Academics

Jon provided a summary update on performance metrics and informed the Board that the Network was on track to meet performance metrics discussed most recently during the December 2019 quarterly meeting.

Facilities

David updated the Board on the 17th Street project which is now moving forward after meaningful delays. If NYC agencies are unaffected by COVID-19 restrictions, the developer will move forward with the project in the next several days,

Hillary provided details relating to the 80 Willoughby location and a potential timeline of when the location would be listed for sale.

Finance

Hillary presented a financial update for the Board. Overall, the Network is securely within its budget targets. There was discussion regarding revenue from New York State and how the school would be affected by unanticipated State budget cuts that may result from the COVID situation. School

leadership confirmed that while there was no anticipated disruption to funding in 2019/2020, they remain alert and ready to respond to funding reductions over subsequent years.

School and Network Updates

Jon presented a summary of steps the Network has taken to prepare for remote learning for BPCS students. Trustees with students in the schools commented that the transition from classroom to remote learning platform had occurred seamlessly. Jon went on to provide greater detail about specific metrics BPCS would use, over time, to assess and fine-tune remote learning.

By invitation of the board, the following persons representing Prospect Schools (“PS”) participated in the meeting: Dan Rubenstein, CEO; Penny Marzulli, Deputy CEO; Hillary Prince, CFO; Jonathan McIntosh, CAO; and Jennifer Perkins, Chief of Staff.

Jill Inbar served as Chairperson and Gravelle Pierre served as secretary of the meeting. The meeting was called to order at 3:06 PM.

Governance

Jill reviewed the details of the new Public Meeting Executive Order that was put in place to allow meetings to continue during this time of social distancing and shelter-in-place/stay-at-home orders and explained its implications to the Board. Facilities

During the meeting, the Board and Prospect School leaders acknowledged community-member concerns about the temporary location of the WTMS at 40 Flatbush Extension in downtown Brooklyn. The Board discussed the parents concerns raised in correspondence and as part of the public comment period during the Board Meeting on March 18, 2020. In addition, Board members had an opportunity to raise questions and discuss the issues raised by those parents.

BROOKLYN PROSPECT
CHARTER SCHOOL
Board of Trustees

The leadership discussed and summarized the steps that they anticipated taking to alleviate these concerns. In addition, the Board discussed how the leadership would communicate those plans to the community and how the leadership planned to give a voice to parents in mapping out strategies to mitigate these concerns. The Board expressed its approval of the leadership decision to form a parent committee to help work with the school in these efforts and to advocate for issues of concern to parents while the leadership addressed them.

Our school leadership commented that although this was a difficult decision to make, they continue to feel that it was both reasonable and in-line with the Network's core values. School leaders also provided greater detail into their decision-making process and the several alternatives they had previously considered to alleviate overcrowding at the Windsor Terrace facility.

After an opportunity to discuss issues brought up by the parents letters, the Town Hall and in the public comment period during the March 18, 2020 Board Meeting, Board members remained uniformly supportive of the plan to temporarily relocate WTMS. Overall, the Board expressed that the decision was in accordance with the Board's broader fiduciary responsibilities and in the best interest of all of the students of Brooklyn Prospect.

Following a reiteration of support for the temporary move, Trustees continued to discuss with school leaders their plan for communicating the decision to the broader community and agreed that a decision statement should be distributed to the BPCS community in a timely manner and as soon as possible provided that the school had the time to present the most useful and accurate details of the current plans to address parent concerns. The Board expressed it's hope that these measures would address the concerns of some parents about the WTMS move for fall 2020 and close this issue.

The meeting adjourned at 3:51 PM.

CHARTER SCHOOL
Board of Trustees

Jilian seconded the motion. All members voted in the affirmative and the motion was unanimously approved.

Jill advanced the candidacy of Cherry Ann Richards as PTSO ex-officio member for the 2020-2021 Academic Year.

Members of the Governance Committee had previously met with and engaged in an extended conversation with Ms Richards who currently serves as PTSO President for WTMS. Jill commented that Ms Richards' close engagement with both BPCS and BPCS families in previous years makes her a strong candidate for the Board position.

After the Board had an opportunity to discuss Ms Richards' background (previously circulated), Jillian motioned to approve the appointment of Cherry Ann Richards to the Board of Trustees ex-officio, pending SUNY approval and authorization of her service. Christine seconded the motion. All Board members voted in the affirmative and the motion was unanimously approved.

The Board considered setting the number of members at seven. After an opportunity to discuss, Jill motioned to set the number of members at seven as of July 1, 2020. Sam seconded the motion. All members voted in the affirmative and the motion was unanimously approved.

Finance

School leadership provided an update on recent changes to New York State funding. Due to the coronavirus pandemic, a previously anticipated five percent funding increase for the 2021 academic year was cancelled and per-pupil spending is now expected to be lower by two percent over the next academic year.

In response to the anticipated budget reductions and uncertainty of city-wide student growth trends in the near future, BPCS leadership has proposed a revision to the Network growth plan beyond the planned ICS merger.

