MISSION STATEMENT

Mission

Our mission is to ignite, empower and transform people traditionally labeled "at-risk" into social entrepreneurs, engineers, and global leaders through our innovative, holistic and progressive human development school model.

Vision

Our vision is to use our Teaching Firm, a unique teacher-led organizational model, to be a fun, holistic, 'college-successful', career-ready, community-centered, culturally rich and relevant incubator of exceptional human potential where we spark, nurture and unleash mindful people empowered to affect positive change in the communities we serve.

g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)

KEY DESIGN ELEMENTS (<u>Briefly</u> describe each Key Design Elements (KDE) as presented in the schools approved charter. KDEs are those general aspects of the school that are innovative or unique to the school's mission and goals, are core to the school's overall design, and are critical to its success.

KDE 1

Our Objectives: Ember seeks to provide our target population with expanded progressive, holistic and global education opportunities that have previously been unavailable to them. Ember strives to accomplish this objective by engaging in three primary efforts:

- 1. Nurturing and enabling students to become holistic social entrepreneurs, engineers and global leaders through the development of: agency and self-efficacy; critical thinking skills; social, emotional, and physical well-being; mindful leadership; global citizenship; and substantive international exposure and experiences;
- 2. Developing and providing thought leadershipwithin the education space, training anddeveloping staff and other organizations committed to the same values and principles Ember employs; and
- 3. Contributing to the positive and healthy economic, social and cultural development of the communities we serve. perhaps most notably through:
- · Elementary School students successful development of service-learning projects that contribute positively to their community (e.g.launching a successful initiative that seeks to reduce gun violence and create more safe community spaces for play);
- · Middle School students successful launch of a social enterprises that connects their local community to at least one developing economy (e.g. developing and launching a peer-to-peer social investment, micro-lending network and app/portal for youth in Brooklyn to fund youth-led 5 / 50 social enterprises that help solve community problems in Greater Accra, Ghana);
- · High School students successfully organize other teens, adults and/or organizations to advocate for important social change (e.g. develop and launch a youth-led ballot initiative to create an official City Council seat (one from each borough) for a youth age 16-21, who has full voting rights and responsibilities)· Ember successfully develops an Ember Teaching Firm Fellowship program where groups of experienced teacher/leaders can work at Ember in residence and learn how to open and

operate their own Teaching Firm;

Ember successfully works with local community partners and leaders (Bedford Stuyvesant Restoration Corporation, BridgeStreet Development Corp, Councilman Cornegy,Assemblyman Mosley, Assemblywoman Robinson, Congressman Jeffries, etc.), to build a community campus facility that will provide much needed development for the Bedford Stuyvesant-Central Brooklyn community: economic (thousands of jobs), social (aquatic and green indoor activities space), and cultural (various open, modular performance art spaces).

KDE 2

Improve student learning and achievement: Ember students will be offered instruction that research has shown will significantly improve learning and achievement outcomes for students from high poverty households, the same demographic Ember will serve. To this end, Ember will provide instructional environments that focus intently on:

- · Self-efficacy
- · Executive functioning skills
- · Critical thinking skills
- · Mindfulness
- · Personalized learning opportunities

Similarly, research has also shown that the kind of single-sex cohorts, substantive international travel, and community- based boarding school opportunities that Ember will engender significant improvements in learning andachievement for students.

KDE 3

Expand learning experiences for students who are at risk of academic failure: there are currently no non-selective public schools in Ember's target community of Bedford Stuyvesant- Central Brooklyn that offer "at-risk" high poverty students a full constellation of holistic learning experiences such as those often offered students in gifted and talented schools and programs, including but not limited to the following:

· Instructional time dedicated to developing

selfefficacy and social-emotional health · Strong instructional focus on critical thinking and executive functioning skills · Incorporation of Design Thinking across instructional domains · Explicit STEM instruction · Integrated Arts instruction · Personalized learning opportunities · Core movement and development · Mindfulness and meditation · Substantive learning opportunities to explore global economic, socio-political, cultural and historic matters · Residential, community-based boarding opportunity in high school Create new professional opportunities for teachers: KDE 4 Ember provides new professional opportunities for teachers in three significant ways: • Unique and Transformative Career Path: Ember's adoption and use of Ember's Teaching Firm model provides unprecedented career opportunities for teachers as it provides a pathway to school leadership that does NOT require teachers to give up their teaching practice. · Performance-based Compensation: Ember's Teaching Firm model provides for a performance based compensation structure that significantly increases teacher compensation and incentivizes high performance and teacher retention. · Opportunities for Thought Leadership: Ember's University framework encourages teachers to engage in research, writing and publishing to affect the public discourse on the range of issue areas most readily connected and adjacent to public education matters. Ember teachers will be provided with professional development resources and financial incentives to research, write and publish articles and materials that advance

