Application: FAMILY LIFE ACADEMY CHARTER SCHOOL II

Guillermo Neira - gneira@flacsnyc.com 2020-2021 Annual Report

Entry 1 School Info and Cover Page

Completed Aug 2 2021

Instructions

Required of ALL Charter Schools

Each Annual Report begins with a completed School Information and Cover Page. The information is collected in a survey format within Annual Report portal. When entering information in the portal, some of the following items may not appear, depending on your authorizer and/or your responses to related items.

Entry 1 School Information and Cover Page

(New schools that were not open for instruction for the 2020-2021 school year are not required to complete or submit an annual report this year).

Please be advised that you will need to complete this cover page (including signatures) <u>before</u> all of the other tasks assigned to you by your school's authorizer are visible on your task page. While completing this cover page task, please ensure that you select the correct authorizer (as of June 30, 2021) or you may not be assigned the correct tasks.

BASIC INFORMATION

a. SCHOOL NAME

(Select name from the drop down menu)

Entry 3 Accountability Plan Progress Reports

Incomplete

Instructions

SUNY-Authorized Charter Schools ONLY

SUNY-authorized charter schools must download an Accountability Plan Progress Report template at <u>Accountability Plan Progress Report template</u>. After completing, schools must upload the document into the SUNY Epicenter system by **August 16**, **2021**.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 4 - Audited Financial Statements

Incomplete

Required of ALL Charter Schools

ALL SUNY-authorized charter schools must upload the financial statements in .pdf format into the SUNY Epicenter system no later than **November 1, 2021.** SUNY CSI will forward to NYSED CSO.

ALL Regents, NYCDOE, and Buffalo BOE authorized charter schools must upload final, audited financial statements to the <u>Annual Report Portal</u> no later than **November 1, 2021**. Upload the independent auditor's report, any advisory and/or management letter, and the internal controls report as one submission, combined into a .PDF file, ensuring that security features such as password protection are turned off.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 4a - Audited Financial Report Template (SUNY)

Incomplete

Instructions - SUNY-Authorized Charter Schools ONLY

SUNY-authorized schools must download the Excel spreadsheet entitled "Audited Financial Report Template" at http://www.newyorkcharters.org/fiscal/. After completing, schools must upload the document into the SUNY Epicenter system by **November 1**.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 4c - Additional Financial Documents

Incomplete Hidden from applicant

<u>Instructions - Regents, NYCDOE and Buffalo BOE authorized schools</u> must upload financial documents in this section by November 1, 2021. The items listed below should be uploaded, with an explanation if not applicable or available. For example, a "federal Single Audit was not required because the school did not expend federal funds of more than the \$750,000 Threshold."

- 1. Advisory and/or Management letter
- 2. Federal Single Audit
- 3. CSP Agreed-Upon Procedure Report
- 4. Evidence of Required Escrow Account for each school[1]
- 5. Corrective Action Plan for Audit Findings and Management Letter Recommendations

1 Note: For BOR schools chartered or renewed after the 2017-2018 school year, the escrow account per school is \$100,000.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 4d - Financial Services Contact Information

Incomplete Hidden from applicant

<u>Instructions:</u> Please enter the contact information for school staff, firms or other entities providing financial services to the education corporation by November 1, 2021.

Form for "Financial Services Contact Information"

1. School Based Fiscal Contact Information

School Based Fiscal	School Based Fiscal	School Based Fiscal
Contact Name	Contact Email	Contact Phone

2. Audit Firm Contact Information

School Audit	School Audit	School Audit	Years Working With
Contact Name	Contact Email	Contact Phone	This Audit Firm

3. If applicable, please provide contact information for the school's outsourced financial services firm.

Firm Name	Contact Person	Mailing Address	Email	Phone	Years With

Entry 5 - Fiscal Year 2021-2022 Budget

Incomplete

<u>Instructions - Regents, NYCDOE, and Buffalo BOE authorized charter schools</u> should upload a copy of the school's FY21 Budget using the 2021-2022 <u>Projected Annual Budget template</u> in the portal or from the Annual Report website **by November 1, 2021**.

The assumptions column should be completed for all revenue and expense items unless the item is self-explanatory. Where applicable, reference the page number or section in the application narrative that indicates the assumption being made. For instance, student enrollment would reference the applicable page number in Section I, C of the application narrative.

<u>Instructions - SUNY authorized charter schools</u> should download the <u>2021-2022 Budget and</u> <u>Quarterly Report Template</u> on the SUNY website or Epicenter and upload the completed template into the portal **by November 1, 2021**.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Entry 6 - Board of Trustees Disclosure of Financial Interest Form

Completed Aug 2 2021

Required of ALL Charter Schools by August 2

Each member of the charter school's Board of Trustees who served on a charter school education corporation governing one or more charter schools for any period during the 2020-2021 school year must complete a signed:

- Regents, NYCDOE, and Buffalo BOE Authorized Schools: Disclosure of Financial Interest Form
- SUNY- Authorized Charter Schools: SUNY Trustee Financial Disclosure Form

All completed forms must be collected and uploaded in .PDF format for each individual member. If a trustee is not able or available to complete the form by the deadline, the education corporation is responsible for doing so on behalf of the trustee. (Forms completed from past years will not be accepted).

Trustees serving on an education corporation that governs more than one school are not required to complete a separate disclosure for each school governed by the **education** corporation. In the Disclosure of Financial Interest Form, trustees must disclose information relevant to any of the schools served by the governing education corporation. Note: Docusign is accepted.

20-21 Board Members-Financial-Disclosures

Filename: 20 21 Board Members Financial Discl SuKAfHn.pdf Size: 4.7 MB

Entry 7 BOT Membership Table

Completed Aug 2 2021

Instructions

Required of All charter schools

ALL charter schools or education corporations governing multiple schools must complete the Board of Trustees Membership Table within the online portal. Please be sure to include and identify parents who are members of the Board of Trustees and indicate whether parents are voting or non-voting members.

Entry 7 BOT Table

- 1. SUNY-AUTHORIZED charter schools are required to provide information for VOTING Trustees only.
- 2. REGENTS, NYCDOE, and BUFFALO BOE-AUTHORIZED charter schools are required to provide information for all --VOTING and NON-VOTING-- trustees.

Entry 8 Board Meeting Minutes

Incomplete Hidden from applicant

Instructions - Required of Regents, NYCDOE, and Buffalo BOE Authorized Schools ONLY

Schools must upload a complete set of monthly board meeting minutes (July 2020-June 2021), which should match the number of meetings held during the 2020-2021 school year, as indicated in the above table. The minutes provided must be the final version approved by the school's Board of Trustees and may be uploaded individually or as one single combined file. Board meeting minutes must be submitted by August 2, 2021.

Entry 9 Enrollment & Retention

Completed Aug 2 2021

Instructions for submitting Enrollment and Retention Efforts

ALL charter schools must complete this section. Describe the good faith efforts the charter school has made in 2020-2021 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2021-2022.

Entry 9 Enrollment and Retention of Special Populations

Instructions for Reporting Enrollment and Retention Strategies

Describe the efforts the charter school has made in 2020-2021 toward meeting targets to attract and retain enrollment of students with disabilities, English language learners, and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2021-2022.

Recruitment/Attraction Efforts Toward Meeting Targets

Describe Recruitment Efforts in 2020-2021	Describe Recruitment Plans in 2021-2022
	Application and recruitment efforts for all FLACS schools will continue to be shared between all schools; all schools benefit from this larger outreach effort that will include all four schools. To support these efforts, both school and network staff will be utilized.

Application and recruitment efforts for all FLACS schools are shared between all schools; all schools benefit from this larger outreach effort that will include all four schools. To support these efforts, both school and network staff were utilized.

To attract economically disadvantaged families, FLACS specifically recruited students in the community, which is likely to have high populations of this group. To recruit students who are economically disadvantaged FLACS:

Created attractive, informational brochures and flyers both for print and interactive for digital distribution

Distributed these brochures and flyers to local businesses, religious institutions, pre-kindergarten programs, and other community organizations; Visited and/or conducted virtual presentations to prospective families at pre-kindergarten programs located in CSD 7 and 9; Attended kindergarten virtual school fairs, if any, at various Head Start and pre-kindergarten programs;

Attended Virtual Charter Open Houses and chat groups Held at least 10 virtual open houses with translators; for prospective applicants each year, held at varying times (morning and afternoon) using Eventbrite to RSVP

Announced and advertised the

Due to the earlier pandemic, post pandemic recruitment efforts for 2021-2022 will incorporate a combination of virtual and in person.

To recruit students who are economically disadvantaged FLACS will:

FLACS will: Attend community and pop-up events in areas that are economically disadvantaged by setting up informational booths. Sponsor events within the local community (i.e. Bronx Night Market, Fordham Flea) Establish partnerships with local organizations (i.e. the Bronx Rising, Morris Heights Health Center, LPAC) to leverage outreach amongst all our subscribers/followers) Continue to create print and interactive informational brochures & flyers Building relationships through social media by deciphering influencers and cultivating influencer campaigns to better reach specific subgroups. Distribute these brochures and flyers to local businesses, religious institutions, prekindergarten programs, and other community organizations; Visit and or conduct virtual presentations to prospective families at pre-kindergarten programs located in CSD 7 and 9; Attend kindergarten virtual school fairs, if any, at various Head Start and pre-kindergarten programs; Attend Virtual and in person

Retention Efforts Toward Meeting Targets

Describe Retention Efforts in 2020-2021	Describe Retention Plans in 2021-2022
	FLACS will continue to employ

To retain students, FLACS provided a rigorous academic program, demonstrated continuous student academic success, and provided a nurturing and inviting environment for families that encouraged parents to keep their children enrolled at FLACS.

To help promote the retention of all students, FLACS schools: Provided rigorous academic curriculum and instruction; Demonstrated and communicated to families FLACS' continued academic success; Created a nurturing and safe environment with consistent, caring discipline; Retained the sibling priority in the lottery to keep children from the same family together and make school drop-offs and pickups and schedules easier on families;

Encouraged parent involvement through workshops at the school, award ceremonies, celebrations, and participation in the parent teacher association;
Consistently communicated with families about their child/children's academic progress at the school through use of an online communication portal, ParentSquare and phone calls;

Consistently communicated with families about events, workshops and general information on ParentSquare, its website and

the strategies that it has to retain families, as these have been effective in the past to retain families in the school. The most essential aspect in ensuring that FLACS meets its retention targets is to provide rigorous academic curricula, demonstrate continuous student academic success, and provide a nurturing and inviting environment for families that will encourage parents to keep their children enrolled at FLACS.