After an opportunity to discuss, Board members concluded that a revised growth plan that considered future school expansion no earlier than the 2021-2022 school year was the best course of action. Ahmed moved to approve the revised growth plan and Christine seconded. All members voted in the affirmative and the motion was unanimously approved.

School leadership reviewed several options available to the Network which would allow BPCS to continue meeting its obligations to students, faculty and staff and the larger BPCS community at the same time reinforcing its financial position during this period of uncertainty.

One suggested step involved adjustments to BPCS retirement savings plan contributions. After an in-depth conversation about BPCS priorities, Board members felt that proposed changes made now would minimize the possibility of less palatable adjustments later. Sam motioned to approve changes to BPCS 401k contributions.

BROOKLYN PROSPECT
CHARTER SCHOOL
Board of Trustees

Sara seconded the motion. All members voted in the affirmative and the motion was unanimously approved.

BPCS leadership presented to the Board a final FY21 budget for consideration.

The Network has reduced planned expenditures from an earlier draft budget but is awaiting guidance from the State regarding the necessity of further reductions. BPCS leadership has opted for a more conservative budget management plan and will adjust spending and staffing levels accordingly. After discussion, the Board agreed that a conservative approach would create greater flexibility as State budget plans become clearer. Christine moved to approve the FY21 budget. Ahmed seconded the motion. All Board members voted in the affirmative and the motion was unanimously approved.

Antiracism at Prospect Schools

One of the Network's core values, Care, involves "supporting others by grounding every action in empathy while championing equity and inclusion in our work." Members of the BPCS community have recently urged the Network to expand and deepen the definition of Care by becoming a leader in anti-racist education. In response, BPCS leadership has committed to immediate and defined changes designed to more effectively achieve our goals by taking the following actions:

- Creating a 3-year strategic plan to prioritize equity, equity and anti-racism practices;
- Hiring a Network Director of Diversity, Equity & Inclusion to start in the fall;
- Forming a DEI Leadership Council to ensure representation across divisions and develop a platform to help influence our DEI work, liaise with network senior leadership, and help progress overarching goals;
- Naming and prioritizing anti-racism in our materials and accountability metrics;
- Designating part of the budget for DEI/Anti-racism initiatives.

The Board has responded by creating a DEI/Anti-racism committee to hold the organization accountable for achieving these goals over time, review overall DEI/Anti-racism strategy, ensure appropriate board member composition and execute training for the Board.

Academics

Network leadership briefed the Board on topics related to the School's remote learning platform and metrics and reopening plans. BPCS is currently planning to create programming that moves from hybrid to full online to full in-person.

Facilities

Network leadership provided progress updates on each of the schools' current projects--all of which are moving forward.

School and Network Updates

Network leadership provided fundraising, staffing and operations summaries. Notable was the significant increase in grant awards received and individual contributions in the 2019/2020 school year.

Community Comments

Several members of the BPCS school community attended today's meeting and had an opportunity to comment on the Board's decision to explore a potential merger with ICS and topics related to the Network's DEI/anti-racism policies and principles. After all members of the public had an opportunity to comment and none expressed an interest to comment further, the public comment period ended.

At the end of the public comment period, the meeting adjourned at 4:23pm.

In order to remain competitive with the broader market, Prospect Schools is recommending a two-year phase-in to increase instructional faculty salaries. For non-instructional staff, an in-depth evaluation revealed that Prospect Schools' salaries were falling within a lower compensation range and this was having a quantifiable negative impact on morale.

Dan expressed his desire to improve compensation for faculty and staff and requested that the Board fully consider the measure at an upcoming meeting.

Jilian motioned to accept the loan, if approved. Jill seconded the motion. All Board members voted in the affirmative and the motion was unanimously approved.

The Board also reconsidered a recent decision to increase Staff and Faculty compensation. Finance

School leadership provided an update on recent changes to New York State funding. Due to the coronavirus pandemic, a previously anticipated five per-cent funding increase for the 2021 academic year was recently cancelled and per-pupil spending is now expected to be flat over the next academic year.

Hillary reviewed specific steps being taken by the Network to reinforce its financial position during this period of uncertainty and ensure ongoing stability for BPCS.

One step in particular relates to the decision made by the Board in March to increase Staff and Faculty compensation over the next two years. Hillary and Christine led a discussion of the several options that were first presented to the Finance Committee on April 10.

After an opportunity to discuss, there was broad consensus among Board Members that it was prudent to freeze all BPCS salaries for fiscal year 2021 and preserve flexibility in the upcoming budget. The BPCS Board will vote on this matter at the April 22 Board Meeting.

Network leadership informed the Board that they had begun a conversation with all Faculty and Staff on the possibility that adjustments would be made to the Network's compensation plan. Network leadership has planned a subsequent meeting in early May to provide an update.

School and Network Updates

Dan briefed the Board on a few topics related to the School's remote learning platform and how Network leadership is contemplating a return to live-teaching by planning against several different scenarios.