KDE 5

Provide parents/students with expanded choices in

Ember's standing as a thought leading education

institution.

	educational opportunities that are available within the public school system: Ember provides parents and students with expanded choices in the types of educational opportunities available within the public school system through its unique program components: • Looping • Single-sex cohorts (upper middle school and high school) • Residential, community-based boarding opportunity in High School

Economically Disadvantaged

As we were highly successful in our recruitment and retention in 2020-21, we implemented the same strategies and approach for the 2021-22 school year. In

2022-23, will implement the same strategies and approach used in 2021-22. Our recruitment is focused in surrounding communities in Bedford-Stuyvesant, Bushwick, Crown Heights, Brownsville and East New York. As part of our lottery, students from these neighborhood who qualify for Free/Reduced Meal and/or SNAP Benefits are given priority over students who do not

English Language Learners

We also ensured that our outreach teams were Bilingual, with a particular emphasis on Spanish speakers as they represent the largest ESL population in the district. In all of our outreach we touted our unique school model and approach to serving all students, particularly the elements of our model that we think would be attractive to families with English Language Learners and children with disabilities (e.g. looping, two highly qualified teachers in every classroom, ongoing professional development for teachers to support serving the wide spectrum of students in the inclusion setting, a team of special education specialists and social workers to support students and teaching staff, integrated instruction, leadership development, inclusion, differentiation and technologyinfused-instruction), the same tools we employ to retain our student with disabilities

To that end, in order to ensure that our school attracts students with disabilities in comparable numbers to our fellow schools in CSD 16, we engage in extensive outreach across the district, with particular emphasis on targeting early childcare centers, shelters and CBOs that cater to students with disabilities. We take the following steps to realize this strategy: We circulated application-and info sheets via direct mail, tabling and dropoffs across five zip codes most connected to CSD 16. We also conducted direct outreach to over 50 early childcare centers, shelters and CBOs, with a special focus on engaging any staff or coordinators most directly responsible for services to students with disabilities.

Entry 10 - Teacher and Administrator Attrition

Completed Aug 1 2022

Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

Independent Auditor's Report

To the Board of Trustees of Ember Charter School for Mindful Education, Innovation & Transformation

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Ember Charter School for Mindful Education, Innovation & Transformation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Ember Charter School for Mindful Education, Innovation & Transformation as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ember Charter School for Mindful Education, Innovation & Transformation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibility of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ember Charter School for Mindful Education, Innovation & Transformation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Note 1 Organization

Ember Charter School for Mindful Education, Innovation & Transformation (the "School"), formerly known as Teaching Firms of America Professional Preparatory Charter School, is a public charter school located in Brooklyn, New York. The School opened in 2010 and currently operates classes from kindergarten to eleventh grade. On April 12, 2022, a charter renewal was granted for another 3 years through June 30, 2025. The School's mission is to prepare students to become the future professionals (lawyers, doctors, scientists, entrepreneurs, etc.) who will lead our global society in the 21st century. The School's vision is to provide a fun, "college-successful", community-centered, culturally rich and relevant preparatory school experience to its students, where they will be nurtured, challenged and cultivated into highly intelligent, creative and critically thinking young leaders.

Note 2 Summary of significant accounting policies

Basis of presentation and use of estimates. The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial statements presentation. The financial statements of the School have been prepared in accordance with U.S. GAAP, which require the School to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions. Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the School. These net assets may be used at the discretion of the School's management and the board of directors.

Net assets with donor restrictions. Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the School or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Note 2 Summary of significant accounting policies - (continued)

Cash. The School maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The School has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash.

Grants receivable. Grants receivable are recorded at net realizable value. The allowance for doubtful accounts is the School's best estimate of the amount of probable credit losses in existing receivables. Management determines the allowance based on historical write-off experience and reviews its allowance for doubtful accounts periodically. Past due balances are reviewed individually for collectability. Grants receivable amounted to \$1,295,705 and \$902,607 as of June 30, 2022 and 2021, respectively. There are no allowances recorded at June 30, 2022 and 2021, as management believes all amounts are collectability.

Donated goods and services. The School is located in a New York City Department of Education (NYCDOE) facility and utilizes approximately 116,000 square feet at no charge. In addition, the School received donated transportation and food service services from the local district. The School was unable to determine a value for these services.