To help promote the retention of all students, FLACS schools will: Provide rigorous academic curriculum and instruction; Demonstrate and communicate to families FLACS' continued academic success; Create a nurturing and safe environment with consistent, caring discipline; Retain the sibling priority in the lottery to keep children from the same family together and make school drop-offs and pick-ups easier on families; Encourage parent involvement through workshops at the school, award ceremonies, celebrations, and participation in the parent teacher association; Consistently communicate with families about their child/children's academic progress through use of an online communication portal, ParentSquare, phone calls, notes in the homework folder, use of a learning management system that parents have access to, report card distribution, and

Economically Disadvantaged

social media;

Ensured parents had access to technology for video conferencing and access to online portals during this remote year:

Reached out to and made personal connections to all families through the school's Family Liaison and other staff. To help promote the retention of economically disadvantaged students, FLACS schools: Engaged in staff training (professional development, use of outside organizations, professional reading) to ensure all staff is sensitive to the challenges families in poverty may face;

Removed economic barriers for parents by providing technology and internet for families who needed this, ensured the continuity of food services during the remote period during the pandemic; and:

Connected parents with social services and other community resources, in partnership with the school's community partner, the Latino Pastoral Action Center.

parent conferences;
Consistently communicate with
families about events at the
school and the academic
program, through monthly
calendars, an up-to-date website,
live-streaming of school
performances, and monthly
newsletters with information
about the academic program;
and:

Reach out to and make personal connections to all families through the school's Family Liaison.

To help promote the retention of economically disadvantaged students, FLACS schools will: Engage in staff training (professional development, use of outside organizations, professional reading) to ensure all staff is sensitive to the challenges families in poverty may face;

Remove economic barriers for parents by providing subsidies/waivers for school field trips, uniforms, and other potential costs for families; and: Connect parents with social services and other community resources, in partnership with the school's community partner, the Latino Pastoral Action Center.

In addition to the strategies listed above, to help promote the retention of English language learners, FLACS schools:
Deliberately recruited and hire administrators, teachers, and staff that can speak another language when possible and

In addition to the strategies listed above, to help promote the retention of English language learners, FLACS schools will: Deliberately recruit and hire administrators, teachers, and staff that can speak another language when possible and

appropriate; appropriate; Recruited classroom and content Recruit classroom and content area teachers who possess dual area teachers who possess dual certification in their content area certification in their content area and TESOL when possible; and TESOL when possible; Provided high quality support to Provide high quality support to ELLs through the academic ELLs through the academic program; program; Ensured all teachers receive Ensure all teachers receive professional development on professional development on working with English language working with English language learners: learners: Engaged families of ELLs through Engage families of ELLs through specific workshops, including but specific workshops, including but not limited to an initial not limited to an initial orientation of ELL services at orientation of ELL services at **English Language Learners** FLACS: FLACS: Ensured that all communications Ensure that all critical (on ParentSquare, the FLACS communications (on ParentSquare the FLACS website, website, letters home, monthly newsletters, handbooks, flyers) letters home, monthly were translated into Spanish newsletters, handbooks, flyers) to families are translated into (and if there are other languages Spanish (if there are other represented in the school, FLACS schools made every effort to languages represented in the ensure translation of these school, FLACS schools will make documents into additional every effort to ensure translation languages, or make use of the of these documents into NYCDOE phone translation additional languages, or make services to support parents in use of the NYCDOE phone understanding these translation services to support communications); parents in understanding these Provided translators for all major communications); school assemblies, graduations, Provide translators for all major workshops; and: school assemblies, graduations, Ensured that there were workshops; and: translators available or that the Ensure that there are translators available or that the NYCDOE NYCDOE phone translation services were utilized, for all phone translation services is parent conferences. utilized, for all parent conferences. In addition to the strategies In addition to the strategies mentioned above, FLACS will do mentioned above, FLACS ensured the following to ensure the

the retention of students with retention of students with disabilities by disabilities: Ensuring the consistent provision Ensure the consistent provision of services entitled to the of services entitled to the students by qualified staff students by qualified staff Ensure special education staff Ensuring special education staff reached out about student reach out about student progress progress on a regular basis on a regular basis Students with Disabilities Ensuring all teachers received Ensure all teachers receive professional development professional development effective strategies for working effective strategies for working with students with disabilities: with students with disabilities: and: and: Hold high expectations of Holding high expectations of students with disabilities and students with disabilities and ensuring students and their ensuring students and their families understand that the families understand that the school is committed to having school is committed to having

these students succeed.

Entry 10 - Teacher and Administrator Attrition

Completed Aug 2 2021

Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

these students succeed.

A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

[1] Employees that must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at

http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeFingerprintOct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must simultaneously request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at

http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeFingerprintOct19.pdf.

Attestation

Responses Selected:

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

Entry 11 Percent of Uncertified Teachers

Incomplete Hidden from applicant

Instructions

Required of Regents, NYCDOE, and Buffalo BOE Authorized Charter Schools ONLY

The table below reflects the information collected through the online portal for compliance with New York State Education Law 2854(3)(a-1) for teaching staff qualifications. Uncertified teachers are those not certified pursuant to the State Certification Requirements established by the NYSED Commissioner of Education.

Enter the relevant full-time equivalent (FTE) count of teachers in each column. For example, a school with 20 full-time teachers and 5 half-time teachers would have an FTE count of 22.5.

Entry 11 Uncertified Teachers

School Name:

Instructions for Reporting Percent of Uncertified Teachers

Required of Regents, NYCDOE, and Buffalo BOE Authorized Charter Schools

The table below reflects the information collected through the online portal for compliance with New York State Education Law 2854(3)(a-1) for teaching staff qualifications. Uncertified teachers are those not certified pursuant to the State Certification Requirements established by the NYSED Commissioner of Education. Enter the relevant full-time equivalent (FTE) count of teachers in each column. For example, a school with 20 full-time teachers and 5 half-time teachers would have an FTE count of 22.5.

If more than one line applies to a teacher, please include in only one FTE uncertified category. Please do not include paraprofessionals, such as teacher aides.

CATEGORY A. 30% OR 5 UNCERTIFIED TEACHERS WHICHEVER IS LESS

	FTE Count
i. FTE count of uncertified teacher with at least three years of elementary, middle or secondary classroom teaching experience (as of June 30, 2021)	
ii. FTE count of uncertified teachers who are tenured or tenure track college faculty (as of June 30, 2021)	
iii. FTE count of uncertified teachers with two years of Teach for America experience (as of June 30, 2021)	
iv. FTE count of uncertified teachers with exceptional business, professional, artistic, athletic, or military experience (as June 30, 2021)	
Total Category A: 5 or 30% whichever is less	0

CATEGORY B. PLUS FIVE UNCERTIFIED TEACHERS IN MATHEMATICS, SCIENCE, COMPUTER SCIENCE, TECHNOLOGY OR CAREER AND TECHNICAL EDUCATION.

	FTE Count
i. FTE count of uncertified teacher with at least three years of elementary, middle or secondary classroom teaching experience (as of June 30, 2021)	
ii. FTE count of uncertified teachers who are tenured or tenure track college faculty (as of June 30, 2021)	
iii. FTE count of uncertified teachers with two years of Teach for America experience (as of June 30, 2021)	
iv. FTE count of uncertified teachers with exceptional business, professional, artistic, athletic, or military experience (as June 30, 2021)	
Total Category B: not to exceed 5	0

CATEGORY C: PLUS 5 ADDITIONAL UNCERTIFIED TEACHERS

	FTE Count
i. FTE count of uncertified teacher with at least three years of elementary, middle or secondary classroom teaching experience (as of June 30, 2021)	
ii. FTE count of uncertified teachers who are tenured or tenure track college faculty (as of June 30, 2021)	
iii. FTE count of uncertified teachers with two years of Teach for America experience (as of June 30, 2021)	
iv. FTE count of uncertified teachers with exceptional business, professional, artistic, athletic, or military experience (as June 30, 2021)	
Total Category C: not to exceed 5	0

CATEGORY D: TOTAL FTE COUNT OF **UNCATEGORIZED**, **UNCERTIFIED** TEACHERS

(Include teachers who do not fit in one of these categories or if did fit would exceed the numerical limits for that category)

	FTE Count
Total Category D	

CATEGORY E: TOTAL FTE COUNT OF <u>CERTIFIED</u> TEACHERS

	FTE Count
Total Category E	

CATEGORY F: TOTAL FTE COUNT OF ALL TEACHERS

Please do not include paraprofessionals, such as teacher aides.

	FTE Count
Total Category F	

Thank you.

Entry 12 Organization Chart

Incomplete Hidden from applicant

Instructions

Required of Regents, NYCDOE, and Buffalo BOE Authorized Charter Schools ONLY

Upload the 2020-2021 **Organization Chart.** The organization chart should include position titles and reporting relationships. Employee names should not appear on the chart

Entry 13 School Calendar

Completed Aug 2 2021

Instructions for submitting School Calendar

Required of ALL Charter Schools

Given these uncertain and changing times, charter schools may or may not have a school calendar ready to upload by the submission deadline this year of August 2, 2021. If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 2nd submission. Charter schools will be able to upload an updated school calendar into the portal at any time but no later than **September 15, 2021**.

School calendars must meet the <u>minimum instructional requirements</u> as required of other public schools "... unless the school's charter requires more instructional time than is required under the regulations."

Board of Regents-authorized charter schools are required to submit school calendars that clearly indicate the start and end date of the instructional year AND the number of instructional hours and/or instructional days for each month.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

2021-22 Staff Calendar

Filename: 2021 22 Staff Calendar Dy1S0WX.pdf Size: 144.7 kB

Entry 14 Links to Critical Documents on School Website

Completed Aug 2 2021

Instructions

Required of Regents, NYCDOE, and Buffalo BOE Authorized Charter Schools ONLY

By law, each charter school is required to maintain certain notices and policies listed on its website. Please insert the link from the school's website for each of the items:

- 1. Most recently filed Annual Report (i.e., 2019-2020 Annual Report);
- 2. Most recent board meeting notice, documents to be discussed at the meeting (if any), and webcast of Board meetings (if held virtually per Governor's Executive Order);
- 3. Link to New York State School Report Card;
- 4. Lottery Notice announcing date of lottery;
- 5. Authorizer-approved DASA Policy;
- 6. District-wide safety plan and Authorizer-approved Discipline Policy (as per August 29, 2019 Emergency Response Plan Memo);
- 7. Authorizer-approved FOIL Policy; and
- 8. Subject matter list of FOIL records.
- 9. Link to School Reopening Plan

Form for Entry 14 Links to Critical Documents on School Website

School Name: FAMILY LIFE ACADEMY CHARTER SCHOOL II

Required of ALL Charter Schools noting that SUNY-authorized charter schools are not required to submit item 5: Authorizer-approved DASA policy

By law, each charter school is required to maintain certain notices and policies listed on its website. Please insert the link from the school's website for each of the items:

	Link to Documents
1. Most Recent Annual Report (i.e., 2019-20)	https://www.flacsnyc.com/apps/pages/index.jsp? uREC_ID=294280&type=d&pREC_ID=677938

Family Life Academy Charter School II

2020-21 ACCOUNTABILITY PLAN PROGRESS REPORT

Submitted to the SUNY Charter Schools Institute on:

July 20, 2021

By Pamela Franklin & Michael Adler

296 East 140th Street, Bronx, NY 10454 316 East 165th Street, Bronx, NY 10456

> 718-665-2805 718-588-0679

Renee Willemsen-Goode (Chief Academic Officer), Tiffanie Javier (Data Specialist), and Guillermo Neira (Data Specialist) prepared this 2020-21 Accountability Progress Report on behalf of the school's board of trustees:

	Board P	osition
Trustee's Name	Office (e.g. chair, treasurer,	committees (e.g. finance,
	secretary)	executive)
Miguel Peña	Chair	Executive, CEO Evaluation,
		Facilities, Fundraising
Susan Rivera-Leon	Vice Chair	Executive, Accountability,
		Nomination, Facilities, Bylaws
Hilda Sanchez	Secretary	Executive, Accountability,
		Finance, CEO Evaluation
Pedro Alvarez	Treasurer	Executive, Finance
Kevin Kearns	Member	Facilities
Joseph Holland	Member	Fundraising
Janet Lerner	Member	Nomination
Wanda Torres Mercado	Member	Finance, Bylaws
Rafael McDonald	Member, PA Representative	Finance, Facilities
Kelly Nuñez	Member	
Bryan Rivera	Member	Accountability, Fundraising,
		Bylaws
Raymond Rivera	Member	Nomination, Facilities
Marina Salazar	Member, PA Representative	
Jorge Torres	Member, PA Representative	
Paula Vega	Member, PA Representative	
Florence Wolpoff	Member	Accountability, CEO Evaluation
Francisco Lugoviña	Chair Emeritus (Non-voting)	CEO Evaluation, Facilities

Pamela Franklin has served as principal since July 2021, and as assistant principal since 2017. Kathy Ortiz served as principal of the elementary campus since 2017 until July 2021. Michael Adler has served as principal of the middle school campus since 2018.

