towards the redemption of the bonds. At June 30, 2022 and 2021, the unexpended balance was $78,949 and $78,945, which is included in restricted investments.

The Charter School is subject to certain loan covenants which require the Charter School to maintain specified cash on hand, debt service coverage ratio and limitations on further indebtedness. The Charter School is in compliance with all loan covenants as of June 30, 2022 and 2021.

Total issuance costs of approximately $1,621,000 are being amortized over the life of the bonds. The Charter School incurred net interest expense of $1,029,802 and $1,049,072 for the years ended June 30, 2022 and 2021, respectively which is recognized in the statement of activities and changes in net assets.

NOTE I: RETIREMENT PLAN

The Charter School sponsors a defined contribution 403(b) plan covering all eligible employees. The Charter School matches up to 5% of each employee's annual compensation not to exceed the employee's salary deferral amount. The Charter School may also elect to make additional contributions to the plan on a discretionary basis. The Charter School made contributions of approximately $394,600 and $390,100 for the years ended June 30, 2022 and 2021, respectively.

NOTE J: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE K: CONCENTRATIONS

At June 30, 2022, approximately 90% of grants and contracts receivable are due from the Federal government, relating to certain grants. For the year ended June 30, 2022, 80% of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School's students are located.

At June 30, 2021, approximately 69% of grants and contracts receivables are due from the Federal government, relating to certain grants. For the year ended June 30, 2021, 84% of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School's students are located.

NOTE M: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

NOTE N: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2023.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Charter School has recognized $3,275,453 and $508,787 of revenue relative to ESSER grants during the years ended June 30, 2022 and 2021, respectively. The Charter School has $10,693,400 of ESSER grants still available through September 30, 2024 as of June 30, 2022.
