f. APPROVED SCHOOL MISSION (Regents, NYCDOE, and Buffalo BOE authorized schools only)

MISSION STATEMENT

The Growing Up Green Charter School empowers children to be conscious, contributing members of their community through rigorous curriculum and an engaging green culture. Graduates of GUGCS will be prepared to attend high-performing schools where their interdisciplinary academic foundation, knowledge of sustainability, and strong sense of self sets them apart as leaders of the future.

g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)

KEY DESIGN ELEMENTS (Briefly describe each Key Design Elements (KDE) as presented in the schools approved charter. KDEs are those general aspects of the school that are innovative or unique to the school’s mission and goals, are core to the school’s overall design, and are critical to its success.

KDE 1	Dedication to Academic Rigor. GUGCS II’s curricular team will work to ensure that teachers are delivering both the direct instruction and collaborative components of their academic program with specific intention and rigor based on both Common Core State Standards and student data stemming from internal and external assessments.
KDE 2	Expansive Support Services. At GUGCS II, the Support Services Department will work closely as a collaborative team to provide specialized support and instruction for at-risk students, English language learners, as well as students receiving special education services.
KDE 3	Integrated Co-Teaching (ICT) and Special Education Teacher Support Services (SETSS). GUGCS II will provide each grade level with at least one ICT class and also maintain four learning specialists within the department to support ICT and SETSS needs.
KDE 4	Intervention. With three intervention teachers

	<p>supporting at-risk students and the implementation of a Response to Intervention (RtI) model through the use of their “Successful Students Committee”(SSC), GUGCS II will run 6-week intervention cycles to ensure that student progress is monitored regularly and that students who require more intensive support are quickly identified.</p>
KDE 5	<p>ELL. With the help of an ELL coordinator and two ELL teachers, GUGCS II will employ the Sheltered Instruction Observation Protocol (SIOP) model to support ELL students inside and outside of the classroom.</p>
KDE 6	<p>Counseling. GUGCS II believes in supporting students’ social, emotional, and behavioral needs. By staffing the school with several school counselors, they can provide individual, small group, and larger group support.</p>
KDE 7	<p>Hands-On Learning in the Local Environment. The school’s model uses a multi-sensory approach that is enhanced by weekly visits to the school’s science lab and regular field trips in and around the community</p>
KDE 8	<p>Actionable Assessment System. Aligned to the Common Core State Standards and administered every six weeks, GUGCS II’s “Looking Forwards, Looking Back” assessments will provide actionable data that teachers will use to refine their lessons and identify students’ needs as well as content areas needing support.</p>
KDE 9	<p>Green Education. Green principles will inform the curriculum, instruction and culture of GUGCS II. Green lessons will infuse GUGCS II’s meals, code of conduct, instructional materials, recycling practices, and facility design and choices. By incorporating their “Green Ambassadors” program, weekly Green Living classes, and daily Explore and Discover (ED) Time, students will be engaged in and develop a more complex understanding of the skills and concepts around green principles.</p>

KDE 10

Deliberate School Culture. GUGCS II's collaborative environment will sustain a positive school culture for students, staff, and families alike. The school expects that this culture will result in limited faculty and staff turnover, virtually no leadership turnover, and will result in limited discipline issues and no expulsions.

	Describe Recruitment Efforts in 2019-2020	Describe Recruitment Plans in 2020-2021
Economically Disadvantaged	The majority of our students are eligible for free and reduced lunch and, having built a positive reputation in the community, word of mouth is particularly effective in attracting these students to our school. We make it clear that our school is free and provides support services and	We are moving our recruitment season up to October and targeting Pre-K families around our neighborhood for recruitment events to build a diverse K class. We had staff stationed at high traffic locations within the district to hand out flyers (subway stations, library, etc). In addition, we will continue to do

	<p>extra curricular opportunities to all students, regardless of need and income.</p>	<p>recruitment events at our existing CBO to ensure families of all backgrounds have access to our school.</p>
<p>English Language Learners/Multilingual Learners</p>	<p>In order to recruit English Language Learners, our materials are translated, our ELL program is described, and our ELL Coordinator and teachers assist with recruitment. We also have bilingual staff to help families with the application process as well participate weekly school tours for potential families.</p>	<p>Continue to have our application in multiple languages by using the Charter Center Application and our own application on our new database Powerschool.</p>
<p>Students with Disabilities</p>	<p>Growing Up Green already has a positive presence in the community through partnerships and service learning activities. We partner with these community based organizations, many of them serving at-risk youth/families, who recommend students to our school, spread our recruitment information/events, or allow us to present about our school to their families. Furthermore, the “green” aspects of the school are clearly described in marketing materials, presentations, and discussions with interested families. For students with special needs, the school website and recruitment materials clearly describe the school’s inclusion model, special education services and staffing as well as counseling support. Furthermore, our Director of Support Services participates in recruitment activities for our future and our incoming families</p>	<p>Continue to advertise all of our services to our new and incoming families. We connect any students with IEPs with our Director of Support Services so the school can partner with parents to make the best educational placements for their child.</p>