SCHOOL OVERVIEW

Family Life Academy Charter School II (FLACS II), opened in 2012, serves kindergarten through eighth grade in two campuses in the Mott Haven and Morrisania areas of the Bronx, in Community School District 7 and 9 respectively. FLACS II just completed its ninth year of operation.

The focus of all FLACS schools has been to attract students from the surrounding community, including immigrant students and English language learners. All FLACS schools share a common mission: FLACS in partnership with the Latino Pastoral Action Center and parents, seeks to create the conditions for self-empowerment for all its K-8 students to achieve high academic standards, help them take responsibility for their own learning, and encourage them to explore and affirm human values. Like a family – and in collaboration with each family – the school will create an orderly, nurturing and dynamic environment where learning is engaging, meaningful, and joyful. All members of the school community (students, parents, and teachers) will develop the knowledge, skills, and enthusiasm to continue throughout their lives, expand their understanding of what is possible for themselves and their world, and lead productive and satisfying lives.

Each FLACS school has twelve key design elements:

- Active school leadership
- A rigorous academic curriculum with a focus on literacy
- Data-driven planning fueled by a rigorous system of assessment and accountability
- An extended school day and year
- Intentional approaches to the instruction of English language learners
- A commitment to meeting the needs of all learners
- Professional development and professional learning communities that enrich teaching
- Consistent and caring discipline
- Family involvement and shared responsibility for learning
- A shared school culture, traditions and core values focused on excellence
- A focus on preparation for high school and beyond
- A continued use of community resources

The 2020-21 school year posed many challenges due to the ongoing COVID-19 pandemic. FLACS II met these challenges head on and made decisions rooted in providing a safe school year, ensuring instruction was rigorous and effective, and providing stability and continuity to its students and families in what was otherwise a tumultuous time. All FLACS schools remained fully remote for the school year. While FLACS II initially intended to return in in-person instruction in the winter, with the rising positivity rates and overall high case counts in the South Bronx, coupled with the feedback from families about the desire to stay remote and the success of the remote learning program, it made the decision to stay remote, recognizing that this was the correct decision for this school community. By staying remote, FLACS provided a predictable, stable experience for students. There were no sudden closures necessitating constant schedule and programming changes. This stability gave students and their families needed predictability and routine. Principals from each FLACS school met together in regular meetings with the CEO, the COO and the Executive Director of Academics to discuss and overcome challenges and share best practices.

In the remote setting, students attended live synchronous classes on Zoom during school hours,

simulating the experience of being in person. On Wednesdays, students had some asynchronous work so that teachers could meet with small groups, engage with parents, and attend professional development. The teachers and teaching assistants worked to ensure that students attended live classes and submitted their assignments daily and were engaged in their learning. FLACS II utilized technology tools to ensure that students were engaged and so that teachers could monitor their work in real time. Some of these included use of a *NearPod*, a tool that allowed teachers to make slide decks interactive, use of the *Google* suite of products (*Docs, Sheets, Slides*) which allowed teachers to monitor student work and allow collaboration between students and teachers in real-time, and *GoGuardian*, a device management tool that allowed teachers to see what students were doing with their devices in real-time.

During this remote period, FLACS II maintained fidelity to its core curricular approach and materials, purchasing instructional technology that included digital curriculum materials directly associated with its existing curriculum, additional digital curriculum materials aligned with the same instructional philosophy of its programs, or general instructional technology tools that allowed FLACS II to deliver its curriculum and instructional approaches remotely. At the Network level, FLACS II hired a Director of Instructional Technology to support staff in implementing these programs during this time. Three weeks of professional development occurred in August before school started to ensure staff were well prepared to deliver quality remote instruction. Subject specific information is included later in this report.

Special education supports and services were provided, as mandated on each student's individualized education program (IEP). Students receive all instruction utilizing the school's online platforms and a combination of synchronous and asynchronous learning activities. In all cases, Special Education Teacher Support Services (SETSS) was delivered through direct and indirect instruction by a special education teacher. Additionally, related services, including counseling, speech and language therapy and occupational therapy were provided remotely according to the mandate specified on the IEP. FLACS II continued to contract out with the NYC Department of Education to obtain speech and language and occupational therapists, while employing SETSS teachers, counseling providers, and some speech and language therapists. Annual, triennial and initial review meetings continued to take place in accordance to the compliance date and were conducted remotely. New requests for special education evaluations were also conducted remotely.

Students who received English as a New Language (ENL) continued to receive support from their designated ENL teacher. Teachers met with students multiple times a week either one-on-one or in small groups to provide direct instruction with their English language skills, as well as give them asynchronous work to complete while not in sessions. Teachers increased communication with teachers via email to make sure they shared student strengths and needs and checked in on attendance. ENL teachers also increased communication with families this year to make sure families were aware of what learning was happening and how to best support their child with remote learning.

To support students during this time, FLACS II adopted specific and intentional approaches to support students' emotional, social, and mental health. The school adopted a new social emotional learning (SEL) curriculum, *Second Step*, which provided all students with high quality explicit instruction in SEL. Students learned how to self-regulate and manage emotions they have in

different situations, and were given time to practice these in class. As social emotional teaching was adopted across all schools, staff began to build a common language and culture around social emotional teaching. The school planned opportunities for students to have social interactions in live instruction, with student discussions and small group work to increase opportunities for students to interact with one another. Each campus had guidance counselors who worked to support students one-on-one and in small groups.

Attendance was an important focus this year. The attendance rate at FLACS II for the year was 91.2% (92.9% at the elementary campus and 90.1% at the middle school campus) with every student participating in remote learning over the course of the year.

In order to ensure that students could participate in their remote learning, FLACS distributed devices to families at multiple points in the year. At FLACS II, 171 iPads and 592 chromebooks were distributed. All students were offered a FLACS device; very few declined the devices and opted to use their personal device instead. Many families needed internet access. Over the course of the year FLACS II provided internet access to 168 students (21%), including 58 hot spots and 110 accounts through Altice. Monitoring attendance was a whole-school effort. Teachers and teaching assistants monitored student attendance throughout the day and staff from the school immediately contacted families whose students were not attending. These conversations focused on providing support to families to overcome any obstacles to attending school. These barriers included technology - device access, internet stability, and other technology issues - which the school immediately addressed for families. Other barriers included child care and supervision during remote instruction. While the school could not directly address this in the same way as the technology issues, it worked with families to find solutions and leverage community resources and services to support families.

FLACS II adopted a new parent communication tool, *ParentSquare*, which provided a platform to communicate with families during this time. Teachers and administrators announced what was happening in classrooms, shared information and resources and other critical information to groups of parents. The platform also allowed for two-way communication with families through private, direct messaging. Family liaisons worked tirelessly to reach out to families through this platform and through phone calls. Schools held many workshops for parents to provide support.

FLACS II also supported families by reconceptualizing its food program. FLACS II participated in a creative meal service partnership with its food vendors during remote learning for families to receive home delivery to their doorstep for weekly breakfast and lunches. All families were eligible to sign up to receive a week's worth of meals which was delivered once a week. This eliminated a significant stressor for families who otherwise would have had to take time to pick up meals every day. The effectiveness of this model was amplified by our families in supporting the food insecurity they were facing. In addition to school food, through an innovative Farmbox grant, families could sign up for a monthly farmbox full of fresh produce and pantry staples that could be used by the entire family.

FLACS II also worked to communicate with families about resources in the community, sharing information about other food distribution sites, community resources, and later in the year, vaccination.

While in the remote setting, FLACS continued to work to build community and maintain traditions.

At the elementary campus, students participated in concerts in the Winter and Spring, just as they would have in person. Students gathered virtually to view these concerts and to participate in other assemblies throughout the year. At the middle school campus, the core value ceremonies, in which scholars who display one of the campus' core values, continued. While traditionally students are presented with a core value sweatshirt at these ceremonies, staff drove and delivered these hoodies to each scholar. Staff at both campuses worked tirelessly to make this as normal a year as possible while remote.

ENROLLMENT SUMMARY

The table below summarizes the FLACS II's BEDS Day enrollment for each school year.

	School Enrollment by Grade Level and School Year													
School Year	K	1	2	3	4	5	6	7	8	9	10	11	12	Tota I
2016-17	48	53	51	50	63	26	0	0	0	0	0	0	0	291
2017-18	44	51	53	48	49	66	76	48	50	0	0	0	0	484
2018-19	48	47	51	51	52	92	114	74	47	0	0	0	0	576
2019-20	54	71	52	52	56	96	147	135	74	0	0	0	0	737
2020-21	43	61	72	54	52	110	132	142	135	0	0	0	0	801

GOAL 1: ENGLISH LANGUAGE ARTS

ELEMENTARY AND MIDDLE ENGLISH LANGUAGE ARTS

Goal 1: English Language Arts

Students will demonstrate proficiency in critical literacy skills.

BACKGROUND

FLACS II remained faithful to its network wide curriculum maps and philosophy despite the remote setting of the year. FLACS II continued to use a balanced literacy model of its own design in all grades, supported by systematic phonics instruction in grades K-2. FLACS II used *Open Court Foundational Skills Kit* (K-2), network-designed curriculum based around high quality read alouds (K-5), *Readers and Writers Project Units of Study in Writing* (K-5), *Ready CCLS ELA* (K-8) and *EngageNY* (6-8) as core curriculum materials.

Students engaged in whole group instruction via video-conferencing, including read alouds, discussion of literature and close reading of text. Teachers utilized instructional engagement technology tools, including but not limited to *NearPod*, *SeeSaw*, collaborative documents, to enhance this virtual direct instruction. These engaging activities allowed students to directly

participate in their own learning while collecting both formative and summative data to help inform instruction.

Whole group instruction was also used for writing mini lessons, close of lesson shares, and end of unit celebrations. Students then worked independently on their writing pieces or joined breakout rooms to meet with their teacher one-on-one or in small groups for conferring support.

