Recruitment/Attraction Efforts Toward Meeting Targets

	Describe Recruitment Efforts in 2021-2022	Describe Recruitment Plans in 2022-2023
	Exceed Charter School's overall recruitment strategy focuses on families living in the immediate neighborhood of the school and its centralized school district in order to best serve the school's geographic community. Given the demographics of the neighborhood served, by targeting these areas, Exceed recruits a large portion of students who qualify for free and reduced lunch (the majority of the school's current student population qualifies for free and reduced lunch). We've employed the following strategies to recruit families considered economically disadvantaged:	Exceed Charter School plans to continue and improve the overall recruitment strategy and expand the family referral campaign in our communities in order to meet recruitment targets for economically disadvantaged students. Exceed will also continue to establish community partnerships with organizations that support families that may be economically disadvantaged. We also intend on collaborating across all schools in our network to further develop and leverage our brand in 22-23. We will also continue to employ the following strategies:

We completed flyering and canvassing in the local community. We completed a series of 5 mailings within the local community focused on the zip codes we serve. We completed flyering and canvassing in the local community. We completed a series of 5 mailings within the local community focused on the zip codes we serve.
In an effort to attract and enroll more English Language Learners, Exceed Charter School created a set-aside lottery preference for English Language Learners. The set-aside preference seeks to fill 15% of the available kindergarten seats (about 9 out of 60 seats) with English Language Learners, in order to match or Exceed the school district's ELL population. This set aside preference is also included in our family information	Exceed will also continue to establish community partnerships with organizations that support families that may speak languages other than English. Exceed will maintain it's ELL set aside lottery preference and direct mailing, and will expand it's social media/website presence and family information sessions in order to meet recruitment targets for English Language Learners. Our applications will continue to be available in multiple languages.

sessions, direct mail campaign, the school's website and in the English and Spanish versions of our application. Our schools focus on creating diverse community partnerships that also help engage families who speak languages other than English.

We also worked to ensure that most of recruitment materials were created in languages that represent the communities we serve. We also worked with schools to identify staff members who were fluent in specific languages, were available for support with family questions and answers. In addition to thiswe have a parent portal which disseminates school communications in 5 different languages. We will also ensure that all marketing materials are created in other languages.

We will continue to develop our recruitment materials in languages that represent the communities we serve. We will also work with schools to identify staff members who were fluent in specific languages, were available for support with family questions and answers. Our schools continue to have the use of a Language translation hotline, which can be used to communicate with families who are more comfortable communicating in another language.

We will further seek to establish relationships with 3-5 centers who support families who indicate English as a second language.

Exceed Charter School plans to continue and improve the overall recruitment strategy and expand the family referral campaign in our communities order to meet recruitment targets for economically disadvantaged students. Exceed will also continue to establish community partnerships with organizations that support families that may have students with disabilities.

Economically Disadvantaged	We have continued to track retention information through various interventions that address the needs of families who might indicate a desire to withdraw, so that we have a window of time to address their concerns, before the end of the school.	Our school leadership teams will continue to engage in previous efforts to retain families who are economically disadvantaged. We will also seek information from our families about their programming experience to determine how we can improve their experiences.
	Mid school year in December – January, we reach out to families to find out their intention for the upcoming school year through an intention to return forms	We will identify goals and actions to continue to improve retention efforts with all students and families.
	For families that are undecided or have indicated that they are not returning, we have operation team members reach out to families for additional context to their decision then escalate problem areas such as transportation, family dissatisfaction to leadership to intervene.	
	For families that have withdrawn, the network team hosts focus groups to seek candid feedback in order to make improvements.

After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at <u>NYSED CSO Employee Clearance and Fingerprint Memo 10-2019</u>.