Retention Efforts Toward Meeting Targets

	Describe Retention Efforts in 2019-2020	Describe Retention Plans in 2020-2021
Economically Disadvantaged	<p>Growing Up Green has a diverse student community from many economic backgrounds. We provide subsidized after school programming, extra support services through our Special Education department, small classroom sizes to provide extra attention to students in need as well as workshops on math, literacy and Responsive Classroom for families.</p>	<p>Continue to provide our families an open space to address their concerns and be involved in our community. This includes monthly parent association meetings, daily morning meetings, and any other communication methods (email, phone, facebook, etc). We had staff stationed at high traffic areas within our district to hand out flyers about our school. These areas include subway stations, libraries, and outside government offices (DMV).</p>
English Language Learners/Multilingual Learners	<p>Our ELL Coordinator and ELL teachers support limited English proficient students through immersion techniques, direct instruction, and the use of the SIOP model. GUGCS is a school where students and their families are known well by the faculty and staff, and students do not fall through the cracks. We also work closely with community organizations to ensure families have the support they need so their children can succeed.</p>	<p>Continue to have a robust ELL department, hire interpreters for all parent events, and translate our fliers going home in Spanish, Bengali, Hindi, and Arabic.</p>
	<p>Regarding retention, GUGCS has a track record of strong student retention; any student leaving the school is primarily due to family relocation. We have achieved this success by developing a close, supportive</p>	<p>Continue to provide all our</p>

Moreover, the school retains students classified with disabilities through the scope of services it offers to serve a variety of student needs. For example, GUGCS provides an ICT class on each grade and special education services, such as speech and language therapy, occupational therapy, hearing services, counseling, and physical therapy.</p>	<p>families with the services that they need especially with IEP meetings, speech/language therapy, occupational therapy, hearing services, counseling and physical therapy. Staffing Update

Nancy Wong gave a staffing update. We have hired a new Assistant School Leader, Dr Moriska Selby. She has been working in North Carolina at Bennet College. She also has experience with elementary and middle school. She has started her own non-profit organization and has done a lot of wonderful work in the past. We are excited to have her on board. We are fully staffed in all classroom and only have a few specialist roles to fill.

Financials Policies and Procedures Manual

Anita Amoh and Kate McGrath went over the Financial Policies and Procedures (PFF) manual. The material changes are an addendum regarding electronic payment for reimbursements as well as the check signing authority, we have increased the threshold in the previous FPP. We have added Massomeh Spahr Senior Director of Ops to GUG II as a signer. We have also added information regarding a petty cash policy. We will have petty cash funds available at all schools. We have updated some titles as well.

The Board decided to review the updated FPP so that can vote on it at the next board meeting.

GUG II Middle School Expansion

We previewed this topic last month, but for the Growing Up Green II Middle School expansion plan we are only taking half of a building owned by Scott Barone from Barone Management. There are different entrances for the high school. Contingencies are built into the lease that do not make us liable unless we are able to have our 6th grade expansion. The rent schedule is based on facilities funding and the amount of students we are able to enroll.

Matthew Greenberg and Scott Barone have been trying to rally support for our expansion has had meetings with folks such as David Frank, and Bishop Taylor. We have good support from Jimmy Van Bramer and Senator Gennaris and are working to have a relationship with Regent Chin, who is an important player who needs to sign off on our charter.

Financials

Anita Amoh went through the financials for Growing Up Green II. For overall revenue for Growing Up Green II we're expecting to be over, this is due to the higher SpEd population than originally budgeted for. For instructional stuff we are looking to be under budget based on actual salaries paid. For benefits we are projecting to be under due to the introduction of low cost benefits plans for staff this year. For professional services we are looking to be over due mainly to the high cost of CSBM services than we had budgeted for and high payroll service as well as substitute teaching services that are higher than we had anticipated. For professional development, we are looking to have savings. For curriculum and classroom expenses we are looking to have savings. For facilities we are looking to have savings because we hired an in-house security guard and also less repairs than we had originally anticipated in the budget.