Small group instruction, including guided reading with leveled texts occurred so that scholars learned strategies for decoding and comprehending texts at their instructional level. While the teacher worked with one group, other scholars worked on differentiated activities tailored to meet their needs as readers and writers. Students practiced the skills and strategies learned in whole and small group instruction through independent reading periods, during which teachers conferred with individual students to provide individualized instruction. Small group and conferring was done via video conferencing, at times making use of features such as breakout rooms. FLACS II purchased several different digital platforms to support small group instruction and independent reading. These included: *Epic (K-6)*, an online library of authentic books, *RAZ Kids (K-8)*, a library of leveled texts, *i-Ready Reading (K-5)*, an individualized adaptive program and *Edgenuity* (6-8) an online instructional program. These programs provided students access to texts in lieu of a traditional classroom library.

Literacy instruction was data-driven. Curriculum based assessments were administered to track students' progress in meeting curriculum goals after each unit of instruction throughout the year. Teachers used results from the NWEA MAP Growth and from NWEA MAP fluency for younger scholars. Data was stored in PowerSchool, an online data warehouse and analysis platform, and in internal databases so that all teachers and administrators would have easy access to student data. Teachers met in teams, with instructional coaches and/or the administration to review student data and determine action plans for providing support in reading instruction.

FLACS II continued to implement intervention programs for all grade levels. Teachers utilized small group time to provide intervention and an Academic Intervention Services (AIS) teacher provided targeted instruction to students in need of literacy intervention in grades K-5. Students received AIS from their content specialist teachers in grades 6-8.

Teachers received professional development in delivering high quality curriculum throughout the year. The principals, assistant principals, coaches and network staff led workshops about literacy topics and using instructional technology to deliver high quality professional development. Teachers received one-on-one coaching from the instructional coaches and the school leadership.

METHOD

During 2020-21, the school(s) primarily used the following exam to assess student growth and achievement in ELA: NWEA MAP

The test was administered at the end of October, in January, and at the end of May. For the purposes of this report, FLACS schools are reporting on the Fall and Spring administrations of the assessment. NWEA reports student progress using a RIT scale, a stable, equal interval scale that uses individual item difficulty values to measure student achievement independent of grade level. Because the RIT scale is stable, equal interval and independent of grade level, student growth over

time can be directly measured. The MAP exam reports student growth in the form of a percentile from zero to 100. The Institute will compare the schools' median *conditional growth percentile* from the end-of-year administration to the target of 50. Grade-level standards for the NWEA Map, the Institute uses the RIT score proficiency equivalents available in the most recent linking available from the test publisher found here (pages 15-16, tables 3.5 and 3.6). Students whose end-of-year RIT score is above the corresponding grade-level equivalent for scoring Level 3 or higher will be considered to have met or exceeded the proficiency equivalent. The cut scores are as follows:

Grade	ELA	Mathematics
3	201	202
4	209	214
5	218	226
6	219	227
7	225	234
8	226	241

RESULTS AND EVALUATION

FLACS II approached, but did not meet measure 1. The school's median growth percentile for all 3rd through 8th graders was 38; the target was 50.

FLACS II approached, but did not meet measure 2. The school's median growth percentile for all 3rd through 8th graders whose achievement did not meet or exceed the RIT score proficiency equivalent in the fall was 45; the target was 55. While FLACS II did not meet this target, it should be noted that the median growth percentile for students who were not at proficiency in the fall was greater than that of the school as a whole. FLACS II attributes this to the intentional extra support given to students who did not meet proficiency in the fall in small group instructional settings.

FLACS II met measure 3. The school's median growth percentile of 3rd through 8th grade students with disabilities at the school was greater than the median growth percentile of 3rd through 8th grade general education students at the school. The median growth percentile of students with disabilities was 42.5; the target was 38. FLACS II is also submitting the data for its English language learners, as serving this population is part of its mission and key design elements. The school also met this measure for English language learners; the median growth percentile for this cohort was 44, compared with 37 for the non-ELL population. This data is included below, but note that FLACS II has chosen not to report the grade level data for this measure because some grade cohorts contained fewer than 5 students.

FLACS II did not meet measure 4. The percentage of 3rd through 8th grade students enrolled in at least their second year at the school who met or exceeded the RIT score proficiency according to the NWEA linking study was 29.6%; the target was 75%. However, while FLACS II did not meet this measure, many students approached proficiency on the exam, with scores on the linking study equivalent to a Level 2. The total number of students at a Level 2, 3, or 4 was 62.2%. Given the

context of the year, this number helps illustrate that students made significant progress toward meeting the standards in grades 3 through 8, although students may not have been fully meeting standards on the Spring NWEA.

2020 21 NWEA MAP ELA A	ssessment End	of Year	Results		
Measure	Subgroup	Target	Tested	Results	Met?
Measure 1: Each year, the school's median growth percentile of all 3 rd through 8 th grade students will be greater than 50. Student growth is the difference between the beginning of year score and the end of year score.	All students	50	588	38	No
Measure 2: Each year, the school's median growth percentile of all 3 rd through 8 th grade students whose achievement did not meet or exceed the RIT score proficiency equivalent in the fall will meet or exceed 55 in the spring administration.	Low initial achievers	55	380	45	No
Measure 3: Each year, the median growth percentile of 3 rd through 8 th grade students with disabilities at the school will be equal to or greater than the median growth of 3 rd through 8 th grade general education students at the school.	Students with disabilities	38	72	42.5	Yes
Measure 3: Each year, the median growth percentile of 3 rd through 8 th grade English language learners at the school will be equal to or greater than the median growth of 3 rd through 8 th grade non ELL students.	English Language Learners	37	65	44	Yes
Measure 4: Each year, 75% of 3 rd through 8 th grade students enrolled in at least their second year at the school will meet or exceed the RIT score proficiency equivalent according to the most recent linking study comparing NWEA Growth to New York State standards. ¹	2+ students	75%	537	29.6	No

By Subgroup

-

² Proficient is defined as scoring at or above the grade-level RIT score cut score according to the most recently available linking study found here. Refer to pages 15-16, tables 3.5 and 3.6.

Subgroup	Median Growth Percentile	Number Tested
SWD	42.5	72
General Ed	38	516
ELL	44	65
Not ELL	37	523

ADDITIONAL CONTEXT AND EVIDENCE

FLACS II accepted graduated students from FLACS I (in grade 6) and FLACS III (in grade 5). While these students are technically newly enrolled students at FLACS II, FLACS II calculates whether students enrolled in at least their second year by considering their entrance date at any FLACS school, not just their entrance date at FLACS II.

All FLACS schools were remote for the entire 2020-21 school year and students took the NWEA MAP Growth in this setting. FLACS II acknowledges that the remote setting poses challenges for administration that do not exist in person.

One possible concern could have been low participation of students in testing. However the school is proud of its participation rates for these tests, with 99.0% of students enrolled in the school taking the spring exam and 97.3% of students enrolled in both fall and spring taking both exams. The school attributes this participation to several factors:

- Students attended live classes daily and the expectations around taking the test were no different than daily attendance.
- Communication about the timing and importance of the exams was communicated to parents on *ParentSquare*.
- Students had FLACS issued devices with which to take the assessment.
- FLACS II allowed for make-up days as it would for the state test.

A second possible concern was the testing conditions of the test. Students' home environments were varied, with many students home with younger siblings and other distractions out of their control. There was also the potential that others in the household may try to help students with the test. FLACS did the following to mitigate these issues:

- The school communicated with parents about the purpose of the test, to get an accurate
 assessment of what students know to plan for instruction, and the importance of students
 taking this test under as close to ideal testing conditions as possible. This included the
 importance of students taking the same by themselves without any parental involvement.
- Students in grades 3-8 were on video calls during the administration of the test so that the proctoring teachers could monitor the conditions in which students were taking the test, both to ensure student focus and to ensure that students did not receive outside help.
- Students in grades 3-8 used school issued *Chromebooks* using the *NWEA Secure Testing App*, which allows students to test in a secure, full-screen kiosk mode.

- Student devices were further monitored by teachers using *GoGuardian* to ensure students did not access external resources during testing
- If there were anomalies in student testing, such as students completing the test faster than
 anticipated, or who were flagged using NWEA's rapid guessing feature, if proctors noticed
 visible distractions in the environment (such as crying infant, students who did not remain
 in the testing location), or if student test results were not in line with other assessment
 measures (both much higher than expected or much lower than expected based on these
 factors) students were considered for retesting.

Given these mitigation strategies, FLACS II feels confident that students took the exam without external help from others in their household. However, despite the mitigation strategies there were some lingering concerns about other distractions that may have prevented complete focus in test-like conditions. FLACS II will retest students in person in the fall.

SUMMARY OF THE ELEMENTARY AND MIDDLE ENGLISH LANGUAGE ARTS GOAL

In the midst of the many challenges of the school year, FLACS II made progress toward meeting its accountability goals, with students in all subgroups demonstrating academic growth in the 2020-21 school year. While this growth may not have been enough to meet all of the accountability goals, the school is well poised to accelerate student learning in the upcoming school year. FLACS II met measure 3 of this accountability goal, to accelerate the growth of students with disabilities and English language learners, and accomplished the spirit of measure 2, to help accelerate the growth of students not yet meeting standards.

ACTION PLAN

FLACS II will strive to maintain consistency in its data collection and reporting in the upcoming charter terms. FLACS II will continue to administer the *NWEA MAP Growth* three times a year; this assessment can be given regardless of possible future changes to the modality of instruction. FLACS II will continue to administer this exam even after the NYSTP restarts next spring to monitor student growth over time. FLACS II demonstrated success in administering these exams to students who were fully remote, and anticipates that even if some students remain fully remote, it can either have students test in person or refine the protocols in place to successfully test students from a remote location.

The data that have been discussed in this report highlight some "missed learning" from the 2020-2021 school year. As such, the school and the network as a whole have put into place an action plan to address this "missed learning" in the 2021-22 school year.

FLACS II believes it is critical that students continue to be exposed to grade level tier 1 instruction during whole group instruction, even if they are currently performing below level. Teachers will scaffold instruction to help students access this grade level instruction in English language arts. Coaches and administrators will work with teachers to strengthen the ways in which teachers scaffold these experiences. The core curriculum maps have undergone a refresh, to replace texts with more culturally relevant and engaging content, while not sacrificing rigor. This curriculum was successful in prior brick and mortar years. Teacher teams will spend time unpacking the standards to understand what previous learning students needed to access the current grade level standards.

Since the emphasis is on accelerating learning beyond what was typically achieved in the past, the schedule will have plentiful time for small group instruction and differentiation of learning experiences. While this is not a new structure at FLACS II, renewed focus will be made on maximizing the impact of this time and leveraging technology that was used during the fully remote period. While teachers plan for small group instruction for students that meets their needs as determined by the *NWEA MAP Growth*, the *Fountas and Pinnell* assessment, and ongoing assessment in the classroom. How this work is structured will be varied in each classroom. This is to ensure that the interventions match the needs of the learners in the classrooms. Planned interventions include, but are not limited to: guided reading groups with leveled texts using strategies from Jennifer Serravallo's *The Reading Strategies Book*, strategy groups that pre-teach or reteach content, phonics intervention groups using materials from *Open Court Phonics*, use of the *Leveled Literacy Intervention Kit*, and use of materials from *Preventing Academic Failure*.

The middle school grades (6-8) will adopt *Lexia PowerUp Literacy*, a blended adaptive program for struggling and nearly proficient readers that accelerates the development of fundamental literacy and higher-order thinking skills. This will replace *Edgenuity*, which does not have enough adaptive features nor supportive work for students who are below grade level proficiency and serve as counterpart to work being done with *i-Ready* in the elementary grades.