Reserve contingency. Under the provisions of its charter, the School established an escrow account to pay for legal and audit expenses that would be associated with dissolution, should such event occur.

Revenue recognition. The School recognizes revenue from the state and local governments based on the School's charter status and the number of students enrolled. Such revenue is recorded when services are performed, in accordance with the charter agreement. The New York State Department of Education mandates the rate per pupil. Such revenue is recognized ratably over the related school year in which it is earned.

Grants and contracts revenue is recognized when qualifying expenditures are incurred and/or services are provided to the students during the applicable school year. Funds received in advance, or any unspent funds for which qualifying expenditures have not been incurred, are recorded as refundable advances. Any unspent amounts usually are returned to the granting agency. However, the granting agency can approve that those amounts be applied to a future grant period.

Refundable advances. Funds received in advance for which qualifying expenditures have not been incurred are reflected as refundable advances from state and local government grants in the accompanying statements of financial position.

Note 2 Summary of significant accounting policies - (continued)

Property, plant and equipment. Property and equipment are recorded at cost. Donated assets are capitalized at the estimated fair value at date of receipt. Maintenance and repairs are charged to expense as incurred; significant improvements are capitalized. The School capitalizes additions and significant improvements in excess of \$1,500. Items with an acquisition cost of less than \$1,500 or a useful life of less than one year are expensed in the year purchased. Depreciation is computed using the straight-line method over estimated useful lives of the respective assets. The estimated depreciable lives of the different classes of property are as follows:

Asset	Useful life
Furniture and fixtures	6 years
Leasehold improvements	6 years
Office equipment	6 years
Computer equipment	3 years

Income taxes. The School is tax-exempt under Section 501 (c)(3) of the Internal Revenue Code (IRC) and has been classified as a publicly supported organization as described in IRC sections 509(A)(1) and 170(B)(1)(A)(II).

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken and recognize a tax liability (or asset) if the School has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken and has concluded that, as of June 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements.

The School is no longer subject to income tax examination by federal, state, or local tax authorities for years before June 30, 2019.

Functional expenses. The costs of providing program and other activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among program services, administrative and fund raising. Such allocations are determined by management on an equitable basis.

The expenses that are allocated include the following:

Salaries	Time and effort
Payroll taxes and fringe benefits	Time and effort
Insurance	Square footage
Repairs and maintenance	Time and effort
Rent	Square footage

Operating risk. The coronavirus outbreak may have an adverse effect on the results of operations. Given the uncertainty around the extent and timing of the potential future spread or mitigation of the coronavirus and around the imposition or relaxation of protective measure, the School cannot reasonably estimate the impact to future results of operations.

Reclassifications. Certain accounts relating to the prior year have been reclassified to conform to the current year's presentation. The reclassifications had no effect on 2021 net assets.

Note 3 Liquidity and availability

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of June 30, are:

Accrued payroll and benefits consist of amounts due to staff for payroll earned during the school year but paid over the summer months. As of June 30, 2022 and 2021, total accrued salaries and other payroll-related expenses amounted to \$1,008,867 and \$781,048, respectively.

Note 6 Retirement plan

The School offers a 401(k) plan for all qualifying employees who are age 21 or older. Employees are eligible for the plan immediately upon employment. Participation in the plan is voluntary. Employees can make pretax contributions up to a maximum of 95% of their annual compensation, up to IRS limits for each calendar year. For employees that have completed one year of eligibility service, the School matches 100% of an employee's contribution up to 3% of the employee's annual compensation, plus 50% of an employee's contribution that are between 3% and 5% of an employee's annual compensation. For the years ended June 30, 2022 and 2021, the School's matching contribution was \$90,909 and \$84,101, respectively. Such plan assets are held in a separate trust and are not included in the accompanying financial statements. All plan assets are held for the exclusive benefit of the plan's participants and beneficiaries.

Note 7 SBA loans payable

On May 24, 2020, the School obtained a loan of \$150,000 from the SBA under its Economic Injury Disaster Loan ("EIDL") assistance program in light of the impact of the COVID-19 pandemic on the School. The proceeds are to be used for working capital purposes and is collateralized by all of the School's assets. Interest accrues at the rate of 2.75% per annum. Installment payments, including principal and interest, are due monthly beginning October 24, 2022. The balance of principal and interest is payable over the next 30 years from the date of the EIDL. There are no penalties for prepayment. The EIDL balance as of June 30, 2022 and 2021 was \$150,000.