COVID-19 - Growing Up Green's Response

Nancy Wong spoke about her plan for remote learning at Growing Up Green II Elementary School. Much of the challenge for Growing Up Green II is students having access to technology and the internet. Right now we are leading a three week kind of schedule. The first week is transitioning to remote learning: We have kids working on like journal prompts that touch upon each of the academic areas, reading, writing, mathematics, mathematics ED Time, all of the specials, they have been instructed to respond to journal prompts in their journals. We are developing our solid plan for moving into a kind of a friendly platform that could be easily accessible by many of our kids. By the week of March 30th, we are going to move towards using Edmodo as our platform for remote learning because it is easier for some of our kids that can only access remote learning through a tablet or a phone.

Middle School Expansion

Matthew Greenberg then spoke about middle school expansion for Growing Up Green II. Next year, kindergarten through second grade will be moving into the new building. This is due to the fact that the new building still has tenants, a Pre-K called Catholic Charities. Next year, kindergarten through 4th grade will move into the new building, and then fifth, sixth and seventh grade will be in the old St. Demetrius building, and will eventually hold fifth through eight grades.

Kate McGrath will probably have an amendment to the lease for the Board by the next Board meeting.

Previous Month's Board Meeting Minutes

Kate Hooker motioned to approve the February Board Minutes, Anne seconded the motion, all in favor.

Financials

Adnan Vadyk went through the financials for Growing Up Green I. The Special Education per pupil funding we received was higher than anticipated, our Title 2 funding came in lower due to adjustments. We are holding enrollment at a lower number than budgeted. Benefit costs were lower than expected, and 401K costs were lower than anticipated. We were over budget on team building and professional services, classroom expenditure, facilities, and technologies costs came in higher due to implementation of Power School.

Matthew Greenberg spoke about how we are expected to receive a higher increase in our per pupil for next year. Also, our enrollment numbers this year are lower than anticipated, but we will be taking a more conservative number in the budget for the future. Also, we will make sure to take payroll tax into consideration because that came in higher than expected.

Announcements

Matthew Greenberg had a few announcements for the Board. Board meetings for the rest of the school year will be at Growing Up Green I Elementary School. Presentations from the Growing Up Green Charter Schools leadership will be on the agenda for the rest of the year.

Next month we thought it would be a great opportunity to go through best practices for Board Meetings. Cliff Schnieder from Cohen Schneider Law, P.C. will be leading the workshop alongside Kate McGrath.

Kelly Russotti Board membership has been approved by the SED, we are waiting on the DOE to approve her as well.

New Business

Kate McGrath spoke about some corrective distributions that have come through for the 401K audit. This was a correction made for people who were underfunded for employer match, but in total it was de minimis. We have changed our process going forward and will be looking at total comp and not salary.

Matthew reached out to Franklin Headley from Voice Charter School and asked if he could speak to his Board Chair. Voice Charter School is known to have excellent Board practices. Matthew and his Board Chair, Marc Cohen, had a great conversation where they discussed best practices. We have asked to pay their Board a visit to see how they conduct.

SBA Paycheck Protection Program (PPP) Loan

Anita Amoh went through background information about the SBA Paycheck Protection Program (PPP) Loan. She spoke about some reasons as to why Growing Up Green Charter Schools could apply, including the possibility of the City withholding funds from the schools in July based on not completing 180 days of school this year due to the crisis as well as the fact that there is uncertainty surrounding what next school year's funding will be. Charter School funding could take a hit if the state tax receipts are not what the State's budget office expects, this would trigger less funding for public schools and possibly translate to less funding for Charter Schools, which would require legislative action to be taken in order to reduce our funding.

Kate Hooker spoke about some reasons why she thinks that it may not make sense for Growing Up Green to apply, including that the proceeds have to be used during the eight week period after they are received.

Ann Levonen asked whether it makes sense just to apply and see what happens. Kate Hooker replied back that there are certifications within the loan that say the company needs the loan that we would have to sign.

Peter Davis spoke about his work with Ernst and Young and the work he has been doing in helping many companies apply to the loan. He mentioned how there will be another iteration of this loan at the end of the summer that Growing Up Green could apply for, since we will have more clarity in funding by then.

Reid Chase and Jeff Mueller spoke about the fact that when the Finance Committee met yesterday, they were in different minds about applying for the loan, but now that the Board has had this discussion, they feel that there is no need to apply for the loan now, and can instead apply when the second iteration of the loan comes out at the end of summer when we have more clarity from the State as to what our funding will be.

Kelly Russotti - Growing Up Green I Charter School Board Member

Kate McGrath spoke about the fact that due to the Public Assemblies law and the fact that a Board Member was video conferencing in the Board Meeting that Kelly Russotti was voted in for, the DOE has asked that the Board revote and resign a resolution for admission into the Growing Up Green I Board.

Kathryn Klingenstein put forward the motion to accept Kelly Russotti as a Board Member for Growing Up Green I Charter School, Anne Levonen seconded, all were in favor.