The school leadership team has already begun grouping returning students for academic intervention based on the Spring results from the *NWEA MAP Growth* and other internal assessments. As soon as the school year begins based on the Fall results from the *NWEA MAP Growth* and other internal assessments these groups will be redefined. In June, all school leaders attended training with an *NWEA* consultant in regards to utilizing the results of the *NWEA MAP Growth* to accelerate learning. The work of leveraging this data to improve instruction will continue throughout the year.

GOAL 2: MATHEMATICS

ELEMENTARY AND MIDDLE MATHEMATICS

Goal 2: Mathematics

Students will become proficient in the application of mathematical skills and concepts.

BACKGROUND

FLACS II continued to use *Math in Focus* as its core curriculum program in mathematics. In 2020-21, all schools adopted the 2020 edition of the program, which included digital texts for students and teachers, interactive presentation materials, and virtual manipulatives. These resources were immensely helpful in supporting remote learning this year. All FLACS schools adopted *DreamBox Math*, which had been piloted by the middle school campus in the previous year. This program is an online adaptive program that comes from the same philosophy as *Math in Focus*. All curricular materials focused on problem-solving, learning by doing, using manipulatives, and a conceptual understanding of mathematics. Mid-way through the year, in response to the data that was being collected, FLACS II also used *i-Ready Mathematics* with students in grades K-5.

Working with students remotely in mathematics presented challenges as the FLACS mathematics approach is heavily based on using manipulatives and working in small groups to discuss problems. One option would have been to radically shift the approach to teaching mathematics to a more procedural traditional approach. However, the school and network leaders felt that this would ultimately compromise future learning for students. Instead, to mitigate this, teachers utilized collaborative tools (chat, collaborative documents, break out/small group rooms) to simulate these discussions and problem-solving based instruction. They also sent manipulative materials to student's homes or made use of virtual manipulatives.

Mathematics instruction was data-driven. Curriculum based assessments were administered to track students' progress in meeting curriculum goals after each unit of instruction throughout the year. Teachers also used results from the *NWEA MAP Growth*. Data was stored in *PowerSchool*, an online data warehouse and analysis platform, and in internal databases so that all teachers and administrators would have easy access to student data. Teachers met in teams, with instructional coaches and/or the administration to review student data and determine action plans for providing support in mathematics instruction.

FLACS II continued to implement intervention programs for all grade levels. Teachers utilized small group time to provide intervention and an Academic Intervention Services teacher provided targeted instruction to students in need of mathematics intervention in grades K-5.

Teachers received professional development in delivering high quality curriculum throughout the year. The principals, assistant principals, coaches and network staff led workshops about mathematics topics and using instructional technology to deliver high quality professional development. Teachers received one-on-one coaching from the instructional coach. Trainers from *Math in Focus* worked with coaches in all buildings on using the digital materials in the 2020 edition of *Math in Focus*. Trainers from *DreamBox* worked with all teachers and administrators in sessions at the beginning of the year and throughout the year.

METHOD

During 2020-21, the school(s) primarily used the following exam to assess student growth and achievement in mathematics: NWEA MAP

The test was administered at the end of October, in January, and at the end of May. For the purposes of this report, FLACS schools are reporting on the Fall and Spring administrations of the assessment. *NWEA* reports student progress using a RIT scale, a stable, equal interval scale that uses individual item difficulty values to measure student achievement independent of grade level. Because the RIT scale is stable, equal interval and independent of grade level, student growth over time can be directly measured. The MAP exam reports student growth in the form of a percentile from zero to 100. The Institute will compare the schools' median *conditional growth percentile* from the end-of-year administration to the target of 50. Grade-level standards for the *NWEA Map*, the Institute uses the RIT score proficiency equivalents available in the most recent linking study available from the test publisher found here (pages 15-16, tables 3.5 and 3.6). Students whose end-of-year RIT score is above the corresponding grade-level equivalent for scoring Level 3 or higher will be considered to have met or exceeded the proficiency equivalent. The cut scores are as follows:

Grade	ELA	Mathematics
3	201	202
4	209	214
5	218	226
6	219	227
7	225	234
8	226	241

RESULTS AND EVALUATION

FLACS II approached, but did not meet measure 1. The school's median growth percentile for all 3rd through 8th graders was 29; the target was 50.

FLACS II approached, but did not meet measure 2. The school's median growth percentile for all 3rd through 8th graders whose achievement did not meet or exceed the RIT score proficiency equivalent in the fall was 34; the target was 55. While the school did not meet this target, the median growth percentile was 5 points higher for students who did not meet or exceed proficiency in the fall compared with all students.

FLACS II did not meet measure 3 for students in special education, but it did meet this measure for English language learners. The school's median growth percentile of 3rd through 8th grade students with disabilities at the school was less than the median growth of 3rd through 8th grade general education students at the school. The median growth percentile of students with disabilities was 26; the target was 30. The median growth percentile of FLACS II ELLs was 33 compared to 29 of the non-ELL population. While FLACS II approached the goal with its special education students, it made the target for the ELL subgroup. As with English language arts, FLACS II has chosen not to report the grade level data here as some grade cohorts contained less than 5 students.

FLACS II did not meet measure 4. The percentage of 3rd through 8th grade students enrolled in at least their second year at the school will meet or exceed the RIT score proficiency was 20.4%, the target was 75%.

2020 21 NWEA MAP Mathematics Assessment End of Year Results							
Measure	Subgroup	Target	Tested	Results	Met?		
Measure 1: Each year, the school's median growth percentile of all 3 rd through 8 th grade students will be greater than 50. Student growth is the difference between the beginning of year score and the end of year score.	All students	50	588	29	No		
Measure 2: Each year, the school's median growth percentile of all 3 rd through 8 th grade students whose achievement did not meet or	Low initial achievers	55	429	34	No		

exceed the RIT score proficiency equivalent in the fall will meet or exceed 55 in the spring administration.					
Measure 3: Each year, the median growth percentile of 3 rd through 8 th grade students with disabilities at the school will be equal to or greater than the median growth of 3 rd through 8 th grade general education students at the school.	Students with disabilities ³	30	74	26	No
Measure 3: Each year, the median growth percentile of 3 rd through 8 th grade English language learners at the school will be equal to or greater than the median growth of 3 rd through 8 th grade non-ELL students at the school.	Students with disabilities	29	66	33	Yes
Measure 4: Each year, 75% of 3 rd through 8 th grade students enrolled in at least their second year at the school will meet or exceed the RIT score proficiency equivalent according to the most recent linking study comparing NWEA Growth to New York State standards. ⁴	2+ students	75%	538	20.4	No

End of Year Performance on 2020 21 NWEA MAP Mathematics Assessment By All Students and Students Enrolled in At Least Their Second Year

Cuadaa	All Stu	dents	Enrolled in at least their Second Year		
Grades	Percent Proficient ⁵	Number Tested	Percent Proficient	Number Tested	
3	21.6%	51	18.8%	48	
4	26.4%	53	26.0%	50	
5	22.4%	98	23.4%	94	
6	21.6%	134	23.8%	105	
7	18.1%	138	18.7%	123	

³ Schools may elect to report the aggregated data for a different subpopulation of students if the total tested number of students with disabilities is 5 or fewer, or if the school's mission aligns to serving a different specific subpopulation. For schools that choose a different subpopulation (e.g. English language learners, students experiencing housing insecurity, etc.), please explain the rationale in the narrative section

⁴ https://www.nwea.org/content/uploads/2020/02/NY-MAP-Growth-Linking-Study-Report-2020-07-22.pdf.

⁵ Proficient is defined as scoring at or above the grade-level RIT score cut score according to the most recently available linking study found <u>here</u>. Refer to pages 15-16, tables 3.5 and 3.6.

ADDITIONAL CONTEXT AND EVIDENCE

FLACS II accepted graduated students from FLACS I (in grade 6) and FLACS III (in grade 5). While these students are technically newly enrolled students at FLACS II, FLACS II calculates whether students enrolled in at least their second year by considering their entrance date at any FLACS school, not just their entrance date at FLACS II.

FLACS schools were remote for the entire 2020-21 school year and students took the *NWEA MAP Growth* in this setting. FLACS II acknowledges that the remote setting poses challenges for administration that do not exist in person. These challenges were discussed earlier with regards to English language arts. FLACS II is proud of its participation rates for the mathematics tests, with 99.3% of students enrolled in the school taking the spring exam and 97.1% of students enrolled in both Fall and Spring taking both exams.

SUMMARY OF THE ELEMENTARY AND MIDDLE MATHEMATICS GOAL

In the midst of the many challenges of the school year, FLACS II made progress toward meeting its accountability goals, with students in all subgroups demonstrating academic growth in the 2020-21 school year. FLACS II did meet measure 3 for the ELL subgroup. However, the school only approached, but did not meet the other measures for this goal. Nevertheless, students made growth this year and FLACS II is confident that it can accelerate this growth in the 2021-22 school year.

ACTION PLAN

FLACS II will strive to maintain consistency in its data collection and reporting in the upcoming charter terms. FLACS II will continue to administer the *NWEA MAP Growth* three times a year; this assessment can be given regardless of possible future changes to the modality of instruction. FLACS II demonstrated success in administering these exams to students who were fully remote, and anticipates that even if some students remain fully remote, it can either have students test in person or refine the protocols in place to successfully test students from a remote location. FLACS II will continue to administer this exam even after the NYSTP restarts to monitor student growth over time.

The data that have been discussed in this report highlight some "missed learning" from the 2020-2021 school year. As such, the school and the network as a whole have put into place an action plan to address this "missed learning" in the 2021-22 school year.

In 2021-22, with a return to in-person learning for the entire school, FLACS II anticipates accelerated growth in student's mathematical learning. FLACS II believes it is critical that students continue to be exposed to grade level tier 1 instruction during whole group instruction, even if they are currently performing below level. Teachers will scaffold instruction to help students access this grade level instruction in mathematics. Coaches and administrators will be working with teachers to strengthen the ways in which teachers scaffold these experiences. The core curriculum maps have undergone a refresh to emphasize which foundational skills are critical for students to access the

grade level content and to provide resources for teachers to build that foundational knowledge in the moment.

Before each unit in mathematics, students will take a pre-assessment that assesses student's readiness for the current unit through questions about the requisite foundational knowledge needed for the new unit. Based on these results, teachers will plan to modify whole group instruction and/or provide intensive support to students in small groups.

In advance the network and school teams identified areas in which there is a larger potential for missed learning from the previous grade level by interviewing teachers and looking at assessment results. FLACS elementary schools use a supplementary program *Every Day Counts*, which is a 15-minute calendar based math routine. In the upcoming year, this routine will be used to strategically address areas where there was identified missed learning or to build foundational knowledge for upcoming units.

FLACS II will continue to use *DreamBox* mathematics to provide individualized math support to students. Emphasis will be placed on small group instruction in mathematics to help meet the needs of individual students. Additional materials will be used to support students in mathematics depending on their individual needs.

FLACS II will continue to provide professional development through coaching and whole staff sessions to support differentiating instruction and scaffolding learning for students not yet at grade level standards.