Future annual principal payments required for each of the next five years and in the aggregate thereafter are as follows:

2023	\$ 2,093

2025	3,768
2026	3,873

Note 8 Support services

Subject to annual renewal, the School entered into an agreement (the "Agreement") with a third party to provide assistance with accounting and bookkeeping, financial reporting and budgeting, and grant financial management. As of June 30, 2022 and 2021, fees under the agreement amounted to \$40,224 and \$57,960, respectively.

Note 9 Concentrations of risk

The School maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The School has not experienced any losses in such accounts. The School believes it is not exposed to significant credit risk on cash and cash equivalents. The School received approximately 81% and 87% of its operating revenue, which is subject to specific requirements, from per pupil funding from the New York State Department of Education during the years ended June 30, 2022 and 2021. Additionally, the School's grants receivable consists of approximately 86% and 99%, respectively from the New York Department of Education as of June 30, 2022 and 2021.

Note 10 Commitments and contingencies

The School participates in a number of federal and state programs. These programs require that the School comply with certain requirements of laws, regulations, contracts, and grant agreements applicable to the programs in which it participates. All funds expended in connection with government grants and contracts are subject to audit by government agencies. While the ultimate liability, if any, from such audits of government and contracts by government agencies is presently not determinable, in the opinion of the management, the ultimate outcome of such audits would not have a material effect on the School's financial position or results of operations. Accordingly, no provision for any such liability that may result has been made in the accompanying financial statements.

The School has employment agreements with four key members of management which generally provide for minimum annual base compensation, a bonus of up to 150% of base compensation, and other benefits. The School will continue to maintain surplus working capital and positive cash flow even when awarding key employee bonuses as contemplated under these employment agreements.

Note 11 Rent

On September 20, 2021, the School entered a 5-year lease agreement with Bedford Stuyvesant Restoration Corporation (BSRC) for its high school space because NYC Department of Education (NYC DOE) was unable to provide space in an existing public-school building. NYC DOE reimbursed the School based on its high school enrollment. For the year ended June 30, 2022, the School received \$214,221 facilities lease assistance from NYC DOE.

The School initially occupied a temporary space of approximately 10,000 square ft on the 2nd floor of BSRC's main building as the School continued to negotiate and develop the build out plan for the anticipated permanent space under the lease. In April 2022, BSRC declined to move forward with the project and the School was forced to identity and enter into a new lease at another location. Upon surrender of the lease, the School owed BSRC the initially abated rent for the entire year in the amount of \$244,824 which remained unpaid and was included in the accrued expense.

On August 2022, the School entered a 17-year lease with 78-84 Hudson Street LLC for its new high school space. Minimum lease payments for the next five years are as follows:

Amounts

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees of Ember Charter School for Mindful Education, Innovation & Transformation

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Ember Charter School for Mindful Education, Innovation & Transformation, which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 31, 2022.

Report on internal control over financial reporting

In planning and performing our audit of the financial statements, we considered Ember Charter School for Mindful Education, Innovation & Transformation internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ember Charter School for Mindful Education, Innovation & Transformation's internal control. Accordingly, we do not express an opinion on the effectiveness of Ember Charter School for Mindful Education, Innovation & Transformation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on compliance and other matters

As part of obtaining reasonable assurance about whether Ember Charter School for Mindful Education, Innovation & Transformation financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Trustees of Ember Charter School for Mindful Education, Innovation & Transformation

Report on compliance for each major federal program

Opinion on each major federal program

We have audited Ember Charter School for Mindful Education, Innovation & Transformation's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Ember Charter School for Mindful Education, Innovation & Transformation's major federal programs for the year ended June 30, 2022. Ember Charter School for Mindful Education, Innovation & Transformation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Ember Charter School for Mindful Education, Innovation & Transformation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for opinion on each major federal program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform administrative Requirements*, *Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Ember Charter School for Mindful Education, Innovation & Transformation and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Ember Charter School for Mindful Education, Innovation & Transformation's compliance with the compliance requirements referred to above.

Responsibilities of management for compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Ember Charter School for Mindful Education, Innovation & Transformation's federal programs.

Auditor's responsibilities for the audit of compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Ember Charter School for Mindful Education, Innovation & Transformation's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Ember Charter School for Mindful Education, Innovation & Transformation's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Ember Charter School for Mindful Education, Innovation & Transformation's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Ember Charter School for Mindful Education, Innovation & Transformation's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Ember Charter School for Mindful Education, Innovation & Transformation's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on internal control over compliance

A deficiency *in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