David provided the Board an update on lease terms for the proposed Windsor Terrace Middle School (“WTMS”) temporary site (25 Chapel Street, Brooklyn).

The Board discussed the terms of the lease and the viability of the space and heard from the school administration on its recommendation to adopt the lease as presented. The school administration expressed its full support for the proposed lease and said it was the best solution to current overcrowding at the Windsor Terrace facility and would provide a better learning environment for students.

After questions and discussion, Jill called for a motion to approve the lease of the 25 Chapel Street location. David moved and Christine seconded the motion. The Trustees voted unanimously in favor of the motion to enter into the lease and the motion was approved.

David and Hillary also updated the Board on the 17th Street development--specifically the terms reached with the developer should there be additional delays in delivering the project. Jon acknowledged that the availability of stand-in instruction as an important factor in meeting proficiency targets, and one that BPCS Administration is closely monitoring and actively managing.

Dan noted while the benefit of previous years' initiatives have been mostly realized at this time, BPCS has been pursuing targeted policies designed to address areas that have provided the greatest challenge. Dan then provided policy details and rationale and briefly discussed the timeline over which the Administration expected these more recent initiatives to impact overall performance.

Finance

The Board then discussed whether specific budget line-items should be more closely monitored and how BPCS financial ratios compare to its peer group both in New York and across the nation.

Hillary commented that she is developing a financial dashboard--a new initiative designed to provide greater transparency. The dashboard will make peer comparisons easy and help fine-tune financial decision-making.

Development

Penny announced that Prospect Schools was recently welcomed to become a member of the Charter School Growth Fund (CSGF)--a prestigious network of the nation's best public charter schools. NO CHANGES OF USE OR OCCUPANCY NOT CONSISTENT WITH THIS CERTIFICATE SHALL BE MADE UNLESS FIRST APPROVED BY THE BOROUGH SUPERINTENDENT

Unless an approval for the same has been obtained from the Borough Superintendent, no change or rearrangement in the structural parts of the building, or affecting the light and ventilation of any part thereof, or in the exit facilities, shall be made; no enlargement, whether by extending on any side or by increasing in height shall be made; nor shall the building be moved from one location or position to another; nor shall there be any reduction or diminution of the area of the lot or plot on which the building is located.

The building or any part thereof shall not be used for any purpose other than that for which it is certified.

The superimposed, uniformly distributed loads, or concentrated loads producing the same stresses in the construction in any story shall not exceed the live loads specified on reverse side; the number of persons of either sex in any story shall not exceed that specified when sex is indicated, nor shall the aggregate number of persons in any story exceed the specified total; and the use to which any story may be put shall be restricted to that fixed by this certificate except as specifically stated.

This certificate does not in any way relieve the owner or owners or any other person or persons in possession or control of the building, or any part thereof from obtaining such other permits, licenses or approvals as may be prescribed by law for the uses or purposes for which the building is designed or intended; nor from obtaining the special certificates required for the use and operation of elevators; nor from the installation of fire alarm systems where required by law; nor from complying with any lawful order for additional fire extinguishing appliances under the discretionary powers of the fire commissioner; nor from complying with any lawful order issued with the object of maintaining the building in a safe or lawful condition; nor from complying with any authorized direction to remove encroachments into a public highway or other public place, whether attached to or part of the building or not.

If this certificate is marked "Temporary", it is applicable only to those parts of the building indicated on its face, and certifies to the legal use and occupancy of only such parts of the building; it is subject to all the provisions and conditions applying to a final or permanent certificate; it is not applicable to any building under the jurisdiction of the Housing Division unless it is also approved and endorsed by them, and it must be replaced by a full certificate at the date of expiration.

If this certificate is for an existing building, erected prior to March 14, 1916, it has been duly inspected and it has been found to have been occupied or arranged to be occupied prior to March 14, 1916, as noted on the reverse side; and that on information and belief, since that date there has been no alteration or conversion to a use that changed its classification as defined in the Building Code, or that would necessitate compliance with some special requirement or with the State Labor Law or any other law or ordinance; that there are no notices of violations or orders pending in the Department of Housing and Buildings at this time; that Section 646F of the New York City Charter has been complied with as certified by a report of the Fire Commissioner to the Borough Superintendent, and that, so long as the building is not altered, except by permission of the Borough Superintendent, the existing use and occupancy may be continued.

"§ 646 F. No certificate of occupancy shall be issued for any building, structure, enclosure, place or premises wherein containers for combustibles, chemicals, explosives, inflammables and other dangerous substances, articles, compounds or mixtures are stored, or wherein automatic or other fire alarm systems or fire extinguishing equipment are required by law to be or are installed, until the fire commissioner has tested and inspected and has certified his approval in writing of the installation of such containers, systems or equipment to the Borough Superintendent of the borough in which the installation has been made. Such approval shall be recorded on the certificate of occupancy."

Additional copies of this certificate will be furnished to persons having an interest in the building or premises, upon payment of a fee of fifty cents per copy.