GOAL 3: SCIENCE

ELEMENTARY AND MIDDLE SCIENCE

Goal 3: Science

Students will demonstrate proficiency in the practice and methodology of scientific inquiry.

BACKGROUND

FLACS II continued to use *Amplify Science* as its core science program for all grade levels, expanding into grades 3 and 4 for the first time this year. This phenomena-based program is aligned with the Next Generation Science Standards and integrates interactive digital tools and hands-on activities, to teach students how to think, read, write, and argue like real scientists and engineers. Each Amplify Science unit (K-8) is structured around a unit-specific learning progression, called the Progress Build. The unit's Progress Build describes the way students' explanatory understanding of the unit's focal phenomena is likely to develop and deepen over the course of a unit. It is an important tool in understanding the structure of a unit and in supporting students' learning. It organizes the sequence of instruction, defines the focus of assessments, and grounds the inferences about student learning progress that guide suggested instructional adjustments and differentiation. By aligning instruction and assessment to the Progress Build (and therefore to each other), evidence about how student understanding is developing may be used during the course of the unit to support students and modify instruction in an informed way.

In addition to using *Amplify Science*, resources from *New Visions Living Environment Course* were used for the eighth grade living environment course.

FLACS II was remote this year and science instruction was synchronous with live instruction throughout the year. Because of this, teachers were able to simulate many of the experiences that they would have had in person. Because science was taught remotely, some aspects of the science program, such as those hands-on experiences, needed to be adapted. In some cases, if the materials were accessible to students in their homes, students worked on these hands-on experiences in their homes. Other times, teachers would model these experiences for students to observe or would show videos of others modeling these. At times, the instructional sequence was shifted to replace these. Virtual simulations, which feature prominently in grades two and up, were accessible to students. In the remote environment, FLACS II made use of "@Home" resources that were developed by *Amplify Science*, which include adapted learning materials and experiences for use in the remote setting, especially at the elementary level. To prepare for the year, teachers participated in training from *Amplify Science* in utilizing these resources in August before students started the year.

Teachers used curriculum based assessment materials from *Amplify Science*. In April 2021, all students in grades 3-8 took the *NWEA MAP Growth Science* for the first time. This assessment was brought in to provide a consistent science assessment for all grades to measure growth over time and the overall success of the science program.

FLACS II hired an additional science teacher in grade eight at the beginning of the year; this staff member was replaced in the winter.

METHOD

During 2020-21, the school(s) primarily used the following exam to assess student achievement in science: NWEA MAP

The test was administered in April. NWEA reports student progress using a RIT scale, a stable, equal interval scale that uses individual item difficulty values to measure student achievement independent of grade level. NWEDA does not provide a linking study for the NYSTP in Science. FLACS II has reported on the percentage of students enrolled in at least their second year who are at or above the 50 percentile. FLACS II set a target of having 75% of their students enrolled in at least their second year in grades 3 through 8 at or above the 50 percentile based on their RIT score in science.

RESULTS AND EVALUATION

At FLACS II, 36.6% of students enrolled in at least their second year scored at or above the 50th percentile. FLACS II did not meet the target of 75%. Students in grades 3, 4, and 5 had relatively high performance with 43.8%, 46.0%, and 44.7% of students enrolled in at least their second year scoring at or above the 50th percentile.

FLACS II has been adopting this new science curriculum over the last three years to meet the demands of the more rigorous Next Generation State Standards. The first year of the program was in 2018-2019 with grades K, 1 and 6. The following year the program was extended to grades 2, 7,

and 8. As such, many of the grades only used the new NGSS aligned curriculum during the pandemic and had to make significant modifications to teach this subject remotely.

Because FLACS II used this assessment for the first time in Spring 2021, there is no available growth data for students, though FLACS II will have this data in the future to utilize. This is an advantage over the NYS science assessment, with which there is no way to measure growth. While FLACS II cannot compare its performance to other schools in New York State, it can use the national norms to gauge student's proficiency relative to a national sample.

End of Year Performance on 2020 21 NWEA MAP Science Assessment By All Students and Students Enrolled in At Least Their Second Year

	All Stud	dents Enrolled in at le		
Grades	Percent at or above 50 percentile	Number Tested	Percent at or above 50 percentile	Number Tested
3	43.1	51	43.8	48
4	45.3	53	46.0	50
5	43.9	98	44.7	94
6	30.5	128	28.3	99
7	30.9	139	32.5	123
8	33.8	133	33.3	120
All	35.9	602	36.3	534

ADDITIONAL CONTEXT AND EVIDENCE

FLACS II administered the science assessment remotely. The challenges of ensuring testing integrity and uniform testing conditions in the remote modality, and how FLACS strove to overcome these difficulties, have been discussed previously in this report. As with ELA and Math, the vast majority, 98.9% of students participated in the administration of the science assessment.

There are no normed studies to compare the performance of students on the NWEA MAP Growth Science to the New York State Testing Program, and therefore it is difficult to compare these results with previous science achievement and difficult the efficacy of the goal that FLACS set for the year. However, the percentiles themselves are normed with a national sample which does give some indication of how students have performed relative to students nationwide.

SUMMARY OF THE ELEMENTARY AND MIDDLE SCIENCE GOAL

While there was no defined goal for science for 2020-21, this year will serve as a benchmark for further growth.

ACTION PLAN

Across all of its schools, FLACS began using the NWEA MAP Growth Science Exam in grades 3 through 8 to measure science understanding. FLACS II will continue to administer this exam at least once each year at these grade levels. As this exam is given via computer, it may be administered remotely or in person to provide continuity across different learning environments.

The results of the science assessment indicate that there may be some missed learning in science and serve as a baseline against which future student growth can be measured. Consistent with its approach in ELA and Mathematics, FLACS II will continue to push forward with rigorous grade level instruction in science, rather than trying to reteach missed concepts. Because *Amplify Science* is aligned with the NGSS, there is opportunity to build any foundational knowledge in the cross cutting concepts and interconnections afforded by this curriculum compared to programs with a more discrete approach.

In the 2021-22 school year, FLACS II plans to return to using the full version of the program as it anticipates most or all students will be back in person. FLACS II does not intend to bring in additional resources for science instruction outside Amplify Science. Whereas in the previous school year teachers adapted many materials for the virtual environment, this year will be about fidelity to the approach. The 2019-20 was the first year that the program was used for grades 2, 7 and 8 and the 2020-21 school year was the first year that the program was implemented in grades 3 and 4. The school anticipates that there will be growth in student learning as a result of being able to have more fidelity to the hands-on portions of the program. Teachers will also have continued professional development about unpacking the next generation science standards and how to implement the Amplify Curriculum effectively. Teachers will also have professional development in how to embed support for students in the grade level content to scaffold the instruction for students who are lower performing in science. This will include, but not limited to, pre-teaching vocabulary and concepts to students, using visuals and multimedia and increasing the amount of time that students engage with the content in guided small group and independent work compared with teacher guided instruction. Trainers from Amplify Science will work with teachers at the beginning of the year and in a coaching context throughout the year.

GOAL 4: ESSA

Due to COVID-19 and the subsequent changes to the state's testing, accountability, and federal reporting requirements, the 2020-21 school accountability statuses are the same as those assigned for the 2019-20 school year. The 2019-20 accountability statuses were based on 2018-19 exam results. Assigned accountability designations and further context can be found https://english.com/html/english statuses were based on 2018-19 exam results.

Goal 7: Absolute Measure

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

METHOD

Because *all* students are expected to meet the state's performance standards, the federal statute stipulates that various sub-populations and demographic categories of students among all tested students must meet the state standard in and of themselves aside from the overall school results. As New York State, like all states, is required to establish a specific system for making these determinations for its public schools, charter schools do not have latitude in establishing their own performance levels or criteria of success for meeting the ESSA accountability requirements. Each year, the state issues School Report Cards that indicate a school's status under the state accountability system.

RESULTS AND EVALUATION

The school's ESSA status is "Good Standing".

ADDITIONAL EVIDENCE

The school has been in "Good Standing" each year of the current charter term.

Accountability Status by Year

Year	Status
2018-19	Good Standing
2019-20	Good Standing
2020-21	Good Standing

INDEPENDENT AUDITOR'S REPORT

Board of Trustees Family Life Academy Charter Schools

Report on the Financial Statements

We have audited the accompanying financial statements of Family Life Academy Charter Schools (the "Organization"), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Life Academy Charter Schools as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Family Life Academy Charter Schools' June 30, 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report date October 14, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited financial statements from which it is derived.

Other Report Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2021 on our consideration of Family Life Academy Charter Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Family Life Academy Charter Schools' internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Organization

Family Life Academy Charter Schools (the "Organization") is an educational corporation operating in the borough of the Bronx, New York and is comprised of various individual charter schools.

Family Life Academy Charter School I ("FLACS I") is a charter school that operates under the Organization in the borough of the Bronx, New York. On May 14, 2001, the Board of Regents of the University of the State of New York granted FLACS I a provisional charter valid for a term of five years and renewable upon expiration. On May 20, 2008, August 19, 2013 and February 13, 2018, FLACS I obtained a five year renewal, which expires June 30, 2023.

Family Life Academy Charter School II ("FLACS II") is a charter school that operates under the Organization in the borough of the Bronx, New York. On September 13, 2011, the Board of Regents of the University of the State of New York granted FLACS II a provisional charter valid for a term of five years and renewable upon expiration. On March 8, 2017, FLACS II obtained a five year renewal, which currently expires July 31, 2022.

On March 31, 2014, the Board of Regents of the University of the State of New York amended the FLACS I charter agreement permitting additional schools under FLACS I's educational corporation. During the 2014 fiscal year, FLACS I added Family Life Academy Charter School III ("FLACS III") under its expanded charter. FLACS III had the authority to operate through July 31, 2019. On May 27, 2019, FLACS III obtained a five year renewal, which expires July 31, 2024.

FLACS I, FLACS II, and FLACS III are schools in a predominately Latino community in the South Bronx. They seek to empower New York City English language learners in grades Kindergarten through Grade 8 to achieve high standards in English and to help them take responsibility for their own learning and encourage them to explore and affirm human values.

Family Life Academy Charter Schools Network ("FLACS N") is a division of the educational corporation operating as a charter school management organization. FLACS N's purpose is to manage and support a network of open-enrollment free charter schools committed to high academic standards, merit, citizenship and responsibility in New York City's neediest neighborhoods.

On June 6, 2019, the Board of Regents of the University of the State of New York amended the FLACS I charter agreement permitting additional schools under FLACS I's educational corporation. During the 2019 fiscal year, FLACS I added Family Life Academy Charter School IV ("FLACS IV") under its expanded charter. FLACS IV is expected to open September 2022.

Basis of presentation

The accompanying financial statements include the accounts of FLACS I, FLACS II, FLACS III, FLACS IV and FLACS N (collectively referred to as the "Organization"). All intercompany balances and transactions have been eliminated in the accompanying financial statements.

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Classification of net assets

To ensure observance of limitations and restrictions placed on the use of resources available to the Organization, the accounts of the Organization are maintained in accordance with the principles of accounting for not-for-profit organizations. This is the procedure by which resources are classified for reporting purposes into net asset groups, established according to their nature and purpose. Accordingly, all financial transactions have been recorded and reported by net asset group.

The assets, liabilities, activities, and net assets are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions

Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The Board of Trustees has discretionary control to use these in carrying on operations in accordance with the guidelines established by the Organization.

Net Assets With Donor Restrictions

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. Net assets with donor restrictions were \$515,922 and \$510,116 at June 30, 2021 and 2020, respectively.

Revenue recognition

Revenue from Exchange Transactions: The Organization recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Organization records substantially all revenues over time as follows:

Public school district revenue

The Organization recognizes revenue as educational programming is provided to students throughout the year. The Organization earns public school district revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the Organization. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Organization and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Organization to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the Organization can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

	June 30,							
	2021		2020		2019			
Grants and contracts receivables	\$	44,183	\$	319,411	\$	28,114		

Contributions

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence of any donor restrictions. A contribution that is received and expended in the same year for a specific purpose is classified as without donor restricted revenue.

Contributions are recorded as with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position and amounted to \$151,437 and \$211,037 at June 30, 2021 and 2020, respectively. The Organization received cost-reimbursement grants of approximately \$146,970 and \$433,325 that have not been recognized at June 30, 2021 and 2020, respectively, because qualifying expenditures have not yet been incurred.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Cash and cash equivalents

Cash and cash equivalents are maintained in certain financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. The Organization considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Organization has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

Cash in escrow

The Organization maintains cash in an escrow account, in accordance with the terms of its Charter Agreement. A portion of the escrow account is invested in a certificate of deposit with a maturity date of July 2021.

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2021 or 2020.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from two to fifteen years.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflected in operations.

Deferred revenue

The Organization records grant revenue as deferred revenue until it is expended for the purpose of the grant, at which time it is recognized as revenue.

Certificate of deposit

The Organization maintains its certificate of deposit at a financial institution. The balance is insured at the financial institution up to \$250,000 by the FDIC. At times the Organization's balance may exceed federally insured limits. The Organization has not experienced any losses in such account and does not believe it is exposed to any significant risk. Certificate of deposit has a maturity date of July 2021.

Tax exempt status

The Organization is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income.

The Organization files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2018 through June 30, 2021 are still subject to potential audit by the IRS. Management of the Organization believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributed goods and services

The Organization receives contributed services from volunteers to serve on the Board of Trustees. In addition, the Organization received transportation services, special education services and a school nurse for the students from the local district. The Organization was unable to determine a value for these services.

The Organization received contributed professional development and programming services and contributed goods which were valued at approximately \$8,400 for the year ended June 30, 2021. These amounts are included in in-kind revenue in the accompanying statement of activities and changes in net assets. The Organization did not receive any contributed services or goods for the year ended June 30, 2020.

Marketing costs

The Organization expenses marketing costs as they are incurred. Total marketing and recruiting costs approximated \$153,000 and \$129,000 for the years ended June 30, 2021 and 2020, respectively.

Comparative information for the year ended June 30, 2020

The financial statements include certain prior year summarized comparative information in total but not by net asset class or functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2020 from which the summarized information was derived.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

New accounting pronouncements

Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Organization is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Organization's financial position or results of operations.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE A: THE ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kind recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and will be applied on a retrospective basis. The Organization is currently evaluating the provisions of this update to determine the impact it will have on the Organization's financial statements.

Subsequent events

The Organization has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 14, 2021, which is the date the financial statements are available to be issued. See Note M.

NOTE B: LIQUIDITY AND AVAILABILITY

The Organization regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Organization's main source of liquidity is its cash and cash equivalents accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing activities of teaching, and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Organization's cash and shows positive cash generated by operations for fiscal year 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE B: LIQUIDITY AND AVAILABILITY, Cont'd

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	June 30,	
	2021	2020
Cash and cash equivalents	\$ 12,555,701	\$ 9,460,803
Certificate of deposit	2,351,045	2,324,295
•	, ,	
Grants and other receivables	2,393,507	1,694,306
Total financial assets available within one year	17,300,253	13,479,404
Less: Amounts unavailable for general expenditures within one year, due to:		
Restricted by donors with purpose restrictions	(515,922)	(510,116)
Total amount unavailable for general expenditures within one year	(515,922)	(510,116)
Total financial assets available to management		
for general expenditures within one year	\$ 16,784,331	\$ 12,969,288

The Organization has a \$400,000 line of credit that they could draw upon in the event of unanticipated liquidity needs. At June 30, 2021 and 2020, there were no amounts outstanding on this line.

NOTE C: RELATED PARTY TRANSACTIONS

FLACS N receives a management allocation from FLACS I, FLACS II, and FLACS III (the "Charter Schools"). The Organization pays for certain operating expenses that benefit the entire organization and then allocates to each Charter School a percentage of these expenses based on the full-time equivalent student enrollment at each Charter School. FLACS N was allocated \$1,085,180 from FLACS I, \$2,339,862 from FLACS II, and \$670,915 from FLACS III for the year ended June 30, 2021. FLACS N was allocated \$1,103,391 from FLACS I, \$2,083,750 from FLACS II, and \$687,738 from FLACS III for the year ended June 30, 2020.

Classrooms and office facilities of FLACS I are leased from LPAC, whose President is a member of the Board of the Organization. See Note G for further details and future minimum lease payments. During the years ended June 30, 2021 and 2020, the Organization had approximately \$52,000 and \$57,000, respectively, of receivables from LPAC.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE C: RELATED PARTY TRANSACTIONS, Cont'd

The Organization is a guarantor of a mortgage in the name of LPAC. The term of the guarantee on the LPAC mortgage is through January 2018, at which time an option to extend for an additional 5 years was granted, until January 2023. The Organization would be required to pay the loan in the event of default and as of June 30, 2021 and 2020, the outstanding balance of the mortgage note is approximately \$1,503,000 and \$1,578,000, respectively. At June 30, 2021 and 2020, the maximum amount of future payments (undiscounted) the Organization could be required to make under the guarantee is \$2,145,000 and \$2,332,000, respectively.

During August 2017, the Organization became the guarantor of multiple loans of CG Educational Holdings, Inc. ("CG"). Prior to November 2016, the Organization held a membership interest in CG; however, in November 2016, the Organization transferred and assigned its membership interest to LPAC; therefore, CG is now wholly owned by LPAC. The loans are for the acquisition and remodeling of a building for a middle school leased to FLACS II, see Note G for more information. The loans were paid in full in December 2020; therefore, the guarantees are no longer in effect and the lease agreement was terminated.

During December 2020, HB Foundation ("HB"), a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code was formed. HB is the sole member of Highbridge Facilities LLC ("Highbridge"). Highbridge issued bonds to purchase the properties of FLACS II middle school, FLACS III and the property where FLACS IV will be located. The Organization became the guarantor of the bonds. The aggregate principal balance of the bonds at June 30, 2021 was approximately \$125,100,000. At June 30, 2021, the maximum potential amount of future payments (undiscounted) the guarantor could be required to make under the guarantee was approximately \$277,858,307. The Organization fully expects the bond payable will be repaid by Highbridge in accordance with its terms.

In connection with the bond agreement, the Organization must comply with certain covenants. The Organization was in compliance with these covenants for the year ended June 30, 2021.

The lease agreements for the FLACS II middle school and FLACS III facilities were terminated in December 2020. In December 2020, the Organization entered into lease agreements with Highbridge for the FLACS II middle school, FLACS III and FLACS IV facilities. See Note G.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE D: PROPERTY AND EQUIPMENT

Property and equipment consisted of the following:

	June 30,	
	2021	2020
Leasehold improvements	\$ 4,550,988	\$ 4,122,093
Furniture and fixtures	1,765,620	1,532,473
Computers and equipment	3,180,147	2,513,359
	9,496,755	8,167,925
Less accumulated depreciation and amortization	5,569,727	4,865,938
	\$ 3,927,028	\$ 3,301,987

At June 30, 2021, \$297,269 of construction in progress was included in leasehold improvements; which was mainly for a future building project for FLACS IV and for improvements to the FLACS II middle school facility expected to be utilized in the 2022 school year. At June 30, 2020, \$93,433 of construction in progress was included in leasehold improvements; which was mainly for a future building project for FLACS I and for improvements to the FLACS II middle school facility expected to be utilized in the 2021 school year.

No provision for depreciation is made on construction in progress until such time as the relevant assets are completed and put into use. Total depreciation and amortization expense was \$1,001,315 and \$759,846 for the years ended June 30, 2021 and 2020, respectively.

NOTE E: CAPITAL LEASES PAYABLE

The Organization entered into a capital lease payable during August 2017, payable in annual installments, including interest at .35066% per annum, through September 2019. The capital lease payable is secured by certain equipment. The capital lease had \$1,397 outstanding as of June 30, 2020. There was no balance outstanding as of June 30, 2021.

The lease agreement is through August 2020 and is for the right to use certain equipment which is included in property and equipment in the accompanying statement of financial position at June 30, 2021 and 2020. The net book value of this equipment was \$92,284 and \$171,385 at June 30, 2021 and 2020, respectively.

The Organization entered into a capital lease payable during July 2018, payable in annual installments, including interest at .36052% per annum, through July 2020. The capital lease payable is secured by certain equipment. The capital lease had \$27,373 outstanding as of June 30, 2020. There was no balance outstanding as of June 30, 2021.

The lease agreement is through August 2021 and is for the right to use certain equipment which is included in property and equipment in the accompanying statement of financial position at June 30, 2021 and 2020. The net book value of this equipment was \$35,222 and \$51,478 at June 30, 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE E: CAPITAL LEASES PAYABLE, Cont'd

The Organization entered into a capital lease payable during November 2019, payable in annual installments, including interest at .457% per annum, through August 2021. The capital lease payable is secured by certain equipment. The capital lease had \$30,474 and \$66,320 outstanding as of June 30, 2021 and 2020, respectively.

The lease agreement is through August 2022 and is for the right to use certain equipment which is included in property and equipment in the accompanying statement of financial position at June 30, 2021 and 2020. The net book value of this equipment was \$68,155 and \$88,602 at June 30, 2021 and 2020, respectively.

The Organization entered into a capital lease payable during July 2020, payable in annual installments, including interest at .351% per annum, through August 2022. The capital lease payable is secured by certain equipment. The capital lease had \$107,214 outstanding as of June 30, 2021.

The lease agreement is through July 2022 and is for the right to use certain equipment which is included in property and equipment in the accompanying statement of financial position at June 30, 2021. The net book value of this equipment was \$133,901 at June 30, 2021.

Interest expense related to the capital leases was \$26,153 and \$4,604 during the years ended June 30, 2021 and 2020, respectively.

The future maturities of the capital leases payable are as follows:

Year ending June 30,	 Amount	
2022	\$ 84,222	
2023	 53,466	
	\$ 137,688	

NOTE F: EQUIPMENT LEASES

The Organization leases office equipment under non-cancelable lease agreements expiring at various dates through July 2024. The future minimum payments on these agreements are as follows:

Year ending June 30,		Amount	
2022	\$	178,655	
2023		92,564	
2024		28,655	
2025		2,388	
	\$	302,262	

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE G: SCHOOL FACILITIES

FLACS I leased classrooms and office facilities under a non-cancelable lease agreement originally expiring in June 2018. The lease was amended effective September 1, 2016 with an expiration date of June 30, 2022 and a revised payment schedule. FLACS I's base rent for the years ended June 30, 2021 and 2020 was \$1,037,811 and \$1,011,780, respectively. The base rent increased in accordance with the lease agreement. The total amount of rental payments due over the lease term is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid is credited or charged to "Deferred rent payable" in the accompanying statement of financial position at June 30, 2021 and 2020.

Total rent expense relative to this lease was \$993,577 for the years ended June 30, 2021 and 2020. In conjunction with this facility lease, FLACS I paid a security deposit of \$155,833 which is included in security deposits on the accompanying statement of financial position at June 30, 2021 and 2020.

The future minimum payments on this agreement are as follows:

Year ending June 30,	Amount	Amount	
2022	\$ 1,068,947		

FLACS II leases classrooms and office facilities under a non-cancelable lease agreement expiring in June 2038 which they assumed from their former landlord effective January 2015. FLACS II's base rent for the years ended June 30, 2021 and 2020 was \$616,397 and \$592,690, respectively. The base rent increased in accordance with the lease agreement. The total amount of rental payments due over the lease term is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid is credited or charged to "Deferred rent payable" in the accompanying statement of financial position at June 30, 2021 and 2020. In connection with the assumption of this lease, the former landlord agreed to share in the cost of FLACS II making certain leasehold improvements to the building in accordance with the terms of the agreement. During the year ended June 30, 2021, \$58,896 had been advanced to FLACS II in addition to total advances of \$526,981 made in prior years and are recorded as a "Deferred lease incentive" on the accompanying statement of financial position. These reimbursements will be recognized as a reduction of rent expense on a straight line basis over the term of the lease. Rent expense relative to this lease was \$799,806 for the years ended June 30, 2021 and 2020. Also in conjunction with this facility lease, FLACS II paid a security deposit of \$163,477, as of June 30, 2019 and received a credit towards this deposit of \$14,005 during 2020, leaving a balance of \$149,472 at June 30, 2021 and 2020, which is included in security deposits on the accompanying statement of financial position at June 30, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE G: SCHOOL FACILITIES, Cont'd

The future minimum payments on this agreement are as follows:

Year ending June 30,	Amount
2022	\$ 641,053
2023	666,695
2024	693,363
2025	721,098
2026	749,942
Thereafter	11,719,217
	\$ 15,191,368

On August 11, 2017, FLACS II signed a lease agreement with CG for a new middle school building as described in Note C. The lease has a twenty year term upon completion of the building. The certificate of occupancy was issued April 30, 2019 and FLACS II had access to the building at that time. Rent payments commenced July 1, 2019 and go through July 1, 2038. The original lease term was schedule to end on June 30, 2039. The base rent for the year ended June 30, 2020 was \$2,743,225. The base rent for the period July 1, 2020 through December 31, 2020 was \$1,351,255. The base rent increases in accordance with the lease agreement. The total amount of rental payments due over the lease term is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid was credited or charged to "Deferred rent payable" in the accompanying statement of financial position at June 30, 2020. Rent expense relative to this lease was \$3,474,784 for the year ended June 30, 2020. As mentioned in Note C, the lease with CG was terminated in December 2020. The deferred rent payable balance was written off and a gain of \$1,696,822 was recorded to "Gain on lease termination" in the accompanying statement of activities and changes in net assets for the year ended June 30, 2021.

On December 22, 2020, FLACS II entered into a lease agreement for its middle school with Highbridge. Rent payments commenced January 1, 2021 and go through June 30, 2055. The base rent for the period January 1, 2021 through June 30, 2021 was \$993,760. The base rent increases in accordance with the lease agreement. The total amount of rental payments due over the lease term is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid was credited or charged to "Deferred rent payable" in the accompanying statement of financial position at June 30, 2021. Rent expense relative to this lease was \$3,047,712 for the year ended June 30, 2021.

In connection with the Highbridge agreement, the lease requires certain covenants to be met. The Organization was in compliance with these covenants for the year ended June 30, 2021.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE G: SCHOOL FACILITIES, Cont'd

The future minimum payments on this agreement are as follows:

Year ending June 30,	Amount
2022	\$ 2,630,417
2023	2,684,608
2024	2,701,501
2025	2,707,408
2026	2,725,922
Thereafter	75,968,598
	\$ 89,418,454

FLACS III leases classrooms and office facilities under an original lease agreement which was scheduled to expire in August 2036. FLACS III's base rent for the year ended June 30, 2020 was \$1,040,849. The base rent for the period July 1, 2020 through December 31, 2020 was \$504,463. The base rent increased in accordance with the lease agreement. The total amount of rental payments due over the lease term is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid was credited or charged to "Deferred rent payable" in the accompanying statement of financial position at June 30, 2020. Additionally, during the year ended June 30, 2019, a portion of the FLACS III facility was used for FLACS II students, therefore \$185,362 of this base rent was allocated to FLACS II. Rent expense relative to this lease was \$1,270,553 for the year ended June 30, 2020. The lease with was terminated in December 2020. The deferred rent payable balance was written off and a gain of \$1,479,702 was recorded to "Gain on lease termination" in the accompanying statement of activities and changes in net assets for the year ended June 30, 2021.

On December 22, 2020, FLACS III entered into a lease agreement with Highbridge. Rent payments commenced on January 1, 2021 and go through June 30, 2055. FLACS III's base rent for the period January 1, 2021 through June 30, 2021 was \$340,224. The base rent increased in accordance with the lease agreement. The total amount of rental payments due over the lease term is being charged to rent expense on the straight-line method over the term of the lease. The difference between rent expense recorded and the amount paid was credited or charged to "Deferred rent payable" in the accompanying statement of financial position at June 30, 2021. Rent expense was \$1,081,968 for the year ended June 30, 2021.

In connection with the Highbridge agreement, the lease requires certain covenants to be met. The Organization was in compliance with these covenants for the year ended June 30, 2021.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE G: SCHOOL FACILITIES, Cont'd

The future minimum payments on this agreement are as follows:

Year ending June 30,		Amount	
2022	Ф	000 706	
2022	\$	899,706	
2023		922,965	
2024		920,683	
2025		924,939	
2026		926,800	
Thereafter		25,886,735	
	\$	30,481,828	

On December 22, 2020, FLACS IV entered into a lease agreement with Highbridge for a new school building as described in Note C. The lease has a thirty-five year term upon completion of the building, and payments are to be determined upon completion of the building. The building is expected to be completed prior to September 2022.

The estimated future minimum payments on this agreement are as follows:

Year ending June 30,	Amount	
2022	\$ -	
2023	1,185,000	
2024	2,316,000	
2025	3,998,465	
2026	5,023,465	
Thereafter	145,825,895	
	\$ 158,348,825	

The total lease expense for all these leases, as outlined above, was approximately \$5,923,000 and \$6,546,000 for the years ended June 30, 2021 and 2020, respectively.

NOTE H: RETIREMENT PLAN

The Organization sponsors a 401(k) plan (the "Plan") for all eligible employees that are predominantly funded by employees' contributions. The Organization matches employees' contributions up to 4% of their annual salary. During the years ended June 30, 2021 and 2020, the Organization contributed approximately \$281,800 and \$240,700, respectively, to the Plan.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE I: CONTINGENCY

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Organization. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE J: CONCENTRATIONS

At June 30, 2021, approximately 98% of grants and other receivables are due from the New York State Department of Education relating to certain grants. During the year ended June 30, 2021, 78% of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Organization's students are located.

At June 30, 2020, approximately 86% of grants and other receivables are due from the New York State Department of Education relating to certain grants. During the year ended June 30, 2020, 79% of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Organization's students are located.

NOTE K: NET ASSETS

Net assets without donor restrictions are as follows:

	June 30,	
	2021	2020
Undesignated	\$ 10,041,033	\$ 4,513,447

Middle school theater curtains	-	9,010
Healthy farm box project	4,125	-
K-2 home library project	10,819	-
Professional development program	4,350	
	\$ 515,922	\$ 510,116

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE L: LINE OF CREDIT

In July 2018, the Organization entered into a line of credit agreement with a bank with maximum borrowings of \$400,000. The line bears interest at the prime rate plus 2% per annum and is secured primarily by the assets of the Organization. There was no balance outstanding at June 30, 2021 or 2020. The line expires in November 2021.

NOTE M: LONG TERM DEBT

In response to the COVID-19 outbreak, in April 2020 the Organization applied for and was approved by a bank for a loan of \$2,571,523 through the Paycheck Protection Program established by the Small Business Administration. The loan has a maturity of 2 years and an interest rate of 1%. The loan has the potential for forgiveness provided certain requirements are met by the Organization. The loan was funded on May 5, 2020. Due to the potential of forgiveness, repayment terms have not been finalized as of June 30, 2021; therefore, the entire balance has been classified as long-term at June 30, 2021 and 2020. On August 25, 2021, the loan was forgiven in full.

NOTE N: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

NOTE O: CASH AND CASH EQUIVALENTS AND RESTRICTED CASH

Cash and cash equivalents and restricted cash balances at June 30, 2021 and 2020 consisted of the following:

	June 30,	
	2021	2020
Cash and cash equivalents	\$ 12,555,701	\$ 9,460,803
Cash in escrow	175,000	175,000
	\$ 12,730,701	\$ 9,635,803

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2021 (With Comparative Totals for 2020)

NOTE P: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Organization's financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Organization is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Organization has recognized \$737,354 of revenue relative to ESSER grants during the year ended June 30, 2021.

NOTE Q: RENEWAL PROCESS

The Organization is currently in the process of renewing its charters as part of an effort to synchronize the renewal timeline for all FLACS schools. The charter for FLACS I currently expires July 31, 2023, the Charter for FLACS II currently expires July 31, 2024. The renewal process includes review by the State University of New York Charter Schools Institute (CSI) of various operational and governance aspects, including fiscal health and internal controls, board governance, and academic performance. The Organization has submitted its application for renewal of all schools. Upon review of the application and results, CSI will determine if the charters should be renewed for an additional term ending July 31, 2027. At this time, Management of the Organization expects the charters of all schools to be renewed.

OTHER FINANCIAL INFORMATION

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees Family Life Academy Charter Schools

We have audited the financial statements of Family Life Academy Charter Schools as of and for the year ended June 30, 2021, and have issued our report thereon dated October 14, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial information hereinafter is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2021, as a whole.

SUNY CHARTER SCHOOLS INSTITUTE - Reporting Requirements:

Online Portal: https://my.epicenternow.org/

Required 8 Items:

- 1) The independent auditor's report on financial statements and notes;
- 2) Excel template file with appropriate sheets completed: Financial Position, Statement of Activities, Cash Flow and Functional Expenses worksheets; and
- 3) Reports on internal controls over financial reporting and on compliance.

And, if applicable:

The additional items listed below should be included if applicable. Please explain the reason(s) if the items are not included. Examples might include: a written management letter was not issued; the school did not expend federal funds in excess of the Single Audit Threshold of \$750,000; the management letter response will be submitted by the following date (should be no later than 30 days from the submission of the report); etc. If not applicable enter "N/A."

		If not included, state the reason(s) below. Or, if not applicable fill in "N/A"):
4)	Management Letter	
5)	Management Letter Response	N/A
6)	Form 990; or Extension Form 8868	Not yet filed
7)	Federal Single Audit/ Uniform Guidance in 2 CFR Part 200, Subpart F	
8)	Corrective Action Plan	N/A
